Christmas Concert The Best Yet!

Following is the programme of the school concert held on Thursday, December 20th. We have already reported this event in our last issue and it will no doubt be sufficient to repeat that the concert was splendid in every respect and one of the best given before a local audience. The programme follows:

Chorus, Who is Coming On'e the Hill? Recitation, Max Rogers; Solo, Robert Lewis; Recitation, Dan Dodds; Drill, Christmas Tree; Recitation, Jack Berwick; Chorus, Bashful Town; Recitation, Willard Urquhart; Solo, Nawada Fry; Recitation, Charlie Barden; Solo, Billy McCauley; Chorus, Little Town of Bethlehem; Recitation, Tom Donaldson; Song, Helen and Annie Anderson; Song, Four Little Maids; Drill, Flower Drill; Chorus, Great Big Dog; Recitation, Boyd Stauffer; Solo, Fae Wilson; Recitation, Fae Holstine; Chorus, Beggar Chorus; Recitation, Helen Lewis; Solo,

—in—

"The Woman Conquers"

she rose

from the inspected walk of her associates to the white heart of the north, where man reckoned against man, and woman competed with an compromise for being a woman.

she saw

her fortune being snapped by Lazar, whose cruelty gave him whispered fame. And conniving bush woodsman wrote cunning.

she conquered

but the cost of victory was the price of love, for in the fight the trophy won but it was the life of her only love that went into the balance.

On New Year's night a very successful dance was held at the Variety Theatre. There was a very good attendance in spite of the fact that there were no mosquitos about, the atmosphere being real chilly—outside. The music was good and the crowd genial. No statistics were kept as to how many romances were started, but it being the first day of the new (leap) year and remembering the privilege it carries to the fair sex, the statistician surely was not confronted with a blank page.

As a direct result of the world's records won at Chicago recently by Alberta grown seed grain, the Provincial Department of Agriculture has been flooded with orders from many countries for seed grain from its cleaning and marketing plant. Enquiries for more than 100 carloads have been received by W. J. Stephen, Field Crops Commissioner, from points in the United States, Great Britain and Europe.

All are cordially invited

Curling Is Full Swing—Ladies and Gents Series Started

Curling in both ladies and gentlemen series is in full swing at the rink. Owing to the warm weather prevailing during the early part of the winter the winter pastime did not get going quite as early as usual. However whenever ice could be made the members of the curling club were making it and when the frosty weather of late December and early January came everything was ready to go.

The rink has been occupied each night for the past week or more by the men and in the afternoons by the ladies.

The laying of the ice in the skating rink has been retarded this year from various causes. Firstly there was the unusual warm weather, secondly no local man desired to lease it and thirdly Mr. Dan Dodds leased it was unable to get started as early as he expected and planned. The skating rink is now being flooded and it is expected skating will be available shortly.

Clean your Grain during the Winter Months and Sow Clean Grain in the Spring—it pays.

The Carter Disc Separator is entirely different to anyother cleaner on the market, and to describe its mechanism would take too much space. We have one on our floor and will be pleased to demonstrate it to you Bring in your own bag of grain to be cleaned.

Every body knows the **Ball Dog Fanning Mill**. We will be glad to demonstrate this also There are a large number of these machines in the district and these are giving entire satisfaction. Bring in a bag of grain and we will demonstrate this machine to you.

M. C. HAMMOND

Insurance -- Lands

FOR SALE

Registered Seed Marquis Wheat

I have about a car load of registered seed wheat. This wheat is from registered seed and passed field inspection this summer.

It can be supplied either from the bin as it came from the threshing machine or cleaned, bin inspected, bagged and sealed by government inspector.

Price from the bin uncleaned, $1.00 per bus. Cleaned bagged and sealed, less than 50 bushel, $1.50 per bushel; 50 or 60 bushel $1.25 per bushel.

In order to be able to get clean and inspected grain, customers must have orders in early as government inspector can only make one trip.

There is a growing demand for registered seed grain and from the farmers viewpoint it certainly pays to grow it.

TOFIELD — ALBERTA

The Universal Hand Warmer

Milking in January under average conditions is not the most delightful of tasks. With the thermometer hovering around zero and below it, there is no grand rush to the barn at milking time. Nevertheless it is really worth the effort as it brings in its train the Tofield Creamery Cheque which is equivalent to the coin of the realm and the coin of the realm is and always has been the universal hand warmer.

THE TOFIELD CREAMERY

RED ROSE COFFEE

For particular people

Has a sparkling clearness and a smooth richness, for all the chaff and dust is removed by our special process.

Solving Canadian Problems

Solving a new road for people of Canada, many questions to be solved, and will be solved by means of Canadian governmental conditions the difficulties to be overcome are immeasurably greater than would otherwise be the case. Nevertheless Canada is not a trifle, progressive people and enhanced in the case of all obstacles.

The problem regarding immigration and maintaining settlement in the rural areas of the Dominion, for instance, is one which is not easily solved, and both these must be considered. In these there can be little doubt that a company in various debt investment. The attempt to industrial activity and added load to the railway lines and roads in order to induce personal independence. Municipalities have also been encouraged to go beyond their legitimate sphere and to undertake many forms of industrial enterprise which would be more appropriately left to private enterprise. Many municipalities are now burdened with heavy debts which they cannot pay except by increasing taxation to such an extent as to make it impossible for people to live in the towns. Municipal undertakings, moreover, must be carried on largely by borrowed capital, and the consequent increase of municipal debt hampers and in many cases prevents the carrying out of further improvements which are necessary for the development of the country. Many municipalities are now bankrupt, and the Provincial Government has been compelled to come to their assistance. Provincial governments are also heavily burdened with debt, largely owing to the construction of railways which have not yet become remunerative. Railway companies are in many cases in financial difficulties, and the Government has been compelled to come to their assistance. Many of the railways which have been built in the new districts have been constructed in advance of settlement, and have not yet begun to pay working expenses. Canada is suffering from the results of a too rapid development. Many of the railways which have been built in the new districts have been constructed in advance of settlement, and have not yet begun to pay working expenses. Canada is suffering from the results of a too rapid development. Many of the railways which have been built in the new districts have been constructed in advance of settlement, and have not yet begun to pay working expenses. Canada is suffering from the results of a too rapid development.

As a result of these and other causes, the Canadian Northern Railway System, which in 1911 was the largest railway system in the Dominion, has been compelled to go into the hands of a receiver. The Grand Trunk Pacific Railway, which was opened for traffic in 1914, is also in financial difficulties, and the Government has been compelled to come to its assistance. The Canadian Government Railways, which include the Intercolonial Railway, the Prince Edward Island Railway, and the National Transcontinental Railway, are also in financial difficulties, and the Government has been compelled to come to their assistance. The Canadian Government Railways, which include the Intercolonial Railway, the Prince Edward Island Railway, and the National Transcontinental Railway, are also in financial difficulties, and the Government has been compelled to come to their assistance.

Another problem to be tackled by Canadians, individually and collectively, is to be found in the Dominion's lack of a standard and adequate currency. The coins not only are inconvenient in problem, but affect economic conditions. It should be the aim of Canadians to develop our own financial resources to the fullest extent and thereby ensure a larger internal trade. Alberta, for example, possesses in proportion to its size and to the world, vast Canada especially depends largely on the agricultural products of the soil. Although the Great Lakes has enormous resources of iron ore, yet imports into Canada more than 6 million tons of iron and steel annually. Canada receives nearly all her trade with the United States is not made up to manufactured goods, as some people would have us believe, but to goods in the raw and semi-manufactured state. Particularly since Canada can and should produce the finished article herself. Canada imports the engineers' thousands of people and exchanges that increased our trade with the United States would be followed by increased purchases of agricultural machinery, boots, clothing, etc.

Suppose Alberta and not content to the manufacture of cotton goods or of boots and shoes, but to the production of the raw material. Let the cotton be grown in Alberta, and the wool be grown in Alberta. Let the cotton be grown in Alberta, and the wool be grown in Alberta. Let the cotton be grown in Alberta, and the wool be grown in Alberta

OPENING DOORS

By ELAINE MARDEN ELIOT
Author of "Elizabeth," and Other Stories

(Continued)

When I went back to Mrs. Fitch who's music store, having been out nearly two hours, I found that I'd sold my wedding. Bitterly, almost unbearably. So I hurried out to the cafe, where Mr. Rudnick was busy with the dinner crowd, and told him that the ring wasn't mine. I was as brave as possible, but the pain almost choked me that I was brave.

It is the closest word to describe Mr. Rudnick. I said, "Help me all you can because I must get back to-night to bear your disappointment separately, and please don't worry about me. I think I can steady."

I knew that time back by the lamp in a new moment, and I was afraid I'd break down before I got there. But I didn't mean to cry. I knew that my Mrs. Rudnick began to be nervous. Some one was sitting on the step walking about and thought I knew she was a burglar. I felt I believed that she and my husband knew more about me than either one that they would ever have meant without their change hope and success.

This sound calmness convinced. I know—but I can not bring to put down in words.

CHAPTER NINETEEN

I had nobody time to realize how good it was to be in my own room again before the going work began with a rush. The days were not long enough for all I found in the and Mrs. Rudnick paid. Though my salary prohibited my ever accumulate, and that alone saved me from boredom and confusion. During the winter we had planned that after economy was over, and the necessities of music lessons and clothes were met, I should have a piano. Indeed, it was a necessity to me.

So when I saw with Mrs. Fitch's Mystery had bought our second one and had it delivered in my room, I was rewarded beside myself that we might with reasonable economy save enough for a piano before the spring work began with a rush. When we finished dinner we climbed to the roof of the house and looked out over the city. It was a cold night, with a full moon, and the lights were like diamonds on velvet. Except when the wind blew from the west we could hear the noise of the city. We climbed to the roof on their special privilege. They would have to move to quite a different neighborhood when they could afford it, Mrs. Rudnick declared, in a cold night. But a cot of milk, if some brilliant idea of mine seemed like a fine heating cabinet a business of the future. I don't doubt that was why in which my favorite was the sandwiches Mrs. Rudnick all we were to take it, we made a pot of coffee and had it on the roof. Then we climbed up on boxes and looked at the moon and the stars. Sometimes I thought that I couldn't like to leave the place that I'd learned to love so well. But I suppose the experience was more valuable to me. Mrs. Rudnick said.

Maybe it is only spring fever, he joked. "If you don't like the idea of it you don't have to. Would not be best for the children just music when I was a child?"

I do not know why the idea had never occurred to me. Of course I could not go to the opera. I was not a child or musician. Except when Mrs. Rudnick had to go and I could not afford the concert. But I was sure that I could learn to like it. I was sure that I could learn to like it. I was sure that I could learn to like it.

Lindbrook

Winter weather has arrived at last but seemingly did not put a damper on the Xmas festivities here from all accounts several jolly home parties have been held up the old tradition in this grand old fashioned way.

A house was given on Thursday evening to the Schoolteacher by Mr. Rogers on the occasion of a brief holiday given to Miss Lily Rogers, a nurse at the General Hospital, Edmonton. Ted Sears From Saskatoon supplied the music and Mr. Chas. Morden as M. C. performed his office admirably by coaxing everyone present a real good time.

Miss Lily Rogers left for Edmonton to resume her duties on Saturday.

Miss Grace Leglise has been very ill lately, a near attack of pneumonia. Dr. Bain was in attendance and we are glad to report that the young lady is on her way to recovery.

Mr. Chas. Morden met with a serious accident which will necessitate him being in bed for a month. It seems that a colt kicked him and injured him internally. We hope to hear that he is well again soon, for his cheery face and company will be missed at the dances, especially by seeing that he is a steady M. C and then some.

Miss Margaret Smith spent a few days this week with Miss Audrey Hooper.

Mr. and Miss Southern were home for Xmas.

We've heard of chicken suppers and chowder parties etc. but what's this we hear of a sardine festival, can anyone enlighten us? Do you bring your own or a coke and where and when?

Lower Ross Creek

Loading cream seems to be the occupation of the different farmers of this vicinity. Several cars of wheat have been shipped and during the past two weeks.

Mr. Hardy has returned from the Calgary poultry show with a goodly show of prizes to his credit.

Mrs. Rauch and family are moving to Edmonton this month.

The different schools in this vicinity held their annual closing exercises on Thursday and Friday. Large crowds were in attendance and good programs rendered.

Mr. and Mrs. D. Samson gave a dance to their friends in the Poplar school last Wednesday evening. They are taking up their residence on Mr. Trent's place.

Elmer Goeglin left on Thursday in company with Jim Ward for a visit to his old home at Fort Wayne, Texas.

Big Reduction on Mackinaw Coats

We have a number of Heavy and Black Mackinaw Coats to make a quick sale we are going to put them on at our counter during 5 days

Subscription Rates, $1.50 per year in advance. $2.00 per year if not paid in advance. $2.50 per year to the United States.

MUNICIPAL ELECTIONS

Ere long, municipal elections, both rural and urban will be underway and there will be a general shuffling of councils throughout the province.

The office of councillor in a rural municipality, village, or small town is often looked upon with a certain amount of disdain, as if it was something in the nature of a joke. To be sure the people that think so even express themselves this way know little about municipal work. Quite often they are of the city. While the volume of work to be done on a rural, village or small town council does not by any means approximate that to be done in a city, there is work to do and it has to be done with just as much care as elsewhere.

There is a wide difference between a rural councillor's duties and those of a village or town. The rural councillor gets some remuneration in the way of mileage both when attending council meetings and when not on committee work. His duties are spread over a large area and generally take some considerable time to accomplish, being in the main connected with road work. The village or town councillor receives nothing whatever for his work, but while there are a number of things to do each one of them does not take a great deal of his time. In the very smallest as in the largest places there is work to do and in February of every year there is a general call for men to do it.

A NEW SYSTEM

THIS YEARS rural municipal election will be unlike all others that have preceded it, inasmuch as the election will be held on the division plan. Rural voters will remember that at the last election, held a year ago, the ratepayers voted upon this question and it was endorsed by the majority.

What it means, is that the municipality is divided into six divisions and nominations for councillors are received from a certain division for a certain division. In other words rate payers of division one will nominate councillors for that division only and same way throughout. There are several advantages to the system. A councillor's work while to a certain extent embracing the entire municipality, is at least confined to a geographical boundary on most matters. Also as a councillor will most likely feel that he is the distinct choice of a certain division and elected to the council to work in the interests of that division and will consequently do so.

The greatest advantage of this system is that questions apart from the election of councillors can be voted upon by divisions. It is well known that the Hord By-Law is a very contentious question throughout the whole municipality. That the interests of the east and west ratepayers are diametrically opposed to each other. We understand under the division plan none can have force enough and influence the enforcement of the Hord law according to how they vote. This is no near to a fair settlement of that question as it is possible to get.

FOR SALE
Registered Seed Marquis Wheat

I have about a car load of registered seed wheat. This wheat is from registered seed and passed field inspection this summer.

It can be supplied either from the bin as it came from the threshing machine or cleaned, bin inspected, bagged and sealed by government inspector.

Price from the bin unscreened, $1.60 per bus. Cleaned bagged and sealed, less than 60 bushel, $1.50 per bushel; over 60 bushel $1.25 per bushel.

In order to be able to get clean and inspected grain, customers must have orders in early as government inspector can only make one trip.

There is a growing demand for registered seed grain and from the farmers viewpoint it certainly pays to grow it.

CABINS IN THE CLOUDS

Upper left shows the "Rockies" on the shores of Lake Agnes, near Lake Louise, in the Canadian Rockies. At the right is shown three skiers who made their way to the summit from nearby English cities on one of Mount Fairview's, in the same district.

'Tis climb 4,870 feet above Lake Louise and to enjoy a cup of tea in delightful surroundings is one of the attractions offered visitors to Lake Louise, Alta. Tea houses on mountain peaks were unheard of a few years ago, but to-day there are at least a dozen of them situated in the Canadian Rockies.

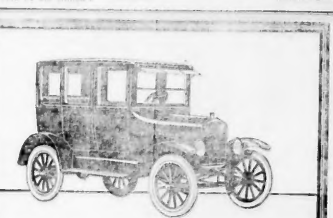
Two of the most picturesque are the "Skyline" on the shores of Lake Agnes, about two miles and a half from the Chateau and the other a rustic log cabin on the top of Mount Fairview. Walking and pony excursions over the mountains in the vicinity of this picturesque lake are among the popular pastimes of visitors from all parts of the globe to "the lakes in the clouds."

From the "Skyline" one can get a perfect view of Mirror Lake and Lake Louise, which, with Lake Agnes, are known as "the lakes in the clouds." The story trail, too, must be taken by the tourist who desires to obtain a full picture in by a guide, the

guide, and from Mount Fairview to Saddleback Tea Room and Rest House, which is 2,500 feet higher than the Chateau. This quaint little house, situated on Mount Fairview, overlooks Saddleback Mountain, so called because of its rock formation being similar to a saddle. It takes about a two hours to go by foot or by pony over a steep zigzag trail, from each tea room, passing streams and rushing brooks throughout the journey.

This tea room and rest house, like the Skyline, is owned by Miss Dodds and operated by Miss A. E. Wyman. Its surroundings are most artistic and restful. The view of Paradise Valley and Mount Temple from the tea house is one of the finest in the Rockies.

Daily supplies of food and fuel are transported by pack ponies from the Chateau to serve approximately 25 guests a day, who are well rewarded for the trip by the highest tea



The New Fordson Sedan

In the New Fordson Sedan the well-known Ford sturdiness, dependability and economy have been combined with a degree of convenience and refinement that makes this the most remarkable closed car value ever offered.

The front seat in this new model is of the full-width stationary type. Four doors are provided, affording easy access to front or rear compartments.

Upholstery and appointments are of a quality and completeness hitherto obtainable only in cars of much higher price.

You are cordially invited to inspect this remarkable new car at the nearest Ford dealer's.

Fur Bearing Animals Must Be Protected To Prevent Their Extinction On This Continent

A typical Hudson's Bay fur trader, Colonel, speaking of the prodigious wealth of natural resources which has continued in his own country, cited Canada as a land of opportunity to all looking there that conservation of Canadian furs must be exercised else the unless wanting is taken into United States' experience and development is not allowed to duplicate itself.

Under is paid by the fur trade, A. B. G. Anthony, curator of mammals of the American Museum of Natural History, in a bulletin recently issued declares that there is danger of extinction of many species of the fur bearing animals unless immediate attention is given to the matter. In the course of his statement he says:

"The enormous depreciation has come only in recent years. The demand is not the demands of the fur trade but the effect of fashion. Skins that are in best fashion are in the eyes of discriminating, if unlike fashion some furriers would refuse to accept them. Thus, in the years 1911 to 1920 skins sold at the world auction sales were: Raccoon, 1911, 1,000,000 skins sold; in 1920 the number of skins sold was 4,000,000. Muskrat, 1911, 1,000,000 skins sold; in 1920 the number of skins sold was 4,000,000. Skunk, 1911, 1,000,000 skins sold; in 1920 the number of skins sold was 4,000,000. Mink, 1911, 1,000,000 skins sold; in 1920 the number of skins sold was 4,000,000. Fox, 1911, 1,000,000 skins sold; in 1920 the number of skins sold was 4,000,000. Beaver, 1911, 1,000,000 skins sold; in 1920 the number of skins sold was 4,000,000. Otter, 1911, 1,000,000 skins sold; in 1920 the number of skins sold was 4,000,000. Marten, 1911, 1,000,000 skins sold; in 1920 the number of skins sold was 4,000,000. Fisher, 1911, 1,000,000 skins sold; in 1920 the number of skins sold was 4,000,000. Lynx, 1911, 1,000,000 skins sold; in 1920 the number of skins sold was 4,000,000. Wolverine, 1911, 1,000,000 skins sold; in 1920 the number of skins sold was 4,000,000. Bear, 1911, 1,000,000 skins sold; in 1920 the number of skins sold was 4,000,000. Wolf, 1911, 1,000,000 skins sold; in 1920 the number of skins sold was 4,000,000. Coyote, 1911, 1,000,000 skins sold; in 1920 the number of skins sold was 4,000,000. Badger, 1911, 1,000,000 skins sold; in 1920 the number of skins sold was 4,000,000. Otter, 1911, 1,000,000 skins sold; in 1920 the number of skins sold was 4,000,000. Marten, 1911, 1,000,000 skins sold; in 1920 the number of skins sold was 4,000,000. Fisher, 1911, 1,000,000 skins sold; in 1920 the number of skins sold was 4,000,000. Lynx, 1911, 1,000,000 skins sold; in 1920 the number of skins sold was 4,000,000. Wolverine, 1911, 1,000,000 skins sold; in 1920 the number of skins sold was 4,000,000. Bear, 1911, 1,000,000 skins sold; in 1920 the number of skins sold was 4,000,000. Wolf, 1911, 1,000,000 skins sold; in 1920 the number of skins sold was 4,000,000. Coyote, 1911, 1,000,000 skins sold; in 1920 the number of skins sold was 4,000,000. Badger, 1911, 1,000,000 skins sold; in 1920 the number of skins sold was 4,000,000.

Alberta Homesteads

Land Going Taken Up By Native Born

According to statistics compiled by the Edmonton Dominion Land Office a large number of homesteads are now being taken up by men born in Alberta. There is no doubt, say the same authorities, that this opportunity was to be one of the successful features from the old times. In November Edmonton alone had on hand 1,000 homesteads, all taken by native born Albertans. Many of these are also game settlers, notably at Banff and Jasper. There also are the Buffalo Park at Wainwright, and the refuge country at Elk Island at Fort Saskatchewan, where the herd of wood buffalo were discovered. On the latter ranch will be born soon a public park and game reserve.

OPENING DOORS

VILMOR MARCEL BUOT
Author of "Monsieur Tue Quoi"

Growing Girls need the Blood-improving SCOTTS' EMULSION

W N U 1506

the invisible mouth way that is beyond keen most of us have, we would soon find ourselves able to afford good meals and fine suburbs and comfortable homes. Just note Thirty Willows is making a good living out of it, but I'm worried it almost one bit.

There's Mackerel now. He invested all over the West in the last few years and he tells me that it is the same everywhere, the people in the towns are the two extremes, the rich who eat bread and vegetables that in many cases are imported from the states while the farmers either can't eat, or will not, take advantage of the many cases of home.

Do you remember that book in reading by Rudyard Kipling, "The Light That Failed"? I guess it was one of his best productions if not the best. I would be the world's finest.

Something like Mr. Morley appeals to me quite often and I wonder if I am going to be the same. Perhaps I am. In the last years, whether I am or not, I have had the feeling that I was losing a moderate on the wane. I have been associated with the people, and I have had the feeling that I was losing my grip on them. I have been out of touch with the people. I have been out of touch with the people. I have been out of touch with the people. I have been out of touch with the people.

Well, we had our talk, Mr. Hay did. And so did Mr. Morley. And so possibly did Mr. Mackenzie. But I don't know. I have still a feeling that I have been out of touch with the people. I have been out of touch with the people. I have been out of touch with the people.

What we need is to send back to our own people, more leaders among us who have our interests at heart, and who are not afraid to do what they think is right, even if it means losing their seats. We need men who will stand up for what they believe in, and who will not be afraid to say so. We need men who will not be afraid to say so. We need men who will not be afraid to say so.

CHAPTER TWENTY

I had passed and just when I had begun to think that I was going to be left alone to my own devices, a man appeared on the scene. He was a tall, thin man with a long face and a long nose. He had a long beard and a long moustache. He was dressed in a long coat and a long hat. He had a long stick in his hand. He looked at me and I looked at him. He said nothing and I said nothing. He looked at me and I looked at him. He said nothing and I said nothing.

The meeting at once rang with a hearty laugh. The man with the long beard and the long moustache and the long coat and the long hat and the long stick in his hand looked at me and I looked at him. He said nothing and I said nothing. He looked at me and I looked at him. He said nothing and I said nothing.

Wintering Bees In a Cellar

Should Be Kept in Darkness and Left Undisturbed

The cellar is the best place for wintering colonies if it is sufficiently free from dampness. Many cellars are too damp for bees. Dampness causes mould to grow on the combs and the bees become diseased. Dysentery is the disease most to be dreaded. Bees in cellars should be kept in darkness and left undisturbed. Too much ventilation is not necessary. Bees should be kept at a temperature of about 45 degrees Fahrenheit. To keep the temperature down to that point in the cellar requires some attention. Sometimes it is necessary to put ice in the cellar to keep the temperature down. Bees should be kept in darkness, and left undisturbed.

A bee cannot be successfully wintered unless it has a good queen. Queens should be superseded every year. Bees should be fed in the fall, so that they will have enough honey to winter on. Bees should be kept in a dry, warm cellar, where the temperature will not go below 40 degrees Fahrenheit. To keep the temperature down to that point in the cellar requires some attention. Sometimes it is necessary to put ice in the cellar to keep the temperature down. Bees should be kept in darkness, and left undisturbed.

Paper From Western Straw

Western Straw is Said to Prove to Have Test of to Quality

A number of years ago a man who had emigrated to Canada from Russia, and who had settled on a farm in Alberta, Canada, near Edmonton, Alberta, was visited by a friend who had also emigrated to Canada from Russia, and who had settled on a farm in Alberta, Canada, near Edmonton, Alberta. The friend was surprised to see that the man had a large quantity of straw in his barn, and asked him what he was going to do with it. The man replied that he was going to make paper out of it. The friend was surprised to hear this, and asked him how he was going to do it. The man replied that he was going to make paper out of it. The friend was surprised to hear this, and asked him how he was going to do it. The man replied that he was going to make paper out of it.

Keep Money in Canada

By Using Coal Mined in Canada. Money is Retained Here.

Addressing a meeting of the Empire Club in Toronto, Commissioner Crockett, Minister of Mines, stated that if Ontario and its land coal from Alberta it would practically double the Canadian employment at a good wage per year. That, said he, would help many of our farmers. Mr. Stansbury to right. If Ontario should spend in Canada what it spends in the United States for coal there would be retained here the Canadian taxpayers many millions of dollars every year, all of it helping to build up the Dominion. Alberta has a good many thousand tons of coal, and Ontario would be glad to get it. Ontario has more money than Alberta, and in this way Ontario would be able to get it. The fact that it is good for both sides is evident when Ontario can get coal from Alberta.

Girls! Hair Grows Thick and Beautiful

25-Cent "Danderine" Puts Wonders for Lifeless, Neglected Hair

A glance now and then at the mirror to see if your hair is growing thick, lustrous and beautiful and full of life—a few moments each day with a little "Danderine" and a gentle application with the finger tips—and your hair becomes wavy, fluffy and abundant, and possesses an incomparable softness, luster and beauty that you will delight.

Danderine tones, invigorates and strengthens the hair, makes it grow thick, strong and beautiful. Get a 25-cent bottle of Knowlton's Danderine from any druggist or toilet counter and try it tonight.

Chickens Pay For Farms

Poultry Raising Has Brought Many Farmers Independence

Poultry raising has brought many farmers independence and success. Many farmers have paid for their farms with the money they have made from poultry. Many farmers have started with a few hens and have built up large flocks. Many farmers have made a good living from poultry alone. Many farmers have made a good living from poultry and other farm products. Many farmers have made a good living from poultry and other farm products.

Soltude

Nowhere is Absolute Solitude More Accessible Than in a Large City.

To many people, probably most of us, solitude is a thing to be avoided. We think it is no more than a necessary evil. We think it is no more than a necessary evil. We think it is no more than a necessary evil. We think it is no more than a necessary evil.

Well-Merited Success

A distinguished citizen, honored publicly and professionally, Dr. R. V. Pierce, whose picture appears above, made a success few have equalled. His pure herbal remedies which have stood the test for fifty years are still among the most popular. Dr. Pierce's Golden Medical Discovery is a blood invigorator and stomach alterative. It clears the skin, beautifies it, increases the blood supply and the circulation and pimples and eruptions vanish quickly. Bilious to bad skin sleep and good blood is better health. For poor blood to be good, your stomach must be in condition, your liver active. This Discovery of Doctor Pierce's puts you in fine condition, with all the organs active. Ask your nearest druggist for Doctor Pierce's Golden Medical Discovery, in tablets or liquid form, or send 10 cents for trial package of tablets to Dr. Pierce's Laboratory in Bridgeburg, Ontario.

New Use For Rocket

Fifty Miles Up Above the Earth to be Explored

A rocket ready to be exploded at altitudes of 50 miles above the earth and which will carry other instruments to record conditions at that distance from the world's crust, is under process of construction by Professor R. H. Goddard at Clark University.

Among other powers exerted by the rocket is declared will be the ability to automatically transmit some of the recorded information to the earth by wireless. According to Professor Goddard explained that it would be done by means of instruments to give a sound.

Those in control hope to be first to explore the mysterious regions of the atmosphere if successful.

Many feel that the rocket itself is the ultimate solution to the problem of interplanetary travel.

It is a long way from projectile to passenger. They are certain to come.

Pageant Of Empire

Will Be Held at Wembley in Connection With Empire Exhibition.

Arising from a conversation made by the Prince of Wales that a pageant of the Empire should be held at Wembley in connection with the British Empire Exhibition this year, steps are now being taken to organize such a pageant.

For this purpose a special committee of which the Duke of Devonshire is chairman, and the Marquess of Salisbury, Lord Lieutenant of Hertfordshire, and the Earl of Lytton, well known as an author, are members, has been appointed.

The pageant is expected to be a great success and will be held in the grounds of the Exhibition. It will be a representation of the history of the Empire, and will include many of the most famous events in the history of the Empire.

Women's Ailments Caused by Neglect

Proper Treatment Will Quickly Bring Back Robust Health and Good Spirits

Women are the weaker sex—they have more ailments to contend with, more sickness to cause unhappiness, more functional disorders to put up with. Many of these ailments are due to neglect—to the neglect of one's health and strength, to the neglect of the blood, to the neglect of nature's warnings.

Women are subject to many ailments which are due to a run down condition of the blood. Pale blood is poor blood. Poor blood is weak blood. Weak blood is the cause of many ailments which are due to a run down condition of the blood.

Lindbrook News

Not much happening in the line of "society fattings" here this week, but if this mild spell lasts, some ones may blossom out into festivities again; of course no doubt this is the usual lull after the Xmas and New Year's festivals, still it is an old saying that a lull precedes a storm, so in the near future we may surprise you with some of all descriptions—omitting murder, arson, bigamy etc. nothing like that happens here.

Mr. J. Leahy has spent a very nerve racking week chasing the elusive coal oil barrel, owing to some mix up at the Edmonton offices, none came and the supply dwindled, but luckily by some means Mr. Leahy "scrounged" some oil from somewhere so we are not "the people that in darkness sat" this time, its rotten to have to go to bed every time of the year, isn't it? This trouble and a few more besides necessitated Mr. Leahy making a business trip to Edmonton.

The Annual meeting of the ratepayers of the Lindbrook School District is called for 2.30 p.m. Saturday, January 12th, and is to be held at the School House as usual, so, be on hand and on time.

Miss Ellie Svenberg left here last week for Toronto, where she will reside with relatives for a while.

Mr. August Lindgren who was on a visit to his brother Mr. Otto Lindgren and family of this district over the holiday has returned to his home at Edna, Sask.

Mrs. C. J. Kortaman and daughters Ina and Pearl, spent a week visiting relatives at Kingman.

Holy Trinity Ladies Aid held its Annual meeting in the Church on Wednesday, Jan. 2nd at 2.00 p.m. Those holding office last year were re-elected for the ensuing years—President, Mrs Henderson; Secretary, Mrs Robinson and Treasurer Mrs. Glover.

"SERVICE MY MOTTO"

NOTICE

PUBLIC NOTICE is hereby given that there has been introduced in the Council of Cornhill Municipal District No. 487, a by law of which the following is a short synopsis:

BY LAW No. 59

By Law of the Municipal District of Cornhill No. 487, respecting the prohibition of animals from running at large. Under the authority and subject to the provisions of The Domestic Animals Act, the Council of Cornhill Municipal District No. 487, enacts as follows:—

Domestic animals shall be prohibited from running at large in accordance with the following schedule:—

Class of Animal	Period of Prohibition from running at large	Area of prohibition from running at large
1. Horses	1 Year	In the
2. Asses	"	Cornhill
3. Mules	"	Municipal
4. Cattle	"	District
5. Goats	"	No.
6. Geese	"	487.
7. Sheep	"	
8. Swine	"	

Bar none fowl "

And further that unless within thirty days from the publication of this notice at least forty resident electors of the municipality petition the Council to submit such by law to the vote of the resident electors of the municipality, the Council shall proceed to pass the same.

Dated at Tofield this 7th day of January, 1924.

That Herd By Law No. 29 of current in any of the Councillor's Divisions will apply only in the Division in which it carries and not to the municipality as a whole.

J. Weatherill,
Secretary Treas.

NOTICE

Notice is hereby given, in accordance with the provisions of The Municipal District Act, that on the 5th day of November, 1923, the following land comprising the Municipal District of No. 487, namely all of Township 49 and 50 in Ranges 19, 20 and 21; all of Township 51 in Ranges 19 and 20; all of Township 52 Range 20 and that portion of Township 51 in Range 18 west of Beaver Lake; all that part of Township 51, Range 21, south and east of Cooking Lake and those portions of Township 52, Range 19 lying south and east of Beaver Lake, and those portions of Township 52 Range 19 and included in the existing Lake Forest Reserve, all west of the Fourth Meridian, inclusive of intervening divisions as follows:

Division 1.— All of Township 49, Range 19, and sections 1 to 12 inclusive, and the south half of sections 13, 14, 15, 16, 17 and 18 in Township 50, Range 19 west of the Fourth Meridian.

J. H. LAMB,
Deputy Minister of Municipal Affairs

The Family

Abraham Lincoln humorously said of a poor neighbor's needs, "He has a wife and two children, which I should think were worth thirty thousand dollars to any man."

The family is the greatest wealth of every member of it—the first concern of the individual or of society. It is a golden investment and needs the same protection and care that any investment inspires.

One of its best safeguards is good reading—one of the things that put it in jeopardy is bad reading. The Youth's Companion has always been, for the matter of supplying good reading, what a friend thinks he is to the investor. Its principle is guaranteed, and its interest is paid with every issue. Try the investment for your family.

LITTLE ADVTS—BIG RESULTS

A man when he is dead will ask the minister to build a service for him alone. The same man when alive and well, will ignore thousands of services that others would gladly share with him.

There is danger ahead when a man throws his tongue into high before he gets his brain going.

When you are worrying you are not working. When you are working you have little time for worry.

If you are self satisfied you are too easily satisfied.

When you hear the sermon it may bore you but when you put it into practice in your life it will arouse the enthusiasm of your friends.

THOMAS WHITMORE

H. Wood Re-Elected President of United Farmers of Alberta

For the ninth successive year, Henry W. Wood was elected to the presidency of the U. F. A. yesterday at their annual convention in the Memorial Hall, but for the first time in seven years he met with opposition when three candidates for office opposed him before the convention. President Wood was elected by what is believed to be a strong majority, but the figures of the vote were not given, as though requests were made for them. Following the declaration of the result his election was made unanimous by vote of the convention.

The question of the dual position held by the president was brought sharply before the convention by other candidates for the presidency, but Mr. Wood in speaking before the ballot was taken, declared that he accepted the chairmanship of the wheat pool at its inception and believed that it should be the policy of the farmers of the province to hold the wheat pool and the U.F.A. together. The way fo do it was for one man to occupy both positions until such time as they became remodelled. In an inexpressible manner "I am chairman of the wheat pool," he declared emphatically, "and have no intentions of resigning."

NOTICE

Notice is hereby given that the partnership heretofore existing between Mrs. F. W. Webb and A. Hingley has been dissolved. Mrs. F. W. Webb has retired from the business and will in future be conducted by A. Hingley under the firm name of Art. Hingley and Company. All outstanding accounts owing the company to be paid to A. Hingley and he will assume all the outstanding liabilities of the firm. Dated, January 1st, 1924.

Mrs. F. W. Webb.
A. Hingley

Public Notice is hereby given that a meeting of the electors of the Town of Tofield will be held in the Town Hall, Tofield, on Friday the 25th, day of January 1924 at 8 o'clock p.m., for the purpose of receiving the auditors report of the Business of the town up to the preceding 31st day of December 1923, and for the purpose of receiving the reports of the chairman of the various committees of the Council.

Dated at Tofield, this 11th, day of January 1924.

J. W. Chapman,
Secretary-Treasurer

Those desiring photographic work done will be pleased to learn that T. W. Whitmore has established a studio for a short time at his old studio.

Viking Curlers Visit Tofield

The return curling game between Viking and Tofield curlers took place on Friday of last week. Two rinks from Viking were down but were both compelled to take the short end of the score from the Tofield players. The personnel of the rinks were,— Viking—, Messrs ——, Rose, Slavic, Long (skip). Tofield—Messrs. Dr. Morrison, Elliott, Reeves, McLaughlin (skip). The game between these two rinks resulted in a score of 8 to 2 in favour of Tofield. The rinks met playing at the end of the seventh end owing to uneven ice.

The personnel of the other rinks were,— Viking, Messrs ——, Thornell, Dodds, Mc Athey (skip.) Tofield Messrs M. Hingley, John Warner, Leo Lee and J. Leetskipp). This game was in Tofield's favour 14 9.

Two rinks of lady curlers also came down but met with like fate when playing against Tofield. The personel of the rinks were—Viking, The Misses Harris, H. O'Leary, Mrs. Hess and Miss L. O'Leary (skip.) Tofield, Mesdames Calvert, Clutterham, Allen and McKerrichskip.) The result of the game between these rinks was 8-6 in favor of Tofield.

Viking, Mesdames Slavic, McAthey, Graham and Robinson (skip.) Tofield, Mesdames Bell, Miss Emery, Mesdames Simmons and Hannon (skip.) The game between these rinks resulted in a score of 15-0

Mr. and Mrs. Wilde left on Tuesday for a visit to Victoria.

FOR SALE:— Pure Bred Barred Rocks, White Wyandottes and Light Brahma Cockerels. These are high class birds. Price $2.00 Apply:—Mrs. J. W. Robinson, Phone. 63.

7.30 p.m. Evening Service at Tofield.
Topic of Sermon,—"Is the world outgrowing the need of the Church"
Come and hear this subject discussed.
A hearty welcome awaits you.

Ketchamoot News Budget

The monthly meeting of the W.A.M.S. will be held next Thursday, January 24th at the home of Mrs. R. Wildman. A cordial invitation is extended to all.

Mrs. J. H. Ingram returned home from the city on Thursday.

Miss Margaret Dixon of Edmonton visited her friend Miss Bessie Owens on Friday.

Mr. and Mrs. Wesley Ingram and Miss Pearl Welsh visited at the Sears home last Sunday.

Messrs. Coombs and Osteed gave a dance at the Variety theatre on Friday last. Several families from our district attended and all report a good time.

Mr. and Mrs. Swift and Miss Mary Easton visited with Mr. and Mrs. Hugh Mitchelmore Sunday.

School reopened on Monday, January 7th, with Miss Dickson as teacher. Three new pupils enrolled, Adriana Gregg Hazel and Alice Suttie.

Miss Anne Ingram is visiting her friend Miss Veronica Ingram at Woodlawn this week.

Miss Violet Overdose assisted Mrs. Marsh Sidebotd with her house work last week.

Jim Suttie is nursing a very sore hand these days the result of an accident with a pitch fork.

Mr. and Mrs. Wilkie left for Winnipeg on Saturday where they will reside. Both Mr. and Mrs. Wilkie have made many friends during their stay here and it is with regret that Tofield in general bid them good bye.

Mrs J. Elliott left for Seattle on Friday last. Mrs. Elliott has not been subjected to the best of health for some time and her many friends will wish that the change of climate will be of benefit to her. Mr. Elliott will remain here for some time.

MAURICE McGINITIE
'PHONE X-4 TOFIELD

NOTE—This quotation is complete and ready to use

Oh Boy! Hockey Monday

The puck will be faced for the first time this season on Monday night. The Tofield puck-chasers who have been kept in captivity by great effort will take the ice against the hockeyists from Holden, and an exciting game is likely to ensue. Holden lost to the locals week or so ago and are just eager for a chance to even up matters. New blood has been added to the Tofield team and to summarize the season with a win is their fondest desire.

The Tofield skating rink opened its doors to the skating fraternity on Tuesday night of this week. Despite the fact that the night was exceptionally cold there was a good attendance and conforming to the usual custom for the first night, skating was free. Mr. Dean had laid an excellent sheet of ice of good time, the water all having leached from the lake. The lighting, while only of a temporary nature, was better than the old gasoline lamps, and when the new lamps arrive the lighting will be excellent. Skating nights will be on Tuesday, Wednesday and Thursday and if desired Saturday, and the ice will be used for hockey Monday and Friday. Mr. Dean is doing his best to give the patrons good service.

Clean your Grain during the Winter Months and Sow Clean Grain in the Spring---it pays.

The Carter Disc Separator is entirely different to anyother cleaner on the market, and to describe its mechanism would take too much space. We have one on our floor and will be pleased to demonstrate it to you Bring in your own bag of grain to be cleaned.

Every body knows the **Ball Dog Fanning Mill**. We will be glad to demonstrate this also There are a large number of these machines in the district and these are giving entire satisfaction. Bring in a bag of grain and we will demonstrate this machine to you.

M. C. HAMMOND

Insurance -- Lands

LOW INSURANCE RATES ON GRAIN	If you are holding, why not insure your grain against fire? Rates per $100.00 are,—25c. for three months, 37 1-2c. for six months

The Universal Hand Warmer

Milking in January under average conditions is not the most delightful of tasks. With the thermometer hovering around zero and below it, there is no grand rush to the barn at milking time. Nevertheless it is really worth the effort as it brings us to the train the Tofield Creamery Cheque which is equivalent to the coin of the realm and the use of the realm is and always has been the universal hand warmer.

Price Changes of Dr. Chase's Medicines

By increasing the contents of the boxes the cost to the user remains unchanged

THIS revision of prices affects only three of Dr. Chase's Medicines the Kidney-Liver Pills, Nerve Food and Catarrh Powder.

In spite of the constantly increasing cost of doing business ever since Dr. Chase's Medicines were placed on the market many years ago there has been no change in the prices of these three medicines to the consumer.

It has now become absolutely necessary to make some changes, but this has been worked out in such a way that the cost to the user remains the same.

The slogan for Dr. Chase's Kidney-Liver Pills will therefore remain "One pill a dose. One cent a dose," for while the price will be 35 cents instead of 25, the contents of the box will be 35 instead of 25 pills as formerly.

The same applies to Dr. Chase's Nerve Food, which will sell at 60 cents a box instead of 50 cents, since the contents of the box is now 60 pills instead of 50.

With the exception of Dr. Chase's Catarrh Powder, which is now 35 cents a box, the prices of Dr. Chase's other medicines remain unchanged.

Dr. Chase's Almanac has now been mailed and distributed to practically every home in Canada, 1,550,000 copies, if you did not receive yours kindly advise us and we shall mail you a copy free of charge. Edmanson Bates & Co., Limited, Dr. Chase Building, Toronto.

FOR SALE

Registered Seed Marquis Wheat

I have about a car load of registered seed wheat. This wheat is from registered seed and passed field inspection this summer.

It can be supplied either from the bin as it came from the threshing machine or cleaned, bin inspected, bagged and sealed by government inspector.

Price from the bin unchanged, $1.50 per bus. Cleaned bagged and sealed, less than 30 bushel, $1.50 per bushel; over 30 bushel $1.25 per bushel.

In order to be able to get clean and inspected grain, customers must have orders in early as government inspector can only make one trip.

There is a growing demand for registered seed grain and from the farmers viewpoint it certainly pays to grow it.

THE UNITED FARMERS OF ALBERTA

DURING THE week just passed there was held in Edmonton what is conceded to be the Alberta convention classic of the year. While in actual attendance, the convention just brought to a close was not the largest on record it was large enough and representative people enough to far outstrip any other similar gathering. To many people the U.F.A. means little beyond the meagre knowledge that it is a farmers' society, no more, no less. Everybody that reads knows that there is a U.F.A. and that there is a U.F.A. government but the knowledge is received in some thing of the same manner as the different phases of the moon or the certainty of freeze-up. It is accepted as something fixed and beyond individual effort or influence. To others the U.F.A. is a huge beneficial human machine, capable of benefiting and linking together in a bond of common purpose the thousands and thousands of farmers and farm families throughout the land. Those people are gifted with imagination and vision and they see in this vast society a source from which benefits can be drawn at will. Benefits must however be drawn, they are not poured. By this is meant that individual and community effort must be made before the large organization can function. This society offers an opportunity in numerous fields. The link of common interest that binds farmers and farm families over miles and miles of space can be utilized to more closely bind farmers and farm families in each community. Social and intellectual gatherings held under the auspices of the society would be given an added prestige and a Local efficiently directed by officers receiving proper support by the rank and file would be made the means of social benefit to many. Economically too, the society can benefit. Apart from its trading activities which is a matter of personal choice, there are matters that would directly benefit farmers if they were thoroughly conversant with them Even after two decades of farming in Alberta, there is still a wide open field for appointments of all kinds. A form of meeting known as the forum is becoming very popular among certain societies. An individual gives a paper of stated length on a certain topic and those in the audience who wish give their experience briefly within an allotted time. With all the problems of farming ever present with us, farmers who are interested in these calling and have patience could receive considerable benefit from a series of meetings of this nature.

We were much impressed and greatly interested by an interview we had with a Edfield farmer the other day. He had just returned from a visit to both the U. F. A. and seed growers convention and among other things he said that it would do our farmers a lot of good to get out and learn of these things. When we call to mind that we know dairymen getting almost twice as much revenue from a cow as some other dairymen, when we remember that there are poultry men and women making money selling eggs even at the low price they have been the past year, when we see one farmer getting a much higher price for his wheat than others, it would seem as if a U. F. A. forum as a regular thing should do good.

NOTICE

Notice is hereby given, in accordance with the provision of The Municipal District Act, in that behalf, that by order of the Minister of Municipal Affairs, dated the twenty-third day of November, 1923, the following land comprising the Municipal District of Cornhill No. 667, namely all of Township 49 and 50 in Ranges 19, 20 and 21; all of Township 51 in Ranges 19 and 20; all of Township 52, Range 20 all that part of Township 51 in Range 19, west of Beaver Lake; all that part of Township 51, Range 21, south and east of Cooking Lake all those portions of Township 52, Range 18, lying north and west of Beaver Lake, and those portions of Township 52, Range 19 not included in the Cooking Lake Forest Reserve, all west of the Fourth Meridian, individed into six divisions as follows:

Division 1.— All of Township 49, Range 19, and sections 1 to 12 inclusive, and the south half of sections 13, 14, 15, 16, 17 and 18 in Township 50, Range 19 west of the Forth Meridian.

Division 2. All of Township 49, Range 21; all of Township 50, Range 20, south of Miquelon Lake, to section 21; also section 5, 6, and south half of section 8, Township 50, Range 21, west of the Fourth Meridian.

Division 3. All of Township 50, Range 21, except sections 5, 6, and south half of 8; sections 2 to 6, 17 to 20, and 29 to 32, Township 50, Range 20; all of Township 51, Range 21 south of Cooking Lake, and the west half of Township 51, Range 20, and west half section 19, 30 and 31, and northwest of section 18, Township 50, Range 19, sections 6, 7, 18 to 20, 29 to 32, and west half of section 33, 28 and 21, north west of section 16, and north half of 17 in Township 51, Range 19, west of the fourth meridian.

Division 5.- North half of section 13 to 17, north-east of 18 and east half of 19, and all of sections 20 to 29 and east half of section 30 and 31 and all of sections 32 to 36 in Township 51 Range 19; sections 2 to 6 8 to 12 and east half of 30 and 31 all of sections 24 to 26 in Township 51 Range 19; north half of sections 18 and all of sections 19, 30, 31 and 32 in Township 51, Range 18, all of Township 52, Range 18 and east half of township 52, Range 19, west of the Fourth Meridian.

FREE SERVICE NOW OFFERED BY
Canadian National Railways
COLONIZATION & DEVELOPMENT DEPT

The work of this department is being rapidly extended throughout Western Canada to be of the best possible service to the public, and through special representatives in the East, in Great Britain, Norway, Sweden, Denmark and other European countries, it will be able to bring to Canada large numbers of immigrants, male and female, who in a short time should become producers and valuable assets. The great obstacle in the past has been the uncertainty of immediate employment for the new arrival and farmers can assist colonization work by employing their help through this channel, and if possible BY THE YEAR. The work is done without charge and no advances are required for transportation or for any similar purpose. All information given is used for the purpose of informing the settler requiring work only.

THE WHITE LUNCH

We wish to take this opportunity of thanking our patrons for their business during the past few weeks. Since opening less than a month ago, we have been compelled to double our kitchen capacity and increase the number of booths. It's the cook.

J. HOLSTINE. PROP.

FOR SALE
Registered Seed Marquis Wheat

I have about a car load of registered seed wheat. This wheat is from registered seed and passed field inspection this summer.

Cleaned, bagged and sealed, less than 50 bushels, $1.50 per bushel; over 50 bushel $1.25 per bushel

In order to be able to get clean and inspected grain, customers must have orders in early as government Inspector can only make one trip.

There is a growing demand for registered seed grain and from the farmers viewpoint it certainly pays to grow it.

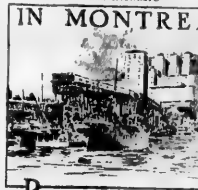
FIRST
of the series dealing with the establishment of the BANK OF MONTREAL at representative points in CANADA and elsewhere.

IN MONTREAL



BEFORE any steamship had crossed the ocean, and before either the locomotive or the telegraph had been invented, nine merchants of Montreal signed articles for the formation of the "Montreal Bank," now the Bank of Montreal. That was on June 23, 1817—more than 106 years ago

Since that time Montreal has grown from a town of less than 20,000 to a city of more than 600,000 population.

The Bank, in communities and successful operations from those early days down to the present time, has steadily pioneered as was set forth.

Today, through its Head Office and more than 500 Branches, it offers complete banking service—local, national, and international—in every section of the Dominion.

BANK OF MONTREAL
Established over 100 years
Total Assets in excess of $650,000,000

In each box of Chocolates there is Joy Divine and Infinite Sweetness.

Buy one on Saturday and the joys and pleasures of home-life on Sunday will increase a thousandfold.

D. H. TODD

About the best New Year resolution you can make is to have your car thoroughly overhauled by us at least once a year. The early part of the year is a good time to have it done.

CARTER'S LITTLE LIVER PILLS

Ketchamot News Budget

The stork was very generous last week, in spite of cold weather two new baby boys were left in our district, one to Mr. and Mrs. Roger May on Tuesday, Jan. 15th and one to Mr. and Mrs. Johnnie Lee on Saturday, January 19th. Congratulations to both.

Mr. and Mrs. Paul McMullen and family spent Tuesday at the home of Mr. and Mrs. Gill of Lindbrook.

Little Miss Margaret Mitchell is a victim of the whooping cough, the first in our district. We all have been free from contagious diseases and hope it will not spread throughout the school.

Mrs. C. A. Ingram returned home on Wednesday evening after a month's visit with relatives in Post Falls, Idaho.

Mrs. R. Hazelhurst and children returned to their home in B. 44 on Thursday.

Miss Margaret Dixon spent Monday and Tuesday with Miss Bessie Green.

Walter Kendall and Angus Mitchell arrived home on Saturday from a trip to the coast. No place like home, oh boys?

Mr. and Mrs. Hugh Mitchell entertained their sons and families, Mr. and Mrs. D. H. Mitchell, Mr. and Mrs. W. A. Mitchell on Wednesday to dinner.

Nurse Whillans is caring for Mrs. Lee and baby at the Johnnie Lee home.

Miss Jean Dickson spent the week end with home folks in the City.

Mrs. J. Appleby and Mrs. Hazelhurst visited Mrs. M. Henderson on Tuesday.

Mr. Oscar Barnes spent the latter part of the week in Edmonton visiting Ralph, who is still in the hospital, and not gaining very fast.

Lindbrook News

A whist drive was held at the home of Mr. and Mrs. Hedley Burton here on Saturday evening the Dec 19th. Luckily the weather man changed the temperature for the occasion and everyone enjoyed their sleighing trip to and from it. The contours of the country and the wondrous scenic effects of the district making it all the more enjoyable. Mrs. A. Scott was the winner of the ladies' first whist Mrs. W. Hooper received the coveted booby. Mr Geo. Westlake won the gent's first whist Mr. W. C. Lansdowne gracefully claimed the booby. A "gorgeous spread" was enjoyed in the interval, afterwards refreshments were served and several songs rendered by local artistes. Oh, yes! we were present. Note the reference to the "eats." You can always tell by that whether we were present. This "eat" stuff is Royal prerogative, isn't it?

Miss Lily Rogers came home this week to nurse her mother, who is confined to bed for a very ill for a little while, but is getting better again now.

Miss Grace Lepine is practically well again now, but now little Edward Lepine age three yrs, is sick, but from latest reports the youngster is on the mend again.

Mrs. Lancaster is staying at Mrs. Stevenson's for a few days to recuperate after her term in "dock," (not the prisoner's one.) We are glad to say that an operation was not necessary this time and hope one never will be necessary.

Mrs. J. Leahy is a visitor to Edmonton this week, so watch the weather closely!

—

Omitted from Last Week.

We hear that Mrs. Grace Lepine is on the road to recovery, but regret to hear that Master Edward Lepine is more ill with bronchitis the same complaint.

Mrs. W. Lancaster of Arnamore Ranch here, went to a Hospital in Edmonton with eye trouble, at first it was thought that an operation would be necessary, but now we hear that it is not so and that Mrs. Lancaster will be well and home again by the week-end 29th inst.

Mrs. K. Sandison of Hawkins, Alta. spent a few days here last week as the guest of Mrs. C. J. Kortzman of this place.

Miss Audrey Hooper is spending a few days at the Morden farm as the guest of Miss Lily Morden.

We are glad that Mr. Chas. Morden up and about again after his accident. Can't kill old soldiers, can they Charlie? Not whilst the No. 6 hang out.

Our Big Sale

Additional Locals

Mr. F. McClymont has rented the Dodds farm for three years and the family is now living there.

Mr Parrels of Chauvin visited with Bert Wallis this week.

Bernelee Ball is visiting at the home of his brother D. Ball.

Principal Savage is right up to the minute, having installed a radio at the school.

A very enjoyable whist drive was held at the Institute rooms on Tuesday evening under the auspices of the Catholic Womens Leagues. Nineteen were occupied. High lady Marion Carter, hardanger pin cushion, high gent Leslie McGinnis, box of cigars; low lady, Mrs. McGuitin, handkerchief; low gent, Mr. Simpson, handsome. Three drives are becoming very popular, attributed by some to the powered chicken. The league netted about $18.00.

Mr. H. Rawline of Viking is visiting at the parental home.

Miss Arlis Wood, who is training at the General Hospital, Edmonton, is visiting at home for a few days.

The annual meeting of the Tofield Agricultural Society will be held on Saturday, Jan. 26, at 2 o'clock in D. E. Ball's office. All members are requested to attend.

A local orchestra of three or four pieces is being formed and will give their first dance on Valentine day, Thursday Feb. 14th. Admission $1.00 per couple.

Bud Hannan is attending Alberta College for a short time and will then go to technical school.

Rev. Willans gave a lantern exhibitions to grades 5, 6, 8, and 6 last Friday afternoon. It was much enjoyed by the scholars.

A public meeting is being called for Tofield this afternoon Feb 2nd. A. M. Matheson M. P. will be the principal speaker, and will speak on matters of interest to farmers. It is hoped that there will be a good turn out and business men are especially invited to attend.

The results of test shipments of Alberta cattle made to California have so far justified the belief that cattle can be shipped from Alberta of such quality and at such a price as to compete with the best American cattle in the Californian market.

Town Council

A special meeting of the Tofield Town Council was held at the Town Hall on Friday evening last. There were present Mayor Mel anley in the chair and Councillors Bruce, Smith and Worton.

E. H. Ball was present and returned council regarding the agreement of sale affecting about thirty acres of Hillcrest subdivision.

A by-law appointing J W Chapman secretary treasurer was read a first and second time and carried.

It is agreed to allow agents a commission of five per cent on sales of acreage belonging to the town.

The estimated expenditures and receipts for 1924 were carefully discussed and passed.

The meeting then adjourned

Mrs. A. Rogers Passes Away

The district loses one of its old timers this week by the death on Friday, Jan. 25th of Mrs. A. Rogers. Mrs. Rogers had long been suffering from an incurable disease which she bore with uncomplaining fortitude. Miss Lily Rogers, nurse at the General Hospital, was wired for and arrived in time to be with her mother for a few hours before the end came, which was perfectly peaceful. Her two boys, George and Jack who were absent were wired for but did not get the wires in time for the funeral which took place on Monday at 2.30 p.m. Jan. 28. The pall bearers were Messrs. Leahy, White, Painter, Ideson and Lodgens. The funeral service was held at Lindbrook School house and was conducted by Rev. Arthur Willans of Tofield and was attended by almost all the entire district. Interment took place at Tofield cemetery later in the day. The funeral arrangements being in the hands of the McLaughlin Co. of Tofield. The deepest sympathy of the district goes out to the bereaved ones in this their sad loss, and noted perhaps, but none the less sincere, for Mrs. Rogers was universally esteemed and respected by all

We are glad to report that Miss Grace Lepine and Master Edward are well again now.

Mr. A. Scott made a business trip to Mundare via Edmonton this week and on the return trip happened to take in the Hospitaler's "Smoker" which he reports All. Mr. Scott also reports that our local Tofield curlers are making quite a showing at the Edmonton rinks.

We told you to note the weather, again note how mild it is now, the reason is that Mrs. J. Leahy returned from town and the girl unarmed.

Night motorists are asked to go easy on the hills here these nights, for fear of running into toboggans parties. It seems the highways are the best slides.

We have recently been running an advertisement for Mr Johnstone Ferguson regarding the sale of inspected wheat. This is the first advertisement of that sort and character to be run in the Mercury and were pleased to learn that it was effective. Johnstone Ferguson is to be congratulated on his enterprise in taking a practical and keen interest in the growing of registered seed, a quality in our estimation, first and one in the main of trade

PIMPLES ON HEAD AND NECK

Small and Formed Sore Eruptions. Skin Sore and Red. Cuticura Heals.

Pimples broke out on the back of my head and neck. At first the pimples were small and then ... formed sore eruptions about the size of a ten cent piece. The skin was sore and red and itched a great deal, causing me to scratch.

I had the trouble about 2 months before I began using Cuticura Soap and Ointment, and ... using three cakes of Soap and ... boxes of Ointment ... was cured. (Signed) J. A. Macdonald, Gilford, Ontario.

Rely on Cuticura Soap, Ointment and Talcum to care for your skin

Cuticura Soap (25c.) and Ointment (25c. and 50c.) are sold throughout the world. Canadian Depot: Lymans, Ltd., St. Paul St., Montreal. Cuticura Soap shaves without mug.

THE SOUTHWARD DRIFT

DURING THE past few months, each issue of this paper has contained items regarding the departure of citizens to the States. In one issue alone some fourteen people were reported to have left this district for the country south of us. Of course every one of them were not leaving permanently, but unfortunately the greater number left with that intention. Tofield is no exception. We have as good a district here as any, but the lure of the south, made keen by the general unrest of the past few years, has proven strong enough to draw from all the prairie provinces, people that the province can ill afford to lose.

The picture is not all dark, however, those that are returning cast a ray of light here and there, while those that know this country best are certain that a great and prosperous future awaits it. That "Alberta is a wonderful country" has been repeated so often as to become a commonplace and stale expression—BUT IT IS TRUE. Within the borders of this province are to be found practically everything needed by mortal man. Minerals in abundance, coal, iron, gold, silver, etc. There is natural gas for fuel and lights in the north and in the south, while the discovery has just been made that there is an abundant supply of helium gas, non inflammable and non explosive, the ideal gas for airships. And up to the present Alberta is the only place in the British empire and one of the very few places in the world where it has been found. There is oil, "there, there and everywhere," Irma, Fort Norman, Okotoks, etc., and while the development of this product is in its infancy, the day is not so far distant when Alberta will be rated as one of the important oil fields of this continent. Then there are our agriculture possibilities. Possibilities that almost literally shout to our people, come on, come on, hasten. Possibilities that include within their range, thousands, and hundreds of thousands of people, asking and demanding Alberta agricultural products. For the first nine months of 1923 Great Britain imported nearly twice the value in products from New Zealand as it did from Canada, and the same applies to Denmark. We hope to see the day when, on the fronts of the provision stores of Great Britain, alongside of the "Danish Dairy Butter" sign, there will be placed for millions to read "Alberta Dairy Butter." And people in the Pacific coast cities asking for our product above all others. And why not? It is only a matter of time, plus knowledge, plus industry. Alberta's land is rich and its pastures succulent, and while seasons come and go with varying blessings as elsewhere the world over, there is no place where mixed farming can be conducted to better advantage than in this province of Alberta. To most men, sooner or later, comes the desire to own land or at least their own home. We know of no place where a home can be more easily procured than in Alberta.

To elderly people, having come to this province years ago, from other lands, the call of the south probably rings true; leaving made a fair recompense it may be wise for them to spend their declining years amid the scenes of earlier years and where the spring comes earlier and the fall later. But to the native Albertan no country in the world offers a greater opportunity for achievement and wealth than Alberta.

The third session of the present legislature opened on Monday, January 29th. The reply to the speech from the throne was moved by Lawrance Paterson, member for Tuber, and seconded by L. Joly member for St. Paul.

A site has been acquired and a company organized for the erection of an oil refinery in the city of Edmonton.

The resignation was announced the past week of S. S. Bishop, for the past year and a half commissioner under present liquor act.

Adding to The Pleasures of Life

Life without fun or pleasure would be a drab affair. Joyous laughter and being pleased are as natural as breathing. The pleasure of the home circle, party, or that gathering where "two is company and three a crowd" are materially increased by a choice box of chocolates. Buy one Saturday and see. Varieties to suit all tastes and prices to suit all pockets.

Your car will run longer and better and in the long run cost you less if periodically overhauled by us. The winter is the most appropriate time.

The Tofield Garage

A Polyglot Potter

John Cox, master of most linguists

THE ARDENT seeking explorer of a great railway which prides itself on being able to meet any situation in an equable manner, received a rude jolt one day when two portugruesely garbed strangers strolled into the Windsor Depot of the Canadian Pacific Railway at Montreal, and, despite the most elaborate and meticulous linguistic contortions, failed in a most deplorable manner to make anyone understand what they wanted.

Someone who had travelled in the east ventured the opinion that they were Arabs, and the polyglot embodiment which had been in progress ceased in hopeless despair, for the store of available language did not go into Kipling's country east of Suez." Then a "red cap," one of the colored porters who make themselves useful about the station handling grips between the cars and incidentally picking up a few words himself of almost every tongue, a combination of a badly-running Ford and a Sirens war chant, and had the situation straightened out in no time at all.

Investigation revealed that the railway had on its staff of baggage hustlers a veritable Mezzofanti, a student who for sheer love of the acquisition picks up languages in the easy manner he does so many others. He is known about the station as Number Eighteen, though he has no reference to his lingual accomplishments. His name is John Cox and his country of origin is British Guiana, though he satisfied by his very voice that for tongues that other people employ he has strayed far from his native sugar plantations. Spanish, Italian, English, French, Greek, Hindustani and Arabic he can recall on occasion at a moment's notice, while he writes most of them with equal facility. The colored man being as yet unable at home with German, though he has a chemical grasp of the language.

Unfortunately for his native tongue, Pidgin English he acquired in England and Scotland, for he was working his way through Edinburgh University when he went to the Boer war, and acquiring Spanish in an unorthodox manner en route. Returning to England with merely his appetite whetted, he took lessons in Italian and French and speedily added them to his linguistic list. The outbreak of the war opened up new fields of grimmer interesting and extensive travel, and for a year or so Cox may be likely to remain confined to an area where only one language is the language all of the time.

Pidgin English was the tongue when he became stationed at Madras, in The Guinea Archipelago, a port of entrance to the Dardanelles. It was during this period that he had qualified to keep a fruit store and was looking around for more languages to conquer. He befriended himself of the whole of Turkish prisoners coming in to the depot, and after behonbonbing with them for a few months was reading the "Arabian Nights" in the original.

He was demobilized in May, 1919, his one regret being that the part he had played in the war had never given him the opportunity of seeing the interior of Germany, but this sad opportunity he has since made up for by diligent study. He came to Canada via France and has since been in the employ of the Canadian Pacific Railway at Windsor, Calgary, Montreal. Now, when not actually paid strangers from unknown lands appear at the depot, he devotes his efforts to interpreting the [illegible] sounds are spelt [illegible] an S.O.S. for [illegible]

Cheaper interest rates for Alberta farmers belonging to co-operative credit organization, were announced by Premier Greenfield to a convention of those organizations held the past week in Edmonton. The Premier announced that the basal interest to these credit societies would be reduced from 7 to 6½ per cent. The Premier incidentally declared it to be the opinion of Eastern bank interests that the Alberta co-operative credits system was one of the most fundamentally sound and practically operated of any in the dominion.

Why Ford Predominates

Low First Cost

The low price of Ford cars and trucks has been one of the great dynamic forces in the development of motor transportation.

Since January 1920 the average price of Ford products has dropped 38%, and Ford prices are now the lowest in the history of the industry.

And because Ford prices are so low, the worker and his family enjoy the innumerable benefits and delights of owning an automobile ... [illegible]

Fifty out of every hundred cars and trucks in Canada are Ford ... appreciate Ford value.

Health and Comfort

As age advances our wants are not many, and with reasonably good health we can enjoy the peaceful period of life in comfort and happiness.

But unfortunately there are certain ills which conspire to destroy the pleasure of this time in life and they are usually of a decidedly painful nature.

The kidneys are often the first of the bodily organs to fail. Then the poisonous acids which should be eliminated by the kidneys circulate in the blood and cause backache, rheumatism, lumbago and the many aches and ills which make life miserable.

There has, perhaps, never been a medicine so well suited for people of advancing years as Dr. Chase's Kidney-Liver Pills.

This statement is founded on the many words of praise received from time to time.

The success of Dr. Chase's Kidney-Liver pills is due in their direct and specific action on the liver, kidneys and bowels, whereby the accumulating poisons are quickly swept from the system and the cause of pains and aches promptly removed.

Dr. Chase's Kidney-Liver Pills do not lose their effect on the system as do so many medicines but can be depended on absolutely to bring about the desired results. Used one pill a dose at bedtime as often as necessary to keep the bowels regular, they relieve indigestion, biliousness and constipation and keep the system in healthful condition.

You will notice that while the price of Dr. Chase's Kidney-Liver Pills has been increased to 35 cents, the box now contains 50 pills instead of 25 as formerly.

Look for the portrait of Dr. Chase. Never buy a box unless it bears his name.

MRS. DAVIS NERVOUS WRECK

Tells Women How She Was Restored to Perfect Health by Lydia E. Pinkham's Vegetable Compound

Winnipeg, Man. — "I suffered so much from nervousness and pains in my head and back that I was all run down and could not do my housework. I was advised to take the Vegetable Compound and I started it at once. I was able to do my work soon after and it was a great joy, not a burden. Now I have a darling baby and I am able to do her and enjoy doing my work. I cannot help recommending it as a nervine and also owning for before I took it and seeing for me see what it does for me." — Mrs. Alfred Davis, 721 Nellie Street, Winnipeg, Man.

Lydia E. Pinkham's Private Text-Book, upon "Ailments Peculiar to Women" will be sent free upon request. Write to the Lydia E. Pinkham Medicine Co., Cobourg, Ont. This book contains valuable information.

Order Your Farm Help Now

IN VIEW of the great demand for farm help next year in Canada, the Canadian Pacific Railway will continue its Farm Help Service during 1921 as it did during the past two years.

THE COMPANY is in touch with large numbers of farmers in Great Britain, Norway, Sweden, Denmark, Holland, Switzerland and other European countries who are desirous of securing help for their farms in Canada.

In order to have the farm help need, Canadian farmers or their agents in Canada, who require help should arrange to do their application promptly, the earlier the better, as many of the applications which are received early in the season are filled.

Blank application forms and full particulars regarding the service may be obtained from any C.P.R. agent or from any of the officials listed below. THE SERVICE IS ENTIRELY FREE OF CHARGE.

Mercury Advertisements Bring Business

FROM FLORIDA TO THE ORIENT ALONE

With people in transit in a thousand cities between three feet apart, according to the traffic signs of rapid and easy transportation, a few reports of the Canadian Pacific Railway, efforts of quiet occurrence, not for large children under fifteen which company looked after the needs of the children of age to do so unaccompanied by an adult in dress throughout their journey. From Jacksonville they moved if nothing else. More remarkable still is the travelled to Chicago on the Dixie Flyer, from there to that one bite of youngsters who covered more they travelled via Canadian Pacific Empress of Russia, more than this distance a one, Jack Turner, aged fifteen, whom they transferred to the Canadian Pacific Empress of Mary, is two years of cover, and Richard, aged four, "Empress of Russia." They left Jacksonville on December and from Jacksonville, Florida, to Shanghai, under 21st, entering at Shanghai on January 13th, 1924, with but one change of cars, and one change entering the distance of 9,183 miles in a little over for the steamer, making the quickest trip on record, ninety-one days.

United Church of Tofield

The annual meeting of the United Church of Tofield was held in the Church on Wednesday evening, January 30th.

The Ladies of the congregation in their usual liberal way had made preparations and the Annual Parish Supper

The tables were spread in the Basement of the Church.

The Parish had laid out a splendid supper to provided an excellent Banquet and all who were present did ample justice to it.

After ample justice had been done to the good things provided by the Ladies Mr. Joseph Rogers chairman of the Board of Managers in a well-told manner of the Annual Meeting.

The Annual Reports of all the various societies connected with the congregation were received which were of an encouraging nature.

While the Sunday School as well as other [illegible] have suffered [illegible]

THE CHURCH

IN THIS week's issue of the Mercury there is a report of the United Church of Tofield. It is gratifying to learn that this church has had a successful year. All its departments are active. Sunday school, Ladies Aid, Choir, Tunis boys, Trail rangers, etc., are all functioning and have not been allowed, as quite often is the case, to become mere names.

The church, by which we mean any or all organized bodies of devotional worshippers, is often accorded less credit than actual realities warrant. There are few of us but what grew up in close proximity to one or more churches. In the east or more thickly populated countries where ever there were homes there were churches. In the west the same statement is true, but inasmuch as the pioneer days homes were few and far apart, churches were correspondingly distant. It is said that familiarity breeds contempt, by which is meant that things we always have with us receive less attention, consideration and thought than those things which are new or appear only occasionally. If the moon only appeared in the heavens every 25 years, the whole world would be agog at its coming. Appearing as frequently as it does, it creates little or no comment. Should it however, through some great terrestial upheaval fail to appear, consternation would reign throughout the world. To a certain extent the same applies to the church. To most of us it is there, has always been there, and we think or say little about it. But should the church be taken away and its influence stopped, there would immediately be a clamor for its return, for apart from its particular adherents the influence of the church is widespread. Once again we say that we are pleased to report progress of the Tofield United Church—may its light never be dimmed.

SPORT

THE OLYMPIC winter sports which have just been completed at Chamonix, France, have given an added interest to sport the world over. During the year a large number of nations will compete in the realm of sport for coveted honors. So far of course only winter sports have been contested and include fancy and speed skating, ski jumping, hockey, etc. It no doubt was somewhat of a disappointment to many Canadians that in the final counting Canada should come ninth with 11 points as against Norway first with 1151 points. The real result, however, was not so bad as the system of awarding points would indicate. Hockey had been given little consideration heretofore, but since the Canadian team has demonstrated the speed and skill the game is producing, there is already a feeling that fifty points should be awarded the nation winning the finals. As Canada had only one serious contender, the United States, and beat them fairly easily, it can be seen her total of points would be greatly increased. In ski jumping, tobogging, speed and fancy skating the northern European nations easily led all others. The small number of points allotted to hockey, is significant of two things. First that hockey as played in Canada today is comparitively a new game. Even middle aged men have not played the game having to be content with the memory of having started it on its course by playing in their youth the old time "shinny." Secondly that at present a team from Canada is overwhelmingly superior to a team from any other country and is likely to remain so.

Some when they reach middle age are prone to deplore the interest taken in sport by the younger generation. They feel that less attention given to sport and more to everyday affairs of life would be to the advantage of all. While of course it is possible to become an enthused over sport as to neglect one's calling, it is equally possible to become slow and dull through a too close application to business. "All work and no play makes Jack a dull boy" is as true to-day as ever. An individual, town or nation is the better for sport properly organized and fairly conducted.

Lakeshore

Congratulations to Mr. and Mrs. Ed Tiedeman on the arrival of a son at their home on Sunday, Feb. 3rd.

Mr. and Mrs Johnson Ferguson entertained a number of their friends at whist on Friday evening last. Four tables played. Mrs Guy Walker won the lady's prize and Mr. Secord the gentleman's, while Mrs. Booth was fortunate in capturing the booby. All report a very enjoyable evening.

Misses Elgin Seale and Bert Booth made a business trip to Edmonton last week.

Community singing was held at C. Moon last Sunday evening. Next Sunday it will be held at the Abernethy home.

Mr. Irvin Plante of the Woodlawn district spent the week end at the R. C. Phillips home.

The next meeting of the Lake Shore Ladies Aid will be held on Friday evening, Feb. 8th at the home of Mrs. Booth. All members are requested to be present, plans for the work for the year will be discussed.

A very successful dance was held at the Lake Shore School house on last Friday evening. The Fiedeman orchestra very ably supplied the music to which a large crowd tripped the light fantastic until the wee sma' hours.

BIRTH

Born To Mr. and Mrs. Ezra Stauffer on Feb. 2nd, a son.

Milo Stutzman is at High Bluff this week assisting in a series of meetings.

Nora Rude is keeping home for her brother Emil, on the Ingmar Olsen farm

Miss Ethel Hamilton is improving the winter months by meeting every week. Last week she met with the Misses Agnes and Hannah Jenson.

Last Thursday Mesdames Ivar Moen, Lars Halstad and Monrad Finseth visited Mrs. Geo. Henderickson at Camrose.

Miss Agnes Jenson is spending a few days with friends in New Norway.

Monday evening the Lutheran Choir was in Ryley practising for a Cantata which the Choirs will give at the Young Peoples convention to be held in Camrose soon

On Monday, Feb. 10th, the Mennonites will begin a series of meetings in their church. There will be a morning and evening service. Mr. Muier an evangelist from U.S. will assist the local Preachers.

The Misses Myrtle Rude, God run and Betsy Ness, who are attending Normal were home for the week end.

Mrs. Gray is assisting in the case of Mrs Ezra Stauffer.

Mr. and Mrs. John Yoder entertained the Ben Stauffer Jake King, H. E. Brenneman and O. Hershberger families at dinner on Sunday.

Dressmaking, Tailoring and Fancy sewing. Apply Mrs. Walden, Rogers Block, Tofield.

FOR TRADE—for another bird a good gobbler, one year old, communicate with Mrs Hingston, phone 902.

COLONIZATION & DEVELOPMENT DEPT

The work of this department is being rapidly extended throughout Western Canada to be of the best possible service to the public, and through its general representatives in the East in Great Britain, Norway, Sweden, Denmark and other European countries, it will be able to bring to Canada large numbers of immigrants, male and female whose assistance should become permanent and desirable settlers. The great obstacle in the past has been the uncertainty of immediate employment for the newcomer and farmers can assist colonization work by employing their help the night they arrive and if possible BY THE YEAR. The work is done without charge and no advances are required other transportation or any similar purpose. All information given is used for the purpose of informing the settler requiring work only.

Pain a Irritation Made Life Miserable

Mr John M Thornhill writes from Bienvenue, Duplex Co., N.S.:—"For two years my life was made miserable by that most painful and depressing complaint, Piles. I tried many and I never never hope for relief without operation. One of my sons was using Zam-Buk to remove a sore on his hand, and I saw how much benefit he got. I then started using it for the piles, and before I had used one box I was thankful to find I was getting relief. Zam-Buk has cured me completely, and I am now free from piles. I am grateful for what Zam-Buk has done for me, and I recommend it to all sufferers."

PILES soon banished by Zam-Buk.

COWARDLINESS

Many Immigrants Expected

Sixteen Steamship Lines With Agents In Emerging New Comers to Canada

Vessels of 16 steamship lines will assist in bringing to Canada this year the greatest number of immigrants that have come to this country since before the war. It has been announced by Canadian National Railways officials at Winnipeg. The movement commenced on March 15 at 10 o'clock in the morning when the first of these were brought across the Atlantic on the Canadian National steamship Montrose. Since only at April 1 the Canadian National steamship Montrose from Liverpool to Quebec with 1,200 immigrants on board, there have been brought across the Atlantic by the Canadian National steamships 2,000 immigrants, and the total number to arrive at Canadian ports during the month will be 5,000.

Mother's Advice

NO mother ever taught her children a more valuable lesson than the necessity of keeping the bowels regular. Health, happiness and success are largely dependent on this simple rule than most of us ever realize.

This mother advises the use of Dr Chase's Kidney-Liver Pills because she has found this medicine to be absolutely dependable as a regulator of the liver, kidneys and bowels.

Physicians have estimated that nine-tenths of all human ills have their beginnings in the sluggish action of these eliminating organs and the consequent poisoning of the system.

Not only such ills as indigestion, constipation and biliousness but also appendicitis, Bright's disease, diabetes and high blood pressure arise from this cause.

Prevention is so much easier than relief after the disease has become settled that the value of mother's lesson is at once apparent. The many houses the rule is one pill at the week-end as a regulator and preventative. Two pills are required when required.

The strong points for Dr. Chase's Kidney-Liver Pills are their dependability to produce the desired results and their direct, yet combined action on the kidneys and bowels.

It is worth remembering that colds and other contagious diseases are quickly checked by the use of Dr. Chase's Kidney-Liver Pills to help the system in throwing off accumulating poisons.

You will notice that while the price of Dr. Chase's Kidney-Liver Pills has been increased to 35 cents, the box now contains 25 pills instead of 25 as formerly.

Likewise Dr Chase's Nerve Food is 60 cents a box of 60 pills, instead of 50 cents a box for 50 pills. Edmanson, Bates & Co., Ltd., Toronto

HEART WAS SO BAD HAD TO SIT UP IN BED

Mrs. G. I. Fitzgerald 146 Rose St., St. Thomas, Ont., writes: In the Fall of 1921, I was taken ill with my heart but I did not pay much attention to it. I kept on with my housework and my heart got worse and worse and finally had to quit it. I could not lie down at night but had to sit up in a chair. I had a severe pain in my heart and I became very nervous. My friends would note over to see how I was getting on. I had tried a number of remedies but I did not get any relief. One day I was reading in the paper about Milburn's Heart and Nerve Pills and I thought I would get a box. I got a box and took them and in a week I was better. I kept on taking them and in a few weeks I was entirely cured. I am now well and I have no more trouble with my heart. I am glad to recommend Milburn's Heart and Nerve Pills to any person suffering as I did. Price 50 cents per box, or 3 boxes for $1.25, at all dealers or mailed direct on receipt of price by The T. -all you need for perfect pancakes

Make one batch of Aunt Jemima Pancakes this easy way, you'll never go back to the old way with its tedious measuring and mixing. It's done in a minute by adding Aunt Jemima Pancake Flour, you can make pancakes as fast as you can turn your hand. This is Aunt Jemima's famous Southern recipe ready mixed! Try it.

Eases Kitchen Work

To Women Who Do Their Own Work: Suppose you could save six minutes every day in washing dishes and pans—and you could save a day every week a month, this would amount to a saving of three hours of this disagreeable but necessary work. This saving can be made by using SMP enamelled kitchen utensils, as their smooth sanitary surface will not absorb dirt or grease. No scraping, scouring or polishing is needed when you use Diamond or Pearl Ware. Soap, water and a dish towel is all you need. Ask for

SMP Enamelled WARE

"A Face of Porcelain and a Heart of Steel"

Three finishes: Pearl Ware, two coats of pearly gray enamel inside and out. Diamond Ware, three coats, light blue and white outside, white lining. Crystal Ware, three coats, pure white inside and out, with Royal Blue trim.

The Strength Of A Bank

OVER one hundred and six years ago the Bank of Montreal was established with a single office and a capital of $350,000.

Today, after more than a century of conservative progress, the combined capital and reserve of the Bank amount to $54,500,000, its total assets are in excess of $650,000,000, its five hundred and fifty Branches extend to all parts of Canada, and it has its own offices in financial centres throughout the world.

The full resources of the Bank are behind every Branch

Tofield Wins From Edmonton Gyros

Tofield added another scalp to their belt on Friday when by a score of 42 to 9 took the fast famed Edmonton Gyros into camp. The game was played on a sticky heavy combed ice and considering this the game was lightning fast.

Due to the soft ice and fast play, skate bumbles were the order for the game while stream goals rushed and was free from defensive complexity. Perrier Joe Simpson refereed the game to the satisfaction of all, keeping well up with the play at all time and letting nothing escape him. In fact he was calling them close

Edmonton was the first to score. Mitchell circling round the Tofield left guard boxed a pass to a clever shot. This early piling up the Tofield for a while and it was not long before the goal judge behind Tofield net was busy. Tofield's centre Holmes was a new shot by Archie Pruden position under the same colors as Edmonton goalie having no chance to save.

With the score a tie, both teams shaking like leaves the spills were frequent. The puck was in direct unremitting and player after player over the Tofield net would seemingly bring on its way just before the whistle sounded Mr. Hitchcock, referee, blew for the defence and drawing out the goalie shot into an open net. The period ended with the score 2 1 in favour of Tofield.

The second period was full of action and both goals were constantly in danger

In a fine combination dash down the ice it looked as if a tally was certain when Smith skated out and saved before the shot proper was made. Howard Lee was going strong in this period, while Archie was going great guns. He has developed a new hook, often seen in hockey circles but is however a whirlwind. To McDonald fell the honour and glory of making the only Edmonton goal from this man's stick. Jim Lee in one rush, back however was by a clever check put our hopes on Tofield once more.

The second concluding tally was made by Archie. There was a scrap at the Edmonton goal and Archie beat the Edmonton goalie to the puck, and by a second and shot into the goal

The third period was scoreless. Both teams worked hard but were tiring under the heavy going

Farmers' Meeting

(Continued from front page)

fore. Civilization today was now highly developed, but it was trying to function with an obsolete banking system. It was a kin to expecting a wheel from an ox cart to apply fifty years ago, to successfully operate on a wheel of a modern automobile. The wheel of progress moves steadily onward things of yesterday are not the things of today. In all ages there have been men with fore sight and vision who have labored for their country's good. To day men of progress and vision are called rads or something.

In regard to the demand for the establishment of a provincial bank, the financial question was an interesting one and discussed and included all nations, east and west and unrivalled. If finan cially Alberta stood alone, it would be in favor of a provincial bank But as Alberta, along with other countries was bound up in the financial fabric of the world, a provincial bank if started would have to work under the same conditions as to-day the chartered banks we have at present. The interest rate would have to remain as unchanged. If the province invested in setting up its own currency the people would have to undergo terrible hardships. He cited Russia. He believed the rate of interest was 7 colagh in this country. The farmer had no control over the prices of his products. Farmers from

Tofield Women's Institute

There was a general business meeting held Feb 12, and considerable business transacted.

It was decided to hold only one meeting a month in future, that being social meeting to be held the 2nd Tuesday of each month, the next one to be held March 11th. Several new features will be introduced at this time and we hope to make a new record in membership for the 1936 Institute.

The library will be open for loaning and receiving books hereafter every Saturday from two to five o'clock, and a large number of new books will be bought as soon as an adequate case can be secured to put them in, as the large one we have at present is over loaded. The Saturday serving will be discontinued for the time being Mrs. Hopgood is the resigned new librarian, and will be on hand to supply your demands in reading matter with her usual smile

Farmers' Meeting

(Continued from front page)

fore. Civilization today was now highly developed, but it was trying to function with an obsolete banking system. It was a kin to expecting a wheel from an ox cart to apply fifty years ago, to successfully operate on a wheel of a modern automobile. The wheel of progress moves steadily onward things of yesterday are not the things of today. In all ages there have been men with fore sight and vision who have labored for their country's good. To day men of progress and vision are called rads or something.

In regard to the demand for the establishment of a provincial bank, the financial question was an interesting one and discussed and included all nations, east and west and unrivalled. If finan cially Alberta stood alone, it would be in favor of a provincial bank But as Alberta, along with other countries was bound up in the financial fabric of the world, a provincial bank if started would have to work under the same conditions as to-day the chartered banks we have at present. The interest rate would have to remain as unchanged. If the province invested in setting up its own currency the people would have to undergo terrible hardships. He cited Russia. He believed the rate of interest was 7 colagh in this country. The farmer had no control over the prices of his products. Farmers from time immemorial had always worked as individuals while labor had been steadily organizing for years and could now get a price on it products. If farmers would be dealing each other they must work together. Properly organized they have more power than any other body in the world The wheat pool was the first real step in the right direction If every farmer in Alberta had signed the wheat pool it was his opinion that wheat would now be worth 90c instead of 70c, and if every farmer in the three prairie provinces had signed he believed wheat would have been worth $1.00. The speaker concluded by saying that he had not got far with remedies, remarking that it was the funniest speech he had made in his life He suggested that the audience thank the president over and offer him some remedies.

Mr. Keilner M.P. was the next speaker and gave an interesting address of considerable length dealing chiefly with economics and banking. That the audience appreciated his address was evident by the hearty applause given the speaker as he closed.

Mr Campbell of Holden then spoke on behalf of the U. F. A. organization As a result of his address and the meeting as a whole the local branches of the U F A will no doubt receive inspiration and aspire to a greater usefulness

News From The Country

KETCHAMOOT

Mr. and Mrs. L. Cutler were guests of Mr and Mrs H Wildman on Sunday afternoon.

Mrs. Dave Mitchell is caring for Stewart and baby Mitchell at her home.

Mr. Martin Lawson left on Wednesday for Flint, Michigan, where he expects to remain indefinitely.

Mrs. W. Ingram returned home from the city on Tuesday

Mrs. O Barnes returned home Wednesday. Friends of Ralph are glad to hear he was able to leave the hospital on Wednesday but it is indefinite when he will be able to return home.

Mrs. Hugh Mitchell has been under the doctor's care in Edmonton for past week. Mr. Mitchell went up Friday night.

Mr and Mrs. Wilson, Mr. and Mrs. Gill and children of Lindbrook spent Friday night at the Mr Mullen home.

Miss Jean Dickson visited her parents the latter part of the week in Edmonton.

Messrs. Earl and Percy and Miss Beedie Grant, Margaret Hazen and Frank Wood were guests of Margaret Pickstock Sunday at tea time

In the midst of life we are in death, which we have recently realized in the last few years as one by one our nearest neighbors have been taken from us. The sad news happened on Tuesday night when the sad message received that Mrs. Ingram, who was taken to the hospital on Monday, had passed away. Mrs. Ingram was a splendid woman and a good neighbor and friend to all. Her sudden passing is the last suffered a stroke one hour previous. The funeral service was held on the hours on Wednesday night at 8:30. Mr. Mitchell accompanied the remains to their old home in Guelph, Ont., where the funeral service was held on Sunday.

LINDBROOK

A whist drive was given by Mrs. W. Hooper on Saturday evening Feb 2nd, 8 p.m. The ur of Lindbrook.

game started on time, being a little earlier than has been the case in the idea being to break up earlier to enable the company to catch a few hours sleep before they go to wake the owers up to milk them, some have to do the chores first but all were home" one "wanders round as in a dream etc; oh we guess you all had some wonderful fun at The Weatherill family of Tofield were present, also Mrs. Ernest Hooper of Edmonton, Mr. Ernest Hooper unfortunately missed the train but his cheery presence was much missed by all present. Miss Dolly Wechsler won the Ladies first prize and Mrs. Weatherill second re chanted with her honors past, but Mr Weatherill got the family fortunes by winning the gents first prize and received also the both totals in the Ladies and Gents heats were the same. Mr. Steve Sullivan secured a musical instrument as the booby prize in the Gents section, as he may see him playing for the dances Supper was earlier than usual and the party broke up earlier, the idea seemed that everyone enjoyed themselves and were pleased to be able to believe their pleasures was spoiled by that tired feeling which occurs on prolonged parties.

Mr. and Mrs. Lepine and family were surprised by a large party of friends on Saturday night, upwards of thirty assembled and approached the Lepine menage (not menagerie, folks, there's been enough wrong words from the motels) Menage means—or ask a Frenchman, we don't—only it's not the proper thing to say, its some kind of glorified wood for house and outhouses to roof Well as we were saying, they arrived just as the folks were retiring, so they had to postpone their retire ment until 3 or 4 o'clock mornings and in the interim a good time was enjoyed by all.

Mrs. Lancaster is still under the doctor's orders, but nothing serious, at present she is staying with Mrs Henderson of Tofield.

Mrs. Ernest Hooper of Edmonton is spending a few days with Mrs. W. Hooper of Lindbrook.

Sports Night A Big Success

On Friday night last all roads led to the Tofield skating rink as the hockey club on this night was staging its annual sports night. The rig was not long cold and those present thoroughly enjoyed the attractions put on. The evenings program consisted of a hockey game between the juniors, followed by a broom ball game between the married and single gents. Then came the farce broom ball game in which the players were gorgeously att ed. The stern lings enjoyment ended with a fast senior key game between police and town.

Tofield Bowlers Active

Five Tofield bowlers motored to Camrose on Monday, February 11th and clashed against the alley artists of that city. The visitors won from the Camrodites by a margin of twenty points. H. Bone and A. Proven directions are on each package. Fights those every-day troubles successfully. Remember the name and look for the signature of Chas. H. Fletcher.

Chas. H. Fletcher

National Economy Campaign

Public Demand For Lower Taxation Reaching From Atlantic to Pacific

Several days ago a movement was initiated in Regina which will probably be launched wide in its effect. Representatives of all classes from import and public utility companies down to the humblest workers in dockyards and mines, and to almost every conceivable calling, met in a National Economy Council. Speaking for a general consumer audience, Mr. Justice Lamont, of the Supreme Court of Saskatchewan, said it is hoped to create a body which will work in co-operation with the Government and the Legislature, and will be representative of every class of the community. The movement originated with the Saskatchewan Retail Merchants' Association, which has been in existence for a number of years, and has accomplished much good work in the province. The Council will be composed of representatives of the Retail Merchants' Association, the Grain Growers' Association, the Trades and Labor Council, the Manufacturers' Association, the Board of Trade, the Chamber of Commerce, the Agricultural Society, the Co-operative Association, the Women's Institutes, the Municipal Association, the Rural Municipal Association, the Urban Municipal Association, the Farmers' Union, the Labor Party, the Single Tax Association, the Single Tax Association, the Single Tax Association

Auditor's Financial Statement and Annual Returns

OF THE

Municipal District of Cornhill

No. 467

FOR THE YEAR 1923

I hereby certify to the correctness of this statement.

Dated at Tofield this 9th day of February, 1924.

Sgnd. McCANNEL BROS. & Co.
Auditors.

JOHN WEATHERILL,
Secretary-Treas.

Reeve and Council,
M. D. Cornhill,
Tofield, Alberta.

Gentlemen: Re Audit 1923

In connection with audit for 1923 we wish to report as follows;

School Districts: The method of levying has been to levy each year the amount of such requests against each school district. This means that the arrears of taxes have to be advanced by the Municipal District till collected. The procedure should be to levy a sufficiently high rate that the taxes collected shall be sufficient to pay the request of each district. The amount levied against each school district should be increased over request so as to gradually take up the error each year. Arrears of school taxes should be pressed if collection is to get some of these arrears repaid.

In 1922 statement the amount due from Douglas School District was shown as $2,286.25. This figure included the arrears of school taxes as well as the amount advanced from [illegible] over collection of $639.42 arrears should have been shown on statement as arrears of school taxes belonging to the school district and not due to the Municipal District.

We understand a request has been made to have the school districts billed for amounts paid in excess of collections. If you will refer to the financial statements over the period you will see that the total receipts from districts equals the amount collected, and the total paid the individual school districts equals total shown by cash statement. This being so no object would be gained by going into the matter as your council can verify these totals in connection with any or all of the years in question. It would be getting some person to spend their time checking up a matter which is self evident on the face of each yearly financial statement and would be a waste of the ratepayers money. Your secretary from his records can easily show the details of any or all of these districts.

McCANNEL BROS. & CO.
Chartered Accountants.
Edmonton, Feb. 11th, 1924.

Canadian National Railways
COLONIZATION & DEVELOPMENT DEPT.
The work of this department is being rapidly extended thru out Western Canada to be of the best possible service to the public, and through its special representatives on the East in Great Britain, Norway, Sweden, Denmark and other European countries, it will be able to bring to Canada large numbers of immigrants, tradesmen and trade who on a short time should become permanent and desirable settlers. The great obstacle in the past has been the uncertainty of immigrant employment, due to a surplus of farmers and farm assistance seeking work only.
By linking up farm help for the purpose of information the settler requiring work only.

Why Ford Predominates
Ford Resources
The Ford is the product of a well made institution which, over a period of years, has provided dependable transportation for all peoples.
Recognizing the value of Ford transportation, these peoples have purchased Ford products in such volume that the sale of Ford cars and trucks equals the sales of all other makes combined
As a result, the resources of Ford of Canada are now over $20,000,000. These resources mean ability to buy the best material at a minimum price.
They mean the ability to organize each process of production, from the purchase of materials to the completion of the finished car, on such a basis that every non-essential operation is eliminated.
The economies thus accomplished are reflected in Ford prices which, always consistently low, are now the lowest in history.
This is what Ford resources mean to you.

Local News of Interest

Cards are out announcing Tofield's annual bonspiel which will be held on February 26 7-8. There will be three main competitions and consolation event. A glorious time is being looked forward to by the curling fraternity

Two local rinks played at the Tofield hall at Wetaskiwin this week They were J Chapman, J Lee, Dr. Morrison, and Geo McLaughlin (skip). Mark Ferguson, A. C. Dodds, C. Mc-Millan, J. D. Hammerskip ; The McLaughlin rink was successful in winning the Grand Challenge but the Hannan rink was unable to get into the jewelry classes.

CARD OF THANKS

We wish to express our sincere thanks to the many friends and neighbors who so kindly gave their assistance during our sad bereavement in the loss of our beloved wife and mother. Ann Rogers and family

It is to the credit of this paper above that there was a unanimous call-down and expressed desire to clear the air and to get into the harness of educational problems. That so many individuals, as delegates will give their time, that so many ratepayers support the boards in this expenditure.

Crooks who use machine with a pair axe to grind fared ill. In all, 51 resolutions were presented for consideration and of these only 7 were passed. Of the remainder 26 were definitely defeated. 6 were tabled for a year, 1 was withdrawn as already covered by the School act and 11 were referred to the executive for further consideration.

The matter of education, as always, received a most searching and this time at least, a healthy discussion. It was felt that funds for educational purposes primary, and especially secondary and higher education should be raised over a broader area than at present While not debating just what that area should be, the convention expressed the opinion that it should be greater than the rural municipal districts and requested the government to investigate the whole matter on this basis.

Other things definitely asked for were:

The equalization of fees payable by residents of organized and unorganized districts.

The indicating by the Board of Commerce, of times for the breakdown of school age

The raising of the Poll tax on bachelors from $4 to $6

The lowering of attendance necessary to obtain the grant from 15 to 12 in rural High Schools.

The payment of the High school fees for non-resident children, of $3 per month, by the Government.

Provisions for the withholding of any immobility to children under certain circumstances

WHEN YOUR THROAT IS SORE

It may be only a slight cold now—just a tickling in the throat

But little colds soon grow large and dangerous. Often they become chronic coughs deserving careful watching and treatment. Don't wait until the cough sinks deep into the lungs and becomes one of the throat. Relieved the cough rats and the phlegm. Stop breathing easy kills any germs lodged in the bronchial tubes of the throat or lungs.

By using CATARRHOZONE IN HALF time and wrath you keep the cough from going further and thereby prevent coughs and colds from developing. Whether you get the Dollar outfit, it lasts two months, small size, 25c, sold by druggists. Refuse substitutes and Catarrhozone. By mail from The Catarrhozone Co. Montreal.

SUPPLEMENT TO THE TOFIELD MERCURY

Rural Municipal Election To Be Held Saturday

The election for Councillors for the Rural Municipal district No. 667, will be held on Saturday Feb. 23rd, owing to the change of system to that of voting by divisions, all present councillors retire from office. At the nomination meeting on Saturday last the following candidates were nominated. Division 1 Wm. Lee, division 2 Chas Holmberg, Albert Bergquist division 3, J. M. Verge, H. Spilstedt, division 4, A. J. Williams; division 5 W. Thompson; division 6, Johnstone Ferguson, Chris Moss.

It will be seen that an election for councillors will only be held in division two, three and six.

The local by-law will be voted upon and under the present system each division may have just what it desires in this respect.

Obituary

MRS. CLARENCE MITCHELL

Mr. and Mrs. Herman Glen received a wire from Tofield, Canada, Wednesday, stating that their daughter, Mrs. Clarence Mitchell had passed away, after two weeks illness following the birth of a little son, January 25th. This death brings sadness to numerous hearts outside the home circle, as Mrs. Mitchell with her sweet sunny disposition and charming personality, has a host of friends in this community, where she was born and grew to womanhood. She graduated from the Gladstone schools and was a teacher for a few years before her marriage with Clarence Mitchell. She lived in Gladstone and was an active worker in the M. E. Church and a member of the Social Bunch and Alpha Study Club. After Mr. Mitchell's return from the war in which he served in the Canadian army, they moved to Canada on a farm near Tofield, and everything was going sprightly with the family until the call of the death angel. A young husband and two little sons, besides the parents and a number of sisters and brothers are mourning the irreparable loss of their loved one.

Ketchamoot News

The monthly meeting of the M.A.S. will be held next Wednesday Feb 27th at the home of Mrs. C. A. Ingram.

There was no preaching service on Sunday, Rev. Watt being indisposed and the weather stormy.

Miss Fawcett spent last week visiting friends and relatives in Edmonton.

Mr and Mrs. Hugh Mitchell returned home from the city Monday.

Mr and Mrs. H. Sutton and family Mr. and Mrs. Jack Henderson spent Sunday at the Jos Sutton home.

Miss Anna Ingram took charge of the house work at the Mitchell home in the absence of Miss Fawcett.

Mr Mrs. Jack Henderson left Monday for Binger, Okla U.S.A where they expect to make their home. We regret very much the departure of this couple especially. Mrs. Henderson who was formerly Miss Pearl Sutton. She has lived the past fifteen years or more in our district and was loved by all. May success and happiness follow them to their new home.

Mr. and Mrs. Jim Sutton gave a farewell party at their home Monday night to a few friends and relatives, in honor of Mr. and Mrs. Jack Henderson. Those present were the Misses Norneland, Violet Ovoldose, Sutton Brothers and Mr. Percy Sutton, Mr. and Mrs. Marsh Mitchell and family.

New Businesses for Tofield

Two new businesses have made their debut to the Tofield public during the past week. One, a butcher shop, is being conducted by Mr. Hodson of Byley. Mr. Hodson is a practical butcher and has a shop at Byley. He intends moving his family down here as soon as convenient. He is located on Third Ave in the old butcher shop premises.

Another new business the Maple Leaf Cafe is now open for business. Mr. Bennett of Wainwright is managing the venture and has a well equipped business place. The building occupied is just vacated by the Dominion Bank.

A tailor shop will also shortly be opened here in the C. Kolbl house on Third Avenue, two doors east of M. W. Pincott's office. Mr. Mr[illegible]ch is the man at the helm here. He is a practical tailor and will be ready for business soon.

Next week we will publish an article entitled "The Local Newspaper," written especially for the Mercury without solicitation of any kind. It is good. We will also publish a local man's impression of the recent School Trustees Convention and an article from our own office regarding the admittance of non farmers into the ranks of the U.F.A.

Hope Of Western Farmer Is In Diversified Farming And Employment The Year Round

[illegible] A Leitch, the versatile [illegible] geology, temple, agriculture, Plunger of the Dominion of [illegible] Prodigious" at the residence of [illegible] assembled to hold Mutual [illegible]

[illegible] said progression made in agriculture is made by the individual [illegible] Leitch designed and equipped [illegible] without the aid of [illegible]. It was difficult to answer [illegible] the average cost of production [illegible] he had never found the producing costs of any two farmers to be alike. [illegible] to secure the cost of producing milk were made in one of the best dairy districts in Ontario. [illegible] was $1.93, the highest $1.05 per hundred pounds. Conditions were exactly the same, but after long [illegible] under the following [illegible] the figure the average [illegible] as near zero possible.

The cost of [illegible] was [illegible] the same period from 25 cents per bushel to 75 cents per bushel.

Apparently all these men were [illegible] and still although there was [illegible] wide variation in the cost it might be argued that these men did not make any money, but the fact of the added income from their own [illegible] made all the difference in the world to the farmer.

"A farm," said Mr Leitch, "is something like a railroad. A large portion of the land upon which the railroad has only business on [illegible]

"In Saskatchewan a man can hardly find sufficient [illegible] for himself [illegible] and keep a large growing wheat," stated Mr Leitch. "If he adds to the farm something that will enable him to work 3,000 acres a year it [illegible] his overhead and gives him a chance to [illegible] producing [illegible] what would otherwise be little [illegible] Under [illegible] a man to keep the cost of everything he grows on the farm.

Professor Leitch explained in detail [illegible] in the cost of producing all the grain and forage crops on the farm by dividing the load with the [illegible] crop. Farmers growing only wheat can estimate the cost of the crop per bushel, but in diversified farming it is absolutely impossible to determine the cost of any one product as it is a joint cost. ...

They Like Western Coal

Nova Scotia Coal Opening Ground to Eastern Market

A conference [illegible] Sir Henry Thornton, president of the Canadian National Railways, to "do the fair thing by the west" was expressed by A. M. Walker of the Alberta Distributors, Ltd., who passed through Winnipeg on his way back to Drumheller. He believed that freight rates would be brought down as soon as possible. That districts in Illinois and Northern Ontario were buying Alberta bituminous coal in preference to Pennsylvania hard at the same price, was Mr Walker's statement.

We are selling Drumheller coal at $14.75 at Sudbury and other northern points and it is being bought in preference to the Anthracite coal at the same price," Mr Walker reported. "Sixty per cent of the consumption of Sudbury is western, and this percentage is increasing all the time"—Free Press.

Why Poultry Pays

Big Increase in Dressed Fowl Shipments From Manitoba Town

That Manitoba farmers are getting away from disastrous wheat raising and settling down to farming is [illegible] indicated by the fact that a co-operative organization, formed in 1922, with Hartney as headquarters, shipped out five cars of dressed poultry from nine shipping points in 1922, and 40 cars from 25 shipping points in 1923. The birds were packed in [illegible] boxes, under the supervision of experts employed by the Dominion Department of Agriculture. The cost of handling was one and a half cents per pound in 1922.

[illegible] somewhat less last season. The prices received for last season's product for No. 1 turkeys, 34 cents for No. 2 and 14 cents for No. 3. Geese realized 19 cents for No. 1, 15 cents for No. 2, while grass [illegible]

[illegible] has been proven possible for [illegible] to set hotts to be transmitted by radio to a physician many miles [illegible]

At the age of 21 years Miss Helena [illegible] has the distinction of being [illegible] youngest chemist in England.

[illegible] a girl she is an angel, and the [illegible] ions are she will want you to fly [illegible] her.

W. N. U. 1812

Poultry Notes

Scratch Feed is Found to be Beneficial For Pullets

Good results were obtained from the poultry kept at the Dominion Experimental Station, Ste. Anne de Pocatiere, Que., by feeding a home-made mixture of scratch feed. For pullets the scratch feed was made up of one part cracked corn, one part wheat, one part oats. This grain was scattered in a deep litter of straw [illegible] and evening. The laying hens were given the same mixture but were given less scratch grain in the morning. The poultry quarters were given at this time [illegible] greater exercise with beneficial results following. In addition to the scratch feed a dry mash was given consisting of two parts wheat bran, middlings and cornmeal and one part of beef scrap. This mixture is kept constantly before the birds in a hopper. During the summer months when other green food is not available, mangels are fed daily. A slight difference was made in the feeding of the yearling hens" only one part of cracked corn was used in the scratch feed while in the dry mash the proportion of cornmeal was considerably reduced. At the end of the season it was found that the pullets in this flock gave a net profit of $2.17 per bird, while the yearling hens gave $1.66 profit per bird. The reason for holding over the birds the second year was to secure the advantages of the better results they gave in the better ability of their eggs and the vitality of the chickens.

Seed Growing in British Columbia

Industry Has Shown Development in Past Few Years

The seed growing industry of British Columbia has developed considerably in the past few years. The most of this seed is grown in the interior part of the province and with the climatic conditions such as they have there is little reason why a greater quantity should not be grown. A. McKinlay, seed production specialist, Vancouver, B.C., has divided the province into the following four districts, with suitable crops for each:

District No. 1.—Lower Fraser and lower half of Vancouver Island. Field and broad beans, beet, cabbage, celery, kale, parsley, peas, spinach, mangel and swede.

District No. 2.—Lower interior, embracing the dry belt east of the Cascade Mountains to and including the Okanagan. Dwarf beans, beet, carrot, lettuce, vine-peas, onion, parsnips, radish, sweet corn, tomato and mangel.

District No. 3.—Central interior of British Columbia. Potatoes or swede turnips, parsnip and peas.

District No. 4.—Kootenay, embracing that district east of the Okanagan and east but the main line of the Canadian Pacific Railway. Dwarf beans, beet, carrot, onion, parsnip and mangel.

New Building Material

Waste Paper Used in Building Homes in Sweden

A new building material made from waste paper and designed for ceilings and wall linings has been perfected by a Swedish engineer, and production on a large scale soon will be under [illegible]

The raw materials are ordinary waste paper such as accumulates in offices, clay and sulphate lye, the cheapness of which warrants an inexpensive finished product. The covering is said to be fireproof and durable; can be applied by unskilled labor, will take paper, paint or stain and can even be polished. It is a good non-conductor, and does not respond to changes in temperature.

Hide Disease in Livestock

Farmer, Middlesex Co.—Qhes—One of my animals seems to have some kind of skin disease. What had I better do?

Ans.—Report where to the nearest veterinary inspector. You might also write to the Veterinary Inspector General, Ottawa, for a list of skin diseases, with which is given full instructions as to preparation and use. A recently issued bulletin by Dr. George Hilton, Chief Veterinary Inspector, which can be had free from the Publications Branch, Department of Agriculture, Ottawa, will also furnish you with necessary information.

Imports and Exports of Settlers' Effects

Settlers' effects, valued at $6,691,197, were brought into Canada last year, a decrease of two millions from 1921 and about the same as 1922. Exports of settlers' effects last year [illegible] by the Dominion Bureau of Statistics at $16,508,167, marking a steady increase for the last four years.

Future Of Canadian National

Should Be On Sound Financial Basis Within Ten Years Says Sir Henry Thornton

If the present administration is permitted to carry out an understanding and an honesty as now within its capabilities the policies now governing the Canadian National Railways system, it will cease to become a burden upon the Canadian taxpayer, and in ten years it will be as efficient a railway system as there is in the world."

In these words, Sir Henry Thornton, addressing the Westminster Women's Club at Montreal, summed up his belief in the future of the National Railways and his confidence that the system can be made, not only a paying proposition, but also one that will be on a basis of equality with those other great steam transportation systems of the world which are considered as models today.

In dealing with some of the problems of the National Railways, Sir Henry stressed the need at a large volume of immigration. "I am entirely convinced," he said, "that the foundation of Canada can easily, very easily, support a population of 100,000,000. If we had 25,000,000 in this country to-day, or also millions, there would be no railway problem. Immigration is the greatest need of Canada, and we must amend the North Pole [illegible] and bend to fight sanity and the [illegible] evils of the country. It looks almost as though the job would never be done.—N.Y. World.

Amazing the North Pole

The Ambitious Programme of Our Cousins to the South

Secretary Denby announces that the real purpose of the Shenandoah's flight to the North Pole is to assure to the United States a lot of land in that forbidding quarter of the globe. "This area is certain," he says, "to be of high strategic value if we look forward to warfare and commerce in the future."

All these years we have gone along in the comforting belief that with the Panama Canal, with Hawaii and little Guam and the Philippine Archipelago, and with Puerto Rico and the Virgin Islands and whatever territory the war may have added, we were in a fairly secure position. But we were mistaken. We need the North Pole to strengthen our defenses.

After the Shenandoah expedition has explored the North Pole and addressed its fields we shall have to ask how other key fields and every three [illegible] with long range guns to protect the North Pole. Then we shall need whole cliches of bombers to keep and bases for our flying fleets. And to protect the bays and bases establish [illegible] and islands we shall need navy and of few cruisers and destroyers.

We have advanced into the Empire and barely finished conquering yellow fever and the deadly mosquito. And now we must assure the North Pole and [illegible] to fight sanity and the [illegible] evils of the country. It looks almost as though the job would never be done.—N.Y. World.

Improve Elements of Citizenship

Your Democrat Must Make Contribution to the Public Weal

An appeal for an attitude to [illegible] obligations toward this country and the Empire was made by A. M. Carter, K.C., of Toronto, in an address before the Canadian Club. An understanding of the feudal system, [illegible] obligation, so, in the modern state, the true democrat must make a contribution in some manner to the public [illegible] Weal.

The spirit of [illegible] obligation should [illegible] reserved for the affairs of the nation, but should extend into all the relationships of life, and particularly by in the respect of parentage, said the speaker. More reflection upon the [illegible] duties of those who have gone [illegible] into nations, each affected by separate problems. The same condition held true of the United Empire prior to the drawing up of the constitution, and Sir Henry felt the day would come when this condition would no longer exist in Canada.

From the trustee's point of view he was caught to do enough work to render a pension necessary.

Land Colonization Is Most Important Business Canada Has In Hand At Present Time

Wheat Rust

Magnitude of the Task Confronting the Agriculturist

There should be non-timorable public interest in the efforts being made to control the wheat rust pest. A series of conferences between officials of the Federal department of agriculture at Ottawa is being held on this subject, with a view to deciding the policy which will be followed this year to combat rust, and announcement of the plans may be made soon.

Most important is one of the big problems of Western Canada. It is a battle which attacks the growing grain and destroys it. A farmer may see his wheat fields ripening in good shape towards a large harvest, and suddenly, owing to weather conditions, rust will appear on the standing crop and the fields become mere fields of bent grass. The losses in Manitoba alone last year from wheat rust were enormous, the entire crop in some sections of the province having been very badly hit by this blight.

The problem seems to be to get a rust-resisting type of a high quality wheat and the combination comes in from the fact that there are many thirty-odd varieties of rust, and what is wanted is a good milling, early maturing wheat that is resistant to them all. This gives some idea of the magnitude of the task confronting one agricultural scientist and also the amount of encouragement they are entitled to expect in pursuit of a task so closely related to the prosperity of the wheat growing industry. At the present time the rust pest is costing the people of this country millions of dollars every year.—Free Press

$36,000 Million

Slightly over three-fourths the size of our own planet strung as a mechanical [illegible] Enough land-covered telephone cable was produced during the month of November at the Western Electric Works at Chicago to go through fifty-three globes the size of our own. This gives us some idea of the magnitude of the electrical business.

The brass drum carries a multitude of [illegible] under by the rest of the band.

In [illegible] of weddings papers describe everything the bride wears but the look of triumph.—Utica Herald

Winter Sports at the Winnipeg Carnival

When King Winter holds sway at Winnipeg the red-blooded men and women of the prairie metropolis find other things to do besides sit huddled over stoves and hot-air registers. They recognize that winter frost and snow makes possible delightful exercise with skis, snowshoes and skates, not to forget the ancient and honor some they play "at" skate and bonspiel.

Above are scenes taken at the last winter carnival which was held at River Park, Winnipeg. Special fare arrangements for carnival visitors have been made by the Canadian National Railways.

"Land colonization is the big need [illegible] of Canada," declared C. A. Mc[illegible] Grath, chairman of the Interprovincial Conference, at the annual meeting of the Association of Dominion Land Surveyors held at Ottawa. When he was asked to participate in the discussion on the report of the land settlement committee of the association. He said he had neither a paper to read nor was critical of Commissioner Cain's colonization proposals.

"I do not believe we are taking hold and settling people down to the land," said Mr McGrath, "while that message would apply to big builders and [illegible] colonization as the basic business of this country." He was not prepared to criticize government aids, but he thought there were too many street corner settlers instead of the big men of the country taking hold to the problem.

"There is room to national peak [illegible] very little evidence of [illegible] plan, from leading men in this country," said Mr Stewart. He heard lots of talk about colonization but frankly, much of it was but wasted breathing to

"We all seem so busy that we don't seem to get down to their absorb policy of colonization for this country."

Privately owned transcontinental railways, he said, had not done as much for the settlement of land as the [illegible] Canadian Pacific Railway. There were [illegible] 58,000,000 acres of privately owned unoccupied lands within 15 miles of railways in the west, and of these 22,000,000 acres were suitable for immediate settlement. He urged taxation on unoccupied lands between the railways and the railway companies' land settlement activities, and expressed surprise at the extent of the [illegible] tion which had been done as revealed in the report of the committee.

Peter Green, of the Canadian National Railways, joined with Col Ives, also in regretting that more was not made of information of the government departments.

In his presidential address Major H. Lenglas Rading remarked that probably the general public was unaware that Canadian surveyors have mapped out between 40,000 and 50,000 square miles of Canadian territory. He claimed that in this respect Canada had surveyed more territory and developed the method to a higher state of perfection than any other country in the world. In the actual work of land sub-division Canada had been able to keep up with the settlements as required.

Though the conditions of agriculture are not everything that might be desired, there is reasonable ground for a revival in the near future that should reflect upon the entire commerce of this country and work to the benefit, indirectly, of the business and professional men.

This was the message of Hon. Charles Stewart, minister of the Interior. Mr. Stewart spoke of the tendency on the part of many people to leave it to the government and leaders of the country to solve the problems, adding that some of the most valuable suggestions came to the government from unexpected quarters. He urged that technically trained men should offer suggestions when, possible to the government in matters of technical research in this country.

To Get Reliable Returns

Provinces Should Co-operate in Collection of Statistics

On his return from the conference on statistics at Ottawa recently, which was attended by provincial and federal officials, J. H. Evans, deputy minister of agriculture, Manitoba, stated he was thoroughly satisfied with the reliability of the returns made and that they should first of all be passed upon by the chief departmentals who have the local conditions, but that the subsequent tabulating should be done by the Bureau of Statistics at Ottawa where they have splendid fact files for doing it at the minimum of cost. That was the present system, and the conference agreed the system of collecting which not entirely satisfactory would have to be continued until something better could be devised.

Another thing, said Mr Evans, upon which the conference was unanimous, was the provinces would do everything in its power to assist the Bureau of Statistics in the improvement of the system.

Per idea of a modest man is one who can keep his opinion of himself to himself.

Some things are pretty bad, but the worst has never happened.

Melrose is the most thickly populated [illegible] in the world.

Unfolding Instinct

A Peculiar Situation

The Healthful Walk

WHAT is more pleasant and exhilarating than a brisk walk in the crisp, fresh air.

You breathe deeply. The blood is purified. The circulation is quickened. The bloom comes to the cheeks and you feel fine.

The vital organs are put in fine condition by walking and many ailments can be relieved mainly because the liver action is aroused.

And yet we do not walk.

It is so much easier to ride in an auto or street car. Walking is becoming a lost art.

Since we do not take the necessary exercise to keep the liver active and the bowels regular it becomes necessary to resort to other means.

The most popular family regulator is Dr Chase's Kidney-Liver Pills, for by use of this medicine once or twice a week you can be sure of the healthful action of liver, kidneys and bowels.

Our greatest danger in this age of sedentary habits is from overeating and neglecting to pay attention to the regularity of these eliminating organs.

Most of our ills come from this condition. For proof of this statement you need only enquire at the hospitals where there is always a rush of appendicitis and liver and kidney cases after the holiday season and during the winter months when we use so much artificial food and live cooped up in houses from which fresh air, carefully excluded.

You will notice that while the price of Dr. Chase's Kidney-Liver Pills has been increased to 50 cents, the box now contains 50 pills, extra of 25 as formerly.

Likewise Dr. Chase's Nerve Food is 50 cents a box of 60 pills, instead of 40 cents a box for 50 pills. Edmanson Bates & Co., Ltd., Toronto.

MRS. MARY GRAY

CANADIAN MOTHERS, YOU SHOULD BE HEALTHY AND HAPPY!

LINDBROOK

Quite a few folks from here attended the whist drive and dance held at the Woodlawn school on Friday 22nd Feb. and from all accounts it was a very enjoyable and successful affair and Messrs Joe Brown and E. Wilson are to be complimented on their efforts and generosity

We believe the vote polled here last Saturday was again overwhelmingly in favor of open range and hear that there were only two dissentient voters.

Mrs. W Hooper is a visitor to Edmonton this week

We hear all sorts of talk these days about our new production and all that kind of thing and most of us wouldn't mind at all if at this time of the year the chickens and corn would lay the theory out, one neighbor of ours has tried to make his hens work over time by feeding them some patent hen stimulant called Hemorgine. We might state whilst at it that the gentleman when this on a prize at a surprise card party and when he fed it to his hens he got another surprise or perhaps should, for one hen valiently tried to lay two eggs at once with the result that now possesses a fresh egg, one part is normal and has a smaller egg attached. We wonder what kind of a bird or birds this egg would produce.

Lindbrook school reopened last Tuesday 19th with Mrs. Leahy as teacher, no new pupils being entered this time.

We hear that we have an inventor in the district and that the invention is quite practical and of great use. Congratulations and the best of luck Mr.—You—you would like to know who wouldn't you.

BARDO

Mrs Ruda spent her birthday Feb. 23rd, with her son and daughter at Shonts.

Miss Ruby Borrom entertained the Thimble Club Wednesday.

Mr and Mrs John Yeiter and Mr. and Mrs. Joe Stauffer, were dinner guests at the Earn Stauffer home on Sunday.

Mr. and Mrs. P. O. Lavlekmo and Mrs. Arnold Steen, visited in the Jacob Bonnes home on Sunday and attended the funeral of little Edna Skognes in the afternoon.

The yearly meeting of the Cemetery Society will be held at the F. E Hills home on Wednesday March 12th. Everyone interested in our Cemetery is invited. Members who are behind in their 1923 dues, are requested by the Treas. to settle with her before that meeting if possible.

Edna Olive Skognes was born at Kingman, Alberta, on April 5th 1917 and passed away in the Camrose Hospital on Feb. 20th, 1924. Edna was taken to the hospital on Feb. 4th where she was operated upon for appendicitis. Following the operation, pneumonia developed from which she died on Feb. 20th. Interment took place in the Kingman cemetery on Saturday the 24th. Besides the sorrowing parents she leaves two brothers and a sister to mourn her early death.

The members of the Grand Forks school sadly miss a loved little playmate.

KETCHAMSHOOT

BORN—To Mr. and Mrs. L. Carlisle Saturday Feb. 23rd, a daughter. Congratulations.

Mr. and Mrs. G. B. Owen returned home Monday evening after a six weeks trip to the coast, they were welcomed home with a spell of cold weather.

Voting for herd law took place at the school house Saturday out of 60 voters only 20 cast their vote 13 for and 7 against. Mr. G. W. Sears was returning officer.

Ralph Borrom was able to spend Monday night home returning to Edmonton Tuesday.

The Local Paper---Con---

seen by the outside world in false colors.

The local newspaper will interpret the community. Not only will the picture drawn be perfect as to line but that indefinable something which runs between the lines, that haunts and fascinates in the literary masterpiece, which is present in some degree in all writings, must be true to the spirit of that community. When I read the local paper I judge the community by what I find therein. There I see an honest effort at civic moral cleanliness or I see a civic debauchery which has submerged the better elements of its citizenship, or I see, what most frequently I do see, that inert, unending selfish spirit of lack of citizenship which takes all that comes easily and gives up little in return willingly.

The ideal newspaper will guide the community. Truly the pen is mightier than any weapon of warfare and the newspaper has not started to function properly that it is not a force in its little world By honesty and accuracy of purpose and intent, it must build up until its pronouncements are read with respect, at least, by even those who oppose them Its editorial columns should not only be a clearing house for ideas, but it should be a spring from which there flows a leadership of thought that draws constantly upward

"Where," you ask, "can this ideal paper be found?" It may be found in your own home town if you will it so, for a newspaper is not produced in a print shop; it is only printed there A newspaper is what a community makes it; in spite of what a publisher may desire, unless he be one of those extraordinary souls, of which no generation ever produces more than a handful. Your local newspaper requires your financial support —the civic governing body does not permit it to hold a "Tag Day" to help defray expenses. But more important than money which after all only buys the ink and other necessary ingredients, there is the need of moral support. If all the citizens, worthy of the name, would speak as well of their local paper as conscience will permit, it would not be a great while before their loudest boasts would be of their local club or club paper.

The wise man walks in the light of knowledge and a newspaper of honest good-will is the light of his eyes. But he must help produce it, and he must help maintain it.

School Trustee Meet---Con

dueting our schools was, as at present, by the small local body of trustees.

The matter of taxation, as always, received a most searching, and this time, at least, a healthy discussion. It was felt that the funds for educational purposes primary and especially secondary and higher education, should be raised over a broader area than at present. While not dictating just what that area should be, the convention expressed the opinion that it should be greater than the rural municipal district and requested the government to investigate the whole matter on this basis.

SECOND

of the series dealing with the establishment of the BANK OF MONTREAL at representative points in CANADA and elsewhere

WHEN the Bank of Montreal opened its first office in Quebec 106 years ago, travel between Montreal and Quebec was mainly by stage coach, occupying three days in the journey. The difficulties and exigencies attending travel were such that funds were only conveyed between the two cities "at the first safe opportunity."

With the opening of this Quebec office, the Bank of Montreal introduced into Canada branch banking, one of the elements that has contributed to the remarkable elasticity of the Canadian banking system, winning for Dominion finance an enviable reputation in all parts of the world.

Of the Bank's 367 Branches, 89 are situated in the Province of Quebec.

COLONIZATION & DEVELOPMENT DEPT.

The work of this department is being rapidly extended throughout Western Canada to be of the best possible service to the public, and through its special representatives in the East, in Great Britain, Norway, Sweden, Denmark and other European countries, it will be able to bring to Canada large numbers of immigrants, male and female, who in a short time should become permanent and desirable settlers. The great obstacle in the past has been the uncertainty of immediate employment for the new arrival and farmers can assist colonization work by employing their help through the channel, and if possible BY THE YEAR. In this connection without charge and no advances are required for transportation or for any similar purpose. All information given in regard for the purpose of informing the settler requiring work only.

Why Ford Predominates

VALUE

From 1906 until 1923 the Ford Motor Company of Canada, Limited, manufactured 450,000 Ford Cars and Trucks of which 91% are still in use. More convincing proof of their absolute worth could hardly be given.

This long life means slow depreciation, unrivalled value, satisfactory performance from your Ford while you continue to drive it, and a measurable resale value when you wish to dispose of it.

Selected materials, simple design, and accurate workmanship are by-words in this long life. They explain the high utility and operating economy of the Ford when new. And they explain the ruggedness to withstand the wear and tear of daily driving year after year.

It means that the Ford gives you unusual value per dollar invested, not only this year but for a long term of years to follow—means that when you select the Ford you obtain approved security for the dollars you invest

W. I. Notes

The social meeting for March will be held in our rooms on Tuesday, the 15th. A special social time is planned for this meeting and we hope to see the rooms full. The meeting will start at 2.45 sharp, with half an hour of business, and all members are asked to be on time for this half hour. The yearly banquet will be arranged for, and a concert is being planned for an early date, among other things.

New members are welcome at any of our meetings, and several are joining at the social on Tuesday next. The usual fee of 25c. for the year is now due for the old members, as well.

We have decided not to buy the plants from outside points for our plant sale this spring, but to give the people of our district a chance and to buy of them instead. We hope to have a very large sale by this arrangement, and are sure to have the quality as well, and at the same time keep the money here.

An exchange will be opened at rooms every Saturday, starting March 16th, from 2 to 5 o'clock, for the sale of fancy work, knitted or crochet work, sewing of any kind, children's clothes, mending and baking. More will be said about this department next week. Anyone will be eligible whether a member of the Institute or not.

The library is open every Saturday from 2 to 5 o'clock.

The new officers for the year are as follows. Honorary President, Mrs. Parker; President, Mrs. Jones; Vice President, Mrs. North; Secretary, Mrs. Pincott, Treasurer, Mrs. Swift; Librarian Mrs. Hopgood; Executive: Mesdames Baptist, Dunk, Dodds, Abloo, Mahaffey and McKerrol.

The luncheon for Tuesday's social will be Mrs. Baptist and Mrs. Inmon.

PEABODY'S OVERALLS

A large shipment of Peabody's Overalls in black, blue and striped cottonade just in. While these are not the cheapest overalls made they do not cost any more than any other guaranteed overalls and will outwear nearly every other make.

Sherwin-Williams Paint

We now have our full stock of paints. We handle the Sherwin Williams Paint. This is guaranteed to be one of the highest grade paints made. We invite you to look our stock over and get our prices.

Maresse Kalmalian

We can supply you with any color required in the Maresse Kalsomine. Ask your neighbors who used it last year, they will tell you its quality. Price per 5 lb. package 70c.

Harness

This is the time of year when you will be looking over your harness. We have in stock all parts of harness, also several full sets of plow harness and breeching harness on hand for your inspection. Our price is right.

Mr John Macmillan

(Edmonton Weekly Herald)

Mr. John Macmillan has been a prominent figure in the Liberal party with that energy and enterprise that has characterized his business career and brought him from his cradling home in Kintyre, Argyllshire, to the position of being one of the leading men in the Province. He is managing director of the shipping company of Shaw, Savill and Albion. Mr. Macmillan came to London 38 years ago, and all that time he has been one of the best and most active and benevolent friends of every Highland and Scottish institution and movement in the Metropolis. He generously responds to his country and to his friends in their every need. He is a member of the Highland Society, and a member of the Scots Corporation committee. He remembers only a few of the needy old heroes he has interested himself in to get. Already he is putting new life into the Liberal Society, on which he has just been appointed president. His Gaelic is as pure and fluent as in the days of his boyhood. He has been the responsible and friend of many a young Highlander in the Metropolis, and enjoys the fierce ship of coming Scots. He is one of the biggest customers men Argyllshire has produced.

A blast drive was held at the home of Mrs R. Dawson on Tuesday Feb 20th when a number and Bridge were enjoyed by a jolly evening. After cards there was served a delicious

W. I. Notes

The March social meeting was held in the rooms on March 11th, thirty three being present. Of this number thirty joined for the year. The first half hour was taken up with business, after which Mrs Baptist read very acceptably for the next half hour from the book entitled "Pearsal" while most of those present did mending, knitting or handiwork of some sort. A very fine lunch was served later and a pleasant time spent over the tea cups. The next social will be held Tuesday April 8th.

The annual banquet will be held in the rooms on Thursday March 20th at 7 o'clock. All members please take notice and don't forget to bring your fairy tale along to be told around the festive board.

A concert is being arranged for Thursday April 3rd to be held in the Variety Theatre. There will be an unusually good program, with our best talent at the

VARIETY

"The Girl of the Golden West"

"Love a Bandit and hiding him, eh? That won't stop us hanging him, Girl."

Still she pleaded for Ramerrez, the wounded outlaw, to Jack Rance, the gambling sheriff, who loved her, too. "You can't take him from me"

The Sheriff saw his chance "Best of three poker hands for him, Girl, but if I win, I get you, too."

Two deals. A sun for each. The breathless third

"I win I win" You can't beat that" The Sheriff showed three aces

The girl, white lipped, picked up her cards with a prayer and—

Well, they never know what might happen in the Old Days, the Gold Days, the Days of '49

Sports Night Complete Success

The second sports night to be held this season was held at the rink on Monday evening. There was a good crowd and the different events were played with promptness and despatch. The evening opened up with a twenty minute public school hockey game which was followed by a high school game in both of which the future Keats', Lablondes' and Scotts' displayed their wares The ladies then took the ice and thrilled the crowd with their presentation of the national winter sport. This was followed by a farce humorous game between picked teams of local speed demons, many of whom in order to escape the attentions of managers McKenzie, Turner, Lalonde and Patrick, were effective disguised. Ball swatters Beare, Dahl, O. B. Elliott, Noland and Hall men were gaily attired and created roars of laughter Then followed a broom ball game between Ketchamont and Holly Rollers This was fast, furious and the old ball was given a rough twenty minutes. This was followed by a broom ball game between Bert Calvert's Dandy Dandies and Jack Jones' Bert was impersonating Charlie Chaplin and it is safe to say Charlie himself could not have acted better. A Hingley was sustained as an Irishman and H. Ward as a tramp The last item on the program was an exhibition of real hockey, the local teams dishing up fast steaming and classy combination Much credit is due to the officials of the hockey club for the efficient manner in which the events were pulled off.

The United Sunday School of Tofield had an attendance of 105 on Sunday last The officers and teachers heartily appreciate the cooperation of the parents in this matter and we should be very much pleased to have an adult class formed in the school I is, we believe, would be the means of inspiration to both the Teachers and members of the Bible School.

and a short sketch entitled "Popping the Question"

Our exchange will be open beginning Saturday March 15th anyone in town or country is invited to bring in sewing, knitting crochet work, fancy work, canned goods, or in fact, any thing one has at other women may wish to buy In this way we hope to get women or girls to secure a little extra pin money. The library is open today Saturday also from 2 to 5 o'clock. Mrs. H Roberge was appointed assistant librarian to Mrs. Hopgood.

DO YOU KNOW THAT---

Communication

(TO THE EDITOR)

Dear Sir:

For years we ashamed and demaned here about a Community Club, Library or some other such institution, nicely furnished, where we could meet social fly, Organizations were formed funds started, but always with the same result, the dream faded out. But while we were all asleep and had forgotten, something was going on, and before we realized it, The Tofield Women Institute had bought their own lot and building and had furnished the building, had a Library and all other necessities of home nursery And it had flourished and was appreciated The unexpected and supposedly impossible has happened, they actually had a Community Hall, Library and meeting room of our own in Town, But the man nature started to play its little game, that which it does every so often, that which it has done all over the Province recently to Institutes, Boy's and Girls clubs, lodges, churches and other social organizations, it injected a slow malady, result lying in a gradual dying off of interest, Ladies found themselves facing the question

Shall we come up? Fortunately however a revival is taking place and the merest suspect shortly to again have a live organization But what would we as business men have thought of ourselves had we stood by, and through lack of moral and financial support, allowed this institution to die out? It could then truly have been said that we did not deserve to have anything This is no longer the Wild West, we must get busy and build up, support our village to make towards permanent homes and comfort, not only for ourselves but for the rising generation.

Let us therefore be prepared to give our best support both moral and financial to this Institute, this Community Club, this Library, this social meeting place and put it on its feet. Let us keep out the appearance of "I'm old, I don't have to shave a patch on my pants to Jake, I'm all in my how," like an old man and keep out the appearance of "That same, same figure and the knitters on my hat, my complexion, my green stockings and the rat in my shirt like an old woman. Having made this last remark I am now taking for ward the speech where I will reside for a week.

Raymond W. Pincott.

The United Ladies Aid will hold a St. Patrick tea and sale of home cooking and aprons at the Institute Rooms on Saturday afternoon, March 15th.

Home given away free. See Hobson's ad on back page. Something for nothing at last. Don't miss this chance.

A few friends and neighbors gathered at the Marsh Mitchell home on Tuesday evening to spend the evening with them before their removal to the Bardo district

The Wood family and Misses Margaret Dixon and Marguerite Forrester were guests of Mr and Mrs O. R. Owen.

There has been a great deal doing at the rink this week The soft weather causing the cancellation of the regular hockey spiel, it was decided that as soon as weather conditions would permit to hold a mixed local spiel The event commenced on Friday evening last To date rinks skipped by Messrs Dunk, Chapman and McLaughlin are in the fours of the grand challenge; the rink skipped by C. McMillan in the fours in the Terwilleger shield, and the rink skipped by J. O. Jobb has reached the finals in the Hammond competition The spiel has been a great success and those participating have had some splendid evenings enjoyment.

Social Tea and Whist Drive

Mrs. C. M. Simmons entertained the Ladies Curling Club and a few intimate friends to a Tea and Whist Drive on Tuesday of last week, from 3 to 6. Mrs. W. C. Swift won first prize while Mrs. Noland won the Consolation. The rooms were prettily decorated with purple hyacinths and the tea table centered with pots of purple and white mums, the Chrysanthemums. The guests present included Mesdames, Allen, Agnew, Beirnes, Bare, Ball, Calvert, McCauley, Carter, Todd, Dunk, Lane, J. Lee Sr, McLaughlin, Jute, Henderson, Gordon, Pincott, Inmon, Emery, H. Begger, E. H. Jones, McKerrol, Ward, Dobbs, Warner, North, Donaldson, Swift, Morrison, Bain, McMillan, Gray, Hannan, Clatterbuck, Hingley, McClurg, Chapchildren and Mrs. Cook returned man, Hunter, Noland, Hopgood, Mahaffey and the Misses Emery and Whitlaw.

Mr. and Mrs. S. Bailey have returned from their trips, east and west respectively (Ontario and B. C.)

Tofield Win From Junior Eskimos

(Edmonton Report)

The Tofield Town hockey team defeated the Edmonton Junior Eskimos 4 to 2 in a hard fought game played at the Tofield rink on Friday night last. The ice was sticky and as a result the play was not so fast as that usually dished up by rath or town. About four hundred people were out to witness the game, including some Edmonton fans who journeyed down to root for their favourites.

The game was Tofield's from the faceoff. It is possible that they had the advantage in that they were used to the size of the rink, but they had a better team on the ice. The Edmonton team took some time to warm to the game and started they gave a fair aggregation a warm run. The two attempted to team to score first this period when McLennon did the trick after thirteen minutes of fast play. McIntosh for Tofield followed it in a few minutes later and a half minutes later. At the close of the period Tofield had a decided edge on the play. A weak defence gave the Eskimos a chance to tie the score but Tofield soon took the lead again when T. Holditch broke into the clear and with a fast goal shot beat the goalie.

This period saw the scores tied three times, Tofield scoring the first two goals in quick succession. Play was fairly even in the third period, Tofield having a slight edge on the forward line. Bissett scored the only goal of this period, when the three man combination of Tofield broke through the more fast strong Edmonton defence and Bissett got the puck in. Real trip. Thus the game ended gloriously for the Tofield team. The Edmonton team did not stop for gas fare wells and nothing a stand was made but managed to catch the train for their old home town.

Referee Agnew of Tofield refereed the game

Lower Ross Creek

Mr. I. Schacher has rented a portion of the Trenk ranch and intends moving on it in the near future

Mr C. Wolf of Sellman district is moving on to the farm vacated by Mr. Schacher.

Mr. G. Schacher is building a new house on his quarter preparatory to moving to. He will be succeeded by Mr. White of that district.

Mr. S. Hafner has rented what is locally known as the Anderson eighty and is moving it shortly, he also intends handling a portion of the Trent ranch

Mr. E. Hardy is moving to town and Mr K. Lindeman is an adjoining to work the farm rented by Mr. Hardy and with [illegible] ranch

Mr. Ralph is moving from the district to Radway Centre, where he has bought a farm, and the Pelican boys have gone and done like wise. They will be missing soon also.

The final dance of the winter was held in the Summer School on Friday evening, March 7th A fair crowd was present and a good time enjoyed by all

Mr and Mrs. Byrbuck and family of Chipman were the guests of the Schacher brothers recently.

Mr. P. Boychuk Jr. of Dinant was a visitor at home during the latter part of the week

A violent epidemic of spring cleaning has broken out in the Lower Ross Creek district this month.

COLONIZATION & DEVELOPMENT DEPT.

The work of this department is being rapidly extended throughout Western Canada to be of the best possible service to the public, and through its special representatives in the East, in Great Britain, Norway, Sweden, Denmark and other European countries, it will be able to bring to Canada large numbers of immigrants, male and female, who in a short time should become permanent and desirable settlers. The great charm in the past has been the uncertainty of immediate employment for the new arrival and farmers can assist colonization work by employing their help through this channel and if possible BY THE YEAR. The work is done without charge and no advances are required. A stamp state size for any similar purpose. An addressed is given is used for the purpose of reforming the letter requiring work only.

Why Ford Predominates

A Triumph of Mechanical Simplicity

The Ford is without superfluous parts, yet has everything needed for efficient operation.

Like all great engineering accomplishments, it has progressed through simplification—the reduction to fundamentals.

This process of simplification has brought into being many of those distinctive features which are found exclusively in Ford cars. The Ford planetary transmission and throttle control are among those features.

Experts agree that they are ideally suited to the small, light car.

Another feature is the Ford magneto, so remarkable in principle and so successful in practice that a complete unit was recently presented—by request—to the Smithsonian Institution.

There are many such features, but these are sufficient to indicate the sound foundation upon which engineers have constructed the Ford to be a triumph of mechanical simplicity.

Mr and Mrs Norman Ellis returned home last week from their visit to the Coast. Mrs. Joe Ellis and baby Norman accompanied them. Mr. and Mrs. Joe Ellis being so well known around here we feel that you people will all know what we mean.

Mr. and Mrs. Lesby gave a dance in the school house last Friday 7th March in honor of Mrs. Joe Ellis of Victoria B. C. The dress [illegible] the popular music and dance. Some stood around the side looked as if extra hard times didn't bother them any. Ladies made some tasteful appearance of flowers, chinese combined with Buggy rings. Miss Wilde took the Red prize for the best looking costume, and Mr. Chas. Wentlow the Pink. Supper was a making a delegate on the line, several the first getting place. Mrs. Wm. of Edmonton and Mr. W. E. Hooper acted as judges and they both said that it was a rather difficult thing to judge the contestants being so well dressed. Splendid. Orchestra provided the music and Mr. Chas. Wentlow acted as M.C. Everybody enjoyed themselves and a jolly time was had. Some say it was one of the chief events of the season. Dancing was kept up until the wee sma' hours and [illegible] to come back before the spring work starts, so get busy and get your crowds to carry them over. Don't forget the date.

We hear that the Rev. Arthur Walton of Tofield gave the school children at this week-end a splendid entertainment [illegible] lecture on Italy. Pound have been A [illegible] week-end [illegible] Pleasures, Pyramids and Sphinx and that feels it's now time to send our bright wealth on [illegible] to Tofield for them to purchase them any day. The groom-up would like to take Dr. [illegible] to [illegible] ing Mr Walton for his kindness [illegible] to the kiddies at home. Ed.

Indigestion

The most discouraging feature of serious indigestion is the fact that it does not tend to right itself. The nerves continue to grow weaker and weaker because the digestive system is not supplying proper nourishment. This digestive system fails for lack of energy.

The next thing is to restore it by some other means and this is where Dr. Chase's Nerve Food comes to the rescue.

It revitalizes the wasted nerves and builds up the nerve energy which is essential to the healthful working of the digestive system.

You will notice that while the price of Dr. Chase's Nerve Food has been increased to 60c. the box now contains 60 pills instead of 50 as formerly.

Likewise Dr. Chase's Kidney-Liver Pills are 35c. for 35 pills, instead of 25c. for 25 pills.

First Monthly Meeting of Rural Council

A regular and first meeting of the Rural Municipal Council was held at the Municipal Office on Thursday, March 6th.

The report of the returning officer giving the result of the election for councillors also bylaw 29 was heard. The following councillors were elected, Division 1, Wm Lee Division 2 C. Hodnberg; Division 3, J. Verge; Division 4, A.J. Williams, Division 5, Wm. Thompson and Division 6 Johnstone Ferguson. The bord by law carried in divisions 1, 5 and 6 and was defeated in divisions 2, 3 and 4.

All the councillors took the declaration of office. William Thompson was unanimously appointed reeve.

J. Weatherill was reappointed Secretary Treasurer

The auditors report was read and accepted

A motion that the Tofield Mercury be given $50.00 to print the minutes as appearing on the minute book for one year was defeated.

Dr. Smith of Lamoure was appointed Medical Health Officer for Division 2 and Dr. Bain of Tofield was appointed for the other divisions.

A by law authorizing the municipality to raise $5000.00 by way of loan, was read a first, second and third time and passed.

Some communications were read and accounts passed after which the council adjourned.

Lakeshore

A very successful dance was given by the Tiedeman brothers in the school house on Friday night Everyone reports a splendid time.

Mrs. Lacy Plants and baby daughter of Kotchaman district are visiting at the H C Phillips home.

Miss Ella Tiedeman went to Ryley on Saturday evening where she has taken a position.

Mr. H. Est sustained a stroke of paralysis on Friday morning last. Hopes are held out for his almost complete recovery as the stroke did not appear to be a very severe one we are pleased to say.

Mrs T Jones and baby daughter came home from Edmonton on Friday

Mr and Mrs W Abernethy received a letter from their daughter Mrs. Herbert Hart man of Washington U.S.A. last week, in which she states that in their part of the country, the copy of the - Tofield Mercury is a much read paper being read by the A.A.Harriman, C Harriman, Ronald Harriman and James Giffin families after they have finished with it.

M. Mecklenberg the well known eyesight specialist will be at the Royal Alexandra Hotel on Thurs., April 17th. Edmonton address, Hodges Block.

Bert McIntosh Leaves for Bigger, Sask.

This morning (Friday) Bert McIntosh left Tofield for bigger, Sask. where he and Mrs. McIntosh will in future reside. Mrs McIntosh left a few days ago, spending a few days at her home in Edgerton before proceeding on to Bigger. Bert is opening up a creamery there.

Since coming to Tofield four years ago, Bert has taken great interest in sport, being captain of the hockey team for the past four seasons and for two seasons coaching for the baseball team. Both as a hockey player and business man, he was universally liked and it is with no small amount of regret that we record his departure. He was also an active member of the I.O.O.F.

Last evening he was made the recipient of a hunting case watch, suitably engraved, presented by the Tofield Hockey

AT THE

With love by Betty Compson as the society girl who prefers a crook to her rich lovers. The great supporting cast includes: Blanche Hughes, Kathleen Clifford, Allan Hinton and Walter Long.

Also a Comedy

Imperial Oil and Tofield Play To a Draw

What will most likely be the last encounter between the Imperial Oil and Tofield Town hockey teams took place Tuesday evening. The game was fast and full of thrills and ended in a tie 0-0.

The last period nearly commenced when Bissett playing defence, was knocked out in a collision with an Edmonton player. Medical aid was sought, but he was unable to resume play. This delayed the game and five minutes had to be taken off the last period to enable the Edmonton boys to catch the train home.

The Imperials had a strong line up having three fresh forwards to draw upon while Tofield only had one sub.

The first period opened up fast and in less than a minute the Imperials were one up, a shot from Graham's stick beating Smith. The terrific play was even but the Imperials were shooting more frequently. The period ended with three more goals two from Bissett and one from Graham. Tofield started scoring also. Finding their feet on the ice they shot that game Home no chance. The period ended 4 in favor of the Imperials.

The second period was the best hockey of the night, both teams resorting to combination play. Tofield drew first blood when McIntosh on a nice individual effort, beat Howe. Howe and Lee, for Tofield then scored which in turn was followed by McIntosh again beating the net from a pass by Richard Lee. This last goal iced the cases and when Bissett put in another, though looked rosy for the Imperials. Graham then beat Smith by nice individual work, the shot giving the goalie no chance.

The period ended with score 5-5.

The last period had just commenced when Bissett was injured which delayed play for five minutes and weakened the Tofield line up. Tofield scored first. Carmichael checked an Imperial net taking down the puck passed to McIntosh, who placed it behind Howe. The Imperials came back strong and scored from a scrimmage in front of the Tofield net. The goal was of the tough variety as you could see the line not might have come from any body's stick. Both teams set a hard pace for the last five minutes of play but the tie was not broken.

The line up:

Club and the Tofield riniers.

Along with his many friends we wish him every success in his new venture.

U. F. A. SOCIAL

One of the most enjoyable social gatherings held at Tofield this winter took place on Friday night last. Whist occupied the greater part of the evening, and a short vocal and instrumental program was also presented. Held under the auspices of the U.F.A., the farmers were out in good numbers and with a goodly sprinkling of town folk, a splendid time was had. Mrs. G. R. Owen won the ladies first and Bert Lovell the gentlemens first, while Mrs. W. Holberg and Joe Olsted, won ladies and gents consolation respectively. The program was: Mrs. Hingley, recitation, Bert Calvert, violin solo, Mrs. Pincott, solo, Mrs. Waddon, reading, Mrs. Pincott, solo, T. R. Murray. Addresses were given by G. Abernethy and J. D. Beeson, Chairman, A. Hingley. It is hoped that this is only one of many future gatherings of this nature.

Women's Institute Banquet Much Enjoyed

The annual banquet was held in the rooms on Thursday night March 20th, and the long tables were laden with good things prepared by the two executive and a number of old members. The president, Mrs Innes, gave a very appropriate opening to the gathering, and Mr. Baptist gave a fine outline of the work of the Institute. After the toast and coffee, the company was requested around and create laughter. A trio comprised of Mesdames Ward, Waddon and Pincott gave a vocal number, after which Mrs. Pincott gave a reading entitled "The Maiden on the Blind." A good book was presented to each of the retiring officers, Mesdames McInally, McKerrol, Parker and Innes and Mrs. North gave appropriate limericks for each, after which the National anthem was sung and a pleasant evening closed. There were over forty members present

Found Money

All those who have lost money in the rooms on Thursday night March 20th, and the long tables were laden with good things prepared by the two executive and a number of old members. D. WORTON, PUBLISHER

WHY THE GRADING

The growers of Vegreville have decided not to buy eggs, as they do not think they can do so without violating the law. Regarding the grading of the farmers produce to the Vegreville Observer has the following to say:

Looking over the matter of grading with common eye, it is surprising how wonderfully well the producer of food stuffs is tangled up now in rules, regulations, grades, marks, etc. in everything he has to sell. Wheat, oats, barley and rye are graded, never by any chance by himself his hogs, his cattle, his sheep, his eggs are all graded by someone e. Oil land, we cannot recall a single product of the farm which is not lashed down tight by some regulation or other when sold or sold.

It is possible that all these regulations are both necessary and desirable but isn't it singular that while the public is amply protected against the misdeeds and peculiarities of the latter, the same protection is not extended to the farmer in what he buys not by any means. Has food for the farmer as it now stands is all loaded against him.

If we buy a farm produce, the quality and grade must be there or the farmer loses out but on the other hand we can sell a farmer nearly anything or everything without being checked up; he can be whipsawed coming and going.

Somehow or other the rule of graduated deal handed the farmer should be strengthened a bit. But no one seems to know how it can be done.

Lindbrook News

A dance was given in the schoolhouse here on Friday evening March 14th the dance being Mr John Lindberg Sydelnik orchestra supplying the music and a nice round supper filled to enjoy it which to all accounts they did and report that everything was quite as it always is at these Lindbrook dances.

Mr. J Leahy was a visitor in the city this week. Mr. Leahy suggests that it was business that took him there but we also hear that he went to sell him self to some of the Commercial Graders Alberta Ladies Curling Basket Ball Match. Oh you Jack! We should never have thought it of you a staid and married business man. Still he returned home safe and sound Sunday morning so we conclude all's well.

Miss Maisie Kortsmeier was a visitor to relatives in Ringman over the week end

Mr and Mrs Olsen of Lake Majesty district are visiting at Mr Lindgrens home here they came especially to participate in Mr Lindgrens birthday festivities, 17th of Old Dreiland

Messrs L. Pointer, W Harris, and A Whibley gave a whist drive on the evening of the 17. The affair was held at the residence of Mr. and Mrs. A. Scott who kindly lent the boys all they needed in culinary ware, furniture etc, bachelor apartments do not usually boast a surplus of these articles. Eight tables were played and three prizes both to ladies and gents were given. Miss Dolly Woolake won the ladies first, Mrs. J Lepine, the ladies intermediate, and Mrs. Burton triumphantly claimed the booby. Mr. J. Wonnecroft secured the Gents first prize, Mr. P. Holland the gents intermediate and Mr Norman Ellis was tickled to death with his lucky prize which was a bed (or rather two of a kind). The refreshments were served by the boys and we congratulate them on their tea and coffee, Mr. L. Pointer's end foo was de luxe but W Harris thought he was making tea for Sergt Major, get me? About 2 a.m. the fun was over and everyone went home feeling that it was an evening well spent and enjoyed.

The congratulations of the district are extended to a well known couple here Mr Marlow and his wife Mrs. Marlow nee Miss Annie Grant. They were married in Tofield on Monday by the Rev Wagar of Tofield. The bride was given away by her father and Mrs Geo. Weatherill was bridesmaid and Mr George Weatherill was the best man. What the bride wore, we don't know, ladies, not being versed in descriptive literature on fashions etc, but the local man informs us that it was a nice little wedding, we hope long life, health and happiness to you both from all your friends and neighbors of the Lindbrook district

TOWN OF TOFIELD

Assessment Roll, 1923.

Notice is hereby given that I have completed the Assessment Roll of the Town of Tofield for the year 1923. I am also in possession of the Assessment Roll of the Village of Ryley for the year 1923. Both of these Rolls have been prepared and I am open for inspection at the office of the undersigned Secretary-Treasurer of Town and Village, from 9 o'clock in the forenoon until 5 o'clock in the afternoon, and I will be at my office on every day which is not a Sunday or Statutory holiday, except Saturday next (and on that day from 10 o'clock a.m. until 12 o'clock noon) for the purpose of hearing appeals against assessments. Those intending to appeal against their assessments should bear in mind that no appeal will be heard unless notice of such appeal has been given to me in writing at least ten days before the Court of Revision.

Dated at the Village of Ryley, this 17th day of March A.D. 1924.

J. W. Chapman,
Secretary-Treasurer.

MORTGAGE SALE OF FARM PROPERTY

Pursuant to an Agreement and Order for Sale dated the 14th day of March A.D. 1924 made in the matter of the Estate of Thomas Hodge, deceased, and in the matter of the Trustee Act, there will be offered for sale by Public Auction at the office of Donald L. Bain, Auctioneer, Tofield, Alta. on Saturday the 19th day of April A.D. 1924 at the hour of 2 o'clock p.m. the following lands and premises:

The north half of section twenty-six (26) in township fifty-one (51) range twenty (20) west of the fourth meridian in the province of Alberta.

The said premises are situated about one and one half miles from Tofield, four miles from Ryley and two and one half miles from Lindbrook.

There is a good house, barn, granary, stable, well and about 80 acres under cultivation.

The said premises will be offered for sale subject to a reserve bid and to the conditions of sale to be then and there produced.

For further particulars apply to the undersigned Solicitors for the Mortgagee.

Dated at Tofield, Alberta, this 17th day of March A.D. 1924.

Bain & Buchanan,
Solicitors for the Mortgagee.

THIRD
of the series dealing with the establishment of the Bank of Montreal in representative points in Canada.

IN OTTAWA

OTTAWA, the political centre of Canada, and prophetically designated by the late Earl Grey as the possible centre of the British Empire of the future, never dreamed of the brilliant destiny in store for it when the Bank of Montreal established a Branch there. 81 years ago

Canada in that time was in many respects a very unsignificant, consisting of half a dozen provinces with differing laws, tariffs and currencies. And Ottawa was only a lively little lumber camp called Bytown.

Today Ottawa is not only the name of a beautiful city, but is also a synonym for the voice of a nation—like Downing Street and the Quai d'Orsay.

The name of the Bank of Montreal, too, has enlarged in significance in the intervening years. It is now recognized as the talk of a nation-wide institution ranking among the leading banks of the world.

Potatoes!

The average seed farmer in Canada plants half an acre. That is not the way of a special potato. Here it is. The "SMP Potato Pot." The chief thing, of course, is the water. Simply fill it without removing cover. Note the handle. It is the cover one. You can drain off water leaving potatoes steam and dry without spilling potatoes or scalding hands. Nothing at last proves as handy or as good a utensil. Note the trade mark on the pot. Be sure you get

Mrs. Mahaffy Passes Away

The death occured at the home of her daughter Mrs. J. Morton on Monday, March 24th of Margaret Mahaffey, well known resident of Tofield, at the ripe age of 77 years. Mrs. Mahaffy had been ill for some some months past, suffering from cancer, but bearing the pain and suffering of this disease with patient fortitude.

Margaret Mahaffey was born in Iowa 77 years ago. After being joined by her brother James F. Mahaffey, the couple moved to Kansas, thence to Oklahoma, from which state they came to Alberta 18 years ago settling at Tofield. Mrs. Mahaffey survived her husband by about seven years.

She leaves to mourn her two fifty sons, Frank, now resiting in Idaho; Harry, now at Tacoma Wash., Omer, of Edmonton, Alberta; Morris, of Longview, Wash. Elmer, of Prague, Sask.; three daughters, Mrs. J. Ogg of Edmonton, Alta.; Mrs. J. Short of Edmonton, Alta.; Mrs. J. Morton and Mrs Ruben Wilson both of Tofield.

The funeral was held on Tuesday from the Tofield United Church, Rev. Watt officiating. Interment took place at Tofield cemetery.

By special request of the deceased there were no flowers.

CARD OF THANKS

The family of Margaret C. Mahaffey wishes to extend their sincere thanks for the many expressions of sympathy and floral help received during their recent bereavement.

Sixteen Hundred Weiners

At Stutzman's sale on Monday, there was an excellent crowd, almost 500 people being present. Sixteen hundred weiners were consumed besides mountains of bread and cream of coffee. Prices obtained were very good the total amount being about one thousand dollars over the estimate.

At the last annual meeting of Toronto of the Canadian Rhodes Island Red Club Mr. J. Kalled of Tofield was elected vice president of the club

Messrs A. A. Chittenham and D. H. Todd are in Edmonton this week serving on the jury.

Mr. H. Byron Tofield, who is working in a creamery at Kiteley is in the hospital at Lloydminster. He underwent an operation for appendicitis

Mrs. Wm. Rowland arrived home on Tuesday morning from California. While there she was entertained former Tofielder Mrs. Sunday she was commuting by the seashore. Mr C. H. Harrison sends in a bunch of straw which germinated in the rent government test for wild oats. The bunch was grown from 2nd generation seed. Germination 99 per cent. R. D. [illegible] phone 802

At the last regular meeting

of the town council the agreement to sell E. Hardy eight acres of land just west of the school was ratified. All our readers know of Mr. Hardy's success in the poultry industry, the specializing in buff Orpington chickens. Heretofore it has been inconvenient for him to keep shipping birds to the station as shown by the decision of Brock both before and after. Inside time was ultimate would come. Under the circumstances of a man with Mr. Hardy's experience of quality coupled with the right acres will no doubt become a model poultry ranch, one that both he and the citizens of the town and district have just cause to be proud of.

Manager Bellamy has left the Dempsey Firpo fight in France for Wednesday April 9th

Whip your old worn out machinery now and buy your local. Machinery is made from a junked automobile and more which germinated in the rent government test for wild oats. The bunch was grown from 2nd generation seed. Germination 99 per cent. R. D. [illegible] phone 802

Seed Wheat For Sale

I still have some 300 bus. of wheat grown from registered seed. The wheat made 55 bus. per acre last year. I have this all cleaned and GRADED I mean by graded, all the small kernals taken out which ensures you a strong start. There is only one way to lessen the cost of production, that is to increase the yield. You can do that to a large extent by grading. I am offering this wheat for $1.10 per bushel cleaned and graded, and $1.25 per bushel, registered, put up in sacks and sealed. **The wheat graded No. 1 by the Seed Laboratory, Calgary.**

The government inspector will be here in a few days so get your orders in early. Telephone 1104 or drop me a card

ADVENTURE

TWO BRITISH airmen hoping off on a globe encircling tour Macmillan ensconds to the north pole by aeroplane the Shenandoah, American giant airship ready for a trip to the top of the earth all proves without doubt that the age of adventure is not dead, that the age of discovery is not past and that for those adventurous souls, kindred to Drake and Raleigh, Scott and Peary, to whom everyday life at home was too tame, there is still adventure abundant, a waiting. It is true that there are no new continents left to conquer and the imperialist who would plant his country's flag upon unclaimed territory must search long and diligently, and then at the best, be only rewarded with a tiny island. At the present moment pleasure bound made for another ascent of Mt. Everest in Nepal, the world's highest mountain, over the summit of which the lure is so rarely that every effort is an exertion and easy goes is to be supplied to the climbers. Where the winds unceasingly blow the fleecy snow and where among other things were discovered whist ling rabbits.

But there are triumphs to be won still. Undiscovered The [illegible] breeding of Marquis [illegible] worth a coal mine [illegible] humanity—Pasteur [illegible] of innoculation [illegible] worth much more quietly consigned them to the cupidors. Even so, the ever-increasing member has nothing on the new lands to say the part Cornhill Course [illegible] But the generosity of Rose

Thompson this body was, some time ago, and we believe is frequently regaled to real pepper mints. The problems regarding taxation and other matters being solved with inspiration derived from the fragrant mint The lung was in the centre of the table from which each council ke withdrew inspiration at will The Secretary man was fortified with a five cent bar of Fry chocolate.

Lindbrook News

Owing to inclement weather news is scarce and seeing that probably all opinions of the weather being unanimous no good will be derived from reading a "write up" on the subject.

Despite it however a few of our residents took in the Odd Fellows Dance in Tofield last Thursday and report it excellent and feel well repaid for the trip.

Mr. A.Scott has been spending a few days away from home on business.

Miss Audrey Hooper returned home on Saturday from a visit to relatives in Edmonton.

We regret to announce the death of Victor Dunmore, age 14 years, who died at Edberg, Alta. Sunday, March 30th. The interment will probably take place at Dalhousie. Deceased was well known in this district and is survived by several relatives living here. Mrs. Campion, his sister left on Monday for Edberg.

Barks Budget

Mrs. M Finseth and Miss N Rude spent the week end with their sister Phyllis Rude, who is attending Normal at Camrose.

BORN To Mr. and Mrs. Maurice on Friday, February 29, a daughter.

Emil Rude loaded a car with oats, at Barks, the first of the week.

In spite of the bad roads a full house was out to hear the Quarterly Programme at the Mennonite Church on Sunday morning.

Miss Hazel Benning is on the sick list, so the lower room at the Barks school is having a vacation.

Joyce, the infant daughter of Mr. and Mrs. Williams has been sick for several days.

Several families from Barks attended the convention held in Ryley on Sunday, Monday and Tuesday.

Meat Shipping Assn. Holds Meeting

A drive for 2400 shareholders was decided upon when some forty members of the Canadian Co-operative Meat Export association held a meeting at the King Edward hotel on Wednesday. From all indications, this organization plans to take an important part in the movement to market the surplus cattle of the west.

Officials state that the association contemplates handling all grades of cattle and the establishment of commission houses on the various yards. There was also some discussion over the acquiring of a butcher and amalgamation with a concern in this business. A committee was appointed to deal further with the matter.

A form of contract was adopted while various amounts were passed.

The election of the board of directors resulted in the return of J. Smith of Innisfail; C. E. Dove of Maughan; A Sempson of Lund and the following: Gilchrist of Bremner, Johnstone Ferguson of Tofield W. C. Smith, M.L.A., N Bellamy, Manyville. The directors at a subsequent meeting elected C. Smith as chairman, with W. Spurvell of Bentley, Alberta, as secretary. The association was organized two years ago and has its head office at Calgary.

A. H. Gilbert, of Wainwright, formerly of the G. K Cartage Co., was in town last week.

Mrs. J. F. Workhoven of New York U. S. A., who has been visiting her mother, Mrs. John C. Phillips, left for home this week.

John Weatherill, secretary-treasurer of Cornhill Municipality No. 467, attended the meeting of secretaries of municipal district of the province, held in Calgary last week.

A. A. Cutterbuck and H. H. Todd were in Edmonton this week, being called for duty on the.

Milk Vendors To Be Licensed?

A regular meeting of the town council was held at the town hall on Monday March 31st, 1924. Members present were Mayor McCauley, Brace, Bellamy, Chapman, North and Swift.

The minutes of the previous meeting were read and approved.

A communication was read from the Board of Public Utility Commissioners stating that in session of the Commission it would sit to consider the matter of setting a special rate of taxation on acreage extending 3½ acres in area situated within the limits of the town of Tofield.

The secretary was instructed to represent the town at the session which would be held in Edmonton on April 29th.

Tenders were let for the season and committees and officers were appointed. H. W. Fincott was elected mayor. H. W. Ward, vice president and Wm. Davis, secretary treasurer. He following committees were appointed. Tournament, Dr. J. Simson, G. J. Ferguson, Dr. Cameron, Chas. Abel and Miss May Hopkins, entertainment, Mrs. C. M. Simson, Miss M. Carter, Miss L. Bury, Mrs. Ward and Miss Abbott, grounds, H. W. Lovell, Clifford Lee and Bert Swift.

Last year the club had an enthusiastic membership of fifty.

Laurie Scott returned home last week. Since the closing of the Saskatoon Creamery, he had been playing hockey at Lac Ste. Anne, Alta. He left for a visit at the home of his parents at South River, Ont., on Wednesday morning.

Tennis Club Hold Annual Meeting

With winter lingering on the lap of spring, the Tofield Tennis club with true optimism held their annual meeting on Monday meeting on Wednesday last week. There was a good number present and prospects are exceedingly bright for a successful season. The meeting assumed a real business like air and stress was laid on the prompt payment of fees. This is necessary as it is rendered plated making considerable improvement to the courts.

The members of the club will play on three courts, and it is proposed this season to improve the already good conditions of the courts. At the meeting it practically decided to procure a canvas cover one of the courts.

Fees were set for the season and committees and officers were appointed. H. W. Fincott was elected mayor. H. W. Ward, vice president and Wm. Davis, secretary treasurer. He following committees were appointed. Tournament, Dr. J. Simson, G. J. Ferguson, Dr. Cameron, Chas. Abel and Miss May Hopkins, entertainment, Mrs. C. M. Simson, Miss M. Carter, Miss L. Bury, Mrs. Ward and Miss Abbott, grounds, H. W. Lovell, Clifford Lee and Bert Swift.

Last year the club had an enthusiastic membership of fifty.

Why Busy Women Want SMP Enameled WARE

Busy women want SMP Enameled Ware because it will bring food to the boil almost twice as fast as all-metal utensils, and completes the cooking sooner. A woman can wash SMP Enameled Ware utensils faster than utensils that have to be scrubbed and scoured.

Three finishes: Pearl Ware, two coats of pearly-grey enamel inside and out. Diamond Ware, three coats, light blue and white outside, white lining. Crystal Ware, three coats, pure white inside and out, with Royal Blue edging.

Food Does You No Good

Half the time you're afraid to eat; your tongue is coated, mouth tastes bad, stomach is bloated. If you want to get well, stop using dyspepsia tablets and go to the source of the trouble before it is too late. Strengthen your stomach, cast out the bile, regulate the bowels—do this, and dyspepsia will be no more.

"Nerves in Bad State Could Not Sleep"

Mrs. H. N. Tardell, Harrowsmith, Ont., writes:

"My nerves were in a very bad state, and for months past I did not know what it was to have a good night's rest. I could not eat, and never felt well. I had also Dr. Chase's Nerve Food, and decided I would try it. After taking it for a few days I began to feel better, and soon was able to sleep well at night. My appetite also improved, and I felt stronger and better, and after taking three boxes of Dr. Chase's Nerve Food I was quite well. I have also given the Nerve Food to my little girl, with good results."

Save Fuel in Cooking

Boils in 5 minutes — Boils in 5 minutes

The Illustration shows an interesting test you should try in your own kitchen. It proves the superiority of good enameled ware for cooking purposes. Take an SMP Enameled Ware Sauce Pan, and a sauce pan of equal size made of aluminum, tin or other metal. Into each pour a quart of cold water. Set both sauce pans over the fire. The water in the SMP Enameled Ware Sauce Pan will be boiling merrily in about five minutes, while the water in the all-metal sauce pan will come to the boil in about eight minutes—three minutes longer. Save fuel in cooking. Use

SMP Enamelled WARE

First Fortnightly Crop Report

Issued by Department of Agriculture Government of Alberta, Edmonton Saturday, April 18th, 1936

Opening of the 1936 crop season finds soil conditions somewhat more favorable, generally speaking, than for was extremely mild, but the spring was late, characterized by frequent falls of wet snow which have been absorbed by the land and have made a ... condition very satisfactory.

... of the province ... are in the soil ... no new crop. In the ... southeastern ... of the province, however, and conditions are very dry, there having been very little snow in that part during the winter, with low precipitation during the spring.

The interest of the spring has ... to start upon the land in most parts of the province, and it will be ... before spring operations become general. In a few isolated cases, work is being done on the land, and there one or two reports of seeding having been commenced. General seeding operations, however, will be about two weeks later than last year.

In spite of the open fall, very little plowing was done last year, owing to the prolonged harvesting of the heavy crop. The summerfallow ready for seeding in a spring is about the same extent as last spring, and there will be an increase of land put in summerfallow this season.

The extreme last year of new fodder and pasturage crops such as corn and sweet clover will tend to bring under cultivation even greater areas of these crops in the south of the province.

Livestock was never in better condition. The large amount of feed produced last season, and the mildness of the winter has brought them through the winter season in excellent shape.

There has been a brisk demand for farm labor and the provincial labor branch has been very busy during the past few weeks placing a large number of hands, many of whom are immigrants from Britain sometime. The demand is continuing to a certain extent.

Here and There

... have been completed by the United ... Company, Calgary, and ... moved to another district. ... the province.

During the year 1935, 3,300 tourist automobiles entered the province of Nova Scotia, the Land of Evangeline, according to the annual report of the Nova Scotia Tourist Commission. Altogether 45,000 tourists visited the province and distributed a sum estimated at $6,000,000.

A picked detachment of an officer and ten men of the Royal Canadian Mounted Police recently crossed the Atlantic on the S.S. Empress of Britain. They will be on duty with the Canadian exhibit at the British Empire Exhibition. The exhibition buildings now about $200,000,000.

A chain of fur farms stretching across Canada, will be established by the Dominion Tar and Paper company, pioneers by ... in Toronto. This was announced by the ... of Dunsmore, V.C., and Sir Harold Butler after a recent visit to Canada. Furs have already been secured in Montreal, Winnipeg, Vancouver and Toronto.

Canada's trade balance is being steadily maintained, for, according to the February returns, just issued the imports for that month, which totalled $42,152,882, showed a decrease of $2,317,411, from the same month last year while the exports for February this year, totalling $47,271,343, showed an increase of $8,816,263.

Hon. George H. Henry, Ontario minister of ... works and highways, has set aside a change in ... arbor Day for planting ... highways. In ... Arbor Day ... work ... Government ... scheme whereby farmers planting trees in front of their own property will be ... as much per tree for planting.

Over $1,000 has been paid by the Province of New Brunswick in wild cat bounties since the commencement of the present fiscal year Already approximately 600 claims for the $5 bounty offered for each animal have been handed by the chief game warden's branch of the Department of Lands and Forests as compared with 1,000 for the whole of 1935, during the ... the bounty offer ... passed by the legislature at that year.

The annual ... arranged by irrigationists in Alberta is evidenced by the ... Fund ... statement of the Taber Irrigation District. The ... revenue ... $100,000, of which ... $50,000 ... be created ...

... has been ... for the ... Taber ... Irrigation ... Taber ... Irrigation ... Taber ... Irrigation

CARTER'S LITTLE LIVER PILLS

Ford Motor Works Busy

An [illegible] of the healthy [illegible] industry during 1924 is contained in the fact that 45 per cent of the entire production of the plant of the Ford Motor Co., has been shipped to British Overseas Dominions when coupled with figures concerning shipments of cars throughout the Dominion of Canada To make a truly remarkable showing.

There were produced 219 cars and trucks in the month of March 1924, 217 for the first three months period ended, a total of 53,053 cars of all models. This compared with a similar period in 1923 shows an increase of 16 per cent in the total business done to date this year. Another interesting feature is the tremendous growth in the closed car business. This branch of the Ford Co's activity approximating 50 per cent of its Canadian sales.

In addition to the huge plant at Ford, and the three assembly plants located at Montreal, Toronto and Winnipeg, there has recently been opened an assembly branch at Port Edmonton, South Alberta, where 200 cars per month will be turned out.

SPECIAL COURSE FOR CANADIAN NATIONAL TELEGRAPH MESSENGERS

Company Announces Plans For Transfer Boys To Take Higher Positions. To be Given Choice of Work They Wish Instruction In. Recreation Rooms

Announcement that all messenger boys of the large city offices of the Canadian National Telegraphs will be given special courses to equip them to qualify for higher positions with the company has been made by Mr. Chas. E. Davies, acting general manager of the Canadian National Telegraphs. The announcement was made to the boys themselves at a special banquet given to them by the company and was received with great enthusiasm.

BYLAW NO. 31

Public notice is hereby given that there has been introduced in the Council of Cornhill Municipal District No. 487, a bylaw of which the following is a short synopsis:—

Respecting the prohibition of animals from running at large in Division No 1 Under the authority and subject to the provisions of The Domestic Animals Act, and that a copy of the same may be seen in each of the following places:—

John Logan, N.E. 34-48-19.
Geo. Woods, S.E. 32-48-18.

And further, that unless within thirty days from the publication of this notice at least fifteen resident electors of the division petition the Council to submit such bylaw to the vote of the resident electors of the division the Council will proceed to pass the same.

Dated at Tofield, this 8th day of April, 1924

JOHN WEATHERILL,
Secretary-Treasurer

BYLAW NO. 32

Public Notice is hereby given that there has been introduced in the Council of Cornhill Municipal District No. 487 a bylaw of which the following is a short synopsis:—

Respecting the prohibition of animals from running at large in division No. 3. Under the authority and subject to the provisions of the Domestic Animals Act, and that a copy of the same may be seen in each of the following places:—

G. R. Owen, S.W. 23-50-19.
J. Appleby, N.E. 23-50-19.
L. Goss, N.E. 10-51-19.

And further that unless within thirty days from the publication of this notice at least fifteen resident electors of the division petition the Council to submit such bylaw to the vote of the resident electors of the division, the Council will proceed to pass the same.

Dated at Tofield, this 8th day of April, 1924

JOHN WEATHERILL,
Secretary-Treasurer

HEIRS WANTED

Missing heirs are being sought throughout the world. Many persons are today in reduced circumstances who are really rich, but do not know it. You may be one of those found for index book "Missing heirs and Next of Kin," containing carefully authenticated list of missing heirs and unclaimed estate which have been advertised for here and abroad. The index of missing heirs we offer for sale contains thousands names which have appeared in American, Canadian, English Scotch, Irish, Welsh, German, French, Belgian, Swedish, Indian, Colonial, and other newspapers, inserted by lawyers, executors, administrators. Also contains list of English and Irish Courts of Chancery and unclaimed dividends list of Bank of England. Your name or your ancestor's may be in the list Send $1.00 (one dollar) at once for book

Manufacturing By-Products

The Jewel Products Co. of Drumheller, is now in operation, manufacturing ink and other by-products of coal and bentonite found in that district

Home Settlers

A party of 150 Hebridoans, the first of whose new settlers to arrive this spring, reached Edmonton the past week, and all have been located on farms by the settlement board. It is suspected that a larger party of Hebrideans will arrive later in the spring. Some of the new arrivals were settled in the Red Deer district, others at Ardrossan, Leduc, St. Albert Camrose, Wetaskiwin, Clyde and Vermilion districts.

Charity Begins at Home

The originator of this phrase, no doubt, meant charity as defined by any standard dictionary. In coining the phrase, however, he stated a truth which prevails in the business affairs of men, but in which the word charity as generally understood has no place.

Towns, cities and nations that have become great and prosperous, have done so because of an intense loyal spirit, coupled with an internal co-operation of effort between individuals that have not only been the means of praising individual products, but the products of all, and at the same time maintaining a high standard of efficiency and unquestionable business integrity.

Throw a stone into the centre of a calm pond and the ripples will spread out to the sides. Spend a dollar in Tofield and its effect will be felt all around. When nearly all the dollars made in the Tofield District are spent in the Tofield District—then Tofield will be bigger, better and a more convenient market town for the farmers.

Yours for a bigger and better Tofield.

The Tofield Mercury

Would Pay Widow of Faulkner

INDIGNATION MEETING AT SYLVAN LAKE DEMANDS REPARATION BY GOVERNMENT

Immigration Dept. Censored.

Sylvan Lake, April 28.—Resolutions calling for reparations by the Dominion government to the widow of Edgar Faulkner, who was murdered by Vilhelm Hanson, a Danish exservant, on November 19th, 1923, were passed by a meeting of citizens which packed the Knights of Pythias Hall here tonight.

Hanson, who killed Faulkner in the latters home, was convicted of murder and sentenced to be hanged, but the charge later was reduced to manslaughter, and the sentence was reduced to five years in prison.

E. Faulkner was defending his home against an intruder when the fatal shot occurred, indignation over the [illegible] of sentence has run high here and the meeting tonight resulted.

Three resolutions were passed at the meeting

The first put the responsibility for [illegible] on the shoulders of the Dominion government in the matter of [illegible] which the ex-servant was charged with committing. It also [illegible] that the widow of the murdered man be granted a pension.

The second demands the repeal by the Dominion government of the recent amendments to the criminal code under which Hanson was a virtual reprieve after having been found guilty of murder by a jury and sentenced to be hanged.

The third resolution concerns the Immigration Department for its laxity in allowing a convict, who was refused entry to the United States and other countries, to come into Canada, and asks that it tighten up the inspection system.

Among the speakers tonight were: G. W. Smith, M. L. A., Detective John Holmes and F. W. Galbraith of Red Deer, A. M. Steele and the Rev. W. G. McLachlan.

Student Party To Spend Some Time Here

Prairie-ite Pitcher of the University of Alberta and a party of students passed through Tofield to-day (Thursday) enroute for Bodmon, Drumheller and Wayne districts where they will conduct mining operations. They will return to the city, via Tofield, spending the night of the 10th and morning of the 11th here.

Al Jones left for Calgary on Tuesday where he will work as crane man on a steam shovel for the summer.

J. J. McDevitt visited the capital city on Monday.

On Wednesday evening a very enjoyable whist drive, under the auspices of Holy Trinity Ladies' Aid was held at the W.I. rooms. There were six tables. Mrs. Robinson and Mr. Harrold were high lady and high gent respectively. A lady and gent were also Mrs. Parish and Mr. Hingley. A splendid lunch was served at eleven o'clock.

Lou. Dixon and Jack Elliott had their interest in Tofield on Friday after noon and, they are intending to Wainwright by car.

A small bathing furry is taking place in Fraser Avenue. A bathing [illegible] and there are [illegible] white bathing [illegible]

From The Inside

Historians tell us that the downfall of the Roman Empire was due, not so much to the lack of valor of her armies, or to the lack of ability of her generals, but to the lack of co-operation among its citizens. When her statesmen lost their vision of a greater Rome, quarrelled and became corrupt, all the pomp, glory and valor of the Roman soldiery could not keep the then greatest empire the world has ever seen, together.

There is a lesson here for every nation, town or district.

The driving force of a town and district is from the inside . . . it works both ways. What we can do to keep going in the right direction is to (within reason) commercially handicap Tofield, speak Tofield and act Tofield.

Co-operation is one of the greatest forces of nature— but it must be co-operation— mere collusion (not necessarily evil) won't do.

The Tofield Mercury

Wants to Be Serious

[illegible] Queen Mary [illegible] Mrs. Tarzan stayed at the [illegible] Mrs. Tarzan [illegible] them a most [illegible] Mr. [illegible] Pacific en route to Montreal. [illegible] I haven't the looks. So I [illegible] laugh. Moreover, it's a pretty [illegible] fool more like crying. But [illegible] will be cropped off."

[illegible] Mrs. Tarzan is a French Canadian. Her [illegible] on the front wall of the mansion [illegible] a recent occasion was [illegible] Ste. Anne de Beaupre.

Ste. Anne de Beaupre will again this year be the Mecca of thousands of pilgrims [illegible] to be long [illegible] as many [illegible] Ste. Anne [illegible] for some two or three years [illegible] which, since fire destroyed the old Basilica [illegible] a useful purpose and that number [illegible] stretches added to the [illegible]

Reduce Hospital Rates

[illegible] has the power to reduce this year a reduction in the tax [illegible] on the assessed value of farm lands in the district [illegible] municipality hospitals [illegible] from three cents to two and one half [illegible] Previously there were able to make cents per acre.

PLANTING FRUIT TREES

(Experimental Farm Notes)

Planting fruit trees on the prairies is a somewhat different proposition to planting trees in localities which have more summer precipitation, less wind, less keen bright sunshine during the days of March and April accompanied by frost at night, and which have less dryness of air and less low temperatures during the winter months. A rising the first consideration to be borne in mind, are shelter from wind, shelter from snow drift, protection from sun scald and protection from rabbits and from mice.

The universal considerations of fruit tree planting obtain. Large roomy holes at least two feet each way should be dug. Good top soil is placed into the hole until the tree, resting on lower roots on this soil, stands about two inches lower than it did in the nursery. Then good top soil in moist condition is placed about the roots evenly on all sides and the is trampled firmly with the heel about the roots. The roots are spread out in different directions, but the longest, strongest root is set in the direction of the prevailing north-west wind. The top two inches of soil placed about the tree are not trampled and act as a mulch. It is important in all cases to set not only strong, health trees. These should be secured for that the roots never be come dry. All broken roots are trimmed with a sharp knife and the top including side branches, is cut back to balance the root growth, some of which is lost in transplanting.

For present fruit plantations young trees of the hardest variation are especially desirable. The well grown, one year trees with known ruggedness have liber nursery trees with large side branches. The trees may small be set [illegible] about fifteen or twenty degrees by the northwest. It is well to bend back about twelve to twenty inches from the ground to induce many main branches developing near the ground. Rows running north and south will provide protection from rabbits by the use to the south. The southern most tree in each row may well be a hardy plum or caragana bush. These orchard rows should be at least fifty feet apart.

It is a good idea to interplant apple and crab apple trees with plums. The plum trees come into bearing early and being generally short lived, we will not plant them far and the time the apple trees require more space. The plum trees are also hardier and afford protection to the young apples.

Cream Graders At Work

Following special short [illegible] at the university under the direction of Dairy Commissioner Marker, official cream graders have been sent out to creameries in the province, in connection with the official grading of cream.

Large Percentage of Accidents Preventable

[illegible] MR. E. A. CLEVERDON [illegible] of the Canadian Pacific Railway [illegible] League, referring to the [illegible] street accidents during the month of January, said a motto [illegible] of safety is not a motto [illegible] ought to be [illegible] ground. Rows running north and south will provide protection from rabbits by the use to the south. The southern most tree in each row may well be a hardy plum or caragana bush. These orchard rows should be at least fifty feet apart.

It is a good idea to interplant apple and crab apple trees with plums. The plum trees come into bearing early and being generally short lived, we will not plant them far and the time the apple trees require more space. The plum trees are also hardier and afford protection to the young apples.

CUTICURA HEALS BABY'S BLISTERS

Head Covered With Eruptions. Hair All Fell Out. Got Little Sleep.

"When baby was a week old a few rash broke out on forehead and a very small one formed small blister. Then more came and in a few days were united and formed a large scab. The disease spread until it was all over baby's head. The itching was very severe. Baby's face was a sight. He got but very little sleep.

"A friend recommended Cuticura Soap and Ointment. After using them a short time baby began to improve and I purchased more. By the time I had used one cake of Cuticura Soap, one box of Cuticura Ointment and one bottle of Cuticura Resolvent baby was entirely healed." (Signed) Mrs. Allan Bowles, R. F. D. 1, Auburn, Me., Jan. 18, 1922.

Use Cuticura Soap, Ointment and Talcum to prevent skin troubles.

Prizes For Destruction of Pests

In an effort to encourage the destruction of agricultural pests, namely gophers, crows and magpies, the Department of Agriculture at Edmonton has inaugurated a system of paying cash prizes ranging from $1.00 to $5.00 to will be paid by the depar... ...ent for gopher tails, for land eggs ... ...f crows and magpies, taken in 1924 ... ...on or before September 1st. Points ... will be awarded as follows: One point ... ...ow each gopher's tail, two points for ... ...each crow's head, two points for each ... ...magpie's head, two points for each ... ...crow's or magpie's egg.

The following are the competi... ...tions.

1. To the game protection association, league or gun club in Calgary or Edmonton obtaining the greater number of points. Over 10,000 points must be earned to qualify.

2. $200 for the first and $100 for the second prize to the game protection league or the gun club in places other than Calgary or Edmonton having 4,000 points must be earned to qualify.

3. A total of 750 prizes, from $1 to $25 will be paid by the department for the residents of Alberta ... the greater number of ... ...ers and magpies, taken in 1924 ... ...ts earned by individuals ... ...or before September 1st. Points in competitions one and two will be awarded as follows: One point allowed. Two hundred points must ... ...each gopher's tail, two points for ... ...earned to qualify.

4. The five village or rural schools ... ...magpies having the greatest number of ... ...crow's or magpies' eggs. ... ...from $40 to $10. ... ...2500 points must be earned to ... ...quality.

5. All persons attending a separate, public or high school may compete. A total of 375 cash prizes ranging from $1 to $75 will be paid in their order to those obtaining the highest number of points. Points earned by any individual in competition four will be allowed. Two hundred points must be earned to qualify.

Further information on these can be had by addressing the Department of Agriculture, Edmonton, Alberta, Sunday May 31st, 1924.

Advent of warm spring weather has hastened growing crops the west in Alberta, and operations are generally ... of the season. In the southern districts of the province is about 50 per cent completed, with 60 and 70 per cent done in some localities, while in the central and northern districts seeding is well under way. In a few places in southern Alberta, the snow wheat is reported already above ground, but some ... ...ing of wheat has also been done in these parts.

Moisture conditions in the most part are favorable, but in south-eastern localities the soil is very dry and ... moisture is needed for a satisfactory germination. This condition ... ...ver, however, over a very ... ...ed area. Slight rains have fallen during the past week in the ... ...ern districts, and heavier rain ... ...is needed to bridge and along the ... ...ern areas. No frost ... ...precipitation in the central and northern districts during the ... ...ek is reported.

Indications are that there will be a shortage in the acreage sown to ... ...the season, most districts reporting ... ...ller acreage, while some ... ...ases in the north report reduced areas. The fact that very little fall ... ...ing was done last fall makes an ... ...large increase in wheat acreage impossible.

Reports from southern districts indicate that there will be a large increase in acreage in fodder crops, particularly corn and sweet clover, Lethbridge district reporting a probable 100 per cent increase in these crops this season.

There is still a certain demand for farm labor, although not so great as at the time of the last report. The ... ...ersonal labor bureau has placed 1500 men on the land this spring, an increase of more than 1,000 over the number placed last spring.

Second Fortnightly Crop Report

Issued by the Department of Agriculture, Edmonton, Alberta, Sunday May 31st, 1924

Advent of warm spring weather has hastened growing crops the west in Alberta, and operations are generally ... of the season. In the southern districts of the province is about 50 per cent completed, with 60 and 70 per cent done in some localities, while in the central and northern districts seeding is well under way. In a few places in southern Alberta, the new wheat is reported already above ground, but some ... ...ing of wheat has also been done in these parts.

Moisture conditions in the most part are favorable, but in south-eastern localities the soil is very dry and ... moisture is needed for a satisfactory germination. This condition ... ...ver, however, over a very ... ...ed area. Slight rains have fallen during the past week in the ... ...ern districts, and heavier rain ... ...is needed to bridge and along the ... ...ern areas. No frost ... ...precipitation in the central and northern districts during the ... ...ek is reported.

Indications are that there will be a shortage in the acreage sown to ... ...the season, most districts reporting ... ...ller acreage, while some ... ...ases in the north report reduced areas. The fact that very little fall ... ...ing was done last fall makes an ... ...large increase in wheat acreage impossible.

Reports from southern districts indicate that there will be a large increase in acreage in fodder crops, particularly corn and sweet clover, Lethbridge district reporting a probable 100 per cent increase in these crops this season.

There is still a certain demand for farm labor, although not so great as at the time of the last report. The ... ...ersonal labor bureau has placed 1500 men on the land this spring, an increase of more than 1,000 over the number placed last spring.

"Child's Eyelids Inflamed Stuck Together and Bled"

Mr. E. P. Kimball, Estevanville, Alta., writes: "Our little girl from birth was troubled with inflamed eyelids and at ages of several months, grew worse until at the age of two months her eyes could not be opened after sleep, a short time, a wax discharge sticking the lids together and suffering with great trouble. The child's grandmother was consulted by mail, and took responded with a little sample box of Dr Chase's Ointment. These were used as directed, and behold what we could when a further supply from Edmonton Improvement was marked from the first application. The waxy discharge was easily removed and did not reappear. Inflammation subsided and has not returned."

"I Miss It"

The editor of this paper was recently priviledged to attend a meeting of business men of another town. The matter being discussed was the successful publication of a weekly newspaper—advertising—news—circulation. There had been a weekly newspaper published there—a good one—but the high cost of production caused it to cease publication. After the pros and cons of publishing a newspaper had been discussed, one gentleman said: "Well, our paper may not have been in every respect all we desired it to be, but such as it was, I miss it, and would like to see one started."

At different times, we have heard numerous compliments tendered to the weekly press of Canada, but we doubt if we have ever heard a better one, given in a more unpretentious manner than the simple "I Miss It." The fact that the gentleman has been accorded the highest provincial honor in the largest fraternal organization in the world adds weight to the statement.

The Tofield Mercury

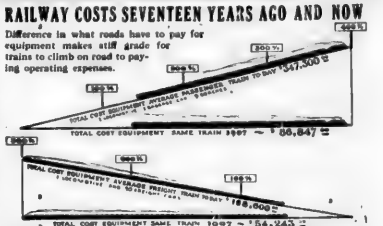
Mrs. Vincent Gresham is a visiting Mrs. John Lee of Tofield with her two grandsons while she is ill.

Large congregations have been turning out for divine services in spring and a very successful Sunday school have been running now, the teachers and scholars are [illegible] a change. Bible class, Rev. Wallace Lee on Christ, Mrs. McCowan, Mrs. Cairns, Mrs. C. Whitaker, [illegible] Miss Mildred Lawson, organist Miss Hazel Sours. Organist for services Miss Mabel Lawson.

The G.W.V.A. second annual reunion of all service men and their friends will be held at Fort Saskatchewan on May 24th. Special train leave Edmonton in the morning.

RAILWAY COSTS SEVENTEEN YEARS AGO AND NOW

Difference in what roads have to pay for equipment makes stiff grade for trains to climb on road to paying operating expenses.



IT is becoming [illegible] more important that [illegible] a country of such vast area [illegible] as Canada [illegible] tons as [illegible] through exports [illegible] importance of the [illegible] is adequate to [illegible] system whereby the product may reach a market. It is obvious that the very extent of the country and [illegible] its nearly population make it a most [illegible] costly. Until such time as the population increases by immigration to the extent that the traffic [illegible] railroads a heavy enough to enable them to reduce passenger and freight rates, and yet meet expenses, it is impossible for rates to come down without serious loss of efficiency. Those who demand such reductions and even expect the rates to return to the standard of ten years and more ago do not seem to realize that unavoidable expenditures have risen phenomenally of late years on practically every item, giving the railroads a stiff grade to surmount before they can pay operating expenses, compared to which such expenditures were formerly a level.

This is especially true of railroad equipment, the cost of which in almost all cases has doubled and even trebled. It is true that the quality of equipment has been improved, but not to the extent that the cost has risen as shown in diagram. The public has demanded improved service such as could only be given by improved equipment and the railways must pay accordingly.

The diagrams shown above graphically illustrate the facts as they apply to only one class of equipment, locomotives and certain kinds of rolling stock, in studying them it is important to bear in mind that they do not account for cost of repair, maintenance or operation, including wages, but only for actual construction, and those costs, not touched on here, have gone up in somewhat similar fashion.

	1907			1924			
Type	Number	Unit Cost	Total Cost	Number	Unit Cost	Total Cost

GOVERNMENT LIQUOR STORES OPEN

At last after several years of enforced ill-regimen, those desiring the moderate use of intoxicants may have their wishes met. The government liquor stores in Edmonton and Calgary are now in operation and it will only be a few days before the stores situated in the smaller centres will be opened. In placing the liquor stores the government overlooked this thriving burg the nearest oasis being Camrose with the capital city running. Liquor can be purchased by first obtaining a permit. In the small towns, beer licenses will be granted to hotels where beer may be purchased by the glass.

With the coming into force of this act it is to be hoped that the bootlegger will disappear like dew before the morning sun. The bootlegger never had much excuse for existence, but what shred he did have has now been taken away. Strong drink can now be obtained legally.

THE GROW A PEAT

Most of our feathered friends, the robin, are a source of usefulness as well as beauty to the agriculturist. While some of them do eat some of the farmers products, they more than compensate the farmer by eating insects and in the case of hawks, predators, that would otherwise damage his crops. The crow, however, seems to be about as black on he is feathered, and if he does seem good it is a small return for the harm he does. A few crows coming around did not make much difference, but of late they have increased so rapidly that they have now assumed the proportions of a pest. Crow shoots are becoming common and the species is ranked with the gopher in destructiveness. A good time to prevent an increase of crows is when they are very young, or better still, before they are hatched.

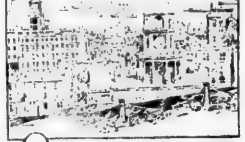
A JOY RIDE

We recall recently reading a statement attributed to someone in the cattle business that Japan would not allow much of a market for Alberta cattle as the Japanese were small meat eaters. That the trip now being made by Minister of Agriculture was more in the nature of a joyride than a serious business venture. It is unlikely that at the present moment any one knows exactly what the Japanese market premises. As regards shipping cattle, it is an entirely new field. Nevertheless, it would be a grave mistake to pass this thing up because it has not been done before. New markets for everything are always opening up and if there is any chance of a future market there, it should be remembered that it is the early bird that catches the worm, and a trade connection is something worthwhile.

FIFTH

of the series dealing with the establishment of the BANK OF MONTREAL at representative points in CANADA and elsewhere.

IN HALIFAX



ONE of the establishments of the Bank of Montreal at Confederation, who banks and banking passed under the jurisdiction of the Federal Parliament was to extend its fair and stabilizing influence to the Maritime Provinces.

The first branch at Halifax was established in 1866. With this extension the Bank marked its 50th anniversary.

Today the Bank has 19 Branches in Nova Scotia and a total of more than 93 Branches throughout Canada and Newfoundland, as well as Branches in the leading financial centres of the world.

"SERVICE MY MOTTO"

Sudan Grass

(Experimental Farm Note)

Sudan grass is a large coarse growing annual grass, resembling a millet in general type but larger and with a spreading open head. It grows five or six feet high under favorable circumstances and the stems are about the size of a lead pencil. The juice is sweet like that of corn and the whole plant is nutritious and wholesome. Sudan grass is best suited to a hot climate and the first trials made of it in Western Canada were not very encouraging. However, with the production of seed in more northern locations and increased information on growing the crop, better results have been obtained in recent years. In the field trials conducted at Brandon experimental farm during 1922 and 1923, a hand that was ploughed in the spring, and was not fit to use until the latter part of June. Under these circumstances it gave a remarkably good yield, probably exceeding what could have been obtained from any other crop under like conditions.

It must be borne into for good results. The seed will not germinate in cool soil and the crop will not grow in cool weather. Where seeding has been delayed till very late for any reason, Sudan grass will be a very good crop to use, and under favorable conditions of heat and moisture will grow very rapidly. It is sown with the grain drill in ordinary seven drills, using about 25 lbs. of seed per acre. The land should be well prepared and should have plenty of moisture in it.

The best use of Sudan grass is for silage. It makes a good of silage, the best equal to that from corn which has not produced well developed seed, it is not as good as silage from well eared corn. Sudan grass may also be used for hay. It produces a large yield of nutritious but coarse hay which is rather difficult to dry on account of the amount and the coarse bone of the crop.

Where Sudan grass will never per haps fill as important place as a rep lar crop for use every season, it ha a distinct value for late sowing where shortage of feed is feared, is to make a phenomenally rapid growth during the hot weather si midsummer.

Fortnightly Crop Report

Issued by the Department of Agriculture, Edmonton, Alberta, Saturday May 17th, 1924.

Wheat seeding in Alberta will be practically completed over the entire province by May 20th. Seeding results in reduced acreage. About 25 per cent of the early sown wheat is now appearing above ground and is in healthy condition.

Moisture conditions in the major portions of the province are still satisfactory, and the new crop is germinating well, particularly on summer fallow. There has been practically no precipitation for more than a fortnight, however, and hot dry winds for the past few days have had a tendency to dry out the soil, so that the need of rain will be felt within a short time, though the present storage of moisture in the soil at the beginning gives the new crop a splendid start. Rain at present needed in southeastern localities which were not favorable with the same winter and spring precipitation as the other districts of the province.

Wheat acreage thus far seeded does not reach last year's extent, but the seeding of more acreage in the near future will have a tendency to increase the area seeded to this crop.

The area in oats is likely to be somewhat greater than last year. In the southern districts alfalfa is making a good showing, there having been practically no winter killing and in these districts also there will be large areas planted to fodder crops like corn and sweet clover.

The farm labor situation has been likewise well in hand by the labor bureau, and practically every demand has been met to date.

For glasses to suit at moderate prices, see M. Mecklenburg, Hedge block, Edmonton, or at Alexandra hotel, Tofield, Monday, June 9th.

OUR SMALL ADS. REACH HOME

Provincial News Bulletin

Big Round Up.

What will probably be the last big round-up of horses in the west will take place within a few weeks in the range country south east of Calgary. The round-up will be for the purpose of cleaning the ranges of stray horses, the Department of Agriculture supervising arrangements. The horses will be rounded into one central corral where owners may claim their animals. It is expected that about 10,000 horses will be rounded up.

Live-stock Reaches Japan.

A cable received at the office of the Department of Agriculture on Thursday from H. A. Craig, Deputy Minister of Agriculture, announced the safe arrival in Japan with the shipment of Alberta cattle which has been purchased by a Japanese firm for the purpose of testing out the possibilities of shipping Alberta cattle to Japan. Mr. Craig stated that the cattle stood the 14 day water trip in excellent shape.

Summer Courses For Fair Winners

In accordance with the policy adopted two years ago, the Department of Agriculture will again give special summer courses to winners of school awards in each school fair district in the province, in each district choosing the greatest number of points being entitled to attend the courses, which will be held as follows:

Winners from the Edmonton, Sedgewick and Vermilion school fair areas will attend 15 course at the school at Olds from July 14th to 19th, and those in the Olds centre will at, and a course at Olds from July 14th to 19th.

The winners from the Raymond, Lethbridge and Gleichen centres will attend a course at Lethbridge school from July 7th to 12th. The Department has made a practice of furnishing attendents for the boys and girls at these fairs and from the schools and their homes so that none of them will be under the necessity of travelling alone. The boys and girls are also properly supervised by men and women supervisors at night and during their stay at the schools of agriculture.

Grasshoppers

Grasshoppers have made their appearance for the first time this season in the Milk River and Berrywell districts, in southern Alberta. The Department of Agriculture at Edmonton is preparing to take war on the grasshoppers in the same manner as the previous seasons. Material for poison bait will be supplied under the same terms as formerly. Supplies are now in store at Lethbridge. Medicine Hat, Calgary and Edmonton, and will be present, any order for material or reports of appearance of hoppers should be addressed to the Department of Agriculture at Edmonton, the Department will be glad to co-operate with municipalities or persons within local improvement districts in combatting the pest.

May Get Special Coal Rate

Negotiations are still proceeding with a view to obtaining a special rate on coal from Alberta to Ontario points which might be effective during the coming summer months. In Hutchinson, Trade Commissioner for Alberta, returned from Eastern Canada this week, after conducting negotiations with the federal government and the Canadian National Railway officials. An effort is being made to secure assistance of the federal government for a special rate of six dollars a ton in train lots for Alberta coal to Ontario points, on an amount of about 100,000 tons. Premier Greenfield, who is at present in the east, has the matter in hand. Mr. Hutchinson, during his visit east, also continued to look after matters in connection with the experiment to make various grades of paper out of wheat straw from Alberta farms, and has already attended three experiments.

Here and There

Navigation of the St. Lawrence river is expected to open early in the month of April. According to the Canadian Pacific Railway Co. the Empress of Scotland is the first of the Canadian Pacific ports and Empress, 1925 ships will visit the port of Quebec in 1924.

The Canadian Pacific Railway has inaugurated as a special feature the serving of afternoon tea regularly on all Canadian Pacific trains throughout the system. The tasteful little menu which accompanies provides includes tea, coffee, chocolate, toast, muffins, assorted cakes and preserves at a little extra.

The Spanish government, a great, British exchange, has opened a special fund to support arrangements for the establishment of facilities in Canada which will assist an outlay of $1,000,000 for the plant in the Alberta city. The plant will employ with an output of $2,000,000 and an elevator at Vancouver.

The several of the two large paper machines recently installed by the Bridge-Abitibi Paper Company at Shawinigan Falls, Que., has commenced operations. The machine, which is the pride of the Dominion Engineering Company, is now producing newsprint. It will be turned up and is expected to be running at commercial grade of newsprint at or above the daily capacity of 70 tons in the near future.

Speaking at Toronto recently E. W. Beatty, President of the Canadian Pacific Railway, declared that "what Canada is suffering from is lack of men, lack of skilled workers of those farmed policies which would enable the country to produce with a reasonable time its own manufactures." He admitted that he did not believe in "exaggerated development or in any statements which are calculated to destroy the belief of Canadians in the best interests of Canada."

Colonel A. Robinson, C.B.E., R.N.R., commanding the Canadian Pacific liner "Empress of Canada," was invested with the C.B.E. by Sir Harry Armstrong, British Governor General at New York, when the Canadian Pacific liner arrived at that port, prior to sailing out on her first world cruise. Captain Robinson also received the Freedom of the city of New York. These honors were in recognition of his gallant services when commanding the Canadian Pacific liner "Empress of Asia" at Yokohama, at the time of the Japanese disaster.

According to Canadian Pacific officials, immigrants from Europe who spend a few hours in Montreal on their way west are so discovering Americans rather Canadians at a great rate. Some days ago there were eighty Scandinavians on their way from Montreal to Vancouver, who were discovered by Canadian Pacific officials when they changed trains. Then one of them suddenly discovered that his fellow-travellers were not Swedes. Each of them had been under the impression that he was going to Alberta. Every land was nothing compared to that with which the delegates had been obtaining information on the way to the waiting room. So excellent did they find the land that one of them picked up some old train cards when they arrived at Vancouver, and addressed envelopes to their friends in the old country telling them how to come out to Canada.

To be stranded in a strange city with no worldly assets but a set of drums-clothes and yet to come out of the adventure victorious is to achieve something of which to be proud. Montreal a few months ago, their baggage consisting of the clothes they wore, two drums and an advocate of the Second Battalion and an enthusiastic determination to "make good" in the West. When they arrived in Vancouver, however, after, they found that someone had collected them of everything they possessed except the dress suits they had worn on the boat, which they had worn for the previous night's affray.

In this predicament they appealed to the manager at the Canadian Pacific Windsor Station, for work whereby to earn enough to take them out of the wicked city. Sympathetic officials put them on the snow-shovelling gang. And here those two stout fellows, in their dress suits, Joe with his feet wrapped in sacking to keep them warm, labored heartily for four days, earning the price of their tickets back to the little old home town. So soon were Fitchen and the service and "canada."

Can Hardly Realize How Much Better She Feels

Mrs. Sutill's system quickly responds to corrective properties of Dodd's and she feels better than for years.

"I really cannot express how much better I am feeling since taking Dodd's." are the enthusiastic words of Mrs. E. Sutill of 10419, 107th avenue, Edmonton, Alta.

"For two years past I have suffered from weak kidneys, a sluggish liver and chronic constipation. I had terrible pains in my back and my limbs ached day and night so that it was difficult for me to go up and down stairs. I was nervous and my sleep was badly broken.

Dodd's Kidney Pills have benefited me so much already. The pains in my back and limbs have been greatly relieved, I sleep well, my nerves are steadier and my appetite is fine.

I have taken various other remedies without avail and am all the more glad therefore to endorse Dodd's."

Many a man and woman is suffering needlessly from the very ailment [illegible] Dodd's Kidney Pills would relieve. [illegible] habit forming drugs.

Dodd's is being specially introduced at Tofield by S. A. Benson, and is sold by a good druggist everywhere.

Eases Kitchen Work

To Women Who Do Their Own Work: Suppose you could save six minutes every day in washing pots and pans—two minutes after every meal. In a month, this would amount to a saving of three hours of this disagreeable but necessary work. This saving can be made by using SMP enameled kitchen utensils, as their smooth sanitary surface will not absorb dirt or grease. No scraping, scouring or polishing is needed when you use Diamond or Pearl Ware. Soap, water and a dish towel is all you need. Ask for

SMP Enameled WARE

"A Face of Porcelain and a Heart of Steel"

Three finishes, Pearl Ware, two coats of pearly grey enamel inside and out. Diamond Ware, three coats, light blue and white outside, white lining. Crystal Ware, three coats, pure white inside and out, with Royal Blue edging.

Big Creamery Deal

Last week saw the completion of he deal whereby one of the largest business deals put over in Northern Alberta for a long time was consummated when the Edmonton City Dairy disposed of its butter and cheese manufacturing business in the province of Alberta to the, P. Burns Co., Ltd Negotiations were started by Mr Burns organization about the middle of May, but the information was withheld at the request of both contracting parties, leading officials of both companies declining to state the purchase price, but it is understood to be in the vicinity of $250,000.

The deal includes the turning over of the butter manufacturing machinery at the Edmonton plant, together with the following creameries: at Clover Bar, Gardiner, Athelstan and Lamont wholly or in part by the E. P. Ranch at country points.

Wood by E.C.D.—Dayland, Dalhousie, Grande Prairie, Innisfree, Kirkcaldy, Kinsella, Lodge Millet, Meadow, Stettler, Vermilion, Westlock, Rocky Mountain House, St. Paul de Metis.

The co-operative basis Roberts-Hay Lake, Bradley, Iron Creek, Waught, Pembina, Peace River, Sedgewick, Wetaskiwin. With regard to these co-operative enterprises, the E.C.D. in each case, has had a solid interest.

The big deal will not make any difference to the branch at Tofield, creditors will be conducted as usual with Walter Bellamy at the helm.

FOR SALE.—Team of heavy horses. Apply to Miss C. Jackson, Kingman. 2tp

OLEOMARGARINE

To be caught between two stools seems to be the plight of those aggressive members who wrote the U.F.A. asking what their attitude should be towards the oleomargarine question. Oleomargarine, a product manufactured to simulate butter, is made from either vegetable or animal fats or a mixture of both. It is not a good food and as regards food value is far below the product which it imitates.

The members dilemma is caused by the obstacle that that the importation and manufacture and manufacture of oleomargarine is detrimental to the dairy interests of the west. That a product resembling butter, which can be produced a great deal cheaper, if allowed to have unlimited distribution will to some degree harmfully effect the marketing of pure butter. The crux of the question is that the consumer, as a party, have, as one of the principals, free trade in food stuffs. To vote against the importation and manufacture of oleomargarine is voting against their avowed principles and to vote for it means living contrary to the interests of their own constituencies. Hence the members request for an answer to "What shall our attitude be." The question of oleomargarine is a most perplexing one and federal administrations the world over have struggled with it. Arguments are not all on the one side. To the dominion of city slums, where where butter is to high, any article that is cheap and possesses any degree of goodness at all is welcome. To the well-to-do city consumer such a large 1-lb.-2-lb. cheap product is always acceptable, and there is no doubt as to the sincerity of their cry when they ask for unrestricted manufacture and sale of oleomargarine. On the other hand oleomargarine is only an imitation of a good food, and with the exception of appearance, a poor imitation. It possesses no vitamines, a natural element that makes butter a valuable food, and whether it can be produced a great deal cheaper, if allowed to have unlimited distribution will to some degree harmfully effect the marketing of pure butter. The crux of the question is that the consumer, as a party, have, as one of the principals, free trade in food stuffs. To vote against the importation and manufacture of oleomargarine is voting against their avowed principles and to vote for it means living contrary to the interests of their own constituencies. Hence the members request for an answer to "What shall our attitude be." The question of oleomargarine is a most perplexing one and federal administrations the world over have struggled with it. Tofield Flashlights Shine

The basketball game on Saturday, May 24th while not up to standard was all that could be expected under the circumstances, the wind blowing the dirt making it hard for the players to see. The game was played on the rink floor, as the grounds are not in condition for playing. The players the players the freedom of the floor. Tofield had the stronger team, Holden's clever passing partly offset their lack of weight, the players played good. Mar. Hopkins making a neat free, threw also a field basket, while Hannah Jerman made two field throws. The score was in Tofield's favor, 8, Sarge and Geo. Moore refereed the game in an efficient manner. The proceeds amounted to $8.00. On June 3rd the "Flashlights" will play in a return meet at Holden in which are teams from Ryley, Viking and Holden. We hope they will be successful in maintaining the record they started for themselves in their first game.

LOWER ROSS CREEK

Mr. L. Barychuk was unlucky enough to lose his house and granary through an escaped prairie fire.

Mr. Kuhn narrowly missed having his barn burnt last week. The prompt arrival of neighbors and the presence of a couple of water tanks was all that saved the building.

Mr. Jean Ackley's son Jim had the misfortune to break his collar bone while playing at school one day last week.

Dreco Brings Comfort to Mother and Daughter

Edmonton Ladies Get Splendid Relief From Digestive Disorders and Give the Credit to Dreco

Here is an interesting statement from Mrs. L. A., Colos of 11901 Ninety Sixth Street, Edmonton who has tried and proved the outstanding merit of Dreco as a health builder:

"I have been generally run down for a long time" says Mrs. Colos meaning considerable trouble with my stomach. I would have severe gastric attacks after eating and a bitter taste in my mouth. My food lay like lead, I often had sour spells and was chronically constipated as well. "An attack of influenza left my system weaker than ever and I had almost thought my heart, which by the way have been entirely relieved since taking Dreco. I was also troubled with nervosity, couldn't sleep properly and felt weak and run down.

After other remedies had failed, I tried Dreco and its really wonderful how it has helped me. I am now able to eat and digest most foods, sleep better and feel stronger in every way. My daughter has also taken Dreco and finds it to be a splendid help.

Dreco is purely herbal and contains no mercury, potash or habit Forming drugs.

Dreco is being specially introduced in Tofield by A. A. Beirne, and is sold by a good druggist everywhere.

ANNOUNCE THIRD ANNUAL TOUR TO THE COAST

Special Train From Winnipeg. Stops Made At Various Points Of Interest.

PERSONALLY CONDUCTED

This tour which will be interesting to the holiday maker and of great educational value to the student and to the teacher, offers an unusual opportunity for seeing under the most favorable conditions, the Canadian Rockies, including Jasper National Park, and the Pacific Coast.

The special train, operated in connection with this tour and consisting of modern sleeping car equipment, dining car and radio observation car will leave Winnipeg July 2nd. After stopping at various points of interest, the train will arrive at Prince Rupert on July 7th. At this latter point, the party will embark on one of the palatial steamships of the Canadian National Pacific Coast Steamships for a cruise of 550 miles through the famous inside passage to Vancouver. While the tour terminates at Vancouver, those who desire to make a trip to Victoria, may have their tickets read "Victoria" as their destination without any additional cost.

The local agent of the Canadian National Railways will be pleased to give you full particulars of this tour, including the cost, choice of routes, returning, etc.

Some Classy Ball Team We'll Say

Three Straight Wins and $75 Prize Money

On May 30th Lamont came to lift McCallum cup, but were not able to put it across, it was one of the best games ever witnessed on the local diamond, both teams putting up a good brand of baseball. The Tofield boys had their batting clothes on and scored two runs in the first innings, and two more in the fourth Lamont scored three and only run in the sixth Tofield came back with in the other score in the eighth. Line up, Tofield, P Ball,c; Olstead, 1b; G. Russell, 2b, Calvert, ss,; Anderson, 3b, Lang, Scott, lf,; Sande, cf., Moore and Green, rf.

TOFIELD CLEANS UP EVERYTHING AT HOLDEN SPORTS

The first game was with Viking. It was a sad story for Viking, the Tofield boys were hitting like lightning and shut out the Viking team to 0.

H. Lee pitched a wonderful game, scattered hits, and took various chances in his stride. The team support was excellent and it would be hard to pick out the star. The boys wish to thank the fans for such a good attendance.

In the evening Tofield came up a gamed Ryley for the final game and the big purse. The Tofield boys completed their good hitting and Ryley, for Tofield's base hit in the 7th inning in 15 to 0 score. Frank Ball pitched this game and considering that he has not pitched any for some time, done well. He held the Ryley team on five hits. At different times the support seemed a little weak but the Tofield boys were easy winners. The line up for the last two games were practically the same, L. Scott caught both games and Lee in will in that position.

The league closes at Tofield on Thursday evening June 5th, with Camrose.

Bank of Montreal Crop Report

General—While the season is backward in Ontario and eastern provinces rather more fav rable weather seems obtains in most parts of the west. Wheat seeding throughout the country is practically complete, with the exception of a few districts in Manitoba, where it will also be up to date. Fall wheat is reported to be in an unusually advanced state of growth, and in some districts it is already beyond the danger point. Pastures and hay crops are making rapid progress, and have improved considerably during the last week or ten days. Timothy and clover meadows have also made rapid progress, and in some districts are now in full bloom. Taken as a whole, the outlook for the hay crop is very promising.

In the letter received by us from Manitoba we note that the acreage for practically all crops is somewhat greater than last year. Timothy and clover meadows have also increased in acreage. Pastures are reported to be in an unusually good condition, and have improved considerably during the last week or ten days. Taken as a whole, the outlook for the hay crop is very promising.

In Saskatchewan, seeding is practically complete, with the exception of a few districts in the north-east. Fall wheat is reported to be in an unusually good condition, and has improved considerably during the last week or ten days. Taken as a whole, the outlook for the hay crop is very promising.

In Alberta, seeding is practically complete, with the exception of a few districts in the north-east. Fall wheat is reported to be in an unusually good condition, and has improved considerably during the last week or ten days. Taken as a whole, the outlook for the hay crop is very promising.

In British Columbia, crops are looking well, but are much in need of rain. Details follow:—

Edmonton district — Abundant moisture over whole district and prospects promising. Calgary district — Wheat well above ground; weather conditions favorable with sufficient moisture. Lethbridge district — Recent rains ample; soil moisture conditions have improved considerably; pastures good in central and eastern sections, and the eastern acreage is being sustained because of dryness. The crop on irrigated land is doing well.

The seeding is 100 per cent done and as there is plenty of moisture in the ground, the outlook for a good crop is fine.

LANDS FOR SALE

$6200.00 will buy 160 acres on Edmonton automobile road a few miles west of Tofield. Has buildings and a few acres cultivated.

$2000.00 will buy 160 acres, 9 miles from Tofield; it has 45 acres under cultivation, buildings, well and fencing. Apply for terms

DO YOU KNOW THAT...

Divine service will be held at Lindbrook on Sunday, June 8th at 3.30 by J. F. Bewell

Born.—To Mr. and Mrs. O. B. Elliott, on Monday, June 2nd, a son.

We are in receipt of the official report of the speech of the budget of D. W. Warner, M.P., delivered in the House of Commons on May 1st. It is both a lengthy and able speech, Mr. Warner fully and conscientiously going his duty—member for Strathcona. The trend of the speech is an argument for tariff reduction.

An intermediate baseball game was played on the local ground on Tuesday evening between Ketchamoos and Lindbrook resulting in favor of Ketchamoos. Lindbrook batted first and scored 12 runs in the first innings. Ketchamoos batted second and scored 13 runs in the first innings. Lindbrook batted last and scored 12 runs in the first innings. Ketchamoos batted last and scored 13 runs in the first innings.

The Tofield Tennis Club are holding a dance at the Variety Theatre on Friday evening. Tickets are selling at $1.50 for gentlemen ladies free. Good music, good floor and a good time

On Tuesday, May 24th the King's birthday was celebrated by holding the sports on that day. Quite a number attended. Holden, Ryley, Tofield and Lindbrook were on the run. The school children's sports were held in the afternoon, and were very well attended. The baseball game between Tofield and Viking was the feature event of the day. The score was 13 to 0 in favor of Tofield. The Lindbrook baseball team played a game with Holden in the evening, which resulted in a victory for Holden.

Mr. Herbert Scott left on Monday for Edmonton, where he has secured employment.

Mr. Ed. Mitchell left on Monday for Edmonton.

Mr. W. J. Hall left on Monday for Edmonton.

Mr. and Mrs. Matt were entertained at the home of Mr. and Mrs. Matt on Monday evening.

A. P. Hall left on Monday for Edmonton.

FREE HIGH SCHOOLS

Commissioner Yorath of Edmonton, by a statement regarding high-schools has given life to a belief held by many for some time past. Commissioner Yorath, in effect, says, that the time has arrived when it will be necessary for the parent to pay direct fees for the secondary education of his children.

No sane person desires to see the educational facilities of the rising generation cut down. All will agree that as regards producing the best and most intelligent type of citizenship the high school is probably the most forceful means at our disposal. There are very few people but who will agree that secondary education is a good thing.

The cause of the discussion is the cost of it. Due to various causes in which boom days and dry years are blended, Edmonton is hard put to it to find enough money to finance all of its undertakings, high schools included. Commissioner Yorath is opposed in his belief by the Minister of Education, who says he does not want to see a condition of affairs where only the sons and daughters of the well to do may take advantage of a high school education. This is a laudable viewpoint and expression.

At the present time the money for education, public and high school, is derived by the taxation of the masses. While the property holder pays the most, there is an educational pull to, no that in some degree or other, few males over 21 years, escape contributing something towards the educational mill. Therefore, the question in a nutshell is, to what extent is the state responsible as regards the education of its children? That every child shall attend school between the ages of seven and fourteen is a matter of law, but after fourteen, what?

The age of fourteen is a recognized year of change. At this age the average boy or girl has received sufficient instruction to permit them to go out into the world and "work." The years between fourteen and twenty-one, should be, or could very profitably be years of preparation. Preparation that will smooth out the rough spots and give them the necessary skill to obtain employment and make useful citizens. Naturally the years of preparation should be devoted to the subject of future tasks. Therefore the boy who wishes to become an engineer, will find a good engineer's high the best place for training. This training, augmented with night classes specializing in the more mental and higher forms of the trade, should prove as efficacious to him as two or three years spent in high school. The same applies to other trades. This is not arguing that a high school student does not make a better apprentice than one without high school training—they do.

To the boy or girl intent upon entering one of the professions, a high school education, to a certain degree, is absolutely necessary.

The problem is not at all confined to the city. It has long been known that it takes all the money paid by local residents to keep Tofield schools running, leaving very little indeed for expenditures. Locally it has got to the point where it is necessary to charge high school fees for pupils attending high school from other districts the districts from which they come being charged with the amount. Tofield people feel that they are being taxed the limit now, any additional tax would be the proverbial "last straw." Therefore if the cost of education in the schools continues to advance, there may rise up here a "Mossee" who will advocate the payment of high school fees.

MORE TIME TO PAY

The mayor, councillor and school trustee did a good stroke of business when they met the Public Utilities Commission on Friday week last. With roughly a hundred thousand dollar debt, which showed no sign of decreasing in spite of payments made (interest eating up the payments) something had to be done. The spreading of the debentures over a period of forty years means that actually we will have to pay out more money, but in smaller installments. Cutting our debenture payments in half should mean that with the present rate of taxation, there should be no great difficulty in meeting the payments as they fall due.

The Commission did not hesitate, however, to explain that the arrangement was entirely in the nature of relief and to enable the town to meet its debenture payments promptly and not for the purpose of reducing taxation. Therefore it looks as if the city mill rate has come to stay and be a permanent boarder with us. In all fairness, however, it should be said that our tax rate compares very favorably with the average run of towns of approximately the same size in the province.

BACK TO THE DARK AGES

In this the year 1924, humanity prides itself upon its enlightenment. With all the modern appliances for personal comfort, as well as aeroplanes, submarines, electricity and wireless, any suggestion that is an important matter we were little in advance of the days of Charles Dickens would be promptly mocked. But such is the case. In the days of Charles Dickens they imprisoned people for debt. If you owed somebody some money and did not pay it they promptly put you in the debtors prison. To-day, here in Alberta, if you owe somebody some money and don't pay it, the same fate awaits you.

The Workmen's Compensation Act of Alberta is a good one by a long shot to the workman. As regards minor and hazardous occupations it probably is good legislation. It brings within its scope everyone it can, from the miner doing dangerous work to the clerk doing nothing more than pushing a pen or pinching a typewriter. Its system of collection is unique as it has two ways of drawing money from the same person. One, a yearly assessment, and the other, quarterly dues, based on a one cent a day deduction per week. If either of these accounts are not paid promptly, one is immediately notified to appear before a magistrate and the costs of the case and fine is added to your little bill.

The Mercury has run foul of these circumstances on two occasions. Last year while the editor was away, a draft for $2.50 was brought to the office. This was the first notification, no other notice whatsoever being received. As the draft could not be signed it was returned and a statement issued, which was served upon the editor's return. The $2.50 was paid before the case came to court, but there was a little item of $4.00 costs. The money was paid and nothing said. This was the yearly assessment. As had been done previously the quarterly dues were kept paid up until the quarter ending March 31st, when the account amounting to $1.50 was accidentally overlooked, and without a second notification along came a summons, bearing in its train $4.50 costs and a dollar fee.

The above may seem quite reasonable to the Workmen's Compensation Board and its officials, but to us it is tyranny. Moreover, if the Mercury was in a financial stress there would be no mention of our dealings with them in these columns. But we are informed on reliable enough authority, "that they are going after everybody". Then they not only compel a man to insure against accident whether he desires it or not, but in case a commons immediately a quarterly installment is missed. No other individual, firm or body of people doing business in the world would do the like.

There is just one thing left to say and that is, "Can't we call them something? will they not subscribe to the Mercury?" so that we might have an opportunity of reciprocating.

OUR SMALL ADS. REACH HOME

Heavy Winter Fed Cattle Shipped

Large shipments of winter-fed cattle are now being forwarded from the province for the Eastern and British markets. Recently several large shipments have been made from Central and Northern Alberta, including the shipment of 250 head of cattle fed at the Edmonton Stock Yards by the Edmonton Feeding Co., a shipment of 14 cars from the Klondyke Ranch at Sexsmith north-west of Edmonton, near Grande Prairie, and a shipment of six cars from as far north as Peace Coupe, in the Peace River district. The shipment of 144 head was made from Peace Coupe by J.A. Dudrap into Spirit River from Peace Coupe, the cattle all being in good shape. Another interesting shipment was made recently of a small lot from the farm of J. J. Powers in the Clear Hills district north of Peace River. These cattle were fed on the open all winter, which is another evidence of what can be done to agriculture in this district, which is more than 600 miles north west of Edmonton.

BUY YOUR TICKETS LOCALLY

When making a trip to some distant point, you should buy your railway ticket at the station here. When you go to the city to buy your ticket, you are out your fare and expenses and pay the same rate as you would here.

Buy here, save this extra cost, and increase Tofield business.

If you contemplate a trip to the old country, or if you propose bringing friends from the old Country, all arrangements can be made with the local Canadian National Station Agent, who represent all steamship companies

Ketchamoot News

Mrs. M. Ingram, sr., spent the week end with her son and wife, Mr. and Mrs. C. A. Ingram.

Mr. W. E. Mitchell and son Irvin, Mrs. G. W. Sours and Stanley and Jos Sutton motored to Camrose Sunday.

Mr. W. A. Mitchell commenced duties as engineer at the Tofield Coal Mine last week.

Miss Bessie Owen and niece, little Mary Ingram, returned home Monday evening, after spending a few days in the city.

Miss Carrie Grebble is spent several days with her sister, Mrs. Jos Sutton the first of the week

Mr and Mrs. Paul McMullen and family are spending a few days at the home of Mr. A. McMullen.

In spite of the busy time, seven ladies of the M.A.S. attended the meeting with Mrs. Watt last Wednesday and a pleasant time was reported.

Completely Worn Out

Mr. A. S. Brown Gains Health from Dreco and Finds It Greatly Improves Mrs. Brown's Strength Too.

"For a great many months I suffered terribly from stomach trouble and indigestion," say Mr. A. S. Brown of 217, Dural Block, Calgary. "My food did not seem to digest properly and I had to be very careful what I ate, in order to avoid great distress from gas. I suffered from bad taste in the mouth, my appetite became very poor, I got weak and run down and began to lose weight. Many a night I would roll and toss about most of the night, and was completely worn out.

"I was compelled to take laxatives regularly and I guess I formed the habit of taking drugs to promote my other bowel action.

"Six weeks ago I started taking Dreco and I began to feel that I was come to the end of my suffering. I have gained six pounds, feel much stronger have no more tired, worn out feeling. I can eat almost anything without suffering afterward. After I obtained such wonderful results, my wife who was also run down in health and suffered from headache and dizzy spells, began to take Dreco too. It has done away with her headaches and dizzy spells and now we are recommending it to our daughter, as it has proven of such great worth to us."

Dreco contains no nercuric potash or habit forming drugs. It is a valuable corrective for digestive disorders from, herbs, roots, barks and leaves and has brought better health to thousands of sufferers.

Dreco is being specially introduced at Tofield by A. S. Brown, and is sold by a good druggist everywhere.

NOTICE TO CREDITORS

In the matter of the estate of William Henry Webb, late of the town of Tofield, in the Province of Alberta, Timewh.

Notice is hereby given that all persons having claims against the estate of the above named William Henry Webb, who died on the 14th day of March, 1924, are required to file with A. J. H. McCAULEY, Tofield, Alberta, one of the executors of the said estate, by the 21st day of July, 1924, full statements, duly verified, of their claims and after so far as I shall then and that after that date the assets will distribute the assets of the deceased among the parties entitled thereto having regard only of the claims of which notice have been so filed or which have been brought to their knowledge

Dated the 31st day of May, A D 1924.

SPORT

Camrose came north on Friday night last and gave the local ball tossers the first defeat of the season. The game was by no means given away and the locals certainly earned the victory. The score was 12 to favor of the visitors. This was a regular league game and it looks as if Camrose and Tofield are in for some real contests.

Tofield travelled to Bawlf on May 31st and lined up against the picked nine that team has by past records they had not a chance to win. However all were pleased. The score was 11 favor of Tofield.

Tofield journeyed to Camrose on Saturday and lined up against the picked nine that team has by past records they had not a chance to win. However all were pleased. The score was 11 favor of Tofield

A SPLENDID LAXATIVE FOR THE BABY

MRS. BUDGE SO WEAK COULD HARDLY STAND

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health

River Desert, Que — "I used to have a severe pain in my side. I would be unable to walk fast and could not stand for any length of time to do my sewing or washing, but I would have to sit down to get relief from the pain. I had three children and was afraid I would have to go to the hospital. I took Lydia E. Pinkham's Vegetable Compound, and now I am able to do my housework and sewing. I am also glad of having good nursing for my baby, and I think it is recommendable that helped me in this way." Mrs. L. V. Budge, River Desert, Quebec.

If you are suffering from the tortures of a displacement, irregularities, backache, headaches, nervousness, or pains in the side, you should give no time in trying Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent you free upon request. Write for it to the Lydia E. Pinkham Medicine Co., Cobourg, Ontario. This book contains valuable information that every woman should know.

Lindbrook

Mr. I. Painter left on the Hy- or his week to Winnipeg where he is going to be married Mr. Painter will miss the time of his arrival back with his Expo- Ish bride, as got informed of the home and he on board to welcome them to true Western style

To a Welshie family left Lon- this week upon receipt of a cable from England announc- ing the serious illness of Mr. Welshie's father and request- ing them all to come at once.

Mrs. A. Hooper of Newport, Monmouthshire, Wales, is stay- ing here on a visit to her son E. W. Hooper and family of Lindbrook. Mrs. Hooper seems to like this locality fine, and the Hooper family here and their Edmonton relatives now have to bet her return to the Old Country.

Mr. A Strutt is starting sheep shearing this week.

The Gov't road gang have finished work around here and are now around north Cooking Lake.

Mrs. W. Hooper was in Ed- monton on Monday on a shop- ping expedition.

Mr. O. Elvagren motored to Edmonton last Saturday on business

Mr. and Mrs. C. J. Kortman motored to Kingman and points south last Sunday. Mr. Kortz- man reports heavy rains in the south country and "enjoyed" quite a trip getting back over greasy roads.

Kingman

On King Georges Birthday, June 3rd, Kingman motored to Hound Hill to play a game at hoop ball. As the weather was fine, a fast game was played, the score losing 8-6. The men scored by innings was as follows:

Kingman	0	0	0	1	2	1	4	—	8
Hound Hill	1	0	0	5	0	0	0	—	6

Kingman lined up as follows: A. Laughed, c.; H. Scott-hill, p.; C. Swetzfield, 1b.; H. Thompson, 2b.; E. Aaberg, 3b.; H. Wyman, ss.; D. Anderson, r.f.; D. Patterson, l.f.; T. Beamish, c.f. Mr. and Mrs. J. Monson of Camrose visited with Mr. and Mrs. C. Bjerkert last week.

Mr. and Mrs. T. Hortsand Mr and Mrs. E. Molvik were in To- field on Friday to see the To- field Camrose baseball game

Mr and Mrs. P. Kongen of Duvif visited with Mr. and Mrs. E. Erickson on Sunday

Mr. and Mrs. Geo. Welch and family, Mr. and Mrs. L. Larson of Camrose had dinner with Mr. and Mrs. Erickson on Sunday

Mr. and Mrs. Dan Scramstead of Gaisland visited with Mr and Mrs. H. Molvik before leaving for the States.

Mr and Mrs. F. Johnson were visitors with Mr. and Mrs. Nickerson last Sunday.

Mr. and Mrs. Bonner of Round Hill visited with Mr. and Mrs. Rodnunsky on Sunday.

Miss Hardin of Edmonton visited Mr. and Mrs Rodnunsky over the week end.

Women's Institute Notes

The June social meeting was held on Tuesday with twenty- on present. A full treasurers report was given by Mrs. Hall which shows we have a good standing financially. The ball- lions of business passed quick- ly after which the secretary gave her report of the annual convention held at Calgary last month. We were pleased to welcome Mrs. Somers, one of our ld time members, who was in town and attended the meet- ing. Mrs Parker and Mrs Bailey acted as hostesses

The July social will be held at the home of Mrs Roberge. Al weather permitting and the Mesdames Roberge will act as hostesses. Observe, next social is the 3rd Tuesday in July.

Ketchamoot

(continued from front page)

were guests of Mr. and Mrs. O. Barnes Sunday

Mr. H. Mitchell or, having the honor to have his birthday on the same day as the King's June 3rd, a few friends and re- latives took their baskets and spent the day with him it being his 70 anniversary the guests were Mr and Mrs D. H. Mitch- ell. Mrs. W. A Mitchell and daughter Miss Jean Dickson, Mrs M Henderson, Mrs. B Wilkinson and Angus Mitchell.

Talk about army worms they were nothing last year compar ed to this year the poplar trees are black with them which is quite bad enough but would be worse if they got at the crops

The M. A. S. meeting will be held one week earlier this month on account of Chautau qua's will be held next Wednes day June 18th at the home of Mrs A Wilhaus

VOL. 31 NO. 33 TOFIELD, ALBERTA, THURSDAY, JUNE 19, 1924

THE TOFIELD MERCURY

Chautauqua Opens on Monday.

Big Celebration July 1st

Drove Ox Team To Mission Circle Meeting

In commemoration of the founding of the Baptist Mission 32 years ago, a birthday party was held recently at Edmonton, Mrs. Roberge of Hope Creek, a few of the members of the orig- inal party present and read the original. Now as we have all heard of this pioneer trip, which was a very pleasant one, the big feature of the day was the sterling Christian character

June 5th, 1924

Dear Mrs. Roberge

As one of the Baptist trail blazers, we feel you are in a class quite by yourself for we are sure there never was such a woman among

As far as I can now recall, quite accurate as my memory Mrs. Roberge, we made very good time on the trail, never when did a team of horses have to rest more than once in a day, and then only for a few minutes, and I am sure you will remember how we used to sing and make the hills ring with our songs and glad- ness.

You freighted all the way to Edmonton

The fact that you could drive your team of oxen so well, and that it was a woman who was driving, Mrs. Roberge, was a great tribute.

We are not unmindful of the tireless energy in seeing to us and I could write a book of the kindness you showed us, but for the sake of space I shall only say that your efforts were appreciated by us all.

Trusting that you will enjoy the meeting and many years to come this Jubilee Day

On behalf of the Mission I re- main

Yours Mrs. H. H. Mc- Mrs F. Meakes

WEATHERBEE SALES

A wedding took place at the Manse, Tofield, on Saturday June 14th, when Mr. Charles Leonard Weatherbee, ... to Miss ... Rev. ... Mr. and Mrs. Weatherbee left on the afternoon train for a honeymoon trip to Banff and Lake Louise. On their return they will reside in Tofield. Mr. Weatherbee has been in charge of the Bank of Montreal here for the past two years and has made many friends who wish him every success in his new home.

Tofield Herald has been sold to Miss Lakeshore, succeeding Mr. Hall who has been in charge for the past two years. Mr. Hall intends to take a rest for a time, after which he will enter the real estate business in Edmonton. Mr. Hall has been a resident of Tofield for the past five years and has made many friends who will regret to see him leave. He intends to leave for Edmonton about the middle of July.

Tofield Holds the Silver

Tofield ... successfully handled all the at- ... tempts of Edmonton to lift the silver cup from Tofield's possession. The game was rarely ever in doubt, the locals getting a lead and keeping it throughout the game. The score was 8 to 3.

Batteries were ... Tofield ... Edmonton ...

THE CHAUTAUQUA

The present chautauqua is our second. During that time while public opinion has veered to the [illegible] station that [illegible] sufficient [illegible] with [illegible] to [illegible] the [illegible] the [illegible] the [illegible] year. Those who remember the personnel of the guarantors of earlier years will note the entire [illegible] community. In the original list of the [illegible] township, town [illegible] the majority, and [illegible] of power [illegible] was done by them. [illegible] first chautauqua. [illegible] difficult guarantee [illegible] just your own pain, that [illegible] such guarantee being responsible for a set sum was tried, [illegible] The plan is not to [illegible] close copies people [illegible]

There is no [illegible] that there is a real demand for a chautauqua from the country people. The unfortunate part of it is that [illegible] effort to sell ALL of the tickets. A large number [illegible] that should be done in order that [illegible] the [illegible] station that [illegible] sufficient [illegible] with [illegible] to [illegible] the [illegible] the [illegible] the [illegible] event.

THE GYPSY MOTH

At the present time the discovered [illegible] the [illegible] millions upon millions of [illegible] They have devastated the entire [illegible] from [illegible] country. In the original list of the [illegible] township, town [illegible] the majority, and [illegible] of power [illegible] was done by them. [illegible] first chautauqua. [illegible] difficult guarantee [illegible] just your own pain, that [illegible] such guarantee being responsible for a set sum was tried, [illegible] The plan is not to [illegible] close copies people [illegible]

There is no [illegible] that there is a real demand for a chautauqua from the country people. The unfortunate part of it is that [illegible] effort to sell ALL of the tickets. A large number [illegible] that should be done in order that [illegible] the [illegible] station that [illegible] sufficient [illegible] with [illegible] to [illegible] the [illegible] the [illegible] the [illegible] event.

Returned Soldier Welcomes Dreco

Remarkable Home Properties Again Demonstrated By Its Quick Relief

Good health is one of the greatest of Man's assets. Yet all over this country there are men and women who [illegible]

[illegible] "My nerves were in a terrible condition, and I had [illegible] aches. Get up in the morning with a bad taste in my mouth and my tongue was always coated.

"All this time I had been suffering [illegible] and could not sleep.

"I read about Dreco and the results that it had produced in [illegible] cases. I decided to try it. [illegible] for [illegible] and my sufferings [illegible] was to be [illegible]

Thousands of people gladly give testimony to the wonderful merit of this herbal remedy. Thousands have obtained relief after other medicines have failed. Dreco is made from pure, [illegible] herbs, roots, bark and leaves, combined in such a [illegible] as to produce the [illegible] and [illegible] results.

Dreco is being specially introduced in Tofield by [illegible] Drug Store, and is sold by druggists everywhere.

HAZEL EDEN

McLAUGHLIN-BUICK MASTER SIX 24-45

Sit Behind the Wheel of *this Master Six*

At first glance, you will certainly appreciate the [illegible] attractive finish and [illegible] of this McLaughlin-Buick.

You can't really know this fine car, however, until you [illegible] behind the wheel.

When you [illegible] the [illegible] abundant power; to feel the [illegible] and unusual riding comfort; to [illegible] of control, on all roads in all weather, that is afforded by the [illegible] Buick—but until then will you know all the value offered in this fine car.

Wm. Boyebuk after a visit home has returned to B.C. to work.

Upper Ross Creek is having its annual picnic on July 4th, the usual good time is anticipated by all.

Among jumping deer, wood chucks and badgers, Ross Creek is getting to be quite a paradise for wild animals. They grow soon to be obeying around the lake this year too.

Low Prices on Case Threshers

A light-running, easily-adjusted, clean-threshing, grain-saving Case Thresher is one of the surest profit-makers a grain grower can buy. Cash prices for complete machine are attractively low. Only a little more if time payments.

It will pay every tractor owner growing grain and others to see us at once.

M. C. Hammond

Tofield Alberta

Summer S. D. is winding up the school term with a basket picnic to-morrow afternoon. A good time is expected.

The dance at Trent's Hall to help purchase a baseball outfit was well attended and over twenty-four dollars was provided for the fund. The orchestra from Mundare furnished excellent music. Several attended from Kelsbaumt district, Lakeshore district and Upper Ross Creek. A dance was held the week previous at Mr. J. Lagan's, proceeds going toward the baseball fund.

It Is Not Good Business

To delay in putting on Hail Insurance. Records in previous years show that hundreds of bad claims have been paid in Alberta as early as June 12th. The premium is exactly the same for the whole season as it is for a short time. When you place Hail Insurance with us you receive our service and assistance in getting the best settlements of losses.

Town Council Meeting

Regular meeting of the Municipal Council of the Town of Tofield, in the Town Hall Tofield, Monday July 7th at 8 p.m.

Members present, Mayor McCauley, Councillors North, Hay, Hesse, Chapman.

Minutes of the previous meeting were read and adopted.

Mrs. Pincott and Mrs. Inness interviewed Council and asked if arrangements on the sum of $400 could not be made to pay off the indebtedness on the Rink.

Moved by Councillor ..... seconded by councillor Hay that the town compromise with the Women Institute and accept the sum of $400 as payment in full of 1923 taxes levied on Lot 8 Block 15 Plan 9288 S. C. carried.

The following communications were received and considered.

Department of Health asking if that Violet Wellington was entitled to admittance to the Provincial Home at Red Deer and that it was probable that the Town would be charged Hospital rate with towards the expense and her keep.

Secretary stated that he had advised the Department of Health that the town did not consider that this girl could be considered as a resident of Tofield and that this town should not be charged with any expense in connection with her administration to a home.

Mundare Sports Committee, inviting members to sports day to be held on July 12th.

The secretary was instructed to acknowledge receipt of the above and to thank the committee.

Attorney to locate property on Lot ..... legal opinion as to advisability of person moving a building since a caveat is filed against the property. Filed.

Moved by Councillor Hesse, seconded by Councillor Hay that McMurray be authorized to purchase 6 ton of coal. Filed

A number of accounts were passed and ordered paid.

Mayor McCauley informed Council that Mr. Frank Walker and Mr. Sam ..... re both of 65 ..... and ....

Bryan Supports McAdoo

New High Mark Is Reached in Forty Second Ballot

Madison Square Gardens, N.Y. William Gibbs McAdoo ran to a new high mark in the forty second ballot in the Democratic national convention. He passed the much-sought goal of 500 votes by dint of much frantic work and persuasion and manoevering on the part of his floor managers when declined they had not finished their work yet.

Running close to the 66 and 44 Lodge record of Baltimore and San Francisco conventions, respectively, the New York exhibition gave promise of setting a new mark. McAdoo had his high mark so far in the fourteenth ballot, when he polled 546½ votes. Smith at that time had dropped a little below his high level, 323½, made on previous ballots. At the close of the thirteenth ballot McAdoo had stood at 415½ votes. Then he United more by a ballot in the balloting and the votes he got were taken principally from Smith, who lost 90½ votes on the last ballot.

The foreign of the session came when Josephus Daniels, former secretary of navy, ran galore, took the platform and placed in nomination William Gibbs McAdoo. He declared the Democratic candidate must be firmly in possession

"The Good Deed of A Hundred Thousand People"

Today one hears a great deal about Wembly and its wonderful exhibition. Where there is gathered from the four corners of the earth things both marvelous and beautiful, where excellence becomes ordinary and splendour becomes commonplace, and where millions of people are finding a new world. The following article reprinted from "The Children's Newspaper," deals not with wonders mechanical and geographical, but with what was the largest divine service ever held in the world, and will, no doubt, be read with interest by our readers.

"We looked the other day on a scene that we shall not forget. It was a mighty spectacle.

We sat among a hundred thousand of our countrymen, with the King in the midst of us. The open tier for the great men of humanity rose in the vastness of our British Colosseum. At times it was like a mountain, solemn and still. At times it was like the sea, heaving and swaying. At times it was like the wind, thundering and singing. At times it was too somberful for words as when it stood up like one man and said the prayer that Jesus taught us.

We could not keep back the thought that that green arena was the symbol of our lovely countryside, and that those thousand waiting hearts were the strong walls that hung our island safe amid all the dangers of the world.

We could not help thinking of those who had made us, the dreamers and builders of the Empire that has shown the world the way to live at peace. We could not help thinking of those who gave their lives for us, who stood like a wall and fell where they stood that England might go on. We could not help thinking of those who in fifty years will be keeping League of Nations Day in the Great Stadium.

We shall remember through the years the things we saw and heard, the colour and the pageantry, the music and the people, the soldiers and the sailors and nurses and scouts and guides, and the little group of men who could not see it all because they gave their eyes for you. We sang words that have been sung for centuries in our cathedrals. We listened to words greater than Shakespeare's written by a tentmaker long ago. We heard the tender music of Sir Hubert Parry enshrining the wondrous words of William Blake. We loved the drums and the fifes and the great massed choirs. We stood amazed at the sound of the voice of a tiny figure far away, whose words resounded through the stadium and were carried through the kingdom on electric wings.

But most of all we remember the feeling that behind and beyond it all was something too vast for sound and too deep for words. We felt that all that is best in England was represented there, and that it was the voice of England that said, with a hundred thousand tongues but with one soul, Thy kingdom come.

More things are wrought by prayer than this world dreams of. Let us pray that all the world may know the power the British Empire knows."

"SERVICE MY MOTTO"

Bank of Montreal Crop Report

General. — The crops in most districts in Canada are making satisfactory progress. In Saskatchewan, Manitoba, and Ontario the season is still two weeks late; but no good growth is now being made, prospects are favourable for an average crop. In British Columbia rain is badly needed. Details follow:

PRAIRIE PROVINCES.

Edmonton District. — Cold dry weather during the last two weeks has retarded growth. There has been slight damage from frost in some localities.

Calgary District. — Hay crops have improved conditions generally, but growth slow. Some sections suffered from lack of moisture.

Motor Races at Edmonton Fair

With their usual thrills and sensation, automobile races are again to be the feature attraction at the Edmonton exhibition and Stampede according to an statement issued by Manager W. J. Stark on Monday evening July 16th the opening day of Exhibition is the time set for the boggled dare devils to line up their lizzies and if dope runs true to form Edmonton will see the greatest list of red devils that have ever been seen on the local course.

All events will be professional and they will be run under the rules and with the sanction of the international Motor Contest association, the dirt track controlling body.

Returning From The States

Nearly 9000 Canadians have returned to Canada from the U. S. since April, according to figures prepared by the department of Immigration and Colonization. In April last the department instituted a system of checking at the international border on all Canadians who were returning after a period of six months or more spent in the States. The result to date has been the number above quoted.

Alberta Butter For Britain

A shipment of some 1,200 tons of Alberta butter will leave shortly from Edmonton and Calgary by the way of Vancouver and the Panama. The shipment is being contributed to Calgary and will be made by the Empire Last years a considerable quantity of Alberta butter went to Britain by the Panama route, and created the ultimate market in a most satisfactory condition.

CLOVER BAR WINS

Clover Bar basketball team defeated both Ryley and Tofield teams in their games last evening respectively, so it looks all the pennant is very allotted to the Beach of Clover Bar. The games were 1 and nine. The first game resulted in a score of 12 and the second game 16 to 8.

The Toy Canoe

THE TOYMAKER [illegible]

When at [illegible] stores toward the toy counter, we are apt to see in our minds' eyes [illegible] days when we [illegible] of us can [illegible] days when toys were [illegible] gaily when toys were to us, as they are to [illegible] magic [illegible] the toys of them; to a magic [illegible] and as we [illegible] and as we [illegible] buying the thing that we as the [illegible] takes our fancy. That is, if we have a choice, and are not forced by circumstances of [illegible] or limited means to take what we can get.

But the toy reaches further back than this. Behind each is the toymaker. The man or woman whose soft fingers shape the thing of art and life out of [illegible] expressing [illegible] dreams. Notable [illegible] Canada has [illegible] who see in the [illegible] Albert Operti, sculptor, Hamilton, mathematician, musician, legislator of Mother Hubbard.

Take the part French, part-Indian, maker of the toy-canoe that so delights the hearts of little boys even when for lack of lake, river or sea in their neighborhood they are forced to sail it in the bathtub, or just carry it to bed clasped in chubby arms, at night, as a sort of gallant wheeled [illegible] to the land of dreams, in there not in the canoe, a spirit of race? The French trait of "acculturer," as the woodsrunner calls himself down in Quebec, and the thoughtful knowledge and appreciation of the canoe that "the Indian teaches both to professional boy in this great country [illegible] Canada.

It would be difficult to say which side of it is the other more, but it is true that the combination is a fascinating one of an artist when the United States or Mexico to the south without work comes across, one hears. A born toy-maker. Somewhere there must be some animal something which is of the very soul of it and which makes it [illegible] [illegible] [illegible]

Declares Laziness Is Mother Of Invention

Fred C. Kelly Supports His Contention With Simple Illustrations

Lazy men are fathers of progress. Fred C. Kelly of Chevy Chase, Md., said in speaking before the Economic Club of Chicago.

Laziness and not necessity has been the mother of invention, he told the listeners. He supported the contention with simple illustrations.

It must have been the lazy caveman tired of rekindling the spark every time he wanted a drink who devised the first rude pot on that account, Kelly explained. Necessity, he said, adding:

Lazy as some other lazy man was tired of carrying the water quite so many times, must have invented the pump and the windmill.

Keen around the children of the present day, Kelly thought, there is a similar tendency. Modern inventions, he said, are a tribute of men who "don't want to work any harder than they have to."

ROGERS BROS.

Two Local Weddings

LOVELL—FRASIN

A very pretty wedding was solemnized on Tuesday evening July 15th at the home of Mr Daniel Francis of Tofield, when his youngest daughter Louise was united in marriage to Mr. Hubert Lovell also of Tofield, Rev. R. G. Watt B. D. of Tofield officiated.

To the strains of the wedding march played by Mrs. James Francis, the bride, looking charming in a sand silk ratine dress trimmed with old rose, and carrying a beautiful bouquet of Ophelia roses and carnations, entered the room on the arm of her brother in law, Mr Earl Moore of Jarrow

The bride was attended by her sister Mabel and her little niece and nephew Hazel and Jonny Moore The groom was attended by Mr Earl Moore as best man

After the ceremony, which took place under a lovely arch of evergreens festooned with wild roses and Iceland poppies, a dainty supper was served in which the invited guests sat down. The table was tastefully decorated with sprays of fern and Iceland poppies. The following guests were at the wedding.

Rev R. G Watt, B D. Mrs. Watt, Miss Watt, Mrs G. Hengell of Edmonton, aunt of the groom. Mr. and Mrs. T. McCaslin, The Misses Dot an Thompson, Annabelle and Joan Kellner, Mildred Sherlock, Thelma Noland, Lucille Gray, Mr Jan es Francis, Mr Daniel Francis, father of the bride, Mr. John L. Wills, uncle of the bride, Messrs Henry, George, James, Arthur, brothers of the bride.

The happy couple intend leaving shortly for an extended motor trip to the coast cities via Banff, Windermere Highway.

On their return they will make their home in Tofield.

SEALE—NEAL

A pretty wedding occured at the home of the bride's parents on Tuesday when Mr. Thomas Elgin Seale and Miss Bertha Neal were united in marriage, the ceremony being performed by the Rev R. G. Watt. B. D., the wedding ceremony was enacted under a beautiful arch of evergreens the bride being given away by her brother Ralph Lobergrin's wedding march was played by Miss L. Hoyle. The bride was attired in blue canton crepe and carried a bouquet of white carnations. She wore a necklace of pearls the gift of the bridegroom. After the ceremony a buffet luncheon was served The happy couple entertained for the night in an where they will remain for a few days at which they will return and take up residence in their home eight miles north of Tofield

CANADA'S GATEWAY

WHILE THE majority of American- have been offering up a silent prayer to congress for the speedy passage of the immigration law, Canada has been waiting enthusiastic over the end of the slack post war immigration and the fact that the first few months of 1924 indicate that the record of 137,681 immigrant arrivals will probably be surpassed this year. So great is the exodus of native Canadians into the United States that the Dominion depends largely on immigration to keep her population from decreasing.

Canada has been peculiarly fortunate in the class of immigrants who elect to come to her shores. This has been due not so much to good fortune as to the fact that she has gone shopping in likely European centres for the types she deems most desirable, even going so far as to extend a helping financial hand to those who would make worthy settlers, but lack the funds to come.

The Dominion's Immigration Department divides the immigrants into six classes according to the type of work they will follow in their new homeland. These are mining, trading, mechanics, laboring farming and female servants. Laborers are admitted only when there is a shortage in the labor market, but servants needless to say, are joyously welcomed. Twelve thousand seven hundred and thirty-eight servants arrived in 1923 to gladden the Canadian housewives, but the statisticians strongly suspect that the information that Canada is a man's country had something to do with that and that they will be cooking in their own kitchens in another year or two. Forty-nine thousand persons declared their intention to follow the plow, welcome news to an agricultural country.

On the whole, Canada seems to be fortunate in the type of immigrant who comes to her shores. Another excellent aspect of the situation is that the immigrants do not cluster along the Atlantic Coast, but spread out towards the sparsely settled sections of the west. The rugged pioneer type that once set sail for the United States has been diverted northward to the Dominion.—Los Angeles Times.

Tofield Retains McCallum Cup

An exciting ball game took place between Lamont and Tofield baseball teams on Monday night. The game was up and back all the way through, the scores being tied on three occasions.

The men from the north were down to win and carry away the McCallum cup, which was won from Ryley last season and which has been successfully defended several times since

THE CARRY CROW grants, if let alone, would eat

An observing shooter, roused the ire of his comrades by current notation. It must be admitted, however, that the crow, despite that they were wandering about the corn post birds is very much a dog field, and found very guilty indeed. He doubt whether the crow often eats young [illegible] does whether the crow often eats farmers say it does, or as the [illegible] eggs out of other birds' corn appears above the ground, now. He has never found a He has watched crows at this [illegible] seen doing that, but has often found them in fact when the corn is coming up, but on He want to know why people ly just after planting has been pick on the crow instead of the done. The crows he explains, jay. Many naturalist uphold have a habit of going over this but it. Yet it is hard to freshly plowed fields in quest of make headway against the pre white grubs and beetles. That talent conviction that the crow is a useful service because the is primarily destructive. The

EIGHTH

of the series dealing with the establishment of the BANK OF MONTREAL at representative points in CANADA and elsewhere.

IN THE CAPITALS of CANADA

THE year 1861, when the foundations of modern Can ada were laid by Confederation, was the year in which the Bank of Montreal celebrated the 50th anniversary of its foundation. By that time the Bank was already a strong and stable institution, with Branches well dis tributed throughout Upper and Lower Canada.

Established in Montreal in 1817, the Bank opened an Office in Quebec in the same year, at York (now Toronto) in 1818, at Ottawa in 1844, in Halifax in 1868, in Winnipeg in 1871, in Regina in 1883, in Victoria in 1891, in Fredericton in 1899, in Edmonton in 1903, and in Char lottetown in 1907.

Today the Bank has more than 350 Branches in Canada and offices in New York, Chicago, San Francisco, Spo kane, London, Paris and Mexico.

"SERVICE MY MOTTO"

fused between him and the farmer, justified and unjustified, is so ancient as to be deeply rooted in popular tradition every where. It fades only with the gradual growth of tolerance and affection for all forms of wild life not flagrantly and demonstrably hostile to man. —The Peoria Transcript

SIX HANGINGS FOR ONE ONE MURDER

The "One Bullet but Six Hangings" case in Montreal has excited widespread comment all over Canada and the United States, but the justice of the sentence is commonly conceded. There was a murder. Every one of the condemned conspired to bring about an armed hold up which they knew would probably result in murder. That conspiracy was proved against each one. Each was therefore guilty. The law on the subject is explicit. It says "If several persons from a common intention to prosecute any unlawful purpose, to assist each other therein, each of them is a party to every offence committed by any one of the others in the prosecution of such common purpose, the commission of which offence was, or ought to have been known to have been, a probable consequence of such common purpose."

It might not be a bad idea to teach this elementary principle of law like the above in our schools. Many a weak minded youngster might thus be warned against entering membership or participation in an enterprise in crime. Montreal Star

THE WEMBLEY RODEO

It is not an easy matter to figure out the reason for the antagonistic attitude adopted by the British press towards the Rodeo feature at the Wembley exhibition. That the unfavorable feeling existing is shown by the tone of the comment which is being made through the whole mentioned and that there is anything behind this comment which is not made apparent to the general public, is plainly indicated by the vastly [illegible] grounds on which the rodeo is condemned. Some of the newspapers assume an amusing attitude and describe the events as very tame. While others go to the extreme of condemning them as altogether too cruel and dangerous to appear in the British public. The impression gained from reading many of the [illegible] is that the [illegible] cannot be sent [illegible] to be condemned [illegible] The only thing [illegible] to the press [illegible] [illegible] [illegible]

Hon. J. R. Boyle Speaks at Tofield

A well attended and interesting meeting was held at the Variety Theatre, Tofield, on Saturday afternoon. The principal speaker, Hon. J. R. Boyle gave an address on provincial matters and was supported by Edward C. Fisher, liberal organizer. Mr. F. Walker of Fort Saskatchewan also gave a short talk.

The meeting was called to order by J. D. Hannes, who moved that Jos. Hingley be chairman. Motion carried and Mr. Rogers took the chair.

Hon. J. R. Boyle said in part, it was a pleasure to be here and speak. It was not very easy to get people interested in a political meeting except at election times. Nevertheless it was necessary to keep in touch with public matters. One was to study wisely at election time. He had occupied a seat in the legislature since 1905 when the province was formed and was well able to judge the legislation of the present government. He would like to make it plain here that he had no quarrel with the U.F.A. During the Liberal terms of office and while the U.F.A. was in the course of formation, hooking with his government had voted public money to further the cause. He had a-if was a life member of the U.F.A. but he did not think that it would have been transformed from an economic and co-operation to a political [illegible] Years ago the U.F.A. named convention was a kind of people's forum, where public questions were freely discussed. Governments of the day were freely criticised and public questions discussed without fear or favor. Now it is no longer a people's forum, the discussion of public questions being squashed for fear of embarrassing the government. This was what in his opinion was transformation to government from the bottom up to government from the top down. Six months after the U.F.A. government was in power a corps of expert auditors were engaged to audit the affairs of the province from 1905 to 1921 and he was pleased to say the liberals received a clean bill of health. There was a debt of $37,000,000 in 1920 and the provincial debt now is $47,000,000 an increase of $2,000,000 with few assets to show. Each year they have spent from one to two millions more than they collected. They claim that interest charges on the debt contracted by the liberals is the cause of the increased indebtedness, but this is not so. When the present government went into office the annual revenue was eight millions now it is over eleven millions and this year they will have the profits from the liquor business. The increase in revenue would more than pay the interest on the debt as it stood when they assumed office. When they were elected they promised to remodel the affairs of this country and were going to so. Needless only know of one instance where they recommend and that was not a real economy, being only a shifting of burden. He referred to the cutting of Time public account. He blamed that if the grants were lessened the taxpayers had to make up the deficiency. They were going to do wonders on a new road building scheme, and commenced to establish a road commission. This took two years to form, and one year, but did nothing but travel and look around. The first road commission we let out and his authority re-investigated in the Public Works Department. There is a new commissioner appointed. He does no harm but there is the cost of maintenance. The first road commissioner made a report in which he said the money expended by the late government was well spent, which probably was the reason his services were dispensed with. Why were the roads not kept up? So much money was being spent on current expenditures that there was no money for roads. Money was taken out of the roads fund amount and used for current expenses, otherwise etc. The government is going to borrow $700,000 for a road program but this will not put the roads in any good a shape as when they took them over.

When in 1921 he listened to the speech of democracy, he believed that our fathers fought and obtained this for us, and that he was born into a democratic country. Listening to speeches in 1921 he was led to believe that men were not free men but bond men. This new movement was to usher in a new orientation of democracy something more democratic and free than heretofore. He would explain how this superb democracy worked in the redistribution of seats. From time to time it became necessary for any government to make a redistribution of seats. This was done so as to maintain proper representation as regards population. But redistribution always came into effect at the close of the government's term of office. Recently the members for Clearwater passed away and despite that the act was the most autocratic since the days of Julius Caesar, the Greenfield government simply wiped the ruling clean out. If a riding can be wiped out when a man dies it can be wiped out while he lives regardless of the desires of the people who cast their votes. In such a case the government chooses those people's representative, not the people themselves. If this is orientation of democracy the Lord save the country from it. The present government has not accomplished anything. There is no economy, not only among the members but among the rank and file. Those saw the U.F.A. government choose their premier, minister and the premier were

(Continued on page four)

DO YOU KNOW THAT---

Rev. R.O. Watt who has been suffering from a nervous breakdown is improving steadily we are pleased to report, and will soon be able to resume his duties as pastor of the United Church.

Mr. and Mrs. Chas. Ward of Wainwright visited at the home of Mrs. Emory during Monday and Tuesday of this week. Mrs. Ward will be remembered in Tofield as Miss Nellie Green, at one time on the local staff of the Alberta Government Telephone.

Mrs. Hatcher and daughters of Calgary are visiting at the Wallis home. Mrs. Hatcher is a sister of Mr. Wallis

Miss Alice Van Buskirk, night operator, is spending her vacation at Lacombe.

Hornby Heggood who is in the Lamont hospital is recovering slowly but is much better than when he returned home from the States in the early fall.

Mrs. Herndon is spending two weeks at the home of Mr. and Mrs. Foster of Edmonton.

Mrs. Sherlock visited Edmonton on Tuesday of this week.

A new bus nevertheless wise innovation is being undertaken by the Tofield council. They are holding a public demonstration of the use of the fire fighting apparatus on Wednesday next. This will enable all citizens to become familiar with the working of the chemicals so that should the occasion arise there will be no confusion and loss of valuable time.

The test runs, wherein the Richfield stock association were saving A. Thor for an assessment of $100.00 was scheduled to be heard at Tofield on Tuesday. Owing to the funeral of the late Chief Justice Scott being held on that day, the court sittings were cancelled. The case will come up in September.

The Tennis Club are staging a "dance on the green" to be held on Friday of this week. This is something new for Tofield and should go over with a bang.

Manager Bellamy announces the booking of "The Covered Wagon" to be shown here on August 11th and 12th. This is a splendid picture and comes with every kind of recommendation. There are eleven reels. Prices will be adults 1.00, kiddies 50, plus tax. At matinee on Wednesday, Aug. 13th, prices will be adults .75, children .35 plus tax.

A movement is underway to organize a football club for Tofield. Most of the surrounding districts have become keen on the sport and with a team at Tofield a number of games would most likely be played. There is to be a game with Lakeshore in the immediate future.

Mrs. Fraser, mother of Mrs. Sherlock visited Edmonton on Monday.

Mr. and Mrs. H. D. Miller visited at Cooking Lake on Friday last.

The Tofield baseball team are playing in a tournament at Edmonton today. This is "the stuff" in baseball and here's hoping the boys bring home the money.

A public meeting held under the auspices of the Town Council will be held on Saturday August 9th at which Mr. F. Walker of Fort Saskatchewan will speak. Mr. Walker's address will deal with the West ern Grain Route, he having spent considerable time in studying this important question As it is a subject of interest to every farmer there will no doubt be a good attendance

During the past week Tofield and district has received copious rains which have greatly enhanced the crop prospects here. The rains have also freshened up the pastures greatly which means that the volume of cream brought in has not fallen on any.

Official inspectors are at present at the local branch of the Bank of Montreal

Mr. J. Barnett was a city visitor on Monday.

Mr. J. W. Morton visited Cameron on Monday Mr. Morton is in the hospital there suffering from blood poisoning.

Miss L. McClymont was home from Edmonton over the week end.

Visitors to Edmonton from Tofield on Thursday inclusive Mr and Mrs L. Scott, Miss Griswold, Mrs. Parsons, and Mr. and Mrs. H. L. Tudor.

H. Smith of the station staff returned From a visit to Vancouver on Tuesday

The Tofield boys attending the Track and C.N.R.T. camp at Hastings Lake were driven home due to the courtesy of Bill and Bert Swift on Sunday last. They were tanned to the color of a Sioux and evidently had a glorious time while in camp.

Official inspectors are at present at the local branch of the Bank of Montreal.

Mrs. Fraser, mother of Mrs Sherlock visited Edmonton on Monday

WEDDING

BADGAMOTH—NOLAND

At the residence of the bride's parents, on Monday, July 28th, 1924, Mr. Laurie Lawrence Badgamoth to Florence, youngest daughter of Mr. and Mrs. Nath aniel Noland, of Tofield. Rev. R. O. Watt, B. D. Pastor of the United Church Tofield officiated

The happy young couple will reside on their farm south west of town

Chicken Dinner at Ketchemoot Picnic, Oh Boy

BORN—To Mr. and Mrs Henry McGinnis, on Sunday July 27th a son.

Mrs. Frank Hall went to Calgary Friday for a visit with her daughter Mrs. O McNeil.

Mr. Irwin Plants visited friends at Ohaton the middle of the week.

Mr. Oscar Barnes who has been very poorly did not return home on Tuesday when expected but had to remain at the hospital for treatment

Mr and Mrs. Chester Cronkeson and family, Mr and Mrs. A. M. Mullen, motored to Banff Sunday and spent the day with Mr and Mrs. Archie Brown.

Ketchemoot baseball team lined up for business on Tuesday evening for a game with Kingman, but Kingman failed to put in appearance, but a good time was had by the Ketchemoot when father mother and family all played ball.

Mr. T. Whitmore was through our district last week demonstrating aluminum ware.

Most of our folks in Ketchemoot attended the Camrose fair either on Friday or Saturday.

Miss Ruth Schultz is staying at the Morton home in the absence of Mr. Morton who has been very ill and is still in the hospital at Camrose.

Mr. and Mrs. C. A. Ingram spent Sunday at the P. O. Morton home at Steonts.

Ketchemoot and Kingman ball teams played ball Sunday evening on the Ketchemoot diamond score, 7 14 in favor of Ketchemoot.

A very pleasant afternoon was spent with Mrs. Mary Ingram on Wednesday afternoon, when she entertained the Missionary Aid Society. A large crowd of members and visitors were present. After the devotional and business session a delicious lunch of sandwiches and coffee, ice cream and cake was served by the hostess. The August meeting will be held with Mrs. Chas. Whitaker.

Just one more day of all day fun and social get together. The Ketchemoot annual picnic will be held next Wednesday August 6th, on the old picnic grounds on Mr. Withers farm just east of the Hardy siding with the usual sports of baseball, races etc. it is rumored there will be a baseball game between the ladies of Ketchemoot and Tofield. A chicken dinner will be served at noon also a booth for refreshments, So a big day is the slogan. Remember the date August 6th.

HAIL INSURANCE

Is an INDISPENSABLE as the crop itself.

Wisdom directs the necessity of insurance protection

THE EXTENSION OF THE WHEAT POOL

Red Deer News

Discussion has taken place and negotiations are in progress with a view to the formation of a wheat pool for the three western provinces, Manitoba, Saskatchewan and Alberta, which shall regulate or control pools for these provinces individually.

In theory at any rate the plan is a wise one. The experience of the Western States seems to show that small pools or labor unions grave disadvantages. They can have little or no control over or effect on the markets, especially in the case of such a commodity as wheat which is grown all over the world, and they are apt to be overpowered by organizations with extensive resources. The success which the pools of Idaho and Washington have had is altogether illusory. Those of Oregon and California meet the ridge of failure and unless they continue in the case of the California pool the final loss seems likely to be almost as great by the ruinous competition as the Californian crop this year through drought. It is the case that failure is due to no management of the pool has only a small amount of grain to handle, and has to choose between the alternatives of discharging some of the staff trained in past years, and so disorganizing the administration both for the present year and the future, or of retaining the full staff, and so having excessively heavy administration expenses to be paid out of a portion only of the value of the grain handled. Such a choice must always face the executive of a pool, but a pool which is operating during which the Minister of Railways stated that if the C.P.R. had not taken over the north west to Western Canada would have been ruined. Such conditions can never be met by similar ones. Either the farmers as a whole or else the pool will control the whole of the crop and the government will be the farmers as a whole or else the pool will control the whole of the crop and the government will be the farmers as a whole or else the pool will control the whole of the crop and the government will be

A Coming Development

Great Industrial Movement May Be Expected In the Western Provinces

A few weeks ago a report emanated from Edmonton that negotiations were under way for the establishment of a [illegible] mill at a point some distance from the Alberta capital. Still more recently it has been reported from Winnipeg that work on Manitoba's first sugar beet factory will be started this fall. There has been a rumor recently that an extensive paper plant is to be established in Saskatoon. The milling industry is already represented on the prairies by a number of important establishments. As time goes on, a great industrial development may be expected to take place in these provinces.

Manitoba, as a [illegible] one on the prairie provinces, supplies a third of all the grain exported in the United States. There is no reason why Manitoba, a large [illegible] of the agricultural products, should not be manufactured or partially manufactured here by the farms on which it is produced. The resulting [illegible] would create the [illegible] and [illegible] which would be manufactured here instead of being sent to the east and [illegible] to be sold at a profit. Slight changes which would be manufactured instead of [illegible] would be [illegible] and [illegible] [illegible] [illegible]

Interesting Reunion

An interesting reunion took place at the home of Mrs C. C. Roberge when Mrs. Richard Billingsley met her niece Mrs. Roberge after an interval of 33 years.

Mrs. Billingsley is 83 years old and left Ont. 13 years ago to come to Alberta settling in Kitscoty. Mrs. R berge left Ontario 35 years ago and settled in Tofield but although these ladies have lived such a comparatively little distance apart they did not meet until a few days ago. A conversation with the power cream grader at the Tofield Creamery a few months ago led Mrs. Roberge to discover the whereabouts of her aunt who was neighbor, he told her, of her at Kitscoty.

Mrs. Roberge intended visiting Mrs. Billingsley at her home but was taken ill and on their sorry met her here instead. Therefore as the mountain did not go to the Mahomet, Mahomet went to the mountain and Mrs. Billingsley visited Mrs. Roberge travelling to Elnora on by train alone and from Edmonton to Tofield by company with her great neice and her great great neice, Mrs. C. W. Cameron and daughter of Cuse-H C. Here are three representatives of 4 generations of the family in the Roberge home. Mrs. Billingsley is typical of the old time Canadian. In spite of her great age she is quite active doing all her own household duties including washing and baking and until these last few weeks has done much sewing and knitting for friends and neighbors.

She is also an active worker in Sunday school and church.

Mrs Roberge is now on the way to recovery and has been able to indulge in reminiscences with Mrs. Billingsley and these have been many and varied.

Lindbrook

On Thursday evening 26th ult, a series of sports consisting of games and races were held at the school. It was more in the nature of a get together movement than a sporting business, and everyone young and old joined in the fun. We believe the idea started with Mr. Bewell who is conducting the church services here this summer; in any case both Mr. Bewell and his aides are to be congratulated on making this affair a very jolly and successful event and to judge from comments the folks would like more of this stuff. A nice supper was served in the school by the Ladies when it got too dark for games and was followed by a speech by Mr. Bewell then with the singing of the National Anthem the evening came to a close.

Mrs. D Dyer and son Ernest of Elnora, late resident of Lindbrook are paying a visit to the Hooper family here.

Mr. W. Swift has taken the position of janitor to the Wesley Sunday school. We hear that he is greatly liked by his pupils and we wish him all success in his new position.

Mr. Willard McAffey has bought the house, barn, and chicken house on the Nursery quarter and has moved the house onto his own land south of Lindbrook where he will be raised here. Mr. Bowes moved some with his steam tractor and it was quite an undertaking too but same was accomplished despite the soft and rough roads.

Kingman News

On Monday evening Mr. Hobein gave a very interesting lecture on Norway, accompanied by lantern slides.

Mr. J. Howard was in Kingman last Tuesday evening.

Mr Mackintosh, the station agent at Kingman, left for a three weeks vacation at Banff last week. Mr. F. W. Miers is taking his place

On Tuesday evening a moving picture show was given by Mr. Rutherford of Camrose. A large crowd was present.

A number of people from Kingman and the surrounding district attended the Camrose Exhibition held on July 24 25 26

THE TOFIELD MERCURY

VOL. VI. NO. 39 — TOFIELD, ALBERTA, THURSDAY, AUGUST 7, 1924 — SUBSCRIPTION IN CANADA $2.00 U.S. $2.50

I See By The Mercury

Students successful in passing the Grade XI Departmental Examinations were Clara Abbott, Carrie Brocken, Robert Carlisle, Clifford Lee and Myrtle Bethel conditioned in Arithmetic.

Miss Thelma Noland has accepted the position as stenographer at the local branch of the Bank of Montreal

Mr. C. H. Brown, assistant superintendent, Mr E. C. Danlop, roadmaster and Mr. C. H. Trodger, bridge and builder master, all of the Canadian National Railways were visitors at Tofield to day (Thursday.)

The Misses Dolls and Audrey Brooke of Calgary are visiting W. Bellamy and are also guests at the Carter home.

Rev. R. G. Watt pastor of the United church expects to occupy the pulpit on Sunday evening August 10th and will be pleased to meet, once more, with all who can come together for this eveniide worship.

Mrs. M. C. Wright of Edmonton is visiting at the home of her sister Mrs. H. Purcell.

There will be no meeting of the Women's Institute for August. The next meeting will be held on Tuesday September 9th. Programs will be announced later.

Mrs. McClurg visited the capital city on Friday.

Mr. and Mrs. H. A. Dusk left for Boston, Mass. on Saturday last. Mr. Dusk is on vacation

Mr. "Cap" Lowsited Edmonton on Saturday

Mrs. McIntosh was an Edmonton visitor on Tuesday.

Miss Daisy Turner from Peace River visited friends in Tofield on Wednesday.

Miss Dorothy Simmons, of Edmonton spent the week end at the Simmons home

Dont forget the meeting to be held in the Variety Theatre on Saturday afternoon. Mr. Walker of Fort Saskatchewan will address the meeting on the Western Grain Route and a good turnout of farmers is expected.

Mr. and Mrs. Scott were at Wainwright on Tuesday and Wednesday. Mr. Scott was playing in the Wainwright baseball Tournament

The local baseball nine were compelled to take the short end of the score when they played the Edmonton Outlaws on Friday last. Both teams were semi-pro having imported players upon their line up.

A football game between Tofield and Lakeshore will be played on Friday night at the exhibition grounds, Tofield Consideable interest is being taken locally in this sport and there are quite a number of available players. After the Lakeshore game, games will be arranged with Holden, Viking and if possible an Edmonton team. The game on Friday night commences at 7.30 and it is hoped there will be a good turnout of spectators.

"SILVER HORDE" READY FOR CANNERY

THE picture shows a scow-load of freshly caught salmon being unloaded at a Skeena River cannery in British Columbia, along the line of the Canadian National Railways. The Skeena River is one of the famous salmon streams of the province for canning purposes, the other two being the Fraser and the Rivers Inlet, in one of Nature's marvels.

From the great nets, the fish, struggling and shining into canvas sacks, are tumbled into the scows. From there on in modern cannery the salmon is untouched by the human hand of water. The packed cans remain A mechanical conveyor takes them along the belt to the test tanks; they are tested, cooked in a retort, and again mechanically conveyed to the labelling, packing and shipping rooms.

Among Canada's individual fish products, the cod and the salmon long fought for first place But in the past 15 years salmon has definitely taken the lead The pack of salmon in 1922 was in round figures, 1,250,000 cases. But even this figure was exceeded by the great packs of 1917, 1918 and 1919.

Lakeshore Stampede

Despite uncertain weather the Lakeshore Stampede was held as per schedule. Saturday and Sunday were showery but Monday morning gave promise of a fine day. In the morning considerable amateur horse and steer riding took place, but the fun was held until after lunch the pee professional riding thrilled the crowd. There were plenty of events and the horses were said enough to suit anybody Among the prominent riders were L. Phillips, E. Rutland, L. Herrilson, Bud Starr, C. Starr, A Sutton, E. Pergin, O. Odome, Owen Eaton, Lyndon Hooper, Rebeka and A. Donald and W. Ward. who were won by Albert Sutton.

Tofield United Church

REV. R. G. WATT, B. D. PASTOR

Sunday August 10th 1924.

11 a.m. United Sunday School at Tofield

2 p.m Sunday school at Ketchamont

There will be no church service at Ketchamont in the afternoon but the pastor will preach in Tofield at 7.30 o'clock in the evening.

All the friends of the United church are cordially invited to be present at the evening service.

The winner of the professional riding competition was Louie Rebeka while the amateur honors

On Tuesday at noon while tuning in for the Journal mid-day radio broadcasting, the editor of the Mercury heard a rural line telephone conversation The conversation was between two ladies and while only fragments of the talk was understood the two voices were quite distinct, as also was the noise made when the receivers were hung up. Of course there is no wire connection between the radio aerial and the telephone wires and just why the conversation "jumped" the telephone wire we are unable to explain.

Big Picture Coming

James Cruze's magnificent Paramount production, "The Covered Wagon," a transcontinental picture of the pioneer days on the plains preceding the gold rush of 1846, is coming to the Variety Theater next Monday and Wednesday. J. Warren Kerrigan, Lois Wilson, Alan Hale, Tully Marshall, Ernest Torrence, Ethel Wales and Charles Ogle comprise the cast. The story has to do with the love adventures of Molly Wingate and Will Banion as they mature during their migration to Oregon with the ox team effort. The picture is packed with dramatic moments, and the heart appeal is irresistible.

Monday night at 8 p. m. Aug. 11 Adults $1.00 Children 50c Plus tax Wednesday afternoon at 2.30, August 13th, adults 75 and children 35, plus tax. Wednesday night at 8 o'clock. Adults $1.00, children .50, plus tax. To be shown at Ryley on Tuesday.

After the Stampede on Monday a dance was held in the F. Jones hall. A door prize of a pound of the famous Lakeshore honey was awarded to Mrs. Jones. Thursday to see at the J. Lee home Mrs. Betty and Mrs. Johnson are visiting relatives of Mrs. J. Lee.

That there are possibilities of trade for Alberta in Japan is likely to be shown in other products in the destruction of H. A. Craig deputy minister of agriculture, who returned recently after superintending a trial shipment of cattle by Canada to Nationalist Hankow and Canadian Government Merchant Marine to Japan Mr Craig made a through investigation into market possibilities there, and finds that there is considerable demand for beef cattle, and also for wood, barley, timothy seed, hides, flour wheat, lumber, butter and cheese.

Scottish Editor Speaks Regarding Canadian Cattle

"Great Britain wants Canadian feeder cattle, and William Adair, agricultural editor of the Glasgow Weekly Herald, in an interview with an Edmonton Bulletin reporter, "but we must get the right type of beast.

"When the embargo was lifted we had shipments of cattle from this country into Scotland, but the animals were far too big to meet the requirements of Scotch farmer. Small beef is the need of the Scottish feeder, and a stick (yearling of 900 to 1000 pounds will sell far more readily than one of larger size.

"The first shipments sent us when the embargo was lifted did very good prices, there being brisk demand for the cattle, but the majority went to the butchers for immediate slaughter, very few of them being bought by the farmers.

"This purchasing by the butchers had the effect of inflating prices, as the average farmer who was purchasing with the intention of stall feeding for three months or more found he could not buy the cattle sent over in the first shipments, for the simple reason that they had gone in to over the transaction. This, of course, caused the farmer to consider his position with regard to purchasing cattle. He would wait for the cattle being sent by Canadian exporters who were more cautious, and it was not long before Canadian cattle fell off considerably but this was accounted for by the fact that the right type was not being shipped and the farmer found it impossible to compete with the butchers, and to get the animals at a price that would let them make a profit.

"I understand now that the Canadian shipper found that there was not enough profit in the shipments for him and that, in fact, in a great many shipments he lost money. High cost of transportation was declared to be the reason for the low grade shipments principally now being sent across, the better grade of cattle commanding a ready sale at good prices. The steamship companies, I might state, have been very much to blame in this matter, as they have refused to provide proper accommodation for the cattle, and the consequence was that the animals arrived in poor condition, and were unable to withstand the long journey to the feeding grounds. Many of the cattle arrived in such poor condition that they had to be killed immediately on arrival, and were finished sold at a good profit. There is no harder cattle in the world than the Canadian animals you have been sending to us. He thrives from the moment he is put out on the grass, up in the stall, and this latter alone gives him a big advantage over the Irish cattle. The Irish beast will go steadily back for a week to ten days when brought to Scotland. That is so much time and food lost, which naturally result in a loss to the farmer. This does not occur in the case of the Canadian cattle. From the moment the farmer starts to feed it, the beast shows profit.

"Have you the cattle here to supply the British markets?" asked Mr. Adair. "We can take 250,000 head a year under the agreement made when the embargo was settled, and that is only eight per cent of the cattle supply of Great Britain. I know that since the first shipments had been received the importers and Canadian cattle fell off considerably but this was accounted for by the fact that the right type was not being shipped and the farmer found it impossible to compete with the butchers, and to get the animals at a price that would let them make a profit.

Many of the cattle arrived in such poor condition that they had to be killed immediately on arrival, and were

but that has now been lifted and I expect to see a steady stream of cattle going from this country to the old land in the future. The Scottish farmers have proven that the fattening of Canadian cattle is a paying proposition, and they are anxious to have them. They have found them healthy, strong and eminently suitable for their requirements.

"It is a matter for the Canadian shippers. We want the cattle, and it is up to you to see that we get them."

England-Australia Air Service

Huge Zeppelins Will Carry One Hundred Passengers in Utmost Comfort

England to Australia by route all having Zeppelin type aircraft in 10 days is a commercial possibility within the next two years, according to Sir Keith Smith famous Australian flier who, with his brother, Sir Ross Smith, was the first to accomplish the flight four years ago for which a prize of $50,000 was given by the Australian Government.

Sir Keith was interviewed in London prior to sailing for Australia as general supervisor for Vickers, Ltd.

Rapid strides of invention have at most eliminated the dangers of flying, he declared. Two big airships not the standard between Australia and England, but the difference between the two is to be a new business proposition, with a view of not only saving time between the countries but to give the utmost comfort and safety.

The commercial feasibility of the trip has been thoroughly established, Sir Keith declared, and the airship ships which are now building will be on a capacity of from 50 to 100 passengers, or even bigger, they could take in the new business proposition, with a view of not only saving time between the countries but to give the utmost comfort and safety.

The commercial feasibility of the trip has been thoroughly established, Sir Keith declared, and the airship ships which are now building will be on a capacity of from 50 to 100 passengers, or even bigger, they could take in the new business proposition, with a view of not only saving time between the countries but to give the utmost comfort and safety.

Another large airship will be built in England soon to determine practical questions connected with the trip. The route will be Mesopotamia to Karachi, India, and the trip will be made in about four days.

Ancient and Modern

First Passenger Locomotive Soon at Lethbridge Museum

John Lewis, aged 82 who was fireman on the first passenger train in the west to cross the Dominion, is now in the city, and will be present when the first passenger locomotive to operate in the province arrives from a long wait to haul the train and the first passenger train to be run in the province. The engine was built by Robert Stephenson & Co., of Newcastle-on-Tyne, England, in 1859, and was brought to Canada by the Grand Trunk railway. It was used on that road for many years, and was finally sold to the Canadian Pacific railway, which used it on the Brockville-Ottawa line. It was then sold to the Dominion government, and was used on the Intercolonial railway for a number of years. It was then sold to the Dominion government, and was used on the Intercolonial railway for a number of years. It was then sold to the Dominion government, and was used on the Intercolonial railway for a number of years.

Flowers For The Prairie Provinces

Results of Investigational Work Carried On At Scott Experimental Station

Twelve years of investigational work has been carried on at the Scott Sask., Dominion Experimental Station to ascertain the flowers best suited to home gardens and to give to growers information relative to the flowers most suitable for planting in the prairie provinces. The work has been under the direction of the superintendent of the Station Mr. M. J. Tinline.

Flowering Shrubs — Caragana Siberian Pea Tree Woody Caragana, Caragana Pygmea, Tartarian Honeysuckle Shrubby Honeysuckle Flowering Currant, Rose Acicularis, Rose Lidens, Congo Alba Scandiciens, Rose Rubrifolia Hawthorn, Mayflower Hawthorn, Mayflower Hawthorn.

Herbaceous Perennial Flowers — Achillea Ptarmica Pearl, Anemone Sylvestris, Aquilegia Canadensis, Aquilegia Chrysantha, Aquilegia Coerulea, Aquilegia Flabellata Nana Alba, Aquilegia Vulgaris, Aquilegia Vulgaris Nana Alba, Aquilegia Vulgaris Nana Rubra, Aquilegia Vulgaris Nana Rubra Alba, Aquilegia Vulgaris Nana Rubra Alba, Aquilegia Vulgaris Nana Rubra Alba.

NINTH

of the series dealing with the establishment of the BANK OF MONTREAL at representative points in CANADA and elsewhere

FOR many years the Bank of Montreal has played an active and constructive part in the banking and business relations between Canada and the United States.

In 1895 the Bank established its own office in New York and today as Agency at 64-66 Wall Street holds a leading position among foreign financial institutions represented in that city.

In 1861 the Bank's Chicago Office was opened to care for extensive Western business. Today, at 27 South La Salle Street, Chicago, the Bank is participating actively in banking affairs. In San Francisco and at Spokane the Bank also has its own office.

BANK OF MONTREAL

Established over 100 years

Total Assets in excess of $650,000,000

At the Variety, Monday and Wednesday of Next Week. For prices see front page.

To All Oil Users

It is our motto to give the very best service possible to oil users, and wish to call your attention to the fact that we protected you on the price of Lubricating Oils but fall on bulk orders and all grades of Oil have raised about 20c per gallon since your orders were placed. It certainly will pay you to check this up before buying We also wish to call your attention to the fact that we have at all times a good supply of Gasolene and Coal Oil in our tank, which you largely depend on to carry on operations. This is always at your service on a minute's notice. Therefore we respectfully solicit your orders for Lubricating Oils, Greases, etc.

One Good Turn Deserves Another.

Lindbrook

Mr. E. Johnson and Mr. D. Anderson are digging a well for Mr. Melvin, when this well is finished, they will also dig one for Mr. T. Horte.

On Friday a number of men were put to work on the section.

Percy Simonson returned home on Saturday after a three weeks vacation in Edmonton.

Miss Gladys Horte and Miss Irene Horte left for a short vacation in Edmonton on Saturday.

A number of people from Ketchamont, and Miss M. Benson visited the Simonson family on Sunday.

The Teigen family have moved into Mr. C. Olson's house.

Mr. T. J. Raguene was on the sick list last Friday.

Mr. Melvin spent the week end with his family at Kingman.

Mr. John Anderson (commonly known as "Happy") and Miss S. Lind were quietly married in Calgary some time ago Mr. and Mrs. Anderson returned to King man on Friday.

A great amount of rain has fallen during the past week, thus the outlook for a good crop is very great.

AT THE

VARIETY

Thomas Meighen

Hats off again to the star and author of "Back Home and Broke".

"Woman - Proof"

is another winner.

Yes, it's true. Tommy's absolutely "woman-proof" in this picture.

That is—by well, it must have a happy ending. But there's many a solid laugh many a clever twist, and heart - clutching situation before his heart is captured at last.

Also a rollicking comedy.

Saturday, August 9th.

Mr. Walker Speaks on the Western Grain Route

A very interesting meeting was held at the Variety Theatre on Saturday afternoon when Mr. F Walker of Fort Saskatchewan addressed a number of farmers on the Western Grain Route.

Mr. Walker stated that he had given this matter considerable study for some time and to become well informed on the subject he spent some time in Vancouver last winter. While there he discovered that there was an increasing demand for prairie wheat and that exporters were paying a premium to get it. At that time grain handling facilities were inadequate but terminal elevators were now being rushed to completion.

The market in the Orient was increasing all the time. He spoke of discrimination of freight rates between the east and western routes Stated it now cost 13½ more to ship wheat to Liverpool via eastern ports than it did to ship to Liverpool through Vancouver. He said there were four main reasons why Albertans should favor the western route They were 1, larger price; 2, less mileage, 3, open ports, 4, Pacific trade.

All Ketchamont Goes Berry Picking

Have you been berrying and how many berries did you get? is the general conversation over the phone these days, between the ladies any way.

The picnic that was staged for Wednesday had to be postponed until Thursday on account of rain, rain was handed out again on Thursday but on account of having ice cream to dispose of a social afternoon was had at Henry McGinitie's barn in the hay loft.

Miss Hilda Nomeland is having a two weeks holiday from clerking at the Farmers store, is spending them at the parent al home.

Mrs. Last of Edmonton is visiting her friend Miss F. Fawcett at the St-leitz home

Mrs Frank Hull returned home Monday evening from a visit with her daughter Mrs. O. McBeth who resides at Calgary.

Miss Hand Sears spent a few days with her friend Miss Hand Welsh the first of the week.

Mr. Oscar Barnes was able to return home from the hospital last week and is doing as well as can be expected.

Mr. and Mrs. C. Graves and family motored up from Calgary the first of the week for a holiday with Mrs. Graves father Mr. C. McMullen and brothers Paul and Jesse and renewing old acquaintances.

Mr. Harrison went to Calgary Monday after a two weeks visit with his aunt Mrs. C. A. Ingram

Mr. and Mrs J. Younie and two children who are spending their holidays with Mrs. Younie parents, motored to Edmonton for a few days.

Mr. and Mrs. Graves and family, Mrs. J. McMullen and baby visited with Mr and Mrs. A. McMullen Monday.

Mr. and Mrs. John Lee jr. of town, Mrs. Johnson and Mr. and Mrs. Bently and son were guests of Mr. and Mrs. Wm Lee, Monday of last week.

Mr. and Mrs. Marsh Mitchell Mr. and Mrs. Wesley Ingram, Mr. and Mrs. G. R. Owen, Mr. and Mrs G. W. Sears and family spent Sunday on the beach at Mequilon lake.

Mrs. Chas Lindberg of Kingman was the guest of Mrs. C. A. Kortzman this week and together they made a trip to Edmonton.

Stray Horse Hurt at Lindbrook

Congratulations are in order to Mr. and Mrs. Norman Lillico of Hastings Lake on the birth of a son, both mother and child are doing well

Mrs. J. Leahy and Kitty and Jean Leahy returned from their trip to the Coast. Mrs Leahy had the misfortune to be ill part of the time, we did not desire the full enjoyment from the trip, so better luck next time.

Mr. and Mrs. Graves and family, Mrs. J. McMullen and baby visited with Mr and Mrs. A. McMullen Monday.

Mr. and Mrs. John Lee jr. of town, Mrs. Johnson and Mr. and Mrs. Bently and son were guests of Mr. and Mrs. Wm Lee, Monday of last week.

Mr. and Mrs. Marsh Mitchell Mr. and Mrs. Wesley Ingram, Mr. and Mrs. G. R. Owen, Mr. and Mrs G. W. Sears and family spent Sunday on the beach at Mequilon lake.

Mrs. Chas Lindberg of Kingman was the guest of Mrs. C. A. Kortzman this week and together they made a trip to Edmonton.

Indians Massacred the Garrison

If one were to address a letter to-day to "Sheargun," given a every post office official would be puzzled, but that was how the great French explorer, La Salle, spelled Chicago 241 years ago. Chicago was only a name when Joliet, Pere Marquette and the Sieur de la Salle explored there. Their visit was to the Mascoutens. In 1673, was then a part of Canada. To-day, France, it was ceded. Joliet and Marquette visited it 241 years ago, or 51 years earlier than La Salle. Even then it, too, was a great transportation point for Indians and French explorers, for it was on the line of march westward from Quebec, via the Great Lakes, to the Mississippi and southward to the Gulf of Mexico. La Salle actually went from Quebec to the Gulf of Mexico and back again, and was murdered somewhere in Mississippi by his own followers.

When the canoe and the prairie schooner of the pioneers were superseded by the railway train, Chicago became one of the world's great transportation centres, being on the same line of march from the east to the west. The "Fort Dearborn" that was built in 1803 and for three decades was Chicago. In 1812 Indians massacred the garrison and the old fort was rebuilt and in 1816 the first railway track entered Chicago from the east. To-day Chicago is a great railway hub, the spokes of which run north, south, east and west. Her new Union Station is the most amazing structure, will be one of the finest in the world and will be used by the Pennsylvania, Burlington, St. Paul and Alton railways.

Chicago now and important rail development in the move of the Canadian Pacific's rail crossing passengers—Mayor and those of the first to the new Straus Building corner of Michigan Boulevard, a well, attended opening 32 story building not far from the site of historic Fort Dearborn. From to the years of the early replaces of 240 years ago, the Canadian Pacific entrance Chicago via its own lines and the Michigan Central westward from Montreal and Detroit. The famous Chicago transfers aboard ship for Europe in Montreal is less than 24 hours' Washington over the Soo Line and Canadian Pacific, the time is reached Vancouver in 81 and a half hours from Chicago and in only 70 hours from Montreal. What would La Salle, Joliet and the good Pere Marquette think of such transportation facts now?

Bare Dance Well Attended at Kingman

Mr and Mrs Ed. Johnson and son, and Mr. D. Anderson, attended the stampede near Chipman.

Mr. Thor Thorson, and daughter Ina, and small son Talbert of Okotoks visited friends and relatives in Kingman last week.

Miss Mabel Simonson returned home after a short vacation in Okotoks.

Bill Laurenson, who has been working for Mr. Ed. Thompson, left for Edmonton on Tuesday

Ed. Johnson and L. Orebon visited Tofield on Tuesday)

Mr. Hannan of Tofield shipped a carload of hogs and cattle from this point on Tuesday.

Mr. C. Skogsrue is fixing up the Coal Hill schoolhouse

Mr Thorson and children, and Mr. Harte visited at Tofield on Tuesday.

First Football Encounter for Years

The first football game for some long time was held on Friday night last. A team representing Lakeshore lined up against the town to end a [illegible] of [illegible] Lakeshore [illegible] by W. Wallis who was acting centre forward, he being responsible for four. A. Preen beat the goalie once as also did H Bone. Lakeshore's long tally was made by J. Bewell. While the result of the game was in no doubt Lakeshore put up keen enough fight to make the game interesting at all times and deserves considerable credit for their exhibition

Line up Tofield, goal, Swift; backs, R. Wallis Robinson; half backs, Sm-ll, Bone, Walker; forwards Calvert, Preden, W. Wallis, Allen, C. Robinson.

Lakeshore, goal, Bill Tiedemann; full backs, A. Myers and F. Walker; half backs, L. Ferguson, J. Dayton and G. Abernethy; forwards, F. Carter, T. D Ferguson, S Delaney, L. Ferguson and J. Bewell. Reserve W. Hyde)

Referee A Hodgi)

Football games announced to take place in the immediate future are Lindbrook, Tofield, Friday, Aug 15th at Tofield; Camrose and Tofield, Monday Aug 18th, at Tofield; Lakeshore and Tofield, Tuesday, Aug. 19th at Lakeshore.

Mrs Rodnunski and daughter Esther, returned from Edmonton on Wednesday.

Mrs. J. Erickson and daughter, Connie, returned from a short visit in Edmonton on Wednesday.

Miss I. Cortman and sister Minnie of Lindbrook are visiting the Lindberg family.

Mrs Bjork of Duhamel is visiting her sister Mrs. A. Beard.

Another dance was held at Erickson's barn on Friday evening, the dance was well attended.

Mr. Ole Bjorgum was an Edmonton visitor for a few days last week

Numerous berry pickers are out and although the caterpillars did a great deal of damage this spring, they are quite scarce

Mr Harte is visiting relatives at Okotoks

Rev Sutanson preached a sermon on the Lutheran church on Sunday evening.

F. Barnes has resigned from the Tofield post mastership. He is shortly leaving for the coast. Mr. Beirnes took over this position about two years ago and has pleasantly and efficiently filled this office since.

Master Ernest Dyer who has been visiting the Hooper family here left for his home in Edmonton last Thursday, where he was scheduled to take part in the Provincial swimming events

Mrs. Ernest Hooper and family of Edmonton are visiting the Hooper family here.

Jupiter Pluvius evidently tired of his handiwork of the last week or so we will soon proceed with the haying, and soon the skies for again of a moisture as a flood.

We would like to call the attention of someone who has horses ranging out N of R R tracks, that there is a hog out on sec 10 51 20 w 4 with a bad sore cut high up on hind leg which is in a bad way, and should be seen to at once. This is not Miss Y. Ingrams horse that was lost last week out here whilst berry picking, Information on this horse will be gladly received at El Cockerone's the store. The other horses should be attended to at once, by whoever owns it or they'll be minus a horse

His Grace, Archbishop O' Leary of Edmonton will visit Tofield on August 15th and 16th

THE WESTERN GRAIN ROUTE

THOSE who were not present at the public meeting on Saturday addressed by Mr. Walker, missed procuring considerable valuable information. The subject of the "Western Grain Route" is an important one to us as we are almost at the extreme western edge of the grain growing area. It is not a political question but a geographical trade question, and this being so, can to a large extent be left to work out its own salvation. It will not be very long before our grain will be going westward as a matter of course, instead of eastward as formerly. The reason of course is the Panama Canal which makes it possible for ships to travel to Europe without rounding Cape Horn which is the southernmost point of the continent of America. Thus wheat can be shipped to Europe as cheaply from the western coast as from the eastern coast. At the present moment the eastern and western routing of wheat is at the turning point. Grain handling facilities are being rushed to completion at Vancouver and when these are completed most of the western wheat will surely be routed west.

A side issue, though an exceedingly important one, is the discrimination of freight rates between eastern and western routes. Going west, the C.P.R. especially, have to travel over some very steep gradients and the whole cost of railroading or, it was not always easy for through the mountains is higher than that of the prairies. On this account, so the railroads state, freight rates must be higher. This creates a condition whereby it costs as much to ship a bushel of wheat 800 miles west as 1200 miles east. This, in time, will be remedied. Improvements are being made on the mountain lines yearly, and even now the Canadian National railway have not the steep gradients to master that the C.P.R. has. With pressure from east of the Rockies and the energy of those people west of the Rockies directed on the railroads for an equalization of freight rates, this matter will be settled

Actually, farmers in this district are "sitting pretty." From being located on the outermost edge of the grain growing area as far as terminal elevators are concerned, with a western routing, they will be located on the innermost edge of the grain growing area. This means that instead of paying the maximum freight rate as regards distance, they will be paying the minimum freight rate. This on the season's crop will amount to a considerable sum

Mr. Walker laid great stress on the premiums paid at Vancouver for wheat last year, which he claimed, belonged to the farmers. A premium on wheat is a sum over and above its current market value. The amount varied, sometimes being as high as cents per bus. This amount was paid by exporters in order to get it, as owing to insufficient grain handling facilities at Vancouver, exporters to obtain all they needed to fill their orders. Therefore to make delivery to them more certain, they paid a premium. Thus, we understand, is more or less of a temporary thing. In future, with Vancouver ranking with Fort William as a grain terminal there will be no necessity for exporters to pay a premium to procure wheat.

Provincial Crop Report

Issued by the Department of Agriculture, Edmonton, Alberta

Variableness of the weather conditions at the present time in Alberta, make any really definite statement on crop conditions almost impossible. Since the last report, issued two weeks ago, unusually heavy rainfall has occurred in almost every district of the province accompanied by low dips in temperature. Though the precipitation was from three weeks to a month late, and caused change the general situation with respect to grain crops t

Here and There

Radio stations are to be established near Montreal and Vancouver as links in the Empire wireless station program as the result of arrangements just completed between the British Government, the Department of Marine and Fisheries of Canada and the affiliated Marconi companies

The Manitoba Pulp and Paper Company will, it is understood, shortly establish a plant at St Boniface near Winnipeg, Man. The company plans to expend $5,000,000 of its $5,000,000 capital on immediate operations, and to build a 200-ton newsprint mill, employing about 700 men

Canada's trade is growing at a faster rate than ever before despite the war She now sells to 180 and buys from 72 countries. Her total foreign trade in the calendar year 1923, amounted to $1,260,000,000 an increase of 18 per cent. In the same year her interchanges of commodities increased 70 per cent between 1913-14 and the past year

John B. Thompson, noted sportsman and writer on the out-of-doors, widely and popularly known by his pen name of "Shark Bryce," is visiting the Canadian Pacific bungalow camps in Ontario giving demonstrations of casting as a fly and bait caster, as well as free casting lessons to guests and informal talks on fishing and other outdoor subjects

Creating a new record for the 14 years it has been in business, the Saskatchewan Co-operative Elevator Company will have handled 100,000,000 bushels of grain through its commission department on the 1923-4 season, it is announced. The estimate of grain handled through terminal markets for the 1923-4 season is 80,000,000 bushels.

The steel superstructure of the new Ste Anne de Beaupre Bridge, which is to replace the destroyed span, will be in place before the next flood completed and it is expected that by next July the centennial of the event will be nearly finished It is anticipated however that the ... will be ready by July, 1927 In the meantime ... boards of ... grims ... the shrine and several miracles have been recently reported

Figures compiled by the Department of Agriculture for the Province of Quebec show that there has been a decrease of farms in the province since last year, despite good crops in such an extent that instead of distributing grain as in the case of over $15,000,000 as was the case last year, only $6,000,000 with was necessary to meet this year's requirements. Hon J. E. Caron, Minister of Agriculture for the province, basing his anticipations on present crop prospects, expects a still further improvement in the near future.

"Never has the opportunity for Canadian business in the Orient been as good as it is today," said Alex Cameron, General Manager of the Canadian Pacific Railway, in Montreal recently "It is true that the general ... of business in China and Japan ... a somewhat below normal owing to both local and world conditions but ... Canadian manufacturers and producers now fail to make an effort to secure the large share of Oriental trade that would naturally come to them, the opportunity will pass and someone else will get the business."

Following on success at the British Empire Exhibition, the Canadian Pacific Railway is arranging unusually fine displays for fall exhibitions in Canada At Toronto, the exhibit will include a Northern Ontario hunting scene, having a painted background forty by one hundred feet, a feature of which will be moose and deer moving through the forest and an attendant guide to give information to inquirers. A full-sized model of the "front of a Canadian Pacific engine ... will also ... Characteristic ... from ... will be shown in Toronto. Wonderful ... trical models depicting Canadian winter sports, round the world cruises etc are ... Quebec, Montreal, London and South Africa, will be considerably later, as the grain is only now beginning to ripen.

SMALL ADVTS DO BIG THINGS

any considerable extent, some improvement has been shown in summer-fallow crops, and in districts where the damage from drought had not been too great With favorable weather conditions from now until harvest many districts should harvest an average crop where prospects were not so bright a fort night ago. Throughout the greater portion of the east central and southern districts however, the rain has come too late to revive the grain, and the yields will be very low

In west central and northern districts and eastward from Edmonton to the border of the province, grain conditions continue to be fairly satisfactory, with improved conditions as a result of the late rains. Continuous warm weather is now needed until heads of heavy to fill and ripen the grain Weather at present date is still cool and showery. There has been not frost, although the temperature has been close to the frost line on several occasions Precipitations through out the province during the last week has ranged from three quarters of an inch to two inches, some very heavy storms being recorded in districts which previously had had very little rainfall

The most notable improvement from the late rains has been in the feed situation and there is prospect of fairly heavy yields of grain this season in districts The first cutting of timothy on the irrigated lands in the south pr. ... [illegible] ... the best crop ever harvested ... yielding ... tons to the acre. The second crop is almost ready for cutting.

Harvesting of wheat has commenced in the Lethbridge district, and will commence next week in the Medicine Hat district, beginning general within the next ten days in southern Alberta. In the central and northern districts, harvesting

U.F.A. MEETING

To be held in the
TOWN HALL, TOFIELD,
SATURDAY, AUGUST 16th
at 8 p.m.

Business: Arranging for Harvest help and other matters. It has been suggested that men from the "signed out" portion of the west be engaged, thus getting efficient help and the U.F.A. central is asking for definite information regarding number required. Every farmer is urged to attend this meeting, whether a member of the U.F.A. or not.

Tofield Soccer Eleven Wins Three Straight

The Tofield soccer eleven have been going great guns this week, having played three matches and winning them all. The first, on Friday last was with Holden at Tofield, the locals winning by a three-one score. The second was played on Monday at Tofield against Camrose the score being 3—0 in Tofield's favor, and the third against Lakeshore at Lakeshore, Tofield again winning by a 6—2 score.

The game with Holden was a good encounter and keenly contested. The Holdenites put up a stiff opposition, but were unable, except on rare occasions to get past the Tofield full backs; when they did get in however, their shooting was hard and accurate. The first goal for Tofield was scored by W Wallis from a wang pass. Holden then started and getting through next in a scuff shot that just went over the bar. Coming down again, they had a shot and scored. Tofield then spurted and after considerable play Calvert sent in a hot one that beat the goalie. The goal was shortly afterwards followed by another put in by E Robinson the result of splendid individual play.

The game with Camrose, though late in starting was well worth seeing. The locals had more shots on goal and deserved their win by a 3-0 score. Camrose have a good team, the outstanding players being C Henry and Geo. Torr rushes were frequent, but were generally broken up by the Tofield half backs and backs. Tofield played a different game, way, not taking the ball down and centreing in front of the goalmouth. All three of Tofield's goals were from passes by C Rehagen. Calvert scored first, Bone second and Wallis third.

Camrose—goal, Stroup; full backs, Metch, Hansen; half backs, A. Henry and Geve, forwards, Stumpf East C. Henry, Badner, and Gray

Referee, Ian. Edwards.

Tofield—goal, Swift, full backs, Bob Robinson, Bert Wallis, half backs, Carleton, Bone, Wallace; forwards, Calvert, Pruden, W. Wallis, Allen, C. Robinson.

There were eight goals scored in the Lakeshore game, six by Tofield and two by Lakeshore While a exciting game, Lakeshore gave the Tofield are a real battle and goals were only scored by hard work and good play. There was a large number of motors, several cars going from T Residents of Lakeshore also Vegreville out in goodly number

Lakeshore—goal, Tredaway, full backs, Myers and Walker halfbacks, Ryley, Clayton, Abernathy, forwards Ferguson, Bailey, Delaney, Carter and Bewell

The Tofield line up was as above with the exception of Swift absenting for W. Wallis.

On September 1st the Edmonton Post Office team will journey to Tofield to play with the local team at 3 p.m.

Ketchamont

Miss Hilda Mossalund took up her duties at the Farmers' store again on Monday.

The many friends of the Rev. Watt were glad to have him with us again on Sunday and sincerely hope that he will continue to be able to occupy the pulpit.

Miss Capay, of Camrose, a former teacher of Parmington, has been visiting at the Sutton home this week.

Mapleton lake was the gathering place for a goodly number of people on Sunday. Burke, Kingman and Scandia held services in the afternoon and a few from our districtwere also present.

Mrs. A. McMullen, Mrs. C. Cousins and family were guests of Mrs J. H Ingram on Sunday evening

Mr and Mrs W. A Mitchell entertained Mr. and Mrs. J. Lawson and family, Mr and Mrs. D. H Mitchell and Mr and Mrs Mitchell, over at their home on Sunday evening

The monthly meeting of the Monnery Aid Society will be held next Wednesday afternoon at the home of Mrs. Chas Williams. A cordial invitation is extended to all

WEDDING

A quiet wedding took place at Edmonton on Wednesday, August 6th when Mr Harold R Savage was united in matrimony to Miss M Milly ebaney of Camrose, the Rev J W Brown of Mcingal Methodist church officiating. The ceremony took place in the presence of a few friends of the contracting parties. The happy couple immediately left for Jasper Lodge where the honeymoon was spent. They will reside at Tofield, as Savage being principal of the local schools.

Mr. Norman Lovegrove, of Port Rowe, Ontario, is visiting at the H [illegible] home

Burdo Budget

"Sleep flying kites head in their chins when it blows;
You can do that way when you're flying words.
Thoughts overgrown's may sometimes fall back dead.
But God Himself can't kill them once they're said"

Miss Christena Jorsberg who has been visiting here for some time, left for her home in Manitoba on Monday

On Saturday evening the young people gave her a farewell party at the Forberg house.

There is a baby boy at the Ivor Moen home. Born August 12th.

Gunvald Narland, a young man from Norway is working for Clarence Burke

Mrs. Burke, a returned missionary from China, spoke in the Lutheran church on Monday evening Tuesday p.m. a number of ladies were invited to meet her. She brought greetings from Burde friends from Mr. and Mrs Palmer Anderson. A very pleasant and profitable afternoon was spent. Lunch was served by Mrs. Koren

Many of the farmers in this section are having breaking done this summer

Mr Rude and Irene spent the week end with Myrtle Rude who is teaching east of Edmonton. Her school term has been extended from a three to a six month term, so she will not be home until the last of November

Mrs. Pete Haugen of Tofield entertained the Burde Ladies' Aid last Thursday afternoon. Because of rainy weather, not so many as usual were in attendance, but a very enjoyable time was spent.

Margret Nees and Myrtle Johnson of Grand Forks school, and Edna Ivorder and Edna Lawson of Burde order passed the grade eight examinations

Kingman News

Mrs. E Erickson, who spent a month's vacation at the Pacific coast returned home on Friday after an enjoyable time there.

The farmers are all wearing a smile these days as the crops are all looking fine in this district. Harvest will begin in about two weeks

Miss L. Mackay of Edmonton has been visiting the P Simons family

Mr K. Mcleish is building a garage for Mr. G. Byergue.

A Sunday school picnic consisting of Kingman, Burde and Scandia was held at Mapleton lake last Sunday. Many people were present, and although the mosquitoes were bad, a fine time was had.

An orchestra concert and dance will be given in John Erickson's barn on Friday, August 29th.

Mr. and Mrs. S T Severson of Byby and Miss I. Thompson paid a visit to the E. Thompson family on Sunday.

Miss J. Trost has accepted a position in the Cornhill Municipal office

Local News of Interest

Mrs. C. J. Kallal visited Edmonton on Monday

Saturday visitors to the capital city from Tofield included M.C. Hammond J. Simpson, V.S., and Mrs. J. Munro.

J Stauffer was on Edmonton visitor on Friday.

Lone Glenn visited Edmonton on Friday last.

P. M Haugen and P. O. Lerheime visited Edmonton on Friday last on business

Mrs. Lesilie Latimer of Edmonton, formerly of Tofield and Miss Lottie Wilson, also of Edmonton, visited at the Emery home last week end.

Mr. C. Kallal entertained His Grace Archbishop O'Leary, Rev. Father Lyons and Emery, Mrs. Forman and Miss Forman at luncheon on Sunday last August 10th.

L. Swift left for Edmonton on Tuesday to play in the "Little World's Series." He played for Edmonton Outlaws and has been crowned princes of hockey.

Mr. C Plants and daughter, Mrs. C. Brown, W. Davis, A. A. Beirnes and Edward Lee were city visitors on Thursday

Miss Alice Parslin is visiting friends in Edmonton.

Miss Forman left for New Norway on Monday. Miss Forman will teach school there

Mr. F Young was an Edmonton visitor on Wednesday.

The Canadian National Railways are completing the platform at the local station. The planking is being taken up and the platform laid with tar and from the north. This is the first station platform to be laid with these roads and in addition to being an improvement is a new innovation

Mr. R. Savage was in town this week. Mr. and Mrs. Savage are at Soda Beach.

The discount period for taxes expires on August 31st.

Mr. C. J. Kallal, who has just returned from a trip to the central states is more pleased than ever with Alberta. Mr Kallal says that after a trip covering many sections of this country and the United States, crops where appear any better than they are in the Tofield district. Mr. Kallal did some immigration missionary work while away and expect a few families up next spring

D. E. Ball returned home this week from a tour of Central Alberta, during which he appointed many local agents to buy grain for the company. In his travels he has visited some forty odd towns and states that Tofield appears as good as any of the forty and better than a good many. The crops in this district he says are equal to any.

The following names were given in the daily papers as having passed grade nine Alice Parslin, Gene Kelson, Reynold Harrison, Tofield Public Grade eight Raymond Hingley, Vernon Martin, Kenneth Ball, Dorothy Baptiste A more complete announcement will be made in our next issue.

Miss Polly Napier who has been teaching for Mr. C. Hammond the past three years, has accepted a position with Christie's of Edmonton.

Lindbrook News

The dance given by Chas. Morden was well attended despite the condition of the roads, etc. Splendor orchestra furnished the music and Mr. J. Bailey acted as M.C., so with such a combination, together with a jolly crowd, it is no wonder that it was, as usual, a success and enjoyed by all.

A dance will be given in the Lindbrook school house on Friday evening August 22nd. Everyone welcome, and ladies' dine forget the cakes. Spill-stands orchestra will supply the music Wolf seal.

Miss Lilian Rogers came home for a visit on Saturday, Aug. 16th. Likewise Mr. Southern's case.

Mrs. Glover has returned home after a short holiday at Sedge beach

Mr. J. Leahy left Saturday to spend a few days at the same place.

Lindbrook school re-opened Monday Aug 18th for the fall and winter term. We nearly said "catalogue."

Mrs. E. Hooper, Miss M Hooper and Messrs. T. and R. Hooper returned on Saturday to their home in Edmonton after spending a short holiday with the Hoopers of Lindbrook

Mr R. Glenn has returned to the district from Fort Saskatchewan where he has been employed for the last two years. Nel he was not sure bossed by a judge, so don't think it. Two years and Fort Saskatchewan sounds strange, hows this remark.

Mr. and Mrs. J. Lepine and some of the children paids short visit to their relatives in Camrose last week.

Mr. Willard McHefley moved the barn from the Norbury quarter to his own place, south of the railroad tracks, this week, having bought the Norbury buildings.

Congratulations from all your friends at Lindbrook to Norman, Arthur and Ernest Dyer now of Edmonton on their successes in the Alberta swimming meets. Norman Dyer has proved a winner in the 220 yd. race.

No Passports Needed

Canadians visiting the United States either for pleasure or business will not require passports, or immigration visas, so long as their stay does not extend beyond the period of six months. This explanation is made in view of the misunderstanding existing regarding the effect of the new United States immigration regulations which rang into effect on the first of July

Visitors to the United States, in order to avoid delay at the border should provide themselves with documentary proof of their status Any form of proper identification will do, what the purpose and official passports are not required. Immigration visas are only needed by Canadians who intend permanently to reside in the United States

U.F.A. Arrange for Harvest Help

The local U.F.A. held a meeting at the Town Hall on Saturday evening. There was a good attendance. The main business was to arrange for harvest help and it was agreed that D. E. Ball be the local U.F.A. representative regarding this. Farmers needing help and men needing work should therefore list their requirements with Mr. Ball. It was estimated that for this district some forty or fifty men would be required. The rate of pay was set at $4.00 per day or $2.50 a day for men $60. an hour for men and teams; men alone by the month, $50.00 per month.

CROP GOOD HERE

Our greatest need at present is warm dry weather. Old Jupiter has been liberal enough for one season, and now old Sol is needed. With beautiful stands of grain, a few days of warm sunny weather would work miracles in this district. The area to crop is slightly larger than last year and when a new land will yield as good. On old land a slight decrease can be expected. All round, wheat should go 25 bus. to the acre. Oats on an average will most likely go 50 bushels to the acre.

Town Council

A regular meeting of the Town Council was held on Monday evening, August 18th. Those were present, Mayor McCauley, Councillors North, Hay, Swift, Brace and Chapman.

A resolution was passed approving of an option being granted Mr. A. J. Young to purchase Block X, formerly a part of Tofield sub-division, situate to north west of 7-51-18, W 4. The option expires November 15th 1924, and the selling price was $7,250.00.

The secretary was instructed to proceed with the necessary proceedings against a part of Crafts, Lee and Gallinger subdivisions, with the purpose of having the northerly part of this subdevision divided into blocks of about 13 acres to area.

As complaints had been received about the narrowness of the railway on the Edmonton road, the secretary was directed to write the railway requesting immediately west of town Company requesting that this crossing be made wider

Mrs. A. A. Beirnes and son returned from the East this week.

Mrs. T Herald who has been in Edmonton visiting Mr. Foster, returned this week bringing with her the Foster twins

Mr. and Mrs. Boyd and daughter of Edmonton spent Sunday with Mr. and Mrs. D. H. Todd.

Miss Ramsay of Edmonton is visiting at the Geo. McLaughlin home for a few days this week

Mr. J. M. Lowe of Perth, Sask., is visiting with Mr. and Mrs Fraser.

McLAUGHLIN-BUICK SPECIAL SIX 25-25

THE New Special Six is essentially McLaughlin-Buick in character and performance.

The same body lines, the same motor and chassis construction, the same mechanical excellences that characterize the McLaughlin-Buick Master Six are embodied in this Special Six, while the Master Six is longer and larger the two models are identical in mechanical design.

Four Wheel Brakes and Low Pressure Tires, of course.

The handsome Duco finish actually improves with use.

Have Issued Jutland Report

Appendix By Lord Jellicoe Most Interesting Part of Admiralty Publication

At last the Admiralty have issued their official account of the battle of Jutland, but instead of giving an independent narrative, as was generally expected, it has published a series of reports and comments made by the commanders-in-chief of the British and German fleets, with an appendix by Lord Jellicoe. The whole fills a volume of 400 pages, and is illustrated by a number of charts and plans. The most interesting part of the publication is the appendix by Lord Jellicoe, in which he discusses the various

GREAT SCREEN PLAY TO COME HERE

D. W. Griffiths wonder spectacle "Way Down East," taken from the famous Lyc England play of that name will be seen at the Variety on Tuesday.

In "Way Down East" is master of the silent drama has excelled himself Griffith has taken this simple story of plain people and infused into it the charm of New England home friends with their quaint surroundings, dreamy perspectives of enchanting roadways, meadows and hills oh fashioned sleighing parties, barn dances and bumble hunters in a man ner which creates a new art form.

Popular Athlete Weds

A wedding of much interest to a large circle of friends took place on Thursday, Augu: 14th, at the home of Mr. and Mrs. A. S. Bissett, Alta. Alberta, when Gen. Moore Bissett of Tofield, formerly of Edmonton and Margaret Emily Griffin, daughter of Mr. and Mrs. Charles Griffin of Shaunavon, Sask., were united in marriage by the Rev. Mr. Berwick of Alta Alberta. The bride who was given in marriage by her father, entered the drawing room to the strains of the Bridal Chorus from Lohengrin, played by Miss Lillian Clark. She wore a simple gown of white cannon crepe and lace, and carried a shower bouquet of ophelia roses and sweet peas. The bridesmaid, Miss Katherine Rose looked very charming in a gown of pale blue satin, and carried a bouquet of pale pink carnations. Little Audrey Bissett, niece of the bridegroom as ringbearer, was dainty in pale green organdie and lace frock. Capt ... S. Bissett of Edmonton, brother of he bridegroom, acted as best man.

Rural Council Meet

A regular meeting of the Cornhill Municipal Council was held at the Municipal building, Tofield, on Saturday, September 6th.

There were present, Reeve Thompson in the chair and Councillors Ferguson, Holmberg, Lee, Verge, and A. Williams.

The minutes of the previous meeting were read and adopted.

By law No. 33, a bylaw to enforce the bylaws of the municipality was read

Councillor Holmberg brought up the question of licensing pool rooms and hotels within the municipality also the levying of a business tax upon them doing business therein. A motion was carried to hold and pool rooms and a bylaw will be drafted and passed in the near future

A communication from Mr Morrow, asking for permission to operate a restaurant at Cooking Lake was read. The application was approved

From Department advising from cil, if they have occasion to stagger prairie land to be sure and follow the act.

From the department regarding assessment stating that one of the assessors [illegible] was very incomplete

Considerable discuss n took place over this communication and it was stated that the district assessors were very slow in turning in their books. It was late in the season now for the secretary to do the summing The secretary was asked to get what assistance was required and to get the assessing completed.

A communication was read from an Edmonton solicitor regarding payment of an account for grasserac supplied to a widow on the order of a provincial constable. It was brought out in discussion that Council had paid the amounts authorized by them and did not feel liable for goods purchased without their sanction. The secretary was instructed to obtain the advice of a solicitor.

T. Whitmore asked to have gas installed in his apartments upstairs. The Council decided that if they put in gas the rent would have to be raised. He could, however, install by purchasing his own fixtures.

A communication was read from Carter and Co., asking for a list of lands the municipality had for sale

A communication was read from signs to put on bridges and danger sun curves. It was decided to order some of these signs.

A number of accounts were presented, passed and ordered paid.

MARY PICKFORD IN PICTURE THIS WEEK

Mary Pickford that poss of screen stars will be starring in the production presented by Manager Bellamy at the Variety on Saturday night.

W. I. Notes

The September social meeting was held in our rooms on Tuesday afternoon, with twenty present, including three visitors. The roll-call was answered by each member giving her place of birth, her nationality and length of residence. The place of birth were varied as were the residences, the former being New York, New Hampshire, Iowa, and Manitoba in the States, Ontario, Quebec, Nova Scotia, and Prince Edward Island in Canada and several from Scotland and England. Mrs. North read a chapter of "Pearsol" which all enjoyed, after which a delightful lunch was served by Mrs. McClung and Mrs. Bain.

Our first whist drive of the season will be held in the room next Tuesday September 16th at 8.30. The whist drives that season will not be given in order, but each will be independent and prizes given at each drive. A buffet lunch will be served and everything done to make a pleasant evening for everyone. Come and bring your friends. Admission 25c.

Mrs. Imer, Mrs Ward and Mrs. Pocott will act as hostesses.

An executive meeting is called at the rooms on Monday afternoon, September 15th at 2.30 o'clock. All directors please take notice.

The literary will open again last ing September 27th

New members are welcome at all times to our meetings as well as ours. Our meetings are open to every [illegible] and are held for the sociability of the ladies of our town and country districts. Are you a member. The fee is 25c. a year

dopted from the book of the same and is a first class production and well worth seeing. It will be shown on Friday and Saturday, usual hour and usual price.

Bardo Budget

As painters are at work on the Lothair Church, it was necessary to hold the Young Peoples meeting in the open air on Sunday evening. The special meeting prepared by the Young people was very good. Bessie Acker sang a missionary reading and Pearlie Colborn from Camrose gave an address which was very much appreciated by a large audience.

Miss Wilkins who is now on the hospital staff at Wetaskiwin spent the week end with Mrs. Chas Williams.

Mr. Brecken moved on Tuesday to Armena, where she will keep house for Mrs. Gee. Hendrickson.

Mr. Martha Anderson, who spent part of her vacation visiting relatives and friends in Bardo has returned to her school in Rat.

Most of the farmers are cutting grain this week.

Little Marie and Evelene Lawson are spending the week with their grand mother, Mrs. Geo. Lawson.

Mr. and Mrs. W. E. Parker spent Sunday evening in Tofield visiting with Mr. Geo. Webster of Oregon, who was a guest in the Lewis home. Mr Webster is a cousin of Frank and Ed Lewis. He was accompanied by his daughter from eastern Ont.

Signed Eggnes and Margret Nes of the Grand Forks school, are taking the higher grade in the Bardo school

New books are keeping busy here in the Chrouse during hours.

Mr. Lawson are working at all times to our meetings as well as ours. Our meetings are open to every [illegible] and are held for the sociability of the ladies of our town and country districts. Are you a member. The fee is 25c. a year

Ketchamoot

School opened last Tuesday, Sept. 2nd, with Miss Jean Dickson in charge. Of the two pupils who tried grade eight examinations, Arthur Williams passed. He will take up the grade work at Woodlawn. 20 pupils enrolled, the older boys will last later on. One new pupil enrolled, Farrel Nesmond.

Mrs Ada Turner entertained a few of her friends to dinner on Tuesday. The guests were Mesdames McMullen Coombes, J. H Ingram, and G. E. Ingram.

Mr F. F. Ingram of Victoria arrived in the district on Tuesday. He will transact business and visit relatives here.

Mrs. P. Lee and little grand daughter Irene Oliver, Mrs. Roger May and little son and Miss Marjorie Lee visited at the Wm Lee home last Tuesday.

Mr F. E. Ingram and little daughter Mary went to Edmonton on Saturday expecting to return in a few days.

Mr. and Mrs. Wm. Parker and son Herbert of Bardo were Sunday guests of Mr. and Mrs. O Earnes.

Mr. and Mrs. J. Young and family started to their home in Edmonton on Sunday.

Mr. R. Phelps accompanied Mr. Mc Millan to Edmonton on Thursday.

Labor day was truly celebrated in our district. Everybody labored.

Miss Jean Dickson returned on Monday after an enjoyable vacation spent at the coast.

Mrs. Dave Mitchell was called to the home of her daughter at Clyde on Tuesday to help care for her little grand-daughter, Helen Salisbury who is very ill with what is very ill with pneumonia.

Mr. D. F. Black and son Tom

School Board Meeting

A regular meeting of the Tofield School Board was held on Monday evening.

There were present, Chairman J. Lee, Trustees Bacrow, Chapman and Wells.

The matter of the primary school being overcrowded was brought up by the secretary and after considerable discussion, it was decided to lim it the school age to six years as at the opening of school.

The balancing of the small school was brought up and this matter was left in the hands of the chairman.

Some accounts were passed after which the meeting adjourned.

Local News Budget

Mr McLeod of Lacy, Alta. visited at the F McHeffey home for a few days last week

Louis Glenn and F Bak purchased a new threshing outfit from the rail road cars on Saturday last. The new machine was bought by Louis who shipped his old one away on the same day.

After a continuous period of forteen 17 and 18 years, Mr. and Mrs Carter will move to Hilden this week During the early year Mr Carter was prominent in church work and during on the council and other lines. Mr. Carter has long been associated with the Ladies' Aid of the Presbyterian and later United Church, and was also an enthusiastic member of the Tofield Curling Club.

Watch Pincott's add at the front of the page for periodical change.

The new gas lights for the main streets were lighted for the first time on Wednesday. They give out a good light and are a great improvement. Lights have been placed along main street and a number of the residential streets Tofield is getting quite like New York every day

A number of tennis players went to Holden on Sunday to take part in a tennis tournament with Holden players. Nine players from here made the trip and Tofield won by a score of 5 to 4.

Patrons of the picture theatre who find it inconvenient to attend Saturday shows, will be pleased to know that the regular Saturday feature will also be shown on Friday of this week. Usual hour and prices. There will be no show at Ryley this week. Important announcement. Due to pressure of other business we have decided not to buy for the [illegible]

There will be morning service at Holy Trinity Church on September 21 at 7:30 also evening service at Bethesda and afternoon service at Ingen. 1:00 p.m.

We are always glad to give out the best to may local product or a chievement and it is a pleasure to announce the list of prizes won by Mrs. McGimster at the Innisfail Exhibition. 1st for wild fruit; 1st for sweet clover, 2nd on Blue grass; 1st on leaf lettuce, 2nd on head lettuce, 2nd on solid pack but no 3, 1st on print but or, 10 lbs. Mrs. H Gentle was over all on grocery one prize, out of 12 exhibits

Parker and Mrs. F Lee gave a social at home with Mrs. Watt at the organ. A delicious lunch was served Visitors present were, Mr. and Mrs Frank Lewis, Mrs. Parker, sen., Mrs W. Parker, Mrs. F. F. Mc. Miss Jean Dickson M [illegible] Mr. Wm Lee Mr. [illegible] Mr. Wm Lee, Mrs. Hazel Parker Misses Mabel and Mildred Lawson, Nels Lee and Hazel Scott.

CARTER'S LITTLE LIVER PILLS

W. N. U. 1561

"Oh the front trail, after he had spoken the three magic words and she had seen the look in his wife's eyes. Never the Lord proved that man wrong. Was not he to thought of until Harry Bernhardt had been brought to book. It was a cold moment before he replied.

"I've got to get him, Molly. There's not be enough investigation for us with the evidence unfinished. You can't, girl, to change a fine old name like Harry Bernhardt's. Not with a million dollars behind it. Not with a police constabulary independent as the British and, incidentally, young Bernhardt attached to the Montreal detachment which has—"

"Stuff!"

"Take those energy Molly; be a bad of the wine and mark it down as a check you rather than the hatchet to the gallows."

The woman with him a moment. Presently she reached across the table and patted his hand.

"Jack," she said, "Forgive me. I'm worried. I got most all the money in the world and those brave lads work for me for nothing a year. Now—Not to nothing a year." Seemingly repeated the man, speaking under his breath. Where had he heard the words before? Then he remembered. It was a year ago—just—"

"Take those words back, dear," she said, "I'm not worth another fortune to you. I'm not worth a penny. I've been a fool."

CHAPTER XIV

A Double Barrelled Case

Inspector Jack Hamilton of the Royal Canadian Police was not normally a ridge horse. He had been known to say so on occasion. The best part of the run lay between Lund and the Main at all times and the road beside it, which he hadn't seen for years, is the worst.

Hamilton had in the last twelve hours covered the length of the backwoods gold camp which he commanded and had been responsible for the sudden lift of arrests which had startled the whole Northland. Now he was on his way to Montreal to report to his superiors and to—

The reason of Good Health keeps me a secret is a name that has an unpleasant association.

Hamilton's mind was not on the business in hand. He had been thinking of Molly Bernhardt since he started out. Of Molly and of Harry. Of Harry, who had been a friend of his boyhood days, and who was now a fugitive from justice, with a price on his head.

The fact that the region was without railroad facilities for the winter months and that the only approach to it was by a single ridge horse trail made the matter somewhat less complicated. Harry Bernhardt could not escape by the trail and he could not escape by the river. The river was frozen solid. Hamilton had left a man at the head of the trail and another at the mouth of the river. Bernhardt was trapped.

The problem was how to get him out of the country without the knowledge of his wife. Hamilton knew that she would not believe that her husband was guilty of murder. She would not believe that he had gone to the Klondike to escape the consequences of his crime. She would believe that he had gone there to get rich quick, and that he had been unfortunate.

He was growing sore of his commission in the service. He was one day he would not be much longer. He would be able to do what he pleased.

Jack was to be a wife off the first boat. Indeed when going back to civilization. It was to be a quiet, almost night and it was expected that the entire upper hall would be present to wish the bride and groom good luck.

His pals, but sadness as he read Jack he to meet. But the meeting was unexpected when the ship passengers and, at last the Pullman where he was coming with the girl. Jack caught a small flash in the man's face. It was a look of

Trying To Reclaim Damaged Paper Money

Laboratories Searching For Method To Preserve Expensive Stock

What becomes of all the defaced and damaged paper money in a question that has often been asked of bankers. Heretofore the answer has invariably been that it is burned. Many interesting stories associated with the burning receipts have gone the rounds of the press among the to be no one in which an excessive draught in the furnace littered it. James Bowie in Montreal Star (artist) have challenges the fire department was once called out to answer an alarm of fire which damaged paper money was be-lieved to be in the furnace of the Dominion Department in the Ex Block. Later the inside furnaces at the Mint were used to dispose

Any destruction by burning, even of spoiled paper, however, is to become an obsolete practice, considering the Laboratories of the Department of the Interior have been investigating a series of experiments with a view to reclaiming damaged paper currency by chemical processes. The experiments have been in progress for a number of years and the announcement has been made that a plant is now in operation at one of the Dominion Government buildings in Ottawa for the purpose of reclaiming damaged paper money. The process is said to be simple and inexpensive. Damaged notes are placed in a solution which removes the ink and restores the paper to its original condition. The process is said to be applicable to all kinds of damaged paper money, whether it be charred, torn or mutilated.

Canada's Bill For Firewood

Unbelievable Amount of Firewood Consumed in Canada Each Year

If the Canadian forests could render an account for the firewood supplied by them in 1922 it would read something like this: The Canadian Publishers in the Forests of Canada 9 0 0 0 0 cords of firewood $28 28 0 0. And then the list would represent only the original total.

To produce this enormous quantity of firewood required 641 [illegible] cords of standing timber, the largest amount consumed in any of our main forest products.

To the shrinking by [illegible] the wood output is but one of the ways in which our timber resources are wasted. The loss through fire and land slides is another. Lumbering operations are responsible for a large share of the destruction. Careless methods of slashing and logging are responsible for much waste. Many millions of feet of timber are left in the woods each year because it is not considered profitable to take it out. Much timber is left standing because it is defective, and much is destroyed in the process of logging.

Doctor Ninety-Nine Refuses To Retire

Devon Medical Officer Tells Council He's Still Fit For the Job

When council met in the [illegible] Monday afternoon, Dr. [illegible] Medical Officer of Health for Devon, announced that he would not be a candidate for re-election to the office at the end of the year. He has held the position for [illegible] years.

Dr. [illegible] said that he felt that he was getting too old for the work and that he thought it was time that a younger man took it up. He would be glad to help the new man in any way he could, but he thought that he had done his share.

Councillor [illegible] said that he was sorry to hear the announcement. He thought that Dr. [illegible] was still fit for the work and that he was giving very satisfaction. He moved that the doctor be asked to reconsider his decision.

Councillor [illegible] said that he was in favor of the motion, but he thought that Dr. [illegible] should be given a substantial increase in salary.

Councillor [illegible] said that he thought that the doctor was entitled to a raise, but he did not think that the council could afford it at the present time.

The motion was carried unanimously.

Dr. [illegible] said that he appreciated the confidence that the council had in him, but

J. J. McDevitt to Open New Mine This Fall

New Mine With Approximately Fifty on Pay Roll is Anticipated. Will Have Underground Workings and Railroad Spur

A new coal mine situated about five miles south of Tofield, it is expected will be in operation this winter. J. J. McDevitt, who for many years have owned and operated the Pioneer mine is opening up a new one on a quarter section recently acquired by him. At present a railroad spur is being laid to the property. This will be a mine in the true sense of the word, the coal being procured from underground workings. It is expected that approximately fifty men will be employed during the winter.

Mr. McDevitt is well qualified to undertake such a venture, as in addition to his many years of mining experience in Alberta, he hails from the Maritimes and has been connected with coal mining practically all his life.

Tofield Champions Twilight League

The 1921 Tofield Baseball League came to a finish on Wednesday night when Lamont, winners of the North ern division and Tofield, winners of the Southern division played the last game of the season. This game was the last of a home and home series. The first being played at Lamont last week the result being a seven to seven tie

The game on Wednesday was called at five o'clock, which allowed for the small crowd present. The first two innings were gloomy [illegible] for the locals. Lee, on the box was touched up for everything he ever [illegible] These two innings gave Lamont five runs and it appeared as if they were going to have a walk away. In the third the balloon blew up. Tofield getting on five runs D Bal went to bat and got to first on a hit Calvert followed and sent a whiz longer out into the field from which two runs were made, and three more in rapid succession sent the locals hops sky high. In the fourth Tofield again made five, the starting of which was a three bagger by Soule which brought home Moen and Ball. Three more came home in the [illegible]

The fifth saw two more runs added to the locals score and the sixth was scoreless for both sides. In the seventh a fine hit was made by a Lamont player who made a splendid run to third and on the next hit, home. The game ended in the seventh the final score being 12 to 11 in favor of Tofield. By winning this game Tofield became champions of the Twilight league.

Line-up Lamont: Pitcher, Hardman; catcher, Turner, Howard; [illegible] Ball, Calvert; Bassett, D. Ball; L. Reed; R. Robson; Moen; Soule.

Mike McCusker Bags First Goose

Shooting season opened on Monday and quite a number of sportsmen were out in the early hours to procure a bag of duck. There did not appear to be quite so many from the city as in former years, but local sportsmen were none the less keen. There are plenty of ducks and geese in the lake and from one evening's observation at least, they seem content to stay there

There are the native ducks, the birds from the north having not yet arrived. The honor of bagging the first goose of the season rightly belong ing we believe to Mike McCusker. He was at the lakeside on Monday evening duck hunting and was fortunate in shooting a nothing lesser

It is unfortunate that all our gunning did not come in at the same time as there is bound to be conflict over the different dates, but local conditions appear to warrant The present arrangement for the entire year and do not matter as regards the ducks. The ducks are in good condition by the middle of September but many of them commence to moult a month thereafter that date If their hunting was postponed until later Canadian would be deprived of part that properly belongs them. a Alberta is considered the great breeding ground for many varieties of the duck family

Ducks and geese on September 15 Prairie chicken and partridge only

Mr. Geo. Lawson and family, Mr. and Mrs. C. A. Ingram visited Mr. and Mrs. Herman Lawson at their home on Sunday.

Kingman News

Mr. and Mrs. Erickson and son, Mrs. Geo. Welch and daughter, Laverne motored to Camrose on Saturday evening.

Miss Laverne Welch will take up grade X at the Camrose High School.

Mr and Mrs. Joe Morrison of Camrose, and Mr. Horte and daughters, Irene and Gladys, were invited to dinner with Mr and Mrs C. R. Blychert on Sunday

About seventy percent of the crops in this district are cut, and the farmers expect that the yield is better than expected. Threshing will begin in about two weeks

Jacob Bonnee is building an addition to his house. Mr. Haughland doing the carpenter work.

The duck season opened on September 15th, and from now on the banging of guns will be heard.

On Saturday a Sunday School from Camrose held a picnic at Mequelon Lake. All the children had a very fine time.

Mr and Mrs. Ed Johnson and son and Dan Anderson visited the Nickerson family at Armena on Sunday.

An accordeon concert and dance will be given at Erickson's barn by Helge Anderson on Friday, September 16th. This time he will not disappoint the crowd, as he will be there for sure. He will give the concert free of charge.

Ketchamot

The regular monthly meeting of the M.A.S. will be held next Wednesday afternoon at the home of Mrs. Dave Mitchell

Miss Margaret Smith of Innisfail is a guest of Miss Vada Lee over Sunday)

Mr and Mrs. Archie Brown and family of Bawlf visited at the McMaster and Crosbie home on Sunday

Miss Jean Dodson is delighted to see with a very bad cold [illegible] generally the children are having a holiday)

Mr and Mrs. A. Williams were guests of Mr and Mrs. Dobsonday on Sunday)

Mr F. E. Ingram and little daughter came down from Edmonton on Monday.

Mr. Dave Mitchell accompanied by her little grand-daughter returned home from Clyde last week.

Mrs. N. Richer departed last week for Calgary, to visit her daughter, Mrs. C. McKeown.

Mr. Geo. Lawson and family, Mr. and Mrs. C. A. Ingram visited Mr. and Mrs. Herman Lawson at their home on Sunday.

during October, and Hungarian partridge, south of Battle River only September 15, to November 15th to November 15th. Close season north of the Battle River.

Local and General

There will be evening services at Holy Trinity Church on September 21st at 7.30, also morning service at Bathgate and afternoon service at Lagun at 3 p.m.

Mrs. Gray visited Edmonton on Thursday

J. H. Brown has purchased a quarter section near Lindbrook.

P. E. Ingram in response to many requests will this fall again buy poultry for shipment to Victoria. He will commence business on October 1st For further particulars see Walter Bellamy

Mr McCauley and Mr Weatherall were Edmonton visitors on Friday last

Mr. Geo. Bissett visited the rage ball on Saturday

Mr Brenneman visited Edmonton on Thursday.

A U.F.A. meeting will be held in the Town hall on Saturday, September 17th, at 8 p.m.

If your telephone account is not paid by the 25th of each month, service will be discontinued

Important announcement Due to pressure of other business we have decided not to buy furs this season. R. W. Pincott

Mr and Mrs. Ivy Horner of Edmonton are visiting at the home of Dr. and Mrs. Bain. Mr. Horner is shooting in the district.

Tennis

Some right or ten members of the Holden Tennis Club were guests of the Tofield Tennis Club on Sunday afternoon when a series of friendly games was played. Holden brought a star ladies' doubles team in Mrs. Hutchins and Miss Marion Carter formerly of Tofield. The play was of high order and while very even at times, on the whole went in favor of the local club. Refreshments were served by the ladies. An invitation has been sent the Camrose tennis players to visit the local courts next Sunday

Miss Margaret Rose and friend Miss K. Moore visited with Mrs. L. Rose on Sunday

Mr. and Mrs. Bowen of Camrose, visited with Mr. and Mrs. H. Savage on Sunday

Mr. Longhead has purchased the east half of 27-50-20 from F. C. Fry of England. Mr. McCauley handled the deal

Miss Baker of Ledue has been a guest at "The Manse," during the past week. She returned to her home on Tuesday, accompanied by Miss Anna Watt, who will visit there for a few days prior to entering the University of Alberta, Arts Department.

Mrs. Griswold and Miss Bernice Griswold left for Turtack, California, on Sunday night, where they will visit with relatives and friends. It is some years since Mrs. Griswold visited the States and the trip no doubt will be a very enjoyable one.

New Grain Elevator Now Being Built

New Structure to Take Place of Old One Recently Demolished. Gillespie Elevator Co. Putting up New Building.

It will be welcome news to many farmers that Tofield is to have a new elevator. The structure that has served for many years has been torn down and at present a gang of carpenters are busy erecting a larger and better situated building. The new building is located just east of the station on the south side of the track. It will be of up-to-date design and will have a storage capacity of 35,000 bushels of grain. The elevator is being erected by the Gillespie Elevator Co., and Geo. Bissett who managed the previous elevator will likely be in charge of the new one. The erection of the new elevator is proof of the increase in grain growing here, as some years ago an elevator was taken from here and placed elsewhere.

Mrs. Henderson Passes Away

We regret to report the passing a way of Annie Isabella wife of Mr. T. H. Henderson, of Sweetwater Ranch, Tofield, and daughter of the late Mr. per Paget of Knebgles, Crossmolina, County Mayo., Ireland, at the University hospital, Edmonton, on Saturday, September 12th. Mrs. Henderson was taken ill with appendicitis two weeks ago and was quickly taken to the hospital in a critical state. The later developed pneumonia, but despite every care and attention passed away.

The funeral was held from Holy Trinity Church, Tofield, on Tuesday Bishop Gray of Edmonton, assisted by Rev. Nugent Wilson officiating A large number of friends followed the cortege to the Tofield cemetery where interment was made.

Mr. Henderson had been a resident of the district for many years. Until a year or so ago, Mr. Henderson was active manager of the Imbell and also resided near the work ings. Lately the active management of the farm has been in other hands. Mr. Henderson devoting as much of his time as his health would permit to his very fine farm. Mrs. Henderson was a true helpmeet and took great interest in the farm operations. She was also an enthusiastic Anglican Church woman and by her energy and loyalty gave invaluable service to the cause here

Mr and Mrs W. A. Mitchell and daughter Margaret, Miss Jean Dickson, and Mr. and Mrs. J. B. Warner of Lakeshore were guests of Mr and Mrs. R. Widsoan on Sunday.

Mrs. H. Mitchell, senr., attended the funeral of the late Mrs. McKeen in Edmonton on Sunday.

Lindbrook News

It is with regret that the many friends in this district, of Mr. Henderson of Tofield received news of the death in Edmonton of Mrs. Henderson and our sympathy is extended to Mr. Henderson in this his sad bereavement from all his friends in Lindbrook

We also wish to extend our sympathies to Mr Gallenger of Tofield, whose wife was also called to her last last week

Mrs. A. Campson of this district also passed away this week and the sympathies of the friends and neighbor of this district are with the fam ily in their sad bereavement

Cutting is in full swing here now, and the results seem to show the wheat and barley crop good, but oats are patchy and slim, as proximately [illegible] it be a lot if oats run for three feed

Mr and Mrs. D. Muir of Edmonton [illegible] Mr. Muir, or rather part of it, at the home of Mr. and Mrs. W. Hooper and family here, the other part was spent at Beaver Lake where he participated in the "grand battues" on the early hours of the 15th.

Perhaps it would be well to warn [illegible] who are "hair trigger men" or who have been taking a few sups of the "prairie" to keep the cold out, that if by any chance they should while driving about those moonlight nights, see ghostly figures moving on fields or chester—if grazing there, which we want to resent or not to imagine that they have had a few sups too many, for it is only the farmers making up their 20 h ur day in a strenuous effort to stock the [illegible] cutting. This is a fact

We hear land sales are moving [illegible] in the wind

Fire Insurance on Grain

Insure your grain as soon as threshed.

PROSPECTS GOOD

At present writing, the prospects for Fall business in the district appear to be decidedly good. With good weather an excellent crop should be harvested. There are stands of grain in the district that come very close to equalling the smallest stands that were cut and harvested last year, and the crop last year was a record one. The grain prices so far remain firm while old bonds continue to cost grain and give milk.

The farmer here and elsewhere, has had a hard row to hoe during the past few years; there has been times when many felt like throwing up the sponge and saying "what's the use," and it is with real pleasure and satisfaction that we see the tide about to turn.

EXAMINATION RESULTS

The daily papers have had considerable to say regarding the poor showing made by many of the students writing high school examinations this June. Some of the papers have written explanations in which they put forward the contention that the papers have been intentionally made harder. This probably is true and many students who failed this year are the equal in an educational sense of many who passed say, five or ten years ago. Then new schools were being opened almost every week and teachers to teach in them were exceedingly hard to get. Since then enough teachers have graduated from the normal schools of the province to supply the demand and as the rail-belt districts become more thickly settled there will soon be more teachers than needed. We are not forgetting of course that only teachers are a class have a habit of marrying and thus thinning the ranks of the profession, but even with this drain, they appear to be plenty. With plenty of teachers to teach provincial schools, it is only reasonable to assume that a tightening up process is underway.

With so many failing to pass high school examinations throughout the province, it is a source of satisfaction that the percentage of passes at Tofield was considerably higher than that for the whole province.

STAY WITH YOUR JOB

Doubtless many of the young people who came to Canada this year from Great Britain and Europe to take up agricultural work will be tempted to leave their farm employment this fall and seek employment elsewhere. They will probably find their way to the large centres in expectation of picking up work. We would suggest that every man who has a farm job in Western Canada to-day should stick to it, or secure an engagement with some other farmer in the district where he is now located at the present moment. There is nothing in sight that would indicate that there will be any demand for labor that the usual local supply will not be able to fill consequently farm hands to throw up berths on the chance of getting some other work are very likely to be disappointed, and will spend what money they have saved this summer in running from place to place seeking jobs. In view of this possibility, they will be well advised to endeavor to arrange with their present employer or some other farmer in the neighborhood for the winter months then they will be able to add to their summer's savings and gain further valuable experience. Not a few farmers have engaged their help by the year, and with the increase in mixed farming everywhere, this practice is becoming more common than it was formerly. Wages and other things being right, it is said the farmers are finding such an arrangement advantageous.

FOR SALE—Good land in the Holden district, suitable for mixed farming, four miles from Holden, partly fenced. Price $20.00 per acre, cash or terms. Also a lot of land in the district, as far north as St. Paul de Metis. Apply to John L. Brown, Camrose 46c

Here and There

More than one hundred and fifty loaders from the Far North arrived in Edmonton, Alta., recently bringing with them furs to the value of approximately $500,000.

Vernon Kennedy, the largest wood-cutter in the world, was launched recently at the Wallace shipyards, Vancouver, B.C. She is 1,000 tons burden and has 800,000 feet of British Columbia lumber in her make-up. The new is to be used as a carrier for a great pile-driver for Sydney E. Jenkins Company.

Two dinosaurs have been located in the Red Deer Valley Alta., near the Canadian Pacific Railway line this summer, by the University of Toronto expedition, composed of four scientists who prospected for several weeks in the gorge and are packing up the prehistoric monsters for shipment to the Royal Ontario Museum. Another skeleton has been located by the Geological Survey of Canada.

One of the outstanding features of Canadian trade with the Orient during the last year or so has been the remarkable increase in wheat flour exports. Exports of Canadian wheat flour into Hong Kong in 1925 were the largest on record, showing an increase of 100 per cent in volume over those of 1924. The figures and values were 1,222,774,525 barrels, valued at $13,869,000; 1925, 191,251 barrels, valued at $243,944.

Ezra Grey, the famous novelist, recently caught a 706 pound tuna fish, constituting what is believed to be a world's record. The unusual catch was successfully engineered after three hours and one minutes of grilling endeavor off the Hare Islands shore, and towed into Liverpool harbor. Mr. Grey's prize is a sponsor of the blue fin family. The record before this catch was held by J. K. L. Ross, the well-known Montreal sportsman and financier, who caught a 710 pound tuna.

One of the most remarkable achievements in art printing yet produced in Canada and one which finally disposes of the idea that such work cannot be satisfactorily handled by Canadian firms is found in the new booklet issued by the Canadian Pacific Railway dealing with the Northcoming 1926 Round the World cruise of the company's steamship "Empress of France." The booklet contains 48 pages of text and color illustrations, the latter successfully combining many brilliant hues in a number of highly imaginative designs.

Canadian Pacific gross earnings for July totalled $14,863,977 as against $13,977,220 for the same month last year, a decrease of $796,153. But in order to meet this reduction, operating expenses were reduced by $1,562,606, thus the net month being $12,546,113, as compared with $13,007,302 for July, 1925. Thus the net earnings for the month showed an increase of $360,507 over those of the same month a year ago. For the 7 months of the year to July 31 gross earnings showed an increase of $1,847,286, operating expenses an increase of $1,304,813 and net earnings an increase of $542,473.

MORTGAGE SALE OF FARM PROPERTY

Pursuant to the directions of the Registrar and by virtue of the Powers of Sale provided by "The Land Titles Act" under a certain mortgage which will be produced at the time of the sale. T here will be offered for sale by public auction at the Post Office in the Town of Tofield, in the Province of Alberta, on Saturday, the 9th day of October, 1926, at the hour of 2:00 o'clock in the afternoon, the following property, namely:

The South-East quarter of section thirty four (34), twenty fifty (50) range twenty (20), west of the fourth meridian in the Province of Alberta containing one hundred and sixty (160) acres more or less. Reserving thereout and excepting all coal and precious minerals.

Terms of sale to be known at time of sale. Deposit of ten per cent (10%) on the purchase price to be paid at the time of sale and the balance within thirty days thereafter.

McLAUGHLIN-BUICK SPECIAL SIX 25-21

Where Luxury and Economy Meet

BEAR in mind that this Special Six Double Service Sedan embodies all the refinements in appearance and performance—all the mechanical excellences that has made McLaughlin-Buick known as Canada's Standard Car.

The handsome Fisher-built body is upholstered in high-grade and very durable automobile plush. The rugged chassis, powerful valve-in-head motor, Four-Wheel Brakes, together with the unusual riding qualities made possible by cantilever springs and low pressure tires, make this the ideal car for business or pleasure use.

The price is considerably less than you'd expect to pay for a car so fine.

McLaughlin Hardware, Tofield

McLAUGHLIN-BUICK

That Fellow Feeling

You are all wrapped up in the merchandise that fills your store. You enthuse over the quality of this article and that line. You probably display the goods attractively, too.

All you need now is to transmit your enthusiasm to the buying public of your community, and your goods will move out and profits roll in.

Advertise—For advertising makes the customer feel as you do about the goods you have to sell.

Every time you talk to prospective buyers through an advertisement in The Tofield Mercury, you are increasing the fellow feeling that brings business to your store.

"An Advertisement Is An Invitation"

Walk Into Our Garage

Here is a busy place. There are four of us and we are kept busy. The humble Ford and its more aristocratic brethren of the auto world, you will find on our floor in various stages of repair, and should you purchase, before you leave it will be in perfect running order. We are equipped with modern machinery including power turning lathe, drills, dynamos, and battery charging equipment and in addition to regular auto work can execute light machinery work.

The Tofield Garage

Keeping Time?

Does your time piece keep time, if not, it should be examined by a competent watch and clock repairer. If you are having trouble with a watch or clock bring it in. We are practical workmen.

The CARON PLANT is the result of years of severe test and development, bringing it to its present perfected state. It will give you city convenience in the country. It will light your home and buildings. It will furnish electricity for operating electric iron, heater, washing machine, etc. It will also operate milking machine and in addition, will furnish belt power to run wood saw, grinder, churn, etc.

Can be supplied either as a separate complete Electric Lighting plant—Water Supply System—Farm Power Plant, or all combined on one base.

Mause Electric Co., Edmonton, Alberta

MORE SCOTTISH BRIDES FOR CANADA

The number of Scottish brides who have sailed from Glasgow to Canada this year, has been rather striking. Many of these young ladies are going to prospective husbands who have only been a short time in Canada. Here is a striking group, on board the Canadian Pacific Liner "Metagama." Mr. Redpath MacLeod, the Gaelic singer, is in the centre of the group. The brides, from left to right, are: Miss Anderson (Motherwell); Miss Graham, (Edinburgh); Miss Main and Miss Hair (Cambridge).

TOFIELD AND VICINITY

To Bob or Not to Bob

The civilized world to-day is full of doubts, confusions, tumults and strife. In that civilized world women are today in the majority, and for them there is one crucial question which overshadows all others—to bob or not bob the hair.

It is a problem not to be decided lightly or hastily. Great issues hang upon the decision. Quite recently we read somewhere that "Hell knows no fury like a woman shorn"—if the result be unbecoming." Moreover, the decision is not a simple one. There are not just two alternatives—that of wearing the hair long or cutting it short. The "crowning glory" may be reduced by bobbing proper or by shingling, or tutumhasnoning or otherwise. There is the style of straight lank locks hanging on each side of the cheeks, which makes the wearer look like a combination of a seventeenth century sea pirate and a person duly drowned rat. Few can wear it with the dignity and old world grace of a Diana of the Uplands. There is ample ground for believing that it was devised as a sort of counter irritant necessary in some cases to the physiognomy. There is the all over-the-place in wild confusion style which resembles a dusting mop but is by no means unattractive to the bob-ider.

Ketchamoot Doings

Next Sunday, Sept. 28th will be Rally Sunday. For the occasion a short program is being prepared. The Sunday School and preaching service will both be held together at three o'clock, so let's all rally to the school house next Sunday.

After a week of illness, Mrs. Dickson was again able to take up her teaching duties on Monday

Harvesting will be finished this week. Threshing will start next Monday. Mr. Sutton held a threshermen's meeting at the Schultz home on Monday evening to get their route planned out.

Mr. and Mrs. P. O Moline and family and Miss Taylor of Shantz were guests of Mr. and Mrs. C. A. Ingram on Sunday

Mrs. Johnson of Victoria, B.C. and sister, Miss Irene McKeen, Mr. P. F. Ingram visited at the home of Mr and Mrs. H. Mitchell and Mrs. Henderson's on Thursday

Mr. and Mrs. Hay of town were guests of Mr. and Mrs. C. R. Owen on Sunday.

On the occasion of her birthday Mrs. Oscar Barnes was pleasantly surprised on Thursday afternoon, when her mother Mrs. Frank Hull invited a goodly number of her friends to spend the afternoon with them at the home of Mrs. F. Hull. It was also Ralph Barnes' birthday and a very pleasant time was had

Another surprise party was held at old Geo. Lawson home on Saturday evening given in honor of Miss Mabel who now leaves to attend Normal in Camrose. A large number of friends were present and an enjoyable evening spent

Local and General

Tofield is supplying a full quota to the normal school at Camrose this coming term. On Monday morning the Misses Abbott, Bethel, Robb and Lee entrained for the southern town. They will attend normal school above this winter, this being a preparatory school for teaching, and in the spring or early summer will be full fledged teachers.

An auction sale of household effects will take place at the home of P. H. McIntosh on Saturday afternoon.

Mrs. McLaughlin was taken seriously ill on Tuesday.

The Northwestern Utilities are temporarily occupying the premises formerly occupied by the Dominion Bank.

The Joe Stauffer family were among the donor guests at the Pete Haugen home in Tofield last Sunday

Dennis Brenneman has gone to Heston, Kan., to attend school.

Provincial Pars.

Issued by the Publicity Commissioner Government of Alberta, Monday, September 22nd, 1924

Provincial Seed Fair

The annual provincial seed fair in Alberta, is to be held in the new year at Calgary. For the past two years it has been held at Edmonton. The seed producers in the province were contemplate exhibiting should apply to the Field Crops Branch, Dept. of Agriculture, at Edmonton, for catalogue and entry forms

A Great Record

The Hutterite colony south of Raymond, according to a statement made by its leader recently, in the province, has established a single record in grain production. In the five years they have been in Southern Alberta the colony have more wheat than all the years of their operations in North Dakota, extending over two years. In the five years the little colony near Raymond has produced 264,000 bushels of wheat

School Fairs

About 120 school fairs are being held this year and are now in full progress. The fairs are being conducted from five centres. Three Lethbridge, Sedgewick, Vermilion and Hill motion. Very keen interest is being taken and the attendance at exhibits are good

New Government Elevator Operation

The new Dominion Government terminal elevator just completed at Edmonton, is now receiving grain, having taken in the first two carloads last week.

Pay On Vancouver Base

For the first time since the western route via Vancouver became open for use, Alberta wheat shipped farmers are to receive this year a price based on the Vancouver basis instead of the Fort William basis which has been the basis of payment for years. The wheat pool officials have announced that the initial payment this season will be $1.00 basis1 on the Vancouver basis which means that the farmers will gain the advantage of the lower freight rate

More Alberta Beef For Japan

Following the successful establishment of a market for Alberta beef cattle in Japan, by the Department of Agriculture this spring, another shipment, this time of 50 head, is going forward under the auspices of the Department shortly. Other shipments have been made by private firms lately. The animals for the latest shipment average 1200 lbs. and were bought on the Edmonton stock yards. The cattle are being purchased by a Tokio firm, and will be shipped under the reduced rates arranged recently, and which makes possible for cattle to be shipped to Japan profitably.

Many Attend Funeral

The following extract is from a report in a Devon (England) newspaper. The late worthy gentleman referred too is father of Mr. Westlake of the Lindbrook district.

Amid many expressions of sympathy and regret, the funeral took place, at the Exwick road cemetery, Exeter, yesterday of Mr. H. J. Westlake, who died at his residence, Pramjon, Cowick lane, Exeter, on Sunday. Mr. Westlake had been a director of the firm of Messrs. Willey and Co., engineers, for a number of years, and was chief of the water department there. Service which was of a choral nature, was conducted at St. Thomas parish church by the vicar (the Rev. H. G. Chalk). There was a large attendance including the numerous of the employees at Messrs. Willey's works, who had been granted leave for the occasion. Before the service the organist (Mr C. Wheat) rendered Sequens Arthenium," (Harwood) and "O rest in the Lord" (Mendelssohn), while during the service the congregation sang Psalm 90 to a chant by the late Dr. Wood, organist at Exeter Cathedral) and in E flat minor). The hymns sung were "Jesu, lover of my soul" and "Peace perfect peace"

Threshing Season Opens Up

Although at time of writing the weather does not appear to be very favorable, several threshing runs in the district have got under way, and the whirl of the separator and straw-stacker is about as the "threshman" appetite" is back with a vengeance. With favorable weather, next week will see every rig in the country going full blast.

We have to hear of the first 1924 load of wheat brought to town, and authentic stories of exceptional yields are always welcome.

J. J. McDevitt visited Edmonton on Friday.

Kingman News

The accordion concert and dance given by Helge Anderson in John Cockett's barn on Friday, Sept. 19, was well attended, although the weather was stormy, a fine time was had

Mr. and Mrs. Erickson, Mr. and Mrs. C. Bjerkert and daughters, Helen and Hilda spent Sunday with Mr. and Mrs. Joe Monson of Camrose

Mr. D. Tompkins spent Sunday with his family in Camrose.

Mr. Thor Hoyte left for Edmonton on Sunday to meet his wife and two daughters there. Mrs. Hoyte has spent a two weeks vacation at the coast, which she enjoyed very much

Prof. Solgum held a service in the Kingman Lutheran Church on Sunday afternoon.

About eighty per cent of the hay crop is done, and threshing has commenced in places.

Norman Rowland Succumbs

The death occured on Friday, at the age of 23, of Norman, son of Mr. and Mrs. W. Rowland, of Tofield. The young man passed peacefully away at Lamont hospital and has been ill since the spring. The illness in the aftermath of an attack of the "flu" contracted a year or so ago at the coast. He was a Tofield boy having been born here and receiving his education at the Tofield Public school and was well known by many in the district. The funeral was held on Sunday, the Rev Nugent-Wilson officiating. In addition to the relatives of the departed many friends were present to pay their last respects to the memory of the young man. Mr. and Mrs. Rowland and family have the sympathy of the people of town and country in the loss of their son and brother just approaching manhood.

J. D. Saunders, town clerk of Camrose was a week end visitor at the home of Mr and Mrs. G T Richardson

Born to Mr. and Mrs. J. Giffin of Bellingham, Wash., at the home of Mrs. W. Rowland, on Tuesday, Sept 23rd, a son, James Alfred

Blackfoot Stock Association

A further hearing of the Blackfoot Stock Association case was held on before His Honor Judge Dubue at the town hall on Friday last. This is the last case in which A. Thue is being sued for a $100.00 assessment by the Blackfoot Stock Association.

At the hearing on September 'we are quoted our readers with a summary report of the proceedings and they are then fairly well informed regarding the details of the action. The "hearty" point in Friday's hearing hearing was the legal or official status of the association. This was argued by both Mr. Bruce and Mr. Campbell who will also prepare written arguments. The Judge reserved his decision and will give same on October 25th

Bards Budget

The church not being ready for occupation an out-door service was held by the Lutheran congregation last Sunday.

The Young People's meeting postponed to next Sunday evening.

Saturday evening about thirty young people gave Mable Lawson a farewell supper party, several relatives attending. Miss Mable went to Camrose on Monday to attend Normal.

If the weather stays good, several in this district hope to commence threshing next Monday. Most of the grain is in sheaf.

Mr. and Mrs. Joseph Stauffer, who have been visiting for some time left for Nebraska last week.

Mr. Geo. Yoder will leave for his home in Ohio on Wednesday.

Fire Insurance on Grain

Insure your grain as soon as threshed.
It will only cost 10c per $100.00 for six months.
If you have not insured your buildings and contents, I will be pleased to quote you rates.
For sale or to rent, two dwellings, five and eight rooms
Prices on C. P. R., Western Canada and Hudson's Bay Lands have been reduced. Call or write for particulars.

TOFIELD ALBERTA

Bruce, Alberta, Sept. 20th, 1924.

The Editor, Tofield Mercury,
Tofield, Alberta.

Dear Sir

My activity in the affairs of the Blackfoot Stock Association has, according to reliable reports which have reached me and the straightforwardness of one individual whom I honor, been the subject of some adverse criticism. I am, as a general way, charged with unwarranted meddling in affairs which do not concern me.

The only motive which prompted me to have any part in the affairs of the association was a desire to prevent what appeared to me to be an unjustifiable effort to force certain parties to help pay for that which has not directly benefited them. No matter what the decision of the Court may be, when given, I feel that the evidence given last Friday, set forth the affairs of the association fairly and all the witnesses showed a refreshing lack of vindictiveness. It appeared to me that the object of all concerned was to place the facts before the court with fairness in all endeavor to discover what is right and equitable.

In closing permit me to say that, in my judgement, based on knowledge that has come to me through my activities in the matter, I am confident that the Blackfoot Stock Association can, by careful management, be placed on a sound financial footing, when it will be of incalculable benefit to the farmers of the district who have little pasture and have herds and can be made effective as a factor to solve the problem confronting many requesting the sensible marketing of coarse by feeding of cattle

Thanking you, I am,
Yours truly
A. WILLANS

CARD OF THANKS

We wish to thank the many friends for the kind help and sympathy extended during our sad bereavement in the death of our son and brother Norman

Mr and Mrs. W. Rowland and Family.

The annual Thanksgiving Day Service will be held on Tuesday, October 28th of the year, as to give to farmers and their harvest. The purpose of the Old-time special training that will enable them to cope successfully with the difficulties of modern farming is also open to girls such training as will make their efficient housekeepers

Mable Jevning is attending school in Ryley. She is staying in the Rose Hill manse home and is taking grade XI.

Rev. Holman from Sask., preached in the Mennonite church last Sunday, morning and evening

Farmers Moving

Through the joint arrangement between the Dominion and Provincial Governments and railroads, about 100 families have been moved from the dry area in the westernmost part of the province to new locations in the foothill country and in different districts in Northern Alberta. The Provincial Department of Agriculture assisting in getting these settlers located.

The provincial department has not been able to get listings of land for settlers along the C.P.R. lines as freely as expected, although it is understood that farmers are getting into the districts north-west and south-east of Calgary, and in the Lethbridge and Pincher Creek districts. It is appeared when the farms are finding no difficulty in securing the locations when they visit these districts themselves. Along the C.N.R. lines a number of listings have been secured, the boards of trade in the various towns offering their assistance in finding the farmers who want to locate in the districts.

It is a recent years it has been very difficult for farmers to find a location, but with the advent of labor in the country, those who, although understand their business, both from a practical and executive viewpoint, have been able to show a profit on their years endeavors. The twentieth century is an age of transport, those settling in special territory are handicapped in all lines of School of Agriculture which operate direct to the classes for the elder

ABOUT THE KITCHEN

The potatoes in the cool moist recesses of the house and the cellar should be selected to make the work of the housewife as easy as possible. Many women claim that a half a dozen brushes is not too many for the kitchen, simply because there are so many different kinds to be used. A vegetable brush like with a rigid bristles should also be among the assortment.

A small, stiff brush should be kept exclusively for scrubbing vegetables. A person would never believe how easily a potato can be cleaned until she has used a brush in preparing them.

There should be a brush for washing the nails. The bristles of a brush dig into the corners and crevices, where a rag cannot possibly do the work so well. In washing clothes, some women find a stout brush much superior to rubbing on a washboard when washing very dirty garments, such as overalls and work shirts. The garment is laid on the board and the brush rubbed over a cake of soap; then, rubbed on the clothes to be cleaned. It loosens the material much more quickly and is not so hard on the clothes. Then, there is an excellent way to wash carrots.

When dressing a fowl to cook, the use of a stiff brush and baking soda to scrub the yellow skin off will give little trouble with pin feathers.

Forty-five brushes for personal and household use are manufactured by the Fuller Brush Company. They are brushes of real quality and service and save much time and hard work in doing housework. They are not sold in stores. The Fuller Representative demonstrates and sells them in your home.

U.S. BUYERS AFTER CANADIAN HOGS

Canada has been endeavoring during the past three years to encourage the production of bacon hogs. At times farmers have been discouraged and to a fall that little progress was being made. Thus Canadian farmers are pursuing the right course is proven by the fact that United States buyers are already in Western Canada for the purpose of securing some good bacon type breeding stock. United State packers realize that they cannot hope to receive the top price for the product from the lard hog. Consequently prices of live hogs are lower than in Canada. As a result of increased interest in bacon production in certain states of the Union, a demand for bacon type breeding stock is becoming evident. Western Canada on account of close proximity to those states, should be particularly interested in cultivating this market.

The Canadian National Railways have recognized the advisability of producing bacon hogs in preference to the lard type and through the Agricultural Department, have been quite active in encouraging farmers to follow this policy. As a result, farmers living in territory served by the Canadian National Railways find themselves in a very advantageous position in having suitable breeding stock to offer the American buyers.

Mr. P. B. Hanson of Milwaukee, Wis., arrived in Winnipeg a few days ago and commenced buying for his firm. Within a short time he had purchased 34 barrowlets from A. Shoemaker, Icendiare, E. A. Watson and John McOwen, of Dauphin. If satisfactory results attend the first shipment of bacon hogs to Wisconsin, it will open a very important market to Western Canada.

Mr. Hanson says that package with Canadian packers in the British market unless farmers produce bacon type hogs. He also affirms that hogs are bound to gain in popularity in several states and that very shortly the United States will become a formidable factor on the British market.—A.R.L.

FRIENDS IN THE OLD COUNTRY

The year's Christmas list for old folks across the sea can be made happier by a small remembrance from Canada of a box of our Canadian apples, hand picked and hand packed, their tastes and taste to follow this policy. As a result, of our bountiful summer chronic Your grocer can fill such an order the Canadian National Express will transport and deliver by rapid express service, including refrigeration

Walk Into Our Garage

Here is a busy place. There are four of us and we are kept busy. The humble Ford and its more aristocratic brethren of the auto world, you will find on our floor in various stages of repair, and should you purchase, keep open to see a car leaving, you may depend upon it that it is in perfect running order. We are equipped with modern machinery including power turning lathe, drills, dynamos, and battery charging equipment and in addition to regular auto work can execute light machinery work.

Can be supplied either as a separate complete Electric Lighting plant—Water Supply System—Farm Power Plant, or all combined on one base.

Masse Electric Co., Edmonton, Alberta

Here and There

Moose hunting opened in the Province of Quebec on September 15th. Indications are that an unusually large number of hunters will invade the woods this fall and the road for licenses is well under way.

Edward S. Patterson, managing director of London, England, visiting Nova Scotia, states that the mineral resources of that province are practically being developed and that with proper development along scientific lines mining could be classed as first place in the province of Canada.

Twenty-five per cent. of the total wheat crop of Canada this year will be produced in the province of Saskatchewan, but no provision has been carried out so far for the sowing of seed. Farmers had no chance to secure seed for a normal winter harvest because seed could not remain on another year and not enough of it was sown.

Two members of the royal family, Princess Patricia and Prince Arthur of Connaught, were among the passengers sailing for England aboard the Canadian Pacific liner Empress of France on September 20. Prince Arthur is a grandson of Queen Victoria and a nephew of King George. He is at the Royal Military College in Kingston.

The Duke of Alba, 17th of that name and fifteenth Duke of Berwick in the Peerage of England, arrived in Toronto on September 20 and several days afterwards left for Winnipeg en route to Edmonton. The Duke is touring Canada for Canadian Pacific Railways. Their itinerary includes Niagara Falls, Toronto, Banff, Lake Louise, Vancouver and Victoria.

Transformation for the better wrought among the Eskimos in the last 25 years is almost unbelievable, in Bishop I. O. Stringer of the Anglican diocese of the Yukon, reported on a recent visit to Kittigazuit. The Bishop attributes this improvement to the influence of the missionaries and the Royal Canadian Mounted Police.

The "Calgary process," the newer method of refining wax, examined with interest by the members of the British Association during the Advance report of Science during their recent visit to Calgary Alta. This process is one more famous exploit of the experiments conducted at the Imperial Oil refinery proved successful.

Tourist traffic figures are making big strides in the Province of Alberta, according to the Department of Immigration and Colonization. Indications are that the number of tourists visiting the province this year will be double that of last year. Figures are being compiled at present.

MORTGAGE SALE OF FARM PROPERTY

Pursuant to the directions of the Registrar and by virtue of the Powers of Sale provided by "The Land Titles Act" under a certain mortgage which will be produced at the time of the sale T here will be offered for sale by public auction at the Post Office in the Town of Tofield, in the Province of Alberta, on Saturday, the 4th day of October, 1924, at the hour of 3 00 o'clock in the afternoon, the following property, namely:

The South-East quarter of section thirty-four (34), township fifty (50), range twenty (20), west of the fourth meridian in the Province of Alberta, containing one hundred and sixty (160) acres more or less. Reserving thereout and therefrom (if any) all mines and minerals.

MCLAUGHLIN-BUICK SPECIAL SIX 28-26

THE new Special Six is a car you will enthuse over.

The Business Coupe, for instance—the smart lines, the beautiful, quiet-toned Duco finish and handsome equipment, give it an air of smartness and style that is equalled by few cars, regardless of price.

Moreover, what you would expect from a car outwardly so beautiful, will be more than fulfilled by this Coupe's performance. The 50 H.P. valve-in-head engine provides more than enough power for the hardest going in mud and sand. The sturdy chassis and cantilever springs, together with Low Pressure Tires, afford unusual driving ease and comfort—even on the roughest roads.

The increased safety of Four-Wheel Brakes adds much to the driver's peace of mind and enjoyment.

McLaughlin Hardware, Tofield

MCLAUGHLIN-BUICK

JONES STORE BURGLARIZED

Some time during Thursday night or early Friday morning, a burglar entered Jobb and Co's. store and took about twenty dollars in cash from the till. There have been quite a number of burglaries throughout the province recently.

Here and There

The value of Ontario's mineral production for the first quarter of the present year, as shown by a report of the Department of Mines, has increased $1,410,000 over the corresponding quarter of last year, the total being $11,376,191 and $9,241,848 respectively. Silver was the only metal of importance to record decreased production during the period under review.

Among the passengers sailing on the Canadian Pacific liner "Montclare" on July 5th, will be Dr. Hugh Keenleyside, C.M.G., who is to be the guest of Hon. W. L. Mackenzie King, Premier of Canada, at Kingsmere, Quebec. Dr. Keenleyside is to address the Associated Advertising Clubs of the World on July 17th. The subject of Dr. Keenleyside's address is "Building an Empire with Advertising."

Excellent reports as to the hunting in the Caribou district of British Columbia are being received. F. W. Prideaux and Fred T. Sutcliffe recently returned from a month's sport in that district with an excellent collection of trophies. They also shared the camp with Mr. Tilly, a cameraman, and Mr. Green, who, under the direction of Mr. Prideaux, took some excellent pictures of the game, caribou, deer, bear, goat, moose, etc., in their natural haunts. The district is known as Prideaux's paradise.

Addressing the annual meeting of the Boot & Shoe Association of Canada at Toronto recently, the President stated that during the 12 months ending May 1st, 3872, 817,000 pairs of Canadian boots has been produced, this being up for the largest total ever in the Dominion in any post-war year. The most striking feature in this connection is that about 90 per cent was consumed within the borders of Canada.

On June 14th, Winnipeg, Man., celebrated the fiftieth anniversary of its incorporation. From a straggling frontier village of the '70s, Winnipeg has forged into the position of third largest city in the Dominion, with rich natural assets as a distributing centre. It is the gateway of the West and 100,000,000 bushels of prairie grain pass through it to the head of the lakes, whence it goes to the markets of the world.

Twenty-five officers and 300 men of the Royal Navy, from the special service squadron, under H.M.S. Hood, are on a trip through the Rocky mountain Canadian Pacific lakes while their ships were anchored at Vancouver. They left Vancouver, who made a point, in true naval style, of seeing and doing everything, were enthusiastic over the scenery at such show places as Banff and Lake Louise, which many declared the most beautiful they had seen in all their world cruise.

To add encouragement to the raising of high-class stock, which is being fostered by the government of Manitoba, Saskatchewan and Alberta, the Canadian Pacific Railway is awarding a championship cup to the Boys' and Girls' Swine Club winning the right competitions in these provinces. The cups are for annual competition, but will become the property of the club if won for three years in succession. Medals will be awarded individual members. This year winning teams resident on the Company's lines will also be granted free trip to the Royal stock show at Toronto.

The Arts, Science and Letters Society of the Province of Quebec recently held a conference in the various parishes of Quebec and Montmorency counties, seeking information as to the age and size of families residing in those localities. It was discovered that the family of Samuel Bedard had remained on the same land at Charlesbourg since 1669 that the largest family in Montmorency was that of Hector Lalberte, of St. Jean, Island of Orleans, who has 19 children living, and that Joseph Gagnon, St. Pierre, Island of Orleans, has the largest number of living descendants, 246.

Geo. Cookson Sen. Passes Away

Tofield Old Timer Passes Away Suddenly—Was First School Treasurer and First Postmaster Here.

We regret to have to report the passing away of Mr. Geo. Cookson, pioneer and old timer of this district, at the home of his son, John W., on Tuesday. The deceased was suddenly taken ill and medical aid was immediately called but he died a few minutes after the arrival of the doctor. The cause of death was heart failure. He was in in his 87th year.

Mr. Cookson came out from England in 1903 and located near his two boys, John W. and George who in this part was known as South West Beaver Lake. In 1907 Tofield School District was formed and Mr. Cookson was the first Secretary-Treasurer, which position he filled for a number of years. He was also the first Tofield Postmaster holding this position until the arrival of the railway. He also filled the office of Justice of the Peace for a long period. Mr. Cookson was exceedingly well known and highly respected and many will be sorry to hear of his demise. He leaves a family of sons and daughters: Mrs. M. McCauley of Penticton, B.C., Miss Ada Cookson a nurse in San Francisco, U.S., John W., George, Tom, and Ed., all married of Tofield. The late Mr. Cookson had resided with his son, John W. since the demise of his wife 18 years ago.

The funeral will take place from Tofield United Church, on Friday October 3rd.

Harvest Time

Through all ages and times, thinking men have known and reaped. There was a time, we are told, when humanity lived in trees for protection from the wild animals, and later in caves to escape the scourge of the elements. When food was got daily by chance and the unsuccessful hunter was compelled to go without his meal. Continued scarcity of food, herbal and omniverous meant starvation. We can imagine the early man, observing with puzzled wonder the round of the seasons. The coming to life of plants in the spring time and their fruition in the autumn. Into that, as yet unused brain, there crept, perhaps hastened by hunger, an idea that quantity planting would bring about quantity production. It was tried and found successful, and no doubt, the first harvest, crude as it was, was garnered amid awe and wonder, with a large measure of thanksgiving. Mortal man cannot control the elements and the elements control the yield at harvest time. The early man realized that the harvest yield was beyond his sphere and as he cut the early yields there swelled up within him a feeling of gratitude and sense of thankfulness to his God and mother nature for the wonderful re-creation in abundance of those things which he planted. He was delivered from an existence by chance to one of planned conscious effort.

To-day the harvest yield is wonderfully scientific. Age old study, persistent seed selection, chemistry and engineering have all assisted, in a very large measure, to take the chance element out of our harvests. But now as in the prehistoric age, the elements in spite of all man's efforts control the yield. Therefore whatever else the modern tractor, plow, drill, binder and threshing machine may have taken from agriculture they have not taken that sense of gratitude and feeling of thankfulness when an abundant harvest is garnered.

The farmers of this district have just reaped an abundant harvest. Individually there are perhaps instances where reasonable expectations have not been fulfilled, but by and large, nature has been kind to us here. Present weather conditions could be better for threshing but we have seen worse and threshing was completed. The farmer has lots, since departed from the idea of his ancestors, that of planting for personal and family needs, and now plants to sell for currency, that which he reaps, and in doing so has brought within the range of his hopes and fears, all mankind. Therefore it is gratifying to see the price of grain at a good level. A bountiful yield, coupled with a good price will bring to the farmers of this district that same sense of gratitude to Divine Providence that first stirred the heart of pre-historic man upon reaping his first harvest.

Ketchamoot Doings

The burn of the thresh ng machine started on Monday. Mr. Sidney Lee and Turner and Brown threshing operate starting on Monday. Smith Bros. and Wm. Lee who have moved in a new machine, started on Tuesday. With a reliable crew and a large amount of grain will be threshed out in a short time.

Mr. C. A. Ingram takes us back a few years among his grain in stack as very few people stack their grain now a days.

Miss Mildred Lamson has been staying with her friend, Mrs. Hansbrrett during the past week.

Miss Haddon and Mr. Mason of Edmonton visited their friends Mr. and Mrs. D. R. Mitchell on Sunday.

Miss Margaret Ireton of Edmonton spent the week end with her friend Mr. Bessie Ore.

Mrs. Sanborn, nee and Mr. A. Sanborn of Thorhild were guests of Mrs. G. R. Owen on Wednesday, afternoon.

Misses Minnie and Lottie Ingram who have been away at the coast are visiting their mother Mrs. Mary Ingram.

Miss F. Fawcett spent a few days in Edmonton the latter part of the week.

Rally Day services were interesting on Sunday, the small boys and girls did their part extremely well. A

Canada To Control Wealth of World

So Says Robert W. Babson, Noted Economist. Vancouver to be Greatest City on Pacific Coast.

Your children will live to see Vancouver the greatest city on the Pacific coast." So declared Robert W. Babson head of the Babson statistical organization, New York, in addressing the Ottawa Board of Trade.

"Europe has shot her bolt. The great trade is now with the Orient. The great market of the world will be on the Pacific rather than on the Atlantic," he added in explaining his prophecy. "Canada" he added "is destined to be a great exporting country. Your country has the greatest wealth of raw materials in the world. The thing for Canada to do is to determine to control the world markets by selling these fundamental natural resources. I believe I will live to see the day when the United States will not export one bushel of wheat. Canada will control the wheat markets. I believe the Dawes reparation plan will help western Canada."

The prosperity of Canada does not depend ultimately on the banks and railways, but on the character and virile religion of its men, women and children. Men of Canada, I think you will see the breaking of the dawn in 1929," he added. Surveying the business, financial, and economic situation both in Canada and the United States Mr. Babson affirmed that Canada was heading for better times.

Lindbrook News

Cutting is practically completed here now and the thing is in full swing.

Last Thursday a "Harvest Home" was held by the Rev. Bewell at the Lindbrook school house. There was a large crowd present and the service was bright and typical of the feelings that are felt when a bountiful harvest is safe home. The church was packed to its capacity and the over-flow crowd around Tofield and Lindbrook had great cause to be thankful seeing that their crops here are by far better this year than they are many other places. This is Mr. Bewell's last service here as he understand that he is to be moved to another charge in the near future. We wish him success in his new field of labor.

Local and General

Mrs. Agnew attended the basketball game between the Warren Elks and the Edmonton Commercial Grads at Edmonton this week. It was a two game international series and resulted in a score of 66 to 31 in favor of the Grads.

Mr. Simpson has returned from the city and will resume his duties at the local depot.

Rev. J. M. Miller, B.D., Principal of Robertson College, Edmonton, will preach anniversary services in Tofield United Church and at Ketchamoot on Sunday, October 13th.

The United Ladies' Aid will serve a chicken supper in the basement of the church on Tuesday, October 14th. Proceeds of supper to be expended on the installation of gas lights in the church and manse. Keep date in mind and come.

For THING FOR SALE at soap prices, see Pincott's ad at foot of front page.

Mr. W. Procter of [illegible] Edmonton, motored down to Edmonton to spend the week end at the Holland Hooper farm. They seem to think that Lindbrook is a pretty nice place to live, and so it is—as all of us.

A well known Hastings Lake farmer let himself in for it when he shot a few crows from the [illegible] bunch, he claims the geese were too [illegible] some again! next time he is down and we'll be a good deal nearer.

A basket social and dance was held at the Variety Theatre on Tuesday. The Uncle Hayseeds Five Orchestra furnished the music to the satisfaction of all concerned and a fine time was had.

A very successful dance was held at the Variety Theatre on Tuesday, The Uncle Hayseeds Five Orchestra furnished the music to the satisfaction of all concerned and a fine time was had.

A basket social will be held in the Mercury office on Sunday night commencing Monday morning. A reward will be paid for the return of same to a good resident or when it is taken.

A very successful dance was held at the Variety Theatre on Tuesday, The Uncle Hayseeds Five Orchestra furnished the music to the satisfaction of all concerned and a fine time was had.

A small fire started on Monday afternoon when a chicken shed belonging to W. Booth became ignited. An alarm was turned in and the fire brigade assisted by several citizens got out the chemicals and took them to the scene of the fire. They were not used, however, the blaze being extinguished by a few pails of water.

NO ACTION IS YET TAKEN ON UNEMPLOYMENT

Ottawa—The unemployment conference which was held here last month has apparently brought about no subsequent developments. If there has been any change it is not apparent.

A national committee, composed of representatives of Federal and Provincial Governments, was recommended, but none has been appointed. Before doing that, the Government takes the position that the provinces should state whether they are prepared to exercise the rights of legislation and management over unemployment which have been left to them by the British North America Act, and if there is no one type in the whole Dominion.

In communications received by municipal authorities since the conference the Federal Government is reaffirming its declaration that primarily the responsibility rests upon the provincial and municipal authorities.

Minister of Labour Gordon in opening the conference, said that the later inquiries show a decrease over last year, but it is conceded that the problem is still one of the most serious that has confronted the people.

Proposed Treaty Will Affect Farmers

Canada to Grant Australia Preference On Certain Foodstuffs

London—The proposed treaty between Australia and Canada, which is mainly for the purpose of granting Canadian manufactures to Australia will be agreed to by the British parliamentary leaders, while others considering at least and about tables on paper and while parties will either indorse the agreement or

The proposed British preference on fresh meat, canned meat, bacon, cheese, butter, cheese, onions, raisins, currants dried fruits, tobacco, etc., provided for: canned fruits and vegetables dried grain including flour, groats, barley, oats, rye, buckwheat and canadian oil.

Canada will extend the tariff on these items so as to increase the preference. Australia will also get the same rate as France regarding wine and brandy.

Bank Amalgamation

Reported That Standard and Sterling Banks Are To Join Forces

Toronto—A joint announcement is signed by the Boards of Directors of the Standard Bank of Canada and the Sterling Bank of Canada states that approval has been obtained from the Minister of Finance for the amalgamation of the two banks, and that the name of the Standard Sterling Bank of Canada. Under the agreement two shares of Standard Bank stock will be given for three shares of Sterling.

The agreement will be consummated as soon as it is ratified by the shareholders of the institutions interested. A special meeting of the shareholders of the Sterling Bank for its ratification will be held on Wednesday, the 27th day of November. The shareholders of the Standard Bank have also been notified of a meeting to be held on November 17 for approval of the amalgamation.

Ready To Pay

Berlin—The reparations instalment of 14,000,000 gold marks due October 1, was placed at disposal of the Reparations Agent-General for Reparations, Sept. 30.

Advertising Canada In British Isles

Travelling Exhibition Similar to That Which Toured France Is Suggested

"The best, most effective and cheapest publicity Canada has ever obtain ed," said Mr. Lanyon, Directors of the College des Hautes Etudes Commerciales, who is about a fortnight stay in a well known American publication, "A Canadian Caravan in Prance." The Canadian Government spent much money to other purpose, and the fact of this story being sent to the United States and being featured in the magazine section of the Boston Transcript is just one instance of what general interest the Canadian motor train. In France aroused. The train was here months on the road, exhibited in 27 places of Prance (the names are memorable familiar towns and villages of 10,000 population or less and was visited by not less than 2,000,000 people probably 1,000,000

"It brings back very pleasant and stirring memories," continued M. Lanyon, "of endless little crowds which stopped in France and Belgium all eager to learn something about Canada and Canadian trade and products. We carried the goods and books of 1,000 Canadian manufacturers; 2,000 per cent of which were accompanied by descriptive catalogues printed in the French language."

It does not seem to have occurred to any New Zealand visitors to France to exhibit their products there.

"That was hardly to be expected. The French people are not emigrating and they had made them-selves independent of the United States. The object was to make them so, to make them dependent on the United States. The general purpose was to make them dependent on Canada's producing immense benefit as a result."

A survey of the immigration figures for the first seven months of the year, Mr. Lanyon showed, indicates that Canada has received by 20-25 more immigrants during 1924 than during the similar period in 1923 and from Great Britain alone an increase of only 16 464 a disappointing result when the efforts of the conference

"It is undoubtedly a fact," continued Mr. Lanyon, "that all interests in the prosperity and further development of the Dominion of Canada desire to see a greater influx of immigrants of the agricultural class and particularly from Great Britain. The Government has given evidence of that feeling and hoped up to expectation. The Hon. Mr. Robb Mr. I. C. Beatty, Sir Henry Thornton, and other prominent business men in this connection have added again emphasized the need of a greater population and have been, and are doing, what they can to further it. What then further can be done to stimulate it? Would not a similar train operating in Great Britain be an effective and reasonable means of both stimulating further British immigration, whilst at the same time developing Canadian trade? Is there a better way of bringing Canada's possibilities home to the people of Great Britain, which possesses a surplus population? With a train operating throughout the British Isles, exhibiting in her smaller towns and villages as well as the bigger ones, should, through its very novelty, attract much attention and widespread publicity which would produce a replica of the thirty gray green, blue bordered motor trucks, travelling through England, Ireland and Scotland as they travelled through France and Belgium would be a most unusual and a promotion which other forms of publicity have failed to effect. What it would be recommended Canadian publicity in England has been too much of a bit and miss under Many expenditures made, feeds of literature to reach an individual, just as it took tons of ammunition to despatch a single one of the enemy in the war.

"On the contrary, the motor train hits its object every time it is startlingly conspicuous and speaks for itself. The largest city or the smallest hamlet may be visited, and invariably it is possible to arrange the best location for attracting the greatest number of people. There is merely the removal of the side panels and it is ready to exhibit in all the pertinent literature and appeal

"It is a travelling exhibition in a Windsor car which. It is safe to say that the greater portion of the people who reside outside emigrating to Canada from the British Isles did not have the opportunity of seeing the Canadian exhibit at Wembley. Let us ask Wembley to them. Let us follow up the unquestioned success in its way of the British Empire Exhibition by taking the Canadian exhibition to the population in the most effective way. Surely this is the psychological time, and I feel convinced that Canada would discover it to be the best and cheapest way of advertising herself in the British Isles she has yet tried."

Design For Laurier Statue Has Been Decided On

Ottawa—The sub committee of the Cabinet, which, with the assistance of experts, has been pass ing judgment upon the fifty designs submitted for the statue of Sir Wilfrid Laurier, have accepted that of J. Emil Brunet, of Montreal. He is a young sculptor who has been studying abroad and who made some of the ornamental designs for the Parliament Buildings. The statue is to be in bronze and life size, and will be mounted here, with a granite base leading to the pedestal. The model is very life like. It will probably be cast and completed in the summer and the unveiling will be one of the ceremonies. Sitting the distinguished statesman

Decide On Handling Charge

Will Levy Half a Cent a Bushel On Wheat Handled Locally

Regina—A handling charge of half a cent a bushel on platform handled wheat has been decided upon by the Saskatchewan wheat pool authorities for the harvested crop. A similar charge will be made in the Alberta and Manitoba pools.

At first it was thought the charge would be three quarters of a cent a bushel, but W. McFarlane, chairman, "but after careful consideration by the board of the pool at the lower figure which is half the amount paid by the elevator companies and a quarter of a cent less than the charge made by the Alberta pool last year."

UNIVERSAL PEACE MAY BE RESULT OF LEAGUE PLANS

Geneva—A warning that wars based on the old methods of the past century would be the future was issued by Arthur Henderson, chief British delegate to the conference, he called upon all nations to approve the compulsory but peaceful settlement of international disputes, and pledged Great Britain and France's adhesion without reservation to the new plan.

The amended protocol of arbitration and security occupied the attention of the day. It is chiefly of three-paragraph document, accompanied by resolutions of the assembly, further changes made in the original protocol.

"Men may say, and say truly, that in the past we have not done enough to provide against the aggression," said Mr. Henderson, "but we have done the utmost in the power of the present assembly. I am not ashamed as the interests of nations individuals, and that under the auspices of which the present Government

STRIKING THE IRON WHILE IT IS RED

The visit of the Right Honourable W. L. Mackenzie King to Western Canada is now fairly well over. Starting ship can in the Pacific coast cities Yorkton ship can in the United States Legislature can in the Dominion Parliament can in the Provincial Legislature can in the Dominion Parliament can in the Provincial Legislature. There is no doubt as to the Premier's popularity in this province. The reception given to the Premier by the people of Edmonton was a most hearty one. The Premier's visit to Tofield was a brief one, but a large number of people had the pleasure of meeting him and hearing his views on the political situation. Mr. King's visit to this province will do much to clear the political atmosphere. There are mostly if accidental or [illegible] but a large number with a little warning could have been avoided. Particularly is it true of [illegible] and should be avoided. Particularly is it [illegible] starting a faulty stovepipe or [illegible] with a defective chimney. Don't put off until tomorrow what you can do today. Don't [illegible] to adjust only satisfactory if [illegible] when you start

FIRE PREVENTION WEEK

To [illegible] a thing is to destroy it. Fire [illegible] Statistics show can be traced to [illegible] United States Legislature can in the Dominion Parliament can in the Provincial Legislature. There is no doubt as to the Premier's popularity in this province. The reception given to the Premier by the people of Edmonton was a most hearty one. The Premier's visit to Tofield was a brief one, but a large number of people had the pleasure of meeting him and hearing his views on the political situation. Mr. King's visit to this province will do much to clear the political atmosphere. There are mostly if accidental or [illegible] but a large number with a little warning could have been avoided. Particularly is it true of [illegible] and should be avoided. Particularly is it [illegible] starting a faulty stovepipe or [illegible] with a defective chimney. Don't put off until tomorrow what you can do today. Don't [illegible] to adjust only satisfactory if [illegible] when you start your pipe while in the field pay particular attention and see that the match is out before it strikes the stubble or dry grass. In the home attend to chimneys for the coming winter. In town proper chimney and yard precautions should be taken

Accident will happen. The time [illegible] did not seem to have arrived. Some long time ago the writer read of a number of fatal gun accidents all of which were exceedingly peculiar. Every known precaution had been taken but there was, what might with a great deal of truth be called the inevitable accident. Therefore no matter how careful you may be, as long as you live in a frame building, you are liable to have a fire. Consequently our suggestion is, keep insured. We know from experience that the premiums walk [illegible] when they come due and we are prepared to [illegible] [illegible] fire insurance [illegible] should [illegible] careful and [illegible]

Here and There

The Earl of Lytton, Irish poet, who has been touring Canada, was much struck with the resemblance between north-west Ireland and the maritime provinces, with their wooded hills, sandy beaches and plentitude of fish and game, as playgrounds for the tourist.

What is believed to be the largest salmon ever caught by hook and line in waters adjacent to Vancouver, B.C., was landed at Hardwicke Bay, Howe Sound, recently by A. G. Cohen. The fish measured four feet, one inch in length and weighed 64 pounds. It took 35 minutes to land.

Irwin S. Cobb, the famous American humorist, has been hunting in the Mt. St. Bernard district, served up Canadian Pacific zines. This is by no means his first trip to Canadian hunting and fishing centres, as he is a keen sportsman and has visited the Wilds in Ontario, Quebec, Nova Scotia and New Brunswick.

Among the passengers landing at Quebec from the Canadian Pacific liner "Empress of Scotland" recently was Miss Margaret Bondfield, M.P., a member of the Cabinet of the Macdonald Government of Great Britain. Miss Bondfield is reported to be very well equipped with models in clothing, in baking, in cutting clothes, drills, dummies, and [illegible] charge of experiments, and in addition to regular duties in the [illegible] such machinery work

Walk Into Our Garage

Here is a busy place. There are four of us and we are kept busy. The humble Ford and its more aristocratic brethren of the auto world can all find on our floor in various stages of repair and should you be purchasers, hesitation in seeing us is not to be depended upon if that is in pocket. Everything [illegible] We are equipped with models in clothing, in baking, in cutting clothes, drills, dummies, and [illegible] charge of experiments, and in addition to regular duties in the [illegible] such machinery work

Never Run Out

Have you ever had the experience of running out of gasoline on a lonely road? Or of having your car stall in the middle of a railroad crossing? Or of having your engine stop when you were trying to pass another car on the highway?

Of course you have. Everyone has had such experiences. And they are all unnecessary. They are all due to carelessness. They are all due to the fact that you have not had your car serviced at the right time.

Now I will be perfectly frank with you. If I take your car to be serviced I am going to do my best to see that you never run out of gas, that your engine never stalls, that you never have to push your car to the garage. I am going to do my best to see that you get the most out of your car, that it runs smoothly, that it gives you the maximum of service and the minimum of trouble.

That is what I am here for. That is what I am trained to do. That is what I am willing to do for you. And I am going to do it.

Will you call and see me? I am going to be glad to see you. I am going to be glad to show you what I can do for your car. I am going to be glad to show you how I can save you money and trouble.

Will you call? I do not ask you to buy anything. I do not ask you to do anything. I simply ask you to call and see me. I am going to be glad to see you.

That is all right.

know the real joy of the Canadian Autumn, which is never found on the city's streets or the pulsing marts of commerce, but only in the clean open spaces and the fragrant silent woods.

Now that the leaves are turning crimson and gold you will begin to dream of the little hunting camp in the far north woods, of sparkling frosty dawns, tramps through the fallen leaves, blazing camp fires, wondrous autumn nights and the lust of human hoggin, for there is no lust in all the world for a tired brain and a weary soul like a hunting trip in the northern wilds.

Canadian National Railways taps the heart of the hunting district of Northern Ontario, Quebec and Maritime provinces, and if you are going off on a hunt this year go to the nearest ticket office and procure a copy of "Hunting in Canada", which contains full information as to open seasons, districts, accommodations and guides. Then pack up your shells, ammo and togs and be off.

ROGERS BROS.

THE TOFIELD MERCURY

Vol. VI NO. 40 | TOFIELD, ALBERTA, THURSDAY, OCTOBER 10, 1918 | SUBSCRIPTION IN CANADA $2.00 & $2.50

Ketchamont Doings

With ideal weather the threshing machines are on the hum from every in the morning until seven at night. Grain is turning out better than was expected, wheat going from twenty to forty bushels to the acre.

Miss Jean Dickson attended the teachers' convention at Fort Saskatchewan on Thursday and Friday.

The Misses Mabel Lawson and Marjorie Lee, who are attending Normal in Camrose spent the week end at the home of their parents.

Mr. and Mrs. F. Cairns of Edmonton, motored down on a hunting trip last week. Mrs. Cairns remained the week with her friend Mrs. F Fawcett

Next Wednesday, Oct. 23rd, the Missionary Aid Society will hold their meeting at the home of Mrs. Henderson. A good attendance is requested.

Miss Mary Easton is staying with Mrs. Fred Sutton while Mr. Sutton is away threshing.

Messrs. J. H. Ingram and G. W. Sears loaded a car of wheat at the siding on Friday. Mr. W. Lee also loaded a car the latter part of the week.

Mrs. G. R. Owen, Bessie and Percy and Earl, Mr. Easton and daughter Mary spent Sunday afternoon at the Scotvold home near Kingman. Mr Owen is one of the threshing crew for Mr. Scotvold.

Mrs. Leslie Salisbury and little daughter, returned to their home at Camrose on Sunday, Mr. Salisbury motoring down for them on Saturday evening.

While going to town on Tuesday the Misses Violet Craddock and Sellon Nesmond had a runaway with their team at the creamery, throwing the girls out of the buggy, also the cream but fortunately not spilling it. The horses were caught near town none the worse for their run, but the buggy was badly damaged.

Miss M. Ingram sent, of town is visiting relatives in our district.

Mr. Chester Chiswick of Edmonton came on Monday to see after his farm and to visit his father who is at the Easton home.

Mr. and Mrs. C. A. Ingram spent Saturday evening at the P. O. Molins home. On Sunday, Mr. and Mrs. Molins and family motored to Lacombe.

Miss Florence remaining to go to School, taking up grade XII. work.

The United Church of Tofield
REV. H. O. WATT, B. D.

11:00 a.m. Sunday School at Tofield.

7:30 p.m. Evening service at Tofield.

Lindbrook News

Threshing is in full swing here now several outfits being busy spelling the results of the season's work.

Congratulations to Mr. and Mrs. Gill on the birth of a son. From all accounts he is a "perfect peach" and numerous sockibus misses.

The stork also visited Mr. and Mrs. Geo. Rogers last week and left a son and heir. "Grandpa" is quite pleased with himself these days, and so for "Uncle Bert" he says it makes him feel quite old to have a real live nephew, while other aunties and uncles are quite impressed with "his lord ship."

G. Lundgren went to Edmonton last week on business, as also did Mr J. Lapsley

Mr. Johnnie Pruden was down here this week. He has been to the States this last year and is back looking as jolly and rotund as ever.

Messrs. Hartley, Dennison and Gladwin of Edmonton called at the Hooper—Holland farm here enroute to Magazine Lake where they were going on a hunting trip. They also called in on their way back and bagged a few ducks and chickens here

Mr Reeves of the B.S.E. was a round visiting the boys here this week. Mr. Reeves is deputizing for Mr. Patterson the regular supervisor who is busy with some land settlement business at Vegreville.

The sympathy of the people of Lindbrook are extended to the Cookson family on the loss of their father, who was well known to many had was one of the pioneers of the district.

W. Bellamy of the E.C.D. at Tofield will be at Lindbrook to buy poultry on Wednesday, October 22nd.

AT THE UNITED CHURCH

The service last Sunday evening at the United Church was one of special interest to all who had the privilege of attending. The auditorium was crowded to the doors, the ushers finding it difficult to seat all the worshippers. The choir, under the able leadership of Mr. A. M. Allen, rendered two anthems in a manner which reflected great credit on themselves and their leader. With Mr. McCauley at the organ, and Mr. Allan as leader, the choir work of this musical organization will prove most interesting and attractive to all who attend Divine Worship in the United Church during this coming winter season.

Rev. J. M. Miller, D.D., Principal of Robertson College, preached the sermon and his many friends were indeed pleased to again hear from his lips a message that will long live in their memory.

LOCAL

The chicken coupon served by the Ladies of the United Church was a pronounced success, and the ladies are loud in their praises to the public who so loyally patronized their undertaking. To all the people of the congregation and community, who donated the chickens and other good things they are very grateful.

Robert Lewis met with a nasty accident on Tuesday evening. He was loading a car when it became nearly and ran dragging Robert who pluckily held on along. He was thrown down and received a broken arm and cuts about the face. He was taken to Edmonton on the night train where he will receive hospital attention. We are pleased to say that a later report announces that he is getting along nicely.

Miss Cobb, sister of J. G. Cobb, who has been visiting at the home of her brother for several weeks left for the east on Tuesday.

Mr. and Mrs. Calvert have moved from the house they have occupied for some time to the stone cottage on 4th avenue. Mr. and Mrs. Savage will occupy the house they vacated.

The Western Dishers have closed their office here. Mr. Gordon having been transferred to Holden. That point is more central for him as he attends to the company's business over a territory reaching from Viking to Edmonton.

Sold out to the last piece of pie emphasizes the success of the chicken supper held by the United Church Ladies' Aid on Tuesday. The last two (Jagglers, tastefully late) had to forego the joys of eating pie "like mother used to make," but were well fed a nice brunet of spring chicken supported with vegetables and salads, while the courtesy of re-heating the gravy was much appreciated. The crowds in the early part of the evening would have done justice to an established operated by Lucullus, of London or Child's of Chicago, while the service was O.K. The all fair was a great success financially, and no doubt the hard work of the ladies will ere long be reflected by the new gas lights about to be purchased with the proceeds of the supper.

Mr. Bass a former resident of Tofield was a caller at the Mercury office this week. Mr. Bass worked through here about the years 1911 and 1912 and had not removed his acquaintance with the town since that time.

The local nimrods are still hot on the trail of the geese and are meeting with considerable success. We have had in school that in winter geese migrated to a southern and warmer country, and we have learn that their alluring honk might carry away some of our good citizens also.

The bicycle that was taken recently from the front of the "Mercury Office" belonging to Sidney Worton was discovered a day or so later lying in Mr. Phillips' pasture, apparently none the worse for its being purloined.

Fire Insurance on Grain

Insure your grain as soon as threshed.
It will only cost 4c per $10.00 for six months.
If you have not insured your buildings and contents, I will be pleased to quote you rates.
For sale or to rent, two dwellings, five and eight rooms
Prices on C. P. R., Western Canada and Hudson's Bay Lands have been reduced. Call or write for particulars.

WOMEN'S INSTITUTE NOTES

A whist drive will be held at the home next Tuesday, Oct. 21st, at 8:30 p.m. Four prizes will be given and a fine lunch secured. Everyone had such a good time at the first drive a few weeks ago we expect there will be even a more larger crowd at this one. Come and bring your friends, your wife or your best girl. The admission is but 25c, and you may secure a prize. Mesdame Baptiste, North and Hammond will act as hostesses.

The regular social was held on Tuesday and a very pleasant afternoon spent. Much laughter was caused by experiences given by various members of "tight places" while out riding or driving. Some were real hair raisers! Mrs. Morrison was quite a number calling. No book can be taken out by any person now holding any, until they are returned. In connection with the library, tea will also be served on Saturday afternoons during the winter from three to five. Ladies from town and country are invited to get a light lunch and cup of tea, all for 15c.

New members are welcome to any of our meetings. The regular social and business meeting combined to the second Tuesday of each month in our rooms at three o'clock. Lunch is always served at these meetings free. The second fee is but 25c.

We have the undermentioned things for sale all at very reasonable prices.

ANOTHER FORD—A real snap this time. In good shape and running order with starter and special feature front seat being down for sleeping. $265.00.

We still have that One Ton Ford Truck. It is the cheapest buy in the country. You can't beat it.

RADIO—With two stage amplification $60.00.

A Quantity of Electric Wiring and Equipment.

Raymond W. Pincott
OFFIELD, ALBERTA

Bardo Budget

Mr. Oliver Berg who has had poor health for some time was taken to Camrose on Wednesday for treatment. Mrs. Berg's brother, Mr. Myers from Saskatchewan is staying with Mrs. Berg.

Miss Berglund has gone north a gain after spending several weeks here helping J. Yoder and Mr. Berg likewise.

Several machines are threshing in this vicinity. Most of the yields are better than expected.

Mr. Chas. Currie was quite badly hurt when his car turned over in Round Hill.

Between 70 and 75 Russian Mennonites arrived in Camrose on Tuesday morning. They were met by the members of the Mennonite church here. They will be cared for by this congregation until they are able to care for themselves.

Mrs. Chas. Whillans visited in the F. E. Hills home on Tuesday.

Palmer Bennes of Kingman is helping his aunt Mrs. John Yoder and attending school in Bardo.

About seventy Mennonite from Russia arrived at Camrose on Tuesday. They were met by Mennonites from the district south of Tofield who will care for the wants of these people until they are able to care for themselves. These are Russian refugees, and at one time some of them were quite wealthy, their possessions being confiscated either by the German government or the Soviet government. They are part of a large number who are coming to Canada as a land of hope and promise.

A. Hingley visited Camrose this week and assisted in bringing the party of seventy Mennonites from last town to the settlement south of Tofield.

The makers of Kraft cheese for awarded the editor a pound of their ... product. It was of excellent ... and flavor and can be put ... at most of the local stores.

At the auction sale of lumber at D. E. Ball's office on Saturday, the ... shed at the exhibition grounds ... had been drawn, was sold for $60.00.

The Town Council held a regular meeting on Monday night. All the ... was of a routine nature such ... passing a number of accounts, etc.

Mr. Wallis visited Viking over the week end

One of the interesting visitors to Alberta during the past week has been Major Gordon Lillie, of Pawnee Oklahoma, partner of the late W. F. Cody, better known as Buffalo Bill. Major Lillie was a purchaser of one of the Prince of Wales' pure-bred Shorthorn bulls, which he is taking back to his ranch in Oklahoma

Bowling

A team of bowlers from Edmonton reported to be the best in that city journeyed to Tofield on Thursday evening last and went down to defeat before a team of local bowlers. The game was keenly contested. Some of Tofield one high scorer of the game with a score of 866, being followed close behind by Edmonton with a score of 822. Following are the official scores:

	Edmonton			
Dalton	197	186	125	510
Hamberg	200	194	167	121
Dunn	205	199	187	532
Scott	191	177	181	549
McPhee	147	193	179	44x
	739	866	799	2735
	Tofield			
Rose	161	202	193	556
Yakabouski	139			463
McLaughlin		166	200	466
J. Yakabouski	196	156	157	479
Calvert	161	157	176	494
Clatterbaw	167	163	154	504
	813	844	874	2531

Issued by Publicity Commissioner, Government Buildings, Edmonton.

Student Alberta System

Geo. H. Webb, chief of the dairy division of the State of Montana, visited Alberta this week, interesting the system of governmental cream grading that has been in operation for the past two years in this province, and which has been so profitable for the great increase in quality of Alberta creamery butter. Mr. Webster states that several of the western States are lining up to pass similar regulations, having become greatly interested in the benefits obtained in this province.

C.N.R. Edmonton Improvements

Citizens of Edmonton this week endorsed by-laws ratifying an agreement with the Canadian National Railways calling for expenditures in station and subway improvements which are expected eventually to total three millions of dollar

British Boy's Ready

The first party of British Boys to come to Alberta, under the new arrangement between the Overseas Settlement Board and the Alberta Department of Agriculture, arrived on October 12th. These boys will be given a special winter course in practical agriculture at the School of Agriculture at Vermilion. There are about fifty in the party, and the ages between the ages of 18 and 25

More than fifty farms have been taken up through the Dominion Land Office at Edmonton during the month of September, by now settlers coming into Alberta

Sheep Sale Successful

The annual sheep sale at Lacombe held this week, brought a return of over $18,000 for 1271 animals. Good demand for breeding stock was evident.

The War To End War

How often during the fateful years 1914 to 1918, while the colossal struggle between Germany and the Allies was in progress was heard the expression that this was a war to end war. This idea was embodied in the promises made by all Allied governments to their people to loyally and even cheerfully bear the heavy burdens being imposed upon them and to endure the terrible sacrifices they were called upon to make. Thousands of homes and fortunes might and suffered and died declaring it was worth while if by such sacrifices war could be banished forever. [illegible] was the Whitehall [illegible] Armistice was signed on the 11th day of November, 1918. Then at last the world would be free from militarism, free from the menace of war, free to devote its energies to the arts of peace. Material wealth would flow more bountifully than ever before, and with the elimination of Russia, the Dreadnaught Allies by the Great World War would have a larger number of non-belligerent nations today than Germany, Austria, Hungary and Bulgaria had when the terrible War began in 1914.

Two great nations, namely, Russia, Turkey, Bulgaria, Poland, Rumania, Belgium, Czechoslovakia and Yugoslavia in 1937 can muster more than 1,000,000 men each, while in 1914 the armies of these countries numbered only 500,000 men each, and in Belgium only had a million men.

It is true that [illegible] on these vast impoverished countries is much greater than it was before the war, but [illegible] have been made in reduction in naval armaments and it has not been necessary to increase the navies of the world [illegible] large standing armies exists.

The world has not succeeded [illegible] the League of Nations, but as an [illegible] it has done more than many of its friends expected. It has [illegible] and settled many disputes which would almost [illegible] impossible or unsolved and [illegible] have caused bloody wars. [illegible] has succeeded and, so far, in the main has [illegible] to keep down its all-standing armies and armaments, although there will be [illegible] in the reduction. Russia and Japan have refused to [illegible].

Many people still scoff at the League of Nations. They criticize and condemn it because it has not accomplished more. But [illegible] in many [illegible] in the years which have elapsed since the Covenant was drafted and signed are credited the amazing thing is that it has accomplished as much as it has. [illegible] that short space of time but that it has accomplished so much and has received such a large measure of confidence among the nations of the world. The influence of the League of Nations is now powerful enough to [illegible] settle many [illegible] difficulties today.

Doubtful and effective as [illegible] may seem as the work of the League has proven to be, its recent strike remarks in drawing a protocol or pact which would [illegible] the unanimous approval of the representatives of every nation [illegible] member of the League, and the capacity unanimous approval given by such [illegible] as [illegible] pact or a great world conference on disarmament and [illegible] would speak with a [illegible] to the power [illegible] in giving individual Parliamentary approval to the peace protocol, be [illegible] the most important and far-reaching effort of the Twenty and one half [illegible] promise of heralding a new era in world history.

The effort of the concord displayed at Geneva is seen in the speeches delivered by two Generals who were active participants in the Great War. [illegible] Premier Edouard Herriot (French) and Gen. [illegible] (British) Secretary of State for War, [illegible] Geneva declared that [illegible] and Britain had [illegible] and that [illegible] would [illegible] Lloyd George declared that [illegible] would [illegible] [illegible] [illegible]

EDUCATION ON TRIAL

Red Deer News.

Some time ago we commented on an article by a prominent educationist on the failure of the average Canadian boy to make a success of life. More recently the attitude of great numbers of people both in Canada and the United States was formed as the result of the Franks murder trial. Many must have felt ashamed that such a thing could be possible in the environments. Leb and Iaopold should have developed such fiendish natures in spite of all the advantages of up-bringing and education which the parents Here were two boys [illegible] wealth did not at all times, of course of any but very unusual character apparently among the boys of the country. But [illegible] students of their own age, which outweighs that of the home.

[illegible] Public school [illegible] character. Their school [illegible] actors in spite of all the advantages of up-bringing and education which the parents Here were two boys [illegible] more than the kind of home [illegible] the influences [illegible] and it is possible that [illegible] wealth did not at all times, of course of any but very unusual character apparently among the boys of the country. But the children form those young which shape their character. It [illegible] even possible that most teachers

Crow's Nest Railway Rates

Consequent upon the cancellation by the Railway Commissioners of Canada, of the Crow's Nest Pass railway rate agreement, Premier Greenfield, representing the Alberta Government's views, made the following statement:

"The government of Alberta considers the maintenance of the Crow's Nest Pass Agreement absolutely essential to western producers. The decision handed down by the Board of Railway Commissioners looks like the beginning of a long fight.

"The Provincial Government acted with the governments of Manitoba and Saskatchewan in the recent hearings at Ottawa, and expect to continue that arrangement.

"Consequently an appeal will be taken to the higher authority. What the nature of the appeal will be, will no doubt depend on the government before which it is decided to study the decision of the Board and confer with the governments of Manitoba and Saskatchewan.

A False Conception Of Values

Attention has been drawn recently in the press of Western Canada to the case of Dr. Saunders, of the Dominion Experimental Farms, who developed Marquis wheat. Many thirty years ago Dr. Saunders began his experiments in an effort to produce a type of wheat which would withstand the rust and Red Fly—but as more adaptable to prairie conditions than the old Red Fife. Marquis wheat was the result. Its development saved Western Canada hundreds of millions of dollars to the wealth of which it has been a large contributing factor in placing this Dominion in the front rank as a wheat producing countries. There is not a farmer in Western Canada who does not owe a debt of gratitude to Dr. Saunders.

The director of Experimental Farms, Dr. Saunders was in receipt of a very modest salary. It was not a salary on which he could make investments that would give him more than bare living wage and in his old age he would have been left entirely dependent upon his children. It constituted a fair living and that is all. Dr. Saunders has never retired from active service and he is allowed a superannuation allowance of a little over twenty dollars a month.

Yet people, especially farmers, have much of profit, and ability, who do not value the public services of their country and give to the country at large the benefit of their investigations, discoveries and inventions instead of considering the problem of some large private corporation.

Suppose Dr. Saunders, instead of giving the product of his work to Canada at large, had been employed by a private corporation and had discovered for their use a method of making wheat a dollar a bushel more than ordinary wheat. That corporation would have paid him a bonus of many thousands of dollars and not only would it have given him a salary of a few dollars a week, but sufficient to make him independent in these days. On the contrary he would have considered himself rather rewarded under the Empire.

If Dr. Banting, the discoverer of insulin treatment for diabetes had kept that discovery to himself and patented it he could have made himself rich and would be a very wealthy man. But Dr. Banting's discovery has restored many to normal health, given hope to hundreds and made it possible for others to be economically employed. It is being made available to suffering humanity as rapidly as normal cost as possible—and Dr. Banting received an offer of hundreds of thousands of dollars to patent insulin and the right to manufacture its secret work.

[illegible] the Empire [illegible] Dr. Saunders and Dr. Banting. Therefore, if the Government and people of Canada are to benefit from the services of men of outstanding ability and genius, they must be prepared to pay [illegible] remuneration to that private corporations will gladly pay. It has been the Government and people of Canada have not yet grasped [illegible] this truth that we could almost every day of some Canadian pensioner [illegible] who is helping to further develop and add to the prosperity and wealth of the United States, but which should be doing these same things in Canada.

Many men and women in Canada today are giving of their abilities and energies in public and semi public service in exchange for small salaries. They are being overpaid—for no commercial concern could afford to have them engaged. But will happen to them when old age comes they sometimes can contemplate with a shudder. Let it be the exception and not the rule when thrifty men and women are the subject of charity or existing on the scale of the public pension fund. Let it be the exception of the man who has contributed so much to the service of the country in many lines where no dividends can be paid, [illegible] and [illegible] to be left destitute and [illegible] dependent upon some one. But there would be no such criticism of those same men and women if they devoted their [illegible] and energies to private [illegible] and [illegible] and [illegible] at the expense of the public. The public pays whether it is large profits and [illegible] or small salaries. The private corporation or individual pays for the services rendered. It all comes out of the pockets of the public in [illegible].

The public remembrance of this Dominion needs an awakening to true value [illegible] [illegible] [illegible]

Boys' Conference at Tofield a Success

Boys' Enthused Over Big Chief's Visit

Wednesday evening saw the close of teh most momentous gathering which boys' work has seen in Tofield.

The conference held in the United Church on Tuesday evening and throughout Wednesday was well attended and decidedly worth while for leaders as well as boys.

The program consisted of short services of worship, presentation of parliamentary platforms and nomination of candidates, finance campaign and explanation of group and individual honor plans in Trans squares and Trail Ranger Camps.

The most valuable parts of the conference were the periods of group discussion led by Mr Fergus and Mr Taylor Statten in which badge work and program planning were taken in detail.

The social part of the conference was not neglected, there being numerous periods of group singing and games. A supper held in the evening was highly appreciated by the boys, and gave an opportunity of the collecting of voten by the parliamentary candidates.

Mr. Taylor Statten concluded the conference with a stirring talk before an open meeting in which he left a challenge with the boys which is sure to stay with them and find a response for many a month

The conference officers were elected as follows:

Grand Preator, Ted Parslin, deputy Preator, Glenn Wood; Grand Scripter McQueen McPherson, Ryley, Grand Compter, Hoy Keyes, Ryley.

Parliamentary candidates nominated were:—Ted Parslin, Constructive, Glen Wood, Re-constructive, Mr Queen McPherson, re-constructive.

Out of town delegates were:—Gordon Ferguson, Ryley, Hoy Ewart-Ryley, Marvin Kinnaird, Ryley; Bob Souther, Lindbrook, McQueen McPherson, Ryley, Calvin McPherson Ryley; Percy Dance, Kelsey; Fred Bottler, Ryley; Geo Hill, Ryley; Raymond Anderson, Ryley; Mr O'Brien, Ryley.

The conference committee wishes to tender its sincere thanks to all who so willingly assisted in billeting boys and in the preparation and serving of the conference supper.

W. Bellamy visited Dinant on Thursday.

Monday being Thanksgiving Day, the stores in town will be closed.

Kingman

Walter Bellamy of Tofield shipped poultry from Kingman every Monday

Mah Him, local merchant, made a trip to Edmonton last week.

Harry Daybendal is visiting with his brother in Meeting Creek.

A number of Kingmanites visited Camrose on Saturday.

Mr. T. Haugen of Bardo is visiting with his daughter, Mrs. T. Horin Kingman.

The children from the Kingman school attended the Hallowe'en concert given by the Coal Hill school on Hallowe'en eve. A very enjoyable time was had on fortune hunting etc.

Mrs. Ed. Johnson has now opened up a boarding house, as Mr. Roy Molnes has quit.

A heavy rain accompanied by snow, has delayed threshing operations. There is still a lot of grain in stooks and it will be a long time before threshing will be resumed again.

INGRAM SCHOOL REPORT

(Figures denote per cent)

Grade VIII—Mabel Thompson 64; Arthur Haugen 58;

Grade I—Albert Gladue 67

Grade 1, Jr.—Earl Cramer 70; Elsie Sanborn 70

Perfect Attendance—Rarye LeFlar, Debra Thompson, Teacher.

Details of special train service by Canadian National Railway, to the ships in Halifax, for Old Country Christmas sailings, are announced elsewhere in this issue. There will be a big demand for these Christmas sailings and those contemplating a trip to the Old Country should look now with the local agent of the Canadian National Railways, who represent all steamship lines and who will be pleased to make complete arrangements for your trip.

Monday being Thanksgiving Day, the stores in town will be closed.

Lindbrook News

The recent snow and wintry weather stopped all threshing operations here and there is still quite an acreage in the stook yet. The cold snap will necessitate feeding cattle over a longer period which reminds us all of 1919—20. We'll bet that no one pays $80.00 a ton for hay this time to feed $25.00 steers, top price.

Hallowe'en was observed by "sprites" at Lindbrook, several very necessary and useful small buildings were turned over the station yard gate was sprirted to the crossing, a road hoe flew up to the top of a telephone pole, Mr. Leahy's democrat disintegrated itself whilst his wheel barrow surveyed the country from a vantage point on his barn. One gentleman reports a horse on top of his hay stack.

Mrs. Kortzman, nee, of Pigeon Lake who is here visiting her sons Charlie and August of this district took a trip to Edmonton the week accompanied by Mrs. C. J. Kortzman.

Messrs. W. Lancaster and A. Whiteley paid the city a visit this week; they returned safely

Mr. Paul McMullen is hoping a car of grain at Lindbrook siding.

Quite a few people attended S. Aseroff's sale north of here. Despite the eloquence of the auctioneer, the market was draggy and very low prices recieved for the things sold, some good bags recelling for those that bought there.

Mrs. J. Leahy was greeted by a surprise party on Hallowe'en. This was a real surprise, Mr Leahy is having no shaving just to keep the mustache dark. Don't what was engaged and Mrs. Hooper was first prize dive for keeps the booby. Mr. A. Scott the gent's first, whilst master R. Scott gained the booby. After supper singing and music were the order until such time as all departed leaving a veritable deluge of the supreme pastime, viz "Hand to" ment, one, yours may be the next and at every evening.

Skating has started on Lindbrook, Mr. Leahy again will have the pleasure of providing the ground stand being your own illuminations.

The unfavorable weather prevented many from attending the Hallowe'en Kid's Party held at Interior school on Friday evening last. Those who were present have no regret a pleasant time. Numerous games as well as the usual Hallowe'en stunts were played. Lunch was served by the committee at 12 70. The party broke up about two o'clock, all a growing that they were glad they came.

We have made arrangements with the Edmonton Journal to offer a club combination of the Tofield Mercury and the Edmonton Journal Farm weekly for $1.25 for both papers for one year. This is an exceptionally good offer and closes promptly on November 30th.

Dr. Paul visited Edmonton this week.

Women's Institute

The regular netal meeting will be held next Tuesday, November 11 at three o'clock. The roll call will be answered by helpful suggestions as to beat the house, either a good recipe or about sewing or cooking, in fact, anything useful to you, for it will surely be the same to some other member. Mrs. Hingley will read a chapter of "Penrod" and Mrs. Hicks and Mrs. North will serve lunch. Several new members are joining and new members are always welcome, as will as all the old ones. Let's make this a great big meeting.

Are you a member of our library? If not, why not? We have hundreds of good books on our shelves and are adding new ones as finances permit. Twenty new books are on order now. We have added a new book case and hope to have it full at mediatet date. The librarian has kindly consented to publish a list of our books each week, and patrons are asked to cut out the list and keep it for reference. The books are catalogued now and the list will be published that way. If you are not a member keep your eye on the list of books and you will find many that are well worth reading. A book costs anywhere from fifty cents to two dollars, and you may read hundreds of them by joining our library and it only costs one dollar a year. The Institute was given a library of about two hundred books about four years ago, and since then has more than doubled that number besides having two large book cases made to hold them. It is a library for Tofield to be proud of, but we must have a little support in order ... more new books from time to time, as we only get there through membership fees. Think it over and send in your dollar to Mrs. Sutff or Mrs. Pinnett. If you don't want to read but wish to help, send your dollar just the same, or telephone.

Below is the beginning of the Before and Long each list as it comes out.

Mr. W. B. McNeil left for Portland, Oregon, on Monday.

Mr. and Mrs. P. M. Hungen visited Edmonton on Thursday.

Alarming Incident at Primary School

Children Overcome By Gas Fumes

An alarming incident occured at the primary school on Monday, when a number of pupils were overcome by unburned gas fumes.

The first intimation to the teacher Miss Griggs, that anything was wrong was the becoming ill of several of the pupils. School was immediately dismissed and assistance called. Those affected received medical attention and in a few hours were wholly recovered.

As soon as notified of the incident the secretary, W. Chapman, accompanied by J. Chapman, visited the school and at once tested the gas connections and found them sound. They then inspected the furnace and found therein the teacher's handball which had been missing for several days. They then followed the stovepipe up to the opening in the chimney and thus they found blocked well now and soot.

The supposition is that some child turned off the gas and turned it on again. Had the chimney been clear the gas would no doubt have been lost to the chimney by natural draft. As the chimney was blocked the gas entered the school room. It is very fortunate indeed that nothing worse happened.

SCHOOL BOARD MEETING

A regular meeting of the School Board was held at the town hall on Tuesday evening.

The main business was the presentation of the secretary's report regarding the gas incident at the little school.

The rec gnation of the janitor, Mr. Davis, was received and accepted and the secretary was instructed to advertise for a janitor in the next issue of the Mercury.

A number of accounts were passed and ordered paid after which the meeting adjourned.

TOFIELD SCHOOL DISTRICT 1925 NOTICE

NOTICE IS HEREBY GIVEN that applications will be received by the secretary of the Tofield School District for the position of janitor and attendance officer, duties to commence on the 17th day of November 1924. Applications must be in by Wednesday, Nov. 12th.

For particulars regarding duties [illegible] ... apply to the undersigned.

J. W. CHAPMAN, Secretary.

Natural Resources And The War Debt

Future Of Grain Growing In Canada

Says Russia Will Never Rival The Country As a Wheat Exporter

Russia will never again be Canada's rival as an exporter of wheat, ground-ing in our up-to-date statement of I. W. Lyde Professor of Geography at Leeds, England University, in a paper contribution to the London Times He expects that grain growing in future will be with the Canadian west. Russia cannot export wheat as she used to export it, he said. During the years ending on the fields produced an average of 70 million bushels of wheat, but the average export was 13 million bushels. The great wealth of the land the railway, engineering and industrial resources of the country are going to be developed.

Russia's Oil Fields

Big Boom Being Developed

Wells of Baku Going to Waste Under Soviet Rule

No part of Russia seems to possess more attractions for the capitalists and business man than the great Baku oil fields. Before the outbreak of war the oil supplied to keep the engines of Russia's navy supplied with fuel. During the years ending on the fields produced an average of 70 million bushels of wheat, but the average export was 13 million bushels. The great wealth of the land the railway, engineering and industrial resources of the country are going to be developed. There are hundreds of wells are capable of producing sufficient quantities of oil to supply the whole of Russia's needs, and the remaining wells are fast coming into use. It is as if a great natural reservoir existed, and pipes had been laid to it. Before the war the oil was supplied to all parts of Russia and Germany was dependent on the Baku fields for her supply of petroleum.

Town Council Meeting

A regular meeting of the Town Council was held on Tuesday evening, November 11th. Monday being a public holiday.

There were present Mayor McCauley, Councillors Bellamy, North, Heath, Chapman and Brown.

After the reading and adoption of the minutes, Council heard a delegation from the Curling Club which protested against the amount of rent requested by the town for the use of the curling rink for the season 1924-1925. The amount previously set by Council was $60.00. A number of the members of the club spoke and it was suggested that $15.00 would be a reasonable rent.

No resolution being forthcoming to change the previous motion of council the mayor called for the next order of business.

Later in the meeting the following resolution was passed, that the town rebate the amount of fifteen dollars owing for rent for the season 1923-4 and that $30.00 be charged for the use of the curling rink for the season 1924-5, the amount to be paid before the curling club takes possession, that a reserve be added to the effect that if there are not sufficient members, both ladies and gentlemen, to enable the club to pay $60.00, even part at the rate of $1.50 per member, that the town rebate a portion of the sixty dollars paid to the extent of the deficit.

A delegation of teamsters objected to a bylaw of the town, whereby a person could come and haul ice into and within the limits of the town on paying a fee o fifty dollars.

Council repealed the bylaw and all persons handing ice will in future have to take out a teamsters license for which the fee is fifteen dollars.

A number of accounts were ordered paid and several items of routine business transacted.

The T Whitmore Studio is again open for business. Same location.

Mr. F. Pruden and son Hobbes spent last Friday in Edmonton.

Mr. Gilmour and son visited Edmonton on Friday last.

Miss Kendall, who was home for Thanksgiving, left for New Norway on Monday.

WEDDING

At the Manse, Tofield, on Wednesday, November 5th, 1924, Mr. Russell F. Hasey and Miss Lillian Worsley were united in marriage. Rev. R. G. Watt, B.D., performed the ceremony. The happy young couple will reside at Rose Creek.

Local and General

Mr. and Mrs. Ethelbert McClymont announce the coming marriage of their daughter, Alice Leona to Mr. Wm. Webb at their residence during the latter part of November.

There will be morning Anglican service and Holy Communion at Lougon on Sunday, Nov. 16th at 11 a.m. Also evening service at Holy Trinity Church, Tofield, at 7.30 p.m. Archdeacon Burgett of Edmonton will officiate.

Our announcement in the locals of last week's issue regarding the purchase of the Mercury and Edmonton Journal was incorrect. The price for the two papers for one year is $4.75 and the offer only lasts until November 30th. The combination is well worth the money.

The complete school report for October will be published next week.

The ... has been got out single handed as it were ... on Monday the editor required one of his hands on one of the presses.

Miss Harmon Forman was home for Thanksgiving.

Mr. and Mrs. Geo. Rogers and baby son left on the "flyer" last Thursday night bound for Vancouver.

LAVER ROSS CHEZA

Threshing has been held up by the rain and snow storm; quite a few being caught with their grain out in stooks. While the feed supply will be ample for the winner, several of the farmers will miss their full quota and a straw stack to run their cattle to during the winter.

Yields of forty-five bushels to the acre, even with frosted grain, indicate a growth of straw equal to a fair crop, and with their grain out in stooks. While the feed supply will be ample for the winner, several of the farmers will miss their full quota and a straw stack to run their cattle to during the winter.

RED ROSE TEA "is good tea"

The ORANGE PEKOE QUALITY makes finer tea and more of it

Our Natural Resources And The Cost Of Production

In the course of one of the series of addresses made by his party during last year Mr. Meighen, Leader of the Conservative Party, dealt with some problems in connection with the production of wealth.

No one, he said, would deny that the chief thing which the people will want from the coming session of parliament is some way whereby the cost of living may be reduced. Now, it was impossible at once to say how this could be done, but he was prepared to suggest that it is possible. As Conservatives we look for the solution of this problem not to any artificial means, not to any fixing of prices by law, not to any interference with the operation of economic laws, but to an increase in production. We must increase the production of our natural resources and of our manufactures. We must increase the production of our farms, our mines, our forests, our fisheries, our water powers, our manufactures and our transportation facilities. We must increase the production of our natural resources and the whole process of manufacture and transportation from the raw material to the finished product.

[illegible] Canada's claim to the leadership of the British Empire in the production of foodstuffs and which could be obtained from Canada's vast resources and the whole process of manufacture and transportation from the raw material to the finished product. We must increase the production of our natural resources and the whole process of manufacture and transportation from the raw material to the finished product.

[illegible] Canada's claim to the leadership of the British Empire in the production of foodstuffs and which could be obtained from Canada's vast

NEVER FIRE FIRST
— BY —
JAMES FRANCIS DORRANCE
Co-Author of "Not Your Man," "Glory Rides the Range," Etc.
Global Rights Arranged Through F. D. Goodchild Publishers, Inc.
WNU-1950

"I lost out with the all-star cast Miss Dupree became. I wouldn't storm the gate." Hervier mumbled regretfully. "About that time appeared this Reggie boy because the under cover as a mining expert. He led Ruth to believe he was the best thing in life for her, and by the time I got to Mr. Ruth I don't know what he thought of the merchant—he never intended to do what he got him to—but Reggie had Ruth's promise before he knew what was in her mind. Maybe I did, too, but I was so sure of myself that I didn't think I had to bother with it. Reggie was a fool, but he knew how to make love. I don't—you see, I never had any practice."

By summer time I knew I was licked. Maybe I did, to begin with.

Scouring for dirt on people was Detective Jones' main asset. He'd been threatening to attend to it for years, and now The Flying Dutchman was his chance.

The first thing Jones did was to get Ruth's record. He knew that she had been in Canada and Europe, and that was all.

Then he went to Ruth's mother and asked her to tell him about her daughter's past. Mrs. Ruth was glad to do so. She was proud of Ruth's career, and she was glad to brag about it. She showed Jones all the clippings she had saved, and told him all she knew about Ruth's life.

Jones made a list of the names of Ruth's friends in Europe, and then he went to see Ruth herself. He found her in a hotel room in Montreal, and he told her that he was a reporter and that he wanted to write a story about her. Ruth was glad to see him, and she told him all about her career in Europe. She told him about her friends in Europe, and she told him about her friends in Canada. She told him about her friends in the United States. She told him about her friends in Mexico. She told him about her friends in South America. She told him about her friends in Africa. THANKFUL MOTHERS

Cures a mother has used Baby's Own Tablets for her little one the world over nothing else. The Tablets give quick results that the mother has anything but words of praise and thankfulness for them. Among the thousands of mothers throughout Canada who praise the Tablets is Mrs. David A. Anderson, New Glasgow, N.S., who writes: "I have used Baby's Own Tablets for my children and from my experience I would be lost without them. I would urge every other mother to keep a box of the Tablets in the house." The Tablets are a guaranteed cure for all the minor troubles of babyhood and they are the safest and most satisfactory medicine for the little ones. Among the thousands of mothers who have used them are those who have written us unsolicited testimonials, and we would be glad to send you the names of some of these mothers who have used the Tablets with the best results. The Tablets are sold by medicine dealers or by mail at 25c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

CANADIAN PACIFIC STEAMSHIPS

Order Your Farm Help Now
TO BE OF SERVICE to Western Canada's farmers and help to secure for the country's prairie farm lands, the CANADIAN PACIFIC RAILWAY will continue its farm help service this year, and all notices on this service, as last year, the supply of suitable harvesters and help.
Through correspondence and two years, the Company is now in touch with a number of good farm laborers in Great Britain, Ireland, Denmark, Holland, Belgium, Switzerland and other European countries and can promptly fill applications for farm help.
In order to have the help reach Canada in time for the spring operations, farmers requiring help must get their applications in early, to enable us to secure the help needed.
Blank application forms and full information regarding the service may be obtained from any C.P.R. agent or any farm agent of the railway. THE SERVICE IS ENTIRELY FREE OF CHARGE.

SUNDAY SCHOOL LESSON
NOVEMBER 16
PETER'S CONFESSION
Golden Text: Thou are the Christ, the Son of the living God. Matthew 16:16.
Matthew 16:13. Now when Jesus came into the parts of Caesarea

The Text Explained and Illustrated
Views About Jesus: verses 13, 14. Jesus and his disciples had journeyed as far as the northernmost of Caesarea Philippi when he suddenly asked them, "Who do men say that the Son of Man is?" As recorded by Mark and Luke, the question was, "Who do men say that I am?" It is not thought that the phrase "The Son of man" was associated in the popular mind with the idea of the Messiah. Had it been, Jesus would not have used it as He did early in His ministry. Jesus here used it, seemingly, to keep the question as to who He was undefined. The disciples answered that some thought he was John the Baptist (as Herod said, Mt 14:2), some that he was Elijah (Mal 4:5), and others that he was one of the prophets. Had you ever shrunk of the various views held by believers in Christ, they understand that the real, outward hand of Satan in their affairs is much to be perceived in the thing that would happen is that hand and the protection that goes with it were to be withdrawn.—Detroit Free Press

American Suspicion
Philadelphia Ledger, Usually Sensible, Gets a Queer Kink

So long as the bears attack its own business and that of its members, the Exchange do not concern us. That is the way for it to keep its American friends. It cannot keep them by showing American ninths and not reciprocity. Coverton is not the way; invitation to Japan to feel the sun is Japanese half history at tiger-as is satisfactory the more turn has been given to the arrows by which Japan is resolved to rise to into the 1 new.—Philadelphia Ledger

Exports To France

Canada's exports to France during the years 1922 and 1923 were normal despite the fact that during that year, according to a government bulletin, the increase was due principally to cereals, dried and tinned fish, sugar, wood pulp, steam and other engines. French exports to Canada showed only a small increase.

An Unusual Hobby

According to a man who passed under him during the war Lord Thomson, the air minister, now on his way back from Iraq, possesses an unusual hobby. Given the cork of a champagne bottle, he can tell the kind, the quality, the year and, in short, the history of the wine it once held in bonds.

Manitoba Butter
$750,820 Remitted From Sale of Product in Month Of August

Manitoba's output of butter for the month of August realized the sum of $750 820 according to an announcement of the provincial dairy commissioner. The manufacture during the month totalled 2,262,315 pounds, or 572,295 pounds in excess of the same month in 1923. During August some 382,220 pounds of butter were exported, more than 50 per cent of which went to the British Isles. It is estimated by the commissioner that from 12 000 to 15,000 farmers contributed to this production.

At Night with Asthma. Everyone knows how attacks of asthma often keep their victims awake the whole night long. Morning finds him wholly unfitted for a day of business, and yet, business must still be carried through. All the night suffering and lack of rest can be avoided by the prompt use of Dr. J. D. Kellogg's Asthma Remedy, which positively does away with the asthma attack.

Taxation

Problems of taxation, Federal and Provincial and to some extent local, are subjects of consideration at a conference in session at Ottawa as this article is written between the Finance Ministers of Canada and the Treasurers of the several Provinces. Methods of taxation, many of which are now entrusted with the responsibility of Governments and the administration of public affairs must be and are deeply interested. They are not backward in displaying that interest, nor can they be accused of delay, misery in imposing taxation, whatever other changes or neglect may be laid at their doors.

If members of Government, who are responsible for the imposition and collection of taxation are thus deeply interested, how much more should it be so I should the people as a whole be who have to pay the taxes. It is regrettably true, however that a large percentage of the taxpayers give little thought or study to the subject except to give voice to criticism and the complaints when paying their tax bills. The ins and outs of the taxes themselves do not seem to enter the minds of the majority of taxpayers. Whether they be direct or indirect, collect taxation should have some bearing.

In a recent speech in the House of Commons Mr. Bennett referred to the position then about that subject. Taxes, declared should be based on the principle that the people as a body, have the taxes they collectively demand, whether all or otherwise, whether unnecessary expenditures in imposition and collection exist; and, finally, to what extent each particular form of taxation places a handicap on industry and national development. In his words, each citizen should endeavor to find out whether our systems and methods of taxation are applying their several objects, or are unduly operating so as to limit the ability of the people to pay taxes.

According to newspaper reports suggestions for simplifying the imposition and collection of certain taxes have been advanced by Provincial representatives at the Ottawa conference but there do not seem to have been many taken by the Federal authorities. Under the British North America Act, the Provinces are limited to the imposition of direct taxes, and prior to the war the Federal Government levied, for example, from income taxes, but not since. But the storm of war finance forced the adoption of a Dominion Income Tax. In some Provinces the pre-war three taxes levied on Income—Federal, Provincial and Municipal. In other Provinces two—Federal and Provincial or a Municipal Income Tax as well as the Dominion tax. It is contended therefore, that if the Dominion is to derive as generally complained to maintain its Income Tax, it should make itself responsible for the collection of the whole of the taxes on income and release a limited percentage to the Provinces, thus doing away with much duplication and expense in collection.

This seems a sensible and economical proposal and one which undoubtedly would appeal as beneficial to a majority of the people. But Governments are notoriously reluctant to collect taxes for other Governments, and rather than do so the people are forced to put up with and pay for much excessive unnecessary duplication. It is time the people made their voice heard in the matter. It is their money that is at stake.

For Finance Min ter at Ottawa should give heed to the representations of the Premiers, and carefully consideration to the views set forth in the memorandum submitted by Provincial Treasurer Black, of Manitoba. Provincial requirements and services do not increase additional expenditures on the Federal Government but many Federal policies do compel heavy expenditures by the Provinces without any corresponding increase in Provincial revenues. For example, immigration expenditures by Ottawa mean additional population and additional population results in increased Federal revenue through Customs Excise, Post Office, etc., etc. But to the Provinces increased population means larger expenditures for roads, bridges, hospitals, general administration or justice, etc., etc., with only a paltry return by reason of the per capita allowance from Ottawa.

The Dominion Government, too, has the whole field of taxation, direct and indirect, open to it. Its power to levy taxation is, therefore, unlimited. But the power of the Provinces is limited. The Provincial requirements and responsibilities are increasing without any corresponding increase in revenue. Not only is such a situation impossible for the Provinces and municipalities, but as Mr. Black points out, it must in the long run adversely affect the whole Dominion because neither Dominion policies or finance can be satisfactory if a wealthy state if the Provinces and municipalities are financially embarrassed.

The whole subject of taxation in Canada requires careful study and wise scheduling, and in this work the interests of the taxpayer, rather than of governmental bodies, elected to represent the taxpayers should receive first consideration.

A Real Blow

Captain Found Young Officer Was Not So Stupid

It was the early days aboard ship with a captain, who had had a pretty rich time of it the night before. was in consequence in no very gracious mood when the budding officer appeared himself. "Good morning," he vouchsafed, "food of the family sent to the navy as usual, I suppose." "No, sir," came the reply; "I believe things is altered a little since your day."

DODD'S KIDNEY PILLS

THE PROPRIETOR

Germany Excels In Building Dirigibles

Can Obtain Better Results Than Any Other Country

In all probability the new-day terrors of the 20th century will be furnished by the many schemes on foot for the development of dirigibles as commercial vehicles. Germany is already better equipped than those craft than any other country in the world. The Government encourages the building of the Zeppelin factory at this time would follow too closely a policy which has proved a dismal failure since the war. That is the effort of one and the same time to crush Germany beyond recovery, and to demand from her a reparations bill which she has no hope of paying without resuscitation of her commercial power.

Penlight de-vogue an antiseptic liquor blood which kills germs very quickly. People who live in darkness do not possess this "antiseptic" blood.

Minard's Liniment Relieves Neuralgia

Prevention Of Cancer

Free Use of Soap and Water Advised By Medical Man

The medical profession should interest itself in cancer prevention before endeavoring a research into what can be cured, in the opinion of Dr James Ewing, professor of pathology at Cornell Medical School, who addressed the Ontario Academy of Medicine in Toronto. A few of the striking statements made by Dr. Ewing were: That a more violent use of soap and water would prevent much of the cancer on the skin

Cancer of the stomach was seldom developed from ulcers of the stomach. Cancer of the mouth, tongue and lips was usually caused by the use of tobacco or by bad teeth. Cancer was usually caused by mechanical irritation over a considerable period of time. It appeared to me a blessing in disguise that in carrying a cancer from young natives to the white man's country the cancer did not develop.

Cancer was not a germ disease. It was a matter of months but it took years to develop. It will be years yet before we can stamp out cancer.

Federal and Provincial governments will call a conference of those interested before Parliament and this land will again be offered for sale.

Abandon Farm Lands

Alberta Dry Areas To Go Back To Cattle Ranches

The great tributaries of land that lies between the Red Deer and Bow Rivers extending east of Tofield as far as the junction of those rivers, about 2,000 square miles, being included, will be the first drought area in Alberta turned back to big ranchers after the fall-ure of farming experiment.

Federal and Provincial governments will call a conference of those interested before Parliament and this land will again be offered for sale.

The plan for converting abandoned farm land into cattle ranges is a matter of months but it can be done—that it will be done is to be considered as certain as anything in connection with the drought area.

Druggist has Diamond Dyes—no other kind—Diamond Dyes.

No Loss To Canada

Country Can Get Along If Mac-Lean Closes Consular Offices

Maybe he doesn't know it, but Premier Mac-Lean of Canada is going to have to tell his people how to get along without so many consular offices. Maybe he doesn't know it will be necessary to tell them how to get along without so many foreign representatives in Canada that so many Canadians have to see. Maybe he doesn't know that the Canadian people will be more than glad to do business on the basis that no such offices exist.

Maybe he doesn't know that the Canadian people will be more than glad to do business on the basis that no such offices exist.

Radio Signal Around the World

Eastbound Signal Wins Race By One Second

Two radio signals were flashed to the world from the third annual National Exposition in Grand Central Palace, New York, on the second day, to win the race by one second.

The letter C, sent eastward, completed the circuit in five seconds, while the letter S made the westward journey in six seconds. The difference in time was due to the fact that the eastbound signal arrived only three times while the westbound signal was handled by seven relay stations. The twin points were Eastward, Paris, Paiton in Java, Sumatra, Java, Australia, Honolulu, Seward, San Francisco Honolulu Manila in Java, and Canada.

Predicts Cheap Aircraft

Will Be Sold For $500 Says Argosies Manufacturer

H G Pollock, the aeroplane manufacturer, predicts that within 10 years aeroplanes will be sold for $500.

"Almost everyone will be selling them," he says, "because planes will be less expensive than motor cars. I am convinced that within ten years we shall be crossing the Atlantic within twenty-four hours, carrying passengers and mails."

Mr Pollock says that 90 per cent. of the planes now being built in Europe are for the military and naval purposes

Claims He Renews Youth

Warns Doctor Tells of New Method Used by Stage Star

Dr. Javorski, a biologist told an international congress of medical men of alleged results obtained by application of a method of rejuvenation by means of glands. This drew a series of experiments with animals in the laboratory of the world famous Several of his "subjects" came forward to bear out Dr. Javorski's statements.

Britain Willing To Experiment

Many who proclaimed that Britain was going to the dogs when the Labor party took office are now pointing to the elections as proof of the country's sanity

Britain is willing to experiment. Many who proclaimed that Britain was going to the dogs when the Labor party took office are now pointing to the elections as proof of the country's sanity. They point out that the British people have had a long political experience and are not afraid to make experiments. If they are not satisfied with one experience they try another. The present election is not the end of the process by any means Toronto Globe.

Ontario Becoming Settled

During the past year the Ontario Department of Agriculture, through its colonization branch, has located up wards of 4,000 settlers upon farms in the province, according to the annual report of the director of the branch. In addition quite a large number of settlers were located in Northern Ontario.

Alberta Boundary Established

Line Between Alberta and B.C. Now Fully Located

After 11 years work on the boundary between British Columbia and Alberta H. W. Leach, engineer in charge, completed the undertaking. The last surveying was done in the mountains and now a detail list has been made. Rock River

The border between the two provinces is now fully located and staked at every the international boundary to a point on the meridian north of the Peace River block. It is expect that a detail will not be completed before the end of the year. Mr. Leach will be engaged in the northern portion of the province next summer before further boundaries.

New Departure In Dentistry

Dog in London Equipped With Set of False Teeth

Fitting False Teeth to new sets of teeth has become a profitable operation. It was demonstrated by Professor F. T. G. Holiday, Honorary veterinary surgeon to a dog's corpse, who eighteen months ago had all his teeth extracted. Professor Holiday's mouth and a set of false teeth fitted with springs and wires as in human dentistry. The animal finally was equipped with new incisive cutting edges guaranteed to last a lifetime full and gold molars. He was then returned to his daily duties, chop. According to Dr Holiday the dog attacked the bone with as much vigor as when he had his original teeth.

Record 'Submarine Voyage

British Submarine Carried Everything Required for Eight Months' Cruise

The longest cruise ever undertaken by an independent craft was recently completed by K 26, a vessel becoming the latest addition to the British navy. The cruise covered 30,000 miles and although the voyage lasted eight months, officers and crew lived aboard the submarine throughout the entire cruise without any assistance from a parent ship. Every thing that was required was carried in the submarine itself. From the time the vessel left the British navy yards she was completely self-contained. Provisions for the entire period were carried in the submarine itself. From the time the vessel left the British navy yards she was completely self-contained.

Prominent Speakers At Liberal Meeting

Owing to the unfinished farm work piling up due to the cold snap recently experienced, the attendance at the political meeting held by the Liberal organization on Saturday afternoon at Tofield, was sparsely attended. The same 25 or so that did attend, however, were well repaid by the excellent addresses given by Mr. Henry, M.P. and Hon. R. C. Mitchell.

Mr. J. Rogers occupied the chair and in introducing the speakers said that there was every excuse for farmers being absent to-day, as threshing had to be attended to. In addition to listening to the short addresses that were to be given, Mr. Rogers said that the meeting would be called upon to elect a provincial leader for the liberal party, and in itself is a standing example of the democracy of liberalism as delegates from all over the province will take part in this election.

Mr Henry said, in part, that he was not accustomed to the tame bee attending as he had just passed through a campaign in which a number of city audiences did not number more than 25. There were enough here, if interested, to do much work when election time came around. He was that could be formed the baby member, having been recently elected, and his mother used to say that children should be seen and not heard, therefore, perhaps, he should be sitting at the feet of his colleagues learning political lessons. He had heard it said that liberalism was on the wane, and this idea was being fostered by sections of the press. This was not so. In the last election there was a strong conservative candidate, a labor candidate who polled a solid labor vote; and a liberal and independent liberal candidate running, and the liberal candidate was elected, in spite of the fact that the ballot system used was the transferable vote. This system is cumbersome, costly and confusing, and beyond the first choice, the voter simply registers his degree of disgust regarding the other candidates. Under the old system the liberal candidate would have been elected by 1500 to 2000 majority. Liberalism is a principal, not a party. He had lived a long time in this country under Tory rule and it was hard sledding, and prosperity only came in 1896 when the liberals came into power. The liberal party in Alberta did not go out of power in 1921 from lack of confidence; he heard no charges against the Stewart administration; but from a movement that started in the east and reached its peak in that year. Liberalism is however, coming back, and with it, prosperity. As long as a labor-farmer government lasts, there will be no reduction in the cost of government, salaries will stand at more wages, more jobs. This govern-

HON. C. R. MITCHELL, LIBERAL LEADER

Over 700 delegates at the recent convening political convention in the Palliser Hotel at Calgary on Thursday chose a new leader of the Alberta Liberal Party in the person of Hon. Charles R. Mitchell, member for Bow Valley, in the legislature, former provincial treasurer and minister of municipal affairs, and who for 16 years, occupied a seat in the provincial house.

Mr. Mitchell was nominated by acclamation after a host of other candidates had withdrawn from the contest for leadership. A commission turn was given to convention proceedings.

Mr. Mitchell will not give satisfactory results because it is not founded on right lines. Farmers and labor have nothing in common. Labor wants high wages and low prices, whereas farmers ask for high prices and reasonably low labor. The liberal party is big enough, and broad enough to include all phases of progressive thought.

Hon. C. R. Mitchell, said in part, that while a larger attendance would have been more pleasing, there was a U.F.A. convention at Olds recently, and the attendance there was 25. Olds is a good town, is a well settled district, so this meeting did not suffer by comparison. The constituency of Olds was strong enough to beat ex-Minister of Agriculture, Mr. Marshall. He had been watching the work of the present Minister of Agriculture, and would call him Minister of Destruction, as it would seem that most of his time was taken up with undoing Mr. Marshall's work. The speaker then spoke on the features of the province, stating that the Bank in 16 years, created a debt of 37 millions of dollars. This was starting with a new province without improvements of any kind. In three years, with the province as a going concern, the present government had increased the debt by 20 millions. He gave a detailed account of the debt accumulated by the liberal government, a large portion of which the speaker explained was self sustaining or repayable to the province.

Following the address by Hon. C. R. Mitchell, the meeting proceeded to elect delegates to the liberal convention to be held at Calgary this week.

On the motion of J. D. Hannan, Mr. McCauley and Mr. Scott were nominated. Mr. Scott stated that he would be unable to go, and Mr. Hannan nominated Mr. Hammond. A motion to close nominations was then passed and Messrs. McCauley and Hammond were officially appointed delegates to the convention.

Mr. Rogers then called the meeting to attention to the fact that no organization as a liberal association was who and on the motion of J. D. Hannan, Mr. Rogers was elected president and W. Chapman secretary. The meeting then adjourned.

News From the Country

LINDBERGH

Threshing still goes on, but very slowly. C. A. Ingram and Mr. Mansbridge and a half day for Mr. Carlisle were the ones that got threshed during the past week. Mr. Hansbrow is threshing for Dave Mitchell.

Miss Jean Dickson spent the week end with her parents in Edmonton.

Mr. and Mrs. Fred Hall, Mr. and Mrs. Oscar Barnes enjoyed a radio concert at the McClintic house, Thursday night.

Mrs. B. Wildman and mother, Mrs. Henderson, spent Thursday afternoon with Mrs. W. A. Mitchell.

After spending the past year in the different states along the coast, the Rodgers family returned to Edmonton. Mr. Rodgers is visiting at the home of his daughter, Mrs. J. H. Ingram.

Miss Hilda Mossblad spent Sunday at the home of her parents.

Mr. and Mrs. C. S. Owen were guests of Mr. and Mrs. Bonner of Kingman on Sunday.

Messrs. McMullen and Cummins hauled a car of barley at the siding on Saturday.

Miss Daisy Hudson of Woodlawn district who has been ill with serious trouble all fall, was taken to Calgary on Saturday to enter the hospital there for treatment.

Mr. Gus. Lawson and nephew, Axell Lawson are starting on another trip on Wednesday.

Mr. Hugh Mitchell has been suffering with a very sore hand the past week. In taking a coke off a cow, a scrap caught in his hand and lacerated it.

Mr. and Mrs. G. R. Owen and family were entertained by the staff of the McDevitt Mine last Friday night and a very pleasant evening was spent.

Mrs. Peter Lee left on Friday in response to a telegram received on Thursday that her father had been seriously injured at their home near Lethbridge.

A basket social and sale of work will be held at the school house on Friday evening next, December 5th.

LOCAL ITEMS

Amisk Creek Ladies' Aid are having a sale of fancy goods in their church on Thursday, Nov. 6th. Lunch will be served at noon, and the sale will start right after.

The carpenters, M. Johnson and N. Sand are now working at E. Reed's place, putting in a new kitchen floor and fixing the chicken house.

A. Moen and family from Barrie, F. Nordstrom from Brandis and F. Sand were visitors at Preston's on Sunday.

Korydice Habersak and Gertrude Preston went to Viking for Sunday, arriving returning Friday evening.

Mrs. N. Sand, Laura Johnson, Margaret Roberson and Gertrude Robertson, came with Mrs. Preston from Viking. They over to the party at Moen's Friday evening and returned to Viking on Saturday evening.

S. O. Solberg had several men to

The MARCONIPHONE requires no recommendation. This wonderful machine reminds of the Ford and the Dodge cars. None will "touch" them though they are selling competitive makes, because **EVERYONE ADMITS** the are good.

It is the same with the MARCONI made radio. The machine made by the men who first discovered wireless messages HOW is one of the most expertly and perfectly made.

There are models to suit from the "cabby" to the "fat" pocket.

WE are **AGENTS FOR THE MARCONI,** and will be pleased to demonstrate. Before buying your radio don't fail to see us.

TOFIELD CURLING CLUB RESIGNANCE

The organization of the Tofield Curling Club was completed on Thursday night last, much to the joy of keen followers of the "roarin' game(?). It was announced that negotiations with the town for the rink were completed and the season's rent paid.

The officers for 1924-5 were then elected. John Lee, Sr., will fill the presidential chair, and M. C. Hammond is the new secretary. The executive committee are H. A. Desk, J. D. Hannan, Geo. McLaughlin, and C. A. Agnew.

The ships for the season were appointed, these being:—D. B. Elliott, C. A. Agnew, M. C. Hammond, J. H. Hanson, John Lee, Geo. McLaughlin, A. J. H. McCauley and Dr. Morrison. Other ships will be chosen as the membership increases.

The local bonspiel will be held on January 13, 14 and 15.

W. Bowyer will have charge of the ice this season and will commence putting the rink in shape and the laying of ice at once.

Tenth meeting of council of Cornhill Municipal District, No. 467, held at Tofield on Saturday, November 1st, at 1:00 p.m. The Reeve in the chair.

Present: Councillors Verge, Ferguson and A. J. Williams. The minutes of the previous meeting were read. Moved by Councillor Verge that the minutes of the previous meeting be adopted as read. Carried.

A communication was read from the Deputy Minister of the Department of Public Works, with regard to the council agreeing to contribute $2500 towards building a road crossing the railroad at North Cooking Lake, proposed on the road allowance east of the station. Stating the total cost of improvement is estimated at $4,250.00, to which must be added the cost of purchasing right of way, also enclosing blue print of both proiles and plan showing the proposed improvements. It was moved that the communication be laid over for consideration.

A communication was read from Edmonton General Hospital enclosing account of James Clayden.

From Royal Alexandria Hospital, Edmonton, enclosing account of Mrs. J. Desjarlais for care and treatment in the hospital, asking the assistance of the council to collect same.

A number of accounts were presented, passed and ordered paid.

The meeting adjourned until, Wednesday, December 3rd.

HOLY TRINITY CHURCH

Re-opening Of Sunday School Classes Commencing Nov. 30th, at 11:00 a.m.

Evening service at 7:30 p.m.

Mr. R. H. Thatcher will conduct the services.

The Edmonton City Dairy will ship a car of poultry on Wednesday next. Those with poultry to sell should keep this date in mind.

Well Known Local Couple Wed

McCLYMONT—WEBB

A very pretty wedding took place at the home of Mr. and Mrs. Robinhart McClymont, Tofield, at o'clock in the evening, on Wednesday, November 19th, when their eldest daughter, Allen Leona, was united in marriage to Mr. Wm. Arthur Webb, Rev. R. Geo. Watt was the officiating clergyman.

The bride entered the room leaning on the arm of her father looking very charming in her gown of grey trimmed satin and carrying a bouquet of pink roses, tied with silver and rose ribbon.

Beautiful and costly gifts were received showing the esteem in which the contracting parties are held in the community. The groom's gift to the bride was a beautiful fur stole.

On their return from their honeymoon, Mr. and Mrs. Webb will reside in Tofield.

UNITED CHURCH OF TOFIELD

Rev. R. Geo. Watt, B.D., Pastor

Sunday, Nov. 30th, 1924
11:00 a.m. United Sunday School in Tofield.
2:30 p.m. Sunday school at Estelle.
7:30 p.m. Evening service at Tofield.

Subject of address will be: "The Present Status of Church Union."

All hearted to these services.

LINDBROOK

Mr. Pointer is remodelling and adding to his present residence. Not having seen the newborn drawings, we cannot specify whether it is to be Tudor, Gothic, or Elizabethan in style.

C.N.R. surveyors were here at work this week in connection with the new road started last summer, (not railway.) The survey having to do with the proposed crossing.

Lindbrook boasts one happy family at least, of course we presume that there are others; but this one is unique in the fact that the members are none feathered and none furred. All live together under a granary in perfect harmony. They are to wit, two young spuds pigeons, one home rabbit and a half grown cat. This family now has since been presented with a tame muskrat, whom it is to be hoped will fit into the mysterious circle shortly described.

Congratulations to Mr. and Mrs. J. Tough of Hastings Lake on the birth of a daughter.

We hope that the mail man has suffered no serious bodily or financial damage resulting from his once accident last Saturday.

Much Needed Reforms

The time of year approaches when, as a rule, the Legislatures of the several Provinces are called in extra session and, within a couple of weeks, the Dominion Parliament will be in session. In all cases of the latter, since Confederation, the first business to engage attention has been that of reform in regard to a matter which has on previous occasions been the subject of comment in this column. We refer to the unnecessarily large membership in most of our Legislative bodies and to the equally unnecessarily large and utterly extravagant indemnities paid to members.

Behold does not require approximately one thousand Senators, Members of Parliament and M.L.A.'s to direct its Federal and Provincial affairs. Its real administrative work need not, should not, and, in fact, rarely does, occupy more than a few months annually. Its public-spirited men do direct the affairs of the Dominion as representatives of the whole people.

At the last session of the Saskatchewan Legislature a resolution was adopted in favor of a reduction in membership when the number of a public meeting to organize education week rolls up for next celebration. The proposition for the fifth of the existing Legislature and there is a strong possibility that the last, and as a rule, redistribution when it is necessary, provides dissatisfaction. Reapportionment of the back woods electorates in important in Saskatchewan or not, it is to be hoped that the good resolution of a year ago will be translated into effective action next session. Saskatchewan with three millions of people is entitled to a smaller legislative hotbox, and a consequent saving in relief of the over burdened taxpayer.

Bardo Budget

A large convention was held in the Bardo Church, on November 21, 25, and 26. The theme of discussion for the whole meeting was taken from Hebrews 10. This was splendidly introduced by Rev. Brad on Sunday afternoon. I was later dealt with and thoroughly discussed by a number of enjoyable time with her children at the parsonage and laymen. Among those present were Rev. A. Hunsperger, Rev. Bo[illegible] Rev. [illegible] and Rev. [illegible] All the services were well attended. The meeting was very helpful and inspiring. Rev. Brad left last night. Rev. Nordell presided, especially on Sunday, when L. Lamerguy, Bloomhill, Alta. Rev. [illegible] and Rev. [illegible] were present.

The Bardo Ladies' Aid will hold their sale in the church basement on Wednesday, December 3rd. A Norwegian Hefteren 10c. This was splendidly introduced by Rev. Brad on Sunday afternoon. I was later dealt with and thoroughly discussed by a number of enjoyable time with her children at the parsonage and laymen. Among those present were Rev. A. Hunsperger, Rev. Bo[illegible] Rev. [illegible] and Rev. [illegible] All the services were well attended. The meeting was very helpful and inspiring. Rev. Brad left last night. Rev. Nordell presided, especially on Sunday, when L. Lamerguy, Bloomhill, Alta. Rev. [illegible] and Rev. [illegible] were present.

Mrs. Hills reports spending a very enjoyable time with her children at the church was filled. Large number of people from Amisk Creek, Bardo, Ealing, Camrose, and Duhamel, also were present.

NEVER FIRE FIRST

— BY —

JAMES FRENCH DORRANCE

Author of "Set Your Mark," "Glory Rides the Range," Etc.

Clarke Kaine Arranged Through F. D. Goodfellow Publishers, Limited

(Continued)

Finishing the bite of caution he washed it down with a swig and continued: "I was very appreciative and thankful for the help you gave me, Major, in the matter of the cattle. There were three eligible heifers in the bunch that had been stolen by a person or persons unknown. Six steers of white markings could have shown great originality as lawful brand numbers than the natives at work there. And to be true, he said no slips at a slight supervisor.

Then, from a tent near the Indian encampment, there emerged a brawny man who answered the Major's call. Ringo—or Bandmaster he had been called had lived for Bar-7 ever since he was a thin-armed boy. Now he was a stocky, good-looking man in his prime.

In a flash he read premonition in the red-headed man who had received an orderly was to be Jerry Manders in his Montreal cabaret. Something of a surprise, this, but no real surprise in Canada—land of far-flung opportunities.

The reorganized outfit was to be allowed Lowell's first opportunity of the morning. Confirmation came with the appearance of a young squaw bearing a tray of breakfast which the sergeant ate a rough table before the tent. Inside, this bowed most heavily was with the Blackfoot, whose tribal range and country it was. Bella Jerry, the sergeant's wife, had supplied the rations—bacon, flapjacks, coffee and spoon the sergeant's service coffee and the wild animals. It was a pot-luck meal, but a good one, and the sergeant pronounced it so.

Then Lowell was ready to call a halt. Bar-7 was just ahead and he knew the way. Jerry Manders would be home. He invited the men at the fire to ride with him, but the sergeant declined, saying that he and his men would ride behind the chuck wagon.

Starting from behind the bather Sergeant Lowell, Manders and Ringo rode at a leisurely pace toward the ranch. The new foreman rode a couple of miles to the north of the road—the open prairie gave a better view—and Ringo, a quarter of a mile to the south.

Lowell, who had covered a dozen miles before breakfast, was not hungry, but he knew that he would be expected to eat another meal with the ranch people. He was not much disposed to talk, and Manders was inclined to be taciturn. So the sergeant was left to himself.

It was not his way to examine into the men who suffered in sun and storm. Yet, perhaps it was the "Kingdom Come" brand more or less evil deeds—and he regretted a distance to the left, and Ringo, a quarter of a mile to the south. Possibly Manders had been a little too hasty in his judgment of Ringo. Possibly Ringo had changed for the better since he had left the service. Possibly—

An Apache sprang out on his horse from behind a clump of cactus. He was a Mountain Apache, he said with a fierce look that was meant to frighten the white man, but he carry beyond the ravine "Hon da ray ma ne ay ah ha ah," he whispered.

Next day: Forgotten—Later

CHAPTER XXIV
Tent-Tied Tales

Sergeant stood and stared at the young woman marveling at her new appearance. A right good make-up, she had called it. He could truthfully make the statement stronger. When her eyes were laid dens and her rules stilled all trace of life showed was gone. She looked as stream as though she had been born on the trail of a mule, instead of and had pushed her bobbed strapped to a bench.

The fine lines of her slim young figure were revealed in rare effect by habitue of the North Coast half the year. Her hands, too, had undergone a change. Even a pair of gloves could make them appear more slender. For a one-piece garment, it certainly was of pieces, neither of pieces and tied together. He dimly, as if she could step out of it without taking it apart.

To her complexion she had done something to give it a rich copper tone. The hair, which had been a dull mouse brown, had been thickened with paint and powder and rouge, and also now ran a series of blue lines, a combination of the Indian dress which the Argonaut native women disfigure themselves. A flower tied up in a scarlet rag added the last touch of vivid blending.

Recovering from his first shock, Sergeant reassured himself of their identity. He couldn't make it plain yesterday but your coming here was beyond all reason," he demanded almost petulantly.

"Not on her brownie as myself," she murmured rebelliously. "I'm here, am I not? And you'll find me more reasonable for having had my own way."

She intended following him from the first, she admitted, and for that reason had not watched his descent from the top of the cliff, marking the difficulties he had overcome. After helping her father back to the saddle, she had given her evening to make up and reunite. Pa—left home before daybreak.

"Do you mean to say you tip-toed to the top of the cliff and climbed down it?" he asked incredulously.

She shook her head, flashing him a smile. I preferred by marching pass I came all the way down by rope-hanging on extra coil, ready hauled from the mission and tying it to the end of yours."

"But you won't be able to find the mission!" he observed, again looking trouble!

"Haven't tried. They think I silly pod in to see how they are faring and hanged out at once. From that the whites would not suspect my visit? They seem pleased perhaps Bates' out and will keep my secret."

He was not sure about the situation created by her unprecedented move. Conditions have changed of that interpose to make it a grave complication. Actually, the Indians never had been unfriendly toward the Bar-7 as bona-fiers. Hiya shooken Bar-7 as bona-fiers. Hiya shooken Bar-7 as bona-fiers. Hiya shooken Bar-7 as bona-fiers. Hiya shooken

"D & K are calling the herd Jerry," she explained. "Dad her watched the divvy and I'm in front this morn ing."

"But that doesn't seem possible—I mean that there are not enough of my men! trusted Gloorchem that the Bar-7 herd was to be cut out and driven to Medicine Hat."

Herbert seemed not to have heard him. Head up, eyes on the trail, he said rein where, beneath the table, he had his left hand. Then, with a quick movement wrinkled on he had been in the habit of using, he drew it out. But if this was the case it had been lost.

"All the gold, I said," he said at last, "and the silver, and the bank of attention to her astonishing exploit. "Dad's camp for safety? Is it safe?"

"I'm sorry that is right blind and his eyes are inflamed. I'm afraid he's in pain. Jerry's in another camp, and I'm in front of one of the two tents on the island dropped one to the bottom of the cliff. Dad's goodness would be terrible Packet!

Distinction Of A Car Driver

Having An Automobile Now Does Not Signify Anything

One organization long ahead. It was long ago the ownership of an auto mobile was a badge of wealth possessed only by the social elite. Now it is not considered a mark of distinction to be a motorist. Even the poor have cars. Here is a picture from Lac St. Wilson, Montreal, of a dilapidated

Guarding Kimberley Fields

The Kimberly diamond fields are well guarded. Here is a picture of a unit of the company's staff which was to prevent the native laborers from stealing the precious stones. They are searched on the completion of their day's work and are not allowed to leave the compound.

Mental Hygiene

Energetic Educational Campaign to Be Carried On

Organized only six years ago, the Canadian National Committee for Mental Hygiene has already met with a degree of success far beyond any expectations shared hope for. Dr. C. M. Hincks, medical officer, declared at the annual meeting of the committee held in Montreal. But though much has been accomplished the great work of the organization lies ahead. So field a practically limitless one.

It was decided to carry on an energetic educational campaign and arrangements were made for the appropriation of money for the extension of mental hygiene activities in the more outlying parts of the dominion, particularly in the western provinces, where there are the best of opportunities for demonstrating the value of mental hygiene.

Dr Charles F Martin was elected president for the ensuing year and Dr J G McKay, New Westminster, B.C., was appointed associated medical director. Drs J Halpenny and A T Matheson, Winnipeg, and President R C Murray, of Saskatoon, were elected to the executive committee.

Where Everyone Has Work

No Unemployment on Hayling Island Near Southampton

Hayling Island is almost the only place in England who there is no unemployment. It is near the big Southampton area, has a prosperous population of about 4,000, and at present no one seems to be receiving a penny from the national exchequer as dole. There are only 40 men out of the island are all busy in the fields, in the fishing grounds or in the shops. The resorts are allowing them to drop from a boom. As fast as they drop the harvest, they are taken on and placed in storage. A certain number are kept on the Holiday pay and beam spotted spider is raised for the purpose.

CONSTIPATED CHILDREN

Constipation is one of the most common ailments of childhood and any child suffering from it positively cannot thrive. To keep the little one well the bowels must be kept regular and the stomach sweet. For this nothing is better than Baby's own Tablets. They are a mild but thorough laxative, are pleasant to take and can be given to the youngest baby with perfect safety. Thousands of mothers use no other medicine for their little ones and find it always effective. They are sold by medicine dealers or by mail at 25 cents a box from Dr. Williams' Medicine Co., Brockville, Ont.

Where Two Ships Meet

Just why there should be the queen found in some quarters of Canada today passes the understanding of Canadian planters in Winnipeg which emphasizes the fact that in the only country in which the average income is sufficiently high to make the keeping of such a luxury possible. Queen bees are not to be had in Canada. Hence they must be imported from the United States and Canada for the first half of this year is lower than it ever has been in the history of the two countries. Death from contagious diseases is steadily decreasing and the infant mortality rate is said to be lower

Largest Lifeboat

The largest lifeboat in the world is now recently launched in England. It is a steamer, 70 feet long and capable of carrying 150 persons. There are two cabins in the boat, where medical attention and hot refreshments can be supplied when necessary

Shortest Prison Sentence.

What is described as a record in short prison sentences was set up at Tottenham, Eng., when [illegible], magistrate, at 11:30 one morning, ordered a prisoner to be detained in a cell until noon and then released.

A Profitable Crop

Diversified Methods Paid For the Operation of the Farms

A bumper crop, of which the returns were all clear profit, is the good fortune of Ernest Bolell, of the St. Paul de Metis district of Alberta, this year in accordance with act requested of him. Mr Bolell inclined towards cows and pigs for production of present cash and the result of his wisdom was that those branches of his industry paid for the operation of the farm and the living expenses of the family. It so happened that his grain crops also prospered, and according to calculations Mr Bolell's profit from the year will be in the neighborhood of $2,000.

Spider's Web Used For Field Glasses

Are Stronger and Thinner Than Any Other Substance

The fine strands of spider's web are the strongest and the thinnest substance known to man. It would take ten thousandths of an inch thick they are said to be more better than any other substance for the purpose, and the surveyor's telescopes so far fed with spider's web have taken the lead. The insects by allowing them to drop from a loom. As fast as they drop the harvest, they are taken on and placed in storage. A certain number are kept on the Holiday pay and beam spotted spider is raised for the purpose.

U.F.A. Vice-President at Tofield

On Monday evening at the town hall some twenty farmers turned out to hear an address from Mr. Schofield, Vice-President of the U.F.A. The attendance was diminished, no doubt, by the fact that the meeting had received exceptionally short advertising. Mr Boone of Camrose, director for this district was also present and rendered an address as also did Mr. Hutson of the Wheat Pool staff, who happened to be passing through.

G. Abernethy occupied the chair.

Mr. Schofield said in part: He would like to have seen more ladies present in the audience as their work in the association was invaluable. As a farmer he was well aware that threshing had to be attended to as it was the culmination of the season's work. He was very glad to see those present and if anything he said bestirred them he would be well recompensated. In 1909 there were 12 U.F.A. locals with a membership of 1200 but now there were 175 locals with a membership of [illegible]000. The membership had not been larger, but the last years had been effective upon the payment of membership dues. There was every excuse for the non payment of dues by some, but he told hardly understand that financial matters were wholly responsible for the drop in membership.

The U.F.A. is an organization of farmers. Originally the farmers did not want to organize but pressure from groups that were organized convinced them that if they did not become organized they would become hewers of wood and drawers of water. There were some who would not see the necessity for organization. After organization power for good and responsibility to the state was soon found. They also acquired knowledge, mass knowledge. Some claim that thegroup idea is wrong. It may be wrong, but it has come to stay. Other classes are organized and all farmers class is equal rights to all and special privileges to none. The group system has been tried out in many walks of life. The North American Continent is organized in groups. There is group production as evidenced by large manufacturers; then group finance, and also group distribution. If it is right for all other classes, it is right for the farmer. The farmers have no daily press to oppose the aggressions appearing in practically every daily paper, and after reading these arguments again and again, sometimes farmers believe them. Farmers had a right to organize on group lines and to organize pools for the selling of their product. This was the coming system.

There were three points that he wished to stress. Firstly, their forces must be organized. At present the U.F.A. membership constituted about 15 per cent of the farmers of Alberta. This was not enough, they should have 100 per cent. Manufacturers have organized their strength, not by having a membership of 15 per cent but by being organized nearly 100 per cent. Farmers must learn this lesson. Next in education, not in the scholastic sense, but broad general knowledge that brings out the best there is in us. This kind of education goes on all our lives until the last breath is drawn. Agriculture cannot stand alone, it is interdependent on other lines and farmers must get to know of other things. As an organization, this knowledge, must be obtained. The, must have knowledge to use democratic and must get class consciousness and own racial pride. For a great many years the only form of democracy practiced was just a form every four years on a ballot. If they were to do no more than this they could stop right now, but he hoped every man present desired to be more. A writer had said in effect God gave men liberty at the price of eternal vigilence, the neglect of which was servitude. They must not let others have rights that belong to them, or others will soon believe that they were God given and will fight to retain them. Our duty is not to ourselves alone, but our children.

They were told by many that it was wrong for farmers to go into politics but that the U.F.A. is an excellent economic organization, but shall have stayed out of politics. He could not see why economics ended and politics began. The farmers must carry their wholly not in part. They had to decree to control the government, but wanted group representation on the floor of the house. They totally instead other groups, there here would be a confederation of groups for the betterment of all. They wanted every group to realize their responsibilities and to acquire mass intelligence.

What has the U.F.A. done, and why should I join the U.F.A.? Putting this on the lowest basis, the financial basis, the organization have more than justified itself. The farmers' organizations were responsible for the price of wheat being $2.21 instead of $1.20 as advocated by Sir George Foster during one of the war years. The association was instrumental in bringing into affect the Municipal Hail Insurance which saves millions of dollars to the farmer. If the financial advantage to the farmer due

Mr. Fred Sutton had the telephone installed at his home last week on time these.

Miss Susan Ratagan, came down from Edmonton on Monday for a visit at the home of her sister, Mrs. J. H. Ingram.

Donald, the ten year old son of Mr and Mrs. Carlisle, was taken seriously ill last Saturday. He was rushed to an Edmonton hospital where an operation was performed by some evening for appendicitis.

A number of our young folks attended the dance at Kingman Thursday night.

Remember the basket social and sale of work at the school house, Friday night, December 5th. All are invited to attend.

A very good attendance turned out to the M.A.S meeting at Mrs. Hewson's on Wednesday afternoon [illegible] on the activities of the association were read to the association every [illegible] would have it done, read up [illegible] The association has limited [illegible] to be met at all. Where the U.F.A. local has grown out of existence there is a complaint that too [illegible] a socially disintegrating. The association has always pressed for [illegible] educational facilities. It has always stood for the best [illegible] for all, beginning with the children. There has been started, due to the U.F.A., the largest pool ever started in the world over, the Alberta Wheat Pool, which is now combined with Saskatchewan and Manitoba pool. This was possible because of the organization the had received as a body. There was another farmers' organization in the field, the Farmers' Union. He could see no need for a second organization, as anything that could be done for the farmer could be done by the U.F.A. He would refer to see any who were not satisfied with the U.F.A. to come in and express their views and make it a live thing. He was not "sore" at the Farmer's Union, just though that they were mistaken. The new organization which started in Saskatchewan [illegible] ...

The Ladies' Aid sale went fine, although the crowd was not very large. The goods sold very well and the proceeds came to a little better than $100.00.

Sever Strand who has worked for R. O. Berg has gone to Camrose to attend the Lutheran College. His [illegible] are to learn English.

[illegible] Lever where she has been helping Mrs. J. Blackburn since before harvest.

Those who have been getting [illegible] lately in this vicinity are, E. C. Olson, C. Klasing and A. Erickson.

[illegible] from Hershberger and family are using first rate in December for the State where they expect the winter.

Mrs. Pearson and daughter, Edith [illegible] gone to Edmonton to remain [illegible]

KINGMAN

On Sunday afternoon a big [illegible] party was held at Mr and Mr[illegible] Anderson. They were presented with [illegible] very useful gifts and a very enjoyable [illegible] was had.

Mr. and Mrs. Carl Larsen of Tofield visited Mr and Mrs. Roy McInnis on Saturday.

Mr and Mrs. Thor Grahn and Mr and Mrs Ed. Johnson visited Mr. and Mrs Jack Haward of Round Hill on Sunday.

Mr. Mick Johnson of Edmonton escort horses in Kingman last week.

On Sunday evening a great number turned out with [illegible] and a very enjoyable time was had.

Mr and Mrs E. Fr Leon and family [illegible] Mr and Mrs Charlie A[illegible]

[illegible] at 8:45 Miss Peter Reid [illegible] for Edmonton on Saturday to get married. Mrs. Paulson accompanied them.

A very enjoyable party and shower was held at the home of Mrs. Mc[illegible] on Tuesday evening in honor of Mrs. L. Reed, nee Miss M. Grisdale. The evening was spent [illegible] and song. On Wednesday [illegible] left for Edmonton where she will join Mr. Reid.

THANKS

The Ladies of the Catholic Women's League, wished to thank their friends both Catholic and non Catholic who by their donations or work or both, to make their bazaar so successful. They also wish the Ladies' Aid the same success on their bazaar this coming [illegible]

There was a regular meeting of the local school board at the town hall on Tuesday evening, there being present, chairman John Lee and Trustees Chapman, Cookson and Wotton. The Principal's and teachers reports were read and other routine work attended to.

The secretary was requested to get the doors at the little school to open outwards instead of inwards as at present.

On Saturday last the Catholic Women's League held their annual bazaar and sale of home cooking at the Institute rooms. The entire event was exceedingly successful, $270 being realized for the church.

The Ladies' Curling Club held a very enjoyable dance at the Variety Theatre on Friday night last. The local orchestra efficiently furnished the music. The affair was a financial as well as a social success the ladies netting about fifty dollars profit.

A regular meeting of the Fatal council was held at the municipal hall on Wednesday. The minutes of the meeting will be published as soon as available.

M. Merchlberg, optician, Hedges Block, Edmonton, will be at Alexandra Hotel, Tofield on Tuesday, Dec. 9th. Spectacles, glasses and artificial eyes fitted at moderate prices.

WOMEN'S INSTITUTE NOTES

The regular social meeting will be held in the rooms on Tuesday, December 16th at 2 o'clock sharp. We hope to see every member present, as there is also the annual meeting and election of new officers for the ensuing year. Will every member please make a special effort to be present. Bring any hand work you have. Mrs. Hoag's and Mrs. Brace will serve lunch.

THE TOFIELD MERCURY

Published Every Thursday at Tofield, Alberta

THURSDAY, DECEMBER 6, 1928

W. WORTON, PUBLISHER

VISIT OF THE VICE-PRESIDENT OF THE U.F.A

It is to be regretted that the attendance was not larger and that the meeting was not better advertised on the occasion of the visit to Tofield, on Monday, of Mr. R. G. H. Scobield, vice president of The United Farmers' of Alberta. The vice-president of an association of the magnitude of the United Farmers', in within the association at least, an important person, one, owing to his multifarious duties, it is not easy to procure to speak at meetings in this portion of the province. Therefore, it was an opportunity by many, missed. The vice-president dealt, in his address, largely upon organization and association matters, in the exclusive matters pertaining to the gutter ment. In fact boy ral referring accidentally to the fact that the association was in politics he left political matters severely alone. [illegible] monthly his address was [illegible] nal [illegible] starting, I'd seem right to organ to inject enthusiasm into new and old members of the association. The impression left by his address on the audience [illegible] appearance of a man of his association predecessors was on U.F.A. platforms a Tofield there was an earnestness of purpose that seemed to stamp him as a genuine worker in the interests of the farmer, with but little thought of what offices it might lead him to.

At a more appropriate time we will give the right an ant of publicity his last should be sufficient to bring out a large audience.

STARTING ON TIME

A matter that is not new, but which was much in evidence at the meeting on Monday night is the hour at which meetings are commenced. This meeting was billed for eight o'clock, but it was after nine before it got under way. On the other hand it was going strong at 11:30. At that, it was little or no worse than most country meetings of all kinds, it being quite generally presumed that if a meeting is to commence at a certain hour it is wise to bill it for an hour earlier. Fifteen minutes leeway is ample and 10:30 is none too early for meetings to adjourn.

Publicity Paragraphs

Represents Alberta

Premier Greenfield who is on the coast at present in connection with the conference on the natural re[illegible] is representing Alberta at the International livestock and grain show at Chicago during the coming week, at which Alberta will be represented by live stock and seed grain. The livestock exhibit from Alberta are [illegible] Ayrshire, Canadian Cattle [illegible] and the seed grain exhibit in charge of F. H. Newcombe, district agriculturalist from Vermilion. The stock judging team from the Alberta University in charge of Prof. Sackville is also in attendance at Chicago.

Alberta Dairy Herds Stand Well

Alberta dairy herds are well represented in the Holstein Friesian official records for September and October, in competition with Holsteins from all parts of Canada for the two months records, the mature class is led by the University of Alberta cow, Sady Mutual Oakie with a record of 28.46 lbs. of butter and 950.6 lbs. of milk in seven days.

In the yearly tests, the cow, Vronka Mercedes, owned by the Provincial Department of Agriculture, and one of the Holstein of 92.5 lbs. of butter and 24,416 lbs. of milk in 365 days. In sub-division D for cows milked over a day, A. L. Pederson, of Edgerton, Alberta, has three cows which made very creditable records during the yearly tests.

Geo. H. C. Ivor, of Calgary, a prominent young grain man, has been appointed to the position of western sales manager for the Canadian Co-operative Wheat Producers, Ltd. which commence the three western provinces.

Lay Steel on New South Line

Laying of steel has commenced on the new Rip-Lamond extension of the Tofield branch of the C.P.R. This new line traverses the Lethbridge Northern irrigation district and stations are to be established at Rosemond City, Iron Springs, Turin and Picture Butte.

Winter Fish Catch in Alberta

Preparations are now under way for the winter fishing operations on the big lakes of Northern Alberta. A total of 156 commercial fishing permits have been issued by the Dominion Fisheries office in Edmonton, compared with 450 that year. It is expected 0 more will be issued. The fishing centres are at Chipman on the A. G. W. from where over 1,500,000 lbs. of dressed white fish was shipped last year.

MOTHERS LIKE TO TREAT COLDS WITH VAPORS
Direct Treatment with Vaporizing Baby Inunctions Renders Internal Air Passages.

It reaches tender parts immediately in deep-lying colds, like croup, tracheitis, bronchitis. Many Londoners use it every night—rub the throat, chest and back with it—and keep it handy for the children. Its the cold troubles of all the family. Because it is just rubbed over throat and chest—there's nothing to take. Has no upset stomach gives off no acid fumes which are inhaled direct to the throat and passages, loosening the phlegm and easing the breathing tissue.
At the same time it is absorbed and stimulates the skin like a mustard plaster and then rubs the vapor-vitalized oil into the pores.
At all druggists, 50c a jar. For free sample, write Vick Chemical Co., 30-34 St. Paul St., W., Montreal, P.Q.

PROVINCIAL LIBRARY DEC 15 1924 EDMONTON ALBERTA

Local Man Wins Award

At the big international show held at Chicago last week, T. E. Soole was awarded ninth place for an exhibit of Victory oats. This was in open competition with the world and for a young man with only a few years of grain raising behind him a worthwhile achievement. The grain, of course, was grown from registered seed. Incidentally the Tofield district has been given a boost as being able to produce oats comparable to those grown any place in the world. In an interview with the Mercury, Mr. Soole said that he was pleased to have been awarded ninth place, especially so as a fall of rain slightly marred the color of the sample sent but the kernel was practically perfect. He is of the firm opinion that as an oat raising area, this district cannot be surpassed.

WOMEN'S INSTITUTE NOTES

The regular social meeting was held on Tuesday, it being also the annual meeting and election of officers for the ensuing year. The new officers are as follows: President, Mrs. McClung; vice president, Mrs. Doak; secretary, Mrs. Pascoe; treasurer, Mrs. Forth. The last two named were re-elected of the office respectively. The board of directors have not yet been chosen. Very little other business was done, but a social time spent over the tea cups. Mrs. Bairnes and Mrs. Bingley serving a most delicious lunch, topped off by real home-made candy. The next regular meeting will be held the second Tuesday of the new year.

Have you joined our library yet? If you haven't you'll be asked to, for we need your dollar to keep up a new thriving library, one that Tofield can be proud of, and every citizen should wish to join and make it possible to make it bigger and better

News From The Country

KINGMAN

Patience and perseverance conquers all things. After two months of very difficult work threshing was finished on Tuesday at C. Wilkins, all have now threshed except 40 acres of barley for McMullen and McDevitt this being too wet. Dressing poultry will be the next item on the program.

Miss Ionan Ratigan returned to the city last Friday.

Miss Mildred Lawson and cousin Ansel visited Miss Mabel in Camrose last Friday.

Mr. Chester Coombes left last Friday for Portland, Oregon, to visit relatives and to look over the country.

Mr. L. Carlisle returned from Edmonton on Monday evening, after spending the past week with his son Donald. We are glad to hear Donald is now doing fine.

Mr. Ansell Lawson returned home last week from his second hunting trip, being fortunate enough to shoot a moose.

The annual meeting of the W.A.S. will be held next Wednesday, Dec. 17, at the home of Mrs. G. W. Sears at one o'clock. Preparations for Xmas will be made, also election of officers so please come early. A social invitation is attended to all.

The Alberta Telephone have made quite a change in our neighborhood the past week, putting in one new line, line 19, also switching others around on different lines.

The basket social given at the school house last Friday night was a complete success, in spite of threshing and bad roads. We wish to thank one and all who helped in any way to make it a success. Rev. Watt, who acted as chairman and Mr. Hingley ably auctioned off the baskets and articles. Especially do we wish to thank Rev. and Mrs. Watt, the Hingley family, Nome'and sisters, and Gibbon sisters who gave the entire allowance. The proceeds of the evening amounted to $73.15

TURKEY SHOOT

At Henry H. Sutter's, Thursday, December 18th. Starting at ten o'clock. One mile south of Bardo village. Come and get your Christmas turkey. Also a few ducks. Free lunch at noon.

U.F.A. MEETING

Will be held at the

Town Hall, Tofield

Saturday, Dec. 13

at 8 p.m.

Speakers: W. T. LUCAS, M.P., and A. M. MATHESON, M.L.A.

Everyone Turn Out To This Meeting

THE MARCONIPHONE requires no recommendation. This wonderful machine reminds of the Ford and the Dodge cars. None will "knock" them though they are selling competitive makes, because EVERYONE ADMITS they are good.

It is the same with the MARCONI made radio. The machine made by the man who first discovered wireless messages MUST be one of the most expertly and perfectly made.

There are models to suit from the "thin" to the "fat" pocket.

WE are AGENTS FOR THE MARCONI, and will be pleased to demonstrate. Before buying your radio don't fail to see us.

Church Bazaar a Success

The annual sale conducted by the United Ladies Aid was held in the Institute rooms on Saturday, December 6th.

During the entire afternoon the rooms were thronged with eager purchasers, so that by six o'clock practically all the articles offered for sale had been disposed of. The ladies wish to thank all those who made donations and assisted in making their 1924 sale the best in the history of their society.

At the communion service at the United church last Sunday evening, Mr. Jones sang most acceptably a solo entitled "Open the Gates of the Temple." It is the desire of all who read the priviledge of hearing this splendid rendering of this solo that Mr. Jones may sing again for us in the very near future.

Fred Logan of Innisfree is visiting his father, J. Logan in the Logan district.

Mr. Ed. Berglund was a business visitor in Kingman on Monday.

The following were visitors in Camrose on Saturday. Mr. and Mrs. T. S. Lowry, Mr. and Mrs. Frank Johnson, Olaf Gibson, Mr. Ed. Johnson and son, Mrs. E. Erickson, Mr. Ole Bergum and others.

A ladies' and male was held in the Lutheran Church on Thursday evening December 4th. The goods auctioned off brought very good prices. Lunch was served afterwards.

Mrs. Thor Grahn, Mrs. P. Simonson, and Mrs. Thor Horte attended the ladies and sale, held in the Bardo town made grandfather's (KTAO) SHR Church on Friday.

Mr. Duncan Jamson made a trip to Camrose on Monday.

Mrs. Clark of Dalsmail is visiting her sister, Mrs. Gust Bard in Kingman.

LINDBROOK

Those who renewed their attempts at threshing here, are now practically through, and we venture to say that they are particularly glad to be finished with it.

Mrs. J. Wanneroott is spending X-mas with her husband on his place here. This sounds queer, just as if they had parted, etc., but no, as most of you know, Mrs. Wanneroott is a graduate nursing case, and after she and son has been living with her daughters. This looks as if her health is improving and we sincerely hope that such is the case.

Friday, the 5th, the day set for Mr. Rogers' sale, turned out to be cold and blustery, still quite a crowd were present and the much sorry, too, as

Local News of Interest

The young people of the United Sunday School are busy these days practising for the Christmas tree and concert to be given in the Variety Theatre on Monday, December 22nd at 8 o'clock in the evening. A bag of candy and nuts for everyone is being provided by the committee in charge.

P. F. Ingram wires from Victoria that he will pay for No. 1 turkeys 28c. For No. 1 chickens from 4 to 6 pounds, the same, and all others according to grade and by freight up to the 14 h. after that ship by express. These prices are F.O.B. Victoria. The address is 1144, Lockhead Ave., Victoria, B.C.

Young Jackie White is sick with influenza, chicken pox, or measles. We sincerely hope Jack is well before Santa says his annual visit.

W. Chapman was in bed with an attack of the grippe for a few days this week.

Mr. Chas. Gordon of Vegreville was a town on Tuesday visiting friends and acquaintances. Mr. Gordon is a prospective candidate for the federal house. He is mayor of Vegreville and well and favorably known throughout the constituency.

Some alarm was felt by his parents on Tuesday night when young Arthur Bertram failed to arrive home for supper. As the hour grew later, frequent enquiries brought out that he had "sighted a freight train and gone as far as Viking. Communication with that point verified this and arrangements were made to have him come out on the liner.

Born.—To Mr and Mrs. J. G. Burnett, on December 11th, a son.

W. C. Bilbrain visited Edmonton on Sunday.

Mrs. M. Wood was a visitor to the capital city on Monday

W. C. Burt, paid a business trip to Edmonton on Wednesday.

Mrs. Pascoe, Mrs. and Miss Hay, and Mrs. W. Watt were visitors to Edmonton on Thursday.

Miss Pardoe is visiting her grandmother who is in the Edmonton hospital.

TURKEY SHOOT

A turkey shoot will be held on Friday, December 26th, at noon, at W. Cain's, half mile north of the Tofield public school.

CARD OF THANKS

We desire to thank the many friends for their kind help and sympathy during the bereavement caused by the passing away of our mother, Mrs. Pascoe. We also desire to thank those who contributed the many beautiful floral offerings.

Mr. and Mrs. Will Parker and Family.
Mr. and Mrs. Frank Lee and Family

Radiola's Make Good Christmas Gifts

RADIOLA III.—This receiver meets the demand for a thoroughly efficient receiver at a low price. Used with an aerena a hundred or more feet in length, Radiola III. will give excellent all-round performance. As a man's Xmas gift to the family, it cannot be surpassed. $45.00

RADIOLA III.A.—This is exactly the same equipment as Radiola III. and Radiola Balanced Amplifier combined, but mounted in one unit. A clear true reproduction is obtained out of all proportion to the cost of the receiver. Can be operated with loud speaker. Makes a splendid Xmas gift, the family clubbing together. $60.00
With loud speaker $115.00

Are The Voters Indifferent?

Every Provincial election in the United States is remarkable in one or more ways, but in Ohio it is most remarkable because of the poor attendance. point was the attempts that were made to induce men and women qua ified to vote to go to the polls. A case in point is that of Fellow. While a prisoner in the state jail he made application to obtain it and but an examination of the history of this old world, in the insistent demand of people to exercise the rights of self-government, is found its precursor. But subsequent events have accorded them what a large percentage of the people classify neglect and indifference in the exercise of their franchise through which alone can they really govern themselves.

In the great cause of voters neglect to cast their ballots democracy is in danger because they are living the ideal which seeks to rise above all party parties and cliques and individuals with personal axes to grind, rather than a partisan desire to advance the welfare of the country as a whole. All to vote and lovers of democracy realize the danger that exists consequently in the recent Presidential election an unprecedented effort was made to arouse the voters from their apathy. [illegible] polling booths.

In the Presidential campaign of 1876 when William Jennings Bryan was his heroic struggles for the gold standard, there was a total registration of [illegible] to the polls. A quarter of a century later in 1912 with all the excitement [illegible] Roosevelt and Woodrow Wilson [illegible] between these [illegible] a total [illegible]

During the world war [illegible] the patriotic enthusiasm was aroused by the National [illegible] in a time of [illegible] every [illegible] failure to [illegible] and [illegible] to [illegible] to [illegible] to

CONGRATULATIONS

is with no small amount of pleas... for our congratulations ... holds on his success at Chicago Grain and Live Stock ... another we like to report. It is ... unanimous accompanying Tofield ... at outside points. Mr. ... was awarded ninth place for a ... of oats, which considering the ... of exhibitors in a very ... achievement.

... trade, interest and knowledge ... ted with agriculture are the ... that will eventually place it ... par with any profession. ... farmer knows that there is more ... his life than mere brute strength ... agriculture, even though hard ... is evidenced by with his ...

... are some of the prizes taken.

In the Hereford cattle, the Alberta University herd sold took first. This calf also took the first in the John Clay special for agricultural colleges, and also took second and reserve championship in Hereford special. The University also took third place in the John Clay special, group of five steers. Frank Collicut of Crossfield took first in senior Hereford heifer, and fourth in two-year-olds. A. G. Bage of Daylsland got a place in every event in Herefords, and got second in herd of graded Herefords and fifth in Hereford bulls. He also got a reserve junior championship.

In Shorthorns, the Shorthorn heifer Princeton Rosewood, from the Palmer's ranch took first in its class. J. D. Clarke's Shorthorn calf exhibited by the University took third, and the Prince of Wales' King of the Pearson took fourth in its class. In Angus cattle, Henderson of Lacombe got second on the aged cow class. The calf shown by the University and given by Dixon and Hunter got fourth and sixth in this class went to Mc. Kennon's Bros. calf shown by the University Henderson got fourth in Angus bulls, and in the three year old class the Lacombe Experimental farm took fourth.

In horses, the sensational win was that of Wm Donald of Weber Bros., Lloydminster, who captured the championship that class for the third time. La Grande farm won first in the aged mare with its sire still in service.

Grains and Grasses

The red winter wheat, Non Pareil, grown by Gustafson and sons, W. Barker, Lloydminster, 11th; Mary Strange, 12th; Geo. Enoch, Lloydminster, 13th.

In oats, J. W. Lucas, Hay Lake got third; D. S. Longhead, of Knee Hill Valley, 8th; T. E. Soule, Tofield, ninth; Frank Ball, Strathcona, 10th; Alec Galeway, Vermilion, 11th; J. H. Burton, Tofield, 12th and A. E. Barton, Fourmost, 13th.

In Barley, the winners from Alberta were, E. A. Mosh, Manville A. E. Barton, Fourmost; and W. J. Percy Caley.

In yellow peas, first and championship went to J. T. Hill of Lloydminster and third to Major Scraps of Penn and fourth to H. C. Grahe of Riverton.

In Alfalfa seed first and championship went to Nich Chelin of Brooks, 10th to M. Derbon, of Gem; 12th to Don Bart of Brooks; 13th to Dan Lessy of Camilla; 14th to Mansour Bros. of Brooks, 15th to J. H. Hyde of Brooks.

In timothy, second went to A. E. Hendricks of Pleasant Creek; 3rd to R. Cashman of Grande Prairie; seventh to A. Longhorn, of Bowden eighth; to L. Bassett, of Pitcher ninth to D. Cyr, of Pitcher and 10th to A Pelletier, of Pitcher.

The Tofield Mercury

HOCKEY PICTORIAL A MASTERPIECE

The editor has received a copy of the Hockey Pictorial which has just been published, and which is at once the handsomest and most complete publication ever produced in the world for any single sport. It is a marvel of good taste in artistry and industry of achievement. It is impossible to speak too highly of it.

The book represents years of effort, typographically and pictorially. It is a "masterpiece". From cover to cover it is embellished with group pictures of champ-ship teams from 1906 to 1924, in fact the history of Canadian Great Nations' Winter sport is told in pictures.

Old timers will be interested in the handsome half tones of the teams, who were prominent a generation ago, while the younger enthusiasts will enjoy the reproductions of the more recent winners.

The book is not only lavishly illustrated but is literally crammed with much interesting information regarding individuals clubs and leagues throughout the country.

Local fans will find a very interesting group picture of the Edmonton-Strathcona Hockey Champions of 1923 on the front cover and also a complete history of the players and records right to the finals.

The book will sell for $2.00, and can be secured by writing to the Hockey Pictorial, Victoria Street, Toronto.

in
"Cupid's Fireman"

Evolved combined with dramatic action and strength of plot make the Fox screen version of "Cupid's Fireman" at the Variety Theatre one of the best thrillers ever shown in Tofield. Adapted from the story, "Andy McGee's Chorus Girl," by Richard Harding Davis, the picture follows the narrative in all of its romantic glamour.

The picture has been dedicated "to Firemen the world over who face the perils of flame and smoke that your life and property may be safe."

Ketchamoot News

Everything has been at a standstill since last Sunday, no preaching service, no school and the M.A. meeting was postponed on account of the severe cold weather.

Mr. and Mrs. Oscar Barnes have moved down to the home of Mrs Barnes' parents, Mr and Mrs. F. Hull [illegible] the winter.

[illegible] are expected to [illegible] home the latter part of the week.

Mr. and Mrs. Radclaugh had the telephone installed at their home last week on long four.

The school children and teacher are busy preparing for their Christmas concert to be given at the school house next Tuesday evening, December 23rd.

Messrs. McMillan and Turner shipped turkeys to Victoria last Thursday.

Mr Maurice McGuire put on a radio concert at the school house last Thursday night, with a large attendance. The set used was one Maurice had assembled for Mr. Ward of the Tofield mine.

THE HALL OF FAME

There has appeared in Tofield a chocolate bar, which requiring, as an added inducement to buy it, a printed photograph of a professional hockey player. The idea is not new, except as applied to pro hockey players. The collecting of these pictures have caught on with the younger generation like wildfire and considering the short time the bars have been on the market the number some of the boys have is astounding.

There was a keen desire to possess "Sir-tity" known in wider circles as Laura Scott, and bars were bought with utter abandon, in several cases the chocolate being thrown away, until friend Scott's smiling face came to light. This was the opportunity to embark in high finance, and various bids were immediately made, the last report being that this valuable unit changed hands at ten cents. Other pictures of Laurie Scott having now appeared there may be a drop in the price in the premium and there may not for there are many bids. There is a continual exchanging of cards as each boy endeavors to complete a team.

The craze, even though it be temporary and harmless enough in general principle, is not all to the good, as some of the boys are stuffing themselves with more chocolate bars than is good for them and spending more money for one form of luxury than is wise.

Miss Napier has accepted a position with Rogers Bros.

50 Below Zero

On Saturday night the weather bird had been very good, changed the most frigid variety. On Sunday there was a high wing accompanied by a low temperature. After the storm abated the mercury fell lower still, hovering around the fifty below zero mark and at time of writing [illegible] delivery cold.

The cold wave is general over the [illegible] and almost every one is [illegible] the same hard pull to keep up their service. Railroads are operating under difficulties, a large number of trains being reported late.

In several towns have had serious fires, and cases of frost bite and frozen limbs are numerous.

U.F.A. Meeting

U.F.A. MEETING

The U.F.A. meeting advertised to take place on Saturday last was attended in spite of the snow storm by a full, being comfortably filled. The speakers, however, A. M. Matheson, M.L.A., and W. T. Lucas, M.P., were both unable to be present. Mr. Lucas had a previous engagement and Mr Matheson was storm bound somewhere between Tofield and Vegreville.

The meeting among other matters discussed at some length the proposed live stock pool and on the whole appeared in favor the move.

Quite a number of other matters were discussed in a general way.

The annual meeting was set for December 27th at 2 o'clock at the Tofield town hall.

A team of bowlers from Beach and Calvert's bowling alley, invaded the capital city on Friday night last. They were, however compelled to return home with the short end of the score.

The following are the scores

SANTA CLAUS USES THE RADIO

Until this year little boys and girls could only write to Santa Claus; now he has letters and can in the meantime be delivered. But this year the Radio Department of the Canadian National Railways made an arrangement with Santa Claus and letters from boys and girls, all over Canada, are being broadcast from the C. N. R. Radio Station to Santa as he was all up in the Far North. Santa acknowledges each evening by radio that he is hearing what his little friends have to tell him.

Although he is very busy now, Santa Claus visited every broadcasting station of the Canadian National Railways, in Moncton, Montreal, Ottawa, Toronto, Winnipeg, Saskatoon, Regina, Calgary and Edmonton, telling his little friends to write him care of the C. N. R. Radio and thousands of letters from boys and girls have been received and forwarded on to Santa.

The picture you see here was taken in one of those stations as Santa was speaking to his boys and girls through the microphone, which is the instrument used to send the sound of the voice dancing out over the world on the radio waves.

Down below you see one of the big engines that the Canadian National Railways are going to lend Santa Claus to carry his huge pack of toys, if there is not enough room in his reindeer sleigh. There are the biggest and most powerful freight engines in the whole of the British Empire. They are steady pull a train of 150 loaded freight cars; as you see, Santa Claus will have no trouble bringing all his toys, no matter if there isn't any snow on Christmas Eve.

LOCAL

Friday visitors to Edmonton from Tofield included Mrs. J. D. Hartman, Mr. and Mrs. Secord and John Jacobs.

Mr. and Mrs. Schrader left for Vancouver on Thursday last.

Miss Gray visited the capital city on Friday.

Saturday visitors to Edmonton included Mrs. Gray, Mr. and Mrs. J. E. Johnson, Mrs. B. Lovell, Mr. and Mrs. A. Baptiste, B. Morrison and others.

Mr. A. J. H. McCauley visited the capital city on Monday.

Mr. T. R. Henderson left on Monday over the C.N.R. for a visit with relatives in England and Ireland.

Mr. and Mrs. W. C. Hilman left over the C.N.R. for Ogden, Utah, U.S.A., and round points on Monday.

Mr. McLaughlin visited Edmonton on Wednesday.

Mr. Allen from Nelson, B.C., is taking the place of R. R. Hanson at the local branch of the Bank of Montreal.

TURKEY SHOOT

A turkey shoot will be held on Saturday, December 20th, at 2 p.m. at Strathcona, half mile north of the Tofield public school.

Mr. J. Secord rendered a solo at the Tofield United church service on Sunday evening.

Mr. Scott was a city visitor on Wednesday.

A location of the Bank of Montreal staff has been transferred to Calgary, Alberta. Bob, as he was generally known, has been at Tofield for a few years now and during that time made a host of friends who will regret his departure. At one time he was a member of the local basketball team, being a better than now able.

He also played the clarionet in the local orchestra. He was an accident insurance enthusiast during the summer months.

CARD OF THANKS

We wish to thank the many friends for their great help and sympathy during the illness and decease of our beloved wife and mother.

Lindbrook News

Seeing that this will be the last issue of the Mercury that you will see before Xmas the people of Lindbrook wish to convey the compliments of the season to the editor and he sure reciprocates who are our friends and neighbors.

On Friday evening, the 12th, a whist drive was given by Mr and Mr A. Scott at their residence here. The laughing was good and the vanilla sold and all enjoyed the drive to a fine. Seven tables were in play and a "half time" ice cream supper was served, after which [illegible] commenced. The ladies first was won by Mrs Joseph Lepine. Mrs W Cooper being awarded the booby. A. Harris secured the gent's first [illegible] Mr Weatherall of Tofield the booby.

Sunday's weather prevailed as has winter is here alright and the sudden drop in temperature is keeping people and those days, home both of new [illegible]

Mrs H Peters Passes Away

The death occured at her home, Tofield on Thursday, Dec. 4th, of Mrs. Hay, wife of Robert Hay. The end came at the ripe age of [illegible] years and after a lengthy illness [illegible]

[illegible] she was united in marriage to Robert Hay. By a strange coincidence she died on the anniversary of her wedding day. With her husband she came west five years ago. She leaves to mourn her loss, four sons and five daughters. These are Lobbert, Albert and Wilmot of Tofield and Robert of Canterbury Daughters, Mrs F. Scott and Mrs K. Lowlston of Tofield and Mrs. Mayor of Vancouver, N.B., also Minnie at the family home.

The funeral was held on Saturday Rev. Watt officiating, interment taking place in the Tofield cemetery.

Mr. Peters and Mrs. Robinson of [illegible] a daughter.

SCARLET FEVER COURT CASES

A number of court cases were tried on Thursday last at the town hall, all being out of the recent scarlet fever epidemic.

R. Edwards was fined $5.00 and costs for not reporting. A complaint against Jack Blake for entering quarantine was adjourned until Friday next and a complaint against E. Hardy was also adjourned until Friday next.

The Tofield boys' team from Ryley [illegible] defeated the [illegible] Tofield [illegible] by a score of [illegible] to [illegible]. Mr. [illegible] was referee.

Due to the extra cold weather Tuesday last the filming of Pickford's picture was very slow and futureless. The stage was put on for two days on both and was found of $500.00, and given a suspended sentence of six months.

Kingman News

Mr B. Patterson and Dora Benson were visitors in Edmonton over the week end.

Mr and Mrs. Joe Monson and sons of Camrose, visited Mr and Mrs. C. B. Bell over the week end.

Mr and Mr C. R Ely's nee, Miss Hazel Rippert, Mr and Mrs. Jos Monson and Mr and Mrs Strand visited Mr and Mrs. Erickson on Sunday.

Mrs. Bessie Downs of Ketchamoot visited the Norris family over the week end.

Mr. H. A. Manning and Mr. Ayre of the Manning-Sutherland Lumber Co., Ltd., were taking stock at the local yard last week.

The worst blizzard for many years raged on Saturday and Sunday of last week. As a result, trains are delayed this thing is held up and roads are blocked with snow drifts.

A Christmas concert will be held in Stevenson's Hall on Tuesday, December 23rd. [illegible]

Other concerts [illegible] Parsonage, [illegible] Hall, December 19th, [illegible] December 22nd.

A number from [illegible] the next issue, which [illegible] Jan. 1st.

[illegible] amber [illegible] Mr. C. P. Fosbrook, an old timer [illegible] Kingman was operated on for blood poison in the St. Mary's hospital in Camrose last week. It is reported that he is getting along nicely and all hopes are held out for his recovery

SCHOOL CLOSED

The exceptional cold weather of the last few days made it compulsory to close the school until milder weather sets in.

Caretaker McHeffey spent the greater part of Sunday night at the school and while all the heating appearance was going full blast, it was not possible to get sufficient warmth for children to [illegible]

It is not known at this [illegible] when there will be school [illegible] the Christmas holidays, there only being two teaching days next week.

It is the desire of both the school board and the teaching staff to put in the full quota of teaching days and should the weather moderate so the school will not be closed next week.

Practising is in full swing for the Sunday School Christmas Concert which is to be held on Monday next.

W. Worton, Publisher

HIGH FINANCE

Among the matters mentioned at the U.F.A. meeting on Saturday afternoon, was the financing of the Tofield local. The yearly membership fee is three dollars, and of this amount two dollars is sent to the central office at Calgary. With a membership of forty it was no wonder that Secretary Johnston Ferguson said that it was quite a task to balance on the date which after sending Central their portion, left the local branch only forty dollars per year.

A short time ago their appeared in various publications a list of persons who were full in business and prominent in the list was both of capital. A large number of men from and even organization perfect in everything else, have found in it of rapid their stumbling block. Organization to be progressive must always be alert and aggressive looking for new fields to conquer in membership sense. But no matter how economical a secretary may be he must spend and forty dollars per year for a local does not go as much as for progressive it has to be carried out.

In an organization the size of the U.F.A., for the central office to collect two thirds of the dues, it would appear as if it was getting the best of it. Then again the advantages that the association has given to every farmer in an educational sense, makes three dollars a year for dues appear to be a small sum. It is strictly society business of course, but it would appear to us, if the central office took a little less and the locals retain the most he does not need to be a poverty stricken

and executives of locals would have no encouragement to add to their enthusiasm. Organization has surely a much greater importance than there is none behind them, but when they are living from hand to mouth.

THE QUARANTINE CASES

The slight epidemic of scarlet fever that Tofield recently experienced has brought in its train a number of court cases, wherein the plaintiffs have been charged with breaches of the act concerning contagious diseases. There has been quite a bit of bad and feeling has run fairly high. Writing of the matter only in its broadest aspects, as it affects the public a great deal could be said from the parents point of view, it is quite often next to impossible to convince them that a child is suffering from a complaint, which if transmitted to another child may cause its death, was the first child or an additional funeral. Parents like to feel that the understand their own children best. With regard to the authorities. They are confronted with a very difficult problem Disease is no respecter of persons and strikes the family, the head of which conscientiously endeavors to live up to all the regulations as well as the family, the bond of which seems to wise or smart, or look to notify the regulations to the last line. There are many conditions of mind not named in the Act extreme.

The public however, must be protected, and no matter what displeasure it inconvenience to any members, create the most be days regardless.

The matter has brought to light that considerable laxity has taken place as regards the appointment of a health board by the town council. The Town Act provides for the appointment of a Health Board every year. Two of the councilors have been doing duty as a health board, whereas there should have been six. Moreover they were hardly brushed up on their work as the greatest convocation which the had no power to grant. However, two much stress should not be placed upon this, as is not easy to get men to assume this task as its performance frequently embraces many disagreeable duties, and councillors undertaking the duties deserve credit, despite any mistakes they made. A suggestion coming from the secretary-treasurer is worthy of note, viz: that each councillor, upon assuming office should automatically become a member of the Health Board. That would settle the Health Board question at one stroke

PROTECTING THE INVESTMENT

Abraham Lincoln humorously said of a poor nighbor's assets, "He has a little money and two children which I think were worth thirty thousand dollars to any man."

A family is indeed a golden asset and needs the same protection and care that an investment requires

For three generations the editor of The Youth's Companion have fostered the same responsibility to the families of subscribers as if those families were their own. In taking a subscription they have accepted a trust they have done their part in so that the family investment increased in also through the development of character and a taste for the good things in life.

Walk Into Our Garage

Here is a busy place. There are four of us and we are kept busy. The humble Ford and its more aristocratic brethren of the auto world, you will find on our floor in every stages of repair, and should you perchance, happen to own a car lacking, you may depend upon it that it is in perfect running order. We are equipped with modern machinery including power turning lathe, drills, dynamos, and battery charging equipment and in addition to regular auto work we do repair light machinery work.

Prospects Are Bright

As the year draws to a close, and annual statements and reports of all kinds are being prepared, a tendency is becoming to be understood that on the whole the outlook is fairly generally improved during the twelve months now drawing to a close. Perhaps the most definite reference to this is contained in the annual report of the Canadian Pacific Railway during 1925.

The report for the year opens by pointing out that the gross earnings of the railway system were the largest in its history, and which are on a much higher level than those of the year previous. The increase in gross earnings over the year 1924 was considerable, amounting to $20,000,000, and the ratio of operating expenses to gross earnings was the lowest since 1920. The net earnings of the year 1925 were also the largest in the history of the railway, and which are on a much higher level than those of the year previous. The increase in net earnings over the year 1924 was considerable, amounting to $10,000,000, and the ratio of net earnings to gross earnings was the highest since 1920. The net earnings of the year 1925 were also the largest in the history of the railway, and which are on a much higher level than those of the year previous. The increase in net earnings over the year 1924 was considerable, amounting to $10,000,000, and the ratio of net earnings to gross earnings was the highest since 1920.

The report also points out that the

The rinkers of the rink these nights are having a great time over the hockey game. It takes more than a mere forty below to chill the ardor of the rinkers, they turn on it. We think has had an excellent sheet of ice and with plenty of light, everything is serene.

The skating rink has been officially opened for the season, though the weather has not been to the liking of a skating rink. The first respectable cold snap no doubt see large crowds out skating.

A transfer had our coal at one of the mines was taken to Edmonton on Tuesday, suffering from frozen toes.

The next issue of the Mercury will be out so as to reach all subscribers in Parts 1, 2, 3, and 4, as well as local, by Christmas day. It will help us if advertisers and correspondents will have all copy in our hands by Monday noon.

The latest weather reports announce that the cold snell is about to break and milder weather can be looked for.

Be careful of fires these days and nights. Each day the papers give news of a few in some small town. Overheated stoves and flues are frequently the cause. Take a look around outside, once a while and see if everything is as it should be.

Christmas Concert Much Enjoyed

The annual Christmas concert of the United Church Sunday School was held at the Variety Theatre on Monday evening. In spite of the very stormy night, there was an excellent turnout, a good sale of tickets having been made in advance.

The complete sum of all Christmas concerts was fully realized—that of giving the youngsters a good time. Rev. Watt was chairman and both a lengthy and good programme to suit ... was rendered.

There were songs, readings, recitations and dialogues, as well as some athletic feats, all of which found popular favor with the audience.

At last the really big feature of the night was announced, the arrival of Santa Claus. This worthy guest, clad in typical costume, with flowing whiskers, arrived and generously distributed a bag of nuts and candy to all youngsters present. It was the signal for a real good time and the youngsters certainly had it.

Mr. and Mrs. McClurg were Edmonton visitors on Friday last. Also ... G. Bissett.

Mr. J. Morden left for Sudbury, Ontario, on Saturday.

Mr. R. E. Worden left for New Norway on Saturday.

Mr. and Mrs. Savage visited the capital city on Saturday.

Monday visitors to Edmonton from Tofield included Mrs. C. M. Simmons, G. Walker and G. McLaughlin.

Mrs. R. A. Dusk and son visited Edmonton on Tuesday.

SALE AND REDEMPTION OF IMPOUNDED ANIMALS

Notice is hereby given under section 18 of the Domestic Animals Act (Municipalities) that one 2-yr-old red and white spotted heifer, branded reversed U on left hip, J and bar over half circle on right hip, no horns, was impounded in the pound kept by Oscar Thompson located on section 7 49-19, w 4, on the 24th day of November, A.D. 1924, and that the said animal was sold on the 9th day of December, 1924 to Ed Thompson, of Kingman, Alta., and that the said animal may be redeemed by the owner or on his behalf within a period of thirty days from the publication of this notice in the Alberta Gazette, upon payment of all fees and costs due to the municipality and the purchaser of said animal.

Also one black mare, 3 yrs. old, weight 1000 lbs., no visible brand, impounded in the same pound on the 26th day of November and sold on the ninth day of December to Jens Horn of Kingman, Alta.

Also one red steer calf, one roan with white face steer, two red and white steers, one black, white face steer, one heifer calf, red with white spot in forehead. All spring calves no visible brand. Impounded in the same pound on December 4th, and sold on December 19th to Ed Thompson of Kingman, Alta.

For further information apply to JOHN WEATHERILL, Secretary of Cornhill Rural Municipality, No. 467. Tofield P.O.

NOTARY INSURANCE LOANS

A. J. H. McCAULEY
TOFIELD ALBERTA

SANTA CLAUS IS COMING ALRIGHT

He has sent us word to that effect. He says that he has ... things for good little girls and boys, but he had an awful time getting down to ... as he has reindeer ... were quite tired out. However, he has borrowed a big engine from the Canadian Pacific people, one of those ... nearly ... so quite a heavy train between Montreal and Vancouver. ... he says he's going to make a night now. "Don't you worry, Mr. ... I will be there right on schedule unless I get ... to sleep."

CHRISTMAS TO-DAY

Wonderful Day!

No other day of the three hundred and sixty-five occupies as sacred a place in the Christian's heart as this one day of days. For does it not signify the birthday of the Prince of Peace.

No matter where men and women—and children—of the Christian faith are assembled to-day, there is a common bond of thought. Rich and poor, high and low, for this day of days, for at their distinctions, and with a mighty ... voice that swells from ocean to ocean and ... would like both ... on white, each ... Christmas.

The burning sun of ... of the artic or ... do not ... Christmas. Whether men and women are at their own fireside on their native heath, or at the uttermost ends of the earth, when this day comes—and goes—there is left behind a memory. We remember the happenings of Christmas days of years gone by, when the happenings of more recent times have gone into oblivion. There was the Christmas day when the long absent son joined the family circle unexpectantly—what a Christmas it was! There was the Christmas day, the first that wee baby saw, and his cries of delight at the pretty decorations made everyone present laugh. And there was the Christmas ... "just didn't feel like Christmas," ... that held in dole merry for many years and ... Christmas, is life and death.

From the humdrum and quite frequently sordid things of life, it raises a pulsating ... of worthy souls, drawn from mansion, cottage, prison and convent, and instils into them a spirit that sets them about the Master's business—that of making people happy. Of all classes ... and peoples, it molds into a dynamic ... force that works for Peace on ... and Will to Men. It sweeps all ... aside and ... the humanity—even ... the ...

The joys of Christmas ... and blood and from childhood. ... dearly ... those ... beyond and girlhood days. The delightful surprises, the wonderful presents and the scrumptious dinners refuse to be ... from memory, for the memory of childhood is lasting. And now all mature humanity holds as a sacred trust the opportunity to cast cheer and joy into the lives of some child or children at Christmas.

The Mercury wishes to extend to all its readers, correspondents, advertisers, and every body, the old time wish "A MERRY CHRISTMAS."

REMEMBER! when selecting the type of ... Machine ... is just as important as buying a car. Also ... you can get it in New York City or Texas, but HOW will ... it is the question. The difference is just as much ... but it will ... listening to a man talking to you a block away, when you can catch two words and miss two, and talking to a man speaking plainly to you at your side. The effort of hearing in the one case is an aggravation, the other a pleasure. The price I am allowing $25.00 or $30.00 when buying makes the difference. Many people owning machines tod ... know this and wish they had just spent the extra money.

Our MARCONI Machines are made by us and under the supervision of the GREAT WORLD WIDE ... we "SPECIALIZE" in.

WALKED THE FLOOR FOR HOURS NERVES WERE SO BAD

Whether there are people who are troubled with nervousness or not, we will find in Milburn's Heart and Nerve Pills a remedy that will be found unsurpassed for its extraordinary speed and lasting results in that field of remedial agency.

Mrs. W. H. Ind, mother, Woodstock, Ontario, has for several years been afflicted with nervousness. She says: "I was so bad I could not sleep, I was so nervous I could not keep still. I walked the floor for hours. I was so bad I could not sleep. My friends advised me to try Milburn's Heart and Nerve Pills. I got a box and before I had taken them I could see a change for the better. I kept on taking them and they cured me. I am now strong and well and can do my housework. I am glad to recommend Milburn's Heart and Nerve Pills to all who are troubled with nervousness."

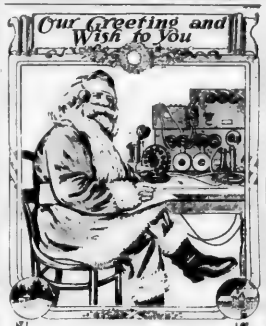
Our Greeting and Wish to You



AT THE three wise men rode on that first Christmas to find their super-exalted Babe of Bethlehem, they bore gifts on their saddle bows, gifts of gold, frankincense and myrrh. And so the spirit of Christmas giving crept into the world's heart.

The mysticism was to go into the highways and byways and seek out the poor and distressed, the hurt and afflicted, the ragged children and the outcasts of the earth, and in the name of Him who was born on Christmas day, carry some sunshine into their dark places. The peace and gift and good will and charity with that peace which passeth understanding.

The most dominant characteristics of the Christmas season are kindness, expressed by good will toward men, and the second joy wrought by kind acts, and supposed by peace on earth. The earth has grown old with its burden of care, but at Christmas it always is young. It sees with each recurring Yuletide we like to think of the spiritual blessings brought to the children of men by that first Christmas.

Our greetings to you is one of kindness in return for the good will you have displayed toward us. Our wish is that you may be filled with the fresh, clean joys of the season and receive a liberal endowment of that spirit which at this time rises like a mighty flood over the world.

MRS. MARY GRAY

CANADIAN MOTHERS, YOU SHOULD BE HEALTHY AND HAPPY!

Vancouver, B.C.—Motherhood becomes a thrilling and nervous wreck, if the blood is thin and watery. I found that was nothing wrong. I had headaches and backaches all the time and following pains in my side—my health was entirely gone. I doctored for a long time and got no relief. I was living in the Province of Saskatchewan, and for six I had taken all kinds of medicine, but got no relief. At last I was completely prostrated and had to go to bed. I was in this condition when a friend advised me to try Dr. Williams' Pink Pills. I got a box and I would have done it before. Mrs. Mary Gray, 70 Homer street.

Mrs. Decker Proves Pinkerton Properties of Dr. Hess Pink Pills for Pale People. Mrs. Decker, Pinkerton, B.C., writes: "I had headaches and backaches all the time and following pains in my side—my health was entirely gone. I doctored for a long time and got no relief. THE WEATHER

The first temperature prevailing during the past week has brought "that over with us" subject, the weather, into even more prominence than usual.

As the end of October when threatening was brought to a halt by a heavy snow storm and extreme cold, there were predictions of a terrible winter season, not on, when the warm season occurred, and the snow melted, there were visions of balmy days and [illegible] rolled through the winter. At times, the Alberta winter seems to be "guess proof." Speaking with an old timer some weeks ago, we learned that of thirty Alberta winters the no real experienced, he could not recall two that were exactly alike. Some were colder than [illegible] average, some more mother during the [illegible] opposite [illegible] could be called "warm" and fine winters, and winters that were cool and stormy, but there were the exceptions.

It is some considerable time since [illegible] governments operated [illegible] gan experiments for the [illegible] something definite [illegible] ... [illegible] ... [illegible] ...

A Romance of the Spanish Main

CAPTAIN BLOOD

RAFAEL SABATINI

"CAPTAIN BLOOD," a Vitagraph picture with J. Warren Kerrigan in the title role, is an adaptation of the thrilling novel.

CHAPTER I

The Messenger

Peter Blood was by way of meeting the end several times during his life. He considered a pair and a half of those occasions. One of them was when he found himself looking down the muzzles of a firing squad in the garden of his own house in Bridgewater. Monmouth's rebellion was shivering to pieces on the fields of Sedgemoor, and the remnants of it were flying in all directions, pursued by King James's infamous redcoats, who were taking a bloody vengeance for the fright they had given their royal master.

Peter Blood had played the part of a loyal subject in the affair, and had fought for the Protestant Duke with the same reckless gallantry that he displayed in whatever he undertook. But he was not among those who fled from Sedgemoor. He was taken prisoner in his own house, and he was standing with his back to the wall, facing the muskets of the firing squad, when the command to fire was countermanded by the arrival of a messenger from the King.

Peter Blood was not the man to be overwhelmed by his good fortune. He was, on the contrary, profoundly thankful for it. He was grateful to the King for having spared his life, grateful to the messenger for having arrived in the nick of time, grateful to the very muskets that had been leveled at him for having missed fire. He was grateful to the whole world and to all the men in it, even to the unfortunate fellows who had been shot down in the garden before his eyes.

Peter Blood was a man of many moods, and he was not always grateful. There were times when he was not grateful to anybody or anything, when he was filled with a profound bitterness against all mankind. Such a mood was upon him now, as he sat in the stern of the boat that was carrying him to the prison ship that lay in the bay. He was bitter against the King who had pardoned him, against the messenger who had brought the pardon, against the fate that had decreed that he should live.

Peter Blood was a physician, and he had been a very successful one. He had been happily married, and he had been the owner of a comfortable property. Now he was a rebel and a convicted traitor, and he was being taken to the plantations to work as a slave for fourteen years. He was leaving behind him his practice, his property, his wife and children, and he was leaving them to the mercy of circumstances.

Peter Blood was not the man to be overwhelmed by his good fortune. He was, on the contrary, profoundly thankful for it. He was grateful to the King for having spared his life, grateful to the messenger for having arrived in the nick of time, grateful to the very muskets that had been leveled at him for having missed fire. He was grateful to the whole world and to all the men in it, even to the unfortunate fellows who had been shot down in the garden before his eyes.

Peter Blood was a man of many moods, and he was not always grateful. There were times when he was not grateful to anybody or anything, when he was filled with a profound bitterness against all mankind. Such a mood was upon him now, as he sat in the stern of the boat that was carrying him to the prison ship that lay in the bay. He was bitter against the King who had pardoned him, against the messenger who had brought the pardon, against the fate that had decreed that he should live.

Man Keeps Its Secret

Problem Of Its Habitability Is No Nearer Being Solved

Many still requires a complete solution in the Arctic and Antarctic regions. Discoveries in both areas have been made, but the problem of the habitability of the interior of the continents is still unsolved. Whether the Arctic or the Antarctic will be the first to be made habitable is a matter of conjecture. Which of the two will be the first to be made habitable is a matter of conjecture. Which of the two will be the first to be made habitable is a matter of conjecture.

A CHRISTMAS WISH

I wish to you the season's joy,
And "Merry Christmas" cry;
I wish that peace may fall on you
As snowflakes from the sky;
And when the winter storms shall rage
That you have harbor find,
Well sheltered by the blazing logs,
Safe from its stinging wind.
I wish for you this Christmas Day
That all that earth may hold
Of joy and happiness and love
Be yours in fullest fold.

Here and There

At the close of Montreal's 1924 season of ocean traffic on December 3, the Harbor Master announced that 1,322 ocean and coasting ships arrived in the port during the year as against 1,114 in 1923 and 1,194 in 1922, the best previous season. It is believed that a new record has also been established in the number of lake vessels visiting the port.

The service operated by the Laurentide Air Service to the gold-fields of Rouyn, Que., which was successfully inaugurated this summer, will be continued during the coming winter. Travellers will make the journey in luxury, closed machines with plush seats and a carrying capacity of six passengers being employed.

Canada stands out to the intending British emigrant as the most attractive of the Dominions, according to Gerald Framwell Booth, head of the Salvation Army, who has just completed a tour of this country. The army is now considering the establishment in Western Canada of a training school for boys who wish to take up farming there.

Another fine new station was made available to the public by the Canadian Pacific Railway when the company's new building at Schreiber, Ont., was opened by H. J. Humphrey, general superintendent of the Algoma district on December 11. The structure, which replaces the former frame building is of modern fireproof construction. It will also house the superintendent of the Schreiber division and his staff.

Three times winner of the world's champion wheat prize at the Chicago Live Stock Show including this year's prize J. C. Mitchell, Agoma, Alta., sailed for the Old Country on a demonstration tour aboard the Canadian Pacific steamship "Montcalm" on December 13. Mr. Mitchell states that prize wheat is improving each year and that exhibits which would have won first prize twelve years ago now seldom take higher than fifteenth place.

Within a radius of forty miles from Taber, a small town in the heart of the settled southern district of Alberta, antelopes estimated to number 1,000 are roaming wild. The prairie antelope was once almost extinct but protective measures put into force have saved the species and present indications are that the splendid game animal may soon increase to an extent resulting in open season possible and adding greatly to Alberta's attraction for sportsmen.

One of the heaviest rushes ever experienced by the Canadian Pacific Railway in connection with its traditional Christmas sailings to the British Isles was experienced this year. A special train from the West to Montreal was required for the accommodation of passengers for the company's steamship, the "Montcalm," sailing December 12 from St. John, N. B., while another two specials or extra sections from Montreal to St. Jean and extra sections on the Empress, the Canadian Pacific transcontinental, were required daily for steamship passengers during that same week.

Rev. Nugent Wilson Writes of Grenada

St. Patrick's Rectory,
Grenada,
B. W. Indies,
December 2nd, 1924

Dear Editor:

I am very busy and cannot give you many details concerning this island, but will fulfil my promise in giving you some description of it. Grenada is noted for its scenic beauty. The island is 113 square miles only. Population 70,000. It is of volcanic origin, and its mountains and valleys are of great magnificence. The highest [illegible] are 2,000 feet above sea level [illegible] here. The Grand Etang, a mountain lake, 12 acres in area, or [illegible] crater [illegible]

[illegible] streams are very numerous—we get freshly caught fish daily. The rainfall is enormous since my arrival we have had nearly three inches on most days and when the sun breaks forth he throws the cloudbursts, it is 100 degrees out of the breeze and 100 in the house always. This is much harder to bear owing to the dampness, also black clothing must be frequently aired, brushed to, owing to mildew and moths. Most people wear white clothing entirely, all washable material, this being cooler. The principal products are, cocoa, cotton, arrowroot, spices, bananas, oranges, limes, coconuts and also sage, pepper, rice and almonds.

Numerous other tropical fruits, besides wonderful flowers. The cocoa bushing is grown so long as one large [illegible] of church seats 700 and is on the edge of the ocean, the second church is three miles inland where [illegible] has a 500 people. There are over [illegible] Anglicans in my parish so I assure one is kept busy. The grog height at which some live, combined with the intense heat, prevent walking so much, consequently all clergy in the island must have a car and chauffeur, the narrow, winding and steep roads, render it very dangerous to drive. I recall the cold, blood-freezing cutting winds of Alberta, but I really think it is more invigorating than this. My rectory is a very large building, having eight large rooms and over fifty large windows also a huge garden where there are 30 cocoa nut trees, one acre of cocoa, bananas, oranges, lemons, etc. I must keep three maids who demand only $1 50 per month each, without board and lodging. The natives do not wear either boots or stockings, except to go to church with and they often carry them in their hands, until they reach the church.

It is, of course, a delightful sojourn in tropical lands, resplendent with a mass of foliage and color (surpassing all that I have enjoyed in Switzerland or anywhere else), for in place of frost and snow, there is a refreshing breeze from the ocean, and we are only 500 miles from the equator, therefore a glorious tropical sun and luscious tropical fruits. These and many other charms are a delightful change, but one cannot endure this sort of thing as long as the climate of Sunny Alberta, so I hope to return in May.

Meanwhile wishing you all a Happy Christmas,

Yours sincerely,
R. H. NUGENT WILSON

PURE DOPE

The "Pure Dope" being now available, the time seems opportune for a few lines under this heading.

This dope however, is of a more serious nature. It is about RADIO.

As one of the oldest radio operators in the district, I feel reasonably competent to give you some opinions and advice. At the foot of the first page of the "Mercury" you will see what I say regarding sets and sets, and the illustration given is a good one.

I am handling three different MARCONI models ranging a price rough [illegible] at $95, $150, and $200. To get be real satisfaction you are looking for, something that instead of being tied to the manger by a halter, you can attach your loud speaker, set back and everyone else listen, it is not yet possible to get a machine at less than these figures.

My advice is to you that you do not buy without a thorough demonstration of the machine. When you want to buy a car all the dealers are glad to give you a FREE JOY RIDE. It is the same with Radio. See that you get it. I am willing to arrange with you a demonstration either in town or at your home.

Next week I will try to write a short reader referring to "The Importance of Radio."

R. W. PINCOTT.

M. Mecklenburg, Optician, of Edmonton, mention, Alta, will be at the Royal Alexandra Hotel, Tofield, on Monday, January 12th. Edmonton address, Hedge Block, 102 1/2, 101st Street.

The annual meeting of the U.F.A. at which officers for the coming year will be elected was postponed from Saturday last, to Saturday, January 10th.

FOR SALE—Two heating stoves. Apply at the Mercury Office.

S.S. "EMPRESS" BEFORE LAUNCHING.

The "Princess Marguerite," built at Clydebank, with a sister ship the "Princess Kathleen," for service between Vancouver, Victoria and Seattle, under the Canadian Pacific flag. The new vessels of 4000 tons were specially designed for service on the Inland Sea, and are capable of maintaining a speed of 20½ knots, will enable passengers to pass between the mainland and Canada's western playground—Vancouver Island.

LOCAL

Mr. and Mrs. H. A. Bush were visitors on Monday.

Mr. and Mrs. Carter were visitors in Tofield over the week end.

Messrs. McLaughlin and D. L. Ball were Edmonton visitors on Monday.

Mr. McMini visited the capital city on Tuesday.

The Misses Audrey and Helen Johb are visiting friends in Edmonton.

Mrs. Marion Carter of late of the Mercury staff and now of Holden, visited Tofield on Wednesday. She attended the Telephone Girls' dance and also made a fraternal call at the Mercury office.

The Telephone Girls' annual dance was held at the Variety on New Year's eve. There was a capacity crowd present and the event was a wonderful success. The hall was truly decorated and the music by an Edmonton orchestra much enjoyed. This is the third annual dance arranged by the telephone staff and they are becoming more popular than ever as each one is held.

Mrs. Letourneau left for Berwick on Wednesday last to spend the Xmas holidays.

Friends of C. Gilbert will be pleased to learn that he is progressing favorably, though still confined to bed. Charlie has, during the past two years, taken great interest in radio, giving it almost his undivided attention. He is now a most competent radio mechanic and has accumulated numerous sets.

For Saturday only at the Variety theatre, manager Holmsy has booked the Americans, a dashing tale of South America. The pair of male stars, Douglas Fairbanks takes the title role. There is also a rollicking comedy.

We regret to report the death at her home on Wednesday, of Mrs. Berge, well known and highly respected old timer of the Rose Creek district. Mrs. Roberge has been ill for some months. The funeral will be held on Friday at 2 o'clock, service to be held at the home.

Mr. and Mrs. Savage are spending the holidays at Youngstown, Alta.

PUBLIC MEETING
(Under the Direction of the U.F.A.)
Will be held
IN THE VARIETY THEATRE, TOFIELD

BE CAREFUL when selecting the type of Radio Machine. It is just as important as buying a car. Almost any receiving set will get you New York City or Texas, but HOW will it bring it in is the question. The difference is just as much as that between listening to a man talking to you a block away, when you catch two words and miss two, and talking to a man speaking plainly to you at your side. The effort of hearing in the one case is an aggravating, the other a pleasure. The matter of an additional $25.00 or $50.00 when buying makes the difference. Many people owning machines to-day, know this and will say they had just spent the extra money.

Our MARCONI Machines are made by and under the supervision of the GREAT WORLD WIDE known MARCONI himself.

Christmas Entertainments Popular

INGRAM SCHOOL XMAS TREE

A good time was reported by all who attended the Christmas tree and programme presented by the pupils of Ingram school on the evening of December 23rd. There was a good crowd present considering the state of the roads and the weather.

Mr. Baker very ably presided as chairman/chairman and the programme was as follows:

[illegible] Canada," b all; "Silent Night," carol, by the school, recitation, Esther Zook, dialogue by Eden Zook and John Lofler, Olive Haugen and Elsie Sanborn; recitation by Thora Haugen pantomime, "Santa's Mistake," by Rorie Lofler and Mabel Thompson; recitation, Arthur Haugen, Christmas hymn, Allen Haugen. Thora Haugen and Eden Zook; recitation, Estella Zook; drill, "Merry Christmas Time," by the school," recitation by Charlie Allen; song, Helen Cockburn, reading (colored) by Alice Haugen, dialogue, "The Irish Philosopher" by Arthur Haugen and Charlie Allen; recitation, Elsie Sanborn, song, "Jingle Bells" by the school; recitation [illegible] Pingree Family; recitation, Jack Lofler "Good Night Song" by the school.

Just as the programme came to a close, a merry jingle of bells were heard and in came Santa Claus who treated the children very much. Santa gave the presents and candy off the tree, each child receiving a sack a candy and several presents.

LINDBROOK

The weather is seemingly determined to be cold, and quite a few colds have been nipped by Jack Frost, as noses, ears, cheeks, and chins. Pretty hard on those who possess double or triple chins, eh, what?

Mr Percy, who has been in charge of Mr. Westlake's farm here, was discovered by Mr. Oscar Kortzman one day during the last cold snap, suffering from frost bite. Mr. Kortzman immediately shipped him to Edmonton, where he is staying with friends, and undergoing medical treatment. Meanwhile Mr. Oscar Kortzman is taking charge up at the Westlake farm.

Mr Asa Rogers made a trip to Edmonton this week and while there ought to find Mr. Percy on the hospital bed finding him, we surmise that he is with friends.

Mr. Louie Rogers shipped a carload of coals from Lindbrook this week.

Mr. Otto Lindgren had quite a family gathering at his home this Xmas. His sister, Miss Karin Svenberg came from Toronto where she has been living the last year; and Mr. August Lindgren of Edam, Sask., came for his usual Xmas visit, as with the help of their friends, the C. J. Kortzman family of Lindbrook, they rather had Xmasse rights merrily.

On Tuesday evening, December 23, the annual Christmas concert was given in the Lindbrook school by the teacher, Mrs. Lonby, and her pupils. The first item of course was tea and cakes, etc., much appreciated by both artistes and audience, especially the "artistes." Then desks were cleared for action and the program was started. It would be too lengthy to mention, suffice it to say that it was well up to the high standard of previous years and reflects great credit to both teacher and pupils, despite the lack of rehearsals due to inclement weather. After it was finished, Mr. F. Wilde in a neat speech thanked the teacher and pupils on behalf of the audience for the pleasure that had been theirs to enjoy.

Miss A Hooper spent the week end with her friend Miss M Smith of Tofield.

UNION CREEK NEWS

The seedmen did not turn up last Saturday, so the news is delayed. We hope the weather man will permit him to come on Tuesday.

Christmas passed very quietly in the district as we had [illegible] teacher [illegible].

A number of the neighbors were guests at Anderson's for Dinner on Christmas day. They all report that they had a very good time.

Miss F. Metcrod is spending her Christmas holidays with friends in Edmonton.

Mr. and Mrs. R. O. Berg, Mr. and Mrs. Benjamin and Mr. and Mrs. Lund were guests at L. Anderson's Sunday last.

The Patterson family were invited to E. A. Mark's last Sunday, where they gave a Christmas tree to entertain the children.

Miss Myrtle Anderson has been in Edmonton for some time [illegible]

Mrs. Lills who has been on the sick list for the past few weeks

Mr Syver Strand who has been attending the Lutheran College at Camrose is spending his Christmas holidays at R. O. Berg's.

Ruby Berg is visiting her aunt Mrs Flaaten between Christmas and New Years.

The Amisk Creek School will reopen on Monday, January 5th, with Miss Jobb as teacher.

Wishing you all a happy and prosperous new year.

LOST.—A sleigh bank. Between Sanborn's corner and F. Ray's corner on Sunday last. Finder please notify A. C. Sanborn, Tofield.

THE COMING YEAR WILL BE HAPPIER AND BRIGHTER TO MILLIONS

Because of Radio. The opportunity to hear first-class music, lectures, general and market news was never so easy as it will be during the coming year. Radio is literally the wonder of the century and the benefits are yours for the sake of a few dollars.

Here and There

Agricultural products harvested in British Columbia during 1924 were nearly $14,000,000 in excess of the 1923 total, according to the annual report of the provincial department of agriculture. Total production for 1923 was $56,150,784.

The ninth winter carnival at Banff, Alta., will be held from February 7 to 14, 1925. The racing banspiel in connection with the carnival with rink memberships from February 9 to 14. Revelstoke has fixed its carnival dates for February 3, 4 and 5, 1925.

Tourists to the number of 100,000 are estimated to have entered the Province of Nova Scotia during the past season. These people have left approximately $7,500,000 on the provincial revenues, an increase of 25 per cent. over the previous year. The number of motor cars entering the province during the tourist season exceeded 11,000.

Canada Book Week was held from December 1 to 6 this year. Addresses, radio broadcasting and special displays in store throughout the country drew attention to the objects of the week, which are to promote the reading of good books generally and Canadian literature. The week was, as usual, a distinct success.

The foolhardy recklessness of certain motorists was recently strikingly illustrated at a public crossing on the Canadian Pacific Railway line at Bland River, Ontario, when a speeding car approached the crossing so rapidly that the driver was unable to pull up, and ran into the side of a train which was passing at the time. Fortunately, no one was injured.

In recognition of its excellent exhibit at the 1924 exhibition at Toronto, the Canadian Pacific Railway has been awarded one of the medals specially struck off for presentation to the Dominion and Provincial governments, and to a limited number of other exhibits whose high rank entries in the live stock and agricultural departments won them championship prizes.

The plans for the construction of an ocean amusement centre at Victoria, B.C., to be called the Crystal Gardens, have just been announced by the Canadian Pacific Railway, which is responsible for the scheme. The gardens will include a salt water swimming pool, 150 feet long, and a norm of dancing floor. A Romance of the Spanish Main
CAPTAIN BLOOD
RAFAEL SABATINI

"CAPTAIN BLOOD," a Vitagraph picture with J. Warren Kerrigan in the title role — an adaptation of the thrilling novel.

SYNOPSIS

Peter Blood, a young Irish physician and adventurer, is living under a cloud in Bridgewater, England, following the Monmouth rebellion of 1685. Blood has been a rebel and a soldier of fortune, and has had many thrilling adventures. He is charged with high treason and sentenced to be hanged, drawn and quartered. Before the sentence can be carried out, however, he is pardoned by King James II, and ordered to practice his profession among the plantations in the West Indies. Blood is forced to accept the pardon, as he has a wife and daughter to support. He is sent to Barbados, where he is sold as a slave to Colonel Bishop. Blood's medical skill soon brings him into demand, and he is sent for to attend Arabella Bishop, daughter of the governor of Barbados. Blood is impressed by the beauty of Arabella, and she by his manly bearing. Blood's fellow slaves plan a revolt, and Blood is forced to join them. The revolt is successful, and Blood and his companions capture a Spanish ship. Blood is made captain of the ship, and sails it to Tortuga, where he is joined by Wolverstone, a pirate. Blood and Wolverstone capture a Spanish ship, and Blood is made captain of the ship. He

DOUGLAS FAIRBANKS

"The American"

You will never enjoy this star more than in this colorful, exciting, romantic, thrilling, humorous and spectacular story of the adventures of a young American mining engineer in a Central American revolution.

ALSO A ROLLICKING COMEDY

HAPPY NEW YEAR TO ALL

Here and There

Rev Bro. b, the eminent American author, was recently in New Brunswick as a guest of W. G McIntyre. On leaving his home in the United States at the conclusion of his visit, Mr. Beach expressed himself as in some measure to duck hunting and fishing possibilities of the province, charmed with its scenic beauties, delighted with its people and solemnly proposing to return with his gang next year.

The largest and one of the most valuable shipments of foxes ever to pass through Montreal, upon the Dominion Express Company, was handed by that organization recently. There were 450 animals in the shipment, valued at $17,000, all being silver foxes and the best black foxes. The former were destined for exhibition at Minneapolis, while the latter went to different points in the Canadian West.

The Eastern International Dog-Sled Derby, which was to have come off last year, will again be held at Quebec in 1926, the dates set being February 19th, 20th and 21st. As on former occasions, the distance to be covered will be 120 miles, or an average rate of 40 miles a day. Earl Bridges, La Pas, Manitoba, now holds the handsome trophy awarded for the race and is expected to defend his honors. Many teams are already working out.

A decided acceleration to Trans Rockies, Que., the new Canadian Pacific Railway station, which was opened there on November 4. The building is finished ... Rich and Macdonald of Montreal were the architects. Substantially as the contract for the work was signed on June 1st, the opening ceremony was performed by Premier Hall ... company in the presence of many guests.

New Canadians Can Do Much For Western Canada In The Matter Of Securing New Settlers

Over $10,000 From One Crop

Southern Alberta Irrigated Lands Bring Big Returns

A special correspondent of the Lethbridge Herald, writing recently from Cardston, Southern Alberta, said: "Parker Ellis, of the Island Extension District, at Cardston, recently disposed of the deeds to his 160 acres of land in the C.A.R. in his sisters-deposit box at the bank, and walked out with $1,600 in his credit after paying in full for his land from the proceeds of one crop off the land which he purchased in 1922. He broke 100 acres in 1922 and has cropped in the fall of 1921.

"And this is how he did it: In 1922 he came here from Great Falls, bought a farm in the C.A.R. for $11 per acre. He prepared it for crop in 1923, breaking 100 acres and summer fallowing 50 acres. In 1924 he had 100 acres under crop, and from the 100 acres he threshed something better than 6,000 bushels of wheat, selling it at $1.25 per bushel. This gave him a total gross average of 60 bushels to the acre, or $60 to the land each, making a total return of $16,750. With this he paid for his land, paid the taxes for three years, paid his water rates and had left with $1,600 cash surplus.

"This is a true story of what can be done, for I have been there, and is most typical of what the C.P.R. land has been in the past and this year.

Output Of Ontario Mines

Ontario Expected to Produce More Gold Than U.S. By 1930

Speaking before the Empire Club at Toronto, Hon. William Finlayson, Minister of Mines for Ontario, stated that the estimated output of the mines of the province for the present year would be more between $74,000,000 and $75,000,000. He said that there was a steady increase in gold production and stated that by 1930 Ontario was expected to produce more gold than any of the United States.

The output of gold reached a new high mark for Northern Ontario during November, according to figures compiled and published by the Provincial Department of Mines. Production during the month was around $2,000,000, at the rate of between $17,000,000 and $20,000,000 a year.

Clover Seed Production

Experiments Show Returns From Second Cutting Were Small

The Experimental Farm at Lacombe, Alberta, has carried on a number of experiments with clover seed production, and the results of these experiments are now available. The conclusion reached is that the second cutting of clover is not profitable for seed production. The first cutting yields the best seed, and the second cutting is usually of poor quality and low yield.

Market For Asbestos Cement

Demand From India Likely to Boost Canada's Industry

Simply because members play based on the Indian game of cricket, Canada's asbestos industry may benefit. A representative of the Indian Government is interested, and the Indian Government has suggested that cricket pitches be made of asbestos cement instead of the usual clay. The idea is that asbestos cement would be more durable and would not crack in the hot weather. The first reading is not in favor of the proposal, but the Indian Government is thinking there is no reason why it should not be adopted.

A Million A Minute

An average of one million dollars an hour for 24 hours a day, 365 days in the year, is the amount of money that has been produced in Canada's mines during the past 25 years, according to a statement issued by the Dominion Bureau of Statistics. The total production of the mines of Canada during the past 25 years has been $1,000,000,000.

Negotiating For A Loan

Mr. Todd, Minister of Finance and Treasury, has left for Europe, where he will negotiate a loan for the Province of Ontario. It is expected that the loan will be floated in Switzerland.

Effects Of Earthquakes

Effects of earthquakes on the earth are discussed in a recent bulletin of the Geological Survey of Canada. Dr. A. O. Lee, the author of the bulletin, says that the earth's crust is constantly undergoing changes, and that earthquakes are the result of these changes. Earthquakes are caused by the sudden movement of the earth's crust, and the movement is usually accompanied by a loud noise. The bulletin states that earthquakes are most frequent in the Pacific Ocean, and that they are also common in the Atlantic Ocean.

Lord Selkirk Highway

Work To Be Proceeded With Immediately to Report

Extensive work on the Lord Selkirk highway, the principal artery of communication between Manitoba and the United States, will be proceeded with immediately, according to an announcement made by Hon. Edward Brown, Minister of Mines in Manitoba. The total sum of $1,000,000 will be spent on the highway from the International boundary to Selkirk, and the Provincial Government has also decided to spend $250,000 on other highways north of the boundary.

Canadian Flour Exports

Slight Increase in Shown in Quantity Exported in August Months

Wheat flour exports from Canada during the four months ending November 1924 show a slight increase over the corresponding period in 1923. The exports for the four months ending November 1924 were 1,000,000 barrels, as compared with 1,000,000 barrels for the same period in 1923. The exports for the month of November 1924 were 250,000 barrels, as compared with 250,000 barrels for the same month in 1923.

Donation to Reliefs

A New Zealand farmer has donated 61 lost Pioneers' Relief Bonds, which he had received almost 50 years ago, to "Invaliggee by proclaim," was re-issued by the society at Washington. The bonds have grown "I may send your inheritance some time and I am going to pay in advance."

Yukon Gold Production

The Yukon is not going to share of credit for Canada's gold production. Last year the placer workings of the Yukon northern portion of Canada are giving up their gold. Last year, says the National Resources Intelligence Service of the Department of the Interior, 170 thousandths ounces of gold were taken out of the Yukon

Germany Cement Coffee

Has Enormous Amount Stored and Price is Soaring

Coffee, always a luxury, has become a super luxury. Before now and tend to go higher. The civil war in Brazil last summer had something to do with it, but the main factor has been the heavy importation of coffee during the past year by Germany. Germany is now not only the main storehouse of the world's coffee supply, but it has exports at the normal increase-prices, German banks are in the way of making millions in profit, reports have reached us the difference was a factor in which they bought coffee some months ago and the price at which they are now selling it.

The means by which Germany has made much of the profit is connected with her power financial position. The credit organization of the Reichsbank has been developed in foreign banks, among others in the bank of England, also in banks of the United States. Germany has exported during the past year, many payments were made in kind, thus lowering German stockholders for American dried fruits and canned goods and for Brazilian coffee. These commodities, of course, valuable, were desired by the German people, but the purchases of them became such in exportable to respond then on thereto-owing account so for as the Reichsbank is concerned. The Germans were coffee now—coffee farmers, bulls in the Brazilian coffee pits—in the making a profit. (Courtesy from Francisco Bulletin.

Lord Selkirk Highway

Work To Be Proceeded With Immediately to Report

Extensive work on the Lord Selkirk highway, the principal artery of communication between Manitoba and the United States, will be proceeded with immediately, according to an announcement made by Hon. Edward Brown, Minister of Mines in Manitoba. The total sum of $1,000,000 will be spent on the highway from the International boundary to Selkirk, and the Provincial Government has also decided to spend $250,000 on other highways north of the boundary.

Airplanes To Fight Rust

Latest Addition to Anti-Rust Forces in the West

Gradually the entire machinery of Government is being lined up for the campaign to be launched in 1925 against rust, the scourge which took over $100,000,000 of a nation's crops. The latest addition to the rust-fighting forces is the Royal Canadian Air Force, which will give to the research of plants and plant observation to the Dominion Rust Research Laboratory at Winnipeg. The Royal Canadian Air Force, next summer will be used in the campaign to add to knowledge of the manner in which rust travels, and an attempt will be made to place some reliance on the Air Force at the disposal of the Dominion Rust Research Laboratory at Winnipeg, and was announced by the Minister of Agriculture. The flying will be done in Manitoba and probably Saskatchewan.

May Establish Base

Trans-Atlantic Post

Sir Ivanhoe's West Coast Island For Scenery

Sir Ivanhoe Penrose, Chairman of the Canadian Pacific Railway, who has been in Europe for the past few months in the interests of Canadian and American posts, if into subways metropolitan districts advocated the establishment of a trans-Atlantic air service between Canada and Great Britain. He will be back in Canada in the early part of December.

Junior Farmers' Clubs

Expedite to British

Number Has Rapidly Increased in Last Three Years

Junior Farmers' Clubs, well known in Canada, are now making their in Great Britain. The first was organized in Devonshire in 1921, but the number has rapidly increased since then. The Junior Farmers' Clubs have all taken the form of what is known in this country as calf clubs, the object of which is to encourage the raising of good stock. Now it is proposed to extend their activities to other lines of work, and the Ministry of Agriculture is looking favorably on organization.

Real Beauport Weather

With weather that would delight the heart of the most undemonstrative curler alive, Tofield's annual bonspiel opened on Tuesday. There were not so many visiting rinks as were expected, but a full quota of local rinks turned out to do battle for coveted honors.

As on previous years there are four main competitions, the McCallum Cup, Terwilleger Shield, Hammond Cup and Pincott Shield. Accompanying the trophies are valuable prizes for the winners. The following are the prizes.

McCallum Cup, 1st, Four Wilson Chairs; 2nd, 4 Fyvus Teapots; 3rd, 4 sock scarves; 4th, 4 Tea Pots

Terwilleger Shield, 1st, 4 Auto Rugs; 2nd, 4 Pair of Gloves; 3rd, 4 Dust Mops; 4th, 4 Sock Scarves.

Hammond Cup, 1st, 4 Pair of Curling Shoes; 2nd, 4 Scott's Hams.

Pincott Shield, 1st Four Sweaters, 2nd, 4 Pair of Gloves; 3rd, 4 Gillette Razors; 4th, 4 Auto Strop Razors

There are four rinks entered from Edmonton, two Ramsey of Edmonton, Fraser of Wainwright, Carter of Holden, McAbey of Viking.

At time of writing, Thursday afternoon, semi-final and final games are underway. To-night all final winners should be known and we will hold off from printing until early tomorrow morning. The whole event has been a huge success and good many of the games drawing a number of interested spectators.

PRIZE WINNERS

Grand Challenge, (McCallum Cup.) 1st, Ramsey; 2nd, Fraser; 3rd, Morrison; 4th Hammond.

Terwilleger Shield. 1st, Fraser, 2nd, McLaughlin; 3rd, Hannan; 4th, Hammond.

Hammond Cup; 1st, McCauley; 2nd Farmers.

Pincott Shield. 1st Fraser; 2nd, Hannan; 3rd, Lee; 4th ———

HOCKEY

On Friday last Tofield unexpectedly opened the hockey season here, by winning their first game. Their opponents were the South Canadians of Edmonton, a real nifty bunch of puck chasers. The game was an exhibition affair but was a real tussle nevertheless. The score was 6-5 in favor of the locals. Archie Pruden being responsible for two. Howard Lee for one, and Bud Hannan for one. Referee Campbell of Edmonton handled the ball and was forbearing to be lenient. In the first game of the season the locals bit their stride and the Lees are howling for more.

On Saturday, Ryley Trail Rangers met the local organization at the rink and after a hard fought game the locals emerged winners by a score of 3-2. The game was stubbornly fought by both teams and it looked as if it would end as the previous one had done, in a draw, when just before time Willie Worton, getting the puck behind his own net, worked his way down the ice and scored. Albert Jones then took the Tofield lead, one in the first and one in the second period.

W.I. NOTES

The regular social meeting was held on Tuesday with twenty-four present, three being new members. A very pleasant afternoon was spent and arrangements made for our annual banquet, which is to be held on Tuesday evening, February 10th, in place of the regular social meeting on that date. Mrs. Hammond and Mrs. Haugen were the hostesses for the afternoon. All members, get your best John ready and have it on hand that night, at seven o'clock, also ring your appetites with you.

We are pleased to announce that Mrs. Gains, Inspector of Alberta Women's Institutes will be here on Friday afternoon, January 23rd, at three o'clock, and give a talk on her recent trip to the old country and her visit to numerous institutes there. If you have ever heard Mrs. Gains speak, you will understand at once, what this visit means to us.

If you haven't heard her, you have surely missed something worthwhile, and we advise you not to do so this time, as she is a most remarkable and convincing speaker. We will treat as at our rooms and every lady in Tofield and district is cordially invited to attend it is free and lunch will be served at her talk. Please be on time, so as not to interrupt her. Three o'clock sharp.

We are adding new members to our library membership constantly. Have you joined yet? If not, we know you want to add your dollar, and help to enlarge this thriving library. Our are 1000 books, and with help from all we can do it. We don't ask for charity. We give value received.

News From The Country

RADIO

Mrs. F. E. Hills, who has been visiting with her children in Iowa, has returned home.

Last Saturday evening everybody enjoyed themselves immensely at the skating party.

A large wedding occured at the home of Mr. and Mrs. B. Bustenson on January 7th, when their daughter, Laura and John Rial were married. The newly weds were the recipients of a large number of presents.

Mrs. Jos Stauffer, Mrs. John Yoder and Mrs. J. Benson entertained a large number of young folks at the home of Mrs. J. Stauffer, Tuesday evening. It being a surprise party on the four boys who have been staying there off and on this winter, Julius Lortchoma, Robert Bervicotch, Axel and Gie Prostbaekme.

Miss Nora Rude is teaching in the Shaw school.

Mr. John Anderson who has been at the hospital in Camrose some before Christmas, was taken home on Monday. He seems to have improved a little.

Mr Oliver Berg has returned home after a stay of many weeks at the Royal Alexandra hospital, Edmonton. He has improved but is going back to have an operation at the end of the month.

To Ketchemont Correspondent —

In replying to your remark concerning the two weddings that occurred shortly before Christmas, I wish to state that I am unable to give a full report, both couples being married at Camrose. Emil Rude and Hilder Eggen on December 22nd, and A. Hasslund and Agnes Jensen on December 24th.

Mr. W. K. Mitchell was a business caller to Edmonton for a few days the first of the week.

Miss Yeager was taken to the Camrose hospital last week for treatment for her nerves.

Mrs. Hensley McGinnis and mother, Mrs. Brehm went to Edmonton on Wednesday to visit Henry at the hospital.

Messrs. Sutton, Stevrett and H. K. Mitchell shipped a car load of hogs to Edmonton on Thursday

Mr. Angus Campbell bought 75 head of stock from Miss Jackson of Bardo district. Miss Jackson will soon leave for Sweden.

Mr. Cornelius family are still barn a rough of chicken pox.

The men folks of the district are making use of the milder weather by hauling off their grain and hogs, also getting out wood and hauling feed for their stock.

Mr. and Mrs. Fred Sutton and family returned to their own home after spending a few weeks at the Henry Sutton home. Mrs. Sutton's mother, Mrs. Wm. Stevrett of Edmonton is helping care for her new grandson.

Master Donald Carlisle was met on well the last part of the week, therefore was not able to return home when expected

KINGMAN

A sad gloom was cast over the district, Mr. James Lindberg arrived here late week from Spokane, Wash., tried when Melvin Hole, fifteen years old, son of Mr. and Mrs. S. M. Hole passed away at his home on Sunday evening, January 11th, at six o'clock He took sick some time ago with pneumonia which set in the heart. Although everything possible was done he passed away to the great beyond. The funeral service was held on Thursday. Our whole sympathy is with Mr. and Mrs. Hole in their sad bereavement

Mr. T. Sealand returned from Camrose on January 3rd and he is reported to be doing fine.

The regular passenger service between Edmonton and Calgary via Tofield, Camrose and Mirror, was commenced a monday, January 12th We are all pleased with the change.

Mr. and Mrs. Thor Serie and family, Mr and Mrs. C. Dyckert, Mr. and Mrs. T. Ragnvo and family, Mr. and Mrs. Roy Melvin and family and Mr. C. Simonsen and family were guests of Mr. and Mrs. K. Ketchem on Sunday.

Mr. and Mrs. Ted Severson and baby son of Ryley are visiting friends in Kingman.

Mr. B. Sampson, Mr. Wm. Melchuck, Mr. Ole Strand and Mr pat Mrs. Ed. Johnson were the guests of Tone's Eve

Born—To Mr and Mrs. John A. Lee on January 11th, a daughter.

Born—To Mr and Mrs. P. Mellister, on January 11th, a son.

Parties at Various Homes

A pleasant time was spent on Wednesday of this week at the home of Mrs. Pincott, when about 35 guests, mother's and children, gathered, the occasion being the third birthday of her little daughter Betty Yvonne Pincott. Mrs. Robinson and Mrs. Allen helped the little ones in playing games, and when lunch was served they all marched in wearing fancy paper hats. Little Betty blew out the three pink candles on her pink frosted birthday cake before it was cut, to the amusement of all. Everyone seemed to have a good time, and Miss Betty was the recipient of a large number of useful gifts.

A very pleasant evening was spent at the home of Mr. and Mrs. Keiner on Thursday last, when the High School surprised Miss Jean, the occasion being her sixteenth birthday. The evening was spent in games and music, after which a dainty lunch was served. The guests then wished Jean many happy returns of the day and the singing of "For She's A Jolly Good Fellow" brought the evening to a close. Reginald Bonrote and Jack Coleson kindly supplied sleighs to convey the guests to and from town.

A party was held at the Wallis home on Friday night last when a number of friends assembled and had a pleasant time. The evening was spent with music and dancing and a bountiful lunch was served.

Miss Minnie Woods spent the week end with Miss Marion Carter of Holden.

The Tonic Boy's are planning to hold another concert on February 6, at the Tofield Opera House. They are this is going to eclipse all previous efforts and that will be going some.

The basket ball girls are planning a dance to be held on February 12th. The girls are procuring the same music that delighted the dancers at the Telephone Girls' dance held on New Year's Eve

Born—To Mr and Mrs. John A. Lee on January 11th, a daughter.

Born—To Mr and Mrs. P. Mellister, on January 11th, a son.

Remember the dance and the concert which will be held on January 24th, by Mr. Hodge Anderson, Otter Lund and Earl Ramstedt, watch for posters later. The comic will be given in the Swedish and Norwegian languages.

Mr. Ole Bjargum shipped a carload of cattle to Edmonton on Monday.

If those having news items would leave same with E. Erickson for publication it would be very much appreciated. The country districts are hard to reach without co-operation on the part of the residents.

PURE DOPE

A mile a second would sound big, but two thousand miles a second sounds bigger, yet you can jump this distance in a second almost any night by radio. It is quite possible to listen in one evening to twenty cities in all parts of this continent, and hear each one just as plainly as you would hear an ordinary telephone conversation, or if you have a machine capable of producing with a loud speaker, it will bring you the human voice or music just as your gramophone does. There is the pleasure of it of course, but THE IMPORTANCE and EDUCATIONAL VALUE is greater. Listen to Edmonton or Calgary at noon and get grain and livestock markets, then let the kids listen in the evening to some of the Children's programmes, stories, recitations and music After they have gone to bed, listen with your friends or the older members of your family to the market reports from Chicago, a

To meet the requirements of one and all, we have now added to our line of Radio Machines, a wonderful little machine selling at fifty dollars. This now gives us lines selling at approximately, $55, $100, $150, $175, and $300

We want to demonstrate to you because we know we can deliver the goods and satisfy you. No matter how dubious you may have been. We will be very pleased to arrange a demonstration of one or more of these machines either in town or at your own home. The putting up of an aerial is a very easy matter and takes very little time. GET THE BEST FOR YOUR MONEY

Bull Dog Fanning Mill

Farmers in this district are paying for a Bull Dog Fanning Mill whether they own one or not. The dockage and freight on one Tofield farmers' crop was sufficient to buy a BULL DOG FANNING MILL and it is a safe guess that this particular farmer, is sold on the idea that it pays to own and use one.

The BULL DOG is one fanning mill that will clean all the noxious weeds out of your wheat, and you can both ways—first by keeping your farm clean, and secondly by being able to sell at a much higher price, clean grain. And you have the screenings at home for feed. Bring in a bag of your own grain and we will be pleased to demonstrate for you.

Canada's Day Is Dawning

In the article appearing in this column last week, entitled The World's Rapid Growth, a passing reference was made to the Canadian Canoe Association's proposal to stage a canoe tournament at Toronto during the coming summer. Mention was also made of the need for providing adequate accommodation for visitors to the city. We are pleased to see that the proposal has received the approval of Premier Hepburn, who has promised the association the co-operation of the Ontario government. Mr. Hepburn is also reported to have said that he would be glad to see the tournament made an annual event. Such a tournament would be a splendid thing for Toronto, and we hope that the proposal will be carried out.

Another matter mentioned in the article referred to was the need for providing adequate accommodation for visitors to the city. We are pleased to see that the proposal has received the approval of Premier Hepburn, who has promised the association the co-operation of the Ontario government. Mr. Hepburn is also reported to have said that he would be glad to see the tournament made an annual event. Such a tournament would be a splendid thing for Toronto, and we hope that the proposal will be carried out.

Hoping For Larger Trade

Canadians Should Improve Between Time By Using Daylight Saving

Hon. P. C. Larkin, Canadian High Commissioner in London, says: "My message to the Canadians is that they appear to be a prosperous people, and I hope they will soon place the trade relationship between Canada and the United Kingdom on the proved basis.

Satisfied With Test

Aging Fletcher's address, and defendant, Barker, attacked a speed of 3 knots in a blind in a heavy sea. When the test was ended Fletcher said he was satisfied with the seaworthiness of his vessel in rough weather. The Barker has left on a cruise to Lubeck, and possibly to Sweden.

An airship recently built by a European monopolist is operated by four pedals, and has flapping wings like a bird.

HER NERVES SO BAD SHE COULD NOT SLEEP

Mrs. Simon Kinchen, St. George, Ont., writes: "After having a severe attack of pneumonia I was left in a weak and run down condition. My nerves were so bad I could not sleep nights and in the day time I had terrible sinking spells, caused by my heart being weak. Finally I got so bad I had to take to my bed for weeks at a time, but one day I read about

MILBURN'S HEART AND NERVE PILLS

so decided to try them.

After taking one box I felt a slight improvement. I have now taken five boxes, and have gained 25 pounds in weight. I am now more than able to do all my own housework as well as considerable outside work. I cannot recommend Milburn's H. & N. Pills too highly for those suffering as I did."

CARTER'S LITTLE LIVER PILLS

Danger Still Attached To Airplane Travel

Law of Gravity Said to Be Greatest Hazard

Flying against the law of gravity is the greatest hazard that any man can undertake, declared Bishop Charles D. Williams of Michigan, in a recent sermon. "Every time a man goes up in the air he is violating the law of gravity and is in danger of falling to the earth," he said. "Every time a man goes down into a coal mine he is violating the law of gravity and is in danger of being crushed to death by the caving in of the roof. Every time a man goes down into the sea in a diving suit he is violating the law of gravity and is in danger of being drowned. Every time a man goes into the air, down into the earth or down into the sea he is violating the law of gravity and is in danger of losing his life. Every time a man violates any law of God he is in danger of losing his life. Every time a man violates any law of God he is in danger of losing his soul. Every time a man violates any law of God he is in danger of losing his soul and his life. Every time a man violates any law of God he is in danger of losing his soul and his life and his body. Every time a man violates any law of God he is in danger of losing his soul and his life and his body and his mind. Every time a man violates any law of God he is in danger of losing his soul and his life and his body and his mind and his spirit. Every time a man violates any law of God he is in danger of losing his soul and his life and his body and his mind and his spirit and his everlasting salvation. Every time a man violates any law of God he is in danger of losing his soul and his life and his body and his mind and his spirit and his everlasting salvation and his eternal destiny. Every time a man violates any law of God he is in danger of losing his soul and his life and his body and his mind and his spirit and his everlasting salvation and his eternal destiny and his immortal soul. Every time a man violates any law of God he is in danger of losing his soul and his life and his body and his mind and his spirit and his everlasting salvation and his eternal destiny and his immortal soul and his resurrection body. Every time a man violates any law of God he is in danger of losing his soul and his life and his body and his mind and his spirit and his everlasting salvation and his eternal destiny and his immortal soul and his resurrection body and his glorified body. Every time a man violates any law of God he is in danger of losing his soul and his life and his body and his mind and his spirit and his everlasting salvation and his eternal destiny and his immortal soul and his resurrection body and his glorified body and his heavenly home. Every time a man violates any law of God he is in danger of losing his soul and his life and his body and his mind and his spirit and his everlasting salvation and his eternal destiny and his immortal soul and his resurrection body and his glorified body and his heavenly home and his crown of glory. Every time a man violates any law of God he is in danger of losing his soul and his life and his body and his mind and his spirit and his everlasting salvation and his eternal destiny and his immortal soul and his resurrection body and his glorified body and his heavenly home and his crown of glory and his throne. Every time a man violates any law of God he is in danger of losing his soul and his life and his body and his mind and his spirit and his everlasting salvation and his eternal destiny and his immortal soul and his resurrection body and his glorified body and his heavenly home and his crown of glory and his throne and his kingdom. Every time a man violates any law of God he is in danger of losing his soul and his life and his body and his mind and his spirit and his everlasting salvation and his eternal destiny and his immortal soul and his resurrection body and his glorified body and his heavenly home and his crown of glory and his throne and his kingdom and his eternal inheritance. Every time a man violates any law of God he is in danger of losing his soul and his life and his body and his mind and his spirit and his everlasting salvation and his eternal destiny and his immortal soul and his resurrection body and his glorified body and his heavenly home and his crown of glory and his throne and his kingdom and his eternal inheritance and his everlasting reward. Every time a man violates any law of God he is in danger of losing his soul and his life and his body and his mind and his spirit and his everlasting salvation and his eternal destiny and his immortal soul and his resurrection body and his glorified body and his heavenly home and his crown of glory and his throne and his kingdom and his eternal inheritance and his everlasting reward and his everlasting punishment. Every time a man violates any law of God he is in danger of losing his soul and his life and his body and his mind and his spirit and his everlasting salvation and his eternal destiny and his immortal soul and his resurrection body and his glorified body and his heavenly home and his crown of glory and his throne and his kingdom and his eternal inheritance and his everlasting reward and his everlasting punishment and his everlasting damnation. Every time a man violates any law of God he is in danger of losing his soul and his life and his body and his mind and his spirit and his everlasting salvation and his eternal destiny and his immortal soul and his resurrection body and his glorified body and his heavenly home and his crown of glory and his throne and his kingdom and his eternal inheritance and his everlasting reward and his everlasting punishment and his everlasting damnation and his everlasting torment. Every time a man violates any law of God he is in danger of losing his soul and his life and his body and his mind and his spirit and his everlasting salvation and his eternal destiny and his immortal soul and his resurrection body and his glorified body and his heavenly home and his crown of glory and his throne and his kingdom and his eternal inheritance and his everlasting reward and his everlasting punishment and his everlasting damnation and his everlasting torment and his everlasting misery. Every time a man violates any law of God he is in danger of losing his soul and his life and his body and his mind and his spirit and his everlasting salvation and his eternal destiny and his immortal soul and his resurrection body and his glorified body and his heavenly home and his crown of glory and his throne and his kingdom and his eternal inheritance and his everlasting reward and his everlasting punishment and his everlasting damnation and his everlasting torment and his everlasting misery and his everlasting woe. Every time a man violates any law of God he is in danger of losing his soul and his life and his body and his mind and his spirit and his everlasting salvation and his eternal destiny and his immortal soul and his resurrection body and his glorified body and his heavenly home and his crown of glory and his throne and his kingdom and his eternal inheritance and his everlasting reward and his everlasting punishment and his everlasting damnation and his everlasting torment and his everlasting misery and his everlasting woe and his everlasting ruin. Every time a man violates any law of God he is in danger of losing his soul and his life and his body and his mind and his spirit and his everlasting salvation and his eternal destiny and his immortal soul and his resurrection body and his glorified body and his heavenly home and his crown of glory and his throne and his kingdom and his eternal inheritance and his everlasting reward and his everlasting punishment and his everlasting damnation and his everlasting torment and his everlasting misery and his everlasting woe and his everlasting ruin and his everlasting destruction. Every time a man violates any law of God he is in danger of losing his soul and his life and his body and his mind and his spirit and his everlasting salvation and his eternal destiny and his immortal soul and his resurrection body and his glorified body and his heavenly home and his crown of glory and his throne and his kingdom and his eternal inheritance and his everlasting reward and his everlasting punishment and his everlasting damnation and his everlasting torment and his everlasting misery and his everlasting woe and his everlasting ruin and his everlasting destruction and his everlasting perdition. Every time a man violates any law of God he is in danger of losing his soul and his life and his body and his mind and his spirit and his everlasting salvation and his eternal destiny and his immortal soul and his resurrection body and his glorified body and his heavenly home and his crown of glory and his throne and his kingdom and his eternal inheritance and his everlasting reward and his everlasting punishment and his everlasting damnation and his everlasting torment and his everlasting misery and his everlasting woe and his everlasting ruin and his everlasting destruction and his everlasting perdition and his everlasting damnation. Every time a man violates any law of God he is in danger of losing his soul and his life and his body and his mind and his spirit and his everlasting salvation and his eternal destiny and his immortal soul and his resurrection body and his glorified body and his heavenly home and his crown of glory and his throne and his kingdom and his eternal inheritance and his everlasting reward and his everlasting punishment and his everlasting damnation and his everlasting torment and his everlasting misery and his everlasting woe and his everlasting ruin and his everlasting destruction and his everlasting perdition and his everlasting damnation and his everlasting torment. U. F. A. Elects New Officers

The Tofield Local of the U.F.A. is off to a good start for 1925. A good number of members met on Saturday, January 10th, this being the date set for the annual meeting and election of ...

After the reading of the minutes of the previous meeting, the President called for nominations for president for the ensuing year. Mr. Cox, opposition, Mr. C. W. Piper was elected vice-president, and Johnston Ferguson re-elected secretary-treasurer. Directors, John Logan, J. W. Warner, J. Gladue, T. E. Seal, F. W. Wild, Geo. Wood, C. Moon, W. Moreau. The delegates chosen to attend the convention to be held in Calgary were Geo. Abernethy and Johnston Ferguson.

As Mr. D. W. Warner was present it was decided to table the rest of the business and call on Mr. Warner to address the meeting.

Mr. Warner gave those present a very interesting talk after which a great number of questions were asked, which were answered to the satisfaction of all.

Our next meeting will be held on Saturday, January 31st, when the delegates will bring a full report of the doings of the convention. Everybody welcome.

PROMPT PAYMENT BY CONTINENTAL LIFE INSURANCE CO. PLEASES BENEFICIARY

Tofield, Alta.,
January 17th, 1925

The Continental Life Insurance Co.,
Toronto, Ontario.

Dear Sirs:

I take pleasure in acknowledging receipt of your company's cheque for $2,000.00 being settlement of the claim under policy No. 81999 on the life of my late husband, George Whyte. I might say that this policy was taken out on August 18th, 1924, and one premium of 182.10 was all that was paid on same. I appreciate this prompt settlement very much as well as the courteous treatment that I have received from your provincial manager, Mr. James Q. Foy. Whenever opportunity presents itself, I will certainly recommend your company to my friends.

Yours very truly,
MILDRED ADMIRE WHYTE

The Continental Life Insurance Co.,
James Q. Foy, Provincial Mgr.,
304, McLeod Bldg.,
Edmonton, Alberta.

To Rent—Five room cottage, just vacated by Mr. and Mrs. Todd. Furnace and gas. Immediate possession. Apply to Mrs. W. Webb, 'Phone 43, Tofield.

See "Flaming Barriers" at the Variety Theatre on Saturday night. It is a thrilling picture.

Annual Church Meeting

On Friday night of last week in spite of the inclement weather a goodly number of people assembled at the United Church to attend the annual meeting and supper of the congregation. The ladies had prepared an excellent supper and the tables being comfortably filled it was done full justice to.

After supper the meeting opened with the hymn "O God Our Help in Ages Past," followed by prayer.

Mr. J. Rogers then took the chair and reports were given by the leaders of various departments of church activities.

Ted Faridis, on behalf of the Sunday school, gave a report that showed the school to be making steady progress. Figures from previous years were included in the statement given and it was gratifying to note the steady and continuous growth of this part of church work. The Sunday school had materially assisted the mother church's helping to pay for the gas installation.

The Trail's report was given by B. Bourcier and Bert Swift and showed that the Trail's group was not only a real live institution of benefit to the boys, but was also a real support and assistance to the church itself.

Willie Worton gave a report on behalf of the Trail Rangers, which showed that this branch too, was a active organization and one that was doing its "bit" towards the general work of the church.

Mrs. Cookson reported for the Missionary Society and greatly praised the gathering up-to-date of the Society had met in full its obligations towards missions.

Mrs. Lewis, for the Ladies' Aid gave a report that reflected great credit on the organization. During the year they had collected $420.00 the greater part of which had been used for the improvement of church property. A vote of thanks was tendered the Aid.

Mr. Jobb, as secretary, reported for the Board of Managers, this report being in the nature of a financial statement of church affairs.

Rev. Watt reported for Members at Session.

It was then announced that Mr. D. W. Jacobs had resigned from the Board of Management and that the terms of L. C. Hay and J. W. Cookson and A. J. H. McCauley had expired. The foregoing three were elected adds O. B. Elliott elected in place of D. W. Jacobs.

Mr. John Lee, sr., was then elected to the Board of Trustees.

A number of votes of thanks were then tendered various individuals for their generosity to the church. Considerable enthusiasm was announced when a vote of thanks was accorded Mr. McCauley for his services as organist. It was recalled that Mr. McCauley was always at his post winter and summer and in an unobtrusive way rendered great service to the church.

The gathering went on record as being unanimously in favor of church union.

The meeting was then brought to a close with the singing of the hymn, "Blest Be the Tie That Binds," followed by the benediction.

Tofield Lose to Dominion Motors

In a fast and furious hockey game here on Wednesday night, Tofield went down to defeat before the Dominion Motors of Edmonton. It was a defeat with honor, however, as faced with a four-goal lead, the locals let their stride and cause within an ace of losing the game. The last period was accordingly filled it was done full justice to.

After supper the meeting opened with the hymn "O God Our Help in Ages Past," followed by prayer.

Mr. J. Rogers then took the chair and reports were given by the leaders of various departments of church activities.

Ted Faridis, on behalf of the Sunday school, gave a report that showed the school to be making steady progress. Figures from previous years were included in the statement given and it was gratifying to note the steady and continuous growth of this part of church work. Budget of Country News

KITCHAMOOT

We are glad to hear our Burdo correspondent, Mrs. Mill, returned home safely.

Mrs. Peter Lee has been caring for the new daughter, Betty Joyce at the Lee home.

Henry McGinnis returned home from the hospital on Friday evening.

Miss Jean Dickson spent the week end with Mrs. R. Wildman.

The Missionary Aid Society held their annual meeting at the home of Mrs. G. W. Sears, last Wednesday afternoon. A good attendance was present in spite of the severity of the weather. Reports of the past year were read by the secretary, Mrs. McGinitie, showing a very successful year. For the first time a sum of $100 was put by toward the building of a church. The following officers were elected: President, Mrs. Chas. Whitlam, Vice-Pres., Mrs. J. Appleby; Sec.-Treas., Mrs. J. McGinitie. Refreshment committee, Mrs. J. Appleby, Mrs. R. Wildman, and Mrs. A. Williams.

Plans were made to hold a social evening at the home of Mr. and Mrs. Chas. Whitlam next Wednesday evening, January 28th, everybody welcome. Coffee and sandwiches, cake and jelly will be served.

John Lee of West Kirkhamoot, Jos Sutton and Leslie McGinitie sawed wood for different families last week.

Mrs. Webb returned to her home near Edmonton on Thursday, after spending a few weeks with her daughter, Mrs. Fred Sutton.

Mr. and Mrs. Wesley Ingram were guests of Mr. and Mrs. W. E. Mitchell on Sunday.

Mr. and Mrs. W. A. Mitchell visited the former's father and mother, Mr. and Mrs. H. Mitchell on Sunday evening.

KINGMAN

Kingman school re-opened on Thursday, January 15th with Mr. Berry teaching.

Mr. Scott Johnson returned on Saturday from a two months visit in the States.

The basket social and dance held in the Grandhead school on Friday, was a success as a large crowd turned out. The music was furnished by Mabel and Oscar Ergs.

Mr. and Mrs. Oscar Johnson, Mr. and Mrs. A. A. Brouwer, Mr. Henry Johnson and Mrs. H. A. Paulsen were the guests of Mr. and Mrs. T. J. Hogan on Sunday.

The fans see action. Lewis played a good defence game. This is Allen's first season with senior hockey, and it is a pure or no since he played rep ularly. He is coming along fine. South Tofield in goal was not so brilliant as usual but turned in a pretty fair game just the same. His brother Lloyd on the forward line in the absence of Lewis played a good game and is a clever player. All the players were good and were a hard team to up against.

To meet the requirements of one and all, we have now added to our line of Radio Machines, a wonderful little machine selling at fifty dollars. This new given us time selling at approximately, $55, $100, $150, $175, and $200.

We want to demonstrate to you because we know we can deliver the goods and satisfy you. No matter how dubious you may have been. We will be very pleased to arrange a demonstration of one or more of these machines either in town or at your own home. The putting up of an aerial is a very easy matter and takes very little time.

GET THE BEST FOR YOUR MONEY.

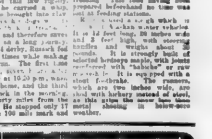
Up to the end of October, 1924, more than 1,000 circulating libraries were in operation in Saskatchewan as compared with about 800 at the same time in 1923. The former number of families reading each book is 12. Show then half a million volumes were circulated by these libraries during the year.

A large wooden, tar-paper lined shed erected over the spare provided for the structure and hoisted by thousands of feet of steam vein connected with the boiler house, which provide a summer-like atmosphere for the carrying on of construction, is an interesting and novel feature of the arrangements made to combat the difficulty of building the new wing of the Chateau Lake Louise, the Canadian Pacific Railway's famous Rocky Mountain hotel, under winter conditions. Thanks to this innovation, the wing, despite frequent drops in temperature to far below zero, is progressing excellently and the contemplated opening is to be ready for next summer's tourist season.

Let Your Banker Collect It

If you wish to collect a debt from a party in another section, you can have your banker draw a draft on him at sight or for a given time. This will be presented through his local banker as request for payment from you. When your draft is paid it is turned over to the payer. It is his receipt for an account paid.

This is only one of the numerous ways in which the Bank of Montreal can be of service to its customers.



"A Bank It Were Small Answers Any Welcome"

BANK OF MONTREAL

Established over 100 years

Total Assets in excess of $700,000,000

Here and There

That Hollanders who have located in Alberta are making good and are satisfied is the statement of Baron W Van Heemskerc, of Beiseker, after a recent tour of investigation.

The formation of a mining bureau as a branch of its activities is announced by the Winnipeg Board of Trade. The bureau is to collect data on the mining situation in the province and will do everything possible to foster mineral production in Manitoba.

Tourist traffic in Canada this year is likely to constitute a new record, in the opinion of the Commissioner of Parks. No estimate has been compiled as yet but the figures for 1923, which were carefully estimated at $150,000,000, indicate the value of the traffic to the Dominion.

A WOMAN'S SUFFERING

Relieved by Lydia E. Pinkham's Vegetable Compound

Lydia E. Pinkham's Vegetable Compound is a wholesome medicine for the ailments of women. It is prepared from roots and herbs and contains no harmful drugs and can be taken by the nursing mother.

It is worth its weight in gold to the mother, for it relieves pain, strengthens and tones up the entire system, and makes childbirth comparatively easy.

For over forty years it has been relieving the pain and suffering of women, and we have thousands of letters like the one above from grateful women who have been restored to health by its use.

If you want special advice about your case, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

For 20 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. Don't hesitate—write today.

HAD BAD SPELLS WITH HER HEART

Mrs. F. Mac in RR No 2 Orillia, writes: "For years I have been troubled with my heart so bad at times I thought I would die. The smothering spells and pains in my heart would be terrible—sometimes so much so that I would have to sit down and rest. I had to give up my housework. I was so nervous I could not sleep at night. I had pain and no appetite. I was induced to try Milburn's Heart and Nerve Pills and after using a few boxes I am feeling fine. I can do my housework and sleep well at night. I have a good appetite and I am not nervous. I am glad to recommend Milburn's Heart and Nerve Pills."

Price 50c. per box, 3 boxes for $1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co. Limited, Toronto, Ont.

Wong Jewelry Co. Tofield

In a circular describing a valuable booklet on poultry issued by them, the Bank of Montreal says:

"IT IS THE PROFIT AND THE PROFIT ONLY THAT COUNTS."

And they are right. Gone are the days when raising a few steers and growing a "patch" of wheat sufficed for a season. The farmers of Central Alberta who are making progress and who are erecting permanent and comfortable homes, are almost without exception "milking cows." The cream cheque is as regular and sure as a weekly salary, and at the same time, is something better.

Milk comes to the limit of your holdings, steadily improve your herds, sell your cream to us, and the profit will surely appear.

Hockey

The tid bit furnished by the hockeyists this week was an encounter with Ryley in which the locals were all to the good. The score 9-2 in Tofield's favor does not give a fair report of the game, as on the run of play Ryley deserved a less severe defeat. The Ryley players showed well, used combination and at all times put up a real battle, but could not beat Smith in goal, who played a sparkling game.

On the night's play there was no question what was the best team on the ice, nevertheless, Tofield were lucky to finish the first period two goals ahead. The play favored Ryley. The second period was more even, but as goal after goal was scored by Tofield, Ryley showed signs that in the end were easy pickings for the locals.

The third period, however, found the visitors with a fighting spirit and it was at this period they scored their two goals. The game was tough throughout, and Tofield continued to score at a time until time was called when the score keeper counted nine on their account their favor and two in their favor and two for Ryley.

TOFIELD TURNS vs. CAMROSE

First period opened with Camrose in possession and Glen Woods had to stop three shots in rapid succession. Percy Wallis took the puck up but was robbed and pin came down to Tofield's goal, but was stopped and reversed again. After 7 minutes of play, Percy Wallis and Pete Erickson combined and the latter netted the puck on a pass from Percy. Then Percy Wallis took the rubber up a zone and made a beautiful goal, but it was disallowed. Later, after ten minutes of play, Ted Pardie put in another, during a scramble around the Camrose goalie. Period was mostly Tofield's, in combination play and checking.

The second period opened fast, both teams working hard. Play kept around centre ice for three and a half minutes, when Ray Hingley took a try for goal. After four and a half minutes, Earl Sears contrived to get one past Glenn by shooting from centre ice. The goalie did not even see it. Half a minute later Ambrose Yakabuski took a pass from Ted outside defence and shot the disc at the Camrose goalie. The rubber bounced off the surprised goalie's shoulder in to the net. A few moments later Earl Sears shot and Percy Rowland slid forward to stop the puck, in so doing he slid into the cage himself, the rubber with him. Score stood at 5-2 for Tofield. One minute after resumption of play, D. Fisher duplicated the feat of Earl Sears. Within minute to go Ambrose Yakabuski checked Rolly Fisher, took the puck and shot outside defence, scoring another goal. The period ended with the score 4-3 for the Tofield sextette.

The third period had hardly opened when one of the Camrose men made a brilliant dash down and scored. The visitors seemed determined. With the score even the play dime dodged back and forth. With about three minutes to go John Fisher made a wild dash and scored. It was nicely done from inside defence. Glenn hadn't a chance. Tofield rallied a little at this and sent up four men to bombard the visitor's stronghold, but without success. When time was called the visiting team were the ones to lead the cheering, score 5-4.

Mr. and Mrs. E. Erickson, Mr. and Mrs. Thos. Fisher were the guests of Mr. and Mrs. C. R. Bychert on Monday evening.

Mr. and Mrs. Norman Ellis and son, of Hastings Lake to the well known "Crowsnest Wagon". Although no hardships were encountered only breaking trail through drifts and one John upset his sleigh load. Oh you John, Oh you Bill. Still all present report the "hardships" well worth it. It was a real surprise too, caught the Ellis's napping alright. Whist was the order of the evening and seeing it was last week we have forgotten the names of the prize winners, but that doesn't really matter does it?

We would advise all and sundry, etc., etc., to be surprised for those surprises. One party we know of and who is expecting a night's surprise, is in favor of haste to get the supper things washed up and all tidied, and woe betide the male folk if they delay supper a few minutes. Oh! the society functions! They're dreadful! A dog may behave!

Mr. and Mrs. T. J. Corcoran and family moved to Tofield, this week. Where Mr. Corkman will take over the section foreman's job there, and Mr. Rodger and family formerly of Tofield are now at Lindbrook.

Messrs. Ann Rogers and J. Bailey paid a visit to Edmonton on business this week. It is said that Mr. J. Bailey has bought Mr. Rogers' farm and will move thereon shortly.

Mr. W. Glenn has accepted the office of chairman of the trustees of the Lindbrook School District, vice Mr. Rogers, resigned, this will necessitate the election of a new trustee. It would be an idea to take the opportunity of thanking Mr. Rogers on behalf of the ratepayers for his long and unselfish services for a number of years as trustee, and wish him all the best of luck in his new ventures. Mr. W. Glenn his successor has been in office as trustee for nine years and is starting on another three year term, so we imagine that he knows all that there is to know about this trustee business, and feel that it is in capable hands.

Lindbrook school re-opened Jan my 12th, everything and everybody as before.

Mrs. and Miss E. Sverberg went to Edmonton with Miss E. Svenberg who returned to her home there. Mr. and Miss E. returned home this week end.

Mr. Leal McQueen [illegible] ... [illegible] ... expect at it, and we hear that a ... of the grown ups contemplate learning and forming a ski club. Oh you Mr. Mortal Wow!

Poultry Winnings

Tofield poultry fanciers and breeders are certainly did at well at the big show he dat Edmonton last week. Mr. Hardy also won a number of awards at the Calgary exhibition.

MRS. COOKSON

Turkeys—1st for 2-yr-old male, 1st for 2-yr old female; 1, 2, and 3, for yr-old tom; 1, 2, 3, for yr-old female; 1, 2, 3, 4, for young males; 1, 2, 3, for young females; 1, champion male, cup to be won three cars in succession goes with this.

Geese—1 for old Toulouse gander; 2 for old Toulouse goose; land2 for young gander; 1 and 2 for young goose.

Guinea Fowl—1 and 2 for old cock; 1 and 2 for old hen; 1 for young cock 1 for young hen.

Ducks—1 for B.O. drake; 1 for B.O. duck; 1 for young drake; 1 for young duck.

Chickens—1 and 3 for White Leghorns, cup, 200 eggs and over, 1 for six dozen dressed cockerels; 1 for six dressed turkeys; 3 for dressed pullets; 2 for dressed turkey hen.

E. M. HARDY

At the Provincial Show, Calgary, in December.

Buff Orpingtons—Three first out of five; champion bird in buffs; best young pair; best exhibit of Buff Orpingtons, best exhibit of Orpingtons. All varieties. Having won the latter special prize for three successive years the big Calgary Association has up now a permanent future in Tofield.

At Edmonton—Three firsts out of five; champion male; champion female; best display in English breeds.

For four years Mr. Hardy has been the leading winner at Edmonton, Calgary and Saskatoon.

A meeting of the U.F.A. is called for Saturday, February 7th, at 2 p.m. The meeting will be held at the Town hall and is for the purpose of attending to unfinished business and hearing the report of the delegates to the convention recently held at Calgary.

News From The Country

"Women's Institute

A splendid gathering greeted Mrs. Gates on Friday afternoon although the weather was not a bit necessary, dating, being so cold and windy. However, even those who came the longest distance felt fully repaid as Mrs. Gates talk was most instructive, full of enthusiasm and vim and one that those present will carry in memory for a long time. Mrs. Gates' talk was based on her trip to England and the evidence with which she piloted Wembley before us was most remarkable. Mrs. Gates assured us that she looks on as an example to other institutes as we own our build-

Saturday at the home of Mr. and Mrs. J. R. Ingram. On returning home from a visit at the D. M. Mitchell home, Mrs. Henderson was met by a very pupils await him at their gate and threaten to report him, to numbers of the staid sometimes he makes an error—perhaps in his ... and 20 were present and a very enjoyable afternoon was spent.

Mr. and Mrs. Orven Hershberger are still in the States visiting relatives.

There is to be a meeting of the Bardo U.F.A. at the School house Friday evening, January 30th.

Mr. Gordon of Ryley will talk to the young people at the Lutheran Church on Sunday evening, February 1st.

The U.F.A. Man

brings our rural mail-only said

He man who drives the mail that brings our rural mail looks often half depressed, and round out and gale; sometimes he looks disgusted as if the world were wrong, as if he couldn't master the shadows of a song. Well, here's no ample reason for him to have the blues; perhaps a dozen reasons, a hundred, if you choose. For instance, many people put letters in his box with twenty-seven pennies in disconnected folds, then think the hurried driver should gather up the mess, then stamp and start each letter to its required address. Some people put in letters and then loosely fail to raise the flag portraying the presence of the mail and so of course, the driver, if he has naught to drop, has no real way of knowing that he's supposed to stop. The next day another people await him at their gate and threaten to report him, to numbers of the staid sometimes he makes an error—perhaps in his ... and 20 were present and a very enjoyable afternoon was spent.

THE TOFIELD MERCURY

Published Every Thursday at Tofield, Alberta

Thursday, January 29, 1925

W. Worton, Publisher

On this page will be found the day and resolution day which is on annual financial report of the Town of Tofield and the Tofield School District. The publication of these statements is a matter of law and is so ordered so that the ratepayers may see how the finances of the town have been handled during the past year. The statements appears before the annual ratepayers meeting which is on Friday, they have handled a difficult situation

There is now every promise that our debenture indebtedness will be extended over forty years and this means that the most pressing and immediate financial obligations will be solved. In the long run it means paying out more money to debenture holders in interest, but that is a part of the business. The task was to find a way to avoid increasing taxation and at the same time meet obligations as they fall due.

All ratepayers should read the statement and attend the annual meeting on Friday.

Auditor's Financial Statement 1924

TOWN OF TOFIELD

Statement of Assessment and Taxation

FOLLOWING OUR MESSAGE OF THE PAST TWO WEEKS, WE ARE ANNOUNCING A "BUSINESS — ADVERTISING — FARMER" PLAN THAT SHOULD APPEAL TO THE FOREMOST FARMERS OF THIS DISTRICT.

RAISERS OF PUREBRED STOCK, GROWERS OF SELECTED SEED GRAIN AND OUTSTANDING PRODUCERS OF ANY FARM PRODUCT ARE AS MUCH BENEFITTED BY ADVERTISING AS ARE MERCHANTS IN ALL LINES OF BUSINESS.

IF YOU HAVE A PRODUCT THAT WILL COMMAND A BETTER PRICE THAN GIVEN BY THE MARKET, INFORM YOUR NEIGHBOR THROUGH THE COLUMNS OF THE LOCAL PRESS.

THERE IS ALWAYS A DEMAND FOR THE BEST.

To make it easy for progressive farmers to do this, we will run a two inch double column space for 52 weeks, and supply 500 Letterheads, 500 Envelopes, and 200 business cards for $56.00. This offer is for farmers only, and may be withdrawn at any time.

In a circular describing a valuable booklet on poultry issued by them, the Bank of Montreal says:

"IT IS THE PROFIT AND THE PROFIT ONLY THAT COUNTS."

And they are right. Gone are the days when raising poultry was considered growing a "patch" of wheat sufficient for a season. The farmers of Central Alberta who are making progress and who are erecting permanent and comfortable homes, are almost without exception "milking cows." The cream cheque is a regular and sure one, a weekly salary, and at the same time, is something better.

Milk cows to the limit of your holdings, steadily improve your herds, sell your cream to us, and the profit will surely appear.

3rd. Term as Mayor

The best of engines will miss fire occasionally and the Mercury missed fire last week when reporting the election by acclamation of the councillors and school trustees. In writing this report we omitted to mention that Mayor McCauley was also re-elected by acclamation. This is Mayor McCauley's third consecutive term, and is standing testimony to the respect and esteem which the citizens of this town have at all times accorded him. Mayor McCauley has admirably filled the office in the past and in company with the rest of the town the Mercury wishes him the best of good fortunes during the term which has just commenced.

W.I. NOTES

Our fourth annual banquet was held on Tuesday evening of this week, 33 gathering around the festive board. An address of welcome to this year's new members was given by the president, also a few remarks by the secretary, after which "Oh Canada" was sung. After the banquet was cleared off to a good start, the usual good jokes were told, and the ladies, those caused, was sure to help discussion. The jokes were interspersed by a parody to the tune of "Auld Lang Syne," written by Mrs. Dodd, and sung by the members. After the "eats" were finished, Mrs. Pascoe sang a parody on "How do do," which gave different members an idea of what they shine in most. To this Mrs. Ward responded in like manner. Mrs. Dodd, vice-president, then presented a book to the officers of the past year, after which Mrs. Pascoe gave a reading. Although Mrs. Baptist was unable to be with us on account of sickness in the family, she gave us a parody to the tune of "Little Brown Jug," sung by the members, and was much enjoyed. The last number was a duet sung by Mrs. Allen and Mrs. Pincott, which was very well received. The members then rose and sang "Good Night Ladies," and left with most pleasant memories of our fourth banquet.

There will be a whist drive given in our room on Thursday, Feb. 25th. The public is cordially invited to come and spend a pleasant evening. You may get tab prize, who knows? An excellent lunch will be served, admission 35c.

Will the person who borrowed our large steam bottle, kindly return it at once, as we need it for heating water for clothes.

On Saturday afternoon a hockey game was played between Ryley intermediates and Tofield Tuxis Boys at Tofield. The local boys'd were successful in winning by a score of 6—4.

E. McIntosh, manager of the Tofield Creamery visited Calgary last week attending the Dairymen's convention there.

Correspondence

February 8th, 1926.

To The Editor:—

Dear Sir:

At a large meeting of the Liberal Association of the Ross Creek district we hereby ask Mr. Walker, through our paper to stand as a candidate for the Vegreville riding for the Dominion Election. We know he was the choice of the majority of the delegates at the liberal convention held at Lamont on January 22nd. There was a chance for a dispute, the convention[illegible] the convention held the ballots up, showing the delegates how to mark their ballots with a cross in front of the candidates name for whom they wished to vote. After the vote was taken and the scrutineer and chairman were counting the ballots, they had three spoiled ballots to one side, two of these were for Walker and one for Gordon, then when the ballots that were in the Vegreville box were counted, he would have had a majority of two votes. Now these are facts, as was the convention."

The trouble at the convention was caused by the chairman counting the Spoilt ballot of Gordon's and giving Walker's out. This was done to make the tie and he could vote in favor of Gordon. This was all seen by both Mr. Power and Mr. Simmons who immediately made it known to the convention. We know this is the cause of the dirty slander against these two men which was published in the Vegreville Observer on Jan 28th, also slander against Mr. Walker and his supporters. We would like to ask Mr. Gordon how he expects to win an election by receiving the nomination by those methods and without the support of Mr. Walker and his supporters. Believing in fair play and honest elections, he will get the support from that quarter. We the Ross Creek Liberal Association are glad to know that the liberals of Two Hills, Whitford, north to the river and west to Fort Saskatchewan, south to Hay Lake, have organized and are going to support Mr. Walker, who won the convention and will win the riding against all comers. Mr. Walker is an honorable man, in spite of some of the leaders double crossing him. He has 16 years experience as a member of parliament, is a man of principle and ability and will make a valuable man for the riding of Vegreville to have at Ottawa.

Yours truly,
R. F. WILLIAMS,
Secretary Ross Creek Liberal Association.

News From The Country

BARDO

The Young People's meeting at the Lutheran Church on Sunday evening was well attended. Reports of delegates who attended the convention at Camrose were read. The new officers at Bardo are Pres. Betty Moss, vice-president, Bernard Anderson, secretary-treasurer, Hazel Parker. Programme Committee, Gudrun Nass, Hazel Rossing and Herbert Parker.

The Carnival on the ice Friday evening was a great success. About 60 old and young joined in the fun. Several noted people (in costume) were present.

Eldon, infant son of Mr. and Mrs. Ivar Moen has a mild case of scarlet fever and the family are quarantined. Because of this, several meetings which were scheduled for this week have been postponed.

The joint meeting of the Cemetery Society, Aid Society, and Thimble Club, which was to have met with Mrs. W. E. Parker on February 18th, has been postponed to Wednesday, February 25th. Members please take notice.

Mr. and Mrs. Emile Rude, who have been spending their honeymoon at the home of Clarence Rude, moved Monday to their home near Ryley.

Mr. and Mrs. Steen and Mrs. John Yoder attended the anniversary at Thor Horte's at Kingman, Monday evening.

Mr. and Mrs. P. O. Lerbekme and children visited relatives in Bardo last week.

LINDBROOK

The dance given by Mr. and Mrs. W. Glenn, in the new addition to their house last Friday evening was exceptionally well attended. Spidell's orchestra supplied the music and were relieved at the piano at intervals by Miss J. Dickson and at the violin by Mr. Leslie McGuire. Mr. Glenn was M.C. and kept the ball rolling right along. This dance lasted long or than usual which says louder than words that the dance was a dandy.

Mr. and Mrs. Lepine made a trip to Edmonton this week to visit Mrs. Lepine's father who was seriously ill in hospital there. Later reports we are glad to hear, are to the effect that the old gentlemen is out of danger.

Mrs. W. Souter of South Edmonton spent the week and with her friends on the Hooper-Holland farm here. Miss Audrey Hooper returned home in Mrs. Souter's company, Meg Hoop er having been spending a few days with friends in Edmonton.

Mrs. Bodner and daughter, Victoria spent a few days visit ng her father at Leduc, her father not being in the best of health.

Mr. and Mrs. Audrey Scott paid a visit to Edmonton this week on business.

Mr. M. Mansbur, the "station agent" has returned, go roll along your cream cans and letters as usual.

The meeting to elect a school trustee to fill the vacancy caused by the resignation of Mr. Rogers was very poorly attended, still it shows that there's faith abounding in this district in such others integrity, etc., and probably good enough for it too, at least we hope so. Mr. E. W. Hooper was elected to the position and accepted same.

Mr Ben Wildman, who recently underwent an operation for hernia at the Camrose hospital is progressing very favorably.

Dr. D. A. Cleaver paid a visit to Lindbrook this week.

Mr. A. Rogers also was a visitor to the city this week.

Mr. Lesby made a business trip to Edmonton this week.

A pig belonging to Mr. Painter tried to hold up the way freight on Monday, result, portions of pig distributed at intervals between here and Tofield.

Mr. Oscar Kortzman visited his brother, Frank at Ryley, this week.

The ORANGE PEKOE is extra good. Try it!

Illogical and Unsound

In dealing out relief to the tariff nobody as an economic question and with equal force and partisan bias—which, by the emphasis it should have on humanitarian grounds, may be deemed the present power of Canada's textile trade—protected in Eastern points.

It is believed that with some 25 woollen and knitting mills now found [illegible] industries in worse than depressed, that, in fact, a [illegible] is the worst industry. Yet the textile industry is one of the prominent enterprises in Canada. True it claims that its tariff protection is [illegible] and that the real burden of its present complaints is that [illegible] Canadian industry cannot compete successfully with the mills of Great Britain and the continent of Europe. So the tariff should be framed in order to protect such [illegible] into Canada so low as to [illegible].

But consumers of Canadian mills—served if the tariff was made twice as high as it now is." According to the authority quoted in the review already referred to, Canadian mills are never but as efficient as those of Lancashire, that extensively Canada is well adapted to the business of spinning and weaving, and that our Canadian workmen and workwomen are equally well qualified for the work. Then what is the difficulty?

In the first place it is stated that the sheep raising industry in Canada has been sadly neglected, that we should have twenty millions sheep instead of, less than a million, and in this connection it is pointed out that Great Britain in her small area supports twenty four millions. As a consequence Canadian mills are forced to import their raw materials, for which they last year [illegible] paid in 1922.

The second difficulty confronting the Canadian mills is said to be the cost of labor, and it is asserted that the rate paid in the textile mills of Great Britain are only one half those paid in Canada, while on the continent wages for those workers are only one-quarter to what is paid in this country, and the statement at the latter fact in the mills approximates the cost of raw materials, that it is easy to figure out why Canadian mills cannot compete successfully with British and continental mills.

In the third place it is pointed out that the tariff on woollens and knitted goods entering Canada has been lowered rather than increased, and for this reason [illegible].

What the [illegible] is [illegible] review, is home-grown raw material, cheap labor and sufficient protection against British and foreign goods.

There are two ways by which cheaper labor can be secured in Canada. One is by reducing the higher standard of living prevailing in Canada as compared with Great Britain and the Continent, but the Canadian workman and workwoman do not wish to have their standard of living lowered, nor do the people of Canada as a whole desire such a condition. So it would seem that it will be welcomed in this country. It would be bad business for the whole [illegible].

The other way is to reduce the tariff on all those things which the workers must have and thus, while not reducing the standard of living, reduce it per cent. abnormally high rents. If it did not cost the workman so much for food, clothing, provide for his children and make provision for his old age, he could afford to accept a somewhat lower wage. But on hand as the workers have to pay top prices for everything he must have, not so long must he be paid higher wages, and higher wages than in Great Britain and elsewhere where artificial means are not employed to protect industries and thus keep up the cost of living for everybody.

And how is the sheep raising industry in Canada to be encouraged? Much as they believe in tariff protection for themselves, the textile manufacturers would hardly welcome the imposition of high tariff duties on raw wool. This would [illegible] to make them have to pay too much more, and they want to be able [illegible] sufficient quantities at lower prices. But [illegible] Canadian [illegible] to be [illegible] quantity, so [illegible] required to [illegible] Large [illegible] and other [illegible] supplies in a handy [illegible] for the mills. Many farmers [illegible] to [illegible] and [illegible] [illegible] [illegible]

FATHER AND SON

*Some years ago, an elderly man, one who's judgement we valued highly, told us he had only one real regret in life and that was that he had not been a more perpetuate his name. While he was not wealthy, he was in possession of sufficient funds to rear his home and to take a trip around the world to assimilate an interest in his sphere. If, as it is generally assumed, hindsight is better than foresight, rather with growing years, I wonder have more wealth than I have. Not in the years that are behind me, but in the years that are to come. I wonder have I more wealth in the form of which plainly I can see the first form of which plainly I can see the first form of which plainly I can see the first

PAINS IN BACK AND SIDES

Ended by Taking Lydia E. Pinkham's Vegetable Compound

Tupper, Sask.—"For two or three days every so often I would have such pains in my back and sore ones that I could not do anything—could not even be quiet in bed. I would try to rest and I was like a nervous wreck. I was a big help to me ... since I took it I feel much better, I sleep well, my back does not pain me, I have a better appetite, and I can do my housework. I gladly recommend Lydia E. Pinkham's Vegetable Compound to any woman who suffers as I did."—Mrs. Frank Tupper, Box 31, Tupper, Saskatchewan.

If you have slight trouble it causes a general feeling of nervousness, backache, nervousness, painful times, irregularity, low ache and headache ... other forms of female weakness.

Why not try Lydia E. Pinkham's Vegetable Compound a trial. This dependable medicine has helped thousands of women and it is worthy of support that it will help you. Try it today. Your druggist sells it in tablet form.

Wong Jewelry Co. Tofield

In a circular describing a valuable booklet on poultry issued by them, the Bank of Montreal says:

"IT IS THE PROFIT AND THE PROFIT ONLY THAT COUNTS."

And they are right. Gone are the days when raising a few steers and growing a "patch" of wheat sufficed for a season. The farmers of Central Alberta who are making progress and who are erecting permanent and comfortable homes, are almost without exception "milking cows." The cream cheque is a regular and sure as a weekly salary, and at the same time, is something better.

Mill cows to the limit of your holdings, steadily improve your herds, sell your cream to us, and the profit will surely appear.

TOFIELD CREAMERY LIMITED

Excellent Concert

On Friday evening last the Tofield Guide and Trail Ranger squares presented a splendid concert to a well filled hall. There were three plays, all of them creating a great deal of laughter, there were also solos, group songs and stunts, which made a well balanced programme.

Special credit is due the Tuxis square for the labor and time given to the preparation of the concert, to the funds will mostly be used to enable the trail rangers to go to camp. Bert Swift, Ted Parsons and Geo Wood and probably a few more have not mentioned did a great deal of work, the benefits of which will be received in the best possible manner by the younger group next summer.

Visitors to Edmonton on Monday included Mr. E. Cookson and Mrs. R. Gibson.

H Rose visited Edmonton during last week

Mr and Mrs. May visited Edmonton on Friday last

Wednesday visitors to the city from Tofield included Mr. H. A. Dash Mr. Victor Lee, Mr. P. Shaffer.

Mr. R. Bethel left for Vancouver on Thursday. He is on his way to Australia.

ROGERS BROS.

Mixed Bonspiel Great Success

During the early part of this week the local mixed bonspiel has been underway. In all, there has been 16 rinks participating, which means 64 people playing. For this bonspiel at least, the general belief that ladies are inferior to men as curlers will have to go by the board. The ladies have thrown rocks equally as skilful as the men and in some cases it was the ladies play that was chiefly responsible for games being won.

There are three prizes to be won in the grand challenge, a secondary and the consolation. There is also a hard luck award. Suitable prizes are awarded to the winners of the events.

The grand challenge was won by the rink composed of Mr. and Mrs. M. C. Hammond, Father Carrier and Miss Violet Taylor. Second in this competition were, Mr. and Mrs. John F. Bell and Mrs. R. Rogers.

The winning rink in the secondary competition was composed of Mr. and Mrs. Cap Lee, Mr. Chamberlain and Mrs. Lee. Those coming second were Mr. Mark Ferguson and Mr. Ward, Hannan and Mrs. Hannan.

The singing of writing the consolation rink had not been played to a finish.

The feature of the banquet was the very keen competition between rinks, many of the games approaching championship form.

Mr. E. Cookson Passes Away

Local residents were shocked and grieved this week end when they heard that Mr. Ed. Cookson an old timer of this district had crossed the Great Divide.

Mr. Cookson was recently taken to an Edmonton hospital suffering from appendicitis, and after apparently a successful operation, complications set in and he passed away on Saturday.

He was 42 years of age and leaves to mourn his loss a widow and three children, all at home. He also leaves brothers and sisters.

The funeral was held on Wednesday, service being held at the Anglican church, Rev. Thatcher, officiating. The church was crowded and a number were unable to obtain admittance, a tribute to the esteem and respect in which the departed man was held. The hymns sung were, "Nearer My God to Thee," "Rock of Ages" and "Abide With Me." Rev. Thatcher gave a short address from the text "Oh Death where is thy sting, O grave, where is thy victory." Interment was made in the Tofield cemetery.

... and both her parents in Edmonton.

Mr. and Mrs. A. McMullen, Mr. and Mrs. J. H. Ingram, Mr and Mrs. G. W. Sears and family, were entertained at the Coombes home on Friday evening.

Mrs. W. A. Mitchell spent Wednesday and Thursday in Tofield last week having dental work done and visiting friends.

Our heartfelt sympathy goes out to the Cookson family in the loss of their husband, father and brother. A Mr. Cookson was well known and highly respected by all in our neighborhood.

Mrs. J. McIlwaine and son are visiting a number of friends in Edmonton this week. Those present were, Mrs. Brohn and family, Mr. and Mrs. H. McIlwaine, Jr. and Stanley Brown, Mary, Dolson and John Thompson and friend, Viola Lorne and Wilfred Lee and Maude Trevitt.

... highly prized home ... a short visit with ... and family at New Norway. No doubt it is well known by many of the disappearance of Mrs. Appleby's canary. Mr. Buck, while away on a trip to the States, Norway had been perched from him since the last of December. It is thought he met with foul play ... as he was carrying considerable money. A wide search is being made by detectives.

Mrs. A. Wallis ... to Edmonton Friday for medical treatment, ... mother still in a critical condition.

To-day (Thursday) a number of lady curlers are curling at the Tofield rink. At time of going to press games are underway.

News From The Country

HINGHAM

Mr. J. Bonnee returned from a two weeks visit in Edmonton.

Mrs. E. T. Severson of Ryley is visiting her parents Mr. and Mrs. Ed. Thompson in Hingham.

Mr. and Mrs. T. Grahn are visiting Mr and Mrs. Nelson in Hay Lake.

Mr. and Mrs. Jos Bonnee of Camrose are visiting friends and relatives in Kingman for a few days.

Miss Sawers, teacher of the Coal Hill School is on the sick list and Mrs. Margaret Harber of Camrose West, is taking her place.

Oscar Erga has been getting some dental work done in Camrose.

LINDBROOK

Everyone here was shocked to hear of the death of our friend and neighbor Mr. Ed. Cookson who was a well known old timer of this vicinity, admired and respected by all.

The deepest sympathy is being felt by all for Mrs. Ed. Cookson and family in their sad bereavement. It is hard to write on such a subject, everyone can hardly believe it true that we've lost our old friend, no eulogies being necessary to extol his virtues, as well known to us all, so please excuse the brevity of this.

Mr. Patterson, P.S.I. supervisor of the district was around here this week, visiting the Lindbrook Inn.

Mrs Brandvig and Miss Ellie Evenberg left this week for Edmonton where they intend residing for a while.

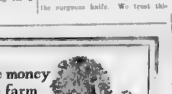
Mr. Jos. Lindberg left last week for his home in Spokane, Wash., U.S.A. where he is employed on the Northern Pacific Railroad. The night before he left there was a farewell party at his fathers place, Mr. E. Lindberg of Hastings Lake.

A one to Lindbrook S.D who is thinking of taking any editions of the Mercury, or whose subscription is ... please remember the school fund. Mrs. Leahy the teacher is in need ... a note from the Journal ... fact that if a certain amount ... her registers or renewals are ... by the school, that some present of baseball stuff and basketball apparatus for the school. Let's make a good one and we will be forth coming, so see the last year or either bring or send in subscription to Mrs. Leahy who will forward same to Journal, and help yourself and kiddies at the same time. Thank you.

Last week we forgot to mention that at the dance given by Mr and Mrs Glenn at their house that after the strains of the orchestra were still, Mr and Mrs Glen kindly donated balance of collection to a fund for ... a new ... for the ... bands and dancers here. The number ... was approximately ... and ... to ... Mrs Glen ... for ... own.

Mr. Bowker has been suffering from an attack of blood poisoning in the face, necessitating the use of the surgeons knife. We trust this ...

He made money on the farm



Of many a farmer retiring to a well-earned rest it has been said, "He made a lot of money on that farm." The fact is that he made no more money than his neighbour, but he saved a great deal more.

Acquiring wealth is largely a matter of systematic spending and saving. Without a definite plan few men get anywhere. Hard work is not enough; the fruits of the work must be conserved.

Save your money regularly. Open an interest bearing Savings Account.

Sunday Services Taken by Boys

On Sunday, February 15th, the annual Boys' Service was held in the Tofield United Church. All the speakers had been up before, Art Cookson who read the Old Testament, being the only stranger to the speakers platform.

Mr. Wallis ... the speaker of the first one he mentioned being R. Brazier, who was referred to as one of the ... Sunday School workers, being in fact a teacher. Reg's subject was "what the boy expects of his Church." He said that he looked for the church to select and train leaders for any group in which he belonged as next speaker, who had "What the Church Expects of the Boy", assuring of that the boy themselves were the very best trained leaders, and that the church no-rower looked to them to supply the pulpits and missionaries of to-morrow. Ray Hingley, another Sunday school teacher, showed very clearly, how the C.G.I.T. re-acts on the home life of the average boy. He showed that an organization that makes the studious boy an athlete, the athlete also a well reformed debater, the stay-at-home ... frequenter an interested boys' work ... the retiring boy a good mixer ... leader in the home—that an organization such as this truly deserved a large place in every community.

Our last year's representative to the Boy's Parliament followed with a rough sketch of the last session, and stated it will volunteer to accomplish in the way of camps, etc., this summer. I think he succeeded in proving that a C.G.I.T. Parliament is in the sense of the word a much parliament.

Protest From British Farmers

Claim U.S. Bacon Floods Market As "Best Quality" Canadian

London — In the submission that they are being handicapped in the sale of 25,000,000 pounds of bacon per year which is raised in the United States and sent to Canada and then re-exported to England as "high quality Canadian" the National Farmers' Union of Great Britain has started a movement here to put an end to the practice.

It is understood here that the farmers' organization has been in communication with the Canadian Government on the matter, but no statement has been issued. Which is to be taken as indicating that the Canadian Government is not in sympathy with the movement.

The Farmers' Union also took a stand against the foreign competition which they face from Australian pasture which, they say, "by reason of the climate and the fact that it is not necessary to provide winter feed, can produce beef and lamb very much cheaper than we can produce it in this country."

Would Deport Criminals

Wants Power to Order Out Aliens Convicted of Violating Criminal Code

Ottawa — A bill to amend the immigration act was introduced in the House of Commons on Thursday by Dr. Manion, Leader of the Conservative Opposition. The bill provides that any alien who is convicted of violating the criminal code may be deported by the Minister of Immigration and Colonization.

Building Decreased Last Year

Value of Construction for Period of Building Permits Issued by Municipalities Shows Decrease

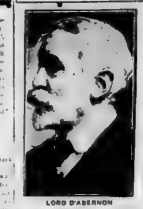
Ottawa — The building of houses and other construction activities in Canada during 1926 showed a decrease as compared with the previous year, according to statistics just issued by the Dominion Bureau of Statistics. The value of construction work was started in the year in 1926 than in 1925 as compared with 1924 and 1923.

Resort High Living Cost

Prague — Tea houses and other resorts here were ordered during a government demonstration against the high cost of living.

French Air Pilot Killed

Negotiate Security Pact



LORD D'ABERNON

Allied Ambassadors to Germany Have Been Appointed to Negotiate Security Pact

Allied Ambassadors to Germany have been appointed to negotiate a security pact between Germany and the Allied powers, it was announced in the House of Commons on Thursday by Sir Austen Chamberlain, Secretary of State for Foreign Affairs. The announcement was made in answer to a question by Mr. [illegible], who asked whether the Government had any information as to the reported appointment of Lord D'Abernon as British Ambassador to Germany.

Allocate Proceeds of Fine Imposed On Egypt

London, The House of Commons has accepted the government's proposal that the proceeds of the fine imposed on Egypt for the murder of Sir Lee Stack, Governor-General of the Sudan, be allocated to the Sudan.

Armenian Charged With Fraud and Conspiracy

Mounted Police Have Uncovered Plot to Smuggle Undesirables

Winnipeg — A charge of conspiracy and fraud was laid against [illegible] and [illegible] in connection with the smuggling of undesirables into Canada.

FORKE WANTS A NATIONAL POLICY FOR ALL CANADA

Ottawa — In the opening address in reply to the speech from the throne, Hon. Robert Forke, leader of the Progressive party, said he was of the opinion that the time had arrived when the people of Canada should have a national policy for all Canada. He said he was not a protectionist, but he was in favor of a policy which would be fair to all parts of the country.

Russia Needs Flour

Failure of Crop Giving Soviet Government Grave Concern

Moscow — The failure of the grain crops in the Volga district is giving the Soviet Government grave concern, it is learned. The crop in that district is said to be a complete failure, and the Government is making every effort to obtain supplies of flour from other parts of the country. It is estimated that the Government will need about 1,000,000 tons of flour to meet the needs of the people in the Volga district during the next year.

Withdraws From Opium Conference

STEPHEN G. PORTER

Hon. Stephen G. Porter, Minister of Immigration, who has withdrawn from the Opium Conference at Geneva.

Ottawa — Hon. Stephen G. Porter, Minister of Immigration, has withdrawn from the Opium Conference at Geneva. He said that he was not in favor of the proposal that the Government should take any action in the matter.

Disagree On One Point

France Not Ready to Consider Debts and Reparations Separately

Paris — The official report of the conference between Premier Poincaré and Premier Baldwin and Chancellor of the Exchequer Churchill, which was held in London on Thursday, has been published. It is understood that the conference was not successful in reaching an agreement on the question of the payment of the debts of the Allies to the United States. The report states that the conference was not successful in reaching an agreement on the question of the payment of the debts of the Allies to the United States.

League May Meet In Canada

Suggestion Made to Hold Session of League of Nations at Ottawa

Ottawa — The idea of holding some future assembly of the League of Nations in Canada is considered likely to bring quickly home to thousands of persons throughout the Dominion the importance of the League of Nations to Canada. Hon. Dr. Manion, Canadian delegate to the League of Nations Assembly at Geneva, has suggested that the next session of the League of Nations be held in Canada. The suggestion has been received with favor by the Canadian Government.

Officer Is Promoted

Supt. Knight of R.C.M.P. Obtains Rank Of Assistant Commissioner

Ottawa — Announcement has been made of the promotion of Superintendent A. Bowen Knight to the rank of Assistant Commissioner in the Royal Canadian Mounted Police, succeeding to the rank of assistant commissioner. The promotion dates from January 1, 1927.

Assistant Commissioner Knight has had a long and distinguished career in the force, having entered it in 1897. During his career he has served in the Yukon, at Dawson and with the Royal Canadian Mounted Police detachment in Siberia.

China Withdraws From Opium Conference

Failure of Attempt to Suppress Opium Smoking is Reason Given

Peking — The withdrawal of China from the Geneva conference, which has been in session for some time, to consider the question of the suppression of opium smoking in the Far East, was announced here on Thursday.

The Chinese delegates, who withdrew from the conference, which was called by the League of Nations, stated that they were withdrawing because the opium and narcotic drug evil in China was increasing instead of decreasing.

The Chinese delegates, who withdrew from the conference, which was called by the League of Nations, stated that they were withdrawing because the opium and narcotic drug evil in China was increasing instead of decreasing.

Liquor Freight Rates Remain

Ottawa — In answering the question in the House of Commons regarding the reported reduction in freight rates on liquor, which has been granted to the Canadian Pacific Railway Company, Hon. Dr. Manion, Minister of Railways, stated that no reduction had been granted to the Canadian Pacific Railway Company.

Labor Passes Liquor Law

Riga, Latvia — The new liquor law, which has been passed by the Latvian Parliament, provides that the sale of liquor shall be prohibited on Sundays and holidays. The law also provides that the sale of liquor shall be prohibited on Sundays and holidays.

CHAPTER XI—C [illegible]

[illegible]

TO EXPECTANT MOTHERS

Letter from Mrs. Ayars Tells How Lydia E. Pinkham's Vegetable Compound Helped Her

Spring Valley, Sask. — I took the Vegetable Compound before my last confinement when I got to feeling so badly that I could hardly sleep, my back ached — seemed my legs and all of me. I felt very much discouraged. I never had such an experience before and I was a total wreck. Reading Lydia E. Pinkham's Vegetable Compound in the paper I decided to take it. I got a bottle and took it and I took the baby. My baby was a beauty, girl weighing nine pounds and I felt fine. I am a wife who has had a large family and I always recommend your medicine to my friends. Before I took Lydia E. Pinkham's Vegetable Compound I was a wreck and could not do my housework. Now I do all my housework and sewing for my family and I feel fine. I always recommend your medicine to my friends. Mrs. Percy Ayars, Spring Valley, Sask.

Why not write Lydia E. Pinkham Medicine Co., Toronto, Ont., for free advice and read what it has done for others.

Building New Dirigible

U.S. Government Plans Three-day A Run Detroit to London

A new type of dirigible is to be built in the United States, according to plans announced by Rear-Admiral William A. Moffett, chief of the bureau of aeronautics of the navy department. The announcement was made by Secretary Wilbur.

The new craft will be 785 feet long, 100 feet high and 150 feet in diameter. It will have a gas capacity of 6,500,000 cubic feet and will be powered with eight Maybach motors of 400 horsepower each. Its speed will be 70 miles an hour.

Skull Of Missing Link

The half of the missing link which separates Java in the Dutch East Indies and the Malay peninsula from Australia has been established by Professor Rudolf Martin of Wurzburg, Bavaria, through the discovery of the skull of a Veddah woman.

Fast Time

"Real Joke, what kind o' time did you have in the city?"

"Why, that darn cop did right savin' my life when I was crossin' the street."

Sad kind to blister our fire salted sense: Don [illegible] shall have his life. We shall [illegible] one of you. Do [illegible] to the best [illegible] [illegible] the [illegible] or ill fortune. I [illegible] not with the battle as I have had the honor to engage will be agreed on [illegible] [illegible] [illegible]

LOCAL

Tuesday evening for [illegible] from Tofield included Mrs. L. Phelps, Mrs. [illegible]

The postponed oyster supper will be held at the home of Mr. and Mrs. Bert [illegible] on Tuesday, February 24th.

The Tofield hockey team visited Camrose on Saturday and played the Camrose hockey team of that town. The game was hard fought and was an interesting [illegible] the day. The score was 6-4.

NOMINATION DAY

Monday was a two nomination day and like to remain days of previous years preceding it was devoid of all ...ispensable election excitement ... the two aldermen ... there were no ratepayers at the town hall and it was only by sending out an S.O.S. call events were made to move at all. A few of the councillors and ... mount what we said. We would recall, however, that the 1924 council was elected on a very similar manner by apathetic regarding town affairs. ... sorry to say, is the ... forgone conclusion. The fact that not a single ratepayer accepting a ... councillor or to turned out to the ... nual meeting announced for last Friday night is proof enough of this. There is not a good condition of affairs. The wholesale absence of ratepayers at a meeting called in the middle of the day (such as nomination meeting is customable, but no individual has much cause for complaint regarding town affairs, if he or she does not attend an evening meeting specially called to discuss such matters. The town fault of course lies with the ratepayers, but the council is not guiltless either while perhaps as the publicity column of the town that paper should shoulder some of the blame. The legal requirements regarding the announcements of the meeting were of course complied to, viz. an official notice in the Mercury. The council might have helped things by advertising in a more auspicious manner, giving details of the matters to be discussed, while the news columns of that paper could have co-operated with them. Groaning does not prove that a good ratepayers meeting at Tofield is impossible for there has been well attended ratepayers meetings in recent years. Next year we will take it upon ourselves to see that the public are well informed of the meeting if any is to be held.

SCHOOL MATTERS

Considerable interest has been evinced during the past few months over school matters. Due to various reasons the smooth running of the school has been disturbed so many times lately, that when parents sent children to school it was with the half expectation of seeing them come home in the middle of the morning. The extremely cold weather, the grazing at the little school, quarantine regulations, the coming of teachers, all tended to disturb the smooth daily routine of the school. Some of these things were beyond human control. The school, while built under the supervision of a government architect, is so poorly constructed that in severe cold's ingenuity to keep it warm during very severe weather. The loss of time during fumigation was also unavoidable, and the non-appearance of teachers at time s.m. on the opening day of the fall term would with a tinge of generosity, be overlooked. There was the matter, however, of two of the teaching staff ignoring the week-end in Edmonton and returning on Monday morning. When the train is late it means that the teachers are late for school and in this matter we have no complaint to offer to these particular teachers' engagement, the school board favoured a letter to the school requesting that the teachers be in their places by the hour for opening school on Monday mornings The teachers in question did not comply with the board's wishes and while one la's coming was under consideration, a... nother one happened. Consequently the board felt that it did not have the support of the whole teaching staff, and felt compelled to take the drastic action reported in the report of Tuesday night's school board meeting. Inasmuch as there is a strong personal side to this matter, we are making no comment, beyond saying, that we board with the interest of the school at heart could do s.he wish.

TAX SALE

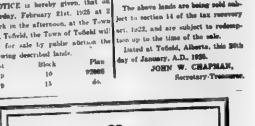
M. C. McCANNEL, Auditor.

J. W. CHAPMAN, Secretary-Treasurer.

How the Bank can help the Farmer



THERE are scores of ways in which your Bank can help you—methods that will surprise you by their convenience and safety.

Take the sale of an animal. If it is a cash transaction, you can ask the purchaser to send you a marked cheque or your bank will attach a sight draft to the bill of lading.

If it is a time sale, your banker will handle and collect the note.

Our manager will be only too glad to outline to you the scores of ways in which he can serve.

The Horse Raising Industry Can Be Put On Sound Basis By Breeding The Proper Type

An interesting fact of horse industry during the last few years shows a very considerable change in breeding conditions, also, not by a heavy demand in the types of horse wanted. Ten years ago, the horse population of Canada required that of the urban population, in fact it was about two horses to the acre. Now it is a matter of years previous to the outbreak of war, no less as 16,000 horses a year were shipped to the western provinces. Amongst these number were to be found good and bad, young and old, sound and unsound. In fact, the word was the dumping ground for what could not get west. The prices, however which were paid for these although were exceedingly high, quality could not.

Now the tide has set in the other way. In 1922, 18,000 horses passed through Winnipeg on their way east. Half of the number stayed in Ontario during the first nine months of the last year 21,500 head were sent east, many of which practically half stayed in Ontario the rest being distributed through Quebec and the three Maritime Provinces.

During the last two years of the war, and the following two or three, many thousand of the stock on the farm were going to practically die down the horse, not only in the prices, but on the farms. Moreover it has always been proven that while it was possible to raise horses when war prices ruled, it is a very different story under present conditions. The necessity of utilizing the cheapest form of power is unquestionably appreciated to-day more than ever before, and consequently the horse.

The various types of horse in demand to-day may be roughly given as follows: Heavy draft, saddlers and roadsters. By heavy draft is meant horses weighing upwards of 1,500 pounds and particularly over 1,800 pounds. There are wanted for the heavy work. A somewhat lighter draft horse may be used on the farms, but the quality of these must be carefully looked after in breeding to breed good big sires. There are also horses wanted for lumber and mine work. These, while not required to be of extreme draught type, must be strong built and capable of standing hard work. Regarding this subject prepared by I. H. MacDiarmid, chief of the horse division, Dominion Live Stock Branch

Canadian Barley

Good Demand Is Available In Germany For Canadian Product

Let the farmers of Manitoba, Saskatchewan and Alberta who have been growing barley for years past, and who have been complaining recently that they could not get a fair price for their product, take heart. Germany wants barley and wants it badly. That is the message which Mr. Charles Speers, one of the delegates at the meeting of the Canadian Association, called on the Canadian Trade Commissioner in London, Sir Edward Wallis Hoare, during the week-end. Sir Edward Wallis Hoare has been in touch with the situation in Germany for some time past, and is in a position to speak authoritatively on the matter. He says that the German demand for barley is very large indeed, and that the supply available in Canada is small as compared with that of Germany. Germany used to depend largely on Russia for her supplies of barley, but now that the Russian supply is practically cut off, she is looking to Canada to fill the gap. Sir Edward Wallis Hoare has written to the Canadian Trade Commissioner in Berlin, urging him to get in touch with the German buyers of barley and to do everything possible to bring the two countries together.

Quarts Hot Is Duty

The Tofield Bakery Company, quarts that it has not been using flour, requiring use of the rest of a bushel of flour a day. The company has been in operation for about nearly six months. It also supplies flour to the local retailers. The new bakery operations Jan 15 the Kees mill is the farthest North Estates mill on the Canadian Pacific railway.

Trade Agreement With Germany

Canada has entered into negotiations with Germany for a trade agreement which will give her the benefit of the most favored nations agreement. Exports to that country were nearly doubled during 1924, and at the close of the year Germany was practically in the position of being Canada's third best customer.

Alberta Seed Fair

Quality of Samples Said to be Superior To Other Years

Over five hundred exhibits of barley, seed grain, roots or clovers, ... while this is not as much as last year the quality was considered to be decidedly better. Many of the exhibits from prizes at Chicago International were also shown. Apart from the showing of grains there was an extensive display of roots and grasses. Considerable interest was displayed in the potato exhibits, ... Alberta potatoes which have been growing ... Edmonton.

SCHOOL BOARD MEETING

A regular meeting of the Tofield school board was held at the town hall on Tuesday night. There were present trustees Holmes, Chapman, Low and Worton.

The minutes of the last meeting were read.

Trustee Holmes rose an explanation of Mess. Hall's unavoidable absence for the first day or so of this term. The explanation was accepted in part, both by the board and noted on the minutes.

The promissory note at was read, after which a number of accounts were passed.

After dealing with matters pertaining to the school staff the board proceeded to appoint the estimates for the current year. The expenses apart from debentures were estimated at $7400.00 and the receipts estimated at $6000.00.

HOCKEY

On Monday evening what was perhaps the surest game of hockey played here this winter took place at the local rink. The boys ... [illegible] ... the Edmonton Journal, mostly for the washing and distribution ... assortment of that paper. The score was 10 in favor of Tofield and fairly described the game. The score was tied on several occasions and it was anybody's game until the last. The game was fast, clean, and while little combination was used, was featured by brilliant stick handling and shaking up both teams. The goalies on both sides had a busy night and both played a sensational game. There were more shots on goal than usual. The ... on the game were best and as the report wired to the Edmonton morning paper could not be used, a meagre report of the game must do. Friends of Charlie Glover who is in an Edmonton hospital will be pleased to hear that he is progressing as well as can be expected. Charlie has had a very long illness and it is to be hoped that he will soon be quite well again.

Father and Sons' Banquet

On Wednesday night the Tuxis and Trail Ranger group held their fifth annual father and son banquet. A round tables loaded with good things to eat, many fathers and sons of the district out, and after doing full justice to the good things provided, he toned to a number of toasts ably proposed by the boys and to the music responded to by the dads. Speeches were limited to three minutes and the whole program went forward without a hitch of any kind, and in a very pleasing manner indeed.

Glenn Wood made a very efficient toastmaster; he was assisted in the group singing by A. Hugley.

The following toasts were drank "The King," the toastmaster; "Our Country," Ludlo Glover, responded to by A. P. Rexwold; "The C.N.E.T." Peter Rowland, responded to by Mr. Francis; "Our Guests" Vernon Bartlett, responded to by A. J. H. McCauley; "Our Mothers," Sidney Worton. This toast was rewarded musical honors, the male company singing "Mike's a Lulu"; "Our Dads" Art Cook not, responded to by W. C. Swift. "Our Boys," Mr. Hugley, responded to by Bob Whyte, "The Press," Bill North, responding to by W. Worton.

While preparing the toast to "Our Boys," Mr. Hugley spoke of the good work done by the late Rev. Forth, founder of the Tofield group, and a standing ovation was accorded his memory.

Between the toasts there was most jovial community singing, and a general good time between boys and dads.

At the close a hearty vote of thanks was tendered the ladies for their kind services. "For they are jolly good fellows" was sung and cheers for the ladies given.

After the program games were indulged in.

ELECTED BY ACCLAMATION

Saturday last was nomination day for Carnhill Municipal District. The councillors retiring through their terms having expired, were: division 1 C. Holmberg; division 3, J. Verge; division 6, Johnstone Ferguson. All three councillors were re-nominated and as there were no other nominations received, were re-elected by acclamation.

LOCAL U.F.A. MET SATURDAY

A meeting of the Tofield Local, U. F.A., was held on Saturday afternoon last at the Town Hall. G. Aber ... ney in the chair.

The meeting dealt with the wheat pool and passed a resolution as being in favor of the pool procuring elevators. A resolution was also passed favoring a coarse grain pool.

The local hockey team met the Gyro of Edmonton last night (Thursday) and after a hard fought game ... [illegible] ... two minutes' overtime, the score was 3—2

Oddfellows' Social

CELEBRATE ANNIVERSARY OF LODGE

On Monday night a very enjoyable social was held at the lodge room when the local Oddfellows, their wives and a number of friends gathered for a social time to celebrate the anniversary of the lodge

The evening was quite informal, the earliest part of it being taken up with a guessing competition in which Mrs. Prescott and G. Bruce were awarded winners. R. Prescott gave a reading of "How de do," with local setting and was followed by Messrs. Hugley and Gilmour who gave music on the violin and organ.

Mrs. Prescott rendered a reading after which R. F. McNeilley gave a short address regarding the order.

A splendid lunch was then served ... which followed by dancing. Fred McNeilley was the sprycst dancer on the floor with his partner running a close second. Mr. Prescott provided ... entertainment for the company

News From The Country

KETCHAMOUT

Wood has been removed of the estate of Mr. Bank of New Norway

Mr. and Mrs. G. R. Owen and ... ughter, Bessie, returned home ... Thursday evening after six weeks trip to Victoria, Percy remaining to finish a three month's course at an engineering school.

Mrs. W. A. Mitchell and Mrs. L. Carlisle were passengers to Camrose on Thursday.

Mrs. Mildred and Martin Larson ... enjoyed a radio concert at the Sears home on Thursday evening.

Mr. and Mrs. Nelsad, Mr. and Mrs. Rudebaugh were guests of Mr. and Mrs. Henry McGinnis on Monday evening.

Mrs. Vera Hull is at the home of her aunt in Edmonton under the doctor's care. The children are with their grandmother, Mrs. Kendall.

Miss Violet Goodman and Selina Nesseland visited with Miss Bessie Owen on Monday evening.

Mr. and Mrs. Marsh Mitchell and family were the guests of Mr. and Mrs. Sears on Tuesday evening.

Mr. and Mrs. W. A. Mitchell and family were the guests of Mr. and Mrs. Wm. Lee on Monday evening.

Miss Stella Welch returned to her home near Edmonton on Monday of ... a few weeks visit with Mrs. Fred ... ston.

A pleasant evening was spent at the Owen home on Friday night when a few friends and relatives ... pent the evening with them to bone about their trip to the coast, also cards, music and singing, speeding ... passed the evening away. Refreshments were served by the visitors.

BARDO

We fancy it was a winter like the ... that prompted Wiltshire to write "Home Sweet."

A hockey team from Bonnilith ... ed the Bardo boys on Tuesday. The visiting team won the game.

Mrs. John Yoder entertained the girls of the Thimble Club last Thursday afternoon. Some of the above storm, nearly all of the members were present and a very enjoyable meeting is reported.

Mr. and Mrs. Dan Swartzendruber returned the last of the week, they ... were married at the home of the bride's father, Mr. Ben Lauber on December 2nd. They left at once for Eastwick, Ont., where they visited Denny's parents. On their return they ordered furniture at Winnipeg. On his arrival they will be at home on the Swartzendruber farm, east of ... Bardo school house.

Mrs. Berg and Donald returned from Saskatchewan on Friday.

The Rusnin family who has been living on the Swartzendruber farm ... vacated same on Monday to one of the V. L. Roth farms.

Several other changes are to be made in this neighborhood this week. J. L. Yoder will move to his farm, just south of the Yoder farm, where he has lived for several years; Ezra Yoder will move to that farm now ... vacated by Ezra Yoder and Jos Eashman will occupy the Will Stauffer farm, which the Bender's worked last year.

KINGMAN

Mrs. Carlstrom, Frank Johnson an... Andrew Olson were business visitors to Edmonton over the week end.

Mrs. Paul Olson, who has been visiting with her sister, Mrs. F. Carlstrom for a few weeks, left for California on Tuesday.

Rev. Solheim held a service in the Kingman church on Sunday, February 22nd, a large crowd attended the service.

A member of Kingmanites attended the ski tournament held in Camrose on Wednesday, February 18th.

Mrs. D. Sampson of Camrose spent the week end with Mrs. Sampson in Kingman.

Mr. P. Rudansky made a business trip to Edmonton this week.

Mr. Ed. Johnson had an operation on his ear last Saturday by Dr. Mc... ley.

Mrs. Ed McKenzie returned from a visit in Edmonton last Tuesday.

Dr. McGillivray optician, of Edmonton was in Kingman on Tuesday.

We regret being unable to publish the school report this week. Also ... for her installment of the library ... appear next week.

Mr. Wallis left for Killam on Wednesday where he has accepted a position in a shoe shop.

Pure Dope

Is buying a radio there are many things to be considered. One of the most important is to assure yourself of the best difficulty in getting spare ... extra parts for your machine. Just as ... machinery or the automobile, the convenience of being able to obtain a broken piece through the local dealer or the insurancemen of having to send away a great distance with the consequent long wait, is a big consideration. Just as it has been in the automobile business, it is reasonable to suppose that dozens of firms making radios to-day may be out of business in the course of time, leaving a few of the "old reliable" firms and only manufacturing. We are agents for the Marconi and Gen eral Electric Lines, well known, ... reliable companies, that will undoubtedly be giving service fifty years from now. I believe that from now on, most improvements made will be merely in the "trappings" ... of your present set, but will in the ... ture of the standard makes, even to ... change of attachments made by "hitch up" to your set.

We have different models from $4 ... $250 everyone real value for the money, capable of meeting all conditions of equal value.

R. W. PINCOTT

P. M. Lorbetzkie left for Chicago ... on Tuesday.

ARRIVAL CARDS

Here.—To Mr. and Mrs. Ete Anderson, on February 13th, a daughter (Crowned Princess), weight nine ... nineteen lost week, where he has been attending the Hemphill school.

E. A. Rees shipped a car-load of ... ogs from Ryley to Edmonton on ... nesday last week. Mrs. E. A. Moon took the train for Edmonton on Wednesday morning. Mr. and Mrs. Moon returned home Wednesday evening.

Bardo boys were to play a hockey ... ame with Sheets boys on the local ... on Mr. Ryley last the weather was ... favorable, so they are all hoping ... better next Saturday.

Mr. Thombs assisted Mrs. Oliver ... to take the body of her husband ... dead at the Alexandra hospital ... Edmonton, down to Buchanan ... sh., where the funeral took place ... Wednesday, the 18th inst.

Mrs. P. O. Plaxton went to Vilna ... visit her sister who is coming ... be Viling hospital; she returned ... Monday morning.

Several round bees went out to ... Frogh's auction sale. Reports were ... one of the largest crowds seen for a long time and a fairly good price was paid for everything.

Carl Erickson visited in Edmonton on Monday last.

Now Is The Time

In a few weeks the winter will break and "before you know it" spring will be here. Some grain will be cleaned and ready for the field and some will not, but it is a safe guess that the man who sows clean grain will make more money than the man who does not.

We have fanning and grain cleaning mills on our floor and cordially invite you to bring in a bag of your own grain and let us demonstrate them to you. We have not the space to describe these mills fully, but they are as good a money ... as any and are here for your inspection. We also have some second hand mills for sale ... at Bargain prices.

M. C. Hammond

Business Change of Interest

A business change of ... terest recently occurred when W. H. North sold his entire ... to W. N. ... and Co. and to W. R. Ford and F. C. Richert who will continue the business under the same name.

Mr. North has been a resident of Tofield for the past four years, and during that time has made many friends. While of a quiet nature, at the same time he has done his share of public work having served on the town council and was also secretary-treasurer for the 1924 chautauqua. Mrs. North has been active in W. I. circles, having been their treasurer for one or more years and at all times giving the society her hearty support.

A radio ... in the Variety Th... Saturday evening. The music was good but there was plenty of static also.

Rev. Watt has received a communication from the Rev. A. Ralph Lyon, Presbyterian Minister of Rochester, Man. He states that he had called on Geo. Agar, who is on St. Mary's hospital there, and found him doing nicely. The numerous friends of George here, will be pleased to hear of this.

Saturday night last proved to be one of the very rare occasion when ... Variety theatre could not promote the progress as advertised. The Sun was in such bad shape, that it could not be used and rather than give an unsatisfactory show, manager Bellamy refused to run it.

Mr. W. W. North was an Edmonton visitor on Wednesday.

Mr. and Mrs. T. R. Murray visited the capital city on Thursday.

CAPTAIN BLOOD

RAFAEL SABATINI

"CAPTAIN BLOOD," a 10-episode picture with J. Warren Kerrigan in the title role, is an adaptation of the famous novel by Rafael Sabatini.

SYNOPSIS

Dr. Peter Blood, a famous Irish physician, is wrongly convicted and sent as a slave to the Barbados under orders of King James. There at the behest of Arabella Bishop, slave of the governor, commander, he is purchased by Bishop. A Spanish galleon, under command of Don Diego, is captured by Captain Blood and his men, and sails for Jamaica. Blood saves Mary Traill and Arabella. He leads his fellow rebels to sea on board the ship and engages Don Diego in a fierce battle for the possession of the ship as his prize. Colonel Bishop goes aboard the ship when the firing ceases and Blood leaves him as hostage until safely out to sea. Blood orders Don Diego to sail for Tortuga, but the Spaniard betrays him and sails the ship under the very guns of Don Diego's brother's ship. Blood and Don Diego fight and the latter is overpowered. Blood sees Don Diego to a cabin, a wounds and orders his son to submit to his every whim.

CHAPTER III.—Continued

"If I am please Don Miguel, but that is the very thing you must not do the very thing Don Diego does not wish you to do. For what is to be his wounds are not as grave as to have prevented his coming. It was his consideration of him if and the token position in which you would be placed if you had direct word from him as what has happened.

Blood paused a moment. "What can be from us is no more than a mere rumor. I am, therefore, under—under—"

His stretched-out hand thoughtfully. I understand . . . its part," said he.

Captain Blood had a moment's re- to consider.

And he was in the house less than a minutes thereafter. His command- ing presence, gallantry and tact so charm- ed Arabella Bishop that she was ready to do anything he asked of her.

CHAPTER VIII.

Tortuga

At daybreak Don Esteban and his men were put off in a boat. Two days later the three Lisbon-sailed ships of the York bound bay to Carib- bean waters escorted by the Spanish re- mainder of those who had sought to defeat it.

"My Name Is Lovejoy."

MISERABLE AND ALWAYS IN PAIN

Lydia E. Pinkham's Vegeta- ble Compound a Dependable Help for Mothers

Port Greville, Nova Scotia.—"I took your medicine for a terrible pain in my side and for weakness and trouble here. I seemed to build all over, too, and my feet and hands were the worst. I am the mother of four children and I am nursing my baby now. The one I am nursing I took Lydia E. Pinkham's Vegetable Compound before the baby's birth, so you can see how much it helped me. I cannot praise it too highly for what I has done for me. I took all kinds of medicine, but the Vege- table Compound is the only one that has helped me for any length of time. I recommend it to any one with trouble- some pains and you may use my letter for a testimonial."—Mrs. Howard Mc- Lellan, Port Greville, Nova Scotia.

If you need advice, write the mother- wit find Lydia E. Pinkham's Vegetable Compound a blessing.

Many many letters are received giv- ing the same sort of evidence as is given in this letter. Not only is the Vegetable Compound in these good results due to the roots, herbs and bark of trees and plants found in the forests of our country.

No harmful drugs are used in the preparation of this medicine just roots and herbs and it can be taken in safety by the nursing mother.

If out of every 100 women reported benefit from its use in a recent survey among women users of this medicine, 9

literally withdrawn or he should bend them.

If he refused so long it was the thought of Arabella Bishop that re- strained him. And so, although he might entertain no definite hope of ever winning her for his own, of ever seeing her again, yet the memory of her was to inhibit in his soul as a lift- ing power, guiding influence.

The results bound him to her more closely than ever. Orgeon must accom- modation of the rescue, achieved alike- means by the proper equipment of his ship, the Cinco Llagas, which he re- named the Arabella. To the noise of followers he already possessed he added the three score more, picking his men with cunning and discriminations (and, he was an exceptional judge of men) from amongst the adventurers of Tortuga. With them all he entered into the accident found among the brothers of the coast, under which such men was to be made to answer to the name of peace.

Toward the end of December when the Cinco Llagas, now a stout ship, was ready for sea, Captain Blood went ashore to take leave of Arabella Bishop. He found her in the company of Don Esteban and Don Diego, who had come to bid farewell to their host.

Captain Blood shrugged, and turn- ed on his heel. "If I should make re- turn, that means also the liberation of the Spanish officers. Is that under- stood?"

"Perfectly," said Don Esteban.

"Then I shall be back in a month or two at most. Au revoir, Don Diego."

"Adios, Don Miguel," said the other, and added: "Adios, Don Pedro."

Blood turned to the door, then paused as a sudden thought struck him. "Don Pedro," he said, "I am leaving you in charge of Don Diego. Treat him well, but see that he does not leave the house."

Don Esteban stared. Highhanded seems the force at the; and Hay- ward must have taken much. In- deed Blood got between whiles to confidential with the lad.

"He died before I reached Cayo Largo," said Blood. He was burn- ing dead in his house when I reached him before leaving."

If I had known that the lad was so ill I would have left him with the Spanish physicians. Considering that Cayo was by no means their friendly, I had been foolish to leave him there."

"It was not foolish," Don Esteban assured him. "It was the best thing you could have done."

"Perhaps so," said Blood, and turned to Hayward, and then putting aside his reflections, he asked make- ter sure, that hands on the Isabella- ter- ing to the Spaniards. Hayward assured him that they had been so, and Blood, with a word of farewell to the Spaniards, left the house.

Hayward followed him. "Is it true, sir, that you have left me in charge of these Spaniards?" he asked.

"It is true," said Blood.

"Then I'm afraid I'm not to be trusted," said Hayward, with a rueful grin.

"I am not so sure of that," said Blood. "I am sure of it," said Hayward.

"Then I'll tell you," said Blood. "I am sure of it because I am sure of you."

Hayward looked at him with a puz- zled frown. "I don't understand you, sir," he said.

"Then I'll explain," said Blood. "I am sure of you because I am sure that you are not a fool. You are not a fool, Hayward, and I am sure that you are not a fool. You are not a fool, Hayward, and I am sure that you are not a fool. You are not a fool, Hayward, and

MAKERS OF HISTORY

By A Sister in the Hay Lake Times

IF IT were only given to us, the power to look backward and see the wonderful changes time and circumstances make in the affairs of men, man of us would take heart and feel that our lives counted for much in the lives of our own community.

When the Courier De Bois and the Factors of the Great Hudson Bay Company, first made their long trek from what was then known as Fort Gary, to Fort Edmonton, now the City of Edmonton, with their Red River Carts that squealed and squaked as they tumbled along under their load of necessary supplies, no doubt many of them could see in their minds, the land through which they passed, peopled with a great people, who would change the wilderness into a land fruitful of many good things.

The trail taken by these stalwart men, and women too in many cases, passed through the district of Hay Lakes; just a trifle east of the present site of the village. It is not difficult for us to imagine many camping scenes that must have taken place in the vicinity of our village, as the travellers unyoked and pitched their tents for the night. The hunters scattered; hunting for the buffalo, moose and deer, so necessary for their every day wants; that fell to the unerring aim of their muzzle loading rifles. As the shades of evening fell, we can picture the pleasant camp fires, around which the men sat and talked, smoking their clay pipes with a tobacco that only a he man could stand. No doubt even as now, someone with a vision of future greatness, would draw upon his imagination, and picture the day when the land would blossom as the rose. Could these same men return to the haunts of their early struggles, and view the landscape as it is to-day, they would indeed feel that the men and women, who had been the means of making this great change, were indeed a people that Canada could be justly proud to call them her sons and daughters. No words can fully convey, and few in the present generation can appreciate the efforts of the sturdy pioneers of our district, who toiled and hewed the farm home sites dotted over the district, out of the rather unattractive and unpromising virgin soil.

No doubt many of these sturdy men and women who have led the wa, often wondered in their own minds, whether the struggle was worth while. Scenes of the Fatherland, would come to their minds as their thoughts would wander back to the days when they were boys and girls. The many pleasant pictures on memory's walls would perhaps sometimes bring the tears of regret and remorse, but they did not falter, and like true men and women lived their own lives, doing the work of the day, and to-day, we the younger generation, are reaping where we have not sowed It is regretable that all of these early pioneers are not with us to-day. Many of thm have made the last long trek. To those who remain, sincere tribute should be paid, for they have played the game of life, as only strong men and women can, and made our district what it is to-day. Those of the second generation who are with us should feel the personal responsibility of continuing the splendid work started by these sturdy men and women.

Caron Light, Water and Power Plant

The CARON PLANT is the result of years of severe test and development, bringing it to its present perfected state. It will give you city convenience in the country. It will light your house and buildings. It will furnish electricity for operating electric iron, toaster, washing machine, etc. It will also operate milking machine and in addition, will furnish belt power to run wood saw, grinder, churn, etc.

Can be supplied either as a separate complete Electric Lighting plant—Water Supply System—Farm Power Plant, or all combined on one base.

Masse Electric Co., Edmonton, Alberta

Here and There

I tried to cross the railroad track,
Before the rushing train,
They put the pieces in a sack,
But couldn't find the brain!

One hundred British farm families are due to reach British Columbia early next spring. These are the first quota of 3,000 families that are to come out to settle in Canada on the land. Details of the British Government assistance is being given them to get started.

A remarkable [illegible] recently is said to be on at Quebec. It represents [illegible] that the Canadian Pacific Railway [illegible] first [illegible] February has been brought to a fine [illegible] in the Ancient Capital.

Skaters from New York, Boston, Montreal, Toronto and Ottawa will compete with Quebec champions at the international amateur figure skating contest, to be held in Quebec city February 25-28, for handsome trophies and medals donated by the Province of Quebec and Canada. A record attendance of spectators is expected.

Skiing parties over the week-end are being organized by the Laurentian Winter Club in different points in the Laurentian Mountains, the tours being superintended by a competent skier. To these remaining in Montreal the big ski-chute toboggan slide on Mount Royal has an added attraction in toboggan races every Saturday, winners receiving prizes.

That Canada is on the verge of a trade boom which may last until the end of this year was the statement made in Toronto recently by Richard Conway, Vice-President of the Brookmire Forecasting Service of New York. The main factor responsible for the opening of Canadian business, he said, is the opening of the foreign markets to the grain of the past year.

Federal control of United States railroads, adopted as a war measure during the period December 31, 1917, February 29, 1920, cost the country $1,774,000,000, of which $1,122,000,000 was total loss, $636,000,000 estimated expenses and $15,000,000 was received in rentheres small deficit roads, according to James C. Davis, Director General of Railroads, who has just submitted his annual report.

Remarkable absence of timidity is being shown by wild animals in the neighborhood of Banff, Alberta, it is reported, as a result of kindly treatment. Bears recently brought elk and deer into the main part of the town, where a parade by these animals is not an uncommon sight. They make the rounds of the hotels and restaurants for tid-bits, which are not denied them. One bear elk, with a magnificent set of antlers, is on regular on his schedule of calls on the milkman.

The most recent addition to the Canadian Pacific Railway's British Columbia fleet of 23 passenger ships, freighters, barges, tugs and tugs is the British steel-ship Rescue tug "St. Flor[illegible] which will leave [illegible] day date to make the 4,300 [illegible] way to Victoria under her [illegible] via the Panama Canal. [illegible] be one of the largest tow [illegible] Pacific coast waters and is [illegible] of towing the biggest floats [illegible] use of ports in that ocean.

BEAUTY SPOTS OF CANADIAN ROCKIES

MAN and nature combine to furnish a rare out-of-doors holiday resort at Jasper National Park, Alberta, on the main line of the Canadian National Railways. Photograph shows a few of the beauty spots to be found in the magnificent playground of the C.N.R., which has been erected for the comfort and convenience of tourists who wish to make the most of the magnificent scenery to be found within the borders of Canada's largest national park.

Centre photograph shows Mount Edith Cavell, an imposing pile named in honor of Britain's heroic war nurse. The darker colored mountain to the right of Cavell has appropriately been named Mount Sorrow. Mount Cavell, in addition to being the highest mountain in Jasper National Park, 11,033 feet high, is also one of the most beautiful from a scenic point of view. From the motor road which leads from Jasper Park Lodge almost to the foot of the Cavell glacier which, because of its peculiar shape is known as "The Glacier of the Ghosts", a magnificent panorama of the Athabasca Valley is revealed. Lodges for the use of motorists at the Mount Cavell, in addition to [illegible] cabin camps [illegible] are maintained [illegible] Jasper Park Lodge, together with a service of guides, by means of which to explore the [illegible] the mountains which are within the reach of the motor tourist.

Canadian Power Defends Chinese Villagers

Now what on earth has power development at Shawinigan Falls got to do with Chinese villages? you ask. The answer is that it has. For power is to Canada what coal is to Great Britain. Coal brings a large part of the wealth from Britain's mines. Power from the water of the St. Maurice Valley to the mills of Shawinigan Falls brings a large part of the wealth from Canada's forests. And it means about this: A harvested China was threatened with destruction by land-hungry natives living in hills, came down to the Yangtse River, and down by the Grand Canal to Shanghai, and down by the [illegible] side are more of his race working by night as if by day. He is employed by one of the giant Canadian Power companies at Shawinigan Falls.

What wonderful things were done that could be only the darkness of Chung Li drew closer, and now that [illegible] intervals along the shed in which the storekeeper were working much [illegible] light came from little oven that greeted safety in the breeze.

Now everyone knows that electric lights are the invention of the devil and were introduced by the white race to burn the eyes of Chinese men. Therefore, [illegible]

Above is a part of the power development at Shawinigan Falls, Quebec. The power is developed by the water of the Province of Quebec. The water is carried to the power house by means of a canal. Below is a portrait of Sir Alexander Lacoste, Chief Justice of the Province of Quebec, who has been appointed by the Canadian Government to act as arbitrator in the dispute between the Province of Quebec and the Dominion Government over the ownership of the water power.

Chinese men were working in the [illegible] and to electric [illegible] Li drew closer. If he could hasten the advent of these bright, devilish lights what an honor would be his. He would place them over the entire [illegible] at night and no one could drive [illegible] without the favor of his men. He would confer with the other head men of the district.

And so it came about that the Shawinigan Power Company, which owns the power plant at Shawinigan Falls, received an order for [illegible] electric lights. A deputation of [illegible] made a long journey to Hong Kong to receive the shipment as it was discharged from the steamer of Russia, and returned, knowing that so long as the carbide lamp set they were comparatively safe from the marauding bandits.

There you have the connection between Shawinigan Falls, Quebec, a village and protecting it from bandits.

"If Winter Comes"

Is we believe the most dramatic picture shown from a Tofield screen. The poetic phrase "If Winter Comes Can Spring be far Behind" has a significance to the dairyman as well as to the story writer. Here winter, seasonably speaking, has come, and spring is not far away. In a short time cows will be coming fresh, will be on the grass and milking to the full
Our plant, our staff and our service stands ready to receive your cream. The best price, the choicest grade and the highest test that we can give you are yours as a matter of course, while courtesy and prompt service will always be accorded you.

Women's Institute

The regular social will be held on Tuesday, March 10th, at three o'clock. We would urge a full attendance at this meeting, and please be on time, as arrangements will be made for the short course in sewing, which is going to be on on April 20—22, and anyone wishing to join this class, will please hand their names in at this meeting. All instructions and necessary arrangements will be completed at this time. All new members please take notice of this meeting, Tuesday, March 10th at three o'clock.

Considerable complaint has been awarded by many of our members, regarding non-support of the whist drives given by the institute earlier in the season. We gave two whist drives with an attendance at each one, of but four tables. Of course the luncheons had provided a perfectly good lunch, supporting a perfectly good crowd, and very dissappointed both times. It may be the impression of the general public that the money necessary for the up-keep and repair of our rooms, our library, linen, etc comes from an endowment fund of some sort, but this is not so. We have to make that money ourselves, by giving those whist drives, concerts, etc., and we surely have not burdened our public with too much attention thus far this winter. But we certainly deserve greater support than we have been getting. Although our whist drive last week was better attended, yet it was advertised two weeks in advance, and still just a few days before, the hockey club made arrangements for a visiting team to play them on the local rink, which necessarily divided the attendance at both affairs. This sort of deal is alright in the city, where one has a city'ful to draw from, but when it comes to

(Continued on page 8)

News From the Country

BARDO

Oliver Burg, a resident of Bardo, Alberta, who died at the Alexandra hospital in Edmonton, on Wednesday, February 11th, after a long and painful illness was born at Bardo, Norway, July 8th, 1876. He came with his parents to Eldred, Minnesota in 1888. In 1902 he moved to Canada, taking up a homestead near Bonhardan, Sask. He sold this in 1917 and bought a farm south of Tofield where his family still resides. In 1917 he was married to Miss Hilda Kvern of Prosperville, Sask., who with his aged mother, two brothers, two sisters, and an adopted son, are left to mourn his loss. Interment was made in the Prosperville Lutheran cemetery on the 14th of February, Rev. H. I. Olsson, in charge. Mr. Berg was well and favorably known by many of the earlier settlers and the funeral was largely attended. Many beautiful floral offerings were sent. The friends at Bardo unite with the neighbors of Prosperville, in extending sympathy to the bereaved family.

Mrs. Berg wishes to extend thanks through the Mercury to the friends and neighbors who by their sympathy and kindness has helped her in her hour of grief.

The ladies of Bardo attended the joint meeting at the W. E. Parker home on Wednesday. It being the regular yearly meeting of the Cemetery Society. There was an election of officers, the old officers being re-elected for this year. Executive committee Messrs' Bartness, Eide, R. K. Parker, and P. B. Anderson, caretaker, Marvin Magnus.

John Johnson junr., of Grand Prairie is visiting his mother-in-law, Mrs. Eggen, and other relatives here.

Mr. Rob Parker of Trout Lake, visited his brother, W. E., last week.

The Bardo "Tigers" and the Amisk Creek "Senators" met in a hockey game at Shantz last week. Score 1-0 in favor of the "Tigers."

The young people acutely held a social at the W. E. Parker home on Saturday evening, which was largely attended.

Mr. and Mrs. Owen Hershberger who has been in the States since before Christmas, reached home on Sunday evening. Mary Hofman, who has been visiting in Iowa returned with them. Her brother, Ralph, who accompanied her, will remain in Iowa this summer.

RETCHAHOOT

The attendance at school has been very poor during the last few weeks, owing to a slight epidemic of the flu going around. Most of the children are now able to return to the school room.

Mr. Eddie Ingram of Wandlowe, is confined to bed with appendicitis at last week. He underwent an operation at a hospital in Edmonton. Reports are that he is doing as well as can be expected.

Walter Kendall is again going around with his chopping and sawing outfit.

Mr. and Mrs. W. A. Mitchell and daughter Mr. and Mrs. D. S. Mitchell and Miss Jean Dickson, prepared a birthday dinner for Geraldine Mitchell at her home on Sunday, in honor of her 9th birthday.

Several families from our district were among the guests at the card party given by Mr. and J. Appleby at their home last Friday night and all report a fine time.

Mr. and Mrs. G. W. Sears visited at the home of Mr. and Mrs. W. Ingram on Sunday.

Mr. Carlisle spent Tuesday at Camrose, he being under the care of Dr. Norlyn.

Mrs. Tom Shultz is on the sick list this week.

Mr. and Mrs. Marsh Mitchel and family spent Sunday at the home of Mr. and Mrs. W. E. Mitchell.

Mr. and Mrs. G. R. Owen and Miss Mary were guests of Mr. and Mrs. C. A. Ingram on Monday afternoon.

Little Miss Helen Shultz started qeb to school on Monday after being confined home several weeks through illness.

Pupils attaining honors last month were, grade 1, Ester Coombes, grade 2, Eugene Carlisle; grade 3, Ada Charles Sears; grade 4, Harold Shultz, grade 6, Mildred Ingram, grade 7, Jeanette Brown; grade 8 Hazel Sears. Pupils neither absent or late, Margaret Mitchell, Harold Shupe

KINGMAN

L. Cronkon spent Saturday in Edmonton last week.

Mr. Ed Thompson returned from a trip to Grande Prairie on Saturday evening.

M. B. Nose and L. Pachaug of Bardo will build two big barns early this spring. The lumber was sold by the Hanna-Sutherland Lumber Co.

The funeral of Ole Tallefson of Cold Lake, took place in the Kingman church on Monday afternoon. Mr. Tallefson died from natural causes, and he was a little over 80 years of age. He being married to a widow relative of Kingman, and with them every sympathy in the bereavement.

Mr. and Mrs. S. T. Severson of Ely, attended the funeral of Mr Tallefson in Kingman.

The local lumber yard has been very busy these days unloading three car loads of lumber.

LINDBROOK

We hear that Mr. Ed Ingram was taken to the hospital th's week suffering from appendicitis. He was operated on and is now on the road to recovery.

Miss Clara Rogers left here this week for Edmonton. Miss Rogers is entering the general hospital there as a nurse probationary.

Mrs. Rogers went down during the week, but returned to Edmonton.

Mr. Glenn Bailey, is helping his brother Jack who moved his belongings down to the farm, that Mr. Bailey recently bought from Mr A. Rogers.

Mrs. L. Pointer has been spending the week with Mr. and Mrs. Lasby and family whilst building operations are in progress on the Pointer farm.

Presentation

A pleasant time was passed at our rooms, this afternoon (Thursday) when about 60 Institute members and the Carling Club gave a farewell party to Mrs. North who is soon leaving us. A pleasant time was passed playing cards and conversing, after which Mrs. McCauley for the Carling and Mrs. Doak for the Institute, presented Mrs. North with a gift of friendship and esteem. Mrs. Pincott gave two readings, after which a very tasty lunch was served, and the rest of the afternoon passed very pleasantly.

WEDDING

McHaffey—McKenzie

At the residence of the bride's parents, Tofield, on Wednesday, March 4th, Margaret Kathleen, only daughter of Mr. and Mrs. Geo. McKenzie, was united in marriage to William Arthur McHaffey, a prosperous young farmer of the Tofield district. Rev. D. Geo. Watt, B.D., pastor of the United Church performed the ceremony.

farm.

Don't forget the church service in the school here on Sunday, March 8th at 2:30 p.m. There will be a short meeting after the service to discuss the proposed services to be held here this summer.

Mrs. C. J. Kortzman of Turin was here on a visit on Monday; her son Walter who has been visiting here, returned with her on Monday evening.

AMISK CREEK

Mrs. F. A. Moer, Mrs. L. Anderson and Lillian Patterson went to Edmonton last Monday. Mrs. Moer and Lillian Patterson intende to stay a month. Mrs. Anderson is expected home the last part of this week.

The Bardo boys played a game of hockey with the Shantz boys last Saturday on the local ice. The game was 1-0 in favor of Bardo. The Shantz boys will play at Bardo on Thursday.

Mrs. P. Moline visited her daughter, Lucenne, who is attending school there. Mrs. Moline returned home on Thursday evening.

A. Patterson left B. Berg building the lumber for their home, which they are going to build as soon as the snow goes off.

Mr. P. Plaster and Mrs. G. Hiebert had a business trip to Edmonton on Wednesday, returning the same evening. Mrs. G. Hebbert stopped over at Plaster's and visited with her daughter, returning to Viking on Thursday evening.

Emma Anderson from Bardo is visiting at L. Anderson's this week.

Amisk Creek Ladies' Aid will meet at Mrs. C. Kjerulf to-day, (Thursday).

Mr. and Mrs. J. C. Olsen and Children are visiting Mr. Olsen's sister, Mrs. J. Blackburn, near Lavoy this week.

Concert

On Friday night last the Tofield Baseball Club staged a concert at the Variety Theatre. The house a very good attendance ... Somewhere put on by the club here ... will be received by the audience.

The big item on the bill was a play entitled "The motor bus" and was a scream. The play kept the audience in a gale of laughter at all times, the acting of Mrs Duncan, Leslie Herndon and Geo. Bissett being of a very high order.

The program was well filled out with songs, readings, musical selections, etc., and as a new innovation a boxing bout between Bert Calvert and W. Jacobs.

The whole program was good and went forward with a zip and a swing that left the audience in a fish good humor when it was over.

The Tofield Catholic Women's League are holding a St. Patrick's social on Saturday March 14th at 8 p.m. in the W.I. rooms. Tea and lunch 15c Everybody welcome.

W. W. North left on a business trip to Saskatoon on Thursday.

Mrs. Laurie Scott, of Saskatoon, is visiting at the parental home at present, and her parents, Scott who is at the room with the Saskatoon Sheiks.

Mr. and Mrs. H. Rogers visited Edmonton on Monday to attend Bandmonella's concert being held there.

Mr. and Mrs. Glover were city visitors on Monday.

Mrs. G. R. Elliott left for Toronto, on Wednesday. Mrs. Elliott's sister who was visiting in Tofield last year is seriously ill in the Queen city.

Mr. J. W. Cook left for Edmonton on Wednesday. Mr. Cookson will enter a hospital there and undergo an operation. Friends will wish him a renewed health.

A baby girl ... reported this week, J. Fraser, who's been confined to the hospital for ... for the past two months. Mother and child are doing well.

Mr. Stone of Regina.

The Ingram school report will be in next week.

Miss Henderson of Clyde, Alta., took charge of the ... vacated by Miss Ramsay at the ... school on Monday.

Now Is The Time

In a few weeks the winter will break and "before you know it" spring will be here. Some grain will be cleaned and ready for the field and some will not, but it is a safe guess that the man who sows clean grain will make more money than the man who does not.

We have fanning and grain cleaning mills on our floor and cordially invite you to bring in a bag of your own grain and let us demonstrate them to you. We have not the space to describe these mills fully, but they are as good as money can buy and are here for your inspection.
We also have some second hand mills for sale at Bargain prices.

M. C. Hammond

Order from your grocer his best tea and he'll usually send "Red Rose."

Dread of Asthma makes countless thousands miserable. Night after night they cough and choke, when relief is given the mind in with the Dr. J. D. Kellogg's Asthma Remedy. It relieves the painful and distressing symptoms and makes sleep and rest possible. Don't suffer another night. Get a bottle today. Sold by druggists everywhere. Write for free booklet. Dr. J. D. Kellogg Co., 5200 Dearborn St., Chicago, Ill.

Beggar in Leipsic Makes Good Living

Astounding Figures Are Unearthed By Municipal Welfare Office

It seemingly pays to beg in Leipsic. The municipal welfare office of that city has unearthed facts to the fact that the begging per century that would cause envious thrills to run down the spine of any first-hand professional.

One blind woman, for instance, makes a average income of 1,500 marks a day, about $2.50 a week. Daily she is led to 27 of 30 flats and is at all occupied with men and women in the streets. Two brothers who are called John Doe respectively declared that during the year they had earned, most handsomely, 1,000 marks each.

The concerns concealed in the begging honor of the individuals are obtaining the pittance with a card stating in a plea for assistance. One of the brothers is the subject quoted by Sunday's driving a motor car.

Investigations among thousands of the unfortunate beggars, some of them are known to be in receipt of pensions, have revealed that they are not in need of assistance.

Law Against Rebellion

Public Safety Act Becomes Law in Saskatchewan

Regina to Hughes, two pieces of the Irish Bill Bill which received third reading at the recent session and which makes permanent the law which was passed in 1919 and which makes permanent the War Measures Act, Public Safety Act and other emergency measures, which have expired.

The bill is not retrospective in its operation, but it is understood that it is the case. Mr. Hilliams said that there were no prosecutions under the bill. Certain agitators, which involved self-styles by death for war and the state, but that no one had yet been charged. He did not consider that the bill was necessary at the present time. It is significant of Britain's mind in the matter that the bill was passed by the House of Lords without any amendments.

Russia Buying War Aeroplanes

Sent to Holland to Engines Supplied By Britain

London, Dec. 2.—Russian commercial agents, in Holland Fokker and Britain, the biggest industrial centre in Holland with the famous Dutch acquisition Rotterdam, have placed orders for 1,000 aeroplanes. It is significant of Britain's mind in the matter that the bill was passed by the House of Lords without any amendments.

Will Cross Atlantic in Small Yacht

Medical Missionary to Sail New Museum Boat to Labrador

An apparatus voyage across the Atlantic in a 20 foot steel yacht is to be made by Dr. W. T. Grenfell, C.M.G., well-known Labrador medical missionary. The boat, which replaces the vessel lost in the fire off the Labrador coast, will make this 2,500-mile journey under her own power, replacing the two coal bunkers at the Annex engines.

The Strathcona II will be used by Dr. Grenfell on the doctor has on his cruising ports on the year, and conveying to the hospitals he has established there.

There is no one transport to Labrador, and at present an old Canadian sailer is trying to do the duty, which the Strathcona will perform when she is ready. Dr. Grenfell's cruising ports where he attends the Arctic there and Prince Edward.

Fewer Recruits For Army

British Enlistments Fall Off Due to Emigration to Dominions

The annual report of the British army, on the year ending September 30 last, gives the total enlistments and re-enlistments during the year as 39,000, the actual intake being 34,000 less than the number for the previous year. Emigration to the dominions continues to be a material recruiting field, and the report says that the ex-soldiers have availed themselves largely of the facilities provided to remove to the dominions. The deep sea, enough to land the total in the United Kingdom, to which the civil population is peculiarly susceptible, appears to be applicable.

Enquiries sent to the dominions to add to the previous number of emigration to army life, and many persons have been lost as a result. The out of the regular army of all ranks, guards at 212,512 while the total number of men serving was 84,049

Continued Demand For Copper

Manager of B.C. Mine Sees Prosperity For Industry

Copper base metal upon which the prosperity of the mining industry in British Columbia is a great interest depends, has every prospect of remaining in good demand for some time to come, said Percy Reginald Brown, manager of the Britannia Mines, British Columbia's greatest producer of copper, in an interview at Winnipeg with the Free Press.

BOOSTING FOR ALBERTA

DESPITE THE prophesies of "kill-joys" and pessimists, Sunny Alberta is assured of a brilliant future. It is doubtful if any country, province or state in the world, has made such great strides towards success, as Alberta has during the past 40 years.

If we look back a short four decades, we find practically the entire province untouched, with the exception of a few small towns and trading posts, with a few real farms snuggled around them.

Up to the present it has been the richness of the soil and the climate that has caused over half million persons to immigrate here and commence farming and still there are vast stretches of "free" land.

If the farming industry has made Alberta what it is today, what strides will the province make when the natural resources are fully developed.

It is estimated that Alberta has the most extensive coal fields in the world, and it is a known fact that the three coal fields in the States are fast "playing out," the United States are going to need coal and Alberta is the logical place for them to buy it.

The oil fields, now in their infancy, but geologists are of the opinion that the oil fields are waiting to be found in Alberta is desirable for refining purposes and especially for the pulp and paper industry.

The waters of Alberta lakes teem with the best of fresh water fish.

The presence of natural gas in unlimited quantities gives the reduces the production cost in all kinds of manufactures, when used both as power and heat.

With all these undeveloped natural resources staring us in the face, we are forced to swing to the optimistic party and boost for Sunny Alberta.

LIFE'S REWARD

LIFE HOLDS out no briefs for the man or woman who is not willing to play the game of life clean and snappy. And who is not interested in the success of their own community. Sooner or later the man or woman with only the personal selfish motive to spur them on to bigger things, will fall by the wayside, or feel that life is but an empty dream.

The large majority of people sometimes think, "if I only had plenty of money, how happy I could be; and now much good I could do." History repeats times without number, that wealth in large quantities is a deadening drag on the human system, to retard personal progress along the lines that build and develop. Not long ago I heard a father say; "I do not want my boy's to have to work as hard as I did." Work in proper proportion, is one of the greatest boons to man, especially if he loves his work. The demands asked of us to-day, are different from those of forty years ago.

The old pioneers had to learn how to do things in order to live. We to-day, find life a struggle against forces which we are unable to control. This should not discourage any of us

It should spur us on to start right with ourselves, our method of doing things, seeing that no blame can be attached to ourselves. The only man who has time to help in any worthy cause, is the busy man. If life means anything to the reader of this article, and you want to get all you can out of it, the results you obtain will be in accordance to what you put into it. **It is not what you take out of life that counts, but what you put into it.**

Caron Light, Water and Power Plant

The CARON PLANT is the result of years of severe test and development, bringing it to its present perfected state. It will give you many conveniences in the country. It will light your home and buildings. It will furnish electricity for operating electric iron, toaster, washing machine, etc. It will also operate milking machine and in addition, it furnish task power to run wood saw, grinder, churn, etc

Can be supplied either as a separate complete Electric Lighting plant—Water Supply System—Farm Power Plant, or all combined on one base.

Masse Electric Co., Edmonton, Alberta

Here and There

The following are comments on the election material and his ultimate fate comes from the Boston Transcript:

"If a freight train at a crossing . . . "Then another said quietly: "There's the freight train—Where's . . . ?"

Trees . . . the state of 20,000 a day have been planted by farmers in Western Canada during the last 20 years, according to a report of the Federal Department of Agriculture. A total of 150,000,000 young trees, the report shows, has been distributed to farmers in that section in 1923.

Canada has entered into negotiations with Germany for a trade agreement which will give her the benefit of the most favored nations agreement. It is said that exactly very nearly doubled during 1924 and at the close of the year Germany was practically in the position of being Canada's third best customer.

A co-operative shipment of poultry to New York City, encouraged and backed by the Dominion Poultry Service, Alberta branch, brought good results. The shipment consisted of two hundred pounds of turkeys and the shippers received a cheque for 42 cents a pound for their birds, the New York selling price being 41 cents a pound.

Among the interesting books of the season on "Canada's Great Highway; from the days it was known as the Lake to the present day" by J. E. Roberts C.E., published by Thorburn and Abbott, Ottawa. Dealing with the early history of the Canadian Pacific Railway, the volume contains many reminiscences of . . . struggles days as experienced by the author . . . the construction of the . . . railway.

Here and There

Mineral production in Canada for 1924 is estimated at $207,114,000, as compared with $214,079,231 in the preceding year, according to a preliminary statement issued by the Department of Mines. Metallic minerals accounted for $96,434,000 of the total, followed by fuels and other non-metallics with $73,830,000, and structural materials and clay products with $36,850,000.

The Port of Montreal created a new world record in 1924 for the amount of grain handled by any one port in any one year, namely, 168,-139,395 bushels, while from January 1 to November 30 she handled 91,-206,556 bushels more than her nearest competitor and 17,332,760 bushels more than the seven south bound ports combined.

The finest of the finest coastal vessels in the world, the "Empress Kathlene," recently launched by Lady Mount Stephen, widow of the late Lord Mount Stephen, a former president of the Canadian Pacific Railway, left Glasgow on January 15 on her ten thousand mile journey through the Panama canal to join the Canadian Pacific fleet of coastal steamships plying the seaboard of British Columbia.

A historic pageant of some proportions is being planned by the Calgary exhibition board for this year. Its object being to commemorate the fiftieth anniversary of the founding of the city by the old North-West Mounted Police in 1875. In the period which has since elapsed, Calgary has developed in an extremely busy, modern city having a population of 73,000. A stampede similar to those held in Calgary in previous years is also planned for this summer.

The itinerary of the "All Blacks," New Zealand's wonderful rugby team, hitherto unknown, in their tour of Canada was announced by the Canadian Pacific recently. Landing at St. John, N.B., on June 27, from the company's steamship "Empress," the team will proceed across the Dominion via Canadian Pacific lines. They will make short stays at Montreal, Ottawa, Fort Frances, Winnipeg, Regina, Calgary, Edmonton, Banff, Vancouver, Victoria and Nanaimo, B.C., and will sail from the latter port on the Empress of Asia for Australia.

Your Farm is a Business Proposition

YOUR farm is as much a going concern as a factory, a dry goods store or a railroad system. Your farm is as dependent as any other business on a policy of sound, forward-looking financing designed to meet the various situations that occur in the life of a farmer.

If you will regard your farm in this light—as a clean-cut business proposition—you will find it helpful to form a connection with the Bank of Montreal—a bank that has served the farmers of Canada for more than a century.

Each of our 600 branches has the strength and stability of the entire organization.

Value Of Improved Roads To The Agriculturist And Economic Life of the Country

Time is money, is an old saying, and one that is only too true, as the motorist is coming into his own. Especially do we appreciate the condition when the first necessary road in the province, the main artery, is completed. Then the motorist is not only benefited by the saving in time, but he is enabled to reach the market required of him. The farmer's time also is valuable, and is to be paid for by the consumer to the producer. If he require the latter to provide a private car merely to enable him to get to and fro on the farm, or to and from the railway station, he must charge an added amount to cover the cost of the car, and the time he occupies in running the car, which must be added to the cost of the article he has for sale. The farmer's time also is valuable, and is to be paid for by the consumer to the producer. If he require the latter to provide a private car merely to enable him to get to and fro on the farm, or to and from the railway station, he must charge an added amount to cover the cost of the car, and the time he occupies in running the car, which must be added to the cost of the article he has for sale. W. B. Ford, Manager.

Boys' Service at Ketchamont

The service at Ketchamont on Sunday will be taken by the C.G.I.T. This is the same service that was so successfully held at Tofield recently.

(continued from front page)

Tofield, it is altogether a different proposition. And kindly bear in mind we are the women of your town, trying to keep a good stand, live in citizens in good running order and it our endeavor to add new books continually to our library. But we must have a little better support from each one, in order to do this a little bit helps."

Most of the library members returning books on Saturday last, were on a library membership card. Some with a dash, will renew on next Saturday. Those cards now in duplicate form, the other one being kept in the library for reference. All members must absolutely bring their card when returning books, as no book can be taken out in future without presenting your card. And only two books can be taken out at once. If one of these is held out an extra week, only one book can be taken in exchange for the one brought back. Someone may be waiting for the book you are holding. If you want more than two books out at once, an extra book will be made. Don't lose your card, it means money!

Now the library will have already cost of the Mercury. Further help will be published from time to time as the complete list be ready.

NOTICE

HARRY KENDALL

wishes to notify his customers that hereafter the FEED MILL will only open on FRIDAY and SATURDAY

NOTICE

To

DAIRYMEN, LIVE STOCK AND POULTRY PRODUCERS

On

SATURDAY, MARCH 7th

Meetings will be held at points on the C.N. line for the purpose of discussing and giving information regarding the three co-operative pools now in the process of formation.

These pools are being organized as a result of a demand made by the producers and it is now up to the producers to show their confidence in co-operative marketing by signing the contracts.

Committees will be organized at all points to complete the sign-up and give every farmer an opportunity to associate himself with his neighbors in merchandising his product.

The meeting at

TOFIELD

will be held at 2 p.m. If you think the co-operative plan is right, come in and support it.

If you think it wrong come and criticise it.

At all events come in and hear it discussed.

Alberta Co-Operative Dairy Producers, Ltd.
Alberta Co-Operative Live Stock Producers, Ltd.
Alberta Co-Operative Poultry Producers, Ltd.

ATTENTION TO THOSE INTENDING TO HOLD AUCTION SALES THIS SPRING

I have found it necessary to go east for a short time and wish to advise anyone who wants to obtain a sale date and get the advertising out, before I return, to get in touch with E. M. Hardy at my office. Mr. Hardy can make all of these arrangements for sales and in this way you would not be delayed.

Don't Forget the Pool Meeting Saturday at 2

Women's Institute

The regular annual was held on Thursday, with 15 members present, the first part being taken up with business. A new "pant list" was arranged for our rooms, via afternoon tea and whist drives, etc., $9.60, directors, banners, etc., $6.60. The April meeting roll call will be answered by short cuts in home keeping or a good recipe. Accounts were read and ordered paid. Mrs. Lewis and Mrs. Weatherall served a most tasty lunch.

The "Old Maids' Convention" starts in first meeting in the rooms on Friday evening of this week. Please take notice.

We are holding a whist drive on Tuesday, March 10th in our rooms. Please take notice also.

Another instalment of the list of books in our library.

LADY CURLERS VISIT EDSONITE

Three rinks of Lady Curlers en-trained Wednesday, to play return games at the Granite rink.

At noon they were royally entertained at the Hudsonia. Besides the Tofield rinks, one rink from each of Perma, Royal and Edmonton rinks were invited to play afternoon games with the Granite's. No victory was reported for Tofield, but we are assured that a good time was had by all. After the games, tea was served on the rink.

The personnel of the rinks was as follows: Mesdames E. Rogers, Swift John, McCauley (skip.) Mesdames Morrison, H. Rogers, C. Lee, Hammond (skip.) Mesdames McClurg, Barnes, Rommens, Hamma, (skip.)

Rinks of lady curlers from Holden and Viking visited Tofield on Friday last and played friendly games at the local ice palace. Mrs. Carter of Holden, former member of the Tofield Curling Club, was among the visitors.

TOWN COUNCIL MEETING

A town council meeting was held on Monday, March 9th, in the town hall at 8 p.m.

There were present Mayor McCaughey, Councillors McMullen, Hay, Brown, Swift, Chapman, and Bellamy.

A communication in reply to a letter written by the secretary to the Western Canada Fire Underwriters, was read. It stated that after consideration of the matter as downward revision of fire insurance rates on mercantile property in Tofield could be made.

A letter was read from the Board of Public Utility Commissioners advising that the Board had agreed to the extension of the town as submitted by and drawn up by the Council.

A number of accounts were ordered paid.

A by-law providing for the association of business places, and the taxation of persons carrying on any trade business or profession was given three readings and passed by the required unanimous vote of council.

A similar price of $1800.00 was set upon block 37, Craft's Lee and Gallenger subdivision terms one-half cash and the balance to be arranged with the purchaser.

The following committees were appointed for the year 1925:

Finance, Swift and Hay; Health & Relief, Hay and Swift; Fire, Water and Light, Bellamy and Brown; Public Works, Chapman and McMullen; By-laws, Mcmullen and Chapman; Property, Brown and Bellamy.

Councillor J. W. McMullen was appointed deputy mayor for the next ensuing three months.

U.F.A. WHIST DRIVE

A most enjoyable social event was held at the Variety Theatre on Tuesday night when the U.F.A. put on their social whist drive and dance. There was a large number present and a very enjoyable time was spent both. In addition to the cards, there was an enjoyable program rendered and of course a real country supper. The gathering broke up at least 1.30 a.m.

News From The Country

KETCHAMOUT

Pie, pie, pie! Come to the social at the school house Friday night, March 13th, and get all the good wholesome pie you can eat. Where is the man that has had all the pie he can eat—now is the chance. Also sandwiches and coffee will be served with the pie. Rev. Watt has kindly offered to bring out a lantern or illustrated pictures can be shown, accompanied by a lecture.

Mrs. Gladwin, while on her way from Nova Scotia to Vancouver stopped off for a visit with her daughter Mrs. Paul McManus.

Mr. and Mrs. Wesley Ingram, Miss Pearl Walsh, Mrs. Carter, Wilfred Adams, Lorne Ergo and Milton Brown were guests of Mr. and Mrs. R. E. Owen on Sunday.

Mr. and Mrs. Paul McMullen and family, Mrs. Gladwin, Mrs. C. Coombs and family visited at the home of Mr. and Mrs. A. McMullen on Sunday.

Mr. and Mrs. Urquhart visited Mr. and Mrs. Tom Rennie last Wednesday afternoon, the two ladies are sisters.

Mrs. W. Carter of Holden spent several days visiting at the Shultis home the week.

Miss Viola Lee spent Thursday night with her friend, Miss Jean Dick on.

Mr. A. Galloway, just recently from Saskatchewan has taken over Rep Lee's farm for the Kamsack (Sask.) district. Mr. Galloway is an old timer around Ketchamout.

Mr. H. H. Yung of Ryley visited Mah Hon in Kingman a couple of days last week.

A number of Kingmanites were Camrose visitors on Saturday.

A very pleasant surprise party was held on Miss Mabel Finestone on Monday evening, March 9th. A large crowd gathered, and the evening was spent in singing and playing games. A lunch was presented with a few kinds. She is well known in the Kingman district, having worked in the post office for many years.

Another carload of lumber has arrived for the local yard, and Messrs Ingwillers are doing the unloading.

Mr. and Mrs. Thor Grahn arrived back from an extended visit to Hay Lake on Monday.

Miss Olga Bjorgum made a trip to Camrose on Monday.

LINDBROOK

Long life, health and happiness are the wishes of your friends and neighbors, to our new bride and groom, Mr and Mrs. McHaffey of Lindbrook. On Friday night Mrs. McKenzie, the mother of the bride, gave a wedding feast to greet the young couple at their return from Edmonton, which was attended by numerous friends of the families.

It is with deep regret that we learn of the death in an Edmonton hospital of Mrs. G. Grant, wife of Mr. G. Grant of the district Mrs. Grant had been up to undergo an operation, no one even imagining that the next news would be that she had passed away. The deepest sympathy is felt by all for Mr. Grant and family in the loss of their loved one. In our town's place in the Tofield cemetery at 2.00 p.m., Tuesday, March 10 h.

Mrs. McLean, nee Annie Grant is home and Miss Lilly Fenn is staying there for awhile to help Mr. McLean.

Mr. R. Fenn returned home from Edmonton on Saturday where she has been undergoing dental treatment.

Mr. and Mrs. Reidel and family booked a carload of horses, cattle and farm and household effects and moved to a farm in the Wetaskiwin district where they will in future reside.

Mrs. Swain went to Edmonton on a visit this week.

Divine services (Anglican) was held in the school house here on Sunday, March 8th at 2:30 p.m. The service was conducted by the Rev. R. H. Thatcher of Edmonton. The school was full, and we hope that at all future services, the attendance will be likewise.

Mrs. Smith and Mr. Robt. Smith went to Edmonton this week, Mr. Robert returning home after a few days visit, but Mrs. Smith intends staying there for quite awhile, we hear.

No doubt most of us are familiar with the "Crooked Wagon" Bill, but here is a new road was staked out and looked like it, and that we learn Mr. J. Bailey intended to build. He moved his house and all his stuff and furniture to his new home. It took him the [illegible] on one of "Ox Trek" and a good title for the scenario would be "The Open Road," starring J. Bailey. No garages were erected on, but the usual inhabitants of the brush!

A masquerade dance was held in the school on Friday, March 6th. A fair crowd turned out, and the music was furnished by Mr. Rasmussen, Mr. Ergo, Miss Selma Rasmussen and Miss Violet Dodson.

Mr. and Mrs. Joe Bergh returned from a two months visit in Calgary last week.

Mr. Phil Bergh left for the coast on Saturday evening.

MRS. GRANT DIES

We regret to have to report the death of Mrs. Grant of the Lindbrook district, which occured in an Edmonton hospital on Friday afternoon, after a serious operation.

Isabel Grant was born in Scotland and was 41 years of age. Along with her husband she came to Canada 11 years ago and has lived in this district about five years.

She leaves to mourn her loss, six children, three boys and three girls. The funeral was held at Tofield on Tuesday, Rev. Watt officiating.

Much sympathy, is felt for Mr. Grant in his sad bereavement.

RED DEER

The sad death occured at Rose Creek on Thursday last of Miss Alma Wood, daughter of Geo. Wood. The unfortunate young girl was only 15 years of age, death being caused by pneumonia. The funeral was held on Sunday, a large number of people attending. The floral tributes were numerous and beautiful.

Mr. Hopgood and daughter, Mrs. Clements of Dufferin attended the funeral of Miss A. Wood, on Sunday, Miss Wood was a niece of Mrs. Hopgood.

Harold Rose left on Monday for the Royal Alexandra Hospital, Edmonton to undergo an operation due to an accident received at the Dobell mine on January 9th.

The Tofield Milkmakers (interscholastic) defeated the Barde Tigers in a hotly contested game last week by a score of 3—2.

NOTICE

TOWN OF TOFIELD — ASSESSMENT ROLL, 1925

Notice is hereby given that the Assessment Roll of The Town of Tofield for the year 1925 has been prepared and is now open for inspection at the office of the secretary-treasurer of the town from 10 o'clock in the forenoon until 4 o'clock in the afternoon on every day which is not a public holiday except Saturday noted on that day from 10 o'clock in the forenoon until 12 o'clock noon, and that any ratepayer who desires to object to the assessment of himself or of any other person, must, within thirty days after the date of this notice, lodge his complaint in writing at my office.

Dated this 12th day of March A.D. 1925.

J. W. CHAPMAN, Assessor.

M. MECKLENBURG

the old reliable exclusive eyesight specialist and optician, 31 years experience in Alberta, will be at

Quebec with 3 [illegible] Hotel, TOFIELD

MARCH 31—APRIL 13

Charges are Moderate. The Latest and Best Grade of Supplies are Used.

Now Is The Time

In a few weeks the winter will break and "before you know it" spring will be here. Some grain will be cleaned and ready for the field and some will not, but it is a safe guess that the man who sows clean grain will make more money than the man who does not.

We have fanning and grain cleaning mills on our floor and cordially invite you to bring in a bag of your own grain and let us demonstrate them to you. We have not the space to describe these mills fully, but they are as good as money can buy and are here for your inspection.

We also have some second hand mills for sale at Bargain prices.

M. C. Hammond

SAYS FARMERS WILL PROFIT BY THE WHEAT POOL

Toronto—The establishment of a Canadian national commodity exchange for the discussion of problems common to the entire Dominion will be likely to anticipate an economic policy left to all provinces, was the suggestion proffered by former Premier Drury, head of the Ontario Grain Growers' Association, in an address here, when the members of the Canadian council of Agriculture were the guests of the Canadian National Exhibition Association.

The west, said Mr Edwards was desirous to put to solve the problem presented by the present difficult situation. The eastern farmer had awakened to the fact that he was the only manufacturer to whom he produced on the market without regard to the cost of production and as a result he got 40 per cent of the grain grown and had negotiated no co-operative marketing.

The Canadian wheat pool, he said, would be a success if the farmers would only stick to it. He was confident that in this he would be supported by the majority of the farmers of Ontario. He would call a meeting of interested farmers and endeavor to get the Manitoba plan introduced this year.

A cordial welcome to the guests was extended by Controller Hocken, on behalf of the Canadian National Exhibition Association. He pointed out that the two organizations had much in common, the two-fold purpose of both being to educate and to benefit Canada.

Prince Albert Claims Crow's Nest Rates

Prince Albert—The Prince Albert board of trade is demanding that the Crow's Nest Pass agreement be made applicable on goods shipped to this city. Basing its claim on the fact that the previous Regina-Prince Albert branch of the C.N.R. was operated under lease by the C.P.R at the time the Crow's Nest Pass agreement was made. The board considers Prince Albert has valid claims to Saskatoon, which is on the same line, to the privilege of the same rates.

Seeking Better Freight Rates

Northern Alberta Relying on Sir Henry Thornton's Promise

Edmonton—Premier Greenfield's promise, given at a meeting in this city last August, that differentials under the Crow's Nest Pass agreement would not be allowed to continue on and after Jan 1 next, is being taken to heart by those who are now seeking better rates, especially to Edmonton and Northern Alberta.

In a letter sent on by Dr. Talbot, following a conference between Sydney H. Mitchell, K.C., and the board of trade, representatives of the Crow's Nest route, the Canadian National Railways, president is requested to see that the promise is fulfilled, and pressed at the same time that the terms of said promise may be put into effect at an early date.

Marvels Of Science

Photographs of U.S. Presidential Inauguration Transmitted By Wire in Record Time

San Francisco—Photographs of his inauguration as the president of the United States for four more years, and a brief statement, were received in San Francisco by the Associated Press and Hearst Newspapers.

The latest electrical marvel performed negatives that were received here and printed as soon as they came the camera, pictures transmitted over 3,000 miles of wire.

The feat is regarded by radio editors of the San Francisco afternoon newspapers as the most striking example to date of the progress being made in the simultaneous transmission of news pictures.

Empire Exhibition Has An Overdraft

£1,750,000 Is Largely Covered By Government Guarantee

London—The British Empire Fair seems has an overdraft at Lloyd's Bank for £1,750,000. Lloyd's Bank has consented to spread a moratorium of the bank and facilities in the exhibition grounds at Wembley, which will be used by the city to forego this privilege if other banks will share the financial responsibility of the exhibition.

The present overdraft, however, is largely covered by the government guarantees of the exhibition which were given before the fair opened, and the bank has agreed to allow an overdraft up to a total of £2,200,000.

Embassy in Turkey

London—The British government has decided to raise its present mission to Turkey to the status of an embassy. Newspapers said Lord Lloyd, the British high commissioner in London and Ancient Thunderbirds, secretary for foreign affairs, has been raised and it is expected official announcement of the elevation of the mission will be made in the next few days.

Will Export British Goods

London—A company is being formed with a capital of £500,000 for the establishment in London and other cities of a wholesale depot for the export of goods made from English and Scottish tweeds. The goods thus handled will be sold in wholesale lots and particulars supplied of the firms who have the goods for sale so that retailers may communicate direct with them and sell to the retail trade.

Adopt Masculine Attire

London—British women are adopting men's cloth while dressing, and trousers, clothing a fine figure in the pseudo division of the West London tubalt Exploitive Factory here. The buys of the blast are so vicious that the roads are surrounded and visitors were torn off.

Too Much Overhead

Nobl. Parks Speaks of Difficulties Under Which Co-ops Is Laboring

Montreal—Canada was living in a house that was too big for them, which they had furnished too cumbersomely with imported goods, and for which they were now not able to pay the rent, said Robert Forke, M.P., leader of the Progressive Party, in an address here. This country undoubtedly possessed great natural resources, but these were not of much immediate value so long as they were undeveloped.

There were great geographical difficulties, he said, notably the 1,000 miles of untenanted land between North Bay and Winnipeg, which, more than anything, was responsible for the existence of a definite east and west feeling which must be killed, and people must think in terms of Canada. Canada must accept a spirit of compromise and of give and take, if Canada is to proceed to its proper place in the world.

PLAIN CEREMONY AT INAUGURATION OF U.S. PRESIDENT

Washington—Calvin Coolidge at noon Wednesday, March 4, formally assumed the duties of President of the United States for four more years in a brief ceremony, which, in marked contrast to the simple programme carried through in Washington's time, was held on office on his grand march to a table, and in a short address declared that the people had given a mandate to the government to continue its present policies.

Thousands of people within reach of the inaugural ceremony, were present in the Washington of the president and Chief Justice Taft administered the oath of office.

The only ceremonial feature was the mounted escort of the president from his temporary straight until he reached the final destination that the United States cherishes in its memory than to mount the house of Representatives.

The oath of office was administered by Chief Justice Taft, himself a former president. Mr Coolidge repeated it with a firm, yet almost inaudible voice.

The pale celebration and ceremonies of former inaugural occasions were almost entirely lacked. After the presidential address had been completed, Mr Coolidge was escorted by mounting cavalry from the capitol to the White House, where he was to receive with his sa sis in a glass room in the east portico of the White House the parade of the inaugural parade.

Cannery For Winnipeg

Announce Granting of Charter to a Million Dollar Company

Winnipeg—It was announced that a Dominion charter has been granted to the Winnipeg Canning Company, which plans to operate a cannery in the Winnipeg district. The company will be incorporated as the Allied British Canners and Distributors, Limited, and it is understood that the Winnipeg plant operations probably will be commenced in 1926.

In addition to the Winnipeg plant, the company will establish canneries at Vancouver, British Columbia, according to present plans.

World End Lectures

Ottawa—L. H. Morth, of Ilaire, in the province of Brill, in a letter which, if adopted, will cut out church and charitable institutions may hold lectures without the consent of the ministerial authorities, when the prize does not exceed $50 in value. Mr. Martell's bill would abolish this exception to the general rule.

National Flag For Canada

Ottawa—Another attempt to provide in the proposal of A. B. McMaster, Liberal member for Brome, to secure a national flag for Canada.

Mr. McMaster proposes to move that the government should take steps to secure as many flags as the occasion or choice of a national flag.

GIN PILLS FOR THE KIDNEYS

Don't trifle with a Pain in the Back—it may mean Kidney Trouble! Gin Pills will relieve you. Get a box to-day.

To Take New Office

L. C. M. S. AMERY

who will be known as Secretary of State for Imperial Affairs, after the Colonial office becomes the Department of Imperial Affairs.

New Earl of Oxford Makes Maiden Speech

Appeals Cautious Allies Against Indefinite Occupation of Rhineland

London—The Earl of Oxford and Asquith made his maiden speech in the House of Lords on Tuesday when he urged the allies against occupying the Rhineland indefinitely, when they had expected to keep troops there for the strictly limited time.

France's footing in the Rhineland, he said, afforded grounds for a comprehensive international pact, in the interest, not only of France, but of the whole security of Europe and the whole world. That, he argued, was the most urgent need today.

Canadian Woman War Correspondent Dead

Gifted Writer Accompanied British Troops to Mesopotamia

Vancouver, B.C.—World famous as a woman war correspondent and magazine writer, Miss. Beatrice Franklin Kent is dead, at New York, from pneumonia following the flu. Miss Martin Kent, who at one time was on the staff of the Victoria Times, and later did war correspondent work, Mrs. Kent, accompanied the British forces in the Mesopotamian campaign and subsequently toured India, and the Far East. She was a gifted writer and many of her death will cause genuine sorrow in British Columbia.

Using Radio To Spread Propaganda

Daily Programmes in Russia Devoted to Political Talks

Moscow—Soviet Russia has three broadcasting stations, at Moscow, Leningrad and Nizhni Novgorod. The latter is used for the transmission of posts, telegraphs and telephones

The object of the daily programme is devoted to talks on a political nature. The Soviet government has established government controlled radio to further their party purposes. There is also a Soviet budget of news and experimental music.

Carry On Good Work

Research Council Gives Aid to Many Activities

Ottawa—Forty-six research investigations carried on under the National Research Council during 1924 and 1925 reports have been made under assistance from the council for scholarships, fellowships, research, the annual report of which was tabled in the House. During the fiscal year ending March 31, 1924, $65,820 was granted for research purposes, out of a total sum of $120,000. The remainder of the credit subscribings and 24 bursaries were awarded to students, the remainder was being carried on with 19 university departments in Canada.

U.S. Congress Favors World Court

Washington—The house committee on foreign relations by a vote of 12 to 7 today favored the adoption of the resolution proposed by U. S. Senator Harding and Pepper for adherence to the world court with reservations.

The resolution, which requires neither senate nor house approval, now goes to the rules committee before it can be reported to the floor for consideration.

Interrupt Cook Night

Windsor Ont—Three thousand dollars' worth of poultry is roosting still in the basement of the provincial police headquarters here as the result of a raid in Sandwich when 45 pens-cocks were seized and the pen-hunsaries for an all-fashioned cock fight interrupted. About 50 spectators were found in a basement where the cock pit was erected.

Supervising Credits

Winnipeg—Fit additional rural credit societies with total liabilities of the provincial supervisor as of $224,812, have been placed in the rural credits as administrator of the 71 societies in the province, 41 with approximately $1 thousand outstanding, are now being administered by the provincial department. It is officially stated.

Singapore Base Will Cost Million Pounds

Singapore—The cost of the site of the proposed Singapore naval base was £1,250,000, it was officially stated at the Empire naval conference in session here. It was added that the acquisition of the site had been completed, and the land was being handed over as required. Hong Kong will contribute £250,000 sterling toward the cost of the dock. This is the first naval conference held in Far Eastern waters since March, 1921. Much importance is attached to it in view of the defence problems to be discussed in regard to the Pacific.

Will Hold Conference in May

To Discuss Development of Canadian West Indies Trade

Ottawa—The customary annual conference, to be held in May, for the purpose of discussing matters affecting the trade between the Canadian Government and the West Indies, will be held in May. The idea will be the negotiation of a new treaty, for the development of trade between the two countries.

Hon. Edward Lapham, M.P., who recently visited the West Indies to study conditions there for the Canadian Government, reports that everywhere the proposal for another conference has been received with enthusiasm, and that the time is ripe for a special effort to extend the trade.

Will Terminate Agreement

Western Mine Give Notice to American Mine Workers

Calgary—The Western Canada Coal Operators' Association at a meeting here, decided to give notice to the United Mine Workers of America on March 31 terminating their present agreement on September 30. Failure to the expiration of operations in October of the strike, the coal mining industry of the province will be hard hit, many of the mines, only working one or two days a week. The present rate of powder ton at the mines means it is stated, has been largely responsible for the great fallout of in business.

ONTARIO WANTS TO SECURE COAL FROM ALBERTA

Toronto—Darling Jr. address at the legislature, Premier Ferguson spoke at some length on Ontario getting coal from other Canadian provinces.

Even if it meant a deficit for the National Railways, they would be the satisfaction of knowing that the money was staying within Canada, and that the industrial trade was being created about an Canada-Ontario intended that it should be the policy and

He declared that arrangements had been made to bring coal from Alberta coal to Ontario on May 1 next, and that in a short time it was hoped to get Alberta and Nova Scotia coal here as cheaply as I United States coal was now brought in.

Assessment Tribunal

How Act May Be Submitted on Alberta Legislature

Edmonton—To make the taking of improvements compulsory in all the towns and villages of the province, and to provide for the establishment of a special tribunal to deal with assessment and assessment appeals, are the two principal amendments to the assessment act which it is proposed to introduce now being considered by the government. It is likely that a bill embodying these points, will be prepared and submitted at the present session of the legislature. A strong delegation for the Alberta Union of Municipalities was in evidence here at the government, when the question was discussed at length.

Edmonton, Calgary, Lethbridge and Red Deer were represented, together with a number of smaller places.

Bachelors Would Marry

Homesteaders in Alberta May Bring Prospective Brides From Old

Edmonton—Unmarried farmers in the Vilna district in Alberta are preparing to return to the homes of "single blessedness."

At any rate a number of bachelor farmers with residences in the district have written to the Vilna Board of Trade, asking that a committee be appointed to interview Premier Jamieson, of Prince Edward, to visit England and Ireland this summer and bring back with him a number of marriageable age who would make desirable life companions for Vilna homesteaders. The I.P.A. lands have endorsed the idea, both morally and financially.

Bovine Tuberculosis Can Be Eradicated

But Owner Must Be Interested Says Government Official

Ottawa—Bovine tuberculosis can be eradicated at low cost provided the owner is interested in the work, it is his herd, and will co-operate with the government, stated Dr. George Hilton, veterinary director general in addressing the Canadian Medical Association here on Wednesday.

Dr. Hilton said that systematic testing of cattle in the Province of Alberta could be carried on for a period of years at a cost of $1 per head per year. He declared that the cost of eradicating bovine tuberculosis in Canada would be more than offset by the increased production of milk and milk products.

Take Text Out Of Paint

Windsor Ont—Tom Moore, Lachine fisher chief, would have it, when he introduced a bill to amend the law of the political arena and resolved on a certain basis, so as to prevent the use of poisonous substances in paints. He claimed that the use of lead in paints was responsible for many deaths.

Eat More Apples

Ottawa—Instead of eating an average of an apple a day, Canadians have passed their ration to four a week. He gave cited as the annual consumption of the Canadian horticultural council to Mississippians was 52 apples per head, a well-known slogan standard, an interactive advertising campaign is to be conducted during the next year.

GRAIN FUTURES CASE BEFORE THE PRIVY COUNCIL

London—The judicial committee of the privy council has reserved judgment on the appeal of the Attorney-General of Manitoba as to whether the act providing for the cancellation of all trading in grain for future delivery was ultra vires of the province of Manitoba.

Special leave to appeal was granted to the Attorney-General of Manitoba by the judicial committee of the privy council in July, 1924. The Grain Futures Act was passed by the Legislature of Manitoba in 1923, provided

BEWARE OF ALASKA OR "MIRACLE" WHEAT

(Experimental Farms Note)

Although tried time and time again by numerous Experimental Stations Alaska or Miricle wheat has failed to gain a place for itself, except among those who would exploit it for their own financial gain. But unless history fails to repeat itself this spring, we may expect soon to see the signs of an aggressive campaign, having as its objective the sale of this wheat to western farmers. We may expect to hear or read about marvelous yields that it is capable of producing under all conditions of growth. One of the promoters of this wheat, a few years ago claimed that from one head he obtained a return of seven pounds and from these seven pounds he produced 18½ pounds or an increase of approximately 220 fold.

This variety belongs to the Poulard subspecies of wheat being somewhat intermediate between the common and durum wheats. It has numerous aliases the most common of which are, Egyptian, Eldorado, Many-headed, Miracle, Mummy, Seven headed. It has always been easy to interest people in this wheat owing to its branched head. If an unbranched head will yield so much it is argued, surely a branched head will yield much more! While head for head this may be true, yet experiments have not shown that it holds good acre for acre. This wheat was probably introduced into North America from Europe or Egypt in Colonial days. It was received by the Philadelphia Society for promoting Agriculture in 1807, since which time it has appeared periodically under one name or another.

In 1906 the U.S. Dept. of Agriculture began an extensive investigation of this wheat which investigation continued for several years. In the meantime it has been tried by farmers all over the U.S., but it is not now grown anywhere as a commercial crop. The fact that it has never become established in spite of the remarkable advertising it has received, is a good indication of its inferiority. Promoters, however, resurrect it periodically, and owing to its striking and unusual appearance, manage to sell it to the unsuspecting farmer at exorbitant prices. As far back as 1840 the records show of one enterprising gentlemen offering this wheat at $5.00 per head.

The essential facts concerning Alaska wheat have been summed up very nicely in a bulletin published at the conclusion of extensive tests conducted at many points in the U.S., by the United States Dep. rtment of Agriculture (Bulletin No. 857, 1916. p 27). This summary is as follows:—

(1). That it has been used in this country very often as a means of deceiving people and very seldom as a farm crop;

(2.) That it has failed to produce even fair yields wh.n ... in any of the country and has never been shown to produce extraordinary yields;

(3). That it is not a good milling wheat.

(4.) That the branched head is not a sign of superior yielding power.

WORK

NO MAN or woman has a right to say the world owes them a living. It does not. In spite of all that has been said of work being fostered on us because Adam listened to Eve, and ate the forbidden fruit. Work is a great blessing.

If our work interests us, then it becomes a pleasure, and vice versa. It behooves us to choose wisely and well our life's work. But some say, "I have no chance to choose. I have to do work that I

Caron Light, Water and Power Plant

The CARON PLANT is the result of years of severe test and development, bringing it to its present perfected state. It will give you city conveniences in the country. It will light your home and buildings. It will furnish electricity for operating electric iron, toaster, sewing machine, etc. It will also operate milking machine and in addition, will furnish belt power to run wood saw, grinder, churn, etc.

Can be installed either as a separate complete Electric Lighting plant—Water Supply System—Farm Power Plant, or all combined as one unit.

Masse Electric Co., Edmonton, Alberta.

Lake Louise From The Air

Here is the first photograph ever taken from the air of Lake Louise, the Rocky Mountain gem that has defied description by artists and poets since its discovery in the early 1880's. In the foreground Chateau Lake Louise, summer resort and centre of mountaineering and trail riding activities. In the background, ten miles distant, Victoria Glacier and Mt. Victoria. But what is ten miles distance in such heights?

late." All of us have to do things that we hate to do and it is in doing work that we hate, that we build up our character.

Success does not come to the person who is waiting for something to turn up. If you cannot get to do what you want to do, then do what you have to do in a way that brings out the best you have to offer. If you do this honestly and sincerely, I am sure surely as night follows day, your chance will come, for the business world is always on the lookout for the one willing to do his best. To succeed, your best has got to be good, perhaps a little above the average. To do a little more than is expected of it, not to keep our eyes on the clock, is two ways to sure

Napoleon once said: "He that would rule well must first learn to obey." Sometimes this is hard to do but the one who cannot obey orders, will never get to the place where he can give them. —A.S.

NOTICE

To

DAIRYMEN, LIVE STOCK AND POULTRY PRODUCERS

On

Saturday March 14th

Meetings will be held at points on the C.N. line for the purpose of discussing and giving information regarding the three co-operative pools now in the process of formation.

These pools are being organized as a result of a demand made by the producers and it is now up to the producers to show their confidence in co-operative marketing by signing the contracts.

Committees will be organized at all points to complete the sign-up and give every farmer an opportunity to associate himself with his neighbors in merchandising his product.

The meeting at

TOFIELD

will be held at 2 p.m. If you think the co-operative plan is right, come in and support it.

If you think it wrong come and criticize it.

At all events come in and hear it discussed.

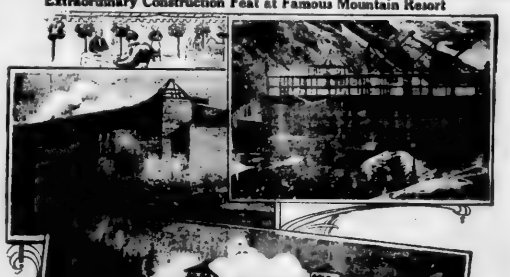
Extraordinary Construction Feat at Famous Mountain Resort



Photos, top shows in centre of picture, left, the power house and below, the hotel under construction. Below, Chateau Lake Louise as it appears today.

A building and builders all over America are much interested in the progress of the re-building of the Canadian Pacific hotel at Lake Louise, Alberta. The site of the hotel is unique in that there are level, and the temperature frequently takes a record drop there being many days when 60 below zero is not unusual. It was imperative that the new building should be completed and open for the coming season. Work was started early in November, 1924, and contractors from Vancouver, Winnipeg and Edmonton, Alberta, were interrupted by winter weather before the job could be done during the cold weather, particularly in view of the fact that the new hotel is to be of fireproof construction. The job could be guarded from freezing, and it was finally decided to build a huge wooden, tar paper lined structure around the entire work of the hotel. On the inside of this shell were being theremade of last ... the latter, the effect of which was to provide a mild, summer-like atmosphere for the carpenters ... Steam, kept hot by 400 horse-power steam ... The erection of so important a building in a position so comparatively difficult of ... ing for structural engineering skill, the task of getting the materials to the site being by no means an easy one. With night and day service, in spite of ice and snow, over 20,000 tons of material and coal are being delivered by the ... a spring passage tramway on a four per cent grade for a distance of ½ miles from Lake Louise depot to the Chateau. Canadian Pacific forces are ... and electricity and delivering material in the site.

The new hotel, when completed, will contain 400 guest rooms, accommodate seven hundred guests in a fireproof building with every modern convenience, and one of the features will be the magnificent view of the lake and the grouped mountains surrounding it from the lounge, rotunda, luggage room, writing room, ... dining room, ballroom, ... floors, parlor floors windows, which feature the wide ... A Romance of the Spanish Main by
CAPTAIN BLOOD
RAFAEL SABATINI

"CAPTAIN BLOOD," a Vanguish picture with J. Warren Kerrigan in the title role, is an adaptation of the thrilling novel.

SYNOPSIS

Peter Blood, a young Irish physician, is found on the beach at Barbadoes by his future friend, Jeremy Pitt, and taken to the home of Arabella Bishop. He is accused of treason against King James II. and is sold into slavery. He escapes from the island with a group of other prisoners, and after a long voyage, in which he suffers many hardships, he arrives at Port Royal, Jamaica, where he is welcomed by Governor Lynch. Peter becomes a wealthy planter and is the guest of honor at a ball given by Governor Lynch. Arabella Bishop is also present. Peter has fallen in love with her, but she has scorned him. Jeremy Pitt, who has become a pirate, arrives at the ball and tells Peter that he has a ship and crew waiting for him. Peter tells Arabella that he is going to sea, and she begs him to take her with him. He refuses, but she secretly boards the ship. Peter discovers her and tells her that she must remain on board. Peter and Jeremy Pitt capture a Spanish ship and Peter takes command. Arabella is put in charge of the ship's cook. Peter and Jeremy Pitt capture a Spanish ship and Peter takes command. Arabella is put in charge of the ship's cook.

Pool Meeting Well Attended

Addresses Given by Mrs. Field and Mr. Love on Dairy and Egg and Poultry Pools.

A well attended farmers meeting was held at the Variety Theatre on Saturday afternoon.

Geo. Abernethy occupied the chair and in a few well chosen words introduced both speakers, Mrs. Field and Mr. Love.

The meeting was called to discuss the pooling of farmers produce for the purpose of sale and the speakers dealt with the dairy, and poultry and egg pools.

Mrs Field in opening said she was not a platform speaker but was willing to do all she could to help get a best better conditions for farmers and farm women. She could not help saying something regarding organization. When she came here and saw such a live and strong local she was much surprised to find no U.F.W.A. Other organizations did good work, but after all, the U.F. W.A. was the farm women's association. Mrs. Field then went on and gave a very interesting address regarding the pooling of poultry and eggs.

Mr. Love addressed the meeting regarding a dairy pool. He said that the farmers did not get out enough. That 365 days a year of work produce an acreage, made it wise to get out more in a while to discuss marketing it. For several Saturday afternoons members of the legislature and others were taking different lines and holding meetings at most points on them. Some of the meetings were well attended and others were not. It was not much use talking to experience, unless the farmers were willing to take hold. Quite a lot had been said and written regarding Denmark. Denmark had one of the foremost co-operative dairy systems in the world. It had been built up gradually, until now it was governed by very strict regulations regarding the quality of the product marketed. The Alberta pool would be a voluntary pool. The Danish Government stamp was the best guarantee there was regarding the quality of a product. Not so ours. We lacked scientific marketing. We can do the producing. He was of the opinion there was a demand for co-operation but there must be unity. The low grading have had in the past few years increased the quality of Alberta butter 200 per cent. For years Alberta butter had been quoted 4c. less than New Zealand. Last year a shipment of Alberta butter sent by the creameries and sold at the same price and more was called for. In cent 2½ cents a pound to ship Alberta butter to London as against ¾ of a cent a pound from Denmark. The Danish market the same amount of butter every month and we grow everywhere erratic shipping. During the past three years there had been an increase of 100 per cent in butter production, and there was no doubt but what Alberta was destined to become a great dairy country. The farmers of Alberta had been making the land too long, and must turn to mixed farming. The speaker quoted organization in British Columbia and stated that unorganized Alberta dairymen were the greatest menace to the B.C organized dairyman.

He said that the meeting had included a few small pool, dairymen our its agenda, but as this local had already taken action regarding this nothing much further could be done at present.

HOUSE DESTROYED BY FIRE

On Saturday afternoon while Mr and Mrs. Hingston were in town their house with its entire contents were burned to the ground. The cause of the fire is unknown and it occurred as Mr. Hingston states that there was no fire in the stove.

The loss is particularly heavy as all Mr. and Mrs Hingston's personal effects including silver, jewelry and clothes were destroyed.

Mr and Mrs. Hingston came out from England a year or so ago and purchased a farm east of town and it is greatly to be regretted that this calamity has befallen them.

We understand the Women's Auxiliary of the Anglican church will shortly hold a shower for them and we also understand that a shower will also be held by the U.F.A.

CURLERS' DANCE

The curlers staged a dance at the Variety Theatre on Tuesday night (St. Patrick's Day) There was a splendid attendance and by all reports, it was one of the most successful social events of the season. T. Reeves of Strome was present and started to dance a Highland fling, when Mr. Hannan senior told him the day was Irish—he promptly changed to an Irish reel without losing a step. All jokes aside, it was a good dance and everyone had a good time

Sports Night Monday

A sport night is being staged by the hockey club. They treat you to be there. There will be oodles of fun and frolic and the entertainment provided will be well worth the price of admission. There will be several new stunts and you will really be missing something if you do not go.

Furthermore the hockey club needs the money. During the winter the boys play hockey to a great extent for your entertainment. They take the bumps and bruises with a smile and skate out the next time to turn in a win for Tofield. The board of trade is not a penny in debt and it is not asking too much of the general public to turn out and help the boys to pull out of the slight financial depression they find themselves in. Don't forget, Monday is the night

The C.G.I.T. are holding a silver tea on Saturday, March 21st, in Mrs. Letourneau's store (next to the Dominion store). Come and have a good cup of tea.

Stone Bros. are the new Tofield barbers. They hail from Ragian and are fully experienced members of their craft They expect soon to put in several innovations, and the Mercury wishes them every success.

The Women's Catholic League held a very successful tea on Saturday. A good many dropped in for a cup of tea and lunch and every treated liberally. It was a financial as well as a social success.

AMISK CREEK

Bambi Tigers played the Shanty Senators a game of hockey on the ice on Thursday of last week. The game was 3-0 in favor of the Senators.

Quite a number of Amisk Creek farmers took in the sale at Luther's last Monday

Clara Amelse visited friends and relatives in Bardo last week.

Mr. and Mrs. John Rud move new moved to their future home.

Mr. E. A. Moen sold his cattle and hogs in Ryley last week. He did not have enough to ship to Edmonton this time and he obtained a fairly good price in Ryley.

Three among any visitors since last Amisk Creek news, are: A. Reich daughter-in-law shed stacks cattle are and R. O. Berg. E. A. Moen and daughter Edna spent the week-end with Mrs. Moen who is staying in Edmonton, taking treatments. Reports are that she is improving in health.

Sylvo Strand who has been slipping at R. O. Berg's mill is hosting for Vancouver shortly. He will join his brother and they expect to warn together the spring and summer.

Miss Lillian Moore of Beters Lake and Mrs. Hingston who so suddenly lost their home by fire last Saturday, a couple of days last week.

KINGMAN

Mr. T. Cochran is on the sick list, and Dr. Nordbye of Camrose was called on Monday morning. Mr. Cochran is in a state of coma or sleeping sickness, and being a little over eighty years of age, it is very doubtful if he will recover. He fell asleep on Friday evening, and to date he has not awakened yet.

Mr. and Mrs. Carl Larson of Tofield visited Mr. and Mrs. Roy Melvin over the week end

Rev. Sollanis held a service in the Kingman Lutheran Church on Sunday afternoon. A fair crowd attended the service.

Mr. Olaf Johnson was a visitor in Camrose on Monday.

Mr. Sam Friend and his little daughter visited Mrs. Friend in Camrose, who is confined to the hospital there.

Mrs. Hans Simonson of Edmonton is visiting her father, Mr. Orvehen who is seriously ill.

A young people's society was organized in the Kingman church on Sunday evening, March 15th. Miss Mabel Simonson was elected president and Hans Benson vice president. The program committee are Mr. J. A. Bair, Mr. Holden Svenson, Mr. Malfrid Benson and Miss May Welch.

News From Our Country Correspondents

Pie Social Postponed---Plowing in February - C. Mitchell and Nurse Willans Married at Gladbrook, Iowa.

RETHERMONT

On account of the cold and bad roads the pie social has been postponed indefinitely.

The Tuxis boys, Trail rangers, Mr. and Mrs Hingley, Mrs. Foster and son and Mr. Kendall, accompanied Rev Watt out from town for Sunday services at the school house, the Tuxis boys taking charge of the service. We appreciate them coming out and hope they will come again.

The regular monthly meeting of the Missionary Society, will be held next Wednesday, March 25th at the home of Mrs. Wm. Lee. All are cordially invited.

Mr. Chester Coombes returned home last Wednesday after several weeks spent in Portland, Oregon.

Mr Henry and son, Albert, returned home from Boscoe, Ont., after several weeks visit with friends and relatives.

Mr. Chas. Whillans went to Edmonton last Thursday to visit his brother Bert and wife who were on route from Colorado to their home in Peace River. Mr. Whillans is very much prolonged illness.

Mrs. Vera Hall was taken very ill on Saturday night at the Coombes home. She was taken to an hospital in Edmonton on Sunday night for an operation for appendicitis.

Miss Bessie Owen visited with her friend Mrs. L. Redabaugh on Thursday afternoon.

Mr. and Mrs Herman Lawson were on the Mrs. Redmer Tofield on Sunday.

Mr. Glenn Sutton who has resided there the past two years, are moving he form recently occupied by the Ivy family.

Mrs Chas. Whillans received word last week of the marriage of Norma Willans, formerly of Tofield, and Mr. Clarence Mitchell on March 2nd at Marshalltown, Iowa., they are residing at Gladbrook, Iowa, for the present. Friends of both parties will be glad to hear from them and extend congratulations.

Mr. Ed Ingram and Master Lloyd son of Mrs. Ed Cookson, were guests at tea on Tuesday evening from the hospital in Edmonton

LINDBROOK

There is quite an epidemic of "flu" around here lately, not virulent enough to make anyone that has it very uncomfortable, some of the symptoms resemble bronchitis. However the illness runs its course in less than a week as a rule and most all seem to get a check of it sooner or later. Last week the attendance of the school was very low, but this week nearly all the pupils are on the job again.

A bunch of bulling were was unloaded here last week for J. D. Hanson, who is now understood bulling has on Mr. Winchcraft's farm here.

Mr. Tracy returned some time ago from hospital in Edmonton, where he will locate this winter suffering from frozen feet. He arrived back here still using crutches but has not suffered any amputation, just some skin being grafted onto his hand. He is staying with Mr. and Mrs. G. Westabe here.

Nurse Lily is the mother of invention, so they say, so read this these if you who have coals of hay under the snow and need it for feed. Mr. Roy Foss has solved the problem of extricating these coils with a minimum of effort on your part; we wont mention the name; Mr. Foss not broken his toes onto a plow and shove right under them he says that it turns them clean over and ready to gee up, after once we knocked the two boys off. If you cannot see the coils of course it is a horse of another color, but it is worth a trial if only a least that you're pleased in February or so to say.

Mr. Fergus Lewis was down this week from Edmonton visiting his relatives and friends here. Mr. Glenn Sutton who has resided there the past two years, are moving he form recently occupied by the Ivy family.

Mrs Chas. Whillans received word last week of the marriage of Norma Willans, formerly of Tofield, and Mr. Clarence Mitchell on March 2nd at Marshalltown, Iowa., they are residing at Gladbrook, Iowa, for the present. Friends of both parties will be glad to hear from them and extend congratulations.

Don't forget the church services at Lindbrook School on Sunday March 22nd. Usual hour in the afternoon.

FARM MACHINERY

The time is near at hand when hours will become precious to the farmer. Every hour saved is literally so much money gained. Worn out and broken machines are time wasters and it frequently happens that a new machine will pay for itself in one season by the time saved. Look over your machinery now, and put things in shape for the first day of spring work. Whether you need a whole new outfit or a small part for a machine you already have, we are able and will be pleased to serve you.

Canada Must Fight Geography

May Soon Control Cancer

Dr. Mayo Is Hopeful That Menace May Be Successfully Treated

Dr. Flint H. Mayo, of Rochester, Minn., one of the country's leading surgeons, told the Philadelphia Forum in an address that he believes cancer would be easily controlled within a few years.

By that, Dr. Mayo said he did not think that cancer would be cured, nor that it would be eradicated, but that it would be more amenable to treatment and that in the meantime would mean a rapid decrease in it. He believed, he said, the theory of cancer is caused by an organism, a germ, and on the Mayos' ranch [illegible] which is often [illegible] cancer [illegible]

A Creed for Editors and Publishers of Weekly Newspapers

BY WILLARD GRosvENOR BLEYER

Director Course in Journalism, University of Wisconsin

[The following creed was presented before the editors and publishers of Wisconsin at the mid-winter meeting of the Wisconsin Press Association, February 6th, 1925.]

We believe that journalism is an honorable profession, essential to the welfare of society.

We believe that the success of democratic government depends upon sound public opinion, and that the newspaper should aid in creating and maintaining public opinion by publishing significant news and editorial interpretation of news.

We believe that newspaper writers and editors should be adequately prepared for the great responsibilities of the community, the state and the nation.

We believe that a newspaper should publish the truth, the whole truth, and nothing but the truth concerning all matters of importance to readers as citizens of the community, the state, and the nation.

We believe that a newspaper that goes into the home should publish nothing that cannot be read aloud in the family circle.

We believe that news of crime, scandal and vice should be presented in such a manner as to deter readers from attempting to imitate the criminal and the vicious.

We believe that all persons and all organizations entitled to fair play in the columns of the newspaper.

We believe in the right of privacy of individuals except of public concern.

We believe that no propaganda or publicity matter should be published unless it contains information to which readers are entitled, and that whenever such material is printed, its source should be plainly indicated.

We believe that editorials should present the truth as the writer sees it, uncolored by bias, prejudice or partisanship.

We believe that neither the business interests of a newspaper nor any outside influence should interfere with the publication of the truth in news or editorials.

We believe that advertisements should be as clean and wholesome as news and editorials.

We believe that rates for subscriptions and advertisements should be sufficient to insure the publisher a fair profit.

We believe that all statements of circulation should give the actual number of bona fide subscribers.

We believe that only such newspapers as maintain the highest standard of truth, honesty and decency in news, editorials and advertisements deserve the support of the community.

TRUE HAPPINESS

HAPPINESS IN our own lives is what we are all seeking, yet we are faced with the fact that there is no more elusive element of life than the pursuit of it.

True happiness and contentment is only found in the way of duty, that comes to us in the daily tasks each of us are called upon to face. Happy is the man or woman who's work inspires them with the dreams of usefulness, and it is in the daily tasks that our lives are moulded and rounded to a successful finish.

A great deal of unhappiness and anxiety comes to each of us, because we attempt tasks that require the experience of years of toil and study. The weakness of our present day system is the prevailing thing to grow too fast to learn in a month or two, which should require years.

Thus we have many failures, many lives disappointed and all because we started too soon, with a limited knowledge of our work. Preparation is the great road to prosperity and happiness. No matter what we plan to do, or what vocation we follow, it will save us many heart aches and sorrows in after life, if we take sufficient time in our youth, to lay well the foundations of our life's work.

Never be content with any piece of work where you have not put into it the best you have to give. Life demands of us the best we have, and as time goes on, we will find she is a relentless mistress, paying us only what we are worth. We are the architect of our own fortune, and as we plan and build so will the finished product of our lives, present itself to the world.—S.S.

MANUFACTURING AND MARKETING

After your cream is manufactured into butter, it is then necessary for us to find a market for it. To find the best market is not always the simplest of tasks, it requires judgement and experience. We search out the very best market possible at all times. In doing this we are serving your interests as well as ours, as the more we can get for our butter, the more we can pay you for your cream.

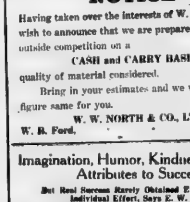
Imagination, Humor, Kindness, Athletics Attributes to Success

But Real Success Rarely Obtained Except Through Individual Effort, Says E. W. Beatty.



"There are many essentials to success, the relative importance of which is debated by men who have played a great part in a man's life, but in the main, real success is probably rarely obtained except through individual effort," declared E. W. Beatty, addressing the students of Lower Canada College recently. E. W. Beatty, chairman and president of the Canadian Pacific Railway Company, is also an ardent athlete and advocate of the doctrine that "cleanliness is next to godliness" and that "righteousness is exaltation."

"Some seem to think," he said, "will proceed from here to a university and into a profession or maybe without the university into a profession, and you will want to know what perhaps you would not mind my opinion on some of the things that I have observed that have been helpful to me.

"At the outset, certain qualities are mentioned to you because they are admirable in themselves. There are many and I can only mention a few, such as truthfulness, courage and self-reliance. Couple it with moderation—that last characteristic—and you have a combination of business and every day sterling ability.

"Some learn by a word, by copy or example, which has a profound effect on them, while with a boy's or a man's temperament, it takes a blow to bring it home. Perhaps you may think that you need to think, study and analyze your character in order to win, but it will not make you anything. This is a result which must come from your own effort. Do your own thinking. Advice and counsel with others, especially older and more experienced people. Mental secretes, is just as good as athletics if you are later to take your place in a contest where judgement and keenness are your chief equipment and not physical powers.

"The last quality I am going to mention which will help you to success is common honesty," Mr. Beatty said. "Your own success will generally be rewarded by a kindly and helpful attitude. Remember that you will go much further through the good will of others than you can possibly go by climbing over somebody's back."

Lake Louise From The Air

Here is the first photograph ever taken from the air of Lake Louise, the Rocky Mountain gem that has defied description by artists and poets alike. The picture was taken on the early 5 o'clock. In the foreground Chateau Lake Louise is in the background, ten miles distant, Victoria Glacier and Mount Victoria. But would it not be more fitting to push begins?

Five Bushels Per Acre More In Production Is Possible Within the Next Ten Years

R. S. Archibald, director of experimental farms in Canada, told the members of the University Club of Ottawa recently, that a five-bushel per acre increased production of wheat in Canada is possible within the next ten years. This would add to the value of Canada's yearly production, he said, that within the next 10 to fifteen years, science may increase the value of Canada's agricultural products by from $50 to $60 and $70 dollars a year.

Mr. Archibald also explained that it was possible the output of milk for a single cow could be increased by 1,000 pounds a year. This would mean an added revenue to Canada of fifty to million dollars a year.

The address was an earnest plea for sympathetic consideration on the part of city men for the problems of the farmer and for the work that is being done in the way of experimentation to remedy the

Mr. Archibald said that agriculture is still Canada's newest industry, although, which supports one-half the population and contributes a little over one-half the supplies from all the industries of the Dominion. It is responsible for industrial and commercial well being to a great extent, as those on the top manifest.

The last year there were more than 200 passengers, including a party of eight from the representatives from Canada to the Empire Exhibition, at the 1st Royal Dukes

Sites in Manitoba

Largest Number Have Been Built Below the Ground

There are 1,634 sites in Manitoba according to the annual report of the department of agriculture. Of the 1,634 sites 1,000 are situated in this province which is the largest number of any province. The Red River district has most specialized in dairying, takes the lead in numbers, with Morden and Killarney running a good showing. There were 68,178 acres under corn in 1924, an increase of 4,000 acres of sunflowers. Yields per acre were 6.23 tons of fodder corn and 19.7 tons of sunflowers.

Alberta Sugar Plant

Construction to Commence at Once on Medicine Hat

It has been officially announced that the Dominion Sugar Company, will commence construction at once on a premises adjoining the Canada Glass Co. and will be ready to slice beets by next October. The announcement of the house, with a production of between 10,000 to 20,000 tons, has been made by Irrigation Commissioner Bond of the Alberta province. Two more factories will be erected in Southern Alberta if the Raymond plant proves the success expected.

Canadian Experts to Germany

Nearly 100 Per Cent. Increase in Past Three Years

There has been a steady expansion in Canadian exports to Germany since the war, according to a bulletin issued by the department of trade and commerce, and during the last three years the rate of increase has been nearly 100 per cent. a year. The imports from Canada to the latter country for the twelve months ending December, 1924, totalled $23,109,000 as against $12,536,000 and $6,000,000 in the corresponding periods of 1923 and 1922 respectively.

Vancouver Grain Port

Additional storage facilities to exceed 1,000,000 bushels of grain are being provided at No. 1 elevator at Vancouver

Additional storage facilities to exceed 1,000,000 bushels of grain are being provided at No. 1 elevator at Vancouver, according to a statement made here by R. L. Boutte, harbor commissioner. At the beginning of the shipping season, Vancouver will have accommodation for 7,000,000 bushels of grain, he said.

Two Reel Comedy "The Orphan"

Here and There

In comment on Mr. Bow's further sum of $2,000,000 for consumption to be contributed by the Canadian legislature this session, it is a hopeful sign to see the hearty to action we are becoming accustomed. Government has government given a sum of $1,000,000 here. It will be raised to $3 on a c. The province spent $30,000 in this way in the last fiscal year.

The amount of butter exported to Japan through Vancouver during 1924 was nearly twice that of 1923, according to figures compiled by the Japanese consulate at last point. The export shows that in 1924 the quantity was 477,464 pounds, as compared with only 299,806 pounds in 1923. Total exports to Japan to the same destination last year amounted to 2 683 pounds, as against only 40 in 1922.

A recent analysis of immigration according to occupation of immigrants arriving in Canada since 1920 shows a steady increase in the ratio of agriculturists and domestics, toward all classes. For 1921, the figure was 35 per cent. It was 44 per cent for the fiscal year and ing March 31, 1922, 47 per cent for the fiscal year 1923-24 and 51 per cent for the nine months Averl to December, 1924.

One of the outstanding features of the Grain Commission Board's report for the season 1923-24, was the rebate paid to the excellent service rendered by the Canadian Pacific Railway in handling the western crop. Though the company handled 180,000 cars of grain, it received only six complaints about lack of cars from the railway commissioners combined. In 1923-24 with an even larger number handled, there were only eight complaints

Orchestras from the Canadian Pacific steamships "Empress of France" and "Empress of Scotland", when they arrived recently at New York and when sailing from that world and Mediterranean cruises which the company directs annually, that post broadcasted through WZX a forty five minute programme of selected Scots, English, Welsh, Irish and Canadian airs, while the "Montreal" on her return from the company's cruise to the West Indies, broadcasted British and Spanish music through WJY of New York.

Information furnished by J. Frank Caldwell, packing contractor and general merchant, shows that during the 1924 hunting season, parties secured 12 moose, 20 caribou, 20 bear, 31 elkmen, 16 black bear and 31 grizzlies in the Telkwa Creek district of British Columbia. Of the caribou, the largest, that by J. J. Sarvet, of Brockton, N.Y., has a spread of 47 inches, the 39½ inches long and has 37 points. The largest sheep horns were 41½ inches long, with a spread of 31 inches, and were secured by A. D. Stewart, of New York.

The third annual Eastern International Dog Sled Derby, run at St. Quebec on February 15, 20 and 21, was a tremendous success. Twenty-two members and their teams from many parts of Canada and the United States competed over the 130-mile course, the race to be won by Emile St. Goddard, of La Pas, Man., who also won the year's derby at that place. The last day's lap was run through a blinding snowstorm, which gave the thousands of sports visitors from Canada and the United States who witnessed it, a vivid impression of normal conditions experienced by

Sports Night-- Plenty of Fun

The sports night staged by the local hockey club on Monday night last was fairly well attended and there was plenty of fun.

The evening opened with a youngsters broomball game and the way they went after the ball, certainly was not slow.

This was followed by a hockey game between the ladies' team, or the curlers, and the Trail Rangers, who had charmed playing the trail rangers. The game was fairly even, but the youngsters were too agile for the girls and won out by a good margin.

This was followed by a comedy broomball game, in which Jim, Hannan, attired as a lady, made a decided hit, as also did Mr. C. Hammond in comedy costume. Mark Ferguson caused the crowd to roar with laughter by his comedy antics on skates. Mark was a little weak as a speed skater but was positively brilliant as a tumbler.

This was followed by a hockey game between picked teams, Archie Prude starting at centre for one and Jack Lane for the other. The game was fast, and while only a friendly had plenty of speed. The score was a tie. L. Scott refereed.

On the night's endeavor the hockey club made some twenty odd dollars which will go quite a way towards making up their deficit.

ANNUAL MEETING OF CURLING CLUB

The annual meeting of the Tofield Curling Club was held at M.C. Hammond's on Tuesday evening. The financial report was read and adopted. The following officers were elected for 1925—6:

Hon. Pres., H. A. Bonk; Pres 1st B. Elliott; 1st vice-president, J. W. Chapman; 2nd vice-president, Jr. Mr Clurg; Secretary, A. B Chatterton.

Executive committee, J. D. Hannan, M. C. Hammond, John Lee, Geo. McLaughlin, W. C. Swift.

A hearty vote of thanks was accorded M. C. Hammond for services as secretary during 1924—5.

A picture of more than ordinary interest is to be shown at the Variety on Wednesday and Thursday, April 1st and 2nd. Douglas Fairbanks will be seen in that picturesque character, Robin Hood.

The local Tuxis boys played a Ryley hockey team at the Tofield rink on Saturday last. The score was 6—1 in favor of the locals.

News From The Country

LINDBROOK

The recent outbreak of "flu" has somewhat abated in Lindbrook; it is about time too, for nearly all have had a taste of it. School was closed the latter half of last week, on account of the teacher, Mrs. Leahy, being down with this fashionable illness but we are glad to state that Mrs. Leahy was on the job again on Monday, so presumably she has recovered.

Mrs. T. Porter is in hospital in Edmonton, so we hear, suspected appendicitis. We hope to hear soon that she is back home again, as well as ever

Mr. Bert Innes was busy around here this week with his wood sawing outfit.

Mr. Reuben Rogers left this week for B.C. where he is going to work awhile. Rosh is quite a worker, so don't think we mean "work for a while" as anything different from his usual custom.

Mr. Asa Rogers was down over the week end visiting his family here.

Mrs. D. A. Cleaver was a visitor to Edmonton this week, as was also Mr. Bert Innes.

Divine service was held in the school last Sunday. The service was conducted by the Rev. R. H. Thatcher. The attendance was good. The next service will be on Palm Sunday, April 5th at 2:30 p.m., so be sure to come.

The last few days warm weather has shifted a lot of snow, and several gophers have been seen; so we all hope that Spring has at last decided to make its debut.

KETCHAMOOT

Born.—To Mr. and Mrs. Sam Sirrils, at the Camrose hospital, a ten pound son on March 21st.

Miss Mildred Lawson spent the week end visiting her sister, Miss Mabel, at Camrose

Miss Jean Dickson spent the week end at the home of Mrs. Henderson

Mr. and Mrs. Geo. Cochran and little daughter Helen & Mr. Martin—McCauley visited with Mr. and Mrs. Hugh Mitchell at their home last Wednesday.

Mr. and Mrs. Chas. Whillans were guests of Mr. and Mrs. Currie of Bardo on Sunday.

The Williams family is under quarantine for scarlet fever. Gordon the youngest boy is the patient.

Mrs. and Mrs. W. A. Mitchell and daughter, Mr and Mrs. B. Widman and daughter, Miss Dickson and Ed. Ingram were guests of Mrs. Henderson for dinner on Sunday.

Miss Bessie and Earl Owen were visitors at the Boness home in Kingman on Friday evening.

Mrs. Bateson, mother of Mrs. C. Coombes has been spending the last few weeks with her friend, Mrs. P. O. Mellor of Ketchamoot.

The estate of the late Clinton Hall was auctioned off on the farm on Friday. A large crowd turned out and buying was brisk.

Mr. and Mrs. W. A. Mitchell entertained a few friends on Sunday evening in honor of Mrs. Jean Dickson's birthday.

Mr. and Mrs. John McGinnis returned home last Thursday evening. Mr. McGinnis was away for a year visiting relatives in Calderwin. Mr. McGinnis visited with her parents in Montana for a few months. They were welcomed home in the evening by a charivari party, a very pleasant evening being spent by those present.

BARDO

Born.—To Mr. and Mrs. Ezra Yeoder on March 15th, a son.

There is also a little son at the Axel Kindley home, born March 23rd.

Mr. J. Brunneman is putting buildings on his farm, south of Salem Church. Last Thursday while several men were at work on one of the buildings, a scaffolding gave way on which four men were at work. Mr. Selby is with them in their sad bereavement.

Miss Lillian Mosure of Round Lake who has been visiting with Mr. and Mr. Grake, returned home on Saturday.

Mr. E. Johnson of Norway is holding evangelistic meetings in Kingman for a few days.

Mrs. Oscar Thompson and daughter Mary, made a trip to Ryley last week.

Mr. and Mrs. R. T. Severson of Ryley made a trip to Kingman on Friday.

The Kingman school will hold a concert in Severson's hall on Friday, April 2nd. The object of this concert is to raise money for the school athletic equipment. Refreshments will be served after the show. Everybody welcome

Mrs. Jack Erickson is visiting friend in Edmonton for a few days.

Mrs. Nicholson of Ryley visited her daughter, Mrs. Oscar Thompson a couple of days last week.

Mr. Hans Severson and son of Edmonton attended the funeral of Mr. Ovrison on Sunday.

Mr. and Mrs Ed Johnson and son were the guests of Mr and Mrs. Harry Coykendall on Sunday evening

Mrs. F. Rodmansky spent the week end in Edmonton.

CARD OF THANKS

Mr and Mrs. Hugh Mitchell wish to thank their many friends for their kindness during the illness and death of their daughter Helen.

CARD PARTY

The home of Mr. and Mrs. H. T. Rands on Tuesday evening was the scene of a delightful card party. Five tables were present, where they are being treated for measles.

Mr. and Mrs. Prayer who live one mile south of Tofield, took little daughter to Edmonton the first of the week. She was suffering from appendicitis, which each guest was asked to tell a funny happening in childhood days. It being such a long time back, some had to think twice, but it proved an enjoyable event, before leaving for home, and singing "For she's a jolly good fellow," and songs were continued all the way home.

U.F.A. Debate Much Enjoyed

On Saturday afternoon last at a meeting of the Tofield Local of the U.F.A., a debate on co-operative banking was held. For the affirmative there were, in order of speaking, R. W. Pincott, Mrs. Bagnoles and Mr. Francis; for the negative there were Mrs. Ferguson, Mr. Piper, and E. Beale. Chas. Abernethy was in the chair, and Mrs. Gray, Rev. Watt and W. Worton acted as judges. The system of judging used, was each judge marking a score card for each debater on subject matter, delivery and department and successful refutation. A certain number of points were given each debater on a basis of 50 for subject matter and 50 each for the other two. Each judge filled in his card without consultation and at the close of the debate it was found that the affirmative had won by 10 points—a very close decision.

W.I. NOTES

The wheat drive given on Tuesday night was fine. Thanks, folks, for your support. We surely appreciate your presence, and especially so many coming from the surrounding district. We thank you, one and all. Everyone seemed to have such a good time, and voted for another, so we so; putting in another one on Friday, April 3rd, at 8:30. We'll have lots to eat and tea and coffee in abundance. The prize winners on Tuesday were, Mrs Chas. Kallal and Mr. Ed Kallal, first, Mrs Will Roberge and Mr. Jack Clemmons 2nd, tie. We always give good prizes, so come Friday, April 3rd and get one. The prizes may be seen in the window of Taylor's store.

The regular social meeting will be held on Tuesday, April 14th. We are going an instructor for a sewing class April 20 to 23, to be held in our rooms. This class is limited to a certain number, and the W.I. members are to have a chance to join, but non members are welcome to come as well at all times and the fee is but 25c a day. The sewing course is free.

CARD OF THANKS

Mr and Mrs. Hugh Mitchell wish to thank their many friends for their kindness during the illness and death of their daughter Helen.

Charges are Moderate The Latest and Best Grade of Supplies are Used

FARM MACHINERY

The time is near at hand when hours will become precious to the farmer. Every hour saved is literally so much money gained. Worn out and broken machines are time wasters and it frequently happens that a new machine will pay for itself in one season by the time saved. Look over your machinery now, and put things in shape for the first day of spring work. Whether you need a whole new outfit or a small part for a machine you already have, we are able and will be pleased to serve you.

M. C. Hammond

Perhaps you are using good tea. We think "Red Rose" extra good. Won't you try it?

RED ROSE TEA "is good tea"

The same good tea for 30 years.

A Winning Fight

In no case but health and combatting disease is to get a majority as people will readily admit the old adage holds true and that an ounce of prevention is worth a pound of cure. The trouble is that while time is constantly passing and people in general do less than one-tenth of what they know and they ought to do if they did there would be far less sickness and disease, fewer deaths and consequently less physical suffering all of which would tend greatly to the financial gain in the State and to the individual citizen and thereby increase the productive power and prosperity of the world.

Again, while people generally agree that preventive is better and cheaper than cure, whether it be in the matter of health or fire, or war, the time majority remains rather than on the subject with the result that there is practically no expenditure or investment in the taking of precautionary measures but at the same time are quite prodigal in spending money to cope with a crisis when once it precipitates itself upon us. Hence the old proverb, "A stitch in time saves nine" and a much smaller expenditure.

Let us illustrate a syndrome as it occurs here and we begin operating through a community and the people still grow at the rate of 3 per cent per annum. If although the may have year after year refused to vote a comparatively small sum which would have removed the nuisance when finally removed it cost a quite sum. There are hardly any epidemics in Canada over the pitting up of a War debt of many billions of dollars but there is now evidence of an optional expenditure of a many hundreds or thousands as Canadian communities have to waste the most at the administration of the League of Nations in its endeavors to prevent future wars by removing causes for them.

It is necessary, therefore, in being to the attention of all people as far as possible the decided gain for in economic everything from the standpoint of proper use of material as well about and as recommended by Governments, Federal Provincial and Municipal. It is in the interest of all that all citizens should in this article be more reasonable than the people of recent years in the material products and also use.

Take cognizance as an example. There was a time within the memory of most people when this disease was quite common and the death toll very high. In the city of Montreal in 1885 smallpox was the cause of 3,164 deaths that year, but the yearly average of that rate was reduced to a very small number than throughout Quebec with the result that there has been no prevalence of the epidemic on the scale mentioned. Vaccination was introduced as a preventive measure and at times when there was a threatened outbreak of smallpox in Edmonton, Montreal, and on some occasions other cities and local towns have terminated it practically at once by the application of vaccination on a large scale. Where vaccination was not performed it soon developed into an epidemic. In the case of scarlet fever, diphtheria, typhoid fever, etc., the same principle applies, namely preventive measures. Keeping people apart, isolating the sick, and in the case of typhoid fever, the proper disposal of excreta. Typhoid fever is a disease that is largely preventable. Many cases are due to flies carrying infection from the excreta to food. Screening of houses and the proper disposal of excreta would greatly reduce the number of cases. Typhoid fever is largely a disease of the country districts, and in the cities where the water supply is pure and the sewage disposal is properly looked after, the disease is practically unknown.

Consider diphtheria, once a dread disease, and still all too prevalent in the cities of people of proper precautions. Give a child only a few days' isolation in the case of a case of diphtheria in the family and the chances are that the child will escape infection. Consider the question of the better still is to immunize against it. With toxin-antitoxin as they will not contract diphtheria and it is now practically established that through toxin and anti-toxin we can prevent and almost eliminate it.

The remedies quoted [illegible] are preventive measures which are [illegible] in North America, has been proved by the experience of the past. These have accomplished almost entire, by human intervention, by stopping the cause as quoted above and thus destroying the [illegible] the disease or [illegible] it altogether.

The total absence of [illegible] in cities [illegible] and [illegible] communities has well-nigh [illegible] as the people generally [illegible] to be all [illegible] in such cases without the slightest [illegible] or [illegible] being [illegible] [illegible] [illegible]

DEBATING

THERE ARE two sides to every question and the really well informed person is as conversant with one as the other. We know of no better way to become informed on a subject than to listen to a good debate by speakers who have given the subject study and mastered their plan of action. Therefore it is with pleasure that we note that the U.F.A. have adopted debating as a means of entertainment and education. It is rather late in the season for an innovation of this kind but the seasons pass quickly and another—dare we say it—winter will come. Then we hope to hear entertaining and instructive subjects threshed out to the benefit of all.

The debate on Saturday was a distinct success. There was a feeling among those present that the judges should have offered some kind of constructive critism. While there is nothing to prevent this being done, providing the judges are asked with the full concurrence of the debaters, the audience should get its entertainment and instruction from the debaters. If there is anything pertaining to proceedure to explain, this is the chairman's task. Some debates are very keenly contested and to criticise a debater, who has perhaps, spent hours of study on debating as well as the subject in hand, is to invite an argument. The main object of debating is to bring argument and discussion down to scientific principles.

The British House of Commons laughed down, during his maiden speech, Lord Beaconsfield. In after years he was a master orator, and the very men who laughed him down, later listened spellbound by his oratory. Excellence in public speaking is only attained by practice. There are "natural talkers" of course, but a good public speaker is more than that. To be able to say the right thing at the right time, requires study and practice and there is no better place to obtain proficiency than the debating platform.

JOKES

ONE THING experience teaches a small town weekly newspaper man is that it is neither profitable or pleasant to insert jokes upon his neighbors. Say something funny to an individual and you are greeted with laughter and hailed as a good fellow. Put the same thing in the paper and the construction of a cyclone cellar is advisable. Yet the requests for jokes on people to be inserted are fairly numerous and covers a wide range of subjects. One man, not so very long since, asked us in all sincerity to put in a joke on his wife because she had got up in the night to quiet a restless child. However, no matter what the joke is, or whom the person, the last analysis, the editor gets the blame—for what it remains to. Therefore perhaps it is not out of place to say that we never put in a slam of any kind on a person in private life and very rarely on one in public life. Any joke that has ever been inserted in the Mercury has been written "mighty" enough so that any person could see that it was meant to be a joke, and more often than not has come indirectly from the person concerned.

THE SEED CORN SITUATION

(Experimental Farms Note)

A normal season in our seed corn growing areas, the corn plants mature their seed sufficiently early for it to become well hardened while still on the stalk. This hardening process consists largely in loss of moisture and is necessary in order that corn may go into storage dry enough to prevent moulding of the corn or frost injury to the germ.

Unfavorable weather conditions during the latter part of the past growing season resulted in large quantities of corn failing to dry out or mature sufficiently to produce first class seed. Unless such corn was artificially dried before heavy frosts set in, its vitality is sure to be impaired to a large extent. Such a condition calls for foresight and good judgement on the part of the prospective buyer, foresight in the matter of early purchasing, as seed corn is likely to be scarce, and good judgment in testing the germination of all seed corn bought in order that sufficient may be planted to ensure a full stand.

The present seed corn situation should also cause us to give thoughtful consideration to the question of the variety of corn we intend to plant. On the whole, seed of the earlier maturing varieties is likely to be in better condition than the late maturing sorts. A variety of corn which reaches at least the glazed stage in any district during an average year is therefore likely to be the safest to grow this coming season from the standpoint of the quality of seed that it will be possible to buy. Not only will the chances be better for securing satisfactory seed of such a variety, but the odds are equally good that more actual feeding value per acre will be secured than would be the case with most later sorts.

It would seem to be the policy of wisdom, therefore, for all prospective purchasers of seed corn to 1, buy early; 2 buy a variety that will almost reach maturity in the district concerned; 3, test thoroughly the germination of it before planting.

Here and There

Southern Alberta is to have another addition to its growing list of titled ranchers, according to report. The Duc de Nemours, a descendant of Louis Philippe of France, is about to sail for Alberta to Land and Lady Rodney, to create a ranch at Fort Saskatchewan, and, later, to acquire a homestead near the establishment of the Prince of Wales.

The Nova Scotia Technical College summer school session of the Dominion Council of Scientific Research discrete Nova Scotia to shales to be treated in the mineral, giving fifty gallons of high-grade paraffin to a ton of shale. One hundred million tons of the shale are readily accessible, and vast oil indications similar to those of Colorado and the Western States might well come into being in this province.

"I find general business conditions open but improving through out Canada, and undoubtedly the increase in the price of farm products will be a strong encouraging to the west," said Grant Hall, vice-president of the Canadian Pacific Railway on his return from a recent tour of the Dominion. "Large orders for locomotives shipped over our lines of late to the west indicate that the crop money is now beginning to circulate more readily, which in its turn is a mark of the farmer's confidence in the country."

There was a general increase in all phases of the lumbering industry in Canada during 1923 as compared with the previous year according to the latest report of the Dominion Bureau of Statistics. The average value of the output in that year amounted to $139,894,977, as compared with $114,324,160 in 1922, an increase of 22.4 per cent. In this respect the lumbering industry comes third on the list of manufacturing industries in Canada, with the pulp and paper industry first and the flour and grist mills second.

Passengers aboard the Canadian Pacific steamship "Empress of France," now touring the world had a unique experience recently while visiting Tientsin. Returning from a run out to Kandy, the old capital of the Cingalese Kings and site of the Temple of the Tooth of Buddha, a typhoon of the severest sizes held up by a herd of elephants which, hemmed in a corner side by the jungle undergrowth along the track ahead. This was a feature of the journey which delighted them, of the horrists who were not anxious about missing the ship.

IN AND ABOVE BURNING GAS. Second Driver, a driller employed by Canadian Pacific Railway at Medicine Hat, who was burned about the face and hands when gas caught fire from a spark from the engine of his rig, and he upon flow of 1,000,000 cubic feet per day, as represented in the lower part of the picture.

Struck Wealth of Gas by Accident

JUST thirty-nine years ago, in July, 1883, to be exact, a small crew of men in the employ of the Canadian Pacific Railway, unloaded a portable drilling outfit at Medicine Hat, Alberta, then a little village in the North West Territories, and about 200 miles west of Moose Jaw, on the line of the company. The crew had been sent to Medicine Hat to drill for water and set to work. Little did them men realize that they were about to make a find that was to be the beginning of a wide-spread industry. Perhaps they were disappointed when, instead of the water they were seeking gas appeared in their well, but if they could have looked into the future they would have seen that this first gas well was to be the cause of the expenditure of millions of dollars, the employment, directly and indirectly, of thousands of men, and the opening up of an enormous area stretching from the Peace River in the north to the International Boundary line in the south, and from the Rocky Mountains in the west to the Alberta-Saskatchewan line in the east.

So much interest was immediately aroused over the discovery of natural gas in this well that others were drilled in Medicine Hat, but the results were not gratifying until the year 1890, when gas was discovered in considerable quantity while drilling was being conducted in search of coal, and it was then thought that it could be obtained in commercial quantities in what is now known as the Medicine Hat field, at a depth of about one thousand feet. In 1893 the Tofet deep well was sunk and a splendid flow of gas was encountered, from which the city of Medicine Hat has enjoyed the benefits of natural gas to the present time, with the further assurance of a long-continued supply.

After this the Canadian Pacific Railway, as well as a number of wells for its own use, and other companies followed suit, which was produced ... [illegible] ... there are many ... [illegible] ... disappointment to their promoters. There were times that the ... [illegible] ... became known for ... [illegible] ... petroleum and natural gas are dual.

To-day gas is of importance to be derived from the Medicine Hat field, on which there has been established a large industry, and which is piped to Calgary, Edmonton, Strathcona and other points on the line of the Canadian Pacific Railway. It was in this field that Canada's largest gas well was drilled, producing as has been stated approximately thirty million cubic feet of gas per day, and a number of others of this description. The total length of the pipe lines ... [illegible] ... which have been laid from the Medicine Hat field to supply gas to Calgary, Edmonton and other points ... [illegible] ... Dunmore field has been opened, among them that known as the Foremost field so-called on Chinook Creek. In 1913, the first well was drilled there in search of oil, and at a depth of about one thousand feet, gas in very large quantities was found. Several other wells have been completed in this field, which is now known as the Foremost-Dunmore field. The gas produced in this field is reported to be of the highest grade in Canada, giving to the towns and villages which are supplied with it a most satisfactory supply of gas. As many as three hundred wells have been drilled in Alberta up to the present time in various sections of the province. Not all have been productive, of course, some having to be abandoned on account of drilling difficulties, while others did not yield the final amount of gas to such small quantities as not to be worth the expense of further development. Others were abandoned for more productive fields.

The possession of this natural resource to the ... [illegible] ... Alberta is of enormous value and is by no means to be exaggerated. It has played a big part in the development of the big plant in the province, and has been the means of ... [illegible] ... people themselves to see in it that it is destined to be conserved for posterity.—Canada in Intelligence Question being one ... [illegible] ... nationally important.

Grain supply Cost

The total cost of the rural grain supply commission was $170,650. This information was given to Hon. R. J. Manion, Conservative, Port William, in the House of Commons by Hon. T. A. Low minister of trade and commerce. Press and living allowances paid to members of the commission totalled $13,852, of this amount $5,200 was paid to Harry Hunt $10,177 to J. D. Woods and $10,652 to J. F. Reid.

A Romance of the Spanish Main
CAPTAIN BLOOD
RAFAEL SABATINI
Copyright 1922 by Rafael Sabatini
"CAPTAIN BLOOD," a Vitagraph picture with J. Warren Kerrigan in the title role, is an adaptation of this thrilling novel.

SYNOPSIS

Peter Blood, a young Irish physician who had done surprising things, is decided as a slave to the Barbadoes under Miss Jeremy Pitt in love with Arabella, niece of the military commander at Bridgetown. He heals his fellow rebels run let in an attack on a Spanish ship which had laid the city low and captured it. He aims for the ship, which had been abandoned by the Spaniards. He is approached by a barrister Jeffreys who has a commission and his ship safely hide. Arabella and her daughter Lord Jeffreys governor in Jamaica, is confined to Lord Jeffreys. Lieutenant Brooks fall in with Blood and is required to desert help the ship to Madeira and her brother Edward Pitt is landed at the governor's house. Blood is brought before Lord Jeffreys, who is about to send him to the gallows, when Arabella and Captain Blood who make Madeleine and her brother his guests.

CHAPTER XVI.

The Mutineers

In Torquay during the months before reaching the ships he had engaged Peter Blood had been the most welcome man in the town. Everybody was anxious to be seen him he found himself the object of worship in the eyes of the wild Brethren of the Coast all of whom were clustered on the house or on the water him. It played him in the rare position of being able to pick and choose the crew of the ship he was to command. Blood and the boatswain Hagthorpe, who had been appointed by the Brethren, were busy enlisting men. Within a week they had signed on a hundred and eighty men, and had the ship ready for sea. Another week was spent in careening her, and in taking on board provisions and powder and shot. Then, on the morning of the 24th of September, the ship sailed out of Torquay harbour, and set her course for the Madeiras.

Blood had given out that he was bound for Tortuga, and he had actually intended to call there, but when he sighted Porto Santo, the first of the Madeiras, he changed his mind. He had learned from the prisoners he had taken that the Governor of Madeira was boasting up for the Windward Passage bounding for Tortuga, the island then in the possession of the Brethren of the Coast. The second ship was the great Spanish galleon which Blood had encountered off the coast of Guinea, and which he had driven ashore and fired. Hagthorpe had been appointed captain of her, and had taken command of her with a prize crew. Blood's intention was to capture the Governor of Madeira, and to hold him as a hostage for the ransom of the galleon's treasure.

To satisfy King James's artillery he required a couple of culverins, and a score of barrels of powder. Another consideration was a Levitical physician, and a surgeon. Both these he found on board a very distinguished passenger in the person of Lord Julian Wade who had been taken by his ship many Lord somebody with a mission of some importance and destined for the house of correction. But this did not prevent Blood from treating him with the most distinguished consideration. He had him placed in the cabin next to his own, and he would sit at table with him. He was very interesting to the world. Lord Julian had been a gallant young gentleman in whom existence had not proved by womankind to be a thing of unmixed delight. His wife Arabella Bishop was a young woman and a beauty; and in the house into which Lord Julian had stepped she was a phenomenon sufficiently rare to command admiration. On his side, with his title and position, his personal grace and the charm of a cultured courtier, he bore about him the atmosphere of the great world in which normally he had his being—a world that was little more than a name to her who had spent most of her life in the Antilles. It is not the first wonderful that they should have been attracted to each other before the Royal Mary was warped out of St. Nicholas' Bath could tell the other much upon which the other desired information. Considering how his mind was obsessed with the business of his mission, it is not wonderful that he should have come to talk to her of Captain Blood. Indeed, there was a circumstance that directed her to it.

"I wonder now," he said, as they were sauntering on the poop, "if you ever saw this fellow Blood, who was at one time in your uncle's physiology as a slave."

"I saw him often. I like to him very well."

"To don't say?" and came he boon buddy he?" "And what manner of man did you find him?"

In those days it concerned him for an ex-military gentleman."

"You were acquainted with his story?"

"He told it me. That is why I reckoned him for the cabin furniture rounded in A.D. 962 by a nobleman named Bernard de Bretenay, who talked to give shelter to pilgrims making the way across the Alps to Rome.

But in the minds of most people the hospice is mainly remarkable for its dogs and for the wonderful deeds they have performed in saving the lives of belated travellers. An average week in winter will see the hospice is kept in the hospice kennels, and each is trained in the task of searching for those who are lost in the mountains. Having found them, the animals afford all the help they can, by the licking of face and the other kindly guide them to the hospice or no less help.

Nowhere else, it is said, do dogs that have taken part very by the parish, nor one has been awarded

Lord Julian was rushing to comfort and encourage her

"Destroyed him?" His horrible suspicion leapt to the name on the card of that. He has grown rich. I hear he has translated, and he sold. But Spanish spoils into French gold which is being transmuted up for him in Paris. Destroyed him? Then it is a pity, for such a man is indeed."

"Indeed, he is!" said Lord Julian, and stared at him round eyed, with parted lips. Then added, "M'dear, you're the Encyclopedia of Torquay."

"The name You didn't know?"

"Why, should I? Why should I?"

After a moment he spoke in a voice strangely and pensively reminiscent. "But surely, if this were so, Blood would have been an end to his piracy long before Jamaica. If he loved a woman and was betrothed, and was on the point of marriage, he would have abandoned the desperate life and

"Why, so I thought," his lordship interrupted, "until I found he was in Jamaica. Then I realized that he was still and for his child. And so for the girl. I'm told she's a wild piece, for such a man as Blood. Almost I married that he doesn't marry her and take her away with him. It would be no new experience for her. And I marvel, too, at Blood's patience. He lacked a man to do his work. "He killed a man for her, do you see? Three men were in her," added his lordship.

"True. The French buccaneer named Levasseur. He was the girl's uncle, and Blood's associate on a venture from which he got his ship. He was unsavory to kill her. Pah! It is unsavory talk I know. But there is no other way to put it. It is a matter of difficult reckoning in the case."

(To be continued)

The last census reported a total of more than 5,000 beekeepers in the United States.

Dog Heroes of the Alps

St. Bernards Trained to Find People Lost in Mountains

The founder of St. Bernard stated that every eight thousand feet high in the Alps, can boast that it is one of the oldest and most interesting health resorts of its kind in the world. It was founded in A.D. 962 by a nobleman named Bernard de Bretenay, who talked to give shelter to pilgrims making the way across the Alps to Rome.

But in the minds of most people the hospice is mainly remarkable for its dogs and for the wonderful deeds they have performed in saving the lives of belated travellers. An average week in winter will see the hospice is kept in the hospice kennels, and each is trained in the task of searching for those who are lost in the mountains. Having found them, the animals afford all the help they can, by the licking of face and the other kindly guide them to the hospice or no less help.

Nowhere else, it is said, do dogs that have taken part very by the parish, nor one has been awarded

Find Traces of Mammoths

Famous English Cricket Field Was Once Hunting Ground

Mammoth remains, including pelvis, ribs, tusks, and teeth, have been found at Kirkdale, in Lonsdale, Lancashire, and are now in the museum at Lancaster. Before the cricket field was made the Cricketer's Arms Hotel was a private residence, and was occupied by Mr. Thomas Hutchinson, who measured 3 ft. 4 in. by 2 ft. 4 in., and, taken charge of by the secretary of the hospital.

The bone, which is now stored away measures 3 ft. 4 in by 2 ft. 4 in., was taken charge of by the secretary of the hospital.

The bone, which is now stored away measures 3 ft. 4 in by 2 ft. 4 in., was taken charge of by the secretary of the hospital.

The bone, which is now stored away measures 3 ft. 4 in by 2 ft. 4 in., was taken charge of by the secretary of the hospital.

Find Ancient Roman Relics

Interesting Discovery at Roman Occupation is Unearthed in Britain

Ten thousand Roman coins, pottery, jewelry and other relics of the Roman occupation of Britain have been unearthed at Richborough Castle, Sandwich, country of Kent, England.

Among the relics of the Roman occupation found were pieces of the Samian ware, a beautiful kind of pottery, and the remains of a small square building.

Walter Klein the excavator in charge, who were found in the ruins of the Roman fortress. They recently were placed in the museum.

Wolf Attracted By Radio

Music Lured Animal to Clearing Where It Was Shot

Lured from its forest lairhouse by the orchestra's music, a timber wolf was shot by a hunter in the Adirondacks, according to Fish and Game Commissioner Frederick M. Hasbrouck.

The animal wandered into the yard of Joseph Tapply and stood by a radio aerial pole. Then it climbed the pole and was shot by Tapply.

Hasbrouck said the wolf was the first he knew of to be killed by a radio.

Interesting Peace Ceremony

Duke of Dutch East Indies End Inter-Tribal Feud

Despatches from Borneo, Dutch East Indies, gives interesting details of a peace ceremony being up the different Dyak tribes of that Island. These tribes have been constantly fighting over their lands, and have reduced the population of being frontiers and bloodthirsty head hunters.

Some 4,000 Dyaks came to the gathering. They were present also a few Dutch and British officers, who witnessed ceremonies of the peace. Each tribe came upon ceremonies should put aside its private feuds and quarrels.

An Interesting Discovery

Geologist Finds Water in Crystal Too Seldom Years Old

I hear and speaking as many as they have been found in the Alps, drops of water more than 10,000,000 years old have been found by M. C. Farrington, head of the geology department on the 5th museum of zoological history. They were imprisoned in crystal quartz pulled up from rock 1,000 feet below the surface. The surface of the ore is based on the characteristics of the rock which he hopes to a period over 500,000,000 years ago. Popular Mechanics.

An Interesting Idea

Right Food Mean Few Visits to the Dentist

The Child Health Magazine published an article recently, in which this sentence was used:

"Your can be sure one cheese is."

Isn't this an interesting idea? It makes a strong appeal to us to know foods which have to be chewed and eaten well will be stimulated and strengthened. It adds interest to the knowledge that certain foods are beneficial to our teeth.

WRIGLEY'S after every meal
Purnels - encourage the children to care for their teeth!
Give them Wrigley's. It removes food particles from the teeth. Strengthens the gums. Combats acid mouth. Refreshing and beneficial!
SEALED TIGHT KEEPS IT FRESH

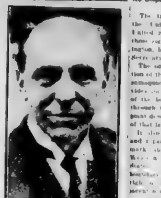
Dairy Convention For Winnipeg

Arrangements Made For 1926 Meeting Says Manitoba Dairy Inspector

Mr. L. A. Tolhurst, provincial dairy inspector for Manitoba, recently announced that arrangements have been completed for the holding the 1926 annual convention of the Western Canada Dairy Association in Winnipeg. Executives of the Manitoba Dairy Association and of the Manitoba Farmers' Association met to decide on the dates of the convention, and also to decide upon various resolutions of the provincial organizations. Dates for the opening year during the past 7, 192 exclusive of events are better were shipped out of the province of Manitoba, a total of 4,435,- 700 pounds valued at $1,443,516. The largest was packed 29,000 boxes of apples. Mr. Tolhurst stated that the shipped to the United States marked the first time that Manitoba apples had been shipped to that market.

Hope Of The World



Defne Boundary Line

No Dispute Between Canada and the United States Expected

The dispute between Canada and the United States respecting the boundary line between Canada and the United States, recently, according to an announcement made by Hon. Premier Lapointe and Secretary of State Hughes.

The note dealing with the demarkation of the boundaries reaches in Parliamentary Day, M.D., and also provides for a more permanent definition of the boundary line which runs from the Lake of the Woods to the Rocky Mountains. In more precise terms the boundary line between Canada and the United States, from the Lake of the Woods to a point due north of the Northwest point of that lake.

In the provisions for demarkation and a plan is to be undertaken which mark the boundary from the Lake of the Woods to the Rocky Mountains. In order to accomplish this work a survey party will be organized and will begin work in the spring of 1925. It is expected that the work will be completed in the year 1926. More than permanent monuments will be erected at the most important points along the boundary line. Between these points iron posts will be placed at intervals of one mile. Between these points iron posts will be placed at intervals of one mile. Between these points iron posts will be placed at intervals of one mile.

Suffered Misery With Itchy Eczema Cuticure Healed

"I was troubled with eczema for over two years. At first I noticed a little pimple which then began to spread all over my face and head until I noticed that my hair was falling and itching and burning most terribly. At times I thought I would go crazy, and was obliged to give up my work.

"I then sent for and used different samples of Cuticura Soap and Ointment and after using them I decided to buy them. After the first application I felt relief. I continued the treatment for a time and now I am healed." (Signed) Miss T. Wood, 335 Cay Hall Ave., Montreal, Quebec.

Cuticura Soap, Ointment and Talcum are ideal for daily toilet use. Sample Each Free by Mail. Address: Canadian Depot: "Cuticura Laboratories, Dept. X, Montreal." Try our new Shaving Stick.

Good Season For Lumbering

Conditions Have Been Very Favorable In Thunder Bay District

Winter conditions have been very favorable for lumbering operations in the Thunder Bay district, and the season's cut will be considerably above that of last year. Operations have been carried on in the woods since early in November, and the snow has been deep enough to allow the use of sleighs for hauling the logs to the mills. The cut will be about the same as last year.

Footballers Plan For Coming Season

The football meeting held in the Town Hall on Tuesday last was fairly well attended and the following officers and committee were elected. President, O. B. Elliott; J. W. Chapman, sec., hon. pres.; Mr. A. J. H. McCauley, vice-president; W. J. Hingston, manager; W. Webb, secretary-treasurer.

A. Bingley will act as referee for all games.

Grounds com., H. Ross, C. Robertson. Entertainment Com., Bert Calvert, W. Bellamy, B. Wallis, C. Jobb, H. Bone., Executive Com., Bert Calvert, W. Bellamy, C. Simmons, W. Chapman, A. Clutterham.

A membership fee of 50c. was set, anyone wishing to join the club are asked to give in their names to Wm. Webb, secretary of the club.

It was also mentioned that the club try to enter a league formed of the following towns: Camrose, Hardisty, Viking, Vegreville, and Tofield.

Anyone interested in football kindly give in their names as quickly as possible, that preparations for a successful season may be commenced at once

SHOWERS FOR POPULAR BRIDE-TO BE

The home of Mrs. A. J. H. McCauley was the scene of a pretty shower on Tuesday afternoon, given in honor of Miss Ida Murray.

Each guest brought a tea towel, then as Miss A. Grieve played "How Comes the Bride" little Miss Muriel Rogers drew in the gifts which were unwrapped and displayed, the prettiness of those showing the high esteem in which Miss Murray is held.

A geographical contest was featured next. Mrs. Watt keeps the winner of this was presented with a china cup and saucer.

A dainty lunch was served. Mrs. R. Rogers and Mrs. Ross assisted with the serving and Mrs. Watt presided at the tea table.

Mrs. A. J. H. McCauley entertained at a kitchen shower on Tuesday evening in honor of Miss Ida Murray, whose marriage takes place in the near future. Many pretty and useful gifts were presented to the guest of honor. Several tables of whist were played, the honors going to Mrs. Hammond and Dr. Stirton, while Miss Murray and Will Chapman won the booby prizes.

After a dainty lunch served by the hostess, several old time songs were sung by the company, with Miss Griggs at the piano. Those present were, Mr. and Mrs. Bourn, Mr. and Mrs. Hammond, Mr. and Mrs. Jobb, Mr. and Mrs. R. Murray, Mr. and Mrs. Ward, Mrs. Pinnett, Mrs. A. Kingman, Mrs. R. Rogers, Dr. Murray, Mary Napier, Gertie Emery, Audrey Jobb, Vivian Griggs, Audrey Griggs, Keith McIntosh, Doc Morrison, and Will Chapman.

News From The Country

AMISK CREEK NEWS

Mrs. L. Anderson has now returned from Edmonton, much improved in health.

J. Jacobson and family have now arrived from Southern Alberta. Mrs. Jacobson and son came to Shantz on Saturday evening. Mr. Jacobson and his partner arrived in Shantz wi h four carloads of cattle, horses and machinery, etc. late Sunday evening. Mrs. Jacobson and son are staying at E. Moen's place, while Mr. Moen is helping Mr. Jacobson to move his stuff over to Johnson Johnson's place in Burdo which he has rented.

Oyvor Strand have now left for Vancouver, B.C.

Those who took in the surprise party at A. Moen's in Burdo, from here, were, Knryzlov Mohorod and Mitchell Paxton. They had a very good time.

A Ladies' Aid meeting was held at the Amisk home on Tuesday, March 24th. The weather was nice and a large crowd were present. The next meeting will be at Mrs. A. Patterson's on April 2nd.

Myrtle Anderson left for Edmonton Thursday to assist Mrs. Soin, who is ill in hospital.

The Burdo Tigers played the Shantz Senators a game of hockey on a local ice on Saturday, March 21st. The game was 5—1 in favor of Burdo.

Miss Bergbild Hagstad, who has been staying at E. C. Olson's this winter, is now at A. Patterson's, where she is going to work this spring.

Ralph Olson have returned from California, where he spent the winter. He left last week for Lacombe to visit his sister, Mrs. J. Shackleton.

Mrs. E. A. Moen and Lillian Paterson have now returned from Edmonton where they have been staying for the past month.

Ingvald Hedlund is staying with Mrs. Ole Sand, in Ryley this week, to help more into their new home.

Among those who have been visiting the city lately are Mrs. Pfyffer and daughter, S. Strand, Hilmar Moen, Raymond Patterson, and Hedley McClellan.

We are glad to learn that Stella Amy Fraser is doing fine in the hospital, so we hope she will be able to be home soon.

BARDO

Mrs. Easton and Miss Mitchell are in Edmonton this week visiting their brother who has a cancer in his shoulder. He has been in the military hospital for several weeks.

Mrs. Dave Yeiter, R. E. Brownsmon and Harry Hanson were Edmonton visitors last week.

The first quarterly meeting of the Mennonite Burdo School was held on Sunday March 29th. Moderator, Jac Kaufman, Secretary Erna Stutzman, Chorister, H. S. Stutzman. Mr A. A. King was unable to be present and Mr. Burkholder led devotions in his place. M. E. Roth conducted the children's exercise. Topic:

No. 1 "The Significance of the Lord's Supper."
No. 2. "The Christian as a good citizen."
No. 3. "The Trial and Crucifixion."
No. 4. "The Resurrection and Ascension."
Essayists, Barbara Stutzman, Barbara Lauber, Elvera Ball and Edna Yoder.

Speakers, O. Hershberger, J. B. Stauffer, R. Roth, N. Detwiler, J. Krug, E. Mauer, H. Stutzman.

Mr and Mrs. W. E. Parker, Mr. and Mrs. Ivan Moen, Gus. and Gunhild Moen and Hazel Parker spent Sunday at the Lars Halstead home near Ryley

Most of the sick people are convalescing, with the exception of Mrs. Knup. E. Mauer who is suffering with acute rheumatism.

Irvine Curry and Baden Roth were able to come home from the hospital on Saturday.

There will be a meeting of the U. F.A. at the school house on Friday evening.

The young people will have the usual at the Moen home on Saturday.

Mrs. Moen spent last week in the home of her niece, Mrs. Axel Kindly

KITCHAMOOW

We are always glad for the first signs of spring, especially after such a long, cold winter as we have experienced. The first destructive gopher seems welcome, also the caw of the crow. Snow was melting fast on Monday as we were reminded the winter is not yet over, by the heavy fall of snow, but we thing it will be of short duration.

Mrs. Peter Lee and Mrs. Roger Ray are spending a few weeks in the city

Percy Owen returned home from Toronto, B.C. on Saturday evening he was accompanied back by Geo Clayton of Victoria, who will work for Harvey Breitenman this summer

Mrs. Herman Lawson was a passenger to Camrose on Saturday to visit her sister, Mrs S. Stirrett nee Miss Mabel Lawson.

Mrs. Ed Cochran and Children and Miss Minnie Ingram visited at the Carlisle home on Sunday.

Mr. and Mrs. John Morton were guests of Mr. and Mrs. G. R. Owen on Thursday.

Mrs. Geerum returned to the Coombes home on Sunday after seven weeks spent at the Malmo home of Amisk Creek.

Mr. Henry McGinitie is hauling lumber from the Burdo siding for the erection of a new house.

Miss Bessie Owen entrained for Kingman on Saturday to visit a few days with her friend, Miss Mildred Brown.

Mrs. McCowan has resigned from teaching the Woodlawn school, after several years. In fact since her arrival in Scotland.

Mrs. Shupe Sr., has been very sick at the home of her son Frank. Mrs. Howler has been helping care for her.

Tennis Club Has Successful Social Event

On Friday, March 27th, the Tennis Club staged one of the most successful events of the season to the Tofield public. The first part of the evening was a concert, the program being short but excellent nevertheless.

The items on the program were recitation, Bobbie Martin; violin solo, Mrs. R. W. Pincott; step dance, Miss A. Scholl and Miss V. Griggs; recitation, Norman Glover; song, Bert Walker; reading, Mrs. R. W. Pincott; comic song, Bert Calvert; hearing host W. Leslie and A. Preston; pianoforte selection, A. Griggs. Mr. R. W. Pincott sang a version of "How do do," which pleased the curtain very much.

After the concert, Frank Ball auctioned the many and artistic baskets to the satisfaction of all. The competition was keen but there was no attempt on the part of the bidders to sell at a racket just a good, healthy competition.

The sum realized by the sale of the baskets was $74.25

After lunch dancing concluded the evening's pleasure. H. Fraser acted Calvert supplying music full of pep.

LOCAL

Mr. E. Yeiter made a business trip to Edmonton last week.

On Wednesday, March 25th a party of young people surprised Thelma Lindberg on her birthday. The evening was pleasantly spent with cards, and games, etc. An enjoyable lunch was served by the hostess.

Born.—To Mr. and Mrs. M. Jacobson on Monday, March 30th, a daughter.

Born.—To Mr. and Mrs. W. F. H. Geddes, on Sunday, March 22nd, a daughter.

Three top pictures booked for the Variety "Pioneer Trails," April 22—23. "The Hunchback of Notre Dame" May 5—6. "Month of 56," May 12—13.

Mr. and Mrs. Reddaugh entertained a number of relatives at their home on Sunday for dinner in honor of Mr. Reddaugh's birthday anniversary.

A very pleasant afternoon was spent at the home of Mr. and Mrs. W. Jee on Wednesday, when the M.A.S. met for their meeting. Ten members and four visitors were present. After the meeting a delicious lunch was served by Mrs. Lee. The April meeting will be held at the home of Mrs. John McGinitie at the regular time on the fourth Wednesday in the month.

Mrs. Ann Stirrit and little son returned home from Camrose on Tuesday.

LENDERBOOK

We regret to record the death of Stuart Maclean, infant son of Mr. and Mrs. Maclean of Lindbrook, who died last week following a brief illness.

Mr. and Mrs. W. Hooper went to Edmonton last week to attend the wedding of their niece, Margery Hooper, daughter of Mr. and Mrs. E. Hooper of Edmonton, to Mr Rom L. Richards of Edmonton. Mr. Hooper returned on Monday evening, but Mrs Hooper is spending a few days in Edmonton.

Mr. Leon Lagine left this week to spend a brief holiday with his grandparents at Camrose

It will soon become necessary to close gates, etc., that have been open all winter, as the spring revives and [illegible] the wealth [illegible] the farm. Please see that [illegible] it may be your cattle next time.

Popular air in Lindbrook just now is, "Oh it isn't going to throw me down," but ask the straw and hay bunkers and their owners is to substitute "snow" for "straw."

The dance given by Messrs. J. Lindberg and E. Smith was well attended and quite a success financially. Mr. J. Bailey acted as M.C. and Spiletzki orchestra supplied the music.

LOCAL

Mr. Love of Edmonton paid a business visit to Tofield on Wednesday.

Mrs. J. Chas. Mills has been visiting at the Warton home

Miss Clara Abbott and cousin, Lorne McKernan of the Camrose Normal school, spent last week end at Tofield.

SHOVELS CUT EVENLY AT ANY DEPTH

On the John Deere Stiff Tooth Cultivator the lifting lever raises and lowers the front and rear shovels evenly—the shovels all cut evenly [illegible]

The shovels can be adjusted to [illegible] any depth up to eight inches. The lifting lever sector has very fine notches, making possible the finest adjustment of cutting depth. The lever dog is double-toothed to give extra strength.

A very fine adjustment of the set of the shovels is secured by an ingenious arrangement of holes in the trip straps.

Each shank is equipped with a spring trip to permit the shovel to pass over obstructions without damage and then return the shovel to its working position.

RED ROSE COFFEE "is good coffee"

Why Boys Leave The Farm

Tasting Lignite in Europe

Saskatchewan Product Goes to Germany To Be Drugorized

Practical tests of briquetting Saskatchewan lignite coal are to be made in Germany and Czecho-Slovakia.

It is expected that the tests will take three or four months to complete and that the results will be known in time for action to be recommended to fill the trade gap in June if the tests prove as successful as anticipated.

Fifty tons of the Bienfait product was shipped at last to St. John in a specially constructed car and transferred from a steamer in Rotterdam and will be tested under the direction of Professor Terres, of Germany, and the Fernald Lignite Syndicate in Czechoslovakia.

Briquetting is a coal saving process that transforms lignite into a hard, smokeless fuel. The coal is first ground into a powder in modern machinery and then compressed into briquettes.

Bienfait lignite is the first product within easy reach of the prairie farmer that will enable him to use home grown coal for his own domestic purposes, and the first to be briquetted.

Drives Out Rheumatism Saddens Lumbago

Brings Ease and Comfort to the Sufferer at Once

NERVILINE

A King Over Pain

Those who seek permanent relief from Rheumatism, Lumbago, Sciatica and Lumbago should try Nerviline. Rub it in well and feel the pain disappear.

I was fairly crippled with sciatic pains, and Nerviline was recommended to me. I used it and got relief. I am now well quick.

Another Warning Against White Bread

Professor Says Appendicitis to Trace-able to This Food

Mr. Vilhjalmur Stefansson, who will be visiting Italy, when asked, "Is it true, Professor, that white bread is responsible for appendicitis?" replied: "Yes, I believe it is. I believe that appendicitis is due to the lack of vitamines in white bread. People who eat whole wheat bread, or bread containing vitamines, rarely have appendicitis."

HEART WAS WEAK NERVES ALL GONE

Mrs. J. H. Hallenbeck, 1, Fitzland Avenue, St. Catharines, Ont., writes: "I was in a run down condition and my heart was weak. I had no appetite, and could not sleep. I felt tired all the time. I had read about Milburn's Heart and Nerve Pills, and thought I would try them. My mother had taken them and found benefit, so I began using them. After taking a few boxes I felt much better. My appetite returned, I could sleep well, and my heart was strong. I am glad to recommend Milburn's Heart and Nerve Pills, as I thought I was going into a decline."

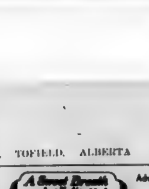
Price 50 cents per box, 3 boxes for $1.25, all dealers or The T. Milburn Co., Limited, Toronto, Ont.

Finances In Good Shape

Britain Receives Substantial Income From Investments

The British board of trade's annual summary of statistics for the year 1924 shows that the country has a favorable balance of trade of £283,000,000, the corresponding figure for 1923 being £336,000,000. The decrease is due to the fact that the value of imports has increased by £53,000,000, while the value of exports has increased by £6,000,000.

Interest on British investments abroad, together with shipping earnings, banking commissions, etc., brought in £333,000,000 in 1924, as against £304,000,000 in 1923. The total balance in favor of Britain was £50,000,000 in 1924, as against £29,000,000 in 1923.



Advice Nature Lovers Camp Craft Secrets

Nine Backlists of Canadian National Railways Gives Useful Hints to Fishermen Campers and Sportsmen

The outdoor subject is to-day rich indeed and it remains in the world have been so spread in the matter of holiday places. In every province are magnificent fishing streams and lakes inviting an outdoor rendezvous. In some cases there is no more about to start on a holiday to set out we always wonder just what provisions we should make in the way of clothing and outfit and also what food requisite bedding or tackle is needed. To meet the requirements of such Canadian planning for outings in the lake lover or woods districts of the Dominion, a special book, viz., "Camping and Woodcraft" has been issued by the Canadian National Railways and is being issued in the hands of ticket agents for distribution.

Camping and Woodcraft" is dedicated to those who would enjoy the call of the open according to the author's own booklet. In it you will find many helpful hints given on the right time to start camping and what to do when the hour for breakfast arrives. Then there are instructions on what to do when the woods are dangerously dry and also when you will find this booklet one of the most valuable that has ever been placed at your disposal.

THURSDAY, APRIL 1st

WHAT DO WE OWE OUR COMMUNITY

I heard a man once boast that in a space of only twenty years, he had accumulated over thirty thousand dollars, all by his own efforts.

He was a hard worker, a good planner and saved his money—but he forgot all of his efforts would have been fruitless if he had not had the material to work with.

A Canadian farm is a wonderful place to work out your own ideas, but, as one travels up and down our great dominion we are forced to believe the mind of its have lost sight of the main issues of life. To make money, by denying yourself a nice home to live in, is the surest way to drive the children city-ward.

To make money by living in forbidding surroundings, weeds everywhere, fences broken down, machinery left out in the open, mining the land without any thought for coming generations, keen at driving a bargain with a neighbor, always looking out for No. 1, and then an old age creeps on, leave the scenes of our labor, go to some city, and sleep ourselves away.

Let us enjoy our life to-day, improve our homes by cleaning up our surroundings, planting trees and flowers, get music in the home, have the neighbors in often, be a good fellow, and then see if this is not worth more than a few extra dollar bills.—A.S.

BAA-LETS OF A CANADIAN SHEPHERD

AT THE rainbow's end, when we were young we were told there was a pot of gold; dragon guarded caves with jewels and pearls in mountain steeps; but no one seemed to know, or at least we were not told, that a flock of wooley sheep would produce yearly a treasure, vaster than that of our dreams.

This last year, my good well grown lambs were sold in eastern and western markets at $10 to $15 brought in two or three at least—at least—I feel per hundred pounds, while fleces of the mothers this source of treasure should be known to one and all.

Sheep live on less expensive food than other stock yet yield two crops each year and pay more back for care and their upkeep. Its time that more were entering this profitable field so we could use "On each Canadian farm a bunch of sheep."—A.S.

Here and There

Under the joint Canadian-British Government relief scheme 2,000 families are being brought to Alberta this year and the first party of 50 families will arrive early in May. They will first be given periods of employment and then will take up their own land.

Henry E. Sachtleben, Treasurer of the Canadian Pacific Railway since 1906, died suddenly at Atlantic City after an illness of several months. He was born at Gibraltar in 1861 and had been associated with railways in his native country since his early manhood.

J. C. Mitchell, of Dalhousie, Sask., reaching the middle of February with seven grown horses, returned home on Monday with seven more, ready for spring work. "I'll be back in the fall," he says, "to buy seven more." To his advice to all who wish to try their fortunes in the Dominion.

Speaking at Toronto, Hon Charles McCrea, Minister of Mines, said from the mines of the province the output for the year will be around $15,000,000. In January the output was $1,000,000. Ontario also expected to top the total production of the United States.

A new Fitzroy Trophy donated by the English Football Association to the Dominion of Canada Football Association for annual competition among Canadian clubs has arrived in Toronto and will be on exhibition at Canadian Pacific stations at Montreal, Toronto, Winnipeg and right across the West.

An addition which will try to climb Mount Logan (19,539 feet) in the Yukon, the loftiest peak in Canada, is to leave Vancouver in April. It will be headed by A. H. MacCarthy, of Seattle, and the Alpine Club of Canada is represented by seven members, including a representative of the English Alpine Club, will complete the party.

Agricultural products in the Province of Manitoba during the year 1924 reached a total estimated value of $164,317,287, according to figures issued by the Provincial Department of Agriculture This amount is nearly double that of the previous year and is accounted for largely by the big upturn in the price of wheat.

The shield which was taken from the guns of Old Fort Osbor when the city was captured by General Wolfe, and now in the possession of the town of Hastings, will be returned to the American city, according to Hastings Council have decided to return the shield to the town of Osbornia at the request of General Wolfe Murray, a descendant of the famous soldier.

Miss Ethel Logiecka, temperamental pianist, gave another taste of her quality when she failed to appear before a specially prominent audience for coughing in the middle of a number at Inglewood, N.J. "If you can't control yourself, you'd better go home," she remarked. About fifty disappointed members of the audience left the hall indignantly.

Two members of the Canadian Rockies have developed the idea of flooding snow shoes for racers over the heavy snow tracks of that region in the way great quantities of supplies are brought considerable distances across trails that would otherwise be impassable to heavy loads. Trail Guides Jack Wilson did their second great Pow-Wow early in August, 1924.

I recently a new kind of motion picture camera with a built-in motor that is almost noiseless in operation Burton S. Moore, proprietor of the Norton Camps in New Brunswick, has succeeded in taking about 4,000 feet of film of wild life in action which will be shown in the theatres on Canadian and United States screens. He has been particularly successful in obtaining views of bull moose in their natural surroundings.

Over 1/3 of last year's western grain shipped by the Canadian Pacific Railway according to a statement issued by the Dominion Government at Ottawa. Of the total shipped 4,000,000 bushels, or 1/3 of the seven months ending March 31st, 99,237 cars were loaded, representing an increase of 30,000 cars over the same period last year. Fort William and Port Arthur received the most grain.

Here and There

After a year's enjoyment passed through Montreal recently in the care of the Dominion Express Company who will Rocky Mountain sheep were shipped to Austria to form part of a zoological exhibit there. The animals, which are valued at $600, came from the National Park at Banff, Alberta.

Alberta farmers have recently been shipping a new commodity to the market. During the past few years there has been a considerable increase in the number of bee-keepers and last year 100 keepers had a total production of nearly 60,000 pounds of honey, valued at approximately $15,000. The exact number of bees is not known.

Contract for aeroplanes across has been made between Vickers Limited, manufacturers of aeroplanes, and Frank L. Buckley, of Vancouver, B.C. The aerons will be logged on the Queen Charlotte Islands and will be at the Buckley Mill at Port Clements, on Graham Island and at Burrard mill, in Vancouver. The contract calls for the delivery of two million feet during 1925.

Canada leads the world in automobile exports in proportion to production, domestic sales or ownership of motor vehicles or in proportion to population, but absolutely the automobile industry of the Dominion only surpassed by those of the United States. Since 1920 the motor vehicle exports of Canada have nearly doubled, the increase being from 9.3 per cent. in 1919 of the total automobile export trade of the world.

A special train of forty-two cars containing nearly 900 head of stock for export to Great Britain arrived at the Canadian Pacific Railway's East Toronto yards on February 7th. Mostly These, added to shipments from Parkinghan, Ont., Toronto and other points in Ontario and Quebec made up what cattlemen claimed to be the greatest concentration of Canadian cattle for export in the history of the trade. Into the yards the cattle were shipped by special train to the ship's side at St. John, N.B.

When the second-class-world cruise passenger steamer the Canadian Pacific steamship "Empress of France," reached Egypt recently, they were entertained by Ezzat Khattab, a prominent Arab, holding authority over a large number of villages along the Nile. Unfortunately, the Arab succumbed to a sudden attack of heart failure. The visitors from across the Atlantic before returning to their ship were permitted to attend the funeral, which was conducted in the desert with weird and impressive religious rites, an experience few world-travellers have known.

Between 200,000 and 400,000 Canadian Canadians of Scandinavian origin will gather at Minneapolis and St. Paul in June on the celebrate by a great national gathering the hundredth anniversary of the landing of the first organized party of Norwegian settlers on this continent. President Coolidge, King Haakon of Norway and Lord Byng, Governor-General of Canada, have been invited to attend. Meetings of some forty Norwegian organizations, divine service by the Bishop of Oslo (formerly Christiania), field sports, pageants and historic tableaux will make up the programme.

MANUFACTURING AND MARKETING

After your cream is manufactured into butter, it is then necessary for us to find a market for it. To find the best market is not always the simplest of tasks, it requires judgement and experience. We search out the very best market possible at all times. In doing this we are serving your interests as well as ours, as the more we can get for our butter, the more we can pay you for your cream.

TOFIELD CREAMERY LIMITED

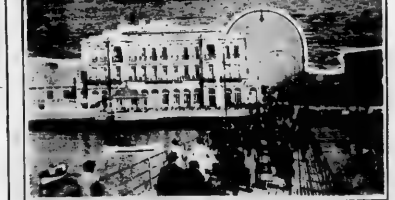
Caron Light, Water and Power Plant

The CARON PLANT is the result of years of up-to-date and economical equipment, bringing it to its present perfected state. It will give you city conveniences in the country. It will light your home and buildings. It will furnish electricity for operating electric iron, toaster, washing machine, etc. It will also operate milking machine and in addition, will furnish belt power to run wood saw, grinder, churn, etc.

Can be supplied either as a separate complete Electric Lighting plant—Water Supply System—Farm Power Plant, or all combined on one base.

Masse Electric Co., Edmonton, Alberta



Carrying the Canadian Flag Round the World

The "Empress of Scotland," now on a tour of the world, and her smaller sister, the "Montcalm," now on a cruise of the Mediterranean, lying in the Bay of Naissaus, passed from the little steamer report about four miles from Athens. Canadian and United States passengers are seen landing from the "Empress of Scotland" with a view to taking the automobile trip into Algeria.

Larger Yields Per Acre Will Be The Important Work For Farm Boys Of The Future

FULL OF ACHES AND PAINS

Toronto Mother Found Relief by Taking Lydia E. Pinkham's Vegetable Compound

Toronto, Ontario.—"I have found Lydia E. Pinkham's Vegetable Compound a splendid medicine to take before and after confinement. A friend took me and got me a bottle of Lydia E. Pinkham's Vegetable Compound at the time I was in a very weakened condition and I was a wreck. I soon began to notice a difference in my general health. I was full of aches and pains at the time and thought I had a very complaint going, but I can truthfully say your medicine certainly did me good. I can and will speak highly of it, and I know it will do other women good who are sick and ailing if they will only give it a fair trial. Lydia E. Pinkham's Liver Pills are splendid for constipation. You are welcome to use my letter if you think it will help any one."—Mrs. HARRY WEATHERSTON, 541 Quebec Street, Toronto, Ontario.

The expert mother is wise if she considers carefully this statement of Mrs. Weatherston. It is but one of a great many all telling the same story better results.

Lydia E. Pinkham's Vegetable Compound is especially adapted for use during this period. The experience of others proves who have found this medicine a blessing in time of great need. Why not try it now you, too?

R. N. Whillans Passes Away

We regret to report this week the death of R. N. Whillans of Ponoe River, a well known old time resident of this district. Mr. Whillans suffered for several years from asthma and everything possible was done to obtain relief. He passed peacefully away on Thursday last.

R. N. Whillans was born in Marysville, near Ottawa in 1876, being the third son of the late Rev. Whillans. He came west about twenty years ago and at one time was a reporter on one of the Edmonton dailies. Later, he started a newspaper at Tofield, naming it "The Tofield Standard." While publishing the Standard Mr. Whillans was an active worker in town and community affairs. He was for several years a member of the Tofield Town Council, and was an active worker in the St. Andrew's Presbyterian Church and the local lodge of the Independent Order of Oddfellows. The Tofield Standard ceased publication in 1917 when Mr Whillans moved the plant to Ponoe River, where until the last year he was engaged in publishing the Ponoe River Standard.

He leaves to mourn his loss, a wife and two daughters, Mrs. Donohue and Jean, both of Ponoe River. Also five brothers and four sisters W. M. Whillans, Sunnyknoll, Alta., Dr. Whillans, British Columbia, Charles of Tofield, A. B. of Ontario, and T. W. of Ponoe River. Miss C. I. of Victoria, Mrs. Wright of Penticton, B.C., Mrs. Martin and Mrs. Geo. Cookson both of Tofield.

TENNIS CLUB

A meeting of the Tofield Tennis Club was held at the office of R. W. Pincott on Tuesday night, when the following officers were appointed for the coming year

President, R. W. Pincott; vice-president, R. G. Ward; secretary-treasurer, Dr. Bain. The following committees were also appointed. Grounds Dr. Simpson, H. Savage, and W. Dodds. Tournament, Miss A. Bethel, Mr. Savage and Mr. A. Smith. Entertainment, Mrs. Simmons Miss T. Noland and Mrs. Bissett.

It was decided to hold a local tournament on May 25th.

The fees were set the same as last year and are as follows, ladies $4.00; gents, $6.00; married couples $8.00; non residents, $1.00 per month; holiday ticket $3.00; school children's ticket, good up to 3 p.m. during July and August, $1.00.

The Tofield Creamery commenced to buy eggs on grade on Wednesday Lowel Gray is the official candler.

Mrs. Jobb and daughter Audrey are Red Edmonton on Saturday last.

D. L. Yoder, visited the Capital city on Saturday.

News From the Country

KETCHAMONT

Mr. L. Carlisle went to Edmonton on Monday to enter the hospital for a few days to have an X-ray taken.

Mr. H. Mitchell, sr., Mrs. D. H. Mitchell, Mrs. W. A. Mitchell and Mrs. Henderson attended the shower at the McCauley home in honor of Miss Murray.

Mr. and Mrs. O. Barnes, after living at the Hall home for the winter, moved back to their own home last week.

Mrs. Henderson and son Jason visited at the Birrie home on Sunday. Old time friends of the Whillans family were pleased to hear of the death of Bert Whillans at his home in the Ponoe River district. Mr. Whillans had been a sufferer for a great many years, and we extend to the family and brothers and sisters our sympathy.

Mrs. Vera Hall was able to return home last week from the hospital in Edmonton, after an operation for appendicitis, she is convalescing at home of her parents, Mr. and Mrs. Kendall.

Mrs. G. W. Sears was completely taken by surprise at the home of Mrs. C. A. Ingram last Tuesday afternoon, March 31st, the day being her birthday. Upon being asked over to assist in a little task, she was at first confronted with a beautiful birthday cake. In a few minutes a few friends and relatives stepped in bearing gifts. A jolly afternoon was spent and a most delicious lunch was served by Mrs. C. A. Ingram.

LUNDBROOK

The spring thaw has commenced in earnest here and pedestrians are having quite a job to navigate themselves around the roads and farms. No one can seem to imply that too much strong liquor is aboard, but too much water underfoot. It is some years since so much water was seen at one time and augurs well for moisture this year, especially for the hay crop.

Divine service, Anglican, was held at the school here, last Sunday at 2:30 p.m. Rev. R. H. Thatcher conducted same. We hear that both he and Mr. John Brown, who brings him from Tofield and quite a time getting here owing to the bad roads. Despite the state of the roads, quite a fair congregation assembled. The next service will be on April 19th at the usual hour and will be reminiscent of Easter; possibly Holy Communion will be celebrated then, but this is uncertain as yet.

Mrs. Fraser was home over the week end but is returning to Edmonton this week.

The Westlake school is now being built by Messrs W. Pashlen and Co. and will soon be ready for the pupils.

Mr. J. Bailey has been appointed road designer for this season.

Last Tuesday evening a dance was given at the home of Mr. and Mrs. August Kortzman to welcome Mr. and Mrs. Frank Kortzman and also to say farewell to their friends here. It is said to have been a fine dance. Some time had a good time and danced till early morning. We hear that one of our well known local dance hounds nearly nearly secured a home keeper while there. Mr. and Mrs. August Kortzman are moving to Edmonton, to Pigeon Lake Alta., whilst Mr. F Kortzman and family intend residing here all summer.

KINGMAN

Mrs. Jim Sutton of Ketchamont is visiting with Mr. and Mrs. Andrew Ovelson in Kingman.

Mr. F Hardin made a business trip to Edmonton last week.

Miss Mabel Stevenson left for Edmonton on Saturday evening, where he will work in the post office there for a couple of months.

Mr. and Mrs. Simmon of Canmore visited with Mr. and Mrs. C. Simmons a couple of days last week.

Mr. and Mrs. Hans Simonson who have been visiting at Kingman for a couple of weeks, returned home to Edmonton on Monday.

Mr. May Welsh is taking Miss Johnson's place in the post office during her absence.

The concert given by the Kingman school on Friday evening was a decided success. A large crowd attended and the program was run off in splendid order. Refreshments were served afterwards.

A number of Kingmanites were Ashern in Edmonton last Saturday.

Miss Bessie Owens returned to her home in Ketchamont on Monday.

Mr. and Mrs. Jack Parkman were visitors in Canmore on Monday.

Leslie Telford went to Edmonton on Monday to see a doctor about his ear. Mr. Telford accompanied him.

A hog dance will be held in Sevens's Hall on Friday, April 17th, the music will be furnished by the hog plank for the hall. Everybody welcome.

Held Double Surprise Party Tuesday

A double surprise party was pulled off on Tuesday, April 7th, in honor of Gordon Jobb who was celebrating a birthday, and Harold Lewis, who is soon to leave for Portland, Ore. The joke was on both, for each one was induced to dress up, thinking the party was on the other fellow. The completeness of the surprise was mostly evident in their faces when the presentations were made by Harold Rose. And Harold was heard to remark most morning, "Oh, that was sure a very successful surprise you put over last night." The evening was spent in games and dancing till 11:30, when lunch was served. Gordon's birthday cake came in, and he was successful in extinguishing all the candles at one blow. Good wind, Dick! Gordon was presented with a pair of kid gloves and Harold Lewis a set of military hair brushes in case and a handsome photo album, containing a snap of each of his old friends. At "Uncle's" request, the gang (Bert Wallis, Bert Swift, Gordon Jobb and the departing one Harold Lewis), sang "That Old Gang of Mine" swinging right into "For He's a jolly good fellow," and "Auld Lang Syne." The gathering then dispersed We neglected to say that Gordon was duly and heartily "dumped" before midnight, everyone who could take a crop taking part. All unite in wishing Harold Lewis good fortune in his new home.

Present mentioned must be given to Mrs. Wallis and Mrs. Pinnington for the way in which they helped the young people spend a pleasant evening.

Get our Merchandising work done at F. W. Hadley's. All kinds of wood work and plow work done. Shop just south of the English Church. Watch for our sign.

A dollar and a half is very soon, yet it will go a long way if used correctly. Buy your subscription to-day.

Mr. H. N. Lane was an Edmonton letter on Thursday.

Mr. Robinson has been ill with the grippe this week.

W. W. North and Co., have unload ed a car of tamarac poles and a car of lumber this week.

Care For Your Library Books

Our regular social meeting will be held on Tuesday next, April 14th, at 8 o'clock. The roll call will be answered by short cuts in house keeping or a good recipe. Everyone please be on hand and give us something we don't happen to know. There will only be two more monthly socials until vacation, as the rooms will be closed during July and August. Mrs. Spaving and Mrs. Allen will act as hostesses.

We had another pleasant whist drive last Friday night. Mrs. Jones and Mr. Dent won first prizes and Mrs. Ward and Mr. Stairs the booby. Everyone had a fine time and a nice lunch was served.

Members of our library are asked to be more careful of the books loaned them. Some of our new books are in bad shape already, which shows that someone is careless

the library members, when a book with leaves or binding out get a piece of mucilage on before they start to read the book.

Any way they help to keep books in order and show an interest in having to keep the library going. The would be appreciated by all the members. Kindly remember that the librarians do their work free, and it is up to the readers to take care of the books loaned them. Please be careful to keep our books out of children's hands, as several pages are missing from one or two books which couldn't happen these never reading it.

When the leaves are torn out
The book is worn out
And can't be read more
Which makes the reader sore."

Every demonstrator for the county of Beaver comes to Alix on April 22. We have room for a few more, and this will be the last chance we have to get in the necessary arrangements. The instruction is free. You furnish your own materials, the instruction of which will be read at the meeting next Tuesday

SHOVELS CUT EVENLY AT ANY DEPTH

On the John Deere Stiff Tooth Cultivator the lifting lever raises and lowers the front and rear shovels evenly—the shovels all cut evenly at any depth.

The shovels can be adjusted to work land to any depth up to eight inches. The lifting lever sector has very fine notches, making possible the finest adjustment of cutting depth. The lever dog is double toothed to give extra strength.

A very fine adjustment of the set of the shovels is secured by an ingenious arrangement of holes in the trip straps.

Each shank is equipped with a spring trip to permit the shovel to pass over obstructions without damage and then return the shovel to its working position.

A Real National Policy

The Montreal correspondent of a London financial paper has been telling his readers that the Canadian National Railway is in such a hole as to overshadow the gross capital deficit of the Canadian Pacific. He says the Canadian Pacific has no fixed charges, whereas the Canadian National has to pay interest on the money it has borrowed from the Government and from the public. He says the Canadian Pacific has been able to pay dividends on its common stock, whereas the Canadian National has not been able to do so. He says the Canadian Pacific has been able to pay off its debts, whereas the Canadian National has increased its debts. He says the Canadian Pacific has been able to build up a reserve fund, whereas the Canadian National has had to borrow money to meet its deficits. He says the Canadian Pacific has been able to pay its way, whereas the Canadian National has had to be carried by the Government.

All this is true enough, as far as it goes. But it does not go far enough. It does not tell the whole story. It does not tell the story of the Canadian National Railway at all. It tells only the story of the Canadian Pacific Railway. It tells only the story of the Canadian Pacific Railway as it appears to the eyes of a financier in London, England.

The Canadian National Railway is a national railway. It is the property of the people of Canada. It is owned by the people of Canada. It is operated by the people of Canada. It is operated for the people of Canada. It is operated in the interests of the people of Canada. It is operated in the interests of the people of Canada as a whole, and not in the interests of any class or any section of the country. It is operated in the interests of the people of Canada as a whole, and not in the interests of any class or any section of the country.

The Canadian Pacific Railway is a private railway. It is the property of a few rich men in Montreal and London. It is operated in the interests of those few rich men. It is operated in the interests of the people of Canada as a whole, and not in the interests of any class or any section of the country. It is operated in the interests of the people of Canada as a whole, and not in the interests of any class or any section of the country.

THE DAIRY POOL

TO THE pool enthusiast, all pools are beneficial and are a panacea for all ills. To those deep in the ways of present methods and with little vision, pools are a nuisance and something that just disturb, what is to them a quite satisfactory condition of affairs. As a matter of fact, neither beliefs are altogether true. Under certain conditions and with certain products, pools have proved beneficial and it is equally true that all co-operative pools have not proved the success their promoters and members hoped for and anticipated. The moral, is therefore, to thoroughly investigate and judge each pool on its merits.

The Tofield district has long been recognized as an excellent dairying district in an excellent dairying province and no doubt the most important subject hereabouts just now, is the proposed dairy pool.

If we understand the pool idea aright, it is the aim of all co-operative pools to obtain a better price for the product, thereby benefiting the producers. It is not power, managerial, executive, or even political that is asked for or expected, but honest to goodness results in dollars and cents. Nor is it desired to inflict hardship upon those already in the market, in other words, the whole aim and object of a pool of any kind is to build up and not pull down—to make better conditions for everybody.

The writer has always been interested in butter. He still vividly remembers, when as a boy it was his duty to go to the store selling butter exclusively and buy two pounds each week. The marvelous dexterity of the owners admired him. From a large irregular piece of butter, they would chop off a piece, then with two flat sticks, would slap it around on a stone slab, and in a "jiffy" would have a piece of butter of almost the correct weight and size, then throwing it on a scale, the server would add or take away the very small piece necessary to make the pound. Again, sixteen years ago, when occasionally visiting the creamery at Didsbury he hoped that some day British boys would go and buy Alberta butter, and later at Tofield, he expressed the wish in these columns that Alberta butter would in time become as well known in Britain as Danish butter now is.

Times have changed, and no longer does Danish butter hold undisputed sway on the continental markets. New Zealand, Australia, Canada and the Argentine are all crowding in and while some of these did not make much impression at first as to quality, are now gradually and surely getting a market on the market. Alberta has been many years building up a dairy industry of sufficient volume and quality to obtain favorable recognition in the large centres of population, and whether either be sure may enter into the dairy industry of Alberta, it will be made or unmade by the quality of the product turned. The Brit h housewife and consumer pay homage to quality, whether they can afford to buy it or not and it not only await the time when they can.

From the present, so far as we have been able to find out the Pool Provincial Committee has not the knowledge or facilities how they will handle cream. If they are able to handle cream in such a way as to produce No more time between the cream separator and finished article, the pool will be a success, and we have no reason to believe the quality will be impaired. On the other hand if cream comes to the pool in several grades, or the pool is compelled to handle cream of various grades, the pool will be a failure

Attempt Ascent of Mount Logan

Canadian Expedition to Climb Loftiest Peak in Canadian Territory

A Canadian expedition which will attempt the ascent of Mount Logan (19,150 feet) in the Yukon, and the hitherto peak in Canadian territory is to leave Vancouver soon. It will be financed by A. H. McGregor, and the late W. W. Foster of Lethbridge and will be participated in by a prominent native of the English Alpine club will complete the party.

A Romance of the Spanish Main
CAPTAIN BLOOD
By RAFAEL SABATINI

Copyrighted, 1922, by Rafael Sabatini

CAPTAIN BLOOD, a Voyage across with J. Wurtz Europe in the late 1680, is an adaptation of the thrilling novel.

SYNOPSIS

Captain Peter Blood is the terror of the Spaniards who call the Spanish Main. He loves Arabella Bishop above all the governor of Barbados who is also of the Royal Navy. His boats Lord Jeffrey Mohun to the West Indies to make peace with Lord Wade is a leading spirit of the plot and takes her aboard with Wade. Mohun, governor of Tortuga. The Spanish ship Milagrosa sinks the Royal Mary and Arabella and Wade are taken prisoners.

CHAPTER XVI.—Continued

Mr. Bishop now tried and went out to take the air on the quarter deck with his brother-in-law-elect, who followed the lead of the latter's daughter some few the Elizabethan ladies. Under the slight shelter of the poop cabin only a score of us in all, including the governor and the captain, could conveniently find room to stand.

Beside her father Arabella took her own. In her dress and bearing she was distinctly of the period, and the captain, who had never seen her before, was amazed by the beauty of her face. Her hair was of that lustrous black that is so rare in England, and her eyes were of a deep violet blue. Her features were delicately cut, and her complexion was of a clear pallor that was enhanced by the sun and wind to which she had been exposed during the voyage. Her lips were full and red, and her mouth was a little large, but admirably shaped. Her figure was tall and slender, and she moved with a natural grace that was full of charm.

"I do not number lowness and pretense among my acquaintance"

In a hurried jest Mr. Archbold, the governor's secretary, had told her that Captain Blood was a gentleman who had been rewarded first with the title of captain and then with the command of a ship. Arabella had thought that a most humorous jest, and she had laughed at it. Now she looked at the man before her, and she was not laughing. Her father's voice, addressing him as Captain Blood, had startled her. She had expected to see a man of a very different appearance. Instead she saw a man who, though he was poorly clad in the rough garments of a seaman, bore himself with a dignity that was not to be found in the bearing of many a gentleman of fashion. His face was pale, and it was thin to the point of gauntness, but it was a strong face, and the features were clean cut and regular. His eyes were dark and steady, and his mouth was firm and resolute. His hair was black and curly, and it fell to his shoulders in the fashion of the day. He was tall and well built, and he stood with the easy grace of a man who was accustomed to the deck of a ship.

Arabella looked at him with a sudden interest. She had heard so much of him that she felt as if she already knew him. She knew that he was a man of great courage and resource, and that he had won his way from the position of a slave to that of a captain by his own efforts. She knew that he was a man of his word, and that he had been true to his friends in spite of the most tempting offers to betray them. She knew that he was a man of honor, and that he had been wronged by the governor and by the captain of the ship. She knew that he was a man of whom she might well be proud.

BETTER IN EVERY WAY
After Taking Lydia E. Pinkham's Vegetable Compound

Ingomar, N. S. "I took your medicine for a run down condition and nervousness and I have gained in my right size so I say that I could not wish for better health. I have taken Lydia E. Pinkham's Vegetable Compound for the past year and I have taken five bottles of it and I am better in every way and you can use it better to help other women."—Mrs. ALVIRA M. PUBLICOVER, Ingomar, N. S.

Nervous Breakdown Relieved

Toronto, Ont. "It gave me very much pleasure to recommend Lydia E. Pinkham's Vegetable Compound and I always believe in telling others what it has done for me. I was all run down, had nervous breakdown, was always crying, and could not rest day or night. I decided to try it, and I am glad I did, for I soon felt like a new woman and have been ever since. I have been in Canada five years and have been true to my word since I came. I am taking Lydia E. Pinkham's Vegetable Compound and I always believe and it never fails me and, and I must say that nothing made good. I have told many of my friends about it and what it has done for me and I always tell them to try it. I am glad to recommend it to you."—Mrs. A. SIPPEL, 10 Borleigh Avenue, Toronto, Ontario, Canada.

All druggists sell this dependable medicine, and women suffering from these troubles as common as they are should give it a trial now.

Still Another Advantage For Smokers

The Vacuum (Air Tight) Top—Suckers of My Lady Nicotine Will Benefit By Recent Invention

Smoking has ever replace the glass into the ashes the smoker and on the metal afforded by tobacco. The the ebony at the less is largely the Chief of its fault in flavor, and in fact all resemble the perfection of late fashion was of a material by the Dutch Delft. Then came the Spanish and Italian and the dynasty of the Meerschaum during which the Turkish and Persian and the production of a smoker's paradise.

Now comes the vacuum top, which is the latest and most ingenious of all. It is the invention of a Swiss, and it is said to bring increased enjoyment to all who smoke pipe lovers. Briefly, there is an air-tight cover to the bowl of the pipe, which is opened by pressing a small button on the stem. The cover is then lifted, and the bowl is filled with tobacco. The cover is then closed, and the smoker is ready to light up. The vacuum top is said to keep the tobacco fresh and moist, and to prevent the escape of the aromatic oils which are so important a part of the flavor of a good smoke.

May Be Breaking Law

Members of British Par ament Faced With Serious Charge

Members of the House of Commons may be breaking the law by drinking tea with meals, according to a statement made in the House by Sir Kingsley Wood, Conservative member for Woolwich West. Sir Kingsley said that the Customs and Excise Act of 1890 prohibited the sale of tea except by licensed dealers, and that the House of Commons was not exempt from the provisions of the act.

Sir Kingsley's statement was made during a discussion on the budget proposals. He said that he had been informed that the Commons tea room was not licensed, and that members were therefore breaking the law when they drank tea there.

Sir Kingsley's statement caused considerable amusement in the House, and it was suggested that the Commons should be exempted from the provisions of the act.

The Age of Dietetics

The Science of Food is Now Receiving Greater Attention

The science of food is now receiving greater attention than ever before, and there is a tendency that has been in the making for some years to regard food principally as a source of energy. Dr. Hopkins, of Cambridge, England, has been one of the leaders in this movement, and in a recent address he said that the time was ripe to put the science of food on a new basis. He said that the old theory that food was merely a source of energy was no longer tenable, and that the true value of food lay in its power to build up the body and to maintain it in health.

Dr. Hopkins said that the old theory that food was merely a source of energy was no longer tenable, and that the true value of food lay in its power to build up the body and to maintain it in health. He said that the old theory that food was merely a source of energy was no longer tenable, and that the true value of food lay in its power to build up the body and to maintain it in health.

Zoo Specimen For Canada

Five hundred animals and two birds, several monkeys, a dove and a Siberian panther, a number of bears, and a number of other animals, are to be shipped from London to Canada as well as to United States to-day to replenish the stock of the Chester Zoological Gardens. The animals have been purchased by Mr. Charles Reilly, and have been collected from all parts of the world. Mr. Reilly is now superintending the loading of the animals on board the steamer.

The Female of the Species

When a wild animal gets excited it shoots its arms down the street and makes for public enjoyment on right and middle liver.

He can make the bravest tremble, he can make the boldest quail,
But two on the female driver is more than he can stand.

"Poor Quality Is a Kangaroo"

Most of the time sires who married the sailed hatter, the father Princess Ermine is signing by letter. Her Majesty the Kaiserin." The signs driving slowly astern, in his sanders to ascertain how it might have fared with the Bishop.

Suddenly, and ghostly at first through that letting hole loomed the outline of a ship gradually the fifteen feet full below were and more sharply defined as the vessel came with poise all here were for the spread of canvas on her spars.

Instead of bolding to her course as Don Miguel had fully expected she would the Arabella had gone about under cover of the smoke and sailing now in the same direction as the Milagrosa, was converging sharply under her across the wind, so sharply that, should the latter have held on her course, she would have struck the attention his vessel's stern. Of the striking impact with which the other vessel bore him alongside. There was a rattle and thump of metal as a dozen grapnels fell, and men and oaths in the tin tones of the Mangonese and the Spaniard was first gripped in the top rigging of the English ship.

Beyond her, and now within easy the vessel's crew was now at last and the Holland was swinging in desperate chase. She was bringing fast. The attempt of her consort to help being utterly given to a desperate endeavor to board the boats in one.

Of the last Don Miguel's exploit never said he never—nor, indeed, before. But the deeds were recorded by a word pilling of his self-confidence from the grappling irons that bound the vessels fast—that last thrust he came to from Miguel's officers and the men for a signal to board. Don Miguel's men, being utterly given to a desperate endeavor to board the boats in one.

Bolingers Perform Unprecedented Feat

Rod's Post of 1,200 Changes in Short Time at St. Paul

An unprecedented feat of railroad handling has been performed by the officials of the Pennsylvania railroad at St. Paul, when a total of 1,200 changes in short time were made in the yards of the railroad company at that point. The feat was performed by the Bolingers, and the changes were made in the yards of the railroad company at that point. The feat was performed by the Bolingers, and the changes were made in the yards of the railroad company at that point.

Surpasses Sun In Heat

Star Nearly Three Times As Hot As Our Own Sun

Science has declared that a certain star is nearly three times as hot as our own sun. The star is known as Sirius, and it is the brightest star in the heavens. It is also the nearest to the earth of any star of the first magnitude. Its distance from the earth is about eight light years. Its heat is estimated at about 18,000 degrees Fahrenheit, while that of the sun is only about 6,000 degrees Fahrenheit.

Tax For Gamblers

Sixty years back a bookmaker's tax was 10 pounds; to-day it is 200 pounds. Increased taxation has not lessened betting.

Average Owner's Idea Of Judging Dogs

Is Quite Different From Method Employed By Experts

The results of the dog show itself are a better guide to the experts' than of a good dog and the average owner's idea. At the dog show the judge takes into account his own ideas of what constitutes a good dog, and the average owner's idea is quite different. The judge takes into account his own ideas of what constitutes a good dog, and the average owner's idea is quite different.

Will Search For Silver

Five Business Men of Mull England, Going to Alaska

Five business men in Mr. Yorkshire, started soon on an adventure which will take them to Alaska in search of silver, when they sailed on the steamer Mull for Skagway. The party is led by John Bain, a well known commercial man of the town, and the others are Mr. Bain's brother, Mr. Bain's son, and two friends. They intend to spend the winter in the Yukon, and will return in the spring.

WORLD HAPPENINGS BRIEFLY TOLD

Between May 1922 and January 31, 1923 ships of the Canadian Government Merchant Marine carried 9,304 head of cattle from Canada to United kingdom ports.

Lieut.-Governor W. L. Mackenzie King has arrived in Regina to confer with Premier Martin and Attorney-General Haultain regarding the Hague Court conference matter before it.

The Federal Government has refused to grant a charter to the Canadian Northern Railway Company for a new line in Alberta during the last five years. There is an amount of $10,000 outstanding.

First Lieut. Clifford Mc.ar of Regina, Sask., has received word that Capt. Wm. McBride is severely injured when his aeroplane fell 150 feet in Hounslow.

Hon. C. P. Graham, minister of mines for Ontario, has received many congratulations from all parts of the province on his 25th anniversary of his entry into politics.

The Dominion Parliament will appropriate $1,000,000 for the purchase of the Canadian Northern Railway Company's line from Montreal to Toronto, it is understood. The Government has been negotiating for the purchase of the line for some time.

Hon. Mr. Graham, minister of railways and canals, has received many congratulations from all parts of the province on his 25th anniversary of his entry into politics.

The Dominion Parliament will appropriate $1,000,000 for the purchase of the Canadian Northern Railway Company's line from Montreal to Toronto, it is understood. The Government has been negotiating for the purchase of the line for some time.

Agony Of Lumbago Quickly Soothed Away By "Nervilne"

If the sharp, darting pain of Lumbago has ever caused you to double up in agony, you know how intensely it is to suffer from this painful disease. Lumbago is caused by a sudden strain or chill, which causes the muscles of the back to become stiff and sore. The pain is intense, and it is impossible to move without suffering great agony. Nervilne is a powerful remedy for Lumbago. It relieves the pain almost instantly, and it is not necessary to be confined to bed. Nervilne is a liquid, and it is applied to the affected part. It is rubbed in gently, and the pain disappears. Nervilne is a safe remedy, and it is not necessary to be confined to bed. Nervilne is a liquid, and it is applied to the affected part. It is rubbed in gently, and the pain disappears.

Alberta Registered Seed

52,000 Bushels of Reg.stered Seed Grain Handled This Season

Two thousand bushels of registered seed grain have been shipped from the Alberta Government Seed Grain Warehouse at Edmonton to farmers in all parts of the province, according to a statement issued by the Department of Agriculture. Since the warehouse was opened in January, 52,000 bushels of registered seed grain have been handled. Of this amount 2,000 bushels were shipped to farmers in the Peace River district.

MILBURN'S HEART AND NERVE PILLS

After taking one dose I felt a slight improvement, after taking two I felt much better, after taking three I felt entirely free from all symptoms of heart trouble. I had been troubled with heart trouble for about two years, and had tried many remedies, but none of them did me any good. I was advised to try Milburn's Heart and Nerve Pills, and after taking three I felt entirely free from all symptoms of heart trouble. I had been troubled with heart trouble for about two years, and had tried many remedies, but none of them did me any good. I was advised to try Milburn's Heart and Nerve Pills, and after taking three I felt entirely free from all symptoms of heart trouble.

SUNDAY SCHOOL LESSON

APRIL 15

THE CRIPPLE AT THE BEAUTIFUL GATE

Golden Text: I am Jehovah that healeth thee.—Exodus 15:26

Lesson Acts 3

Devotional Reading: Isaiah 53:1-6

The Text Explained and Illustrated

The Beautiful Gate (v. 1). Probably the gate of the temple which led from the court of the Gentiles into the court of the women. It was called Beautiful because it was made of Corinthian brass, which was more beautiful than gold or silver. It was also called Beautiful because it was made of Corinthian brass, which was more beautiful than gold or silver.

Peter and John Going Up (v. 1). Peter and John were going up to the temple at the hour of prayer, which was the ninth hour, or three o'clock in the afternoon. They were going up to the temple at the hour of prayer, which was the ninth hour, or three o'clock in the afternoon.

A Lame Man (v. 2). This man was lame from his birth. He was carried daily to the gate Beautiful to beg alms of those who entered the temple. He was carried daily to the gate Beautiful to beg alms of those who entered the temple.

Alms (v. 3). The alms which he asked were probably money, which he could buy food and clothing. He asked for alms, which he could buy food and clothing. He asked for alms, which he could buy food and clothing.

Look on Us (v. 4). Peter and John looked on the man with a look of pity and sympathy. They looked on the man with a look of pity and sympathy. They looked on the man with a look of pity and sympathy.

Silver and Gold (v. 6). Peter and John had neither silver nor gold to give the man. They had neither silver nor gold to give the man. They had neither silver nor gold to give the man.

In the Name of Jesus Christ of Nazareth (v. 6). Peter and John healed the man in the name of Jesus Christ of Nazareth. They healed the man in the name of Jesus Christ of Nazareth. They healed the man in the name of Jesus Christ of Nazareth.

Leaping (v. 8). The man leaped up and walked. He leaped up and walked. He leaped up and walked.

Walking and Leaping and Praising God (v. 8). The man walked and leaped and praised God. He walked and leaped and praised God. He walked and leaped and praised God.

Wonder and Amazement (v. 10). The people were filled with wonder and amazement at what had happened. They were filled with wonder and amazement at what had happened. They were filled with wonder and amazement at what had happened.

Peter's Sermon (v. 12). Peter preached a sermon to the people. He preached a sermon to the people. He preached a sermon to the people.

Jesus Glorified (v. 13). Peter said that Jesus was glorified by God. He said that Jesus was glorified by God. He said that Jesus was glorified by God.

Jesus Denied (v. 13). Peter said that the people had denied Jesus. He said that the people had denied Jesus. He said that the people had denied Jesus.

Jesus Killed (v. 15). Peter said that the people had killed Jesus. He said that the people had killed Jesus. He said that the people had killed Jesus.

Jesus Raised (v. 15). Peter said that God had raised Jesus from the dead. He said that God had raised Jesus from the dead. He said that God had raised Jesus from the dead.

Faith in Jesus (v. 16). Peter said that faith in Jesus had made the man whole. He said that faith in Jesus had made the man whole. He said that faith in Jesus had made the man whole.

Repentance (v. 19). Peter said that the people should repent and be converted. He said that the people should repent and be converted. He said that the people should repent and be converted.

Times of Refreshing (v. 19). Peter said that times of refreshing would come from the presence of the Lord. He said that times of refreshing would come from the presence of the Lord. He said that times of refreshing would come from the presence of the Lord.

Jesus Sent Again (v. 20). Peter said that Jesus would be sent again. He said that Jesus would be sent again. He said that Jesus would be sent again.

Restitution (v. 21). Peter said that all things would be restored. He said that all things would be restored. He said that all things would be restored.

Moses Predicted (v. 22). Peter said that Moses had predicted the coming of Jesus. He said that Moses had predicted the coming of Jesus. He said that Moses had predicted the coming of Jesus.

Obedience Required (v. 23). Peter said that obedience to Jesus was required. He said that obedience to Jesus was required. He said that obedience to Jesus was required.

Samuel and Those Following (v. 24). Peter said that Samuel and those following had foretold the coming of Jesus. He said that Samuel and those following had foretold the coming of Jesus. He said that Samuel and those following had foretold the coming of Jesus.

Children of the Prophets (v. 25). Peter said that the people were children of the prophets. He said that the people were children of the prophets. He said that the people were children of the prophets.

Covenant with Abraham (v. 25). Peter said that the covenant with Abraham was fulfilled in Jesus. He said that the covenant with Abraham was fulfilled in Jesus. He said that the covenant with Abraham was fulfilled in Jesus.

Blessing of All Families (v. 25). Peter said that all families of the earth would be blessed in Jesus. He said that all families of the earth would be blessed in Jesus. He said that all families of the earth would be blessed in Jesus.

Turning Away Iniquities (v. 26). Peter said that Jesus would turn away iniquities. He said that Jesus would turn away iniquities. He said that Jesus would turn away iniquities.

Dog Has Clock In Collar

Minard's Liniment for Colds

CUTICURA HEALS SKIN TROUBLE
Eruptions On Shoulders, Neck and Face, Itched and Burned.
"My trouble began with red spots breaking out on my shoulders, neck and face. They itched and burned dreadfully, and as soon as I rose the affected parts. The eruption would soon cover my clothing and aggravated them. My face was disfigured, and the trouble kept getting worse.
"I began using Cuticura Soap and Ointment, and after using them a couple of weeks I noticed a change. I continued using them for about two months and was completely healed. (Signed) Miss Pauline Mills, R. F. D. 2, Quaker City, Ohio, June 15, 1922.
Cuticura Soap, Ointment and Talcum are all you need for every-day toilet and nursery purposes.
Cuticura Soap (25c.) and Ointment (25 and 50c.) are sold throughout the world. Canadian depot: Lymans, Ltd., St. Paul St., Montreal. Cuticura Talcum 25c.

Murders in Berlin Increase

Movement to Restore Capital Punishments At Geneva Capital

Berlin, Feb. 9.—Capital punishment is to be restored in Germany, according to a statement issued by the Department of Agriculture. Since the warehouse was opened in January, 52,000 bushels of registered seed grain have been handled. Of this amount 2,000 bushels were shipped to farmers in the Peace River district.

Dodd's Kidney Pills Cleared Up Joseph Lamed's Kidney Trouble

Quebec Man Tells How and Why He Is Now Enjoying All His Old-time Health and Vigor

St. Leon, Que., (Special).—If there are any people in this world who have reason to praise Dodd's Kidney Pills, they are the people of St. Leon and vicinity. Take the case of Joseph Lamed, for instance. He is well known in this district, and his statement that Dodd's Kidney Pills cured him of Kidney Trouble is vouched for by his neighbors. Here is what he says:

"I was troubled with my kidneys for a long time, and I had a lot of pain in my back. I was also troubled with dizziness and headaches. I was also troubled with dizziness and headaches. I was also troubled with dizziness and headaches.

"I was troubled with my kidneys for a long time, and I had a lot of pain in my back. I was also troubled with dizziness and headaches. I was also troubled with dizziness and headaches. I was also troubled with dizziness and headaches.

"I was troubled with my kidneys for a long time, and I had a lot of pain in my back. I was also troubled with dizziness and headaches. I was also troubled with dizziness and headaches. I was also troubled with dizziness and headaches.

Interested in Northern Air Route

Idea Revived On Account Of Improved Speed In Aerial Construction

Germany, the Baltics and most of Russia are now showing an interest in a proposed air route to the North Pole as a means of communication between Europe and Japan. All are showing an interest in a proposed air route to the North Pole as a means of communication between Europe and Japan. All are showing an interest in a proposed air route to the North Pole as a means of communication between Europe and Japan. All are showing an interest in a proposed air route to the North Pole as a means of communication between Europe and Japan.

Infallible New War Weapon

Airplanes Cannot Escape Bomb Launched From Ground to Report

The invention of the new infallible war weapon is announced by Mr. Marconi. It is a bomb which will explode in the air, and which will not explode in the air, and which will not explode in the air, and which will not explode in the air.

Wedding Bells

A pretty Easter wedding of much interest to a large circle of friends took place on Tuesday evening, April 14th, at the home of Mr. and Mrs. T. Roland Murray, Tofield, Alberta, when Margaret Ila Murray, daughter of Mr. and Mrs. James Murray became the bride of Keith Loudon McIntosh, manager of the Tofield Creamery.

Promptly at 7.30 to the strains of Lohengrin's Wedding March, played by Mr. A. J. H. McCauley, the bridal party entered the drawing room, where Rev. R. G. Watt, B.D., performed the ceremony.

The bride looked charming in a gown of mauve satin voile and carried a sheaf of Ophelia roses.

Little Margery Murray, niece of the bride, daintily attired in pallow embroidered organdy, carried the ring in the heart of a Calla lily. At the opening of the ceremony Mr. T. R. Murray sang, "O Promise Me," and during the signing of the register, he sang "Because."

The whole setting was beautified by quantities of daffodils, Calla Lilies and white wedding bells.

The tea table from which a dainty supper was served was centred with the bride's cake surrounded by daffodils and Calla lilies. Mrs. P. H. McIntosh poured tea and Mrs. T. R. Murray cut the tea. Helen and Margaret McCauley with Miss Lamoreh assisted the hostess.

The out of town guests were, Mr. and Mrs. P. H. McIntosh, who were returning to Biggar, Sask., after spending the winter in Oakland, California, also Mr. D. R. McIntosh of Biggar, Sask.

The wedding gifts were numerous and mostly testifying to the high esteem in which the happy young people are held.

Mr and Mrs. McIntosh left by the evening train for points west. The bride travelling in a smart ensemble suit of [illegible] and [illegible] over a tan of beaded Crepe [illegible]

On their return they will take up their residence in Tofield

PRESENTATION

On Thursday evening, April 9th, at the residence of the choir rehearsal, in the United Church, the members were invited to the Manse, to spend a social hour. The event was planned in honor of Miss Murray, whose approaching marriage had been announced in a few well chosen words Mrs. Watt, on behalf of the choir, presented Miss Murray with a set of table linen. Although taken completely by surprise, the guest of honor replied expressing her appreciation of the gift.

Mrs. Jacobs visited Edmonton on Wednesday.

Easter Service

The special Easter service held at the United Church, Tofield, on Sunday evening, April 12th, was very largely attended by members and adherents of the congregation.

The choir, under the leadership of Mr. T. R. Murray, with Mr. A. J. H. McCauley at the organ, rendered the sacred music, selected for the occasion, in a most creditable manner.

A quartette, "Calvary" was rendered by Misses Napier and Murray and Messrs. Elliott and Murray. Selections from the Easter Cantata, "The Conquering King" were sung, the solo parts being taken by Mr. and Mrs. Hayley.

Just before the [illegible] service a duett, "When I Survey the Wondrous Cross" was sung by Misses Murray and Napier.

The Communion Service and reception of new members was one long to be remembered, when sixteen of our young people came into fellowship by profession of faith. The largest attendance ever recorded at the communion service of the United Congregation and in anticipation of the larger Union into which this congregation will be ushered, when in June 10th, next, the union of the Methodist, Presbyterian and Congregational churches in Canada is finally consummated, we move forward with confidence in the future

W.I. NOTES

The regular meeting of the W.I. was held in the rooms on Tuesday, April 14th the 1st Vice Pres. in the chair. Although the busy season kept some of our members away, those present spent an enjoyable afternoon over the tea cups. Several items of business was attended to Lunch was served by Mrs. Barden and Mrs. Allen. One new member was welcomed into our society.

Don't forget the play "The Spoon River Collection," a concert and social [illegible] Wednesday, April 22. Tickets can be had from any of the members.

Members are requested to keep in mind the dates of the coming [illegible] April 20-21-22

News From The Country

FIRE AT KINGMAN

Fire broke out in the Kingman Library here on Saturday evening about 7.45 and in about 15 minutes the building was burnt to the ground. Roy Rubrik first noticed the fire as he was going home, and soon there was a large crowd of spectators on hand. There was a car and a wagon in the barn at the time of the fire but the quick work of a few of the local men saved them. The loss was covered by insurance Messrs. Horte and Hoagland being the owners. The cause of the fire is still unknown.

Mr. and Mrs. C. E. Bjorkart visited Mr. and Mrs. Joe Bonnen in Clarence over Easter.

Mr. Dora Bonnen visited her parents, Mr. and Mrs. J. Bonnen for a couple of days last week. Miss Bonnen also attended the Teachers' convention there.

Mr. and Mrs. Josh Erickson, Mr. and

RED ROSE TEA "is good tea"

And most grocers recommend it.

Taxation and Obligations

Insistent demands continue to be made in many quarters upon the Dominion government to relieve by an financial and economic policies which may be briefly summed up under the following headings

1 Reduce the Income Tax.
2 Remove sales tax.
3 Reduce customs duties.
4 Reduce or abolish excise taxes.
5 Reduce all normal expenditures.
6 Lower the rate of interest paying.
7 Commence paying off the normal debt

Equally insistent demands are made upon the Government at Ottawa to.

1 Provide more employment.
2 Increase natural resources.
3 Increase immigration to promote such development.
4 Commence great public works.
5 Build the Hudson Bay Railway and various branch lines
6 Develop the St. Lawrence canals and ports on them
7 Increase the tariff to encourage home industries and increase employment.

Impossible as one set of demands is in many respects, destructive of the other set it is at once apparent that the Federal Ministers are at a loss to know in what direction to travel a straight course for the ship of state. However please all and it would be more than useless to make the attempt.

At the same time it must be remembered that the government of Canada cannot go on indefinitely without making a serious attempt to pay off a huge national debt which now rests like the dead weight of a net blanket on our energies in developing industry, creating thoroughfares and stimulating development. With the assignment of the demand for the reduction of the tariff, as urged by a large section of our citizens, people as a whole would welcome added support to the demands enumerated in the first six mentioned above.

The tariff question is one which, to a degree and at the same time, threatens the peace and prosperity of the nation. Many people are in favor of a tariff for revenue purposes only, and others are in favor of a tariff for protection purposes only. Both are honest in their opinions, but neither is entirely right. Some protection is necessary to the development of our natural resources, to the building of railways and other public works and to the establishment of industries, but a tariff for protection only is unfair to the consumer, who has to pay the bill. The tariff should be for revenue purposes only, but with such reductions as will encourage the importation of raw materials for manufacturing purposes and of such articles as we cannot produce ourselves. Such a tariff would be a revenue producer, would encourage industry and would not be unfair to the consumer.

Now that Canada has reached the point where it is self-supporting in many lines of industry, and is capable of producing a surplus for export, the question of reciprocity with the United States is again to the front. Reciprocity in natural products, such as lumber, pulpwood, agricultural implements, coal, etc., would be of great benefit to both countries. Canada has a large surplus of these products to sell, and the United States has a shortage. Canada has a shortage of manufactured goods, and the United States has a surplus. Reciprocity in these lines would be of great benefit to both countries. Canada has been willing to enter into reciprocity agreements with the United States for many years, but the United States has always refused. Now that the United States has a shortage of natural products, it is to be hoped that they will be willing to enter into reciprocity agreements with Canada.

Reciprocity in manufactured goods is not so important to Canada as reciprocity in natural products, but it would be of great benefit to both countries. Canada has a large surplus of manufactured goods, and the United States has a shortage. Reciprocity in these lines would be of great benefit to both countries. Canada has been willing to enter into reciprocity agreements with the United States for many years, but the United States has always refused. Children Cry for

Fletcher's CASTORIA

MOTHER:— Fletcher's Castoria is especially prepared to relieve Infants in arms and Children all ages of Constipation, Flatulency, Wind Colic and Diarrhea; allaying Feverishness arising therefrom, and, by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep.

To avoid imitations, always look for the signature of Chas. Fletcher. Absolutely Harmless—No Opiates. Physicians everywhere recommend it.

Long Exile Ended

Ex-King of Ashanti Granted By British in 1920

Prince Prempeh a Ashanti with his queen and suite in June left Sekondi from a 24 years exile spent in the Seychelles and Mauritius islands. The natives had been allowed to return to their native land in 1920. Prempeh was deposed from the throne by Governor Hodgson in 1896 and exiled to the Seychelles. He was permitted to return to Ashanti but not to the throne. He became a Christian in 1900 and married in 1924. He succeeded to the throne in 1931 and died in 1935. He succeeded to the throne in 1931 and died in 1935.

Bishop Of Namur To Prepare 1926 Congress

Monsignor Heylen, Bishop of Namur and permanent president of the Eucharist Congress was a prominent passenger on the Canadian Pacific S.S. Montrose recently. Accompanied by Comte D'Ursel, general secretary for the Congress and the Rev. R. A. Bouvier, his private secretary, he was enroute to Chicago where he will formulate plans for the Congress to be held there in June, 1926. Photographed at Windsor Station, Montreal, from left to right Comte D'Ursel, Monsignor Heylen, J. Van Richtenl, Belgian Consul at Montreal, Rev R. A Bouvier.

ASK THIS HALIFAX NURSE

She Is Willing to Answer Letters from Women Asking About Lydia E. Pinkham's Vegetable Compound

Halifax, Nova Scotia.—"I am a nurse myself and I have recommended Lydia E. Pinkham's Vegetable Compound to many patients who were run down, tired, had a good deal of pain and discomfort. I suffered myself from female trouble, the effects of the doctor's operation, and I found Lydia E. Pinkham's Vegetable Compound was just the medicine to help me. I am glad to say that I am now well and strong and feel that I owe my health to Lydia E. Pinkham's Vegetable Compound."—Mrs. Jean Mc-Neil, 26 Inglis St., Halifax, N. S.

Could Not Sleep Nights

Dunnville, Ont.—"I was weak and run down, could not sleep, and was not able to do my housework. I noticed about Lydia E. Pinkham's Vegetable Compound, so I took it, the effects in the beginning were quite disagreeable, but I kept right on and soon got better. I have good results from it and feel quite strong and am not troubled with that tired feeling. I advise any woman who is run down to take Lydia E. Pinkham's Vegetable Compound."—Mrs. Jean Jaffray, Dunnville, Ont.

VOL. VII., NO. 39 THURSDAY, APRIL 23rd, 1925 SUBSCRIPTION PRICE, IN CANADA, $1.50 U.S. $2.00

Corahill Municipality Meeting

Second meeting of Council of Corahill Municipal District, No. 697, held at Tofield on Friday, April 3rd, at 2 p.m.

The Reeve in the chair. Present: Councillors Verge, Ferguson, & Lee.

The minutes of the previous meeting were read and adopted.

Moved by the Reeve that the secretary prepare a statement of the estimated expenditure for the year 1925 for the next meeting. Carried.

Moved by Councillor Verge that the secretary write the Alberta Government department with regard to the repair of the Stewart children, as the Council is informed that some of the children have been placed in homes and none are employed. It is the desire of the Council to the Department report their location and the amount of remuneration received. Carried.

A communication was received from the Secretary Treasurer of the Town of Tofield also a cheque of $102.70 being amount payable in the Municipality for arrears of taxes, same moved on the tax collector and signed of a petition of Lethbridge Northern Ry. Co. Carried.

Moved by Councillor Lee that the following assessments be cancelled on account of being assessed in error: Wm Bolack, Arthurs of taxes were also recommended and cancelled on lots 5-6-7-8 10-13-14-16-17, block 4, Lindell Park. These lots being transferred to the owners in lieu of lots on which taxes were paid on the portion cancelled. Moved by Reeve Thompson that the sum of $202.70 be accepted in lieu of all arrears of taxes up to December 31st, 1924 on blocks 11 to 18 inclusive, subdivision 1, plan 3000.00, supplementary revenue tax on $174.60, school taxes, $90.38, total $264.14, also that the arrears of taxes be cancelled on lots 5-6-7 & 10 13-14-16-17, block 4, all in the subdivision of Euclid Park, Plan No. 6018 A.L. Carried.

From Messrs Emery, Newell, Ford and Lindsay, barristers, enclosing a copy of Judgment of His Honour Judge Crawford, in the action Wesnell vs. M.D. of Corahill from which the plaintiffs action is dismissed, with out costs to either party.

From J. E. Nelson, superintendent of construction, Canadian National Railways, Edmonton, enclosing plans re crossing on road allowance on north side, section 7-51-19-w4, just east of Lindbrook siding, and the proposed diversion marked "A" as shown on plan running east and west and adjoining the right of way property to the north and south s and allowances.

Moved by Reeve Thompson that Councillors and Verge be allowed to buy (Williams) 1 R ft. grader, Verge 1 7 ft. grader and that Reeve Thompson be allowed one drag for dr. 5, Councillor Ferguson 1 maintainer for division 6, and Councillor Lee 1 maintainer and 2 fresnoes for div. 1. Carried.

Moved by Councillor Verge that the wild land tax be rebated on NE 30-49-19-w4. John Brown had a lease of the land for the past two years and the grass on crop.

Also wild land tax be rebated on NE 1-51-21, w4, C. R. Louis has the land leased for the year 1924 and had seed stock and partial crop to be rent from the wild land tax.

Some accounts were presented passed and ordered paid.

The Council then adjourned to meet Saturday, May 2nd at 11 o'clock a.m.

LINDBROOK

Congratulations are recorded by the residents of this district to Mr. and Mrs. I. Pointer on the birth of a daughter at Edmonton; from late reports, both mother and child are doing well. We will be around for the sugar Lee, as soon as the roads are better.

Saturday's snow storm has delayed work on the land for a few more days and also rendered the roads unfit for traffic again.

Irvine service, (Anglican) was conducted at Lindbrook on Sunday afternoon by Mr. Baker of Edmonton. Mr Thatcher being away on church duties at Viking. Despite the ill wind and water a fair congregation assembled but the minister and his pals, Mr. John Brown had apparently to get there and incidentally hauled out an unfortunate auto enroute.

Miss Martha and Mr. Herbert Hog are said to be attended this week by the graduation nurse in the Memorial Hall there. Their sister, Miss Lillian Rogers, formerly of Lindbrook, being one of the nurse-graduating in this class.

Mrs. R. Hooper and Masters Tom and Roy returned to their Edmonton home this week after a visit to relatives here.

Messrs. Lund and J. Hooper also passed through this week.

We hear that a well known bush shoe here had a surprise party last Sunday, but be being absent, the surprise who is a species of the deepest dye kind, made himself very comfortable and being of a thoughtful nature even arranged to warn our friend that a surprise was within. We hope our friend did not ruffle his bush bullets or rush him out, as he is really quite harmless.

The telephone service was "on the blink" last Saturday during the snow storm. The trouble was between Edmonton and Tofield. A breakdown gang came down from Lindbrook and borrowing Mr Leahy's team, went to the break, they report at least 3 poles down and a dozen of a more of tangled wires. Nice job, especially in a storm like Saturday's.

News From the Country

EDGMAN

A heavy rain and sleet storm fell on Friday evening which delayed the seeding and spring work and although the roads are very bad shape. However, the fields are drying up very quickly, and spring work will commence in a few days.

Messrs. H Manning and Chas. Ayre visited the local lumber yard last week. Mr Manning and Mr Ayre were the first ones to cross a ferry from Calmar to Edgman.

Mr The Grahe was a visitor to Hay Lake over the week end.

Simon Finnerson and Herman Bonnet spent the Easter holidays in Kingman with Mrs. P. Bonnenn. They returned back to Edmonton on Saturday evening.

Mr Harry Hoste of Viking visited Mr and Mrs. Thos Hoste in Kingman for few days this week.

Miss Maud Anderson of Bittern Lake who is now teaching school at Norway visited Mr and Mrs. Chris Lund for a few days last week.

George Telford is making preparations for moving to Bashaw next week, where he will continue farming.

The Misses Irene and Gladys Horte spent a few days in Tofield last week.

BARDO

The Ray Lewis family returned to Tofield Sunday evening after spending the week-end in the W. E. Parker home. The Lewis family have many friends here who wish them success and happiness in their new home.

Mrs O Hershberger and Mrs. H E Rosenman visited Mrs. Henry Yeder at Thursday. Mrs. Yeder is slowly improving and is able to walk a little by using crutches.

Mr. and Mrs. Jacob Bergeman (nee Edmonton — Frida)

Hazelnuts taking seems to be the fashion to do of travelling over the road at present.

Mr. and Mrs. Ness entertained the P. E. Andrews, Arnold Johnson and Bessie Anderson families and Mr. Hershberger, also Mr. Harrison Cameron and Harold and Hazel Rosenberger.

Master Rosenberger is a guest of Mr. and Mrs. Chas. Hull.

Miss Mabel Anderson of Bittern Lake was a new teaching school at Norway visited Mr. and Mrs. Chris Lund for a few days last week.

Miss Mary Lawson and J. H. Ingram were business callers in Edmonton the first of the week.

Miss Olive Nomeland who has been attending Mrs. P. Sherritt with her work for the past few months returned home last week.

Miss Emily Ferguson spent the week end with her friend Miss Anna Bryans.

Mr. W. A. Mitchell was a visitor to Edmonton Wednesday and Thursday.

Mrs. Peter Lee returned home from Edmonton Monday evening. While away she received the sad news that an uncle and cousin had both been drowned in a lake near Lethbridge.

Mrs. Lawson, Stewart, A. and J. H. Ingram attended a car attic to Edmonton on Tuesday for the Bardo colony.

Messrs McMullen and Coombs are taking the contract of building an addition to the school at once, using four horse teams.

Mr. [illegible] Mr. Ingram [illegible] Mr. Lawson [illegible] Mr. Stewart

WHY WORRY !

WORRY IS the curse of the age. It comes into all our lives; into some more than others; it makes us unfit for our work, we are not able to concentrate our thoughts. The folly of it is that it does no good, yet we all do it.

How often we hear someone say to another, "Don't worry it will come out all right." If you mean it, when you say it, it helps a whole lot. Sympathy is the greatest help you can give to any one in trouble, but it must be sincere. Worry takes away our common sense. It creates in us visions of disaster, making our lives a living hell.

How can we overcome this evil influence? By remaining calm, telling ourselves it will come out all right. If we have done what we thought was the proper thing to do, then we can do no more. We can t'ouie ourselves a great deal if we go about it right. Faith in an eternal God, has brought more men and women through great struggles and trials, than any other way. Happy are they who have not seen and yet believe.

One thing is absolutely sure; God is not mocked; "For whatsoever a man soweth, that shall he also reap." Worry in such cases may be only a just retribution.—A.S.

WHAT IS YOUR VALUE TO THE COMMUNITY

How much am I worth to our community? Ask yourself this question. Is your own life as successful as it might be?

Are you more interested in how much you can grow, than in giving your boy or girl a decent start in life, by a proper education and training. Would you rather make a drudge out of your family by long hours of work in the fields, barns or house, until they are forced out and away from home, to get that freedom and love of honest fun and frolic, that is absolutely necessary to the growing boy and girl?

It is only in pure living- honest toil and labor wisely and judiciously spent; associated with pleasant home relationship and companionship that helps to build up character, that your value to this community will be determined.

You cannot afford to stay at home and ignore public questions or take no part because all do not see as you do. Live men and women are interested in community life, for the better and brighter lives we all live, will make it easier to retain our interest in that business which is particularly our own.—A.S

KEEPING TURKEYS

(Experimental Farms Note)

Turkey raising is not the difficult matter that [illegible] writes Mr. A. G. Taylor of Poultry, Division, Dominion Experimental [illegible] who itemizes the essentials to success in [illegible] as follows:—Get [illegible] Start [illegible] Keep [illegible] Feed [illegible] Keep [illegible] properly and regularly fed.

[illegible] trained to houses and [illegible] winter nights require only the shelter of a straw-loft or closed-in shed. Nor is the feeding an expensive matter. Turneys, especially the bronze which is our largest and most popular breed, are great foragers and gather much of their food from the fields. Altogether there is little labor required in [illegible] small initial investment will prove a suitable start; and the market for dressed turkeys is good both at Thanksgiving and Christmas [illegible]

[illegible] by Mr. Taylor entitled "Turkeys: [illegible] care and management," (No. 46 New Series) is now in the press. In it are to be found a discussion of breeds; practical directions for successfully managing a flock; and notes on the prevention and cure of disease. Copies will be sent free on application to the Publications branch, Department of Agriculture, Ottawa.

This Farmer Knows Where He Stands

HE has a memorandum on the cheque stub of every account—and an entry in his bank book as well—a double check on his business. The incoming cheques are cash, and also shown in his bank book. In a flash he can tell where he paid any particular account or when an account was paid to him. His bank book tells him.

He has no need to go to town to do his business if he is inclined. A cheque by mail pays an item or makes deposits almost as quickly as he could do it himself.

Today the safe, efficient, satisfactory method of business is through the Bank.

Priscilla Dean, Popular Movie Actress, Assumes Role of Locomotive Engineer

ONE TRAIN THAT IS REALLY TWO TRAINS

No: Priscilla Dean, movie actress, is not to be the engineer of the Trans-Canada Limited, the only limited, all-sleeper train across Canada, even though she donned an engineer's garb, run a real locomotive and pretended to be at the throttle for a short distance for one hour in Vogue Street Studios, Toronto. Priscilla is interested in railroading, and was much outraged until a Canadian Pacific Railway ticket around the world, the first coupon of which called for a journey on this train which, beginning May 17, is scheduled to better its 90-hour run between Montreal and Vancouver, two days nearly 2,900 miles apart.

Priscilla's bright spot opened upon trains with accommodation when the Trans-Canada Limited, the famous train to reach the Pacific coast, leaves Toronto at 10.30 a.m. each day, and reaches Vancouver 72 hours and 30 minutes later, at 10.30 a.m. on the fourth day following. Eastbound and four westbound. Each train will be all first class, and will carry only sleeping cars, dining cars, and baggage and mail cars. There will be no coaches.

Two of the eastbound trains and two of the westbound trains will be exactly alike, and will be known as the Trans-Canada Limited, the only all-sleeper train across Canada, even though she donned an engineer's garb, run a real locomotive and pretended to be at the throttle for a short distance for one hour in Vogue Street Studios, Toronto. Priscilla is interested in railroading, and was much outraged until a Canadian Pacific Railway ticket around the world, the first coupon of which called for a journey on this train which, beginning May 17, is scheduled to better its 90-hour run between Montreal and Vancouver, two days nearly 2,900 miles apart.

Priscilla's bright spot opened upon trains with accommodation when the Trans-Canada Limited, the famous train to reach the Pacific coast, leaves Toronto at 10.30 a.m. each day, and reaches Vancouver 72 hours and 30 minutes later, at 10.30 a.m. on the fourth day following. Eastbound and four westbound. Each train will be all first class, and will carry only sleeping cars, dining cars, and baggage and mail cars. There will be no coaches.

There are 48 engine runs daily, including these engine runs, the trains make only 26 stops on their 2,900 mile journey. Owing to the necessity of changing train crews on such a long run, there are 10 crews, or about 80 men, are employed on each train. Each crew, while in charge and during engineers are at work each trip on this train, or nearly 600 men for this branch of the Trans-Canada service.

Banff, Lake Louise and its scenic wonders of the Canadian Rockies have proved irresistible to singers and musicians, actors and actresses, and movie stars. Among the celebrated artists who have visited Banff are Dame Clara Butt, Galli-Curci, Caste, Jeritza, Heifetz, Jack Holt and our own Owen and Mary who all trooped to Canada's finest fjord, the Trans-Canada.

A Free Lance Investigator Is Warm In His Praise Of Conditions In Canada

After nine months' travel and observation, in both the urban and rural areas of Canada, S. Frank Mansergh, of the South African Irrigation Association, Johannesburg, is "portently so radiant of the possibilities Canada has to offer the right type of settler". In a recent letter to the Hon. James A. Robb, minister of immigration and colonization, Mr. Mansergh wrote the following wonderful tribute:

"I have the honor to advise you that I have just completed an agricultural tour of Canada from Quebec to Victoria, B.C. from June, 1924, to March, 1925.

Landing as an ordinary immigrant in Quebec, I have made a detailed study of agricultural conditions in Northern Ontario, Manitoba, Saskatchewan, Alberta, Ontario, Niagara, Guelph, Belleville, Kingston, South Saskatchewan Valley, Lethbridge, Okanagan, Fraser Valley and Victoria. My investigations have been mainly those of a free lance, but with the backing of agricultural representatives in Canada and the U.S.A.

I may say I landed in Canada entirely critical of many of the colonization schemes I [illegible] varied criticism and [illegible] months' research work in town and rural areas [illegible] as my initial thirst [illegible] and [illegible] of the possibilities [illegible] to offer the right type of settler.

In a few letters [illegible] compared to the vast [illegible] justify by the large [illegible] appeared in the world's press [illegible] that was [illegible] [illegible] have [illegible] to [illegible] on a public platform at the [illegible] [illegible] [illegible]

COULD NOT SLEEP NIGHTS

Pains and Headaches Relieved by Taking Lydia E. Pinkham's Vegetable Compound

Dubuc, Ontario.—"I was weak generally, with pains and headaches, so much so that I was unable to do my housework. I suffered about 1 week in 4. Doctor's medicine did not help me. I was recommended to try Lydia E. Pinkham's Vegetable Compound, and after taking the first bottle I felt stronger. I have taken six bottles and am now well and strong. I can sleep well, eat well and do my housework. I am pleased to recommend your medicine to my friends."—Mrs. Joseph Lapointe, Dubuc, Ontario.

Halifax Nurse Recommends

Halifax, N. S.—"I am a university graduate and have had training in hospital work. I have a vegetable compound in the house which I use when my children, who are now grown up, were little. I have found it very beneficial when I was run down and nervous. I have also used it when I was expecting to be confined and have found it very helpful. I have recommended it to many friends and shall continue to do so."—Miss Jessie Parsons, 164 Inglis Street, Halifax.

Can't Keep House Without Minard's

C. E. Wright of Melbourne Mich writes us follows:

Will you please write me how I can get some Minard's Liniment. I don't keep house without Minard's. We have never without it in our home in Nova Scotia. Minard's is splendid for colds, sprains, rheumatism and all pains. One good way to study the superiority of a woman's eyes is to spell "Minard's Liniment" backwards.

Using the Minard's cannot be honestly said of wood for almost purposes.

SUNDAY SCHOOL LESSON

APRIL 16

STEPHEN THE FIRST MARTYR

Golden Text: Be thou faithful unto death, and I will give thee a crown of life.—Rev. 2:10.

Devotional Reading: Psalm 23:1-6

The Text Explained and Illustrated

The Lesson Story

Jesus, long before, had foretold that His disciples would be persecuted by the Jewish rulers and many of them would be put to death. These facts are also recorded in the Gospels. Now, however, the persecutions were to begin. Jesus had ascended to heaven and had given the Holy Spirit to His followers, and they were preaching in His name and baptizing converts. The Jewish rulers were angry and jealous because of the success of the apostles' preaching, and they began to persecute the Christians.

Change In Train Service

A change of train service becomes effective on Sunday, May 3rd. The time of the flyer is changed but little, but important changes have been made with the local. This train in effect, has "been turned around," that is, it goes east in the morning and west at night. It also becomes a part of a Prince Rupert—Toronto train. The train to Calgary leaves and arrives about the same time, but now Tofield as its terminus instead of Edmonton. Therefore there is no way of getting to the city and doing business except by staying over two nights.

The time table follows:

From EASTBOUND To
No. 2, Vancouver—Tofield - Halifax
9:36 a.m.
4, Prince Rupert—Tofield—Toronto
10:25 a.m.
WESTBOUND
No. 1 Halifax—Tofield —Vancouver
5:20 p.m.
2 Toronto —Tofield —Prince Rupert
6:34 p.m.
SOUTHBOUND
No. 11 Tofield — Calgary
Leaves 6:50 a.m.
NORTHBOUND
No. 12, Calgary to Tofield
Arrive 5.55 p.m.

MEAT MARKET ENLARGED

The local meat market has during the past week been greatly enlarged and generally improved

Mr. Hobson has the portion formerly occupied by the Maple Leaf cafe, which along with his former portion makes a large and roomy butcher shop.

The store has been renovated through it and everything is now spick and span.

WEDDING OF LOCAL INTEREST

A wedding of local interest took place at the St. Andrew's Church, Camrose, on Saturday, April 18th, when Miss Mildred Carter of Holden was united to Mr Orlough Pue' Thomas of Edmonton. The ceremony was performed by the Ven. Archdeacon on Hemsworth of St. Andrews.

Miss Carter is very well known here, having lived at Tofield for a number of years and the best wishes of her many Tofield friends accompany the happy couple.

Mr Thomas is the teacher of the school not north of Kingman.

Mrs. Geo. Cochran and son visited Edmonton on Tuesday.

Miss Helen Jobb returned to Camrose on Saturday.

Mrs. Kelner Passes Away

We regret to record the passing away of Mrs. Abe Kellner, who died in the early hours of Friday morning at Camrose hospital where she had been a patient.

Mrs. Kellner, who had reached her fifty-first year was well known and highly respected throughout the district. Mrs. Kellner was born in Scotland and lived in Canada many years, living in the Tofield district about 15 years.

She leaves to mourn her loss, a devoted husband and three children, Annabella, Jean, and one son, Oscar.

The funeral was held on Sunday service being held in the United Church, by Rev. Watt. The floral tributes were numerous and beautiful and a large number of people were present to pay their last respects to the departed. Interment took place in the Tofield cemetery.

Mr. and Mrs. P. M. Haugen visited Edmonton on Saturday.

Arthur and Ronnie Leighton left for Stettler, Alta., on Tuesday.

J. J McDevitt visited Edmonton on Tuesday.

On Tuesday, Mr. and Mrs. P. M Livingstone and family moved to Edmonton, where they will reside.

Mr. Livingstone is "blossoming forth as the rose," in a fresh coat of red and green paint.

Mr. and Mrs. R. McIntosh returned home last week end after visiting Calgary, Bagrar and other points.

News From the Country

KINGMAN

The various snow and rain storms last week again delayed spring work, but it is reported that P. A. Hodlin has sown 40 acres of wheat.

O. B. Olson formerly of Dinsmore, has rented the farm formerly occupied by George Telford.

Roy Malvih has been on the sick list for a few days, but he is now on the road to recovery.

Mr. Simpson made a trip to Camrose on Sunday to visit his family.

Mr. Oscar Grahm of Bay Lake visited Mr. and Mrs. Thor Grahm in Kingman last Saturday. He returned on Sunday by car, Mr. and Mrs. Grahm accompanying him.

Mr and Mrs. Ed. Johnson visited Mr. and Mrs P. Stanley last Sunday.

Mr. P. Hardin and family have moved into Charlie Olson's house just lately.

Mrs. Erickson of Soda Beach visited with Mr. and Mrs. C. J. Adamson for a couple of days last week.

Mrs. Koch of Bayminster is visiting with her sister, Mrs. Geo Ford for a few days.

"Flowers of Oak," will be shown in Kingman on Monday, May 4th, by the Rutherford Road shoots. This is a good picture, and should draw a good house. The motion is "Blossoming forth as the rose," in a fresh coat of red and green paint.

Mr. and Mrs. R. McIntosh returned home last week end after visiting Calgary, Bagrar and other points.

AMISK CREEK

Rain and snow has delayed the work in the fields. The weather is fairly nice now and we hope it will stay that way as people can continue their work.

E. A. Moen shipped a carload of cattle and hogs from Ryley to Edmonton about a week ago.

Mr. Johnson, P. Nyhus and N Sand have started working on A. Patter son's barn. Morley Anderson is also helping with the work.

Mrs E. A Moen left for Edmonton on Monday morning, where she will take treatments for her health.

Myrtle Anderson have returned from Edmonton. She is now taking care of the Moen home while Mrs Moen is away.

The newly married couple from Ryley, J. Jevning and his bride, arrived their return from Edmonton, stopped at Shotts., stayed over at E. A Moen's till the next day, when Mr and Mrs. Moen took them to Ryley to their car.

Mr P. Ana is improving slowly She is not able to walk on her feet yet.

Miss Lena Anderson was in Ryley for a few days last week visiting with her sister-in-law.

Mr. and Mrs. N. Sand and daughter from Ryley were visitors at the Flaaten home last Sunday.

Lillian Patterson left for Edmonton on Wednesday morning. She is going to stay a month and take treatments for her health.

Two new pupils enrolled in Amisk Creek school after the Easter vacation, Edna Moen and Palmer Anderson to meet her.

Basilike Halkerud is now staying in Ryley taking care of Mrs. N. Sands home while Mrs Sands is at the Viking hospital in the capacity of cook. She will be there a week or until the new cook arrives.

P. J. Ana was a city visitor on Tuesday.

RETURNOUT

Born.—To Mr. and Mrs. Roger Bay at Edmonton on Saturday April 28th a son. Congratulations!

Miss Pearl Welch spent the week end with her friend, Miss Hazel Beer.

Several from our district attended the shortcourse in Mr and Mrs. Thomas Farmington, last Tuesday night. Mr. Thomas was formerly Miss Mildred Carter of Tofield well known by many in our district, who join in wishing them much happiness.

Miss Jean Jackson and Ed Iverson were guests at the Henry Poitier home Sunday evening.

Leonard Leslie Williams started to school on Monday, after he Mr. Bernard has several weeks under quarantine for scarlet fever

Geo. Clayton of Victoria is working for R. J. F. Shotts.

After nursing his mother sadly, home 2 weeks returned to Fairfield, to be by Chester's mother will his spring work. Mr. Greenan drove land from St. Paul de Metis, taking five days to make the trip.

All signs of spring have arrived now in the field., rare running., busy tractor ing ball, not to mention spring house cleaning and setting hens.

We extend our sympathy to the Kellner family in the loss of their wife and mother. She was well known by many of our residents as a true Christian woman.

'The Spinsters Convention'

Before a packed house at the Variety Theatre on Wednesday, night the Women's Institute presented the annual entertainment.

The performance was a one act comedy entitled "The Spinsters' Convention." It was an hilarious production and was made all the more humorous by the wonderful properties of Prof. Makeover's machine which in short order transformed elderly spinster into what they desired to be — outstanding in the world.

Those from the "Association" have proffered not to avail themselves of any opportunity to give them status in law.

It is the opinion that our Courts should not lawfully recognize any "unincorporated" organized group of an institution, who have not an established status in law, unless their rules, regulations or bylaws are clear, fair and just, before any decision.

In the case before me, it is inconceivable that the defendant, for a mere sum of one dollar paid in, intended to become liable for any unlimited amount, or as it turned out to be in addition for the sum of ten thousand dollars to a creditor of the "association," and no option was given him to distribute or resign; I am not satisfied that copies of the rules and bylaws were ever furnished or shown to him.

I dismiss the plaintiff's claim, with costs

LAND OF HOMES

We wish to thank our many friends for their help and sympathy during our sad bereavement. Their kindness and the floral offerings will ever be gratefully remembered by

Alex Kellner and Family.

Mrs. E. Moore and Mr. Fred Keil nee of Wetaskiwin, Mrs. J. Mooney and Miss V. in Kellner of Edmonton, attended the funeral of the late Mrs. A. Kellner

Mrs. R. Watt visited Edmonton on Friday last.

Mr and Mrs J. Warren visited Edmonton on Saturday.

BLACKFOOT STOCK ASSOCIATION vs ADRIAN IRON

The following is the judgment of His Honour Judge Lobar, regarding the case in which the association sued Mr. Iron for the payment of a levy of $100.00

The particulars of the case are fully well known to our readers.

"I find that the defendant is not liable to the plaintiff "Association" as claimed, he is in fact the suggested liability of the plaintiff to the bank the Legislature of this province has provided clear legislation for any group of persons who intend to act as such. The Companies Act, The Partnership Act, The Benevolent Societies Act, every proper body ... has ... bodies I quote, who were established status in law, unless their rules, regulations or bylaws are clear, fair and just, before any decision.

In the case before me, it is inconceivable that the defendant, for a mere sum of one dollar paid in, intended to become liable for any unlimited amount, or as it turned out to be in addition for the sum of ten thousand dollars to a creditor of the "association," and no option was given him to distribute or resign; I am not satisfied that copies of the rules and bylaws were ever furnished or shown to him.

I dismiss the plaintiff's claim, with costs

LAND OF HOMES

We wish to thank our many friends for their help and sympathy during our sad bereavement. Their kindness and the floral offerings will ever be gratefully remembered by

FARM LOANS

Perhaps of all occasions, that of the really successful (in the full sense of the word) farmer, is to be most desired. A good farm of fertile fields, a solid looking house, and large and roomy barns, together with good stock, creates an unmistakable air of prosperity. It is not given to all, however, to be the happy possessors of such a farm and also such farms are not made overnight. Given favorable opportunities, a man starting in his early twenties with virgin land might succeed in building up such a farm, but more often than not, the class of farm we have in mind is the product of two or more generations.

From the time the first furrow is plowed on a virgin farm, the need of money is apparent. If the pioneer farmer is in possession of ample funds, all well and good- but generally speaking, no matter how much or how little the pioneer farmer has, he could use a little more. This is easily explained by the fact that the farmer is a real builder—an empire builder—and the speed and success of his building is largely governed by the implements and equipment he has to use. It is easy to understand that the farmer with barns, silos, stock and up-to-date machinery can make faster progress than the farmer who has not all those things. In other words, the progress and prosperity of the individual farmer, the district, the province and the dominion is being retarded due to the lack of financial machinery that would provide the farmer with means to purchase those improvements just suited to his particular needs.

Broadly speaking, the financing of the farmers in the Canadian west, can be placed in two classes, that done by the chartered banks and that done by the mortgage companies. A few years ago the small town general merchant carried a share of this burden, without recognition or glory. The banks, especially of late, have stayed within what they term, safe banking practice. Their loans are conservative and for short terms and in the main are only of a temporary nature. That done by the mortgage companies is of longer duration, but the complaint is that interest rates are high and five years about as long a period as they desire to extend credit.. In either case, the farmer is continually racing against time to meet payments, and sometimes he loses the race and foreclosure results.

The problem of financing the farmer is an old one and is not confined to Canada. Europe had to meet and solve this problem and in 1913 the President of the United States appointed a commission to go to Europe and find out how they did it. They found that the Prussian Landschaft was the original land bank and its system was so successful that it had spread to other countries. With the necessary adaptation, the Americans adopted it and since 1917 the Federal Land Bank has been loaning money to farmers in widely separated parts of the United States.

Very briefly, the system is this- that each farmer owner of land may borrow fifty per cent of an agent's valuation of his holdings, re-payable in thirty annual installments of principal and interest with interest at 6.5 per cent.

Bonds are issued and sold on the combined farm security, which in a large measure does away with the personal hazard. The government assisted the bank at the start, but has since been fully repaid, and the business of loaning money on these terms is self supporting.

This brings us to what interests us most. Business is like a barrel, to be of any use it must be water tight and well bound. Business that is not self supporting, no matter how desirable to some, eventually hurts others—we venture to say all. Therefore demands that the government do this and that for the farmers, never appealed to us as much as a clear cut system and proof of its working, or ability to work.

The Federal Land Bank of the United States has evidently done a great deal for farmers in numerous states and sooner or later it is to be expected the system will be adopted here. In effect it is the most harmonious union between the farmer and capital we have read of.—W.

Change In Train Service

A change of train service becomes effective on Sunday, May 3rd. The time of the flyer is changed but little but important changes have been made with the local. This train in effect, has "been turned around," that is, it goes east in the morning and west at night. It also becomes a part of a Prince Rupert—Toronto train. The train to Calgary leaves and arrives about the same time, but goes Tofield as its terminus instead of Edmonton. Therefore there is no way of getting to the city and doing business except by staying over two nights.

The time table follows:

From EASTBOUND To
No. 2, Vancouver —Tofield—Halifax
9:26 a.m.
4, Prince Rupert —Tofield—Toronto
10.25 a.m.
WESTBOUND
No. 1 Halifax —Tofield —Vancouver
2.29 p.m.
3 Toronto —Tofield —Prince Rupert
6.34 p.m.
SOUTHBOUND
No. 11 Tofield to Calgary
Leaves 9:50 a.m.
NORTHBOUND
No. 12, Calgary to Tofield
Arrive 5.55 p.m.

UNITED CHURCH OF TOFIELD
Rev. R. Geo. Watt, B.D., Pastor
11:00 a.m. The United Sunday school at Tofield.
2:30 p.m. Church services at Ketchamont.
7:30 p.m. Evening service at Tofield.
All are worshiping elsewhere, are very cordially invited to attend these services.

Parents are asked to see that the children are all in the Sunday school on the morning during these spring and summer days.

On Sunday evening last members of the Tofield lodge of the Independent Order of Oddfellows, attended their annual divine service as a body. The service was held at the United Church Rev. Bro. Geo. Watt, B.D., conducting the service.

J. A. MUSGRAVE
Provincial representative of the Vancouver Province, who is visiting Tofield and district today.

Bringing home to grain growers and consumers the advantages of the Western grain trade and the 3 cent per bushel freight reduction on grain moving from points in Alberta and Saskatchewan to Fort William and Port Arthur, which has been in effect since August 1st, 1925, is the object of a tour of the province which is being undertaken by J. A. Musgrave, provincial representative of the Vancouver Province. Mr. Musgrave, who has been appointed by the Province to represent Alberta in the matter of the grain situation in that is growing rapidly in importance to the province, is visiting Tofield today. He is accompanied by Mr. Ellis, representative of the grain growers in that district. Mr. Musgrave is also visiting Edmonton, Lacombe, Ponoka, Wetaskiwin, Camrose, Vermilion, Lloydminster, Wainwright, Viking, Daysland, Hardisty, Provost

DOCTOR ADVISED AN OPERATION

Read Alberta Woman's Experience with Lydia E. Pinkham's Vegetable Compound

Peace, Alberta. "Are you sure it will relieve me since I took your medicine? I suffered so much every month with pains in my left side. I had a bad displacement and other troubles and the doctor advised me to have an operation. I was afraid to submit to the operation and I thought I would try your Vegetable Compound advertised in the 'Morning Standard' and I have taken four bottles of it. I was a very sick woman and I feel so much better I would not be without it." I also use Lydia E. Pinkham's Sanative Wash. I recommend the medicine to my friends and I am well. If for you to use my letter for a testimonial." Mrs. M. W. Peck, Box Native Dance St., Lachine, Quebec.

Pains in Left Side

Lachine, Quebec. "I took Lydia E. Pinkham's Vegetable Compound because I suffered a lot from every period with pains in my left side and a bad displacement. I had taken medicine before and knew what I was taking when I took it. I recommend the Vegetable Compound advertised as the 'Morning Standard' and I have taken four bottles of it. I was a very sick woman and I feel so much better I would not be without it." I also use Lydia E. Pinkham's Sanative Wash. I recommend the medicine to my friends and I am well. If for you to use my letter for a testimonial." Mrs. M. W. Peck, Box Native Dance St., Lachine, Quebec.

How Robert M. Koenig Found Remedy for Pimply Skin

For years my skin was full of red pimples and blackheads, and I tried every soap and ointment I could get, but they only made it worse. I read a doctor's article stating that pimply skin usually comes from the constipated bowels and getting rid of the poisons.

I tried Carter's Little Liver Pills for a few days, and since that time my skin is smooth and clear. Now I get my friends the right way of getting rid of a broken out skin and I tell everybody that if they have a disordered stomach or sluggish liver or are all run down headache Carter's are all you require for them.

Can be supplied either as a separate complete Electric Lighting plant—Water Supply System—Farm Power Plant, or all combined as one base.

Mause Electric Co., Edmonton, Alberta

DOING TO IMPROVE CEMETERY

A regular meeting of the Town Council was held on Monday evening last. There was a full council present. The business was mostly of a routine nature. A number of accounts, incurred in doing improvement work on the streets and side walks were ordered paid.

Some discussion took place regarding the appearance of the town cemetery, and different means of making improvements were suggested. Council is going to attend to the matter of cutting the roads within the cemetery and it is to be hoped the town will be able to secure a quantity of cinders with which to surface the roads.

TOFIELD BEATS READ THE PROVINCE

Birds from the northern parts of the province are doing very well in the sixth annual Alberta Egg Laying Contest, which has been underway for some time under government supervision at Lethbridge. Records covering the first 24 weeks of the contest show that the pen of white Leghorns entered by Mr. J. W. Cushon of Tofield, heads the list of 80 competitors, with a production of 840 eggs. The second highest total is recorded by the pen of white Wyandottes entered by the Provincial Department of Agriculture with 820 eggs to their credit during this period.

The high total production for the 24 weeks is credited to Mrs. Cushon's entry, with a total of 61 eggs, while Mr. Mylius' pen stands in first place for the week, having laid 55 eggs that time

On behalf of the Tofield Times the parents are respectfully requested to see that children do not run over the tennis courts especially when they are wet. All players are restricted as to footwear at any time, and children who run over the courts or ordinary boots while the court is wet, makes it very difficult for the courts to be kept in good condition.

NOTICE

It has come to our notice that, owing to the firm name of W. W North & Co., being retained, many believe Mr North still has an interest in the business. This is not so, as Mr North sold all of his interest in the business before leaving Tofield.

The decision to continue the firm name was arrived at for the following reasons.

It is a registered firm name and to change it would cost considerable money

We have a large amount of stationery supplies on hand and desire to utilize these with the least possible cost also.

When these supplies have been used the firm name will be changed.

THE CHILLED BEEF INDUSTRY

At present the prices paid for cattle does not allow anything like a sufficient margin of profit for the man raising and selling them. As a matter of fact, the farmer is fortunate if he breaks even. Apart from the labor of caring for a two year old steer for two winters, the actual worth of the feed he eats is as much and sometime more than the prevailing market price when the time comes for it to be sold. This has been so for some long time and chiefly because of it, the cattle industry has slumped and there are fewer cattle now than for some years past. The removal of the British embargo was to have given an impetus to the cattle industry, but this did not materialize to any noticeable extent. The reason, no doubt, was that as soon as one difficulty was overcome, another one cropped up, that of high transportation costs. The industry is growing slowly and British buyers seem glad enough to get our steers, but the fact remains that as long as prices remain as the are, the average farmer is going to show very little enthusiasm regarding raising beef for export. There is a widespread belief that prices for cattle will improve. The belief is based on the fact that, the price having been so low for some years, the cattle population has been depleted and scarcity will eventually result in better prices. This perhaps is what will happen, but when it does it will mean a revival of the cattle industry, eventually a glut and again low prices.

To put the cattle industry of Alberta on a surer foundation, the problem seems to us to be one of reducing transportation costs. Here we have farmers producing beef, in Europe and elsewhere there are millions willing-to buy beef, yet under existing conditions, the farmer receives the smallest portion of the amount paid by the consumer. "A workman is worthy of his hire," and by the same token, so is a transportation company;—providing it is doing what is just and fair. If it is not profitable to transport cattle from Alberta to a continental country without killing the farmers' opportunity of a profit, a change has to be made—and by the farmer.

Figures recently published show that last year 234,000 tons of Argentine meat were distributed through the central market at Smithfield, London, Eng., as against 5,000 tons from Canada. Making all allowances for the Argentine being a ranching country, and beef one of its main exports, the difference in the two amounts are astounding. The Argentine trade is largely in chilled beef, and the volume speaks as to its success. By this method those that raise cattle should receive by far the greater portion of the price paid by the consumer. It certainly should be cheaper to ship meat than live animals, but the most profitable—and the most expert —work of finishing the animals, remains in the hands of the farmers.

Perhaps there may be reasons why the chilled beef industry is not applicable to Alberta, if so we would like to hear of them. Right now, it appears to us a much better plan for Alberta, than the shipping of live cattle.—W.

PLANT A GARDEN

There is no more healthful, interesting or fascinating hobby than gardening—and it has a practical v. lue. One does not need to be an expert to obtain benefits from it, though a certain amount of care is always necessary. A person may have a "patch" 10 ft. square, or an acre, according to his or her desires, and can grow anything from the humble radish to the aristocratic strawberry. There is always the element of surprise, expectation, pleasure and sometimes disappointment to make it interesting, while mortal man never lives long enough to plumb the depths of its possibilities. It is many oldest hobby or craft and as long as man survives on this sphere, it will hold his interest. Apart from its practical value, which is of no small importance, it is worth anyones time and trouble to plant a garden.—W.

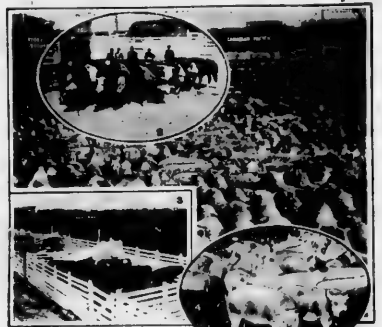
FATTED CALVES FOR BRITISH BUTCHERS



Fit 3 specimens from collection of about seventy a year shipped to Great Britain by Western farmers. Left to right: Western steers in Smithfield market, London, Eng. 2. Three specimens huge enough to be considered if they were less than they are to be shorter

These four specimens are on their way to Europe. They belong to the Livestock Producers of Canada and have been prepared for the flight at the Canadian Pacific East End Market, Montreal, before continuing their journey from Winnipeg to Glasgow.

The interest and the variety of the activities of this Market, its value to the community and round the fact that it exists at all is not nearly as widely known as it should be, except among those farmers, drovers, butchers, buyers and reporters who make use of its manifold conveniences.

The market has been in operation on its present site for 17 years. It has accommodation for 3,000 head of cattle, 3,100 head of sheep, lambs and calves, 1,200 hogs and can provide for large arrivals at a moment's notice. Its yards are the finest in Canada. They have 20 modern, light, airy pens in which food and water are supplied without scrambling or difficulty.

The establishment has facilities for handling breeding, exporting and feeding cattle, sheep, lambs, calves, hogs, etc. [illegible] There is, in the market, a well equipped shelter where [illegible] practically, concerning themselves too much with the uncertainties of the future.

[illegible] have surrounded the British animal from the farm, and in a few [illegible] words have mapped the six months' journey of those who live on the land. It is that bewilderment, and lack of pleasure, which combined to send Mr. and Mrs. Farmer occasionally to an hotel a road to the economic ladder which they themselves constitute!

In Saskatchewan the growers are broadening out, in the sheer rush of [illegible] into the motley merchandising of their products. Telephones, good roads, automobiles, agricultural fairs, and the miracle that is radio, are [illegible] universal party in the unfathomed rural life in Saskatchewan. Keeping the people abreast of current affairs, as [illegible] farm [illegible] is a wonderful thing. [illegible] Everyone is better informed and more intelligent [illegible] by radio are, in the view of all users, [illegible] which great centres of talent, Portland, Los Angeles, Denver, Winnipeg [illegible] It is possibly a thrilling act on those empty [illegible] that is seldom heard at Saskatchewan Hotels [illegible] North Saskatchewan. Presentation

On Friday evening last, members of the local golf club greatly enjoyed a banquet held at the Royal Alexandra hotel. During the evening Mr. H. A. Doak, who left on the following day for Oak Lake, Man., was presented with a golf bag. Mr. Doak could with truth, be termed the father of golf at Tofield, being chiefly responsible for the local convention of the game.

A social afternoon was spent at the home of Mr. and Mrs. J. W. Robinson on Wednesday, May 9th, in honor of Mrs. Doak, who is leaving for Oak Lake, Manitoba. About sixteen ladies including members of the Anglican church and friends gathered to bid farewell to the honored guest. During the tea hour, Miss Doak presented Robinson on behalf of the ladies, presented her with a silver pie server.

Mrs. Doak has been an active member of the Church since residing in Tofield and will be greatly missed by her fellow workers. We all have pleasant memories of her cheerfulness and tactful ability and our good wishes follow her to her new home.

Bardo

DISTRICT WHEAT POOL DELEGATES HOLD MEETING

A convention of wheat pool delegates representing the shipping districts situated in sub-districts, five of the Edmonton pool district, was held in Edmonton on Saturday last. Many interesting items of pool business were discussed including wheat grading, survey boards, and elevator facilities. W. J. Jackson, pool trustee for the Edmonton district, was present and gave much interesting information regarding the pool.

The chief object of the convention was to devise some method of selecting a delegate to represent the subdistrict at the annual convention to be held at Calgary next month, whereby there will be a more concerted action by the members in the selection of a suitable delegate, when voting by the registered ballots which will be distributed to the members during the present month.

The convention was called to order with A. A. Lunan, Fort Saskatchewan, in the chair. The following shipping points were represented: Ryley, Tofield, Bremner, Lodge and Fort Saskatchewan. It was decided to recommend two candidates for confederation by the members when voting. Johnston Ferguson of Tofield and A. Lunan of Fort Saskatchewan are the candidates recommended, and all members are requested to mark their ballots for one of these candidates.

Each pool member should avail himself of his voting privilege and if members of these candidates meet with his approval he should make his vote chosen and mark his ballot accordingly. A list of the names of all members in the district and a map showing its boundaries will accompany the ballots and will be sent to each member.

The convention passed unanimously, by standing vote a vote of confidence in the ability of and appreciation of the work done by W. J. Jackson, who has filled the office of trustee for the Edmonton district for the past two years.

A resolution recommending that a grain survey board, of which at least 50 per cent of its members shall be [illegible] appointed by a committee consisting of the president, secretary-treasurer, and manager of the Alberta Co-operative Wheat Producers Association, Ltd., shall be established at all terminal elevator points in west of Alberta, was carried unanimously.

Sport Notes

BASEBALL

There will be two ball games next week between pitched local teams. There are in the way of appointees for what is to follow, and serve the purpose of hindering up the local ball tossers. Oh yes! and to raise fifty dollars which is the entrance fee into the league. This fifty dollars is in the nature of a guarantee, and is paid by all teams entering the league so as to insure the teams playing according to schedule. If the games to be played next week are not as exciting as, say a final game with Lamont, the are for a good purpose, and the club would appreciate your support.

The game between the married and single men which took place on Wednesday, brought out several old grass spatters, workmen files, Barrett, Seale, Howard Lee and other familiar faces of the diamond were out. Lee will be pitching for the locals this year, and has the advantage of a year's experience for strength, and is in fast as ever.

The first home league game is Wednesday, May 23rd.

FOOTBALL

A preliminary game was held on Friday night last, when the married and single rooster enthusiasts strove for victory. It was no plain bus party either, the score at full time being a draw. Extra play was decided upon and the married goats got the odd goal. The score was 6-5.

It is expected a team from Edmonton will play the locals on May 25th. Readers will remember the remarkably good showing the Tofield team made against the Post Office team from Edmonton last year, and will be glad of the opportunity to turn out and cheer the locals on to victory.

TENNIS

The price of admission to the dance is $1.00 per couple and not $1.50 as stated in the advertisement last week. Extra ladies 25c.

The date mentioned for the payment of fees should have been Saturday May 23rd and not Saturday May 9th. The printer got his dates and facts mixed.

We are pleased to include among our membership residents of Lodge. We extend an equal welcome to both country and town members.

Remember the tournament on Monday, May 25th.

TOFIELD RURAL CHURCH

Services will be held on Sunday, May 13th at the following places and hours:

Rose Creek School, 11:00 a.m.
Logan School, 3:00 p.m.
Lake-here, 8:00 p.m.

D. W. Whitford, Minister.

W. Davies visited the capital city on Monday

News From The Country

KINGMAN

Sunday is well underway here now, and will be finished in three weeks or so. The farmers are wearing a smile these days because of the continued fine weather.

Mrs. Thor Hoitin has been on the sick list, but she is recovering now.

Born.—To Mr. and Mrs. Noah Delcourt on Monday, May 6th, a son. Congratulations!

Born.—To Mr. and Mrs. T. Teigen on Thursday, May 3rd, a daughter. Congratulations!

Mrs. Grohs of Hay Lake and sons Ernest and Otto were visitors with Mr. and Mrs. Thor Grahn last Sunday.

Mr. and Mrs. Hans Simonsen and family, and Mr. and Mrs. Dan Simonsen, of Edmonton, were the guests of Mrs. Petra Simonsen last Sunday.

Mr. and Mrs. Ed Johnson were the guests of Mr. and Mrs. Jack Hennessy of Round Hill last Sunday.

Mr. and Mrs. Thor Grahn were the guests of Mr. and Mrs. Wm. Christenson on Sunday evening.

An effort will be made to organize a baseball team on Sunday May 13th. Gentlemen, everybody that is interested in baseball, and anybody that can play ball, please turn out.

KETCHAMONT

Sunday school will start next Sunday, May 17th at 2 p.m. Rev. West will take charge of the school for Sunday, but all helpers are kindly asked to be present, as an organization for the summer and fall months.

Miss Ruth Shultz was home from Irma over Sunday.

Mr. and Mrs. J. Young and family visited with Mrs. Young's parents, Mr and Mrs. Hugh Mitchell and other friends and relatives over the week end.

Mr. and Mrs. Herman Lawson and daughter, Mrs. Ray Fleming motored to Camrose on Sunday afternoon.

Mr. and Mrs. J. McGinnis, Mr. and Mrs. F. Shultz and family were guests of Mr. and Mrs. Mossakoski on Sunday.

Mr. and Mrs. L. Carlson and sister were visited with Mrs. Wheeler at her home on Sunday evening.

Mr. and Mrs. C. A. Ingram, Mr. and Mrs. G. B. Owen, Mrs. C. W. Sears, Hazel Sears and little Mary Ingram, motored to Camrose on Saturday afternoon.

Mr. and Mrs. Milton Ray and son and Mrs. J. H. Ingram visited at the W. K. Mitchell home on Sunday.

Mrs. Roger Ray and little son returned home last week from Edmonton.

BARDO

Mr. and Mrs. John Yoder entertained Mr. and Mrs. Pete Haugen and Mr. and Mrs. P. G. Verhelst on Tuesday last and Mr. and Mrs. Bowen of Kingman on Sunday.

Another little son came to the Burk holder home on April 17th. They are to be congratulated on having a quartette of boys. The only daughter in the family, Esther Fern, seven years old, was one of the scarlet fever victims last December.

Fred Brennan, who has been teaching at Kalmo, Iowa, the past year, returned home Sunday evening. He will spend his vacation here.

Arbor day was observed by the schools on Monday.

There was considerable excitement along the road on Friday night, when a lone Russian woman, who seemed to be demented and in destitute circumstances, wandered from house to house asking for aid. Mr. and Mrs. H. E. Gallagher gave her shelter for the night. Saturday morning she was taken to Tofield.

Joe Burkholder have moved to his farm.

Rev. Hoimle preached an interesting Mother's Day sermon at the Lutheran church on Sunday afternoon. He compared the children of the two mothers, Herodias and Hannah.

Mr. and Mrs. W. E. Parker motored to Edmonton on Tuesday.

Little Stanley Yoder's face and hand were so badly swollen, his parents took him to a doctor, who pronounced it poison from mosquito bites. We could hardly tell so big a story, as recently appeared in the "Youth's Companion," about the New Jersey mosquitoes; but what the Alberta mosquito are lack in size and strength, they surely make up in numbers this year.

POOLS ASK SUPPORT OF BUSINESS ORGANIZATIONS IN THE PROVINCE

In support of the Boards of Trade and the various service clubs in the cities and towns, and the agricultural societies in the drive to secure membership for the new provincial department of co-operation and publicity, the Co-operative Committee of the pools, of which A. B. Purdy, M. L. A., is chairman, directors were dispatched to all of these organizations during the past week or ten days and the members might be able to aid in getting the pools to their objective when the concentrated drive takes place from the three weeks from June 4th to 25th. It is felt that the business organizations will gladly support the pool movement as one essential in making Alberta a more attractive place for investing settlers as well as improving the conditions of those already on the land

Bardo

Be sure and have your eyes examined by Mackinbaug on Monday, June 4th.

Even Abreast!

There is much written to-day about the wonderful growth in dairy industry of Alberta has made in the last few years. A great deal of the credit for this growth is due the farmers for their work in the feed- and milking more cows. The manufacturing end, however, has kept in line, step with the ever growing volume, effected economies in manufacturing and refined our new markets.

The company, as heretofore, has the producers interests at heart, and in its own field will always endeavor to make production more profitable.

Where Ardent Anglers Seek Quebec's Fishing

ON A LABRADOR LAKE IN QUEBEC

A survey of anglers is proposing for the annual fishing expeditions to the province of Quebec, where innumerable rivers, streamlets and brooks, as well as lakes of every size and shape, are the habitat of many game fish there is a Quebec fisherman, always a Quebec fisherman. The opening day for the pursuit of the sport is May 1st, and a week earlier the anticipant starred their northward trek to be the first one to land a trophy.

Brook trout are particularly desired by the fisherman who seeks a new one. Lake St. John, which is indeed a proud person, is there and waters from the shore yield brook trout generously, especially along the 150 miles of the Mont Laurier branch of the Canadian Pacific Railway that runs northwest of Montreal into the Laurentian Mountains.

Trout can be taken from the pools of streams and lakes all along the railway all the way from the edge of steel, and of course the more remote waters, the better the sport becomes, he will delve deeper into the wilderness, he will find waters literally alive with trout, for the natives are ardent anglers and are glad to take the tourist for a few miles in the north, from the first

[illegible] Lake Edward, [illegible] Lake Edward, or station to Mont Tremblant, a Quebec fisherman, always a Quebec fisherman. The opening day for the pursuit of the sport is May 1st, and a week earlier the anticipant starred their northward trek to be the first one to land a trophy.

CAPTAIN BLOOD

A Romance of the Spanish Main

RAFAEL SABATINI

Completed, 1922, by Peter Burgess

"CAPTAIN BLOOD," a Viewpoint picture with J. Warren Kerrigan in the title role, is an adaptation of this thrilling novel.

CHAPTER XIII.—Continued.

Tranby had no appetite left with him in the port overnight; there was acceptance in Mr. Bligh's countenance. There had been treachery with Dodger from the moments of landing. Mr. Blood and Lord Julian had stepped ashore together that had been met by Colonel Bishop, who took no pains to advertise the chagrin at the turn of events and his determination to change it.

Blood's thoughts were upon this and other things as he boxed the ears on the day bed. He had been a bachelor in Port Royal, his right virtually a unit now in the Jamaica squadron. And when the town of Port Royal Tortuga and the buccaneers who awaited his return, the name of Captain Blood, which had stood on high among the brethren of the Coast would become a by-word for all that had to placed there in the popular mind. For throughout a full year, avoided human companionship, and, "Jeremy," had he been in the ship's financial affairs, "Jeremy" Pitt, Mr. James Leet, Julian Wentworth, his very manner was changed. What chatter had he to engage with a friend of the Governor, or with a Governor's daughter, for that matter?

Blood began the meal and found it to be a very passingly unattractive one, and pushed the plate from him. Then he rose and paced the room in his cell.

Clearly Jeremy's grey eyes with their steadfast gaze in new moral

[illegible]

Blood read the letter through, and then he read it again. Then he folded it and pocketed the note in his vest.

Clearly Jeremy's grey eyes with their steadfast gaze in new moral

NOTICE TO CREDITORS AND CLAIMANTS

In the matter of the estate of Edmund Cookson, late of Tofield, in the Province of Alberta, Farmer, deceased.

NOTICE is hereby given that all persons having claims against the estate of Edmund Cookson, who died at Tofield, in the Province of Alberta, on or about the fourteenth day of February, A.D. 1925, are required before the seventh day of July, A.D. 1925, to send to Mrs. Olive Isabella Cookson, R. R. No. 2, Tofield, Alberta, the administratrix of the said estate, a full statement of their claims and of any securities held by them, duly verified by statutory declaration, and that after the last mentioned date the said administratrix will proceed to distribute the assets of the said estate among the parties entitled thereto having regard only to the claims of which notice have been received and which have been brought to her notice at law.

Dated at Tofield, in the Province of Alberta, this 5th day of May, A.D. 1925.

OLIVE ISABELLA COOKSON
Administratrix

ABOUT THE KITCHEN

The kitchen is the real workroom of the home and the utensils should be selected to make the work of the housewife as easy as possible. Many women claim that half a dozen kitchen knives is all the money to have in the kitchen, simply because there are so many more things that can be done with a knife than with any other tool; and brushes can also be classed more easily and cheaper.

A small, stiff brush should be kept exclusively for scrubbing vegetables. A person can scrub a potato in a few seconds with a brush before they could peel it, and it is much better for the nutrient value to be scrubbed and not peeled.

There should be a brush for washing the sink. The bristles of a brush dig into the corners and clean where a rag cannot possibly do as good work as well. In washing clothes, some women find a short brush much superior to rubbing on a washboard when washing very dirty garments, such as overalls and work shirts. A good deal of the dirt can be loosened by the brush without a cake of soap, then rubbed on the clothes to be cleaned. It cleans the material much more quickly and is not so hard on the fabric. This is also an excellent way to wash corsets.

When dressing a fowl to cook, the use of a stiff brush and baking soda to scrub the inner cavity of it will give little trouble with pin feathers.

Forty-five brushes for personal and household use are manufactured by the Fuller Brush Company. They are brushes of real quality and service and save much time and hard work in doing housework. They are not sold in stores. The Fuller Brush man will demonstration and call them to your house.

Born.—To Mr. and Mrs. Joe Corbin, on Wednesday, May 13th, a son.

Dead Fish Aplenty

For some reason not exactly understood by the men on the street, a large number, and perhaps all of the fish in Beaver Lake adjoining Tofield are dead. Along the shore for a great distance, tens of thousands of fish lie dead and the odor from them, so say Bob Soule, is anything but appetizing. The cause is believed to be due to the early cold, the lake not cracking as much as usual and the inability of the fish to procure air during the winter.

It has been stated that the lake "heaves" most during a warm cold-freezing season, but it is unfortunately noticeable that there were no warm spells during the past winter.

Another reason advanced is that during the period of the ice breaking up, the high winds drove the ice and fish together killing many of them.

Mr F Pender informs us that the same thing happened about 20 years ago.

Whatever the cause, a large number of fish are dead, and while the partner may have plenty of dead fish for sale, this spring, seem to have none.

On Thursday last, Bert Wallis celebrated his 21st birthday. The occasion took the form of a party held at the theatre at which quite a number of his friends were present. He received several presents among which were included a gold key and a gramophone and rake. The evening had a pleasant time and cordially wished him many years of continued happiness.

Mr. W. Mooney, pianoforte tuner of Edmonton, called on his trip down the line and will return here in about two weeks any orders left at this office will receive his attention.

Sport Notes

On Wednesday night the Tofield baseball team turned the tables on Chapman by defeating them by a score of 6—3. The victory was particularly sweet as in the week previous, Tofield had journeyed to the northern town and had been trimmed by the Chapmenites by a score of 12 something.

The game here on Wednesday was late in commencing due to the delayed arrival of some of the Chapman players, consequently a seven inning game was decided upon.

Chapman were first to bat and to the first inning went out by the only three runs. Two fouls and a with Tofield batting, Calvert caught out Doyle out at first; Scott hits and goes to 1st, and home on Lawson's hit. Bissett goes to 1st and home on Lawson's hit, Lawson hits and goes to 2nd and home on Moon's strike. In second 1—0

Chapman started the next stanza with a bang, the batter up knocking out a three bagger from which he got to tally but caught a run. A man on 1st, 2nd and 3rd was walks to 1st; three fouls and inning ends. Score 3—0

For Tofield Yakimoski hits and goes to 1st, steals 2nd and comes home on Poole's timely hit, which was a 3 bag goer for him. Wood out at 1st; Soule hoops, Doyle hits and goes to 1st, but is put out stealing 2nd. Score 3—1

Chapman in. This stanza closed with Lawes full, but Lee was there to the goods and batter fanned out. Wood in third, which is a score

Tofield out in order on a score set and Lawson all put out at 1st. Chapman at bat. Was to 1st and home on following hits, two outs fanned; man out at 1st. Score 3—1

The next half brought no counters for Tofield. Moon knocked out a daisy, but it went foul, then he fanned. Yakimoski out at 1st and Poole fanned

Without the Chapman the Tofield team were handicapped, but with the help brought in by a good catch. The game was one of the most interesting ever played on the Tofield diamond, and was enjoyed by a good crowd.

The game was put up in an exceptionally good style. The batting was good for the game, the final score being 6 for Tofield.

The teams lined up as follows:
Tofield: Lee, Wood, Calvert, Doyle, Poole, Lawson, Yakimoski, Moon, Bissett, Soule.
Chapman: Tymoch, Canman, McIlwain, H. Kendall, H.P. Kendall, R. Kendall, Taylor.

The Value Of Good Roads

Synthetic Food

Time May Come When Food Will Be Produced By Laboratory Methods

A new era in the history of man is said, when human beings will subsist entirely on food products synthetically made. It is forecast by Prof. Secretary of Commerce Herbert Hoover following announcement of experiments by Carbohydrate Chemist Dr. Reginald Stadtman of the National Bureau of Standards, Washington, D.C. Stadtman has made it possible to produce starch and sugar from wood pulp. Hoover declared: "If chemistry in the future can make starch and sugar from wood, cotton and straw, we can foresee changes in the whole face of agriculture. We may well anticipate the day when we shall discover processes for making other foodstuffs from the waste of our fields and forests. The future will be full of surprises."

British Policy In Palestine

Protecting the Rights of the Arabs as Well as the Jews

British policy in Palestine has been made perfectly clear, still to the Arabs and to the British public. We are going on steadily with the experiment of the National Home for the Jews. We are going at it in such a way as to protect the rights and interests of the Arabs. I feel the Arabs are not in the majority. There is no cause for greater alarm. I have been in Palestine and I know that the Jews are introducing. The Jews are in better circumstances than the Arabs. They are introducing modern methods of agriculture. They are introducing modern methods of industry. They are introducing modern methods of commerce. They are introducing modern methods of education. They are introducing modern methods of everything. They are introducing modern methods of everything. They are introducing modern methods of everything.

THOSE WEATHER PROPHETS

The farmers who have time to come into town now, all have a happy optimistic smile on their faces. The reason for said smile, being the prospect of a bumper crop. Although the weather wizard, Foster, has told us that there is to be a great drouth in the land from May to September, we are inclined to take a grain of salt with his prophecies as he misses his guesses almost as often as he hits them.

Should we trust advance weather prophecies as bobbies, guess work or scientific fact? It is true that general changes in the weather over a wide area of territory can in some cases be traced to certain astronomical conditions. However, this is only in its infancy and the deductions arrived at by those who are making weather reports may be correct generally but not locally.

Naturally, if a good guess is made the prophet will be lauded for it, but if he makes a mistake, no one notices it.

PEST DESTRUCTION COMPETITION

According to a pamphlet issued by the Provincial Department of Agriculture, the Alberta government is giving some very generous prizes for the destruction of crows, magpies, sparrows, in order to protect crops and birds, both insectivorous and game.

There are five competitions in all. The first one being for city gun clubs, and the second competition offers $250 for 500 points must be earned to qualify. I, the third competition there are 215 prizes ranging from $100 to $5.00 for the residents of Alberta raising the largest number of points, per points to qualify.

In the fourth $10 to $70 to the five villages or rural schools getting the highest number of points, 2500 points to qualify.

The fifth competition is for high schools

Points credited as follows. One point for gopher tails; two points for each crows foot; two points for each magpies foot, two points for each crow's or magpie's egg.

A copy of the pamphlet may be had from the Provincial Game Guardian at Edmonton.

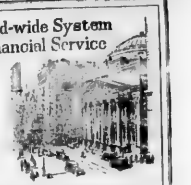
A World-wide System Of Financial Service



By telephone you can talk with your neighbour or with an individual thousands of miles away. By telegraph you can span the continents; by cable your message can girdle the earth.

In like manner you can use the service of the Bank of Montreal in little or large measure as the occasion demands.

You can transact business of a purely local nature or enter into financial dealings with people in any part of the world.

Like the telephone, telegraph or cable, our system of financial service is as extensive as are the needs of our customers.

BANK OF MONTREAL

Established over 100 years

Total Assets in excess of $800,000,000

Every Month For Twenty Years

Previous to his death only two premiums (total $347.40) were paid by policyholder 197186. The policy guaranteed a monthly income of $20.00 for 20 years, but, due to its exceptional interest earnings, this Company is now paying to the beneficiaries $24.30 per month and will continue at this rate during the life of the contract so long as there is no material change in the net interest earnings of the Company.

This is 21½ per cent in excess of our guarantee.

Great-West Life ASSURANCE COMPANY

J. Carver and O. J. McGuire

District Agents

Even Abreast!

There is much written to-day about the wonderful strides the dairy industry of Alberta has made in the last few years. A great deal of the credit for this growth is due the farmers for increasing their herds and milking more cows. The manufacturing end, however, has kept in line, and step by step with the ever growing volume, has effected economies in manufacturing and searched out new markets.

This creamery, as heretofore, has the producers interests at heart, and in its own field will always endeavor to make production more profitable.

Urgent Need of Research Work To Overcome Heavy Loss To Farmers From Plant Diseases

E. S. Archibald, director of experimental farms, believes that there is an urgent need of research and expert scientific work, following up the lessons contained by farmers on account of lack of knowledge in combatting various plant diseases, he is reported to have said.

The annual losses in our field crops alone reach a staggering total. For example, cereal smuts cause an annual loss of upwards of $12,000,000 and grain rusts make an annual loss of some $20,000,000 to $30,000,000. Losses from potato diseases usually run from $1,000,000 to $5,000,000. Losses in production in low in many years, due to conditions known to exist, but which cannot be controlled or checked because of lack of suitable help and information. Diseases of fruits and vegetables drive many home producers out of Canada and are responsible for high prices and high costs.

Production results in poultry, sweet fields, orchard, garden or a real production are far too high. A low intensive system and poultry industry cannot be maintained in Canada when prices are high. Low production and poor quality are detrimental changes to both producer and consumer, and are responsible for high prices. Many diseases of poultry are transmitted to man, and also to animals. Knowledge of control or removal is therefore of great importance.

Newspapers Eat Trees

Responsibility For Destruction of Forests Rests On the People

The timber from 7,500 acres of land is required each week for Australian and Canadian newspapers. It takes two pulp trees from that much land to provide the pressprint paper used by publishing houses in only one week's issue of a single publication. Of the total amount of material from the forests, the average number 104 cords, with the Toronto Globe, sometimes under a tabloid edition, would have "lost" forest material to the amount of 1,500 cords for number. Interests and individuals the responsibility for the destruction of forests rest with the people themselves, who use so much in the way of newspapers. They have been warned of the danger of indiscriminate use of timber and the potential to be appreciated. Don Transcript

A Difficult Business

Would Seem That the Farmer Must Be a Man of Many Parts in Order to Succeed

Just what sort of a man is the successful farmer? Is he a specialist in one line of agriculture, or is he a man of many parts? Is he also a business man, a financier, a mechanic, a chemist, a veterinarian, a horticulturist, a landscape artist, a forester, a stockman, a poultryman, a dairyman, a gardener, a carpenter, a blacksmith, a mason, a plumber, a painter, a bookkeeper, a salesman, a buyer, a statistician, a meteorologist, a judge of human nature, a politician, a lawyer, a doctor, a preacher, a philosopher, a diplomat, a humorist, a poet, a musician, a critic, a judge of art, a judge of literature, a judge of music, a judge of drama, a judge of dancing, a judge of sculpture, a judge of painting, a judge of architecture, a judge of landscape gardening, a judge of forestry, a judge of horticulture, a judge of viticulture, a judge of apiculture, a judge of sericulture, a judge of pisciculture, a judge of aviculture, a judge of apiculture, a judge of viticulture, a judge of horticulture, a judge of forestry, a judge of landscape gardening, a judge of architecture, a judge of painting, a judge of sculpture, a judge of dancing, a judge of drama, a judge of music, a judge of literature, a judge of art, a judge of critic, a judge of musician, a judge of poet, a judge of humorist, a judge of diplomat, a judge of philosopher, a judge of author, a judge of lecturer, a judge of orator, a judge of statesman, a judge of politician, a judge of lawyer, a judge of doctor, a judge of preacher, a judge of chemist, a judge of mechanic, a judge of financier, a judge of business man, a judge of specialist in one line of agriculture, or is he a man of many parts? Athletic Events On Monday

Monday being Victoria Day and a public holiday, the various sports clubs of the town will be active.

The Tennis Club is conducting a tournament and the courts will be a place of interest throughout the day.

In the morning, the Trail Ranger and Tuxis groups will hold an athletic tournament, which will include the various athletic activities of the boys.

Tentative arrangements for a baseball game between Tofield and Lakeshore have been made, but at present writing a definite statement cannot be made. There will, however, most likely be some baseball.

In the evening a final effort for the season will be made by the ladies' basketball team, when they play a game against Lamont. Last year's game has been built, broken into by the departure of players, but there have been efforts made to get it done a long to fill the gaps.

The day will wind up with a tennis dance at the Varsity Theatre.

Fourth Annual Tour To Pacific Coast

SPECIAL TRAIN FROM WINNIPEG via CANADIAN NATIONAL RAILWAYS. ENTERTAINMENT PROVIDED FOR AT VARIOUS POINTS OF INTEREST ENROUTE.

Personally conducted tours offering the best opportunity for familiarization with the country traversed. This applies to our own country as well as to the older settled countries of Europe. Canadian National Railways has for many years, commencing immediately after the close of school for the summer holidays, conducted special parties to the Pacific Coast via Prince Rupert. The tour this year which will be the fourth will again commence at Winnipeg, from which point a special train of modern sleeping car equipment will be operated. Observation car will be attached. After stopping at various points of interest, the train will arrive at Prince Rupert on June 11th. At this latter point, the party will embark on a palatial steamship for a cruise of 550 miles through the famous "Inside Passage" to Vancouver. While the tour terminates at Vancouver those who desire to make a stop to Victoria may have their tickets read "Victoria" as their destination with but any additional cost.

It is here to say that appeal strongly to teachers as well as professional men, and business men and women.

The Head agent of the Canadian National Railways will be pleased to give you full particulars of this tour, including the cost, choice of routes, returning, etc.

TOFIELD RETAINS THE McCALLUM CUP

As a holiday and exhibition feature the Lamont baseball nine came over on Monday to endeavor to wrest the McCallum baseball cup from Tofield, which was won from Ryley by Tofield two seasons ago.

There was a good crowd present, but excitement did not run high, as after the first innings, when Lamont got their one run, Tofield were never headed.

Lee pitched for Tofield and the veteran of the diamond, F. Ball was behind the plate. The seasons come and go, but Frank goes on—and is just as good—as ever.

Happy Boland of Ryley fame was pitching for Lamont.

Lamont opened the game auspiciously for them, when the first man to bat hit a nice two bagger from which he stole home. One other man reaching 1st was all the travelling done in that inning.

In the second half Tofield hit a stride that spelled victory. Happy pitching was evidently off form. Calvert was hit and walked, stole 2nd and 3rd; Blount walked and stole 2nd; Ball fanned; Umphrey to 1st; and then Lee knocked out a pouch of a three bagger for him and brought home Calvert, Blount and Umphrey. Orland out at 1st; Lee home; Jackson fanned. Score 4–1.

The next stanza was, one, two, three for Lamont. Lee caught a Bryman fanned; and Calvert made a nice ground stop, threw to 1st and the inning was over.

In the second of the fourth, Tofield added another couple of counters. Lee connects and makes first. Orland to 1st, Jackson walks and all move round; bases are full. Neale hits a nice one but it fails foul. Then Ball, Umphrey connects goes to 1st same old field play and Lee and Jackson are home; Blount sends one out by 1st to catch out.

It was a one, two, three, affair for Lamont again. Man makes a nice hit but is caught out; man out at 1st; man out at 3d.

In the second of the fifth Tofield made their final score. Ball hot up a sky rocket and feeling sure that it would be caught did not run, but baseman muffed. Umphrey to 1st and home on succeeding hits; Orland 1st, 2nd, 3rd; Orland to 1st 2nd; Jackson fanned; Neale walked to 1st, steals 2nd but man on 2nd did not run; inning ends, score 7–1.

Game continued until the first of the eighth, when it was called on account of rain. Score 7—1 for Tofield.

DEFEATS CHIPMAN ON WEDNESDAY

On Wednesday, Chipman came over for the first league fixture in the Tofield league. It was a good game, closely contested, and until the end the result was in doubt. The pitching for Tofield was done by Sproule and Lawson, Lee, the regular harker for the game taking a field position.

F. Ball caught.

Teams scored up the first innings, each taking a counter.

In the second, Lee drives out a nice three bagger and Orland followed suit bringing in Lee; Anderson out at 1st and Orland comes home.

In the third Chipman added another, making the score 3—2. Fane began to get enthusiastic and game settles down to a tight battle.

Tofield also adds one in the third. Calvert out at 1st; Blount sends out a nice two bagger, and taking advantage of fielding errors he went to 3rd and home; Ball to 1st, stole 2nd and 3rd; Umphrey to 1st and 2nd; Lee fanned; Jackson out at 1st. Score 4–2.

The fourth meant nothing to Chipman. The first batter up was put out by a new catch of a foul by F. Ball. The following two were out at 1st. Tofield batting. Jackson goes to 1st. Orland hooks Neale home. Calvert two bagger, 3rd and home; Blount out at 1st; F Ball three bagger and Umphrey caught out. Score 5—3.

The fifth was a real hectic battle and when the smoke died away the score was 8—3. Chipman ran in on their own runs in their half and Tofield one in their half. The Chipman fans were jubilant.

The sixth brought Chipman nothing in the way of markers, but Tofield pulled one ahead. Calvert was caught out; Blount got to 1st, but Ball fanned; Lee home; Jackson fanned. Score 6–1.

The next stanza was, one, two, three for Lamont. Lee caught a Bryman fanned; and Calvert made a nice ground stop, threw to 1st and the inning was over.

In the seventh, Chipman put our Jackson and Neale on a nice double play, but earned no counters in their own half of the inning.

The eighth was also scoreless for the visitors, while Tofield got another and their final counter, making the final score 8–10 in their favor.

G. Agnew, Umpire.

FOOTBALL

The Alberta Amateur Association Football team from Edmonton played the Tofield aggregation here on Monday evening. Play throughout the game was very even and the tie score of 1–1 is a fair indication of the game.

Tofield opened the scoring when Harold Bone beat the Edmonton goalie with a long dropping shot from centre field. It looked like a safe one from the time times. There was a record deal of heavy kicking, but a tie was the conclusion. For the locals, Whitford, Robinson and Hobson were in fine form, but all players furnished a fine exhibition of the game. Calvert made a fine shot which the goalie barely saved.

In the second half, Edmonton scored after a series of nice passes, the shot giving the Tofield goalie little opportunity to save. The teams battled on but at full time the score was still a tie, 1–1.

News From The Country

BARDO

On Sunday evening a good programme was given at the church, by the Young People's League. Marjorie Hagen conducted devotional exercises and Edna Stone gave a recitation. The school children of Bardo and Grand Forks school sang; Emma Anderson and Hazel Parker sang a duet, also the Misses Ness, Cudrum Mose gave an interesting talk on miracles.

The following officers were elected for the next six months, Pres. Bernard Anderson; Vice-Pres., Marvin Hagen; secretary-treasurer, Signed Egnan; assistant, Mrs. Hagen; pianist, Emma Anderson. Berg 3rd; Umphrey to 1st and 2nd; Lee fanned; Jackson out at 1st. Score 4–2.

AMISK CREEK

The weather is now again after the heavy rain and people can continue their field work. The tree warns are numerous and are destroying the leaves.

A patterson was a visitor in the city on Saturday returning home on the Sunday morning with his daughter, Lillian, who is very much improved in health.

Mrs. G. Hokanrd from Viking is a visitor in this vicinity with her friends and relatives and also in Ryley.

P. Myhre left for his home on Monday morning.

Mr. N. Solberg had the misfortune of having a horse killed by lightning during a recent thunderstorm.

Mrs. P. Mears and Mrs. P. Pinder's mother Mrs. P. Ass on Sunday last for Mr. P. Ass to now able to walk on her foot.

The Ladies' Aid will hold their next meeting at the home of Mrs. A. Thoresley in place of at the home of Mrs. R. O. Berg. The date is not out yet.

Mr. Tooky was a visitor from Edmonton with friends in Ryley and Amisk Creek. He motored down and had to take the train back on Monday evening on account of the heavy rain.

Mrs. N. Sand and daughter, Mr. Tooky and Miss Hokanrd were visitors at the Flaaten home on Saturday.

KINGMAN

Mr. Ivey has a bell on Friday and Saturday of last week did a lot of good to the fields and the garden. Things were getting quite dry if the rain was welcomed by all.

Mr. Hogg of the Hogg and Lyall Elevator Co., was a visitor at Kingman for a few days last week.

Mr. and Mrs. Thos Cranke attended the log tanker supper held in Big Lake on Monday evening.

Mr. and Mrs. Jack Howard and family of Round Hill, were the guests of Mr. and Mrs. Ed Johnson on Sunday afternoon.

Mr. P. Rodnesky was a visitor in Edmonton for a few days last week.

Mr. Francis, an old time resident of this district passed away on Wednesday.

Harold Bone was unfortunate in cutting his leg so that he had to undergo a medical attention.

A surprise social of the Town Council was held at the home of Mrs. Clay. There were present, Messrs. Clay, Chamberlain Chapman, Clay, Bruce, McMullen, Bulmany and Jones.

A number of accounts were ordered paid.

A by-law appointing Dr. C. G. Ross medical officer of health was given it third reading and finally passed.

The remainder of the business transacted was purely of a routine nature

LINDBROOK

Help Commission was celebrated here on Sunday, May 24th at 11:00 a.m. in the school house by the Rev. Father of St. Paul de Metis parish assisting several days in the city.

Mr. C. W. Sage handed out fresh Mr. Seiler on Tuesday.

Mr. and Mrs. Henry McIntosh and Mrs. Anna Brown, Leslie and Maurice McGinnis and Jason Henderson were guests of the Thompson family on Monday.

Mr and Mrs. Henry McIntosh have started the basement for their new house. Mr. Johnson of Ryley is the contractor.

Very refreshing showers have fallen during the past week, fortunately to occupying both snow and frost, making excellent growing weather.

Mrs. Henderson and Mrs. W. A. Mitchell visited at the Appleby home on Tuesday afternoon.

It has been rather difficult getting Sunday school started this spring on account of the unsettled weather, neither Sunday school or preaching service was held last Sunday. Let's all be on time prepared to do our part

Officers elected. Mr. McIlwen, superintendent; Mrs. Carlisle, assistant superintendent; Miss Lawson, secretary-treasurer; Miss Hazel Sears, organist.

KETCH AMOUT

The Missionary Aid Meeting was postponed until next Wednesday, June 3rd, when it will be held at the home of Mrs. Tom Fluits. Mrs. Appleby was unable to take the meeting on account of the serious condition of her mother, Mrs. Rickner.

Mrs. Henderson and Mrs. Frank Shupe were guests of Mr. Tom Shubbs last Wednesday.

Miss Jean Dickson and Margaret Mitchell returned on Monday after spending several days in the city.

Mr. Smith has returned here for the harvesting season.

Jim Ash has been rather unwell of late but we hope that now that he is as well as ever.

The wet weather has rather delayed seeding operations, but none the less the farmers want a beautiful shine these days on new out of land, our plenty of moisture t ast in but we l but for their crops.

We hear that Mrs. Joe Lilie of Victoria, B.C., is expected here the week on a short visit to her old friends and relatives of this district.

Sunday service will be held as the next Sunday at 3 p.m. at the school house, so be on hand. every body!

W.I. NOTES

Don't forget our plant sale on Saturday of this week. Sale opens at 11:00 a.m. All plants must be taken away on Saturday. There have been some enquiries for wild cucumber vines. We will have a limited number for sale.

Mrs. H. T. Ward is attending the W. I. convention at Edmonton this week. Our roll call delegate Mrs. Rupert will be given at the June meeting, which will be held at the W. I. rooms, the weather being good. The date is Tuesday, June 9th. All members be on hand and enter all the competitions which it carries with it. Refreshments will be served. Everyone arrange for. Everyone is requested to meet at the rooms at 2 sharp on the above date, as we will go out in the afternoon to the picnic ground of the district. Mrs. Wm. and Miss Roberge will entertain the members.

A short time was also spent in the discussion of the proposed Old Time Dance, which is to be held in the near future. This will be the last meeting of the season, as the next meeting will be held in September.

Mrs. Ward has also been asked to have all books in on the last Saturday in June, as the library will be closed during July and August and the books will have to undergo an overhauling and the library staff

The Anglican monthly meeting of the Anglican Women's Auxiliary will be held at the home of Mr. J. Chapman on Wednesday, June 3rd at 2:30 p.m. All ladies of the congregation are cordially invited to attend.

The ORANGE PEKOE is extra good. *Try it!*

Where Co-operation Is Needed

The opinion is frequently expressed that Canada suffers from too much government and legislation, and with a Federal Parliament, Provincial Legislatures and municipal councils all busy, it is not surprising that there is much room for such criticism. Nevertheless, there are many matters which require co-operation between governments, and which cannot be dealt with by any one of them alone. Take, for instance, the question of unemployment. Legislation has been passed by the Federal Parliament, and by the Legislatures of Alberta, Saskatchewan and Manitoba, providing for co-operation between the Federal and Provincial governments in relief works. Under the Unemployment Relief Act, passed by the Federal Parliament, the Federal Government will contribute one-third of the cost of relief works undertaken by the Provinces, municipalities or other public bodies, and the Provincial Governments have passed legislation providing for the payment of the remaining two-thirds. Under the Act, the Federal Government will contribute one-third of the cost of relief works undertaken by municipalities

Egg Preserving

(Experimental Farm Note.)

Cheap Eggs in Winter—Make families, even of farmers and other poultry keepers, have very few eggs to use from October to February, when prices are high. It would be easy for them to preserve and store as many as required, if they would but take the trouble to do so.

Experiment at Cap Rouge—In order to secure information regarding the best methods of preserving eggs an experiment was started in 1916 at the Cap Rouge Experimental Station. Eight methods were tested: 1, wrapping in paper and having underturned; 2, wrapping in paper and turning daily; packing in oats; 4, packing in sawdust; 5, Compose Gaulin; 6, Armstrong Paste; 7, Lime Water; 8, Waterglass.

Results.—It was soon found that the two best methods by far, were the lime water and the water glass. These have been continued to date and very little difference has been found, though different lots of eggs are tested each year by the Dominion Chemist and the Dominion Poultry Husbandman, at Ottawa, and by the Superintendent of the Cap Rouge Experimental Station.

Best Methods.—Use one pound of good freshly burnt quicklime to five gallons of water. Slake the lime with a small quantity of water, just enough to cover it, and then stir the milk thus formed into the water. Keep well covered for a few hours, allow to settle, and pour the saturated water over the eggs. With waterglass use about four pounds to ten gallons of water.

General Advice.—All eggs should be perfectly fresh and if possible from flocks having no male birds. The eggs should be completely immersed during the whole period of preservation, and the vessel should be kept covered. The best temperature though not absolutely necessary, is from 60 to 65 degrees F.

Many Norwegians in the Canadian western provinces are planning to attend the Norwegian centennial to be held at St. Paul, Minn., next month, commemorating the 100th anniversary of the first Norwegian settlement in America. There are in Manitoba, Saskatchewan and Alberta quite a number of prosperous Norwegian settlers, and some of the finest communities in the country have been built up by these people. It is reported that at least 200,000 delegates will be present at the celebration. The United States government will issue postage stamps and medals commemorating the event, and President Coolidge will deliver an address.

PLANTS FOR SALE—Cabbage plants—$1.00 per hundred; cauliflower $1.50; good strong coal frame plants. Ready now. Mrs. R. McGeorge. Telephone 414. 39p

Every Month For Twenty Years

Previous to his death only two premiums (total $347.80) were paid by policyholder 197166. The policy guaranteed a monthly income of $20.00 for 20 years, but, due to its exceptional interest earnings, this Company is now paying to the beneficiaries $34.30 per month and will continue at this rate during the life of the contract so long as there is no material change in the net interest earnings of the Company.

This is 3½% per cent in excess of our guarantee.

Even Abreast!

There is much written to-day about the wonderful strides the dairy industry of Alberta has made in the last few years. A great deal of the credit for this growth is due the farmers for increasing their herds and milking more cows. The manufacturing end, however, has kept in line, and step by step with the ever growing volume, has effected economies in manufacturing and searched out new markets.

This creamery, as heretofore, has the producers interests at heart, and in its own field will always endeavor to make production more profitable.

TOFIELD CREAMERY LIMITED

PROMINENT SPEAKER GOING to AID POOL ORGANIZATION

Word has been received by the pool Organization Committee of the dairy, livestock and poultry pools that W. J. Park, president and manager of the Prince Valley Milk Producers' Association, will make a trip of inspection to the organizations in their dairy districts, which will start June 8th. It is expected that Mr. Park will be here for the first week of the drive. He will address meetings at several places in the province. Mr. Park has had much to do with the success in co-operative marketing of dairy products by the Fraser Valley Association.

Wheat Pool Contracts

Canvassers for the three pools will also carry with them contract forms for the wheat pool, which has now been in operation two seasons. It is possible that many farmers who have not already signed up with the wheat pool may wish to do so, and this will give them the opportunity.

Sign Up With THE POOL!

Contracts Now Being Taken For

The Dairy Pool

Contract five years. Fee $2.00.

The Livestock Pool

Contract five years. Fee $2.00.

The Poultry Pool

Contract five years. Fee $1.40.

Tremendous Progress Made By Canada In Wheat Growing During Past Twenty-five Years

Campaign To Advertise Canadian Vegetables

Object is to Create Nations' Demand For Home Grown Products

Chi Mor (Canadian Press) and vegetables," is to be the key sentence of a Dominion wide advertising campaign to be launched in the near future. The campaign, if the plans of the Canadian horticultural council work out, I. F. Hervey, secretary of the council, has been doing some active missionary work, and is now in British Columbia at the same work. The plan is to raise a large fund from the co-operative shippers, dealers, manufacturers of sprays and fruit growers, and others directly interested in a levy upon fruit and vegetables shipped or handled. This fund is to be used for national advertising of the various fruits and vegetables as they approach the peak of production, in order to induce consumption at the time when the supply is greatest. To ensure the position of any particular organization or shippers, he states that a national fruit and vegetable week would be held, during which time the whole energy of the campaign would be centred on that particular commodity.

Canada's Wheat Exports

American Paper Comments On Canada's Vast Opportunities

Canada is eligible in having a small population on a large territory, Publicity says in the Financial Post (1921) that is a possible [illegible] Canada's wheat exports [illegible] Canada's wheat exports [illegible] Canada's wheat exports

WORLD HAPPENINGS BRIEFLY TOLD

Foreign Minister Stresemann has promised in the Reichstag that the German Government will continue to carry out the Dawes plan.

Canada's trade was two million dollars greater in April than in April last year and the increase was chiefly in exports.

A report that the British Empire Steel Corporation had halted the mission of various Cape Breton leaders to a conference on the coking situation, was officially denied.

The British House of Commons had an object lesson on its business on May 16, when every item on the month was Empire-made and Empire produced.

Indians as well as whites are risking claims in the Dease Lake area, Cassiar B.C., according to a letter from W. S. simpson, the Indian agent at Telegraph Creek.

Twenty thousand French Canadians from all parts of Canada and the United States will congregate in Montreal June 24, to celebrate the first official recognition of St. John Baptiste Day.

Premier Stanley M. Bruce announced that Sir John Lawrence Baird has been appointed governor-general of the Australian Commonwealth in succession to Lord Forster, who has held the office since 1920.

An international exposition will be held in Brussels in 1935 to celebrate the centenary of Belgium's independence. So far 17 countries from all the 53 nations invited have been represented.

The total number of accidents reported and treated in Canada during the month of April in the return just issued by the board of railway commissioners, is 154. Involving the deaths of 12 people and injuries to 199.

An unusual verdict was rendered by a jury at Bridgetown, N.S., when the whole community, whose sum of its findings was found guilty of murder, and the murder of the town council, in early May 1 1915. Dynamite.

Ignace Pat passed the Toronto 25th year in charge of the lighthouse at Manitou Island, Lake Superior, and is probably the only man who is doing this work in the Province of Ontario. Pat has been in the service 2 years and on the capital increased to $1,000,000.

Its security is to be increased by $500,000 to $1,000,000 and the number of directors from 7 to 9. The bank has 21 branches in Ontario and Quebec, and 2 in Alberta.

Increase in the number of persons in receipt of old age pensions during the first four months of 1924 was 21 per cent, its total to June 1924 11 per cent, and its total to June 1924 was 2 per cent over

Fourth Annual Tour To Pacific Coast

SPECIAL TRAIN FROM WINNIPEG via CANADIAN NATIONAL RAILWAYS ENTERTAINMENT PROVIDED FOR AT VARIOUS POINTS OF INTEREST EN-ROUTE.

Personally conducted tours offer the best opportunity for familiarizing oneself with the country traversed. This applies to our own country as well as to the older settled countries of Europe. Canadian National Railway has for many years, commencing usually about the close of school (for the summer holiday), conducted special parties to the Pacific Coast via Prince Rupert The first tour this year will leave on the fourth will again commence at Winnipeg, from which point a special train of modern sleeping car equipment, dining car and radio observation car will leave July 4th. After stopping at various points of interest, the train will arrive at Prince Rupert on July 11th. At this latter point, the party will embark on a palatial steamship for a cruise of 1250 miles through the famous "Inside Passage" to Vancouver. While the tour terminates at Vancouver, those who desire to make a trip to Victoria may have their tickets reading "Victoria" as their destination without any additional cost.

This tour is an outing that appeals strongly to teachers as well as to professional men, and home makers and women.

The local agent of the Canadian National Railways will be pleased to give you full particulars of this tour, including the cost, choice of routes, returning, etc.

THE TOFIELD MERCURY

Big Drive for Pool Members Commences on Monday and Last Three Weeks

VOL. VII., NO. 36 — THURSDAY, JUNE 4th, 1925 — SUBSCRIPTION PRICE, IN CANADA

Come To Tofield July 1st

At an enthusiastic meeting held in Hammond's timshop, it was decided to again hold sports day on the 1st of July. Plans are being made to have a larger and better day than ever before.

Baseball will be the principal attraction, along with Fotball, baseball, horse races and a full list of athletic events

Arrangements are underway to secure the services of the Newsboys' Veteran's Band from Edmonton. A new feature this year will be the parade of decorated automobiles, for which substantial prizes will be offered for the best decorated car. All it regular citizens should now be busy figuring out a plan to use on their cars, and to stir some of the grass money.

Tofield, Lamont, Chipman, and the Edmonton outlaws, will most likely be the baseball talent that will compete for the $200.00 prize money, and with those four teams in the games you are bound to see first class ball.

It is quite likely that a good wind up may will be on the ground this year, as the committee in charge are doing everything in their power to secure one and have a very merrie day of the day chock full of action. Don't forget the date, July 1st, and make it a point to be here and have a real time with thousands of others.

LELAND HOTEL
Edmonton , - Alberta

Opposite C.N.R Station
The cleanest and Most Homelike in the City.
A genteel hotel for Wife, Mother and Sister.
Convenient to the Shopping district.

OLD TIMER PASSES AWAY.

The funeral service for the late Daniel Francis, Tofield old-timer, whose death took place on Wednesday, May 27th, was held on Friday afternoon.

Deceased was born in Perth county, Ontario, seventy two years ago, where he obtained his early education. Later, receiving his Arts degree at Toronto university, he taught school in Ontario for several years. Later he went to northern Saskatchewan. In 1911 he brought his family to Edmonton, where he was principal of Edmonton high school for some time. Thirty years ago he moved to Tofield, where he has since engaged in extensive farming operations. Because of his active interest in all things pertaining to the welfare of the district he held his position as chairman of all who knew him. He leaves three daughters and five sons—Mabel and Mrs. H. W. Leonard of Tofield; Mrs. C. R. Hodges of Mainstone, England; Henry, James, Arthur, of Tofield, George of Peace River, and John of St. Paul de Metis.

The funeral service, conducted by the Rev. R. G. Watt, was held from the United Church, Tofield, at 2:30 Friday afternoon. Messrs. F. Chalk, R. F. Smith, G. Richardson, W. Thompson, John Cray, and A. Kellow acted as pall bearers. Interment took place in the Tofield cemetery, beside the graves of his wife and daughter Rose, who had preceded him by three years.

EXPLANATION

We regret that a mechanical break down that occurred on Tuesday, prevents us giving our quantity of news

The Tofield baseball nine met Vegreville on the local diamond and effected a very close game won by the score of 8—7.

Among toots attending the Norse Centennial being held at Minneapolis this month, are Lacy Johnson, J. B. Anders n, Mr. T. R. Swan, Miss Rosena Mr. A Barrett, Mr Paulson.

Rev. Watt left for Toronto on Monday morning. He will attend the Presbyterian Church Conference.

Mrs. A. W. Wallis is spending the week at Viking.

The championship tickets have arrived and if there is no championship representative here in a few days, a meeting will likely be called of the guarantors. The championship dates this year are July 6-7-8-9-10-11 inclusive.

ANSIK CREEK
WEDDING
Holcombe—Gatte

A quiet wedding was solemnized by the Rev. G. K. Bienkle in his home in Ryley last Saturday evening when Mrs. G. Holcombe was united in marriage to Mr. Ulrick Gatte from Viking. Those present were Mr. and Mrs. M. Sand on Sunday a fe

It ends and relatives were invited to a wedding dinner at the home of Mr. and Mrs. Sand. Those present were Mr. and Mrs. R. E. Berg, Mr. Peterson and Gunvald, Barber Holmes, Mr. Tosky from Edmonton and Mr. Johnson from Valley M. and Mrs. Gatte left for Viking on Monday morning where they will make their home on a farm nearby

Mrs. J. H. Olson returned from California after a six months visit. Also reports of having had a fine journey coming home.

Many of the Ansiek Creek people attended the funeral of Mr. Tofteno on Sunday last, held in the Ryley Lutheran church. The deepest sympathy is extended to the family bereaved.

Mr. J. [illegible] Carrie [illegible] A. Finney last Wednesday. It was decided to put off the re-entry date and work, but the rain made it necessary to postpone the meeting.

Mr. and Mrs. John Yoder entertained a number of brothers and sisters and their families at dinner on Sunday, there were thirty guests.

Mr. Tosky came from Edmonton on Saturday morning to get his car and had to leave it this time also on account of more rain. He entrained for the city on Sunday evening.

The carpenters have now completed A. Patterson's barn and have now started construction at R. O. Berg's on Tuesday.

Mr. Tosky and Miss E. Holcombe were visitors at the L. Anderson home on Saturday.

Mr. and Mrs. Lagergren from Edmonton were visitors at Mr. and Mrs. P. Ans. on Sunday, returning in the evening.

HARDO

Mr. Ness of Bardo and Mr. Peterson of Round Hill left on Monday morning for Ostheos, Saskatchewan. They go as delegate to the Lutheran conference, after which they will go to Minneapolis, Minn. to the Norse Centennial celebration which takes place on the 8th of this month. They will be away about three weeks.

Mrs. M. Sand on Sunday a fe

RED ROSE COFFEE "is good coffee"

"Don't's" and "Do's"

With the running of the summer vacation period, the up-kind of vacation begins the shortage of people to work, and the vacancy created is immediately filled by the labor saving machine. The above picture is one of these progress and health giving pursuits found in the valley of those Irish peasants who in spite of poverty and misfortune manage to keep their spirits up and health and strength to enjoy life. Love is to be found in cottages as well as palaces.

People living in the cities and towns with all modern conveniences at hand should have a good idea of the many duties and rights of citizenship. Many are responsible for the sanitary degree of good health and for advising on right living and how to keep the relationship to the consumer and others afford. Because of these facts everybody it has been deemed advisable to have this information which has been compiled by insight and experience and brought to date.

Quite a few don't's are dug up from the past, and we must consider them a harmonious but all one respect only the things which ought to be done are mentioned.

Fourth Annual Tour To Pacific Coast

SPECIAL TRAIN FROM WINNIPEG via CANADIAN NATIONAL RAILWAYS. ENTERTAINMENT PROVIDED FOR AT VARIOUS POINTS OF INTEREST EN ROUTE.

Personally conducted tours offer the best opportunity for luxurious travel with the minimum of fatigue. This applies to our own country as well as to the older settled countries of Europe. Canadian National Railways has for many years catered successfully after the close of school to the needs of holidayers, conducting special parties to the Pacific Coast to Prince Rupert. The tour this year which will be the fourth will again commence at Winnipeg, from which point a special train of modern sleeping car equipment, dining car and auto observation car will leave July 7th. After stopping at various points of interest, the train will arrive at Prince Rupert on July 11th. At this latter point the party will embark on a palatial steamship for a cruising of 700 miles through the famous Inside Passage to Vancouver. While in that connection it may be stated that those who desire to make a trip to Seattle can have their tickets read to that city at their destination with no additional cost.

This letter is in noting that appeal has been made to leaders as well as to many others, and lessons may be had without.

The local agent of the Canadian National Railways will be pleased to give you full particulars of the tour including the cost, choice of routes, stopping, etc.

Lost.—Four year old cow; red and white; due to freshen soon, last seen down about the 10th; brush gone from tail. Finder please notify J. Hobson, Tofield.

Norsemen In Canada

(Written for "The Last West," a Canadian National Railway Publication by Ingvar Olson, Winnipeg.)

THE NORSE-AMERICAN Centennial, being held in Minneapolis and St. Paul, Min., from the 6th to the 9th of June, in commemoration, of the landing in New York, in October, 1825, of the first ship load of Norse immigrants on this continent, offers this publication of the Canadian National Railways an acceptable opportunity to make special mention of the Norsemen in Canada, inasmuch as our citizens of Norse extraction will play an important part in the centennial

The centennial should not be confused with the landing of the first Norsemen on the North American continent; this, as will be shown, being an event of much earlier date. The first white man to behold America was a Norseman, and the first white man to set foot upon the soil of America was also a Norseman. After the discovery of Greenland by the Norseman Erick the Red, in the year 981, two Norse colonies were established on the western coast of this land.

In the year 985 a Norseman, Bjarne Herjolfson by name, went from Norway to Iceland to visit his father. Arriving at the lonely island, he found that his father had already sailed for Greenland to settle there. Bjarne then upon immediately set sail for Greenland, but was driven out of his course and after drifting across the Atlantic for several days, he sighted an unknown land. Anxious to reach Greenland as quickly as possible, he did not go ashore in this new land but changed his course northward and arrived in Greenland after several days of continuous sailing.

The new land Bjarne Herjolfsson had seen was America. Thus Bjarne Herjolfsson was the first white man to behold this continent. The rumour of Bjarne's sight of a new land spread through the Norse colonies in Greenland and reached the ears of Leif, son of Eirik the Red, the discoverer of Greenland. Lief visited Bjarne and Herjolfsson, informed himself as to the sailing course to the unknown land and bought Bjarne's ship.

Erickson First to Land

In the year 1002, Lief Eiriksson set out from Greenland with his ship and a crew of thirty-five men. They came to the lands which Bjarne Herjolfsson had seen and after having sailed for several days, they landed. They found wild grapes in the new land and called it Vinland (Wineland).

Thus Lief Eiriksson was the first white man to set foot upon the soil of the North American continent, and is now honored as the man who really discovered America, some five hundred years before that courageous Spaniard of egg fame landed upon his island in the West Indies.

The preponderance of historical opinion has located Lief Eiriksson's Vinland on the Atlantic coast in territory now comprised by the Dominion of Canada and so the first white man to set foot upon Canadian soil was a Norseman.

For more than 900 years, Canada has been the stamping ground of Norsemen; down through the centuries the shores and inland territories of this Dominion have been visited—more or less regularly—by men of Norse blood.

Norse Expedition by Hudson Bay

There is overwhelming probability that a Norse expedition in the middle of the 14th century came from the Hudson Bay and penetrated into the heart of the continent by the Nelson river, Lake Winnipeg and the Red river into Minnesota.

It is on record that the Norse Greenlanders regularly made expeditions to the Labrador coasts and farther south to obtain timber. For in the earliest days of the Hunsons' Bay Company, Norsemen have been sailing upon the waters of the Hudson bay in the service of that company. The trading post, Jack river, was long ago renamed Norway House, "in honor of the large number of Norwegian recruits in the service of the company." It may be of interest to know that the famous York boat is an adaptation of a typically Norse type of boat.

Norse Among Early Pioneers

In the days when Winnipeg was young, and the steamboats were plying the waters of the Red River, Norse sailors were among the crews of the steamboats.

When the first band of steel was being stretched westward from Winnipeg, across the sparsely populated prairies, Norsemen in great numbers were in the railing railroad gangs.

Norse immigration to Canada in modern sense dates back some thirty years. During the last three decades a steady stream of Norse settlers has flowed into the Canadian West, both from Norway and from the republic to the south of us. By far the greater number have come from the United States, many of them entering as United States citizens whereby their Norse extraction has been lost officially. Official figures placing the number of Norse-

Continued on page 6)

News From The Country

KETCHAMONT

News have been a scarce article the last few weeks, but this week we have endeavored to scratch up a few items, but our annual pest the caterpillars are very numerous and doing their destructive work, also making life very uncomfortable for the ladies. The cutworms, too, are very numerous, but we are very thankful for the beautiful rain of the past two weeks—there is moisture enough now to almost guarantee a bumper crop.

Miss Mabel Dickson of Edmonton spent several days last week with her sister, Miss Jean Dickson, at the W. A. Mitchell home.

Mrs. M. Ingram of town and her daughter Mrs. Carrie Overton of Carbella, Iowa, are visiting their friends and relatives in our district. Mrs. Overton was a resident of our district some eleven years ago.

Leslie Coombes returned home last Thursday from Portland, Oregon.

Mrs. Leslie Salsbury and little daughter, Helen, returned to their home at Clyde, after spending a few weeks with Mrs. Salsbury's mother, Mrs. D. H. Mitchell.

Mr. and Mrs. Paul McMullen and family were guests at the McMullen home on Sunday.

Mrs. Carlisle took charge of the Sunday school on Sunday, she being the only adult present.

Mr. and Mrs. W. A. Mitchell and daughter, Mr. and Mrs. D. H. Mitchell, Mr. Salsbury and daughter and Miss Jean Dickson, spent Thursday evening at the home of Mr. and Mrs. Hugh Mitchell helping Mr. Mitchell celebrate his birthday anniversary. Many happy returns also from the friends.

Mr. Tom Shiels entertained the I.A.C. at her home on Thursday afternoon. Despite the showers and cool weather a goodly number was present and a pleasant afternoon was spent.

We are tempted to tell on some of our new bobbed hair ladies but have had experience enough to know "it never pays."

Miss Mabel Lawson and Marjorie Gray left for the Normal course last Tuesday and are now home. We wish them very success in their chosen profession.

KINGMAN

The famous accordeon players, O. Bowen and H. Arnquist will hold another dance in Kingman on Thursday, June 25th. Both Scandinavian and English dance music will be furnished. A good time is assured to one and all. Come and enjoy yourself.

Miss Mulford Bone is left for Innisfree on Monday evening to visit her sister, Dora, who is teaching school there.

On Monday afternoon some of the Kingman ladies children motored to Roundhill to play a couple of games of ball. In basketball a close game took place the score ending 8—2 in favor of the Kingman girls. Miss Gaines of Roundhill was the referee. The baseball game was still more exciting the score for awhile being 2—2. At last the tie was broken leaving the score 8—7 in favor of Kingman.

The Grain of Kingman is building a two room shack and expects to have it finished very soon. The contract is M. Detwiler.

John Erickson is helping D Samson in his store in Kingman for awhile.

Charlie Algre of the Cameron Manning Sutherland Lumber Co. made a trip to Kingman on Monday

J. L. Yoder of Grandforks is building a modern two story house, 24x32, for lumber being sold by the Manning Sutherland Lumber Co.

Farmers and business men are wearing a smile these days; the crop prospect have never been better for years, owing to the frequent rains we have been receiving

E. Erickson is building a modern bungalow 24x26 on the corner of Poulson street. Roy Melvin being the contractor. Kingman's growing slow but sure boy at

Picnic June 24th

The big drive for dairy Herdsick and pool members have been temporarily halted due to the rainy spell and the poor condition of the roads, but as soon as the roads become passable for automobile, pool canvassers will be out hot foot for signers. The present drive is the culmination of many years of effort on the part of U.F.A. workers and if the farmers do not respond to the present opportunity it is likely to be some time before such similar widespread effort is made. Like everything that is new, opinion varies as to its success, but in any event, farmer leaders have brought a co-operative scheme to the stage where the farm populace can say either yes or no.

The workers in this district will be under the chairmanship of John Ion Ferguson with J. L. A. Hingston as secretary. Among those who will canvas are, J. Ingram, Al Shultz, J. B. Warner, Chas Moon W. Abernethy, Alf Williams.

Local to Have Picnic

Plans are underway for a big picnic to take place on the Tofield exhibition grounds on Wednesday 24th. The Strode local of the U.F.A. will take part in this and everybody is invited to attend. There will be many sports of various kinds, a tug of war programme committee having been appointed.

At the picnic it is expected that there will be speakers of note.

Mrs. Young and daughter of Edmonton are visiting at the John Rose

Perhaps you are using good tea. We think "Red Rose" extra good. Won't you try it?

RED ROSE TEA "is good tea"

The same good tea for 30 years.

NORSEMEN IN CANADA

(Continued from page one)

men in Canada at some 60,000, are therefore too low. The actual number has been estimated at twice that figure.

Today Norsemen are to be found in every province in the Dominion, in the Yukon and the Northwest territories. Wherever the pioneers have pushed on toward and northward to the uttermost boundaries of white man's land in this dominion, Norsemen have been among the first to be there.

Scandinavians, that is: Norsemen, Icelanders, Swedes and Danes, constitute—after the British—the largest group of New Canadians, and of the Scandinavians, the Norsemen are the most numerous, the majority having settled in the prairie provinces as farmers.

Industrious and Thrifty

No land has given to the new world so large a percentage of agriculturalists, in proportion to the total of immigrants, as Norway. As agriculturalists, the Norseman undisputably rank among the foremost. Industrious, thrifty, physically strong and eminently fitted for the Canadian climate, the Norse farmers have fared well on the prairies of Western Canada.

Preferably settling in colonies, the Norsemen love to build up settlement after settlement throughout the length and breadth of the west. Contrary to a great deal of misconception, or misconception, the building up of colonies has not so far as the Norseman is concerned, had any retarding effect upon the Canadianization of the new settlers. On the contrary, wherever one finds a strong colony of good Norsemen, true to the traditions of their mother country and loyal to the ideals of their own nation, one can be assured of finding the best new Canadians, with the greatest respect for and loyalty to everything that is Canadian, which is only natural. "He who lightly tears the bonds of national affection, spits in sentiment, will be the last to be bound by new bonds."

A Deeply Religious People

Besides, the intention and purpose of forming large and strong Norse colonies in this country is not to create any "New Norway" or "Little Norway" in this land. It is a deeper meaning and a more worthy purpose. The Norsemen, being by nature and education a deeply religious people, have brought with them the faith of their fathers and their church, and it is for the purpose of joining hands in the building up of strong, well organized congregations, and the erection of churches that this desire to settle in colonies is so pre-eminently strong in the Norse hearts.

It is significant of Norse character that the Norse pioneers in Canada—as in the United States—have started to build their temples of worship even before they have been able to provide themselves with more than a humble shelter. The many fine Norse church buildings throughout the West are monument-like evidences of the loyalty of the Norse pioneers to the faith of their fathers and the deepness of their religious lives—most desirable traits in any New Canadians.

Among the oldest Norse settlements are the Bella Coola settlement on the western coast of British Columbia, and the Bardo and the New Norway settlements on the Canadian National Railway south of Tofield and Camrose respectively. The Bella Coola valley was opened up and settled by Norsemen in 1890; the Norsemen were the first white settlers in the valley. The Bardo and New Norway settlements were started in 1893, the pioneers trekking in from Wetaskiwin.

Following a description of various districts the writer says:

The Camrose district in Alberta, in which is included Camrose, Bardo, Tofield, Ryley, Viking, Bawlf, New Norway, Crooked Lake, etc., is situated 50 to 66 miles south east of Edmonton. In the history of Norse Canadian settlements, the Bardo settlement is easily the oldest because the first congregational organization took place there among the Norse people in Canada. Rev. B. Anderson organized the congregation here and is looked upon as "Father" of the settlement. The immigration of Norse people into Alberta began in 1894. The first church service was held in P. B. Anderson's pioneer hut in 1896. In 1911 Camrose college was founded at Camrose, and Rev. J. P. Tandberg was the first president.

U.F.A. MEETING

The monthly meeting of the Hay Lake U.F.A. was held on the 6th of the Hay Lake Times on Saturday afternoon.

A letter was read from the Legislative Commission regarding the boundaries of the district that would vote on local option if the farmers' meeting asked for a vote.

The letter did not appear clear on the subject now whether the whole municipality of Cornhill would have a vote, or only the division in which Hay Lake lies. It being taken up with the commission again. However the meeting was "the opinion that the entire municipality of Cornhill will have a vote.

Twenty five per cent of the persons on the last revised assessment roll will be required to sign a petition against the granting of a beer license in Hay Lake before a vote will be taken.

After considerable discussion, a considerable a resolution was passed in favor of circulating the petition in the division in which Hay Lake is situated and a meeting be held [illegible] for next saturday to finally settle the matter and decide upon the campaign

WORLD HAPPENINGS BRIEFLY TOLD

Sir Edward Grigg (Liberal) member of the British Parliament and former private secretary to Lord George, has been appointed governor of Kenya.

All the defendants in the trial growing out of the assassination last November of Sir Lee Stack, Sirdar of the Egyptian army, were found guilty of murder.

The Toronto Women's Liberal Association has passed a resolution for the Lucien memorial membership fund. The association undertook to raise $1000 and has received $1142.

Representatives of Belgium have presented memorials on each Dominion in the British empire, a token of personal sympathy at the death of the late Albert.

His ministerial life has lasted only for the impressive side-barge of the additional troops with Bulgaria had benefited. This is due to the refusal of the ambassadors council to permit help for her enemies.

The Duke of Devonshire, who was governor-general of Canada from 1916 to 1921, celebrated his 67th birthday May 31. He has recovered from the illness which befell him in Ireland some time ago.

Finance Minister de Seguin has announced to the Chamber of Deputies, Rome, that the banking firm of J. P. Morgan and company had granted a credit of $50,000,000 to a consortium "for the benefit of the mixed Italian-Belgian loans."

No end and third reading was given on the house to a bill amending the Canada Evidence Act, permitting the accused or a person on his behalf to give sworn evidence but the accused may voluntarily give his own evidence given by him in any other proceeding.

The British Legion conference has passed a resolution "in favor of compelling employers ... to employ ... ex-service men in their proportion to the number of ... employed ... before the Great War." The resolution ... "further urges the ... Government of no service men by means ... special assistance in procuring employment."

Italy's Prospects Are Bright

Country to Prosperous and People Healthy and Happy

Italy is from one of the most prosperous European countries. She has neither street for wars nor civil and from industry, but she has a healthy, happy and prolific people.

Her population increased at the ... by 2,000,000 from Austria Hungary, is now equal to that of France. The birth rate in 1913, the ... was 32.4 Italy is increasing ... by 400,000 a year.

France's figures are ... for war ... of effort in ... wealth ... Italy's figures are ... Italy's ... figures with apprehension. It is supposed ... Italy is ... to her rivals." Robert Sommerset in ... Monthly.

Canadian Banking System

Very Superior to U.S. in Spite of Recent Failures

There were 21 bank failures and 1929 commercial bank failures in the United States in April. Probably many of the banks were small local concerns but the suspensions and consolidations are said to affect the best banks as well. Yet Canadians may ... and boast ... loudly of the superiority of their banking system, but it has never been heard much in the commercial ... and the power of stability ... it is something to be said for the ... system ... the ... Canada ... survived the ... crisis.

Buffers vs. Links

One frequently reads of buffer states, small countries, which, lying between two larger ones tends to keep the larger ones apart, and from quarrelling.
But far better than a buffer, is a link, for a link binds, whereas a buffer separates.
This creamery is the important manufacturing link between the producer and the consumer of dairy products. For the producer we search out new markets and maintain the highest standard of quality possible.
We also give highest possible test and grade for cream received, courteous treatment and prompt payment.

League of Nations Gains Ground Although Facing Difficulties

Professor Stephen Leacock in Montreal Universal is reported as taking a rather pessimistic view on the possibilities of the League of Nations which prevent condemnation. While he says a strong supporter of the League of Nations he declared that he had no confidence in it as a means of settling disputes between nations. Commenting what Lenin was before the war was rather general surprise to learn that he was a man of wide culture and considerable literary ability. He was not known as a writer of fiction, but his books were widely read and highly appreciated.

Trade With North Country

Trading More With United Kingdom and Less With United States

Canada is trading more with the United Kingdom and less with the United States. The Canadian trade with the United Kingdom has increased by 10 per cent. and the trade with the United States has decreased by 10 per cent.

Cuticura Clears The Skin Of Blemishes

If you have pimples or red, rough skin you can rely on Cuticura to help you. Gently smear the affected part with Cuticura Ointment, after two minutes, wash off with Cuticura Soap and hot water. Dry without irritation.

Delegate From B.C.

Hugh Savage, Minister of the W.M.N.A. for British Columbia and Principal of the Victorian Leader, Duncan, B.C. Mr. Savage will attend the New Year's Conference at Whitehead on January 2nd and 3rd.

Recalls Frog Lake Massacre

Address Given By W. B. Cameron Son Survivor of Massacre

Many interesting incidents in the Frog Lake Massacre were recalled by W. B. Cameron, son of the late Rev. John Cameron, who was one of the survivors of the massacre. Mr. Cameron was a boy at the time of the massacre and was taken prisoner by the Indians. He was released after the massacre and returned to his home in the East. He was a member of the Canadian Parliament for many years.

Improvements For West

Small Amounts Voted in Estimates Made For Necessary Work

The Government has voted small amounts for improvements in the West in the Estimates. The amounts are small but they will be spent on necessary work. The Government has also voted small amounts for improvements in the East.

HEART TROUBLE SHORTNESS OF BREATH

Mrs. Annie E. Lawrence, Mount Forest, Ont., writes: "I was troubled with heart trouble and shortness of breath. I could not sleep at night. I had to sit up in a chair. I was very nervous and irritable. I was advised to try Milburn's Heart and Nerve Pills. I did so and found relief after taking the first box. I have taken six boxes and am now well and strong. I can recommend Milburn's Heart and Nerve Pills to anyone suffering from heart trouble or shortness of breath."

Price 50 cents per box, 3 boxes for $1.25, at all dealers or direct from The T. Milburn Co. Limited, Toronto, Ont.

MILBURN'S HEART AND NERVE PILLS

Ideas Are Often Valuable

Prospectors are not the only ones who get ideas. Everyone gets ideas sometimes. The trouble is that most people do not know what to do with their ideas. They think that ideas are worthless unless they are patented or copyrighted. This is a mistake. Ideas are valuable even if they are not patented or copyrighted. The value of an idea depends on how it is used.

Catches Huge Fish

A sturgeon weighing 200 pounds was caught in the Fraser River recently by a fisherman named [illegible]. The fish was sold to a local dealer for $100.

RAIN STOPPED CATERPILLARS

THE CATERPILLARS seem to have temporarily stopped if they have not been entirely subdued by the recent rains. They had begun to destroy the foliage of the maller poplar trees in many parts of the District when the rain and cool weather put a stop to their activities. Water is the caterpillars greatest enemy. The mosquito has also been quelled protem but it is probable that a few hot days will bring out another brood of these.

There are no doubt a number of farmers who have specid shade trees or hedges that they wish to save from the ravages of the caterpillars, and for their ben fit we print the following.

Ther are many formulas for the destruction of caterpillar, but the following is about as good as any. 1 lb of lime stone, 4 lb of slack lime, 40 gal of water. Dissolve the blue stone in four of five gallons of water and then pour this solution into 16 gallons of water; then pour the bluestone solution into a barrel with the slack lime solution. This is then used as a spray on the trees affected.

SPEEDING

WISE MEN of the east—and west—doctors and such like, are continually telling us that the people of America are living too fast. That not nearly sufficient time is given to rest and even our meals are gobbled down by the time limit method. There is probably an exaggeration in some of their statements. But at the same time we do seem to pay less attention to holidaying than the people of other countries. We have plenty of sport of course, but even this is filled so full of "pep" that it constitutes a drain upon the physical and nervous system instead of being a means of obtaining more energy and strength.

To a large number of rural dwellers, for a number of years past, the chautauqua has provided a welcome to the toil of summer is pleasantly interrupted with a delightful "break." At a very moderate cost we have complete change of menu [illegible] holiday) with no more [illegible] than the simple coming and going. [illegible] will entertain you for [illegible] and there is no doubt that [illegible] this ticket is the smallest thing a [illegible] another chautauqua gathers are illimitable.

THOUGHT MEANS life, since those who do not [illegible] do not live in any high or real sense. That [illegible] makes the man.

The Five Daddy Long Legs", which will bring the characters of Jean Webster's famous book to life at Chautauqua.

Strong For Confederation

Inhabitants of Labrador Would Favor Confederation With Canada

Confederation with the Dominion of Canada as a means of solving some of Labrador's chief problems, was advocated by Dr W T Grenfell, of Labrador fame, who arrived from the Orient recently

"I have come to this conclusion," he said, "after talking and living with the fishermen of the Labrador coast They are too per oral strong for confederation and it is my personal opinion that Labrador would be better off as a part of the big country. At present the Labradorians on the coast are not well informed [illegible]

To Eliminate Poison Gas

Canada Favors Idea of a Conference To Be Held At Washington

Canada at Geneva received to-day from Ottawa instructions to support the proposal of Britain, Italy and Japan to hold in Washington a conference to be held in March on the use of poison gas in warfare, the said question having been advanced by T. E. Burton, the United States representative at the present session of the League Council as a result of the Canadian delegate, Dr. W. A. Riddell supporting the proposal of Mr. Burton. He recalled the part Canadian soldiers had played in the first Canadian attack when the first use of poisonous gas was made, when it was prevented from the German trenches at Ypres in April 1915 [illegible]

Many Attend Picnic

MR. SHIELDS DELIVERS AN ADDRESS ON CO-OPERATIVE MARKETING

Whatever other powers they may possess, the Tofield and Bardo U.F.A. locals certainly are on good terms with the weather man as out of a number of days, such one unsuitable for picnicing, they chanced upon the one day that was ideal.

With beautiful picnic weather in its favor, the picnic on Wednesday was a success. About noon a large number sat down to a real picnic dinner with coffee piping hot and food of the most substantial kind.

This was followed by a ... during which those present freely mingled and engaged in conversation.

At 2:30 Mr. Shields, the U.F.A. worker delivered an address on co-operative marketing, which was listened to with much interest. Most of Mr. Shield's address was along well known lines, but he struck a new note when he stated that of necessity, the pools were indefinite as to the actual returns to be taken. He made it plain, however, that those cooperating the pools needed the same assistance as the average farmer and they would not do anything that would be to the disadvantage of the farmer. It was simply a question of getting together for their mutual benefit. The pool system was absolutely sound.

A ball game was then played between Bardo and ... in which Bardo ... the honors by a score of 11 ... 8.

Mr. Houston, secretary of the local pool committee had a ... on the grounds and signed up quite a number of farmers. He had also quite recently sent in a batch of fifty contracts. He stated that those who signed one contract, generally signed all three, and a number of people were calling for a fourth dealing with ... grains.

During the afternoon the local business houses were closed to allow the business men to attend the ...

... the assets and liabilities of ... society and such liquidator or ... liquidators so appointed, shall have ... full power and authority to sell and ... dispose of and convert into money all ... the assets and property of the society, and shall apply the same ... for ... the same will extend, first in the payment of his or their remuneration, to be fixed by the minister, and second by, in payment of liabilities of the society, and the surplus if any, shall be paid into the general revenue fund of the province.

It is common knowledge among old members of the Tofield Agricultural Society that it is an impossibility to finance a fair on the present government grant, but if there is anything ... regarding this matter which is not entirely clear to you, please call on me and I will be glad to furnish all possible information. This is being done in a legal way under the direction of the provincial government and I would not like ... see any dreadful ... or misunderstanding ... regarding the matter.

Yours very truly,
D. E. BALL

Local Sport News

The Tofield Baseball nine met up with an Edmonton all star team organized by the famous Duke Keats at Edmonton on Sunday and romped home easy winners by a score of 9—4.

It took the Tofielders an inning or two to get their bearings, but once they got going, the brilliance of the all stars was dimmed.

Lee handled a steady game and had the Eskimo sharp-shooters breaking their backs trying to solve his assortment of floaters. He was backed up by sparkling support for a greater part of the way and deserved to win his game.

In the early stages of the game Edmonton had a lead of 3—1, but in the seventh Tofield cut loose and pushed over a victory, finally winning the game by the above mentioned score.

Tofield line-up—Ball, c.; Lee, p.; Calvert, ss.; Jackson, 1st., Ostlund, 2nd.; Reed, 3rd; Mann, rf.; Lawson, cf.; Humphrey, lf. Spare, Lord.

Tofield, much below strength, played a return game with the Camrose Elks on Monday evening, but were beaten by a score of 17—9.

The Camrose team are a clean bunch of ball players and are able to give a game to any aggregation in the province.

TENNIS NOTES

On Thursday last Tofield players journeyed to Camrose to compete in the B event of the provincial series. They were successful in winning both men's and ladies double events but lost the ladies' single and mixed double. The men's single were not played.

The tennis Club now numbers about fifty members. There are three courts, cement, cinder and clay.

In the Alberta interclub series, Tofield won out in both inter town matches with Hay Lake, playing home and home games. Hay Lake played here on May 24th and Tofield played at Hay Lake on June 11th.

Holden won from Ryley in default and now plays Daysland.

Don't forget the opportunity for school children to play tennis. One dollar for membership for July and August.

We would like to see some more spectators. There is no entrance fee collected and there are between prizes.

Tennis is becoming the greatest inter town "get-together" medium in the country.

We want some more members from the country. It is reported that Jack Leahy is getting into trim! Andrew Scott is precisely reaching him.

... on Friday night in spite of the heavy shower in the evening

The P.D. Lethbome family and Mr. and Mrs. F. E. Hills were guests in the H.E. Brunneman home on Sunday.

Mrs. Yoder sent, and Mrs. J. E. Kauffman are in Iowa visiting Mrs. Yoder's sister.

Indian's Latest Invention

Driver Balances "Unicycle" With Body and Uses Feet as Brakes

An Indian on the unicycle has been invented by Lincoln Gilsinger, an officer in the motorcycle police corps of Milan, Italy. The unicycle consists of a large steel hoop and an engine resembling a bowl fitted with a pneumatic tire. The engine, steering wheel and driver's seat are constructed within the circumference of the big hoop. The driver balances himself on the machine while the engine does the rolling, which is attached by inserts. The driver boards the machine if it is not already in motion, and once he has started the machine, it requires little skill to keep it upright.

FORCE OF EXAMPLE

DURING THE week and the writer had the privilege of staying at a city home, which among other things, had a nice lawn and garden. There was, nothing elaborate, but one of those cottage gardens that look nice without planning and perseverance, coupled with a little hoe and hoe in due season produced its reward.

In conversation the host told me that prior to his taking up residence there, his neighbor had been content to leave his own lot alone, but since the advent of flowers and shrubs on the speakers lot, the neighbor had dug, hoed and planted until now there was a friendly rivalry as to who had the best garden. Appearances seemingly count for more in the city than in the country. Perhaps it is because there are more people to see the effects of decoration However, isn't there a thought here for the rural dweller also?

The farmers busy season is from spring to fall, and to a large extent into those few months he has to crowd sufficient other pressing labor, to keep himself and his family throughout the year. Therefore, while many of our farmyards denote the negligence of appearance so readily, the farmer as a whole deserves considerable credit for what he as well as we has. But the fact remains that much can be done in improvement in the way of appearances, horticultural or otherwise, there is a strong temptation for your neighbor to do likewise. Thus, when about these lines you do you self a personal service, you are also in no small degree doing a public service.

That it is good to improve one's property permits of no argument for a "What's the use," policy never accomplished anything worthwhile yet.

The MacDonald Kiddies, who will be the attraction given at Soldiers' and Sailors' Park on Dominion Day, under the auspices of the Chautauqua Association.

Caron Light, Water and Power Plant

The CARON PLANT is the result of years of severe test and development, bringing it to its present perfected state. It will give you more. It will furnish electricity for operating electric iron, toaster, city conveniences in the country. It will light your home and build washing machine, etc. It will also operate milking machine and in addition will furnish both power to run wood saw, grinder, churn, etc.

Can be supplied either as a separate complete Electric Lighting plant, Water Supply system or Farm Power Plant, or all combined as one here

Bee Culture Is Found To Be Most Profitable In The West Owing To Ideal Conditions

[illegible] Why should people pay out thousands of dollars each year for sugar when the sugar bill can be reduced to astronomical proportions even eliminated altogether, by bee culture?

This is the question propounded by Dr. F. A. Huntley, Home Jun, secretary of the Saskatchewan Beekeepers Association.

Dr. Huntley, answers with the optimism that there isn't any reason that he can know why he should be in debt why people in the Canadian west should pay out large sums for imported sweets annually. To back his contention he points out:

That although the honey making season in Alberta is [illegible] Saskatchewan and Manitoba [illegible] the bees have [illegible] per cent more [illegible] Ontario and Quebec [illegible] Alberta Honey is only second to the Lower Mainland [illegible]

WORLD HAPPENINGS BRIEFLY TOLD

Robert E. A. Loud, one of Canada's foremost lawyers, men and one of the best judges in the continent died in Toronto Jan. 14.

Henry Ray Dutch, of Milner, B.C. Search your medical books at McGill University, will represent Canadian rail entries at Wembley during the month of August.

Prof. Basil Williams, of Montreal is seriously ill, to succeed Sir Richard Lodge, who is retiring as head of the department of history at the University of Edinburgh.

Persia has withdrawn from the arms embargo because of the conference decision that Persian ships in the Gulf of Persia could be searched if suspected of engaging in forbidden arms traffic.

The tomb of Virgil at Naples has been purchased by the Italian government and a large sum will be expended in restoring the ancient Latin poet's resting place as part of this year's celebration to his honor.

Mrs. Charles Dowding, wife of Rev. Dr. Dowding, has been appointed to the Senate, making the first time a woman has been called to the upper chamber.

Sir Edward Kemp, Canadian representative on the Imperial War Cabinet, has returned to London after a visit to Canada, during which he addressed a number of meetings in the interest of the Victory Loan campaign.

Mrs. Nellie McClung, well-known Canadian author and lecturer, has been appointed by the Alberta government as one of the delegates to the League of Nations.

Many Compliments For Empire Exhibition

Wembley Show This Year Could Not Be Improved On

Dr. Basil Lake, Commissioner-General of the British Empire Exhibition which is to be opened by the King at Wembley on April 23, has returned from Canada, where he has been in touch with the Dominion Government and the Provincial Governments, to carry out the arrangements for the participation of the Dominion in the Exhibition. Dr. Lake has been much impressed with the keenness displayed by the Canadian Government and the Provincial Governments, and with the enthusiasm shown by the Canadian people generally. He has received many compliments on the success of the Exhibition, and he is confident that it could not be improved upon.

Believe In Success Of Non-Stop Flight

French Aviators Preparing For Paris New York Trip

"One chance of success we see in 100, and that is sufficient," said Paul Tarascon, who, dashed smiling, when questioned about the proposed Paris New York non stop flight which he and another war ace, Francis Vill, will attempt this summer.

"The big jump can be made—given a smooth working motor and a sound machine—but the chances are more than seven to one against success. Still one chance in 100 is sufficient, and we are going to make the attempt. Enjoy? No chance at all. But running up the names while plane builders are putting the finishing touches to the machine. The latter part of July has been fixed as the probable date."

The three rival lines of rail and rail with the plane must start. We must start, prove it a problem. How to start this hazard without interfering with the rights of the planes is taxing the ergs this month itself.

Buffers vs. Links

One frequently reads of buffer states, small countries, which, lying between two larger ones tends to keep the larger ones apart, and from quarrelling.

But far better than a buffer, is a link, for a link binds, whereas a buffer separates.

This creamery is the important manufacturing link between the producer and the consumer of dairy products. For the producer we search out new markets and maintain the highest standard of quality possible.

We also give highest possible test and grade for cream received, courteous treatment and prompt payment.

TOFIELD CREAMERY LIMITED

Dependable Merchandise

In these days of keen competition, when manufacturer vies with manufacturer for orders, there is a tendency for manufacturers to produce for price as against producing for quality. Those in the business know that a low price will never permanently dethrone good quality, but in this regard the general public is only protected by the vigilence of the retailer. The goods we buy and sell are of first quality. Our long experience enables us to choose wisely and our policy has always been to leave seconds and shoddy merchandise alone.

ROGER BROS.

At frequent intervals throughout the season the Bank of Montreal issues reports on the progress of the crops in Canada. These reports, telegraphed to headquarters from the Managers of the Bank's 600 Branches, cover every Province and form a reliable index of crop conditions.

The reports are furnished free. Upon request at any Branch of the Bank your name will be placed on our mailing list.

Canada's Tied-Up Resources

(Third Article)

In all articles appearing in this column, it is sought to be apparent that any practical public thank presentable and descriptive because only so can any service or real value to the community be rendered. Having in the previous issues given an "Unsolicited Testimonial" endorsed the citizens which continues every edition and issue of this Dominion, and an expressed personal admiration of the "Canadian Tied-Up Resources" which should be devoted to building up Canada, indeed one can be found. But found it must be if Canada is not to continue in the doldrums we must, carry to some channel of the pond and the world which harbors the needed although the time of [illegible] this country be wrong.

The fundamental of a nation is not a crowding of the people in Canada [illegible] which continue's present position in respect to its resources, [illegible] and equally important, essential, to a balance and a strange [illegible] must to all persons in having and grasping with the whole [illegible] country.

[illegible] Dominion [illegible] possessions, yet peoples, and [illegible] [illegible] unappreciated and relegated to a [illegible] [illegible] [illegible]

THE LIGHT RUNNING NEW

JOHN DEERE BINDER

THE LIGHT RUNNING NEW JOHN DEERE BINDER DESCRIBED BELOW IS A NEW PRODUCTION. CARRYING ALL THE ADVANTAGES OF EARLIER MODELS, IT ALSO HAS BEEN VASTLY IMPROVED. IT IS OF LIGHTER WEIGHT AND LIGHTER RUNNING AND AT THE SAME TIME STRONGER THAN ANY BINDER PREVIOUSLY MADE. THE TROUBLE FEATURES USUALLY CONNECTED WITH BINDERS HAVE BEEN ABOLISHED, AND THE NEW JOHN DEERE ONLY NEEDS TO BE SEEN BY THE FARMER TO BE APPRECIATED. CALL AND SEE THE ONE WE NOW HAVE—A CARLOAD IS ON ORDER.

Not in many years has a grain binder been offered the grain growers with the important and valuable improvements found in the Light Running New John Deere.

When you hitch your horses to it and start down the field you will say that it's the lightest-running binder ever built. The light running quality has been built into it in every possible way—this will be evident to you when you see it.

Take the oiling facilities as another example of real improvement. You know what a job it to get at, and properly oil, all of the working parts on the ordinary binder. Many of the oil holes are so hard to get at that they seldom get any oil. With the Light Running John Deere every hole is easy to get to. Besides, the oil holes have big capacity. This insures thorough lubrication and saves frequent oiling. You fully appreciate the important part oil plays in preventing wear, increasing the life and lightening the draft of machinery.

Nine Reasons for Owning a Light Running New John Deere Binder

1 Light Running ... & Improved Guard and Sickle ...

2—Better Oiling ... All ... Easy to Reach But Not in the Way ...

3 Great Strength ... Handy Bundle Carrier ...

4—Improved Reel ... Adjustable Quick-Turned Tongue ...

5 Great Capacity ... Elevators ... Knotter ...

Come and Get a Good Oil Can FREE

In examining this binder be sure to note the great improvement made in the construction of bearings. Note particularly the improved packer bearings. Not only are they quickly and easily taken out, but they can be replaced at very low cost, without replacing expensive parts.

Another big improvement is the more complete assembly of the machine at the factory. The separate working parts are so completely set up that they can be thoroughly tested and inspected before being shipped. This helps greatly in preventing mistakes in setting up, and results in a smooth, free running binder when it goes into the field.

We particularly want every farmer who has used binders to be sure and see this new machine. It will surely please the most exacting user.

There are so many other features of importance built into the Light Running New John Deere that we urge you to come in and see the one we have.

DOMINION DAY

TO-DAY, WEDNESDAY, July 1st, is Dominion Day, and to the Canadian one of the most important days of the calendar year. It is the anniversary of the day upon which the nation was officially born; when for the first time there was any central parliament for all the provinces. The organization of the day for it has for the heritage it gives and the reason it implies is memorable to us. As a partner in the British empire, the greatest the world has ever seen, there is national dignity and strength for all occasions, while the history of Canada itself, since confederation, is such as to make each citizen proud to be a Canadian.

As a country of vast domain and sparse population, there is surely a glorious future. Canada today is strides with the strength of youth, with hope unquenchable, and who can foretell the glory and future that dawns in it.

To each citizen it holds out opportunities, scarcely known in many older countries, but it also holds out responsibilities that are individual and real.

To these unsurmounted plains and growing cities, must come from the old centres of Europe, in time, hundreds of thousands of peoples. There will be many kinds of knocks and standards of living to be brought into line and harmony with that we like to think of as distinctly Canadian. To be courteous and kind, yet self reliant —to love God, obey the law, and keep the peace. These are sensible that must in some ways be taught to people from afar and as the years are assimilated into the life of Canada, or they become brothers.

Also we must not neglect opportunities to learn. Those people from Europe can teach us many things among which are industry, thrift and perseverance. It is a blend of all those things that are good — the wholesale discarding of those things that are bad, that we as Canadians must strive for.

Thus, July 1st, Dominion Day, reminds us of our glorious past, of our great responsibilities as citizens of the Dominion of Canada.

PICNIC TIME

[illegible]

[illegible]

[illegible]

WORLD HAPPENINGS BRIEFLY TOLD

A special appeal of motorcycle riders is maintained by the London Mail for subscriptions to the Lord Mayor's Show fund to be held on the streets of London.

Japan will mark the 12th birthday of the City of Hankow. The event was observed June 22 by a visit and luncheon holiday.

The Japanese Government has granted a subsidy of about $250,000 to a national home for the blind, deaf and dumb.

More than 500 British born children have applied from Victoria, B.C. for admission to the United States during the fiscal year beginning July 1.

There are 472 persons employed in the various penitentiaries in Canada. It was stated in the House of Commons recently.

Further public school teachers' salaries will be paid by the province of Ontario, it was announced in the budget speech delivered by Hon. J. H. Lethbridge.

Talking Films

First Display in New Gaiety Made in Great Britain

Talking films are the latest attraction promised at the new Wembley Exhibition. This is the first presentation of such films in Britain.

They are being shown in one of the conference halls, where they are being presented by Mr. R. R. Aschcroft, in association with Messrs. de Forest Phonofilms, an all-British company, which owns all the British patents for these pictures and made the production of the de Forest Company at Clapham. The picture and the sound being recorded simultaneously, are absolutely synchronized.

The power of the Phonofilm idea is similar to that which forms the core of the ordinary gramophone, and the first results I had in order to build its mechanism as a means of reproduction and relaxation. It does not follow, although the past of the big talking drama. An entirely new form of screen drama can now be worked out, taking advantage of the possibilities of introducing music and voice and appropriate acoustic effects.

It may be that soon pictures (films as I apparently do appear and be presented in the ordinary cinema theatre, announcing the next item in the realm of concert hall. The possible effects are almost unlimited. Here, interesting with movable men, and in many other directions the future of Phonofilm holds unlimited possibilities.

Proposed New Flag

Likely That Nothing Will Be Done This Year in the Matter

Nothing will be done this year about the proposed new Canadian flag. But interest in opposition in favor of a flag for the Dominion has been manifested on all sides, in a national flag would remove from the Union Jack the distinction which it should be quite proper that Canada should have a flag of its own as an object to remove here from the British flag. In the matter of the Canadian flag, it is the opinion of the writer that the Canadian flag should be quite distinct from the British flag. It is the opinion of the writer that the Canadian flag should be quite distinct from the British flag.

Extend Time For Pensions Application

Amendment Was Approved By Special Committee of Senate

An amendment to the Pension Act extending the time for the filing of applications for pensions to widow between the ages of 50 and 60 years, by soldiers's discharge for retirement from the forces, has been approved by a special committee of the senate considering the pensions Act. The amendment also provides for including an annuity into an accumulation of moneys advanced by the Great War Veterans Association under the existing regulations for the benefit of the dependents of deceased soldiers.

Canada's First Geologist

Late Sir William Logan to Receive Signal Honor

Sir William Logan, Canada's first great geologist is likely to receive signal honor in New York and San Francisco. He died in 1875 as the result of investigations pursued in Tennessee by the local branch of the Canadian institute of mining and metallurgy. The resolutions asks that a duplicate bronze tablet of the one put up in Toronto and here in the Canadian Museum, Ottawa, be placed in New York by the American Institute of Mining and Metallurgy.

High Quality Wheat

Ninety-five per cent of Canada's wheat crop in 1924 has proved to be of merchantable quality according to figures compiled by the Dominion Bureau of statistics. Of the total estimated crop of last year, 311,747,000 bushels, 296,000,000 bushels, or 95 per cent of the 1923 crop of 474,199,000 bushels.

Tell the wife you were where you were not so she will think you were where you were.

Old Age Pensions

Expense Considered Too Heavy To Inaugurate Plan At Present Time

The report of the special committee on old age pensions tabled in the House of Commons by the chairman, W. G. Raymond, M.P. recommends that the government arrange with the various provinces of the Dominion as soon as may be convenient for the purpose of inaugurating a system of old age pensions, to come into force on a date to be fixed by proclamation of the Governor-in-Council.

The committee is of the opinion that the expense involved in the inauguration of such a system at the present time would be too heavy a burden upon the finances of the country.

The committee recommends that the government should be empowered to enter into agreements with the provinces for the payment of pensions to persons who have attained the age of seventy years, and who have resided in Canada for twenty years next preceding the date of their application for pensions.

The committee recommends that the pensions should be payable

Personal

Miss Audrey Jobb, Miss Griggs and W. Swift will attend Summer School at Edmonton.

Mrs. Swift returned home from a visit to the coast, on Monday.

Miss Minnie is spending her vacation at Viking.

W. Dean, teller at the local bank has returned from his vacation and has again taken up his duties in the bank.

Kary Easton is relief operator at the telephone office during the holidays.

Fa ber Currier was in Viking on Ranch of Rose Creek.

July 1st.

Owing to the rain and unsettled weather the Tofield baseball nine did not go to Vegreville on Wednesday. he big celebration was postponed.

Big Fair Commences July 13

EXHIBITION ATTRACTS MANY

The biggest event of the year in Northern Alberta gets underway on Monday, July 13th and keeps going until Midnight, Saturday, July 18th Whether you are seeking pleasure or profit, entertainment or education, or something made up of all of these, it is to be found at the Edmonton exhibition grounds during that week.

The exhibits competing for prizes will include practically every conceivable thing produced or grown in the part of Canada, and will be the best of its kind. There will be dairy products of all kinds, cooking, sewing, etc., to interest ladies; while the livestock is being brought from all parts of the Dominion to be exhibited, and will particularly interest the men folks of northern Alberta. In fact, to the observant mind the exhibition holds many opportunities. The pleasure features are more numerous and better than ever. There will be the mid-way with all its fun, while the grandstand attractions are the best procurable.

To the man that has a mechanical mind, the machinery section will be a revelation, in fact the Edmonton exhibition offers the farmer and farm wife of northern Alberta a grand opportunity for pleasure and learning a minimum cost.

PICNIC AT BARDO

The best picnic that fell at Tofield ...ch in the early hours of Wednesday morning at noned Bardo, only a slight rain falling there. Consequently all arrangements for the big event went forward unimpeded. There was a large crowd present and general good time was had. The ...ts consisted of baseball, ra... ...e, Sale (report of which will be given next week. Quite a number of Tofield people were present. Ice cream was excellent dinner and here was an abundance of ice cream and light refreshments.

THE POOL

During the past week pool workers have been very active and reports from Edmonton are that contestants are pouring into the central city daily.

Everything favorable work was done at the pool held on Wednesday last at this writing we are unable to state the exact number of contestants from this point. Next week we will try and publish the information.

T. Johnston Ferguson has been elected delegate from the Tofield district to attend the next annual meeting of the Alberta pool to be held in Calgary August.

Robt. V. Wilson, Minister

Elinor Hoef, prima donna—the girl with the golden voice—will appear at Chautauqua on the closing night.

Lamont Wins

CHIPMAN FAIL TO ARRIVE

By a score of 7-2 Lamont romped home with a fairly easy victory over the Tofield aggregations on Friday night.

Lawson was pitching for Tofield for teh first inning and batters hit him pretty freely, four runs being scored by Lamont. Lee, who was on well, took the stand in the second inn ng but was unable to stem the forward march of the Lamonters. It was Lamont's night, and as a result them down to three runs for the balance of the game, the Tofield scoring men were unable to put their men across. Harkness and "Happy" Ireland pitched for Lamont.

The Twi-light league fans, including Tofield, are managing a good brand of ball this season. When home games are made they are quickly over and it is a mean fly that is not caught. Lawson made a dandy catch Monday evening, which was one of a number only a little less spectacular.

The fixture for Monday was all set, the Tofield team were there, the spectators were there, but Chipman, who were to have played failed to put in an appearance. There may have been some good reason for their non appearance but only absolute inability to do so will prevent them keeping their fall-ding engagements. The same goes for organized baseball lies in the interest of the sport. Ball players, and there is no pleasure to a ball club management in having its aesthetic to the crowd and give their money back.

AMISK CREEK

Mr. and Mrs. L. Johnson from Grande Prairie have been visiting old friends in this vicinity last week.

MADE IN ENGLAND

To Hold-Up The Farmers

With weather and other conditions at the end of June when the article is written to appear in the pessimism of a hopeless crop in all the prairie provinces this year a report comes to a newspaper office under any heading but that of a hard-luck story as the farmers are in the western provinces have a high value of their possessions both in the aggregate and in general. It remains for the farmers themselves to help the scheme in the land, and say how to be benefited in the future.

The Increasing Tourist Traffic Directly Benefits The Farmer As Well As The Merchant

The natural resources intelligence service of the department of the interior at Ottawa says:

An hearing in automobiles and rail road trains go speeding by and through the burning districts an doubt many of them are rural residents will wonder what benefit the timber fire can be to them.

Conservation and development are synonymous terms to the on behalf of conservation and development of the country. Conservation is not a matter of preservation for the purpose of not using it, but rather of using it to the best advantage. Development is not a matter of using it as a basis for quick returns, but rather of using it in such a way as to produce a steady income.

In a country such as Canada, with its vast area of timber land, it is impossible to protect the whole of the timber from fire, but it is possible to protect the timber on the areas which are most needed for the present and immediate future use. Such areas are the timber limits which are being operated, the timber on the areas which are being settled upon, and the timber on areas which are being prepared for settlement in the immediate future.

Fire protection is not a matter of cutting down trees, but of preserving them. Timber is a crop which requires a long time to grow, and one generation cannot afford to destroy the timber which will be needed by succeeding generations. Timber is a crop which requires a long time to grow, and one generation cannot afford to destroy the timber which will be needed by succeeding generations. Timber is a crop which requires a long time to grow, and one generation cannot afford to destroy the timber which will be needed by succeeding generations.

Largest Butter Eaters

Canadians are becoming the champion butter eaters of the world. Every man, woman and child in the Dominion consumed about twenty pounds apiece of butter last year a report issued by the federal bureau of statistics shows. Total consumption in 1924 was 364,762,922 pounds. This was an increase of 4,000,000 pounds over the 1923 total. Total production was 378,000,000 pounds compared with 377,000,000 pounds the year before. Exports amounted to 22,243,572 pounds, a gain of 5 per cent. over 1923. Imports amounting to 1,172,427 pounds or 1/2 of 1 per cent. of the previous year's volume.

Growth of dairying in the western provinces is the factor in the increased output. In 1909 Manitoba, Saskatchewan and Alberta combined produced less than one million pounds of butter. In 1924, the report shows, they combined to turn out 47,000,000 pounds. At the present rate of growth production will be about 60,000,000 pounds annually, by 1930, experts on dairying think.

Statistics in the report on consumption of other foods show that people in the Dominion ate 1,661,4 pounds of meat per capita last year made up of 67.7 pounds of beef, 3.1 pounds of veal and 4.6 pounds of lamb. There was an average increase of about six pounds per person above the 1923 consumption. Every person in Canada ate an average of 2.51 pounds of cheese, 7.84 pounds of poultry and (count) six dozen eggs each in the course of the year.

Should Not Neglect Horse

Motor Vehicles Cannot Wholly Take Place Of Well Bred Animals

The automobile has come to occupy a prominent place both in pleasure and in business that the horse has been neglected, but a recent warning from the department of agriculture is a reminder that motor vehicles can not wholly take the place of well bred animals. Horse breeding is increased, says the department, there will be an acute shortage of horses and mules within five years. The replacement of cells is inadequate to remount and more the decrease in such horses and ponies have already risen. Something else would drop out of life if the horse should disappear, and some thing both dangerous and pathetic would vanish with the mule. Tourists can seldom

Geography and Merchandise

Many people Do Not Know Where Articles Come From

A very large part of the average department store's sales might furnish an geographical lesson. For instance, it would be a good manufacturing centre but it was a great manufacturing centre most of the best cutlery came from Sheffield, England, and the cutlery trade in Birmingham the gold name remains. Many of the best perfumeries for products which came originally from a place or a country. The textiles are usually often so familiar by their names that we rarely think of their origin. Yet nearly every piece of cotton goods we buy comes from Lancashire, England, and all of the finest woolens from Yorkshire. Many of the best known names of all clothes are taken from those where it was produced or the silk company. In 1880 the Lord Mayor of London, Sir Peter Rodwell, who's grandson has changed name the modern word usage

Farmer Should Be Scientist

One Educated In Farming Methods Is Most Successful

That short course methods do pay is generally accepted, but many agree farming needs are a number of technical subjects and all subject to the modern application must be the crowd of the foreign farmer there are attendance since that the interest must be a scientific basis, otherwise it is a business and understanding of the best power the natural forces which he calls into play, must be the farmer's life plane as a professional man—the lawyer, doctor, engineer or business man of all. Sydney (N.S.W.) Bulletin.

Canada's Epitaph

The lowest form of animal life to possess of Canada on the coast of Australia by Miss Chatto in the Sydney Morning Herald. Mr. Chatto is the wife of Sir Walter Alexander, for the driving of the arms the beaver appears resting on his hind legs, and his broad flat tail. The beaver, among animals, stands for intelligence, during industry and perseverance.

It is just as easy to praise a neighbor as it is to find fault with him, but people seem to derive less satisfaction from it.

W. N. U. 1581

Good Year For Sheep

Hon. W. M. J. Tweddle Completes Inspection of Western Ranges

Hon. W. M. J. Tweddle, minister of immigration of the Canadian Co-operative Wool Growers Limited, made a stop in Winnipeg recently on his way east after spending six weeks in the range and domestic wool centres of Alberta and Saskatchewan.

Mr. Tweddle stated he had visited every large band of range sheep in the west and seen a great deal of the domestic sheep.

The runs here generally are carried on the co-operative method of cutting and their own company the Canadian Co-operative Wool Growers Limited, will get around a million pounds of range wool this season and around half a million pounds of domestic.

"The range wool," continued Mr. Tweddle "is generally strong in staple and is recognized as being rich in the yolk. The domestic wool is fine and even, very good quality. Saskatchewan has a large number of sheep and Alberta is also well represented. Manitoba has a few sheep but not enough to speak of. Saskatchewan is the banner province for quality, the effect of the soil being noticeable in the fleeces. Alberta has the largest number of sheep and the highest price. The increasing number of Scandinavians who are taking up land in Saskatchewan and Alberta are showing a liking and a knack for sheep raising. The Scandinavian is naturally a good herdsman. He knows sheep and understands their ways. He is more attentive to the sheep than the average Canadian farmer. He is more inclined to look after the sheep and to see that they are properly fed and watered. He is more careful about the breeding of his flock and he is more careful about the breeding of his flock and he is more careful about the breeding of his flock and he

WORLD HAPPENINGS BRIEFLY TOLD

The Earl of Clarendon has been appointed chairman of the Overseas Settlement committee.

The annuity of $7,500 guaranteed by the Federal Government to Dr F G Banting, of Toronto, passed the House of Commons.

The Daily Chronicle and Weekly Leader, the oldest newspaper in London and formed in 1784, has ceased publication.

Twenty-eight persons were killed and 15 houses destroyed by a burst water main which swept over the poorer part of Ayat, Spain.

Major A. R. Thompson, son of Col Andrew Thompson, Ottawa, has been appointed Gentleman Usher of the Black Rod, in succession to the late Col E. J. Chambers.

The cost of constructing Tokyo's new railway system will be somewhere in the neighborhood of $17,000,000 yen, according to the plans drawn up by the municipal authorities. They will be about 10 miles of the subway.

The Daily Express, London, suggests the name of Cheyne Street be changed to Canada Street in view of the opening of the new Canadian building and also of a number of other Canadian offices.

The tomb of Virgil, at Naples, has been purchased by the Italian Government, and a large area will be expended in restoring the ancient Latin poet's resting place as part of this year's celebration in his honor.

The preventive vaccine against tuberculosis, known as "B.C.G." is producing most effective results, according to a report read before the Academy of Medicine, Paris, France by Prof Calmette, assistant director of the Pasteur Institute.

An excellent epidemic has stricken all Bob in Lake Geneva, which is causing them to die in such numbers that employees of the hydro-electric plants at Geneva, 30st perished, are obliged to wear double goggles in order to shovel them out of the spillways.

French Deputy Drives Taxi

Works As Trade When Not Busy In Sessions

Adam Rapp entering the Schools for the French Chamber of Deputies, has the unique distinction of being the only lady driver of a taxicab in the country. She is a widow whose husband was killed in the battle of Verdun. She lives in a small flat in the Rue Saint-Antoine, where she has a garage and keeps her taxicab. She has been driving it for the last three years, and is known to all the habitues of the Chamber's cafeteria.

Mme Rapp's average speed on every night rolls up to 30 miles.

Mrs M. McStewart is the holder of the double Victoria Cross, awarded for valor in the field. Before the war she was a dressmaker in Tunbridge Wells, with a business of her own. She lived up to her motto, "Do your best," and it has been her guiding principle in life.

Investing Money in Palestine

Jews Speeding Millions In Purchasing and Improving Land

Fifty years ago Palestine had but 24,000 Jews; today there are 150,000 of them. Jewish immigration is rapidly increasing and the Jewish population is expected to double in the next ten years. Jewish capital is being invested in Palestine at the rate of $2,000,000 a year, according to the Jewish Agency, which is in charge of the work of immigration and settlement.

"As soon as boys leave school," he said, "if they cannot find work, they are paid the dole, and this year there are 24,000 boys leaving school in Britain who are not going to get jobs. Any sort of employment."

He Won't Retwind

Young John had just returned from a point 1 Dartmoor, with its noisome air, to whom he had said, in reply to a question, that there were 100 communications. "I was receiving another bad on the way to the umbrella" he said.

"Ah! if he asks you how many communications there are what will you say?"

"Say?" queried the other lad "why ten, of course."

"Pooh!" returned the first youth in scorn "You'll be very big boy at ten? I told him 'a' 100 and he wasn't satisfied."

Lemon Job in World

"Breaking in" mercenary people is "pseudonymous" in Paris in which more than a score of men are employed. All they have to do is sit and smoke their cigarettes and read the contents of world's hatest job. "Breaking in" five pipes is a good day's work.

Gets Long Car in Hedges

One of the most dangerous things you meet on the road at night is the car with only one head lamp lighted. When such a machine approaches it is a good idea to give it lots of room but can't tell which of his motorist's lights is gone.

A New British Colony

Island of Cyprus is Now Part of Empire

A new milestone in Mediterranean history was set up on May 1st when by Royal Letters Patent read by the high commissioner of Cyprus in Council, that island became a British colony. Our King Richard, Coeur de Lion, took it from Isaac Comnenus and bestowed it on Guy de Lusignan in 1570 the Turks took it from the Venetians and held it in the stagna tion that marks Turkish rule until 1878, when under the Treaty of Berlin, Great Britain undertook its administration paying an annual tribute to Turkey. Since then the Cyprioise has progressed morally and materially, and it has been due to careful Mediterranean station, though possibly of less value than Lord Beaconsfield expected. In December, 1914, it was annexed by proclamation. The high commissioner now wears gold scrambs and various reforms will be introduced, such as an increase in the representation of Moslems in the legislative council and the equalizing in salaries of some officers hitherto filled from home.—London Spectator.

Canada At Geneva

Has Become Leader in Humanitarian and Idealistic Matters

The humanizing activity that Canada has displayed in League of Nations affairs in the past six months is rapidly making for her already high position of leader of the "Small Nations Group."

As a result of the absence of the United States from the League, Canada has become more or less a leader in humanitarian and idealistic matters. Her influence progressively overshadows her natural subtlety when it comes to trade and financial problems are concerned.

The Canadian headquarters in Geneva, which are characterized as the "Dominion of Canada advisory office" are very well situated on the floor of the employees of the hydro-electric power at Geneva. Not perfect, are a bit too much double-paned windows to shovel them out of the spillways.

French Deputy Drives Taxi

Works As Trade When Not Busy In Sessions

Adam Rapp entering the Schools for the French Chamber of Deputies, has the unique distinction of being the only lady driver of a taxicab in the country. She is a widow whose husband was killed in the battle of Verdun. She lives in a small flat in the Rue Saint-Antoine, where she has a garage and keeps her taxicab. She has been driving it for the last three years, and is known to all the habitues of the Chamber's cafeteria.

Dukes Retard Immigration

Many English Boys Not Anxious to Seek Employment

That the work of securing suitable young men and boys to come to Canada from Great Britain is not proceeding as rapidly as it should is the opinion expressed on account of the meagre number of boys placed in Great Britain, which is the total for the year 1919. Mr. Hutchinson, who is responsible for immigration of the Canadian Army, who is in Canada at present, said: "As soon as boys leave school," he said, "if they cannot find work, they are paid the dole, and this year there are 24,000 boys leaving school in Britain who are not going to get jobs. Any sort of employment."

He Won't Retwind

Young John had just returned from a point 1 Dartmoor, with its noisome air, to whom he had said, in reply to a question, that there were 100 communications. "I was receiving another bad on the way to the umbrella" he said.

"Ah! if he asks you how many communications there are what will you say?"

"Say?" queried the other lad "why ten, of course."

"Pooh!" returned the first youth in scorn "You'll be very big boy at ten? I told him 'a' 100 and he wasn't satisfied."

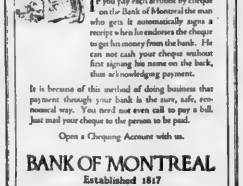
YOUR CANCELLED CHEQUE IS A RECEIPT



If you pay each account by cheque on the Bank of Montreal the man who gets it automatically signs a receipt when he endorses the cheque to get his money from the bank. He can not cash your cheque without first signing his name on the back, thus acknowledging payment.

It is because of this method of doing business that payment through your bank is the sure, safe, economical way. You need not even call to pay a bill. Just mail your cheque to the person to be paid.

Open a Chequing Account with us.

RED ROSE TEA "is good tea"

And most grocers recommend it.

Canadian Trade Prospects

With the close of the first six months of 1923, financial and commercial conditions in Canada have been taking stock of the business situation throughout the Dominion. The conclusions reached by them as the result of several surveys is that present conditions are better and prospects for the months future more promising than for some years past. This is especially true in regard to agriculture, also, as the West has always controlled to a large extent the farming outlook has a direct beneficial effect on manufacturing and all business.

Although actual returns from the farms are beside material such the crops are harvested, and it is never safe to closely estimate probable of grain and field roots until they are finally removed from all vagaries of weather, plant diseases and pests; the fact remains that at the end of June prospects through out the Canadian Prairies were better than for several years and, to the absence of widespread and extremely adverse conditions, the outlook is for one of the best and most profitable harvests in ten years.

The financial page in the annual review of the trade and commerce of the Dominion for the first half of June shows an increase in bank deposits in the Provinces that the biggest increase has been made in the two years has taken place, with the result that, except in the larger cities where the unemployed situation is contributing, there are few idle men. Manufacturing lines are busier than for years past and the orders and the new retail activity generally with manufacturing near to capacity in several lines and some plants working overtime.

Record catches of fish on both the Atlantic and Pacific coasts have given a new impetus to the fishing industry and the outlook is for the establishment of a new high record, while the export trade with the United States continues to increase both in volume and value month by month. Building construction is likewise much greater than a year ago. Mainly, the buildings are smaller, but this is accounted for in part by the fact that the cost of last year's grain crop and reduction in its movement to retail trade have resulted in a substantial increase in our locations of manufacturing establishments as well as general business activity generally, although this year's grain crop promises to more than offset the reduced volume of a year ago.

One of the outstanding developments is the steadily rising volume and range of Canada's export trade. For some years past the Dominion has been sending quickly-increasing trade tonnage with minor exceptions. One of the latest ties with America and all British countries is looking to the latest ties with America and all British countries in order to get that closer Dominion trade with and preparation for a big expansion in the future. It is expected that the terms of a new trade arrangement with the British West Indies will be announced. Inasmuch as such and every one of these reciprocal agreements provides for the exchange of certain articles, the Dominion trade in such lines is bound to be increased. [illegible] and the willingness of other countries to exchange commodities with Canada on a reciprocal basis. But as [illegible] so complete as to be [illegible] the Dominion must be selective in the [illegible] and encourage the trade of countries which are willing to buy Canadian products in return. [illegible] made's markets allowed, and, as a result, [illegible] quotes. Free [illegible] and wool market are bound to help [illegible] the [illegible] and [illegible] to [illegible] exports and [illegible] [illegible] and grow in strength.

THE CHAUTAUQUA

THE 1925 CHAUTAUQUA has come and gone. It was well attended, and on the whole pleased the audiences. The chautauqua has evidently come to stay. As a business it is unique. It is secure against loss ere it sets foot in the town and with rare exceptions, takes all the money it makes away with it. A great deal of labor connected with its coming is done gratuitously by town and country folk, and the same people that do the work, in Tofield at least, foots the bill for a deficit.

Whether it is a good thing for a town depends upon the light in which it is viewed. As a direct means of increasing wealth or stimulating business it is a distinct failure. It pays no local taxes, and supports no local institutions. As a means of increasing knowledge and giving a broader outlook on life to those attending, it is a distinct success. It brings to the town a class of entertainment that contains education, inspiration and fun, entertainment of a much higher class than that which would ordinarily come. Its real value to a very large extent depends upon the people. If they are responsive to the better class entertainment provided, they will get full value for their money—and the people are the "town."

Just whether the chautauqua should be guaranteed or not is a matter for argument. Some say yes, and some say no; and some say no one day and yes the next. Our opinion is, that being a business and a highly organized one, it should stand on its own feet. At the same time the writer, to supplement the list shown to him, has signed yearly. The stand he has taken for some years is, that if there are enough people in town and country willing to sign the contract, it is a privilege to sign, for then it is a matter of supporting Tofield and district signers, rather than the chautauqua.

The memory of the 1925 chautauqua should not be allowed to fade, until some few lines are written regarding the work of the working guarantors. These people are deserving of a great deal of praise. Whether it was hard driving and selling tickets, putting up advertising, procuring lumber, putting up and taking down tent and seats or punching tickets, the amount of labor involved would run into many dollars and it was given free by these people because they were guarantors and so that the general public might be able to see and listen to eleven programs for three dollars. We cannot mention names because we would likely forget somebody, but it should not be forgotten that it is the work of the guarantors that makes the chautauqua possible.

Your Appearance

Everyman like to look his best when in company or on the street.

Your appearance can be much improved by neat repairing and well fitting clothes.

We can take your measure and sell you a high class suit at varying prices. We will be pleased to show you patterns and styles.

WORLD HAPPENINGS BRIEFLY TOLD

A rumor that Sir James Craig was to resign as premier of the north Irish Government is officially denied.

The Bank of England has bought £486,000 in bar gold. It has also received £1,000,000 from Holland and £ 411,315 from South Africa.

There were 216 accidents reported on Canadian railways during the month of May, resulting in 37 deaths and 233 persons injured. No passengers were killed, but 27 were injured.

The Panama Canal netted about $14 000,000 profit for the government during the fiscal year which ended June 30 the treasury department at Washington announced.

Three hundred thousand persons are homeless as a result of floods in east and west Galicia, according to a Prague dispatch to the London Daily Herald.

Losing control of his aeroplane while flying over Curtis Bay Md., Lieut. Leroy Lindsey, 25, of Richmond Hill, N.Y., fell 800 feet to earth and was fatally injured.

King George received Ignace Jan Paderewski, the Polish pianist in Buckingham Palace recently and entertained upon him the order of Knighthood of the British Empire.

Hereby trouble between the Jugoslavs and Poles brought a protest from the Russian minister, M. Wolkoff, who complained that a Polish guard in Galicia entered Soviet territory and hoisted a Polish boundary post.

Sir Robert Whitman, who was for nearly 30 years chairman and managing director of the Peninsular & Oriental Steamship Co., died at his home in Hampstead. He was appointed a member of the Royal Mercantile Marine reserve.

Broadcast Eskimo Programme

Skeleton Northern Expedition Is Attempt Something New

Radio messages from the Arctic regions have been brought to civilization but not yet the Eskimo voice. When the McMillan transcribing station are set up one within 11 degrees of the North Pole in the vicinity of Lake Harbor, Baffin Island, it, also, is going to be possible to give Eskimo folk songs to radio audiences as well as have the voices of the explorers and sailing men recorded.

It was announced yesterday by Edgar Rickard, director of public relations of the Expedition, that Captain A. H. T. Kidder, the leader, who was severely wounded at Rodrigues stated that the Captain had been flown from the Queenston, and later sailed for Europe. Dr. Kidder, who also suffered internal injuries, is now in a hospital in Paris, where he is undergoing treatment. He has since recovered sufficiently to be discharged from the hospital.

Medical Supplies For Deep Sea Fishermen

Vessels Has Been Fitted Out For Trip To Labrador

Aboard the Labrador, a pinkie of 50 tons, only, and one-third, owned Hull, started Southampton from Hull, started Southampton from Queenston, and later sailed for St. John's, Newfoundland. She carries a doctor, two nurses, and a dentist, who is to deep-sea fishermen along the Labrador coast. Captain A. H. T. Kidder, the leader, was severely wounded at Rodrigues stated that the Captain had been flown from the Queenston, and later sailed for St. John's, Newfoundland. She carries a doctor, two nurses, and a dentist, who is to deep-sea fishermen along the Labrador coast. Captain A. H. T. Kidder, the leader, was severely wounded at Rodrigues stated that the Captain had been flown from the Queenston, and later sailed for St. John's, Newfoundland. Bequeathes Heart to Birthplace

Camille Pissarro, celebrated French painter bequeathed his heart to the town of Montigny-Le-Bel where he was born. It was announced when the statue of Montigny-Le-Bel was unveiled with. The mayor states the heart will be placed in an urn in the city hall.

Ammunition Found

Stinakies and his young wife had just completed their first quarrel "I wish I were dead," she sobbed "I wish I was, too," he blurted out "Then I don't wish I was," said the wife confidently.

Four quarts of peanuts taken to China 15 years ago by a missionary, are the "descendants" of the present Chinese production, which now exceeds the American crop.

Prince May Visit West This Fall

M.H.M Accepts Invitation to Join Moose Hunt at Nipigon

That the Prince of Wales will again be a visitor to Canada in the fall, is hinted in a communication from one of his secretaries to Neil McKenzie, of Nipigon, Ontario, sportsman's representative of the Canadian National Railways. It appears that Mr. McKenzie had sent an invitation to His Royal Highness to take part in a moose hunt which takes place in the fall, and the reply states that the Prince of Wales would be delighted to join the hunt and that he would especially call at Nipigon on his visit to his ranch which he hoped would be "best season." The letter concluded with a promise to remit that the Prince request Mr. McDougall would not endeavor to shoot him all the time some scrimmage to add zest to exploring between them. Mr. McIntosh well become acquainted with the Prince of Wales about five years ago when the lad in the throne received his first lessons in catching the speckled trout in the Nipigon River.

Ranked Surgeon To Avoid Custom Duties

Aeroplanes and Steamers Made Fast Trips From Paris to London

Carpets of choice textiles and silks were literally hurled into England last week They came through the air and over the water Aeroplane after aeroplane swooped in north sea steamer after steamer made port all bent on the same object to land its cargo ere customs officials could get their fees. Prince and goods and wares from Switzerland the machine were rushed to London, where the respective consignees stood by at Customs House to receive them. Channels under a 15 per cent. profit.

Following American Fashion

Broad and Queen Are Wearing More Rimmed Glasses

Broad and Queen are wearing eyeglasses rimmed for, dress by Britons and French, as the sharp-cornered tortoise shell glasses worn by Americans is believed royal approval in England Queen Alexandra adopted them, and Queen Mary matched the International style manifest. Distinction by wearing them recently. Thus the modern horn rim glass is a subject for jest in the light little isle yesterday the in spection of spirit, today they are a British fashion intimately associated with the consultation, and ratified by the people that glasses should simplify chained commands.

As England becomes accustomed to broad spectacle frames the sale of these artificial aids to the geriatric will extend likewise in its circumference.

The broad, rounded bridge rests lightly on the nose Whereas the Kaiser, the late monarch when the wounded at Rodrigues stated that the Captain had been flown from the Queenston, and later sailed for St. John's, Newfoundland. She carries a doctor, two nurses, and a dentist, who is to deep-sea fishermen along the Labrador coast. Captain A. H. T. Kidder, the leader, was severely

LOCOMOTIVE

Mr. and Mrs. Fred McMullen recently had the stork present them with a second pair of twins, a boy and a girl. Both children and mother are doing well. Really there should be a gratuity from the state or municipality for such events, say a rebate of taxes or some such emolument, seeing that the government spends so much embroidery to induce immigrants to come into the country to populate the "open spaces, etc." It seems that the home grown native born Canucks should be lodged on well.

The Rev. Archdeacon Dauphot of Edmonton celebrated Holy Communion Service here last Sunday morning and also conducted the afternoon service at 3 p.m. Miss Audrey Hooper took the children's Sunday School prior to the afternoon service.

Mrs. J. Leahy and daughters Kitty and Jean left last Saturday for Edmonton. Mr. Leahy driving them up in his auto, and from there they proceeded to John Deere to spend a vacation with some friends there.

Mrs. Hamshall and daughter Phyllis and Mary, of B. C. are spending a vacation here at the home of Mr. and Mrs. J. Leahy.

Mr. and Mrs. Lemaster are having a new house built on their farm here Mr. E. Sullivan being in charge of the work.

We hear of several proposed building jobs in Lindbrook is evidently in for a building boom.

Road work has been general the last week; of course the weather be favorable for intensely tropical, the job is delightful.

Mr. J. Bailey has been improving the road up the hills by Mr. Snyders, for which all motorists will be thankful.

Mr Fahy have been to the fair at Edmonton this week that it is impossible to enumerate them.

The country here could do with rain now, but a combination of Fair week, harvests and rains, is sure to produce mud, so don't worry.

Sometime! Why not this time?

RED ROSE TEA "is good tea"

The ORANGE PEKOE is extra good. Try it!

An Empire Problem

Conditions throughout Canada have been absolutely improving for several months past and general prospects are of a continuance of these desirable changes in affairs. Essential as it is to increased and the steadily increasing volume of business for some years, and the prospective harvest give reason for anticipating the labor of every available man, and that the railroads will be busy and actively employed throughout the Fall and Winter months to handle the resultant traffic. Merchandise is still, in a few cases because people have learned from past lessons a dangerous lesson to admit that a shortage does not harden. Manufacturers are even now generally indisposed to increase their output in anticipation of orders fully increased business.

The general spread to-day is indicated by an announcement made by Sir Edmund Walker in the first six months of the year in the construction of new branches and of over one hundred dollars in industrial buildings. Present prospects are that the second half of the year will be in principal and interest, at least, equally active, if not, in fact, better.

There is less talk of Bolshevism and advocacy of that hatred communism is there and a more general appreciation of the fact that in this age as in all past ages only by and through work on the part of each individual and the community as a whole can problems be met and progress and prosperity be enhanced.

To-day we have a hard task in connection with the Peace Conference, but it will be solved in some degree in accordance with the principles of justice and not of hatred. Germany must be and is punished and the punishment is increasing as it should be. Germany is learning in Canada it is not according to the principles of justice and humanity that the South African war indemnity should be paid by the Boers, but by the British Government.

During the war when it became clear to the Allied Governments that the object of the Germans was to destroy the industries of nations in order to make them dependent upon Germany for manufactured goods and to control the markets of the world, the Allied Governments decided that this object must be defeated even if some sacrifice was necessary. I have now in my office a letter from the Hon. Sir Thomas White, Minister of Finance, in which he says that the Canadian Government has spent $1,270,000,000 during the war, and that the people are making their contribution to the cost of the war through taxation and through the increased cost of living. It is not, therefore, a question of whether we can afford to pay the cost of the war, but whether we can afford not to pay it. Germany must pay the cost of the war, and the people of Canada will not be willing to bear any part of it.

To meet this position a system of duties was established which has been in effect for some time. The object of these duties is to encourage new industries and to assist those already established, and I would like to say that I believe that these objects are being attained. I am pleased to see that the Canadian manufacturers are taking advantage of the opportunities which are now presenting themselves to extend their business and to improve their methods.

Whatever may have existed as conditions in Britain and our trade there before the war, I am sure that the people of the United Kingdom and the Motherland will welcome with open arms the products of Canada, and I would like to say to the manufacturers of Canada that if they will only send their representatives to Britain with samples of their goods, and will study the requirements of the British trade, they will find a ready market for their products. I am sure that the people of the United Kingdom will welcome the products of Canada, and I would like to say to the manufacturers of Canada that if they will only send their representatives to Britain with samples of their goods, and will study the requirements of the British trade, they will find a ready market for their products.

WORRIES IN THE HOME

It is True That Cause Many a Breakdown in Health

Many a woman has become broken-down and nervous because she has been worrying about her health. She has been worrying about her health because she has been suffering from some disease of the female organs. She has been suffering from some disease of the female organs because she has been neglecting herself. She has been neglecting herself because she has been worrying about her health. She has been worrying about her health because she has been suffering from some disease of the female organs. She has been suffering from some disease of the female organs because she has been neglecting herself. She has been neglecting herself because she has been worrying about her health.

If you are a woman and suffer from any of the ailments peculiar to your sex, you should write to Mrs. Pinkham at once. She will treat you free of charge, and her advice will be worth more to you than gold. Thousands of women have been restored to health by her advice. Don't delay. Write to-day.

Address: Lydia E. Pinkham Medicine Co., Lynn, Mass.

An Interesting Ceremony

Uncle Calgary Cairn Commemorating Arrival of Mounted Police in 1875

Ceremonies of an interesting character were held at Calgary on Saturday afternoon, when the Historical Cairn, erected by the Historical Society of Alberta, was unveiled by Mrs. Edgar Dewdney, wife of the late Lieutenant-Governor of the North-West Territories, in the presence of a large gathering of citizens and members of the Mounted Police. The Cairn is situated on the corner of Eighth Avenue and Fifth Street West, and bears the following inscription:

"Erected by the Historical Society of Alberta, 1919. In memory of the Pioneers of the North-West Mounted Police, who, in 1874, marched from Manitoba to the Rocky Mountains, and established the first law and order in the Canadian West."

Mrs. Dewdney, who was accompanied by her daughter, Miss Dewdney, was received by Lieut.-Col. Belcher, commanding officer of the Mounted Police, and Lieut.-Col. Jarvis, commanding officer of the Military District. Mrs. Dewdney then unveiled the Cairn, and Lieut.-Col. Belcher, on behalf of the Mounted Police, presented it to the Historical Society of Alberta. Lieut.-Col. Jarvis, on behalf of the Military District, accepted the Cairn from the Mounted Police, and handed it over to the Historical Society of Alberta. Lieut.-Col. Jarvis, on behalf of the Military District, accepted the Cairn from the Mounted Police, and handed it over to the Historical Society of Alberta.

SUNDAY SCHOOL LESSON

JULY 20

THE COUNCIL AT JERUSALEM

Golden Text: We believe that we shall be saved through the grace of the Lord Jesus. Acts 15:11.

Lesson Acts 15:1-35.

Devotional Reading: Romans 3:1-8.

The Text Explained and Illustrated

Trouble at Antioch of Syria, verse 1. As verse last lesson stated, Paul remained in the church at Antioch in Syria "all things that time had done with them," and gave the greater portion of his time to the work of the Lord and especially to the work of the Gospel. With a few exceptions he had labored there from the time he had left Tarsus, and had the confidence and love of the brethren to a large degree.

Men who had come from Judea, verse 1. Paul had been at the work in the church at Antioch for about three years when certain men had been sent from Jerusalem to Antioch to teach the brethren there that they must be circumcised and keep the law of Moses or they could not be saved. These men had come from Judea, and were not in full fellowship with the church. They had the appearance of genuine Christians, but they were not. They were false brethren, who had crept in unawares to spy out the liberty which we have in Christ Jesus, that they might bring us into bondage. Gal. 2:4. They were not sent by the church at Jerusalem, but had come on their own account. They were not to be blamed for their actions, but they were to be blamed for their teaching. They were not to be blamed for their actions, but they were to be blamed for their teaching.

The truth, however, had been so plain in many of the Scriptures that the brethren could not remain in the dark. They were not to be blamed for their actions, but they were to be blamed for their teaching. They were not to be blamed for their actions, but they were to be blamed for their teaching.

Paul and Barnabas had no small dissension and sharp contention with them, verse 2. Paul and Barnabas had no small dissension and sharp contention with them, verse 2. Paul and Barnabas had no small dissension and sharp contention with them, verse 2.

They determined that Paul and Barnabas and certain others should go up to Jerusalem unto the apostles and elders about this question, verse 2. They determined that Paul and Barnabas and certain others should go up to Jerusalem unto the apostles and elders about this question, verse 2.

Being brought on their way by the church, verse 3. Being brought on their way by the church, verse 3. Being brought on their way by the church, verse 3.

They passed through Phenice and Samaria, verse 3. They passed through Phenice and Samaria, verse 3. They passed through Phenice and Samaria, verse 3.

They declared the conversion of the Gentiles, verse 3. They declared the conversion of the Gentiles, verse 3. They declared the conversion of the Gentiles, verse 3.

They were received of the church, verse 4. They were received of the church, verse 4. They were received of the church, verse 4.

Certain of the sect of the Pharisees which believed, verse 5. Certain of the sect of the Pharisees which believed, verse 5. Certain of the sect of the Pharisees which believed, verse 5.

The apostles and elders came together for to consider of this matter, verse 6. The apostles and elders came together for to consider of this matter, verse 6. The apostles and elders came together for to consider of this matter, verse 6.

The Land Of Ophir

Austrian Explorer Says It Is Located In Peru

Ophir, reported in the Bible as the country of gold mines from which the navy of King Solomon brought gold to Palestine, was located in Peru, says Dr. Von Hantch, an Austrian explorer who has been in Lima for years in the political interests of Peru in the Panama Canal controversies, 500 members of an Indian tribe of pure-blood Jewish appearance, speaking a language similar to Hebrew.

The Peruvian Indians have a tradition that they are descended from a white race which came to Peru in ancient times, and that they were driven into the mountains by the Incas. Their features are of the Jewish type, and their language contains many words identical with Hebrew.

Dr. Von Hantch has been engaged in exploration work in Peru for the past 20 years, and has published a number of books on the country. He has also been a contributor to the Peruvian Government.

Cold on the Chest Best Treated This Way

When the throat is sore and the chest tight and full of phlegm, the cough is distressing and exhausting. Then is the time to use Dr. Thuna's Tonsil and Adenoid Tablets. They will certainly bring warm, healing relief to the system in an incredibly short time.

WEED INSPECTOR'S REPORT

THE REPORT of the weed inspector engaged by the Rural Municipal Council is to the effect that, taken as a whole, the municipality is a clean one. He even goes as far as to express his opinion that division six is one of the cleanest in the province.

This is a matter of much satisfaction to the community as a whole, while it also reflects credit upon our farmers.

The weed problem in some districts is acute, especially in areas that go in for grain growing exclusively, and the marketable value of a farm is judged in many districts as much from its freedom or lack of freedom from weeds, as from the fertility of its soil. The fight against weeds is a constant one, for weeds, like the poor are always with us. It is not a hopeless fight, however, as constant attention to the weed problem will keep a farm clean or even make a dirty one clean. The work of weed prevention is greatly helped when an entire district works in unison. The results of one neglectful farmer will unno the careful work of a whole countryside.

In passing it is pleasing to note the active interest the rural municipality have taken in the weed problem. To engage a weed inspector for thirty days and have him go round and talk with farmers was good business, and should be fruitful of good results.

A SWIMMING POOL

THE MUCH regretted fatal drowning accident that occured on Wednesday afternoon, has brought attention to the fact that there is a demand, even in small towns for swimming facilities. During last winter the Rotary Club at Camrose staged one or more entertainments to provide funds for a swimming pool for Camrose. Viewed with the idea of city swimming pools in mind, it is an ambitious project for Camrose, and even more so for Tofield. But it is necessary to keep the vision of a crystal clear, white tile pool in mind. Could not the idea of cutting the garment according to the cloth be embodied unto the consideration of a swimming pool for Tofield. Circumstances are such that it would have to be. What is needed or desired is a pool that has a gradual slope and where the water could be changed at least once a week. A sand bottom rough lumber walls, a gas engine to pump water in and out would make a fair beginning. There was at one time one or more wells at the old power house site and even now there is a large cistern there. The old adage "where there's a will there's a way," might be made to work in this case. It is at least worth an hour's discussion in council.

THE MECHANICAL AGE

A VISIT to the manufacturer's building and machinery section of the Edmonton exhibition impresses one with the ingenuity of the engineering profession. There are machines for this and machines for that, and not the least important are the machines designed to make farm life easier and more pleasant. From the lordly thresher to the more humble washing machine, there are machines or plants for every purpose—even to that bug-bear of house-keeping, dishwashing. The machines of the dairy industry and domestic use, are nearly all electrical, which means that to use them, one must have a plant and power plant. These, broadly speaking, are not cheap, and no doubt to the young farmer and his wife starting with limited resources, there are many other more necessary things to procure. But to those who have gathered a fair amount of this world's goods to their store, electrical and mechanical engineers have designed automatic plants, almost human in their action, that gives cheer, lightens labor and generally makes life on the farm more congenial.

To-day there was an automobile on our streets from Memphis, Tennesee, a thing undreamed of twenty years ago. Is is not possible that twenty years hence the farmer and farm housewife will be as well acquainted with electrical devices as city dwellers now are.

The mind is a bank that pays compound interest on the knowledge you deposit in it.—Youth's Companion.

Here and There

"Barring accidents, we are in for the greatest wheat crop in the history of Canada," says Andrew Kelly, of the Western Press Bills. Mr. Kelly thinks the prairie wheat crop this year is off to the best start it ever had.

The first lot of Scottish boys enrolled as farm apprentices for Canada arrived recently on the Canadian Pacific Liner "Metagama." They were brought out under the auspices of the British Immigration and Colonization Association in cooperation with the Canadian Pacific Railway.

Canada's progress in the world of letters is illustrated by the fact that there is a Canadian literary section as one of the features of the Canadian pavilion at the British Empire Exhibition at Wembley. It presents French-Canadian and English-Canadian literature from the earliest dates down to 1928.

Two conventions, comprising almost 1,200 delegates, will be held in Montreal between now and August 31, according to an announcement by the Montreal Tourist and Convention Bureau. It is hoped to obtain the 1928 Dominion Convention for this city which would mean that some 1,200 delegates will visit Montreal next summer.

The Crystal Gardens, the splendid new pleasure resort for the city of Victoria, B.C., will be opened on the end of June and will form one of the unique attractions of that city. It will be both a water and summer garden and possesses a salt water swimming tank, claimed to be the largest on the continent. Citizens of Victoria are already using the Gardens prior to the official opening.

Screening at the Capitol Theatre, Montreal, of the scenes through which the University of Montreal aeroso-Canada trip and the similar journey of the Teachers' Federation of Canada will pass, attracted a large and appreciative audience. The film was a revelation of the beauty of Canadian cities and scenery. The University of Montreal trip will start from that city July 7 and will return July 28. The trip of the Teachers' Federation will commence July 30 and will conclude August 10.

Frank W. Ashby, secretary of the Manufacturers' Association of Australia, a recent visitor at Banff, said he found Canada to have a most delightful climate and "Canada which are more modern than our own." Mr. Ashby said the impression in Australia had been that Hemchell Island and Halifax were the only cities linked up municipally with Montreal and Winnipeg, and thought that the best way to correct these geographical misconceptions was to encourage more tourist travel from other parts of the Empire.

That 64 hour new sailing in the Province of Ontario may not meet with approval with the residents quite satisfactory by people of the province was the statement of Premier G. Howard Ferguson prior to his departure recently for England on the Canadian Pacific Liner "Empress of Scotland." Mr. Ferguson will endeavor to interest British and foreign capitalists in the industrial development of Ontario province.

Farmers Of Western Canada Should Give Attention To The Question Of Soil Conservation

In the vast fertile plains of western Canada a Maiden soil God has given us a glorious heritage, says the Moose Jaw Times. So abundant is it, and so vast of access, its great importance and value to us is very often overlooked. Like many other blessings we fail to realize what it means to us until they have departed from us. Not knowing nothing but regrets at their loss, and all the more so because we know that for the most part their return is impossible.

If we will but show or, better still if we could treat other lands and soil what the agricultural has to do or is, can more fully express, we might appreciate and realize what a wonderful value or wealth we hold in our possession. Accident or is that has not been the case in this country now and for some years past, during nothing in return, we would do all we possibly could to help over to serve built up.

The world is not poorly soil the cultivated, but there are more vast areas to go in to possess, so that we must look to the conservation of what we and contribute to the world's of Mother Earth to-day. We will begin no longer to hold our title to fertile them again on account of fertile plain to be cultivated and there is no territory. So, we must conserve our soil's so as to serve that we may continue to have her returns for our labors in right manner and in the right spirit.

The first principle to conserve a fertile soil is to keep it covered with some sort of growth. The covering must be harvested in one way or another. Where it is not harvested it must be turned in on the soil. Soil that is left bare and exposed to the elements is subject to many forms of waste. This condition, says the Moose Jaw Times, is best done during the latter part of July or early in August. A young queen will at this time be ready to lay and will be in full force of prolific in time for the winter without any danger of being superseded. In the succeeding spring she is still less than one year old and still in her prime, able to carry on brood production at a rapid rate. Honey gathered from these colonies in 1923 and 24 show that ten such colonies established will average more than three hundred pounds per colony. Last year a shipped to the Edmonton exhibition from the Moose Jaw district. Before the disastrous frost of the two preceding years the average was nearly 17,000 tons. It is plain that if Canadian shippers wish to meet the demand of $4 a ton imposed by our neighbors they must produce a larger percentage and retain or increase the tonnage trade in hay they must pay attention to the selected board test for hardness and to quality, but also to packing and shipping.

Big Shipment Of Salmon

Since the beginning of the current year the port of Vancouver has shipped 1,048,772 cases of canned salmon to all parts of the world, according to figures compiled by the Vancouver Merchants' Exchange. The movement of canned salmon in just about finished and the packet season will start again this month for the fall and winter business.

The first boat to leave the Atlantic seaboard with wheat was the Canadian William, which made the trip to London from Quebec in 1423

The Country Boy's Chance

Has Splendid Opportunity to Learn Value of Money

Out of 3,000 boys in the year 19 averages boys sleep 3,650, eats 6 travel 1,095, work 3,285 and spends 1 leaves 365. The other 3,110 hours largely double his chances and make his life easy on the farm as boys ages and the boy had his own pig calf and from their sale he got his clothes for winter and his spending money. His work for these animals in less what money costs and what it is worth. The boy who has no money's sense what he is to get off the old man or when the old brother is on the road to ruin. They has not been implanted in him the passion to accumulate—nor the ability to save. Until he shall develop these by many sad experiences he is, as it is generally called, a failure. His financial world is a three-legged blind horse has in a bunch of hungry town dogs.

The average boy in a city home has no responsibilities and no partnership. The family moves on an even keel of action a year and the roots of its affections never have a chance to get attached to any spot. He has no place to plant his affections and when and probably no place of amusement except the pool hall. The neighbor's boys are better and not those he prefers when he makes a noise and the pro is that he comes to dislike the place called home and is never there when he can help himself. Brandon Sun.

With the Beekeepers

A Young Queen Bee Provides the Strongest Colonies for Winter

Keeping wing-rolonies, says the Dominion apiarist, is best done during the latter part of July or early in August. A young queen will at this time be ready to lay and will be in full force of prolific in time for the winter without any danger of being superseded. In the succeeding spring she is still less than one year old and still in her prime, able to carry on brood production at a rapid rate. Honey gathered from these colonies in 1923 and 24 show that ten such colonies established will average more than three hundred pounds per colony. Last year a shipped to the Edmonton exhibition from the Moose Jaw district. Before the disastrous frost of the two preceding years the average was nearly 17,000 tons. It is plain that if Canadian shippers wish to meet the demand of $4 a ton imposed by our neighbors they must produce a larger percentage and retain or increase the tonnage trade in hay they must pay attention to the selected board test for hardness and to quality, but also to packing and shipping.

Sheep Will Eat Sow Thistle

Easy Way to Rid Land of Pernicious Weed

"Sheep reish now thistle and rat B on thistle that the pasture now has more easily eradicated when the pasture is broken up to crop" says Mr. M P Tuttle, field crops commissioner for the province of Saskatchewan. In the past thistle was the perfect excuse for "Canada Thistle."

"Tuttle also will eat now thistle and thrive on it," continues Mr Tuttle "taking off a crop or two of hay from infested land and then converting it for a season, furnishes a good pasture and by destroying the root system by cultivation methods. Planting a hay crop on land infested with sow thistle and following the black fallow treatment has also proved useful in ridding the land of this pernicious weed."

The findings of Mr Tuttle are confirmed by experiments in Manitoba and North Dakota. I. C. Mitchell says that sheep have been found to be valuable in controlling weed.

News Voices

A railway search in which six people were killed would be given ten times the space in daily newspapers that would be devoted if an automobile crash in which an equal number were drawn. It is a curious commentary, does it not, on the civic conscience of the time—depicted in a truth which Mr Justice Greer uttered not so many months ago: "Railway accidents are becoming commonplace, trains are run so fast that the race of ways away. Toronto Star.

"Your husband has been ill with the flu?" said the parson.

"Yes," replied the little worried-looking woman. I do my best to please him, but nothing seems to satisfy him."

"Is his condition critical?"

"It's worse than critical," she answered, with a sigh, "it's abnormal."

Color Important Factor in Hay

The Principal Consideration in Determining Quality for Market

No. 1 hay must be of good color being the principal guide in judging quality for the market. Dealing with this subject, Mr W. R. White, chief of the feed division of the Dominion seed branch, remarks that provided the hay is reasonable freedom from foreign material, hay of any particular cut that retains the largest percentage of its natural green color is graded highest and commands the best price. Conditions as regards maturity, curing, storing and subsequent damage are all reflected in the color.

Time of cutting and methods of curing are important factors for consideration in the production of hay for market purposes. Hay that has become over-ripe and bleached before cutting, or that has been bleached or weathered while curing, has decreased in both palatability and nutritive value.

Mr White also points out that by raising the hay and par allowing it to be over-ripened, instead of the result being a heavier crop, the yield is actually decreased. Hay should be cut when well filled, and curing it up in well made cocks where it is allowed to sweat, the shedding of leaves is largely prevented and very little loss of color or palatability occurs.

Further, hay hauled from the windrow should be stored with the least possible delay once it is sufficiently cured.

Connect To Hay Shippers

May Be Shipped Must Be Put Up In An Acceptable Manner

If, says an authority speaking of a shipping point, "We Are Investigated by Mr Frederic Lloyd, Canadian trade commissioner in the United States, we are to export hay we must put it up in an acceptable manner Mr. Hayes clearly shows good reason why hay standards should be established in this country. He has investigated the acceptable taste in New York, Philadelphia, and Boston of the poor condition in which some consignments have been received and has found them well founded. Indeed, he says, it would be impossible to exaggerate the condition in which some consignments have been received. As a result the trade has established a dislike for Canadian timothy hay and will have nothing to do with it. Mr. Hayes says that the trade is willing to pay a premium for timothy hay of good quality, well baled, and in good condition, but that the hay must be put up in an acceptable manner. He says that the trade is willing to pay a premium for timothy hay of good quality, well baled, and in good condition, but that the hay must be put up in an acceptable manner.

The Pioneer Spirit

Western Canada Is Rich In Pioneering Legend

The Canadian west is unstintedly rich in pioneering legend. Almost every inch of this ground is pregnant with memories of the rugged pioneers whose spirit and energy are the real factors that will make the Canadian nation great.

Canada has been too ready to allow these pioneering legends to be forgotten. The pioneering tradition is becoming a thing of the past.

It is too rich, too vital a thing to pass out of our national life.

If Canada is ever to have a deep national spirit, a real Canadianism, that spirit and that Canadianism must be founded on the old pioneer day energy that wrested this country from the wilderness.

The old pioneering days may be nearly past. Only the Peace River and a few other such communities remain to challenge the energies of men who called themselves pioneers. But the pioneer spirit is by no means dead. Today, Canada needs the pioneer's spirit just as badly as she did in the days when the land was being first subdued to be conquered.

We need pioneers in industry, pioneers in civic new pioneers in culture and pioneers in government.

The old pioneering days may be over, but we need to keep the pioneering spirit alive, to stimulate national pride, to keep family pride in the memories, legends and traditions of the old pioneer founders of the country. (T) Vancouver Sun.

Natural Resources Bulletin

Immense Quantities of Lumber Prior to Fire Destroyed Many Homes and Containers

There are many interesting facts contained in the latest bulletin issued by the department of mines and resources, entitled "Forest Resources of Canada," by R. H. Campbell, forester, pointing out that the forests of Canada are a most valuable asset to the country. The bulletin is published in English and French and may be had free of charge on application to the director of forestry, Ottawa.

The bulletin says that the forests of Canada are a most valuable asset to the country. The bulletin is published in English and French and may be had free of charge on application to the director of forestry, Ottawa.

Canada's Fish Culture Service Has Made Remarkable Strides In Development Of The Work

Large and Small Farms

Profit Depends More on the Man Than on the Size of a Farm

There is a general current of opinion among rural economists that the average size of farm will become smaller as time goes on and that a more efficient system of farming will be the result.

The expressed opinion of Mr. A. Grant Hall is that the large farm will be the farm of the future and can be worked more economically than a small one, according to a June issue of the Canadian Countryman.

The Ontario Agricultural College is conducting a study with these points in view, the object of which is to determine whether the large farm or the small farm is the more efficient system of farming. Mr. Hall is of the opinion that the large farm will be the more economical unit of production.

The writer says in part:

[illegible]

Gather, Fruit At Night

Searchlight Makes Work Easy On Ranch In New Westminster

An innovation in small fruit picking is being introduced on the ranch of Mr. [illegible] Mr. Anderson is using searchlights instead of lanterns. The result is a saving of time and labor, and a more thorough picking of the fruit. The searchlight is mounted on a small [illegible] and is moved from bush to bush as the picking progresses. The searchlight is mounted on a small [illegible] and is moved from bush to bush as the picking progresses.

Clear wireless code signals to Constantinople a distance of many thousand miles, are being received by the United States navy radio station at Bar Harbor, Me., according to Lieut.-Commander Stanford C. Hooper, chief of the naval communication service.

Lieut.-Commander Hooper said the signals were received by the navy radio station at Bar Harbor, Me., and were clear and distinct.

Settlers Build Their First Home

European settlers building their first home on the banks of the British Columbia Land Settlement Corporation, north of Vermilion, Alberta.

Remarkable Land Settlement Plan

Influential British Company to Assist Settlers and Promote Colonization

The Vermilion district in central Alberta is this summer the scene of a remarkable and most promising development in land settlement. The undertaking referred to is that of the British Dominions Land Settlement Corporation Limited, a powerful financial organization formed in London, England for the express purpose of its name implies, of promoting land colonization in the overseas British Dominions and particularly in Canada. The corporation's representative in the person of Mr. Bailey, who has been in charge of the work since it was first started in 1924. Mr. Bailey is a man of wide experience in land settlement matters and has had many years of experience in the Canadian West. He has been in charge of the work since it was first started in 1924.

Discovers Strange Race

Explorer Finds White Indians in Jungles of Brazil

White Indians who refused to accept civilization, although armed with rifles and poison arrows and living mode by a primitive state are among tribes in Matto Grosso Brazil, ton time has been in Brazil.

His discoveries from his research expedition to Brazilian jungles, he told about finding the Indians at the head waters of the Paraná River, 75 miles distant from the headwaters of the rubbers. The Indians were attacked with poison but they impressed the explorers as being comparatively white.

The Indians are understood and speak a distinct language of their own.

They are a tall and are between the ages of 20 and 30 years. They have no clothing and wear no ornaments.

Mistakes in London Statues

Many Peculiar Errors Have Only Been Recently Noted

Peculiar mistakes in London's statues have been recently noted again in a recent Saturday article which points out the following facts: The statue of Queen Victoria at Kensington Palace Entrance has neither spurs nor stirrups. Statesmen in the Canadian room from the present day, an error right which flouts the best traditions of equine form. Sculptors should study the House of Commons in wearing spurs. The Duke of Cambridge, in the Mall, is another example of a statue with no stirrups. Peel in the Strand, and the late Lord Beaconsfield in the Railway Approach, are likewise blameless in the matter of the equipment of their horses.

The high character of the community is indicated by the personnel of its public officials. The mayor is Mr. Bailey, who has been in charge of the work since it was first started in 1924. Mr. Bailey is a man of wide experience in land settlement matters and has had many years of experience in the Canadian West. He has been in charge of the work since it was first started in 1924.

FOR ALL

Early in the history of the Bank of Montreal its officers realized that to attain its highest usefulness, a bank should serve with equal readiness and ability all classes of customers in every department of banking.

At each office of the Bank small accounts are welcome; and the same painstaking attention is given to every customer.

Tofield Sports Well Attended

The Whole Day a Complete Success

The 1925 Tofield Sports Day will man's 100 yard dash; Boys' bicycle race and a number of children's races.

BASEBALL GAME

The opening ball game was a third [illegible] the $120 prize hanging on the balance until the last ball was thrown. The teams competing were Tofield and Lamont. Lee, Tofield regular pitcher, had sulked in the morning game, and Lawson took the mound and pitched good ball.

Tofield opened the scoring by making a run in the first inning, which [illegible] they held until the fourth when Lamont got a streakhold of the ball by bringing home three men. Tofield also made two runs in this inning and the fifth inning commenced with the score a tie. At this time a heated argument resulting a ball in play took place, and Happy Ostland, the Lamont catcher took the ball and they refused to [illegible] The fifth was a speedy affair, being one, two, three for both teams. Lamont added an other run in the sixth, which were [illegible] the game, no other runs being made.

Empire Meldrum of Chipman umpired all the games and gave every satisfaction.

A large number attended the game [illegible] immediately after the ball game and the dance which followed the [illegible]

In the afternoon there was also a football game between Camrose and Tofield, in which the locals won by a score of 5-3.

Some basketball games were also played, a report of which, owing to the demand on our space will have to be held over until next week.

WOODLAWN

In the midst of life we are told, "And joy and sorrow clasp each other's hands in our lives." These truth [illegible] probably be right home to us this week. While the many Wood Lawn friends of Mr and Mrs. Donald McLennan were yet rejoicing over the advent of their little son, [illegible] a crash of thunder from a clear sky came news of the death by drowning of young Forest Godbolt. Only a week before we had seen him full of life and health, gone to spend a well earned holiday with relatives in the city. Now we were told that he [illegible] was to be no more. The [illegible] today was stilled in death, his [illegible] eyes closed to their last long sleep. Many hearts ached that night [illegible] only in his own circle, but in other homes as well. Forest will be greatly missed. He had a happy [illegible] disposition, that had endeared him, not only to those of his own age, but the older folks as well. The body was taken to Edmonton, that it might rest by the side of an elder brother who died less than a year ago.

Mrs. Longhurst went to the city on Friday night so that she might attend the funeral.

The sympathy of our people goes out to those who mourn a son and brother.

CARD OF THANKS

We desire to extend our thanks and appreciation to the many friends for their help and sympathy during our recent sad bereavement. We desire to especially thank those who sent floral offerings.

Mr. and Mrs. Godbolt and Family

R. D. Seale Passes Away

The death occured at Lamont hospital of Robert D. Seale, well known and greatly respected citizen of this district. The deceased had entered the hospital to undergo an operation for internal trouble, but succumbed after the operation had been performed. Mr. Seale was very well known throughout the district. He was of a jovial disposition and delighted to create a joke. His death come as a surprise and shock to his many friends.

R. D. Seale was born in Granby, Que., 63 years ago. He came to Alberta in 1904 and settled in the Tofield district, where he has since resided.

He leaves to mourn his loss a wife and three sons all of this district Elgin, married and residing on his home farm; William, residing on his own farm, and Marvin, age three at home.

The funeral was held on Sunday, a large number of people attending to pay their last respects to the deceased.

Service was held in the Anglican church, R. D. Thatcher officiating. The deceased's favorite hymns were sung, "Nearer My God to Thee," and "Abide With Me," and a short address from the text, "Lord, let me know the number of my days," was given.

The local lodge of the Masonic order, of which deceased was a member, was present and performed the Masonic burial service at the graveside.

The floral offerings were numerous and beautiful.

REGARDING WEEDS

Our attention has been called to the news item and editorial, re the district's freedom from weeds, published last week.

As a statement of fact, the information given was correct—that in the weed inspector's report he municipality was quoted as being fairly clean.

However, the enf orcation was not taken [illegible] farmers into a false security. There are some noxious weeds in the district and they are a menace and so we are informed, the weed inspector was engaged by the municipality to educate farmers, so that they would recognize them, fight them and kill them. A more complete article on this subject will be published next week.

CARD OF THANKS

The family of the late Robert D. Seale, desire to convey their gratitude to the many kind friends for the help and sympathy shown them during their sad bereavement.

If there is one thing more certain than another it is that the Essex [illegible] is fully equipped at $1645.00 to the greatest value of any in the world today. Tofield Garage.

Bridal Shower at Ketchamoot

The jolliest time for many a day was spent at the school house last Friday afternoon when a miscellaneous shower was given for Miss Anne Ingram under the management of Mrs. Frank Hull. The home was tastefully decorated with wild and tame flowers. After the ladies had arrived with their mysterious parcels and friendly greetings the entertainment part was opened by all singing "Jessica", Miss Hazel Sears then read a humorous sketch of Anne Ingrams life written by Mrs Hull. A search was started on the organ by Miss Edna Nameland, when in marched a most wedding party. Mrs. Edna McBeth, as minister, Miss Beulah McBeth, bride. Miss Lillian Carlisle, groom, little Eunice and Lou McBeth, flower girls, which was a surprise and greatly enjoyed by all. Miss Mabel Lawson read a paper on how to prevent husbands written by Mrs. Hull. The bride to be, assisted by Miss Nameland, then opened the parcels which contained many pretty and useful articles. Refreshments of cake, sandwiches and lemonade was served by the ladies. The afternoon was brought to a close by all having their photograph taken. Ladies present were: Mrs. Hull, Mrs. Barnes, Mrs. McBeth, Mrs. Nameland, Mrs. W. Ingram, Mrs. D. E. and Hugh Mitchell, Mrs. Mary Ingram, Mrs. Carlisle, Mrs. Mildren White, Mrs. Joe Phillips Mrs. Willson and John Lee, Mrs. Geo. Lawson, Mrs. Parker, Mrs. Ed Cochran, Mrs. Sears, Mrs. C. Coombes, Mrs. A. McMullen, Mrs. Peter Lee, Mrs. Roger Ray, Mrs. H. McClinton, Misses Brown, Misses Ingram, Mrs. Wildman, Mrs. Overton, Mrs. Williams. The Misses Anne Ingram, Annie Turner, F. Fawcett, Mary and Dolores Thompson, Hilda Nameland, Pearl Welsh, Lillian Carlisle, Beulah McBeth, Mildred Ingram, Marjorie and Viola Lee, Hazel Sears, Hazel Parker, Mabel and Mildred Lawson, Anna Brown Emily Ferguson.

Rev. R. Geo. Watt held special services at the school house Sunday afternoon in recognition of the United Church. Communion service was held at the close, nine new members uniting with the church

Mr. and Mrs. Mack Johnson of William Lake, B.C., arrived on Monday to visit his mother and other relatives and friends.

THE UNITED CHURCH

The special communion services at Tofield and Ketchamoot last Sunday were well attended and a very deep interested was manifested in the future welfare of the United Church of Tofield as a unit of the United Church of Canada. This was the first communion service held here since the inauguration of the United Church of Canada. Twenty six names were added to the roll of communicants. The pastor and the office bearers look forward to the future with optimism and sincere faith that the spiritual union thus formed, will mean an opportunity for enlarged service, for the church in the community.

Cleans Like China

When you use SMP Enameled Ware utensils, you never need to scrape, scour and scrub the way some warm dressed. Hot water, soap, a cloth—that's all you need to clean SMP Ware. Like china, it's the finish that makes it easy to clean. Like steel, it's the core of your cooking ware, resists chips, pares sanitary. lasting

SMP
Enameled
WARE

A Shortsighted Policy

The shortsightedness of some people is proverbial, but it is, still, amazing to find a whole organization in a responsible position displaying such a lack of foresight as is evidenced by the Canadian Pacific Railway Company when it has failed to provide adequate shelter for the passengers who have to wait for trains at the Union Station in Toronto. Not only is there no waiting room for the general public, but the company has refused to provide even a shelter for the women and children who have to wait for the trains to arrive. Many of these people have to wait for hours, and in the winter months they suffer severely from the cold. Some of the women have been taken ill while waiting for trains, and have had to be carried into the station and cared for by the station agent.

The C.P.R. is the richest railway company in the world, and it is the most powerful. It has been built up largely by the money of the people of Canada, and it has received many favors from the people and from the government. It is the duty of the company to provide adequate waiting rooms for the public at all its stations, and it is the duty of the government to see that this is done. The C.P.R. has been allowed to get away with this disgraceful neglect of its duty to the public for too long already. It is time that the government took steps to compel the company to provide proper waiting rooms for the public at all its stations.

Earache, Toothache Now Quickly Subdued

When your ear aches in pounding throbs you want relief—and relief is at hand. Just apply a few drops of Nerviline—full strength—on cotton and insert in the ear. Pain? Certainly no finally can stand it. Nerviline is the most powerful pain-killing liniment you can buy. Soothing, penetrating, it relieves aches, toothache, neuralgia, lumbago, sciatica, etc. Use a 25c bottle today and be convinced.

KINGMAN

Mr. and Mrs. C. J. Adamson and family, Omer Thompson and Theo Norris motored to Edmonton last week.

On the evening of Friday, the 24th a shower was held on Mr. and Mrs. Robert Brunt, at the home of Mr and Mrs. Jacob Beaman. About 75 guests were present, some from Barons and some from Kingman. A very pleasant evening was spent, and lunch was served at midnight. W. and Mrs. Anderson left on Monday last.

Mr. Jacob Beaman is on the sick list having an attack of pleurisy. We hope she will soon recover.

Mr. and Mrs. Ed. Johnson made a trip to Innisfree to visit friends and relatives there.

Mr. Solomon of Grand Prairie is visiting at the Herie home for a few days.

A number of Kingmanites attended the big children dinner and picnic at Barons on Friday. All report a good time.

Mrs. E. Erickson is in bed again with another attack of erisipelas.

Helge Andersen, the famous ne cordeon player will hold another dance in Kingman on Friday, August 7th. Everybody come and have a good time.

Mr. Robert Bruce returned back to his home at Innisfree on Monday evening.

Between two and three inches of rain fell the last few days and as the crops were already suffering, it was very badly needed. With the moisture now received, we are assured of a fair crop.

Mr. and Mrs. Thos Grahn and son Mrs. C. Erickson, and Mr. Ole Bjor gum motored to Edmonton on Tuesday.

AMISK CREEK

Rain is very badly needed in this district. The crop will be light unless it comes soon.

Mrs Tillie Ostland from the States arrived here last week. Her intention is to keep house for her uncle, Mr. Erickson.

Pearl and Edith Bills from Edmonton are spending their holidays at the L. Anderson home.

Several from this vicinity attended the motor ball at Barons on Thursday last. Everybody reports a good time.

D. K. Blemkie from Exley is painting R. O. Burg's new barn.

Mr. and Mrs. I. C. Olson and family attended the wedding at Camrose when Miss Hazel Keesing was united a marriage to Mr Julius Hansson.

After visiting friends and relatives a this vicinity, Mrs. G. Lagergren returned for Edmonton last Friday.

Arnold Berg was visiting with relatives in Viking the first part of the last week, returning home on Wednesday evening.

Mr. and Mrs. Parker and family, Mr and Mrs. I. Reed and son, Mr. and Mrs. L. Related and family, and Bernard Lovelace were guests for dinner at I Flaaten's on Sunday last.

Mr and Mrs. M Johnson from Viking and Mr. and Mrs. J. Jacobson and son from Barons were guests for dinner at E. A. Moen's on Sunday last.

Mr. and Mrs. Hobson and son and Dr. and Mrs. J. Jevning from Ryley were dinner guests at the L. Anderson home on Sunday last.

The Amisk Creek Lutheran Sunday school held a picnic at the Amisk Creek Church on Sunday. Ice cream and lemonade was served.

Mr and Mrs N. and and duschter de and Mr. M. John on and Morley Anderson were visitors at the Flaaten home last Sunday evening.

Mrs. M Johnson from Viking, also was visiting friends around here, is now visiting with Mrs J Jacobson of Barons.

Mrs. M. Johnson from Viking is visiting with P. O. Flaaten's this week.

A number of friends and relatives motored to Viking last Sunday and were Mr. and Mrs. Carte a surprise. There were five autos in all.

The carpenters, M. Johnson and M. Anderson repaired A. Haugen's barn on Monday and are now building two tenantries for P. O. Flaaten.

Those who attended the Edmonton exhibition last week from this vicinity were A. Erickson, C. Erickson, G. Paulsen, O. Moline, and C. Pederson. They took the excursion train on Thursday.

The Pastor, O. Ammonen has started his work on A. Patterson's farm.

Miss Ruby Berg is helping her aunt Mrs. P. Flaaten during the time the carpenters are there.

The Ladies' Aid met at Mrs. E. A. Moen's on Tuesday last.

Here and There

That a new market has been found for Canadian lobsters, is shown by the report that twenty-six hundred cases of lobsters, valued at about $70,000, were shipped to Sweden from Halifax, N.S., during the first week in July.

The gold mines of Northern Ontario are now realizing aggregate profits of a million dollars a month, and dividends are announced at the rate of $6,000,000 during the month of June.

Six hundred and twenty-four families from Great Britain and other European countries are settled in the West on 107,000 acres of land, sold in the fiscal year ending May 31st, according to the records of the Canada Colonization Association.

Quebec is this year enjoying the greatest influx of tourists it has known for a considerable time. Hundreds of motorists, the majority from the States, are camped in and around the city, and the Chateau Frontenac reports capacity bookings.

During his tour of Western Canada Field Marshal Earl Haig passed through the town on the Canadian Pacific Railway which was named for his several years ago, for the first time. Field Marshal, on learning his connection with the town, looked so pleased as the train he had just won another fan-ous victory.

According to the report of the Department of Agriculture, livestock marketings at the Winnipeg Stock Yards last year were the best experienced for many years. There were 971,329 cattle, 254,179 calves, 3,894,291 hogs and 685,000 sheep marketed in 1924, as compared with 862,321 213,522, 2,983,462 and 512,200 respectively in the previous year.

According to J. M. Gibbon, secretary of the Trail Riders of the Canadian Rockies, who recently left Mont real for the West, the annual three country ride and pow-wow under taken by their organization, is becoming so popular that lovers of the outdoors from England and Australia are attending this year, in addition to the members from the United States and Canada.

The "Beatty Boys," four little youngsters, brought out here by E. W. Beatty, K.C., President of the Canadian Pacific Railway, to study Canadian farm methods, arrived in Canada as the "Hoodoos" this month. They are expert farmers selected by the Minister of Agriculture from the ranks of the Young Farmers' Club of Great Britain and Northern Ireland. They are to be a regarded as an authority on wild animals and birds. They will visit us, ten years from now, 10,000 sh a the district, unless steps are taken to conserve their numbers.

French-Canadian agricultural experts, theologians, students and others, touring the country under the auspices of the University of Montreal express unanimous amazement at the agricultural development of British Columbia, the scenery of Alberta, the prairies of Manitoba, the resection of Northern Ontario and he vastness of the country in gen ral. A similar excursion left Montreal recently under the auspices of the agricultural committee of Canadian Pacific lines, and will return the middle of August.

Increasing Demand For Wheat In Markets Of The World Should Keep Grain Prices Firm

Mr. J. Obed Smith, commissioner of immigration for Canada in London, points, in a letter to "Canada," the London weekly, to the growing prosperity of Canada in this country and the increasing demand for its products, the country's spending of wheat, in part:

Canada will be what its farmers, Prairie Provincial Governments (Liberal and Conservative) and Hon. Mackenzie King, Premier of Canada, have made it possible for it to be. Its wheat crop is recently placed on order and paid for 16 hundred bushels of Canadian wheat. That is not all. The whole system of the country is rapidly increasing during the remaining months, which are generally the most healthy, settling and handling imported flour. This shows a boom in Canada's wheat fields and we'll be first.

To this material activity discovered a thriving of wheat, bread and whiskey out of Canada's wheat is that the Prairie Provinces have largely recently placed an order and paid for 16 hundred bushels of Canadian wheat

New Zealand Exhibition

Canada Hopes to Derive Considerable Benefit From Taking Part

Canada's participation in the New Zealand and South Seas exhibition which is to be held at Dunedin, New Zealand, on November 1, 1925, to April 30, 1926, will about be entirely in the production of the country's resources and industries. Hon. Sydney Fisher, minister of trade and commerce, also has announced to take $1,500 square feet of space in which he will put on the exhibition ground and will erect a very representative exhibit showing the natural resources and products of the Dominion and the industries and activities resulting as a result of the exposition of the Canadian Pacific Ocean and the subsequent development of trade between the different countries lying in the pacific

Canada intends to devote considerable benefits from taking part in this exhibition. The last exhibition was held at Christchurch, New Zealand in 1906. Canada took a prominent part and since that time both New Zealand was rapidly developing and increasing its importance in the British office of the American Red Cross.

It is now possible to return that Rt. Hon. Rudmond MacDonald, leader of the British Labor party, is to visit Canada this year. His visit is said to have no connection with any matter of a political nature.

Japan, the only country in any of the countries of the world which has not yet ratified the Washington treaty for the limitation of armaments, has completed no measures with which

Peru-ia to Strike New Tax That Nobody Now Pays—Is Expected Well-Liked

Burnt candle ends have provided a notable income in London and Berlin, say, a consular other income from a source not so regularly served in Washington in the land are used at Buckingham Palace and by the particular attention to the candle ends from the state apartments. The candles are ordered all the candle ends from the state apartments. The candles are ordered all the candle ends from the state apartments. The candles are ordered all

BARDO

The picnic on the 23rd was a decided success. The two ensemble, good weather and a good crowd were both in evidence. The ladies felt well repaid for their work. Solberg and Bardo school boys again came to bat score 16—17 in favor of Bardo. The races were enthusiastically run by the youngsters.

The ball game between Shouts and Ketchamont resulted in a victory for he latter, score 5—4. Bardo thereby played the winning team. The visiting team main men, score 10—13.

There were married in Camrose on July 22nd, Robert Bruce of Innisfree and Selma Ellnora of Kingman. Mrs. Bruce grew to womanhood in this community, and was greeted with many congratulations by her many friends here at the picnic on Thursday. The bride was very charming in an ensemble suit of brown and gold. In the evening 50 carloads from Bardo surprised them at the Benson home. Mrs. Benson served supper and a very enjoyable evening is reported. Mr. and Mrs. Bruce will make their home on a farm near Innisfree.

A wedding of interest to Bardo people occurred at Camrose on July 23 when one of our popular teachers, Miss Hazel Benning and Mr. Julio Jamson of Camrose were married in ceremony was in the Lutheran church, Rev. Benning, father of the bride officiating. The bride wore a suit of white satin with veil and orange blossoms and carried a bouquet of carnations and roses. Her attendants were Gudrun Ness and Mabel Hadwen. The best men were Harold Benning and Lewis Hanson. Flower girls, Maureen Jenson and Judy Olson. Nadean Hagen play the wedding march. There was a reception at the Hanson home for both 150 guests were invited. The groom and Miss Sandine from Bardo of the J. H. Olson family from hours we are present. Mr. and Mrs. Benning and Harold and Gudrun Hanson accompanied them to Banff after a wedding trip, then Mr. and Mrs. Jamson will proceed to the coast.

Mr Benning preached in the Lorena Church at Bardo on Sunday morning.

Martha Anderson is visiting her sister John Anderson and her brother Bernard for a few weeks. Mrs. Anderson spent the winter months in California.

Mr and Mrs. W. E. Parker and Mrs. F. E. Hills attended the service in the United Church in Tofield on Sunday evening.

Don't ask a man who doesn't own a Ford about one—ask an Ford owner. They are the greatest of all car owners.—Tofield Garage.

KETCHAMONT

The heavy showers the past week ran thankfully received as every thing was drying up fast.

Mr. and Mrs. Wm. Lee and family Mr and Mrs. John Lee and children Mr. and Mrs. Lawson and family Mr. and Mrs. Soares and family, Mr. Lawson Ralph and Percy Owen and Allie Ingram, attended the Bardo picnic last Thursday.

A pleasant afternoon was spent with Mrs. D. H. Mitchell last Wednesday afternoon when the ones missed the M.A.S. A goodly number of members and visitors were present and a delicious lunch was served by the hostess at the close of the meeting. The August meeting will be held at the home of Mrs. Geo. Lawson.

Mr. John McGinnis underwent a successful operation last Thursday morning at the Royal Alexandra hospital, Edmonton.

Mrs. F. E. Ingram, accompanied by Ingram Sr. home from Edmonton last Friday and has been visiting relatives in our district the past week.

Miss Hilda Nomeland returned to town on Monday to take up he duties teaching at the Farmers' Supply Co.

Mrs. G. R. Owen spent several day her latter part of last week visiting her friend, Miss Carter at Holden.

Miss Vera Hall visited her friend Mrs. Fred Sutton last Friday.

The little folks were not to be left out of the picture the past week Master Lyle Coombes entertained a few of his friends on Wednesday afternoon in honor of his fifth birthday. The bride was very charming in an ensemble suit of brown and gold. In the evening 50 carloads from Bardo surprised them at the Benson home. Mrs. Benson served supper and a very enjoyable evening is reported. Mr. and Mrs. Bruce will make their home on a farm near Innisfree.

THE GRAND COUNCIL

The sun, which a few moments before had flooded the lake with a golden glow, had sunk beneath the horizon, and with its passing, the shadows of night had begun to fall. The feathered and furred creatures of the wild, taking the setting of the sun as a universal signal, ceased their singing and chattering, and each one retreated to its own abode, there to sleep until the rising sun in the morning awakened them to a new day's activity.

From a small clearing in the woods, the site of the grand council, from where the light of day had mostly gone, there rang out, musically clear, the call of the Indian chief to his braves. Three times did he call, and shortly after the third call, from the now darkened woods, there appeared a procession of braves, silent and sombre, threading their way way around the enclosure, until all had entered the council circle, when they became seated. How, How.

The chief invokes the blessing of Waconda, the Great Spirit, the father of all men, salutes the winds of the north, south, east and west, and from the medicine man, procures and drinks, the magic potion, that enables him to conduct with wisdom, the Grand Council then assembled. He then lights the fire, and in the light thus produced, can be seen the bodies and faces of the silent braves. How, How.

The tribe is at peace and the council is one of pleasure How, How. Two braves give the dance of the elk, another recites legends of past glories, while others pay homage to that faithful friend of man, the dog, by giving the dog dance. How, How.

The courtship of the king of birds, the eagle, is picturesquely portrayed by two braves, who imitate the action of these noble birds at mating time. How, How.

From the outer darkness, and in absolute silence, there comes within the ranges of the circumference glow, five slowly moving and mournful figures, for Chief Hiawatha is to depart from the tribe that night, forever. The braves are told that happy is the man who is gathered unto the land of his forefathers before old age and infirmity besets him, whereupon Chief Hiawatha says, that as he has shown them how to live, also will he show them how to die. He then passes out into the night's darkness. With voices beautifully blended, those left at the fireside chant their farewell, to which Chief Hiawatha, with a splendid tenor voice replies from the woods. Three times this chant is repeated and each time chief Hiawatha's voice becomes more distant until it fades into the silence of the night. Silently the four figures leave the fireside. How, How.

A brave desirous of proving his courage to his fellow braves, asks the chief to appoint him some worthy task. He is thereupon given three BROWS and told to go out to the woods, light a fire and spend the night in lonely vigil without sleep. This he actually does. How, How.

The council closes with all the braves standing, looking and reaching up "where Waconda is" and saying the Omaha tribal prayer. How, How

That little group of Tofielders, who on Friday night last were privileged to witness the grand council of Camp Keewaydin, returned home relishing the good work done for the boys by the director of the camp, Joe Barrett, of the Y.M.C.A., Edmonton.

WEDDINGS

MOORE—FRANCIS

At the residence of the bride's sister, Tofield, on Monday, August 3rd, 1925, Mr. Earl Moore of New Norway, (lately of Jarrow) was united in marriage to Mabel A Francis of Tofield. Rev. R. Lee, Watt, B.D., minister of the United Church officiated.

The bride and groom will make their home in New Norway after returning from on the trip to Banff.

FERGUSON—INGRAM

At the United Church Manse, on Monday, August 3rd, 1925, Mr Th on st B. Ferguson and Anna C. Ingram, both of Tofield were united in marriage by Rev. R. Lee Watt, B.D., of the United Church.

CELEBRATES 80th BIRTHDAY

Mrs. Catherine Fraser, who is in the city visiting her brother, Archbishop Matheson, celebrates to-day her 80th birthday. She recently made the long trip from Tofield, Alberta, her home, all alone, for the purpose of attending the golden wedding of another brother, Alex Matheson of Stony Mountain, and has been a guest at Archbishop Matheson's since the date of that event.—Manitoba Free Press, Winnipeg.

Mrs. Fraser visited for five weeks at Calgary with her youngest son J. C. Fraser and still visit her other son at Sutherland, Sask., on her way home.

The little son of Mr. and Mrs. Donaldson returned from the hospital at Edmonton last Saturday.

NEWS OF OUR NEIGHBORS

KETCHAMONT

No doubt Miquelon lake on Sunday was one of the most animated of any in the province. The day being extremely hot, hundreds of cars were parked along the shore. Three Sunday schools gathered for special services. There were family dinners, boy scout gatherings, etc. Bathing and boat riding and people seemingly from everywhere.

Mr. J McGinnis was able to return home from the hospital on Monday morning

Mr Kendall of town and Mr. Plenis of Woodhaven district are the contractors on Henry Sutton's new barn which makes a fine improvement in their farm.

Mr. Ed Ingram of the Woodhaven district is under the doctor's care in Edmonton, having trouble with his foot.

Mr. Leslie McGinnis, Mr. and Mrs. Campbell, residing on the Jobb farm motored to Edmonton on Sunday and spent the day there

Miss Hazel Redshaugh returned to her home in Oregon last Thursday after several weeks visit with her brother and wife. Dr and Mrs. Redshaugh visited ten days, after which they continued on their trip to Rochester, Chicago, and several other points before returning home.

The Misses Viola Lee and Hazel Soares attended the Bardo Young People's social evening at Mr. Geo. Lawson's on Friday evening, and report a pleasant time

Master Jack Young who is spending his vacation with his grandparents Mr. and Mrs. Hugh McKellar, invited a few of his friends to help celebrate his eleventh birthday on Tuesday afternoon. Master Billy McCauley was the only guest outside of the district, but all had lots of fun.

A quiet wedding was solemnized in the manse of the United church at Tofield at nine o'clock on Monday morning, when Miss Anna Catherine Ingram, eldest daughter of Mr. and Mrs. J. H. Ingram was united in marriage to Thomas Day Ferguson, son of Mr. and Mrs. T. W. Ferguson. Rev. Geo. R. Watt performed the ceremony. They were accompanied by Mr. Lloyd Ferguson and Mrs. Mildred Wigts. After the ceremony the bridal party motored to Edmonton. On their return home Mr. and Mrs. Ferguson will reside on their farm four miles north of Tofield. The bride grew to womanhood in the Tofield district and the groom was for several years at Lakeshore, both highly esteemed by their many friends who join in wishing them many years of married happiness.

BARDO

Mrs. Easton was kicked by a horse on day last week and is in the hospital at Edmonton.

The Jas Beaudoe, John Yeker and P. O Larkshare families were guests at the J. Benson home in Kingman on Sunday.

The Bardo Lutheran Sunday school joined the Sunday schools from Camrose, Scandia and other points in a picnic and program at Lake Miquelon on Sunday. A very large crowd was in attendance.

Mr and Mrs. F. B. Anderson, Mr. and Mrs. Bowie Anderson and children, returned from Banff on Saturday.

They had a very fine outing.

LINDBROOK

Still no rain but lots of wind (not wheat). The sloughs thus as soon as you start stacking hay.

Mr. Jas Garrett of Revillon Freres, Edmonton, is a visitor at Mr. and Mrs. Leslie's here.

Mr. Grant Bennett of Edmonton is the guest of Mr. and Miss Morison at present.

Last Sunday a picnic was held at Hastings Lake bringing back memories of "by gone olde days." The water was fine and nearly everyone went in to bathe, but we missed our champion bather, Mr. J. Wentworth of Tofield, who like Mrs. Wentworth, lauds the bathers here, casting quite an example to those young timid souls who fear the water.

Mr Bert Winkley's house is under construction. Messrs Hawtin and Co. being in charge. When's it coming off Bert? Let us know in time.

LAKESHORE

The neighbors and friends of Mr. C. Moon are pleased to know that he is home from the hospital and much improved in health.

Mr. and Mrs. E. Booth and daughter, of Fawcham, Que., are visiting at the home of Mr. A. N. Booth.

Mr N. Noland is building a house and barn on his east quarter, he also has a new well bored with plenty of water in it.

All regret to hear that Mr. Basil Pelat is in the hospital suffering from throat trouble.

Mr. T. D. Ferguson has completed urban new house, and we expect to hear wedding bells in the near future.

Basketball and football every Tuesday and Friday evening opposite Mr. S. Bethel's.

KINGMAN

Mr. and Mrs. C. B. Wyckert are entertaining Mr. and Mrs. Chas. Wyckert of Camrose this week.

Mr. Chief Bonnee of Edmonton is visiting with Mrs. P. Simonson and family for a few days.

Mr. and Mrs. Henry Bree were visitors with Mr. and Mrs. Thor Gruben last week.

The grain is ripening fast owing to the hot weather and cutting will begin in places in a couple of days. A fair yield is reported in this neighborhood.

C. J. Rude of Bardo is building a new addition to his house. A Mount is doing the work.

Mr. Ole Simad who has been operating the U.G.G. elevator in Kingman for the last three years moved to Camrose on Monday where he will in charge of the elevator there.

On Sunday, August 2nd, the Sunday schools from Bardo, Camrose, Scandia and Kingman, held a picnic at Miquelon lake. Over two hundred cars were there and the day was spent in bathing and boat driving.

The largest colleg six cylinder car in the world to-day is the Rudenbaker Eight. For more than a year the Hudson-Essex have been the largest selling six cylinder cars in Detroit, a city that probably knows car values better than any other on the continent. "Stiff sold."—Tofield Garage.

SUCCESSFUL STUDENTS

Tofield students successful in passing from grade nine to grade ten are as follows, Dorothy Baptist, Kenneth Hall, Raymond Hingley, Chris Johnson, Thelma Jobb, Vernon Morris, Henry Tuckmann and Ellen Walker. Five of the above students obtained the required marks to sit compulsory subjects of the examination and three obtained the required marks in five of the compulsory subjects. The above eight students constitute the entire class, thus there were no failures in this grade.

Those successful in passing from grade 10 to 11 were Reginald Bonnette, Jean Kehler, Alice Portelle, and Edward Portelle. These students writing on special subjects receive notification from the department as to their standing.

Mustard is valuable in the diet

Did you know that mustard not only gives more zest and flavor to meats, but also stimulates your digestion? Because it aids assimilation it helps nourishment to foods.

A Hint To Our Towns

[illegible]

Sudden Sore Throat Is a Short Time

When a severe cold grips your throat, when it makes you gag and cough, don't suffer needlessly. Just apply good old "Vapo-Rub." This treatment acts right to the spot, penetrates in the very zone of the affected tissues, and by its unique method of action relieves soreness, aids an early loosening of phlegm, and usually checks further, tight, distressing coughing. Many users report a feeling of relief in a few minutes. Over 17 million jars used yearly. Get a jar today.

Fastest Mail In the World

Chicago-New York Night Air Mail Goes Wonderful Service

To Chicago and back in forty-two minutes, which is the record time for night air mail means to everyone, except those who live in the cities, is being set by Lester B. Gardner, editor of Aviation, in a congratulatory dispatch to the Postmaster General of the United States. "Postmaster General Brown," said Mr. Gardner, "will now have the fastest mail service in the world."

Postmaster General Brown replied: "My word, but certainly for Chicago at 11:42 p.m. Wednesday and received on its record at eleven a.m. Friday was as the air only sixteen hours of the total elapsed time from the office to the door. Ultimately, when the service is expanded to day and night both, and interconnections over the hundreds of miles between cities is established, the day by New York Telegraph.

Miller's Worm Powders are a safe and medicine or worm-infested children and they will thrive as never before. Which discriminate are taken off it will not injure the most delicate child as there is nothing of an injurious nature in these powders. They are pleasant to take and especially suited to children of tender years. Try them for the relief and health they will bring.

Homestead Entries

During the month of August the settlers at of the west proceeded to in securing homesteads, 1906 to and 1910-11, the two largest years in history, Saskatchewan accommodated 37,602 and 25,227 homesteaders respectively. In 1931, 2,726 homesteaders filed on Saskatchewan land.

Mothers Value Vita Oil—Mothers who know how easily children may get colds their children and how necessary prompt action is in applying relief. Many have at hand a supply of it. Vita Oil is a liquid that is rubbed on the throat, chest and back. It is also a wonderful preparation for the treatment of chilblains. And they are Wyeth's, for its various uses respect is a safe and reliable medicine.

Force of Habit

Passenger (formerly telephone girl): Porter, why didn't you call me, as I told you?

Sleeping-car Porter—Ah did, lady. Ah shook you an' Ah spoke to you, an' Ah hollered, an' you spoke, "Line's busy."

Alberta Tar Sands

Thirteen carloads of the sands from the Athabasca deposits at Waterways, were shipped east during the months of May and June, for experimental purposes on provincial road building at various points in the Dominion.

Nothing Could Stop Her

Stranger—Did your wife pick up driving very soon?

Williams—"Yes, she learned in six weeks."

The first steamship to cross the Pacific sailed from San Francisco in 1867.

English Teachers Visit Canada

His Majesty Conveys Message in Departing Pedagogues

The party of 100 school teachers from Britain, who are visiting Canada, received the following message from His Majesty the King before their departure:

"His Majesty congratulates the visitors upon the happy conception of the undertaking which will give opportunities to study the educational system in Canada and to gain an insight into her history, development and general resources. The King feels sure that the results of this experience will be fruitful with their departure, not only on the teachers but also on those who will in the future come under their influence and instruction and upon the relations between the Motherland and the great Dominion.

"From his remote home in Canada and her warm-hearted people, His Majesty can assure the teachers of the hospitality and friendship they will receive and which them. God speed and his wishes for a safe and beautiful country."

The message was received with enthusiasm by the teachers aboard the Empress of Scotland, on which they sailed for Canada.

SUNDAY SCHOOL LESSON

AUGUST 9

BEGINNING THE SECOND MID SUNDAY TOUR

Golden Text

He shall have dominion also from sea to sea, And from the River unto the ends of the earth. Psalm 72:8

Lesson Acts 13:26 to 43.
Devotional Reading Psalm 67

The Text Explained and Illustrated

The second half-century period opens with "After some days". Paul is ready to begin his second missionary journey. He is eager to visit the churches he had established on his first journey. He is also anxious to see them and to encourage them in the faith. Barnabas wishes to take his nephew John Mark with them. Paul objects because Mark had deserted them on the first journey. Paul and Barnabas cannot agree and so they separate. Barnabas takes Mark and sails for Cyprus. Paul chooses Silas and goes through Syria and Cilicia. Timothy joins them at Lystra. Paul has a vision at Troas and sails for Macedonia. He preaches at Philippi, Thessalonica, Berea, Athens and Corinth. He then returns to Antioch. Paul's third journey is mainly spent in Ephesus. He then goes through Macedonia and Greece and returns to Jerusalem. Paul is arrested and sent to Rome. He is shipwrecked on the island of Melita and finally reaches Rome. Paul's letters to the churches he established are among the most precious parts of the New Testament. Paul's life is a wonderful example of consecration and devotion to the cause of Christ.

Vancouver A Busy Port

Remarkable Strides Made in the Past Few Years

Forty-two regular steamship lines are now operating out of the port of Vancouver, a record unequalled by any other port in Canada, according to figures just compiled by the Vancouver Board of Trade. Remarkable strides have been made in this port during the past few years, it is pointed out, and it now ranks as the leading one on the Pacific coast.

NEW HEALTH FOR SUFFERING WOMEN

Aching Backs and Tired Limbs Need Not Be Endured

Too many women endure suffering that could be relieved. They suffer backaches, aching and tired limbs, dizzy spells at times, spells of nervousness, need not be a part of their lives. Many suffering women who have used this tonic-medicine say it helps to build up the blood in the body, helps to relieve the strain on the nerves, helps to relieve the strain on the nerves, helps to relieve the strain on the nerves. Among those who have been helped by this tonic are Mrs. Alfred Vivier, Mrs. who writes Pelican Lake, that she was a sufferer from ailments for years and was run down. Before long she was given a bottle of Dr. Williams' Pink Pills and before she had used them she felt greatly improved. She continued taking the pills and soon regained her former health. Remember Dr. Williams' Pink Pills are obtainable from any druggist or by mail from The Dr. Williams' Medicine Co., Brockville, Ont.

An Athenian overtaking sergeant was ordered sing to persuade a reluctant gentleman to join the colours. "Now here, your father," he said, "I'm going to fine one of the finest little standing armies in existence." "Ain't no good, lieut," said the old man, "I've got a job what ah kin sit down."

Women are employed as ushers on cable cutting from parts in Norway, Sweden and Finland.

The voyager of coal has been resumed in Russia by the Soviet mint.

Eczema On Hands For Two Years Cuticura Healed

"For about two years I suffered with eczema on my hands. They were covered with small pimples and then spread to a large blister. They itched and red. It caused me much annoyance, especially when I washed my hands as I had to wash them often as my work. I did not get much sleep at night on account of the itching. I tried other remedies without success. I sent for a sample of Cuticura Ointment advertised and sent for a free sample. After using it I purchased some and in a month's time I was healed." (Signed) Miss Lillian Lawrence Chapron, Wharf Road, Chatham, N. B., Sept. 27, 1930.

Make Cuticura Soap and Ointment your every-day toilet preparations and have clear, sweet skin, soft smooth hands, and a healthy body with good hair. Cuticura Talcum is unscented to purity.

Cuticura Soap, Ointment and Talcum are sold throughout the British Empire. Canadian depot: Lymans, Limited, St. Paul St., Montreal. Price of each, 25c. Cuticura Soap shaves without mug.

Clay Products Production

Total Value of Production Last Year Was Close to Six Million Dollars

Including tiles and sewer pipe, bricks to the total value of $4,481,000 dollars the production of clay products in Canada during 1930, according to figures just published by the Dominion Bureau of Statistics. This is a decrease of $1,147,129 in value as compared with the production of the previous year, which reached a value of $11,871,129 in 1929, according to a statement issued by the Bureau. Production of clay products in the Dominion during 1930 was valued at $2,744,253, and wheels produced amounted to 1,114,—pounds, as compared with 1,—pounds in 1929. Production of abrasive and stones totalled 14,417,— pounds valued at $[illegible] as compared with [illegible] pounds valued at $[illegible] in 1929.

Signs Of Prosperity

No Business Failures Recorded in Northern Saskatchewan in June

In the whole of northern Saskatchewan not one business failure was recorded during the month of June, according to J. H. Bell, trustee of the bankruptcy district, according to a statement issued by the office of the official receiver at Prince Albert. Bell, Hatchford, Prince Albert, Saskatchewan, Canada, and Saskatoon. In the half year and the same [illegible] were less than half those recorded during the first six months of 1930.

Canoe Trip To The Barren Lands

BY J. W. GRAY

[illegible] Note—Some months ago [illegible] has stayed partly on the north [illegible] a power has called us [illegible] England, we read of two brothers [illegible] had made a long trip from Tofield, Alta. to the barren lands We knew of course that the London paper referred to the Gray brothers of Tofield, and immediately [illegible] the first chance of this [illegible] to the Mercury. After some persuasion the Gray [illegible] to tell the story of their trip. Mr. Gray reads:

[illegible] Tofield on July 16th, after having purchased [illegible] at 18 foot Peterboro freighting canoe, [illegible] and [illegible] and [illegible] Our outfit consisted of [illegible] pounds of flour, 175 pounds of bacon, 175 miles of Beaver [illegible] one Bissell lister, among [illegible] July 16th.

The first day the canoe was [illegible] loaded down with [illegible] the canoe trip of [illegible] miles [illegible] The Beaver river is a small [illegible] navigable at high water at this [illegible] was a [illegible] stream, [illegible] and [illegible] and [illegible] were waiting for the first few days [illegible] were plentiful and handy [illegible] and [illegible] [illegible] [illegible]

Governing Canada

Until 1867 the British North America was a series of small communities, each practically isolated from the others by long distances, which usually travelled chiefly by canoe, and the West was an unknown factor of small population and undeveloped territory, how much more difficult must the problem be today when the opinion and needs of nearly three millions of people west of the Great Lakes require to be harmonized with those of the six millions east of that geographical barrier.

Forty years ago the problem was to effect a compromise between the conflicting views of the farming population of Ontario and Quebec on the one hand and the industrial interests of those Provinces on the other hand, and also to reconcile the then intense differences existing between the French-speaking Roman Catholic Quebec and English speaking Protestant Ontario. Coupled with these no less difficulties was the task of making it a lasting settlement those two Provinces of Upper Canada with the Maritime Provinces.

With the passage of time the old sectional and religious animosities between Ontario and Quebec have largely disappeared while the development of manufacturing in both Provinces and the shifting of the main agricultural activity and production to the newer Western Provinces has served to remove a great many of the causes in regard to tariffs and national policies in the East which formerly caused friction as well either between the several Provinces and the Maritimes.

But the old conflict between agricultural producer and manufacturer still finds regular expression in fact in many years by the Liberal Party in the East and West but intensified by reason of sectional considerations, a more or less solid front against a solid West, whereas formerly it was merely a difference of viewpoint within a common community.

Some good people despair of any solution of this national problem so long lasting but there is no use on any such gloomy forebodings. The logic forces from the world over has always demonstrated its ability to solve such problems, and what it has repeatedly accomplished in the past, it can surely be depended on to do in the future. Public people, patience patriotism and statesmanship and that those will not be found lacking in Canada is believed to be given by the situation both Parties have made under existing hard-won mutual compromises, must be worked out.

In the government of Canada many serious people also find cause for the change in which, in the outward manner of its working, it has grown in the relationship existing between Great Britain and the overseas Dominions of the Empire. In its development of a national consciousness in the overseas Dominions and their full recognition as equal partners in the Empire, domestic events can change in the Empire is seen by those rather timid souls as a menace. Those who were frightened by the humor of Home Rule for Ireland because of a prophecy of mutual ruin, cannot even be persuaded to see the difference between Ireland and Canada's Independence of Great Britain in foreign affairs and Canada's Independence of Great Britain in the Empire.

The present Premier of Canada, well-versed in the constitution, has often been heard to say that Canada is free to herself and Canadians are free to themselves, but that Canada is free to herself and Canadians are free to themselves only because they are free to the Empire. Let that Empire be put into His Majesty's Government, and Canada's independence would be in danger. Let that Empire be put into His Majesty's Government, and Canada's independence would be in no

A Canoe Trip To The Barren Lands

Continued from page one.

are fast and noisy and many an angry curse must the tiller-man get through safely and after getting through them one feels as if his nerves should have a rest.

After our return to our log cabin camp we spent in hunting moose and deer. After days of patient hunting two others were shot, both being killed about a rod apart, one weighing about 1300 pounds, enough meat to last for a time, which was to be the main food. The meat had to be packed out a distance of two miles and the rest of the way by canoe. At this time of the year sand flys were very severe. Moose and deer were very severe in this locality, an Indian camp not far off heard we were hunting and said it was no use, but they were very much surprised when they hear we got four deer. They did not try us as the timber is so dense that it is seldom that a person can see fifty yards. At the end of January the Indians still had no meat except fish.

At the end of October Winter set in with a foot of snow, the climate being little different from here, the chinook winds could be felt. When it got down to sixty below a made traveling impossible. When winter set in the snow white Ptarmegan came down from the Barren country. These birds are about the size of partridge and have a black feather in their tail and wings. The Barren land caribou and deer were about three days travel of by snow shoe from where we were camped.

By this time we were busy setting traps especially for the fox and during our short stay managed to get a nice collection, also other small fur.

Dividends continuing owing to the high quality of fur taken by the trappers and not being able to return till the first of July, we sold our pelts for a big price, enough about 200 pounds of personal belongings which we did not care to part with.

We had ahead of us a three hundred mile trip. The boat now functioned as it should and we encountered many blizzards, with neither us nor the canoe [illegible]

[illegible] a few hairs to prevent [illegible] thing a cold day better than another canoe trip. A [illegible] filled with the ravenous [illegible] saying that there a man [illegible] and plaster for [illegible] never know what lies just around the bend

For many months straight, Hudson Bay [illegible] has outfitted the other dog fur cars in the whole state of Michigan, Massachusetts, Florida, Minnesota and Wisconsin and as of California. This is true of many other places from which [illegible] Trapping, also the large selling of rabbits and other small furs. This means that the people consider them the greatest value —Tofield and Camrose.

The Right Way to Boil Potatoes

Put the potatoes in an SMP Enameled Potato Pot. Cover with water. Add salt to taste. Boil—cooking is finished, drain off all the boiling water through the strainer spoon. No loss of steam cooking the basket because the handle securely locks the cover on. If your family uses potatoes, you require one of these.

He made money on the farm

Of many a farmer retiring to a well-earned rest it has been said, "He made a lot of money on that farm." The fact is that he made no more money than his neighbour, but he saved a great deal more.

Acquiring wealth is largely a matter of systematic spending and saving. Without a definite plan few men get anywhere. Hard work is not enough; the fruits of the work must be conserved.

Save your money regularly. Open an interest bearing Savings Account.

CUTTING WHEAT AUGUST 12th

The first to report cutting wheat this season is Ed Kallal. Ed started cutting sixty acres of Ruby wheat on Wednesday afternoon. This is an earlier variety than Marquis and Ed was cutting on days from sowing. Usually Ruby is ripe about two weeks earlier than Marquis. Mr. Kallal has a fine crop and is [illegible] at the [illegible]

The [illegible] dressing and [illegible] while [illegible] became to [illegible] extent, did a great deal of good to the later sown crops and pastures. In this district the rain this season has come at very opportune times. Following a seeding weather conditions [illegible] to put the seed into the ground in good time, and as soon as the [illegible] through, rain came [illegible] and has since made [illegible] August and saved the situation. With Monday's and Tuesday's precipitation, the crop prospects for this district appear very [illegible]

Governor General and Premier Visit Tofield

His Excellency Baron Byng, Governor General of Canada, accompanied by Premier Greenfield and Mr. Stutchbury, Trade Commissioner for Alberta, made an informal visit to Tofield and district on Wednesday.

His Excellency, who had recently returned from a trip to the far north, was being shown over the district so that he might see at first hand its possibilities. The original intention was to make motor trips from the city to the surrounding country but the rains of Sunday and Monday made his impossible.

Baron Byng arrived in his private car "Cornwallis" accompanied by the Premier, and they were greeted by Mr. Stutchbury, Mayor McCauley and a number of the prominent citizens. There were a large body of citizens present and very informally His Excellency shook hands with a number of them.

Having expressed a desire to meet a number of the returned soldiers, Baron Byng and party were taken to the Town Hall, where a number of "the boys" had gathered. The hall had been very tastefully decorated with flags and flowers. The gathering was delightfully informal and the distinguished visitor showed keen interest in being introduced to the returned men and in hearing what they were doing and how they were getting along To one typical native of the Emerald Isle, who during the war was a member of the 15th Highlanders, His Excellency remarked "and so they made a Scotchman out of you."

He listened attentively to any complaints, on one occasion turning to his escort, Capt. Lane and saying, "Is this so." The gathering ended a [illegible] conference [illegible] by most of assembling to the steps below, where a group photograph was taken. Later, Mrs. Tofield Percy, accompanied by Mayor McCauley visited a number of business places.

In the afternoon, Baron Byng expressed a desire to visit some of the returned soldiers' farms. The party composed of The Governor General, Premier Greenfield, Mr. Howard Stutchbury, Mayor McCauley, Mr. T. B. Henderson, Captain Lane and Capt. Godwin, in the Premier's car and Mr. Henderson's car [illegible] and visited Clarke Mortimer's farm, [illegible] Jobs Mortimer's and Mr. Percy Anderson's farms. They stopped at the home of Captain Lane, where Mr. Lane served afternoon tea.

They then returned to the train which left for Edmonton.

Before leaving, His Excellency penned [illegible] May 1 [illegible] Tofield, a large photograph, one of Lady Byng and one of himself, which will hang in the town hall.

The following is a list of the returned men present. There was a register signed and our list is from memory, should there have unintentionally omitted any person, we will be pleased to make mention of it in a future issue T. Carlson, H. Creveling, W. Chapman, A. Clatterham, T. Cochran, R. Foss, J. Gordon, J. L. A. Hingston, Mrs. Clayden, war widow and one war worker, H. Illsley, P. Holland, H. N. Lane, C. Morden, D. Mathewson, Dr. Paul, A. Pruden, S. Stone, R. E. Stone, Dr. Simpson, Dr. Paul, A. W. Whibley, Mr. Waterhouse, T. Whitmore.

Mr. A. P. Harold left on Friday for Jasper, where he will spend his vacation mountaineering.

Mrs. Bruce who was taken to the hospital two weeks ago, we are glad to say is improving steadily. Mr. Bruce was called into the city on account of critical illness, but has returned and reports are reassuring.

Mr. and Mrs. Hingley and daughters Nancy and Dorothy, left early this week for an auto trip to Banff where they will spend their vacation

WEDDING

FOLEY—FRIEL

St. Joseph's Cathedral was the scene of a quiet wedding on Wednesday morning at 7 o'clock, when Mae Gwenyth, daughter of Mr. and Mrs. M. Friel of Tofield, became the bride of Mr. Bernard Foley of Edmonton. The ceremony was performed by the Rev. Father McGuigan.

The bride was attired in a gown of [illegible] crepe de chine, an almond green coat trimmed with fur, and hat to match. Mrs. Robert Williamson of Marshall, Sask., was matron of honor and Mr. Don Foley, was best man.

After the ceremony the wedding party, [illegible] to the Macdonald where the wedding breakfast was served.

Mr. and Mrs. Foley will spend their honeymoon at Banff.—Edmonton Journal.

The bride is very well known at Tofield, having gone to school here, and her many friends will wish her the best of good fortune.

IN MEMORY OF FOREST GADBOIS

who was drowned near Tofield, on July 22nd, 1925

We have laid your body away, dear lad ;
And our eyes with tears are wet
Although we will see you no more dear lad
In our memory, we'll never forget.
The cold clay has covered you over, dear lad
And our hearts are sore and sad
Your thoughts are here, with you dear lad
And ever within our hearts—

[illegible] love and regrets, that we hold, dear lad
The peace safe in the Master's arms.

God lips to the body, your spirit a last
I hails from the world's alarms.
We are leaving you here, alone, dear lad
But God in His wisdom will bring us all together, on that great day
Under His sheltering wing

A.E.W

BARBO

Mrs Barbara Erb of Wellesly, Ont. died suddenly from a stroke of apoplexy at the Mile Statistan home on Thursday evening Aug. 13th. Mr. and Mrs. Erb were on a trip to the coast expecting to visit in Cres., Cal. and other points. They stopped off here to visit friends. Funeral services were held at the Jacob Bronnenmann home, before taking her back to her home for burial. If Mrs. Erb had lived until the 20th of September she would have been 83 years old.

Mr. and Mrs. John L. Standfor left last week for a visit with their daughter, Mrs. Stalker and family in Illinois, U.S.A.

Mr. Nees is suffering with blood poisoning caused by scratching his head on a nail.

The Lutheran Young People went to the Aasmo home near Ryley for their social on Tuesday evening. Quite a number from Ryley attended, there was a ben-fire and a very enjoyable evening is reported.

Mrs. Robert Carson, (nee Miss Alice Howe, is visiting old friends and neighbors in these parts.

The Aid Society have been holding some extra meetings prior to having a vacation during the busy season. The first one was held at the John Anderson home, his sister, Mrs. Fleetwith sr., and Miss Martha Anderson hostesses. Mr. Anderson's sister, Mrs. Agnes and daughters of Ryley, and Mrs. Horte of Kingman attended.

Last week, on Thursday, the Society met with Mrs. Axtel Kinney, Mrs. Horte sr. and jr. and Mrs. Simonson of Kingman were present, also Mrs. Pete Haugen. Mrs. E. Bassett, and Mrs. Olafson flew out from Tofield. Miss Myrtle Fritz assisted Mrs. Kinney. This week the society meets with Mrs. Nees.

Mrs. Yoder sr., returned the last of the week from Iowa where she has been for some time.

KINGMAN

Mr. and Mrs. Hans Simonson and son are visiting at the Ovalers home in Kingman for a few days.

A very heavy rain fell there last few days which will be very helpful to the grassfeed and the late crops. Some hail accompanied the first storm, but did no damage.

Mrs. Roy Mclvin and children were the guests of Mr. and Mrs. E. Erickson on Sunday.

The big barn dance held at Henry Tofts's farm was well attended, and all present reported a good time. Helge Anderson's orchestra did not show up owing to a break down.

Mr. Jacob Benson was a visitor in Camrose on Saturday.

Mr. Roy Mclvin made a week end trip to Edmonton.

Harry Walsh, who has been working on the C.N.R. section gang in Kingman has been transferred to Dunbarnel where he will take up his duties.

AMISK CREEK NEWS

Harvest will commence the week if the weather permits.

The Aid Society held their meeting at Mrs. P. O. Flaten's on the 8th inst. of August. Though it was wet weather, most of the ladies were present and a few men and children.

Mrs. John Blackburn and children have been visiting with her mother, Mrs. Olson for a week.

Mrs. E. Pearson have been on the sick list. We hope for a speedy recovery.

Mr. Amunson, the painter left for Viking on Saturday. He started with the car and had to turn back

(Continued on back page.)

NEWS OF OUR NEIGHBORS

KITCHENER

Mr. and Mr. Chester Coomber took in the Camrose fair on Wednesday. On account of so much rain and bad roads very few attended from our district.

Miss F. Fawcett returned on Thursday after several days spent in the city.

Mr. M. Ingram sr. is able to be at the home of her son, C. A. Ingram the past week.

Mr. and Mrs. Paul McMullen and family, Mrs. Gladwin and two sons spent Thursday afternoon at the McMullen home

Miss Susie Oson spent over Sunday with her friend, Miss Mary Easton.

The Sutton Bros. gave a dance in their new barn on Thursday night the Viola Anderson orchestra was to have furnished the music, they were, Mrs. Gladwin and two sons Wm. Sifford and Mr. Newsham[illegible] the musicians. They were a somewhat disappointed but all settled down and enjoyed the evening very much.

Mr. and Mrs. T. D. Ferguson and the Misses Emily Ferguson and Mary Thompson visited at the home of Mr. and Mrs. J. H. Ingram on Sunday afternoon.

Mrs. P. O. Moline and daughters were guests of Mrs. Chas. Ingram on Tuesday of last week.

Mr. J. Brown, who has been very poorly for some time, left for Banff on Tuesday morning for the benefit of her health.

Messrs John McGinitie and son Henry shipped a carload of stock to Edmonton on Tuesday.

LINDBROOK

Oh yes mowers! You've certainly brought the rain this time, rather too late to do a lot of good and it is certainly hindering haying and cutting, etc

Mr. and Mrs. Cooper of Edmonton were the guests of Mr. and Mrs. W. Glenn last week.

Mrs. Dyer and son, Ernest, spent a few day at Mrs W. Hooper's this week.

Mr. Lepine went to Edmonton this week with her cousin, T. and R. Hooper of Edmonton and spent a week up there with them.

Mr. and Mrs. W. Ramshaw and daughter, Rose, Mr. and Mrs. V. Bradley and daughter, Irene, all of Edmonton spent last Sunday visiting friends here. Whilst here they visited Hastings Lake and were much impressed by same, or, here' how it Sounds familiar doesn't it. It is the pure newspaper dope.

Mr. and Mrs. J. Leahy motored to Edmonton last Friday and got caught in the storm returning, but arrived home O.K. in spite of the mud.

A carload of cattle was shipped to Edmonton from here last week. They were bought locally from the farmers here by Jas. Hannan and shipped by him.

Some of the "boys of the village" have already departed for the harvest fields of the prairies.

Mrs. Svenberg and Miss E. Svenberg were down here visiting their relatives, the Lindgren family.

Court in Potsdam Fined Guide For Overcharging Tourist

Six dollars is too much for any guide to charge for taking tourists through Sans Souci Castle and other sights of Potsdam, in the opinion of the court of appeals. Guides for tourists are not a luxury, as held by the lower court whose decision was reversed, but a daily necessity, and therefore conduct command fairly prices.

The case arose out of a difference some months ago between a party of Englishmen and a Potsdam guide named Max Schulz. The guide had charged 15 marks for taking the party around, whereupon the Englishmen appealed to the courts. The lower court believed that nobody who could afford a guide is rich enough to pay whatever the guide may charge. The state's attorney held, however, that Germany, and especially Potsdam, have a reputation for extortion by travelling cadets, and that everything that tends to check this must make people obtain Potsdam, thereby running its tourist business.

The highest court agreed with the state's attorney, reversed the decision and assessed a fine of 30 marks.

Commemorate Death Of Martyred Nurse

Edith Cavell Service Held at Jasper National Park

At the foot of the Street Ghost Glacier, which, with outspread wings, clings to the side of Mount Lilith Cavell, in Jasper National Park, the first memorial service commemorating the death of the heroic British nurse was held Aug. 12. The date was just two months after the event which sent a thrill of horror through the whole of the civilized world.

Rev. James Edwards, chaplain of Jasper National Park, conducted the service which was attended by more than 300 residents of the Village and guests at Jasper Park Lodge, who had travelled the 20 miles of mountain road to witness the spirit of the martyred nurse. A small altar covered by the Union Jack was placed on a flower strewn bed of green wood which lie at the foot of the glacier, and on the great mountain slopes which receive the thousands of Germans who flocked to cross her last journey to the sea, became in the Upper Silesian plebiscite of 1920 the focus of revolution and victory by Germany.

Great misery prevails among the repatriated Germans, men, women and children, most of whom are penniless and robbed to their misery in the fact that the refugees' camp is already overcrowded and cannot receive any more. Appeals have been made to the Polish government to have the stolen property returned, but so far without success.

But this London needs prefer his home to the Polish land of his birth, and the refugees' camp is already overcrowded and cannot receive any more. Appeals have been made to the Polish government to have the stolen property returned, but so far without success.

It will be almost impossible to prevent, for the present, the refugees from coming to Germany, as there already is a dearth of dwelling buildings throughout the country.

Sunday School Lesson

August 23

The Macedonian Call

Golden Text: Come over into Macedonia, and help us. Acts 16:9

Lesson: Acts 16:6-15

Devotional Reading: Isaiah 61:1-6

The Text Explained and Illustrated

Frustrated purposes, verses 6-8.—Paul and Silas and Timothy went through the region of Phrygia and Galatia, thus carrying out their intention of visiting the churches which Paul had founded on his first missionary journey. They planned to go into the provinces of Asia on the right hand, Bithynia on the left, but were hindered from doing so. Some commanding influence—great events—had turned them aside. Mysia they had passed through, and coming to the city of Troas, they were forbidden by the Holy Spirit to enter Bithynia. Wherever they were forbidden to go they did not go. Whenever they were hindered by the Lord, they gave up their own plans and purposes. "What to others are disappointments, are to believers illustrations of the way and will of God" (John Newton).

Poland Evicting Germans

Great Misery and Distress Prevails in Refugee Camps

Heartrending scenes are being witnessed along the great eastern highway to receive the thousands of Germans who flocked to cross her last journey to the sea, became in the Upper Silesian plebiscite of 1920 the focus of revolution and victory by Germany.

Great misery prevails among the repatriated Germans, men, women and children, most of whom are penniless and robbed to their misery in the fact that the refugees' camp is already overcrowded and cannot receive any more. Appeals have been made to the Polish government to have the stolen property returned, but so far without success.

But this London needs prefer his home to the Polish land of his birth, and the refugees' camp is already overcrowded and cannot receive any more. Appeals have been made to the Polish government to have the stolen property returned, but so far without success.

It will be almost impossible to prevent, for the present, the refugees from coming to Germany, as there already is a dearth of dwelling buildings throughout the country.

THE VICE REGAL VISIT

THE VISIT to Tofield of His Excellency Baron Byng, Governor General of Canada, and Premier Greenfield accompanied by Mr. Howard Stutchbury, Fuel Commissioner for Alberta, informal as it was, was a signal honor for both town and district. Baron Byng of Vimy is no less interested in the welfare of the returned soldier now, than during or immediately after the war. He was delightfully informal and his visit was a splendid break in an otherwise somewhat humdrum existence. We hope that His Excellency left with pleasant thoughts of his visit here, as without doubt the citizens appreciated the honor of his coming.

It was also very pleasing to have Premier Greenfield visit us. This is the first visit to Tofield of the Premier and while unofficial, quite a number of our citizens were pleased to have an opportunity of meeting him.

Mr. Stutchbury has been to Tofield on a previous occasion, addressing a public meeting here some years ago.

On behalf of the town and district we express pleasure regarding the visit and cordially invite them back in the future should time and circumstances permit.

KING LOCOMOTIVE

IT IS one hundred years ago since the first locomotive drew the first passenger train from Stockton to Darlington in England. They have recently reviewed this historic event and a charming table of [illegible] in which old engines, coaches and costumes, etc., were used.

The event causes us to pause and realize what an important part the locomotive has played in building up civilization as we now know it. In spite of the fact that upon that first occasion, an old [illegible] said, while looking at the monster, "It'll never go," and then as it started and passed, belching black smoke, at the terrible speed of five miles an hour, said "It'll never stop," locomotives have been starting and stopping ever since.

It is a long cry from the early passenger trains to those of to-day. Years ago, train journeys were akin to arduous undertakings, while to-day taken occasionally, they are a pleasure.

Where wide spaces have been conquered by King Locomotive, volumes could be written upon the achievements made possible. On this the American continent alone, the locomotive has helped to create fabulous wealth, and coming nearer home, there is no telling what these vast plains of ours

Side by side with the development of the locomotive has been the development of the train. Every convenience that would add to the comfort of passengers have been embodied into the modern train, and to-day, that first five mile ride of one hundred years ago has been magnified into a non-change ride of thousands of miles. No better example of the progress of the locomotive and train can be seen than when the Canadian National No. 1, enroute from Vancouver to Montreal makes it regular stop here every morning. On this train passengers can have a ride of 2823 miles without a change of cars, while practically every convenience of a modern hotel is available. With a personel service that is always courteous and attentive, and mechanically up-to-date in every particular, there is no better train anywhere. Through raging blizzards, sero temperatures, heavy rain and burning sun, the modern train speeds on its way and rarely is the comfort of its passengers impaired.

If those gents in top hats and frock coats of a century ago, could have foreseen King Locomotive's triumphs, we wonder what thoughts their brains would have registered.

New Price On Bread

Owing to the increase in price of flour bread is now 10c per loaf.

STONE BROS.

TOFIELD, ~ ALBERTA.

Here and There

The first batch of last winter's fans brought from the Far North by the steamer "Distributor," from Aklavik, has arrived at Edmonton, Alta., and is valued at approximately $1,000,000. Good catches of furs were reported throughout the north.

Sockeye salmon fishing around Vancouver, B.C., for the first three weeks of the current season, while not as active as last year, has, so far, resulted in fairly good catches. The latest reports indicate a catch to date of 50,000 cases, which is 1,000 cases less than last year.

While the members of Lieut. Shuttleworth's party of school teachers from Ontario is returning East from their tour of the country the party of British teachers, who landed in Canada recently, is now travelling through the West on a special Canadian Pacific train to gain knowledge of the country and information concerning its resources.

Construction of the half million dollar storage and power dam on the Elbow River, which commenced at the last season by the Ontario Legislature, has been commenced. The proposed work is designed to control the flow from the Upper Lakes basin and will enable the taking up of power development in that district with the beginning of new years.

Passenger traffic over Western Lines of the Canadian Pacific Railway to date this summer has been particularly heavy and in addition to number of special trains and special cars being operated for British, Canadian and American tourists, Labor Day and summer tourist travel to the annual exhibition at Saskatoon and other Western points required the operation of special trains.

Construction of one of the largest and most modern departmental stores at Winnipeg, Man., by the Hudson's Bay Company will be proceeded with immediately, according to an announcement by Mayor Webb, with the passing of a by-law by the City Council providing for a homestead boulevard flanking the Hudson's Bay property.

Making Paper From Straw May Ultimately Become An Important Industry in the West

The future of the paper industry, and, indeed, the future of the whole trade of printing, has often caused anxiety for those closely connected with either, owing to the diminishing supply of paper material from wood. Too Edited Mixes has become the greatest consumer of paper in the world and as its own soft wood supplies have passed exhaustion, the Canadian forest have been more and more drawn upon. This has resulted in a somewhat rapid trade in pulp and paper, which is at present of wind importance in maintaining Canada's favorable balance of trade. The report of the commission which recently investigated the pulpwood situation in Canada showed that the visible supply of wood was in danger of exhaustion within some thirty to fifty years, according to conditions in different provinces. After that, what? That was the question.

Hon. C. C. The London Morning Post published an issue on paper made from straw and the following is given [illegible] The paper was made [illegible] wheat straw, and the process [illegible] [illegible] [illegible]

WORLD HAPPENINGS BRIEFLY TOLD

The British minister in Switzerland, on behalf of Berlin, has signed the asylum convention adopted at Geneva last February.

Belgium's first proposal for the refunding of his loans has not been to the United States, it was found unacceptable by the Federal debt commissioner.

The Daily Express, Lord Beaverbrook's paper, suggests that Earl Beatty admiral of the fleet, be made first to be Lord Irving's successor as governor-general of Canada.

It is stated that 3,000 picket lines are most placed customers for cotton yarn of 4,000 are carrying with them Lancashire firms that would keep the looms busy for months to come.

Amelia A. Nelson, a passenger, was killed, and Worthington H. Knight, pilot, was seriously injured when Kemp's aeroplane fell 200 feet at Portland Pt-el, Detroit.

Admiral Sir Cyprian Bridge retired commander-in-chief of the Chinese navy, in his report to the Peking Government urges it to stand firm in a demand for complete China-to "freedom of the seas."

A daily air line service, carrying mail and passengers, has been established between Berlin and Moscow. Passengers will reduce air line voyage time from Moscow to London to 36 hours.

An hour after Hampton Zeigler 21, bought an aeroplane from W. E. Gee at Lee Ang ses, both men fell to their death in the machine when it went into a tail spin while I was touching Zeigler lose to fly.

An unarmed attempted to assassinate Pope King Alfonso, of Spain, as he entered the palace of Santa Sebastian by, he was seized before he could fire, it has been a corresponding to a dispatch received at Paris.

When Mona Bolton, Canadian student among the ladies' Liberal Schools," has won various acts in operettas in Mexico, and Havana, Cuba, she came to Paris, she had the pleasure and honor of playing on the said piano used by the great master, Franz Liszt.

Sir Park Goff, one of the most learned members of the British House of Commons has been invited by the British group while in to attend the inter-national parliamentary conference at Washington in the fall, to lecture them on the subject of air conditions.

Gave Two Orations At Own Funeral

Farmer of Davenport Iowa Made Phonograph Records Before Death

The story of the life of deceased was recitations at the funeral services for Charles W. Lee Wembly retired farmer and former member of the school board.

In order to have a farewell heart to heart talk with his family and friends and that he might retain personal recollection of the funeral, Mr. Lee, three months ago went to the Chicago Laboratory and had two addresses inscribed on phonograph records.

He did The two addresses were delivered through the phonograph, one at the services at the home and the other at the crematorium.

Criticizes Political Book

Winston Churchill Regards Things Said About His Father

The recent controversy between the sons of William Gladstone and Captain Peter Wright as a result of references in the great British statesman's private life in Captain Wright's book, "Portraits and Criticisms," has been received by Winston Churchill, chancellor of the exchequer.

The chancellor of the exchequer says: "In general he makes light of a series of libels on various people for years, but dead when played prominent, if not principal parts in peace life. Redevelopers are made in this book to Winston Churchill's father Lord Randolph Churchill, "who rose to the top of the political tree in the shortest time in memory."

From the point of ability commoner and human, he does not rank Lord Randolph Churchill with Gladstone or Disraeli.

The publishers of "Turnmen of Redcheeks," in an letter to many readers a long time has elapsed since the book was published, and that the withdrawing is now. He says that within six months his firm published and marketed book of which 7,000 valuable references were made to Lord Randolph Churchill.

Personal

Mr. and Mrs. McLaughlin and family are holidaying at Banff.

Robert Carlisle will teach school west of Winnipeg this coming term.

Mr. A. J. Wallen and son Jack, from Minnesota, visited his two sisters at Vancouver recently and came on and visited his sister-in-law, Mrs. W. Wallen of Tofield. Mr. Bruce Wallen of Hannah also visited over the week end.

W. Swift, who has been attending Summer school to the capital, returned home last week. At the commencement of the fall term, he will teach in the town school at Provost.

Word has been received of the death of Dr. Samuel Kirk, one time resident of Tofield. The death occured at Macleod, to which place he went after leaving Tofield some years ago. The Doctor was 67 years of age.

Mr. and Mrs. Parcell and family, accompanied by Mrs. Wright of Edmonton, left last week for Yellowstone Park. They will return by way of Banff and Calgary.

Mr. Smith Livesay escort of Edmonton was a caller at the Mercury office early in the week while on a business trip to Tofield.

The Ladies' Aid will meet at the home of Mrs. Jim Cookson on Friday, August 28th at three o'clock. All will leave the church at 2.45 sharp.

The United Church held their annual social on Friday evening of last week. The attendance was rather small owing to the inclement weather, but all present spent a very enjoyable evening. The proceeds amounted to $40.00.

The clock at the Mercury office has been brightened by bequests of flow recently purchased. We are indebted to Mrs. [illegible] for a pretty vase of flowers and Mrs. Jarrard and Mrs. J. W. Cranston both have beautiful gardens.

Mrs. Friel visited Edmonton on Thursday night.

Mr. and Mrs. Burnett and family have moved into the E.P. Rowe house.

Miss Helen Jobb left for Irma on Saturday where she will teach school this coming term.

ARIM CREEK

An account of the heavy roads. Mr. took the train from Ryley Sunday morning.

Mr. and Mrs. B. Moss and family were visitors at the P. Flaaten home on Sunday last.

Mr. and Mrs. R. P. Blackburn from Vermilville who lived in the vicinity some years ago, visited old friends around here during the week end, returning on Monday.

Mr. and Mrs. C. Kjarsag and Mr. and Mrs. R. P. Blackburn were guests at L. C. Olsen's for supper on Sunday last.

A jolly crowd gathered at Mrs. L. Anderson's home in the evening on August 15th, when a number of friends and relatives gave Mrs. Anderson a surprise on her birthday. She received many congratulations and a number of gifts. The evening was spent in music and singing and lunch was served at mid-night. Everybody had a jolly time.

TOFIELD SCHOOL DISTRICT NO. 1929

NOTICE

This is to give notice to parents intending to send children to school for the first time, that, owing to the limited large enrollment no child will be admitted to school at the beginning of the fall term unless the child is fully six years of age as at September 1st, 1928.

An amendment to the Vital Statis Act requires the teachers to procure a return of beginners, giving exact date of birth of such child.

We parents please see that this notification is handed to the teacher on the first day of school, September 1st. (This applies only to children born in Alberta.)

J. W. CHAPMAN,
Secretary

In August, 1920 two Essex cars started from San Francisco and two from New York. All of these cars entered United States mail. Those starting from SanFrancisco were bound for New York and those from New York to San Francisco. All arrived at their destination. The average time was four days, 21 hours and 32 minutes. The fastest one made it in four days, 14 hours and 43 minutes. That was in 1920 and the RE COLD HAS NOT BEEN BEATEN TO THIS DAY. The cars used were not special cars, but ordinary ones and are running yet. The cars were used by the American Automobile Association for the Cincinnati Speed way at Lewis a stopped more than 50,000 an hour for FIFTY CONSECUTIVE HOURS. Tofield tear this. Dunlop.

Harvesting In Full Swing

Binders Humming—Ladies Canning Fruit

DISTRICT NARROWLY ESCAPES FROST

The one all important and vital thing needed now in this district and throughout the West, is fine weather. With the exception of the last rain and a short period of not weather in July, the growing season here, have been about as good as mortal man could wish for. Consequently there is standing, or in stook, a very fair crop and farmers are busy cutting for all they and their horses are worth.

No matter where one goes in the country, the whirring sound of the binder greets the ear, and so says a correspondent, some of the Russians working in the fields are singing harvest songs. It is a time of toil, hard and unremitting until the last acre has been cut and the last sheaf is in stook; then with the briefest of respite threshing commences, which in turn is followed by the comparitive rest of winter.

Another dull and cloudy weather over the week end was an anxious time for those with grain standing. For a short time there were all the signs of a snow storm, but happily it passed off, and by the narrowest of margins this district escaped a damaging frost. It was nip and tuck there being sufficient frost to spell the tender vegetable but not enough to damage the grain. Many were greatly concerned, and it is reported straw stacks were burned in order to pass the brief danger period safely.

As the grain goes in the stook, the fruit goes into the cellar, many farmwives at this time being busy preserving their fruit for winter use.

Duck Season Opens Sept. 15th

The game regulations recently set out by the Chief Game Commissioner Hon. Lawson contain a few changes of interest to the duck hunting fraternity. For Hungarian partridge may be shot between September 15th and November 15th, bag limit being 15 per day and 50 per season.

Some of the unlawful acts which provide for a fine not exceeding $1000 if convicted, are

To carry a loaded shot gun or rifle in or on any vehicle upon a public highway.

To discharge a shot gun or rifle from a vehicle upon a public highway.

To hunt small game without a license

School Opens Tuesday, Sept. 1st

In common with all town and rural schools in Alberta the Tofield school will be open on Tuesday morning a week hence.

The two months' summer holiday is at an end and on the strobe of Tuesday September 1st will be but a pleasant memory.

The school staff for the coming year is

Principal, Mr. L. A. Russell
Grades 7 and 8, Mr. Everson
Grades 5 and 6, Miss Clement
Grades 3 and 4, Miss J. Dobson
Primary, Miss V. Griggs

IS NOT GOING TO GET THE ALSIMINUM WARE

Mr Hobson of Hobson's Meat Market is celebrating the harvest time by giving to some lucky gentleman a full set of Wear Ever Aluminum ware. This is a handsome set consisting 42 pieces and can be seen on display in his window.

The conditions are very simple. With each dollar cash purchase of meats, a numbered ticket will be given to the customer and a ticket with a corresponding number kept in the shop.

On October 1st all the duplicate tickets will be placed in a box, thoroughly shuffled, and one drawn out and the holder of the duplicate number of the one drawn out gets the set of aluminum. As early as possible after this draw is made you will take your ticket and trot to the favorite and of good fortune

Mr. Bruce visited the city the week to see Mrs. Bruce who is still in hospital there. Mrs. Bruce is progressing nicely and is expected home soon.

NEWS OF OUR NEIGHBORS

KETCHAMONT

Everything was at a standstill for several days owing to cold rainy weather, but Jack Frost put in his appearance on Sunday night so now the weather seems settled. Binders may be heard on all sides and for those who are fortunate enough to have the Russians singing to their native tongue make a very pleasing melody. All hands are now busy in the fields of their little one

Mr. and Mrs. Chester Cookson and family were guests of Mr and Mrs. Fred Sutton on Sunday

Mr. and Mrs. Youson and family who are spending their vacation at the home of Mrs. Youson's parents took dinner and spent the afternoon with Mrs. R. Dawson on Tuesday

Mrs. Chas. Wallace and little daughter went to Edmonton on Monday evening to visit Mrs. Wallace's sister, Mrs. Sheppard, of that city.

Mrs. J. Meyer and her son Willie were visited Mrs. W. A. Mitchell at her home on Thursday afternoon.

Mrs. Burden and Miss Mary Easter visited at the home of Mr and Mrs. J. W. Dixon on Friday

Messrs. Burkholder [illegible] are busy cutting for Mr. A. McMullen. A good many acres of land has been broken in that district this summer.

Mrs. M. Ingram, sr., spent several days with her daughter, Mrs. G. W. Sears last week

Mrs. Geo. Lawson entertained the M.A.B. at her home last Wednesday afternoon. A very pleasant afternoon was spent, being the first social gathering this month. A good attendance of members and visitors were present. Visitors included Mrs. W. H. Mitchell, Mrs. F. Shultz, the Misses Vera Watt, Ruth Shultz and Viola Lee.

HARDD

The farmers are improving every moment hoot getting their grain in the stook.

Mrs. Magda Hendrickson and Helen son are spending the week with her parents Mr and Mrs. F. B Anderson

The Lutheran Ladies' Aid met with Mrs. Nees on the 15th. Mr and Mrs. Haugen, Mrs. P. O. Lerbekmo, Mrs. C. Rogers, Mr. Wells, Miss Helen McCarvey of Tofield, and Mrs. E. Spontgrand of Bittertown, Ore., were present.

Mr. Jake King who has been quite ill a somewhat better, but is unable to work. The little daughter of the family is just recovering from a attack of measles.

Mrs. Hendrickson, sr., has been visiting her daughter, Mrs. Bernie Anderson.

Mrs. Bernie Anderson took her little son Philip to Edmonton last week and had him x-ray and adenoids removed. He is getting along nicely

Mr. Jacobson's cattle started back to Southern Alberta on Saturday, but owing to the telephone he was able to locate them and bring them back after they had gone many miles.

Mrs. Easter, who is in the hospital at Edmonton, is not getting along as well as could be wished for

Mrs. Chas. Wallace and little daughter, Joyce is visiting Mrs. Wallace's mother, Mrs. Sheppard, in Edmonton, the week.

LINDBROOK

The excessive rain that we are now getting is seriously hindering haying and cutting here also many are apprehensive of frost following same as is often the case this late in the year; but as some were heard to remark that they personally liked the weather seeing that it made them take a rest that they would otherwise would not have had, so it seems that everything has its use after all.

The stork visited the home of Mr. and Mrs J. Bailey of Lindbrook leaving them a baby daughter. Latest bulletins indicate both mother and baby doing fine

Question of the day is "How many quarts have you put down now?" This does not mean how many quarts you have managed to drink, manufacture and cache. It simply refers to berries and of course ladies do not indulge in bootlegging as a rule. The strawberry crop was good, also the other berries and cranberries, but the raspberries could not stand the dry summer, hence they have been scarce.

Mrs. Brain is holidaying at Sylvan Beach these days.

Mrs. Smith returned from a visit to the coast and is considerably improved in health and looks well, we hope the improvement is permanent

Some of the Lindbrook automotive men went to Tofield last week on the occasion of the visit of the Governor General. Baron Byng of Vimy to Tofield. They spent an enjoyable trip and much appreciated the absolute lack of formality, most of these affairs being so formal. His Excellency chatted with all, but was chiefly interested and concerned with the soldier settlers and their affairs, in fact asking for the plain truth, saying not to day it is alright if such is not the case, so we imagine that he got the information all right. Everyone was at their ease, none of the formal parade ground stuff tainted the atmosphere on this occasion. It will be an event remembered by the boys for years.

KINGMAN

Miss Esther Rodeasy, who has been visiting her aunt, Mrs. S. Scrivby, for a couple of months returned back home on Wednesday

Mr. Thor Horta, who has been holidaying on the coast for a couple of weeks returned from his holiday on Wednesday. Mr. Horta visited Vancouver, Seattle, Bellingham and Victoria and enjoyed his trip very much.

Mrs. Geo. Walch was a Camrose visitor on Thursday.

Mr. Wm. McIntosh, local depot agent left for his holidays at the coast last week.

A very serious accident occured at the U.G.G. elevator on Thursday afternoon, when James Parshall, the elevator man here, fell down the shaft. It is thought that while Mr Parshall was getting off to oil the machinery, the lift in which he was going up got broke and he came from a height of 40 feet and as a result his hands were very badly injured from

Pain in The Muscles, Stiffness in Joints, a Cruelly Subdued By Nervilina

Those who have tested out numerous liniments will agree that where something more than a liniment is needed, where deep seated pains are to be relieved, Nervilina never fails to obtain the ear as nothing to rub with like it. It's because Nervilina penetrates so deeply because it has those five valuable elements in the strength of the ordinary oily preparation. It has counter-irritant, Nervilina, Capsicum, Menthol, Camphor, Nervilina penetrates, a special and Nervilina soothes. A trial proves this. Get a 25 cent bottle of Nervilina today.

A CHAT WITH THE PREMIER

IT WAS the editor's very good fortune last week to be introduced to and have a chat with Premier Greenfield. It was not a formal interview, neither time or place permitted. We did ask, however, if he would like to give any message to the people of this district through this paper, to which he replied, that he had no definite or official message, but was pleased to be in the district and see it in such a good condition as regards the crops. We spoke of farmers' economic problems and discussed for some minutes the beef industry. During the discussion we asked him, whether in his opinion, it was possible for transportation companies to ship live cattle to Britain and maintain a fair price to the producer, bearing in mind the transportation companies had to make a profit. To this he replied, that he believed the success of beef raising in Alberta, was not in shipping live cattle, but chilled beef. He mentioned that the Argentine and Australian beef was frozen, whereas we could ship beef chilled, which was more acceptable to the British market. There must be, however, a steady supply, and perhaps a new branch of the industry organized, that of finishing, before anything big could be accomplished.

The Premier was both frank and courteous, freely discussing other phases of life in Alberta.

GOOD ROADS FOR HAULING

WE WERE all taught at school that when the Romans invaded and took possession of Britain, one of their greatest accomplishments was the building of good roads. Roads that stood for hundreds of years and the foundations of which are occasionally discovered to this day. Their object in building roads of such quality and durability was no doubt to enable, what to them, was the quick passage of armies of men from point to point.

No matter what the needs of the Romans for good roads were, ours are ten times greater. Then travel and transportation was slow and there was little of it—to-day, travel and transportation are the life of the individual, and the nation, for this is the age of transportation.

It will not be long before the western farmer will be hauling grain to market and the nature of the roads over which he has to travel is going to mean a great deal to him, for one mile over a passable hard road takes as much effort of man and horses as two miles over a good road. This makes the question of good district roads a universal one for at hauling time especially, the farmer is going to the town which is most easy of access.

The building of roads take a great deal of time and labor and perfect roads in the rural sections of Alberta will only come with the passage of time. It is, though, to the interest of every rural municipal council, village an I town council, even private individuals living in small towns, to do what they can, or power to make present road better. Rural councils are as a general rule, doing all they can. Town and village councils realizing their duties and at the town and village limits, take little interest in the roads beyond these limits. To many it may seem that there is no plan of cooperation possible between the two bodies, maybe not, but we are reminded of a drive into a neighboring town that was undertaken a month or so ago and the worst part of the road was the last mile into town.

In the construction and maintenance of roads it should be borne in mind that the roads nearest town get the greatest amount of traffic. Each farmer, of course, likes to have a good road in his gate, and this is a laudable desire, but until the province is older and brought to a greater state of development, this is hardly possible. We often hear it stated that his idea of road construction for a municipality was to work out from the town or village, in a spider web fashion, that it would only take a few years before every farmer, if not exactly on a good road, would be very close to one. The idea, with the necessary alterations to suit circumstances, seems a good one.

There is this one thing that is certain, from now to freeze up is a very busy time for farmers and any thing that is done that will make their necessary journeys into town both easier and quicker is worth doing.

REMOVAL NOTICE

We beg to inform our customers that we have moved our store to the building recently occupied by A. W. Walls and Sons', where we will be pleased to welcome all our old customers and greet new ones.

STONE BROS.

TOFIELD, — ALBERTA.

M—O—S

I takes my pen in one hand to tell all the folks what happened in the big world of cons outside of Tofield. Everyday the newspapers are full of scraps, sometimes scraps that a mocata is nothin, but then an occasion passon mes read the news.

Wuat there be several things what happend las week what I wishes to give you the "low down on."

The mos papers are filled up with reports of lectures for Alta and Canada but nobody seems to agree on the time but mos of them seems that they will come along the fall but the only way to do is to wait till the ballots is passed out, then we shall know a lection is on.

The Girls n Torbin n Farmers all say they are agoona to win easy for from the way they talks it looks as if no other guys aint a gonna to get a look in so there won't be no opposicion atall.

Then there is these stories about the go-lorys who are knocking a 70 bushel ball aroun the pasture, dives town to find out who is the nerdest bitter. Otto, Fred and Larry say they can trim any of those birds so they aint got no time to demonstrate their ability.

The agin these scance guys are tryin to earn their bean an ay talks an uneducated guys that the sun is gonna burn up beta spots the "mixed sos" or sumpin an that will make it sid down here was the sun gets sck. So we will have a cold winter n a cold summer next year. I don't ap to listen to those fellers, might as prodie an smart, but I bet four an if yods that I has told more n the wuter the winter next spring than boy his now.

An on there is those Redfaun down Mercer way, that got a bunch a supply months ago that they could run up the French and Spaneards together. They are kinda gettin nice to themselves now and then, perhaps they let off mores than I do here.

Then the Chinnson and John Bull got into a little argument las week our sumpin but here its gonna pas off on our sun.

The local news is kinda scarce this week, nothin of any portance cept am an everythin.

SUNDAY SCHOOL PICNICS

The teachers and scholars of the Anglican Sunday School held their annual picnic on Thursday last. By kind permission of Mr. Figur the picnic was held on his farm, the children being conveyed there in cars. Races were run and the usual good time enjoyed. The weather was perfect.

On Friday last the teachers and scholars of the United Church held their annual picnic at the farm of Mr Bamrute. Unfortunately the weather was not of the please kind, it being cloudy and cold. However, we also a lot to spoil a youngsters enjoyment at a picnic and the weather generally had little effort upon the spirits of the children. Races were run and games were played and a general good time was had until evening.

We were a little premature, last week, when we announced that A. F. Jaffray was mountaineering at Jasper. He was having a lazy time at Wabi Beach, since to more strenuous an enterprise mountain. On the trip Jaffray he will be accompanied by Mr Hickson and Arthur Francis.

KINGMAN

Mr. [illegible] and his back and neck was also hurt. Mr Parshall managed to crawl to the station where first aid was given and Dr. Norbye was summoned from Camrose. Mr Parshall suffered severely from shock, but will be able to still on forever. He returned to re-Living for a few days.

Mr. Mizel's mission left for Camrose on Saturday where she will [illegible] her duties.

Mrs. F. Erickson has been on the sick list for a week, but she is quickly recovering.

Mr and Mrs Thomas have moved into the rooms above Mr. Severson's store.

Mr Evelyn Welch is visiting Mr. and Mrs. Lars Larson in Camrose for a few days.

Another rain fall on Saturday and [illegible] which delayed cutting for a few days and also put the roads in a very poor condition.

NEW BOTTLING MACHINE IN-STALLED

In order to be able to absolutely guarantee that Yellowhead beer reaches the consumer in the same pure condition in which it leaves the storage tanks, the Edmonton Brewing and Malting Co., Ltd., has just installed a new bottling unit that renders it unnecessary for either the beer or the bottles to be touched by the human hand at any stage of the bottling operation.

The unit consists of a bottle washing and washing machine, bottle filler, crowning or "capping" machine, pasteurizer and labeller. The bottle washing machine is amazingly efficient, and inspires a new meaning to the word "cleanliness." Each bottle is subjected to no less than forty cleansing operations, comprising flushings with an antiseptic solution, through brushings so as to eliminate [illegible] or [illegible] matter, and finally, rinsings with pure spring water. Afterwards, the bottles, upside down, are automatically dumped on to a travelling conveyor, which takes them to the beer-filling machine operated by compressed air, and then to the crowning machine which replaces with wonderful precision.

Through all these operations the bottles do not come in contact with the human hand. At the rate of about [illegible] a minute, the bottles glide smoothly from one machine to another, without a hitch of any kind, [illegible] as if they were equipped with a brain in terms of direction and intention. After the bottles are "capped" they are submitted to the ordeal of the pasteurizing machine, where almost human powers take a pastel, and [illegible] it to the bottle that [illegible] be bottle through the [illegible] of the gauge, where no [illegible] bottle into proper position. Nothing is left undone to maintain the utmost possible standards of purity, and to substantiate the claim of the manufacturers that Yellowhead is "Served and bottled as a beer should be."

ROOMS TO RENT.—Two unfurnished rooms to rent in private house suitable for two light housekeeping. Apply to Mercury Office, Tofield. 2tp

Miss Annie Bruhn stopped with her sister, Mrs. McGinnis, last week.

Mr Clifford Lee is making his home for the present with his aunt and uncle, Mr and Mrs. Wm. Lee.

W. I. NOTES

The regular meeting will be held on Tuesday, September 8th, at 8 o'clock. Everyone has had a good long rest from Institute work and we hope to see every member present Mrs. Ward and Mrs. Bassett will act as hostesses.

The library will re-open on Saturday, September 12th, at which time we hope to place several new books at the disposal of our many readers. The library is now in debt a year and entitles you to two books weekly with the best of reading.

THE STORY A WISE BIRD

Newspapers and editors may get modified up as to the destination of a bran new baby, but not Mr. Stork. He knows his job. When The Mercury published last week that there was a new arrival at the home of Mr and Mrs. J. Coulson, the stork laughed at our ignorance. He had done his job right and taken the young daughter to the home of Mr and Mrs J Coulson.

AMISK CREEK

News is scarce from this vicinity has time, the busy time is on with among fruit and harvesting.

A large crowd turned out to the picnic in the Lutheran church on Sunday evening. The little daughter of Mr and Mrs E. Anderson, Evelyn Maloel, was christened

Mabel Adams, Clara Anneke and Ina Rai motored to Viking last Friday, to pay a visit with Ida Aasen who is cooking at the hospital.

A Patterson and R. O. Berg have got lightning rods on their barns lately.

Mr and Mrs J Jevring were visitors at E. A. Moen's home on Sunday last

Harvesting is in full swing now, about being out and early oats and barley. Crops will be well up to the average in this locality

Miss Patterson returned from Edmonton last week, where she has been attending the doctor's care. She is much improved in health so she will be able to start to school

Mr and Mrs. Flaaten and Gunvald Olve and why Berg, motored to Holden on Sunday to see the new home.

Amisk Creek school reopened after a month's holiday on Tuesday with Miss J Turner, from Atwater, Sask., as teacher.

The carpenters are busy building churches in the vicinity. They are now working at R. Olson's place.

A cash purchase of one dollar's worth of meat at Hobson's entitles you to one chance on the 42 pack Aluminum set

LOWER ROSS CREEK

The grading of roads, the fencing of field lands, the breaking of new land and the sowing of new bush crops has made quite a change in our summer this summer.

Mr. [illegible] Trost is having a new house built. Mr Trost owns a rooming garage and groceries. Mr Wood is the new barn and manner Tofield. Mr Noland is building a new house.

Quite a land deal occured here lately, when Mr. Mike Boychuk sold his farm to Mr. T.Buzyski and Mr. Johnson and another party bought Mr. Buzyski's farm.

Mr. Thomas Schultz has drilled a well on the Boychuk property, striking water at the depth of 230 feet. The water rising within twenty feet of the top in a two inch hole.

Mrs Ruth Wallington and her visitor, Mrs. James Ackley, have been at the hospital in Lamont, the last few weeks, appendicitis being the trouble.

Mr. Joe Nemetz has bough lumber for a granary on his farm and has also started a house.

Mr. Mike Boychuk has bought the two livery horses in Tofield.

Mr. Lindeman, from the vicinity of Youngstown is in the neighborhood looking up a farm to rent.

A LONG TRIP

A trip has just been made by R. W. Pincott with an LS8EX car covering 2545 miles the route that was traveled was as follows Tofield to Calgary Lethbridge, Sweet Grass, Great Falls Livingston, Mist and across Yellowstone Park Through Park and out at West side to Butte, Missoula, and up to Coeur D'Alene, Sand Point and St Anors Ferry, Idaho, thence to Chadbrook B.C and over Windermere and to Lake Louise and Banff, thence to Calgary and Edmonton and home to Tofield. The car carried three adults and two children and heavy camping equipment. The average on gas consumption was a fraction over 25 miles per gallon on the gasoline and for the whole trip which included about 1600 miles in the mountains 21 1/2 miles to the gallon. Oil consumption was one pint to the hundred. Before reaching the 50c. restriction line, also 50c a gallon basis. At no time on the trip did the radiator boil over, one near boiling point. The average was 160 miles per day under the driver's care. She is much refreshed in health so she will be able to start to school

Mr and Mrs. Flaaten and Gunvald Olve and why Berg, motored to Holden on Sunday to see the new home.

Amisk Creek school reopened after a month's holiday on Tuesday with Miss J Turner, from Atwater, Sask., as teacher.

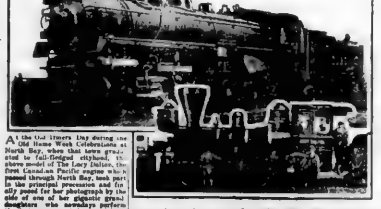
Little Lucy Dalton and Her Big Grand Daughter



At the Old Timers Day during the Old Home Week Celebrations at North Bay, where the Old Timers stood for full-fledged citizenship, a three model of The Locomotive, the First Canadian Pacific engine which passed through North Bay, took part in the principal procession and for ably posed for her photograph by the side of one of her gigantic grandaughters who nowadays perform the duties now carried out by laborsome by Lucy herself. The model was constructed in the Canadian Pacific shops in North Bay and outfitted her out along the streets of the new city on her own motive power. Thousands of old time railroad men gathered in the Baby City of Ontario for the Old Timers' celebrations, and many were the hair raising stories told of the days when half a century ago, the railroad was first pushing its way through the barren wilderness which was then North Bay.

Order from your grocer his best tea and he'll usually send "Red Rose."

RED ROSE TEA "is good tea"

The same good tea for 30 years. *Try it!*

Beware Of Dust

Since 1908 a little more than January 1 there was a man busy him was made to boost the family carpets each spring at the annual home cleaning appeared. In later years, system is abandoned, he has noticed that he had no carpet dust in their furniture, closets or even beds to clean. He thinks that the carpet dust is harmful to carpets and furniture, and he certainly has a lot more restful time now that they are not here to be taken up and cleaned. But the man was the most important the home of Dr. Allen Rogers of Penn Institute, in Philadelphia, and the scientific interest in him is due to the fact that he has made a conscientious study of the dust contained in the rare exemption. He adds however that the dust has come about "not because dust has doubled in four years, but because people have come to realize their deadly danger to health. Dr. Rogers has an additional dislike for carpets and furniture, which the simplicity of modern life has made unnecessary. He prepared for the Metropolitan Life Insurance Company a booklet entitled "Dust and Health," which explains the dangers of dust and how to avoid them. He tells of consumptive families, where the disease was supposedly in the blood, but in reality lurking in rugs, pets and bedding furniture. And in particular he makes indictment of the modern fashion of the day—parties, the spine-curving automobile cushion. He presents statistics to show that automobile cushions contain more germs than garbage cans, and that tobacco from crowded cars is full of dust carried in the clothes and shoes of passengers, and is responsible for colds and other ailments.

Followers of the dust removed from automobile cushions from cars, and finds that they are not alive as colonies of active germs. Evening shake out dust. Germs are not particular about their resting place, and you may be sure that all kinds have gathered here.

"If you automobile happens to be upholstered in fabric, give it a good cleaning from time to time. Vacuum cleaning follows by a good sponging with soapless soft water and then with pure water. Let dry in the open air, but not in the sunlight room. If some car is upholstered in leather or leather cloth, it can be sponged and dried with soapless soft water to remove the grease and make it soft and pliable."

Help those who are fighting the great white plague by doing your bit to kill disease germs, and do this by eliminating dust receptacles. Or, if you prefer, eliminate them so that they are not made in the factory.

BOYS, GIRLS' AND SCHOOL
(Vegreville Observer)

WITH THE re-opening of the schools comes the annual problem of inducing pupils from the start to take an interest in their school work. This, at school opening, is not so difficult, but as the year progresses there seems to be an inevitable tendency for pupilf to slacken up, take on numerous matters outside of their school duties, and either of their own volition, or through the persuasion of others, neglecting their homework, evading school whenever possible and generally playing hob with their own educational opportunities.

So far as the public school is concerned, there is no problem along these lines to consider, but the high school furnishes a lot of food for thought.

The problem is not one in which Vegreville alone is concerned. From all points in this province and elsewhere comes the same complaint. Sometimes one cannot help but think that there is some excuse for generations of the conditons. It may be that the boys and girls today are no better or no worse than other boys and girls were in years gone by; not even very much worse than we, ourselves, were. Nevertheless, when we think of the consistent neglect of school work which characterised many of the pupils at the Vegreville high school last year, we doubt if even in our worst days, we were quite so bad as these pupils have been.

Education means work, real work. There is no use trying to spoon-feed pupils, especially in the high school. Unless these pupils demonstrate a willingness and a capacity for instruction and back this up with a lot of honest application of their own, the best teachers in this world can get them nowhere.

For this reason, in our opinion, it is hopeless folly to send a boy or girl to high school when they have clearly and emphatically made it known they do not want to go. Sending children of that type to high school is worse than useless. When a boy attends high school he is presumed to know and understand why he is there. Most of them do understand it, but even the most ambitious of them have no chance unless their ambition is backed up by application. The boy who does not want to go to high school will never apply himself to any degree of success. The boy who wants to go will never make good either, unless his mind is on school work and not on a hundred extraneous affairs.

In Vegreville we have had too much uplift on the one hand and too much social stuff on the other. Boys and girls who are called out to attend this or that meeting are sure to get the habit of night-hawking. They are perfectly willing to supplement the plans of their well wishers with other plans of their own. The consequent result is that evening after evening is taken up in matters which have no bearing on school work.

On top of this come social events, dances, parties and the like to which invitations are extended these children by people who should know better—but apparently don't. We state emphatically that no high school pupil should be seen at a public or semi-public dance at any time or under any conditions in this or any other town. Even parties should be a very rare occurence. All children are prone to exaggerate the pleasures of social life. If a dance or a party is coming their attention is directed towards it, both before and after. School work suffers; cannot help but suffer.

Yet people wonder why their children fail at the examinations.

There is no use of complaining of the examination papers as being too hard, and there is still less use of affirming that the examination system is all wrong. The fact is that any boy or girl of average intelligence can take all grades in their order up to grade XII, providing they display a reasonable amount of diligence.

REMOVAL NOTICE

We beg to inform our customers that we have moved our store to the building recently occupied by A. W. Walls and Sons', where we will be pleased to welcome all our old customers and greet new ones.

STONE BROS.

TOFIELD, — ALBERTA.

Locals and Personals

What basis we must it how them their gaps (portare I guess they call) on gate all the men to put in them there big papers like the Edmonton Journal or the Vegreville Observer or the Kamrose Canadian. I guess they now have a regular gang roamin around the country finds out the men like gettin the crop report an murdeen an everything.

The French and English are havin a big bilkin spree over a few dollars that Frazer owes to England. If the farmers boreabouts would borrow money from England the mons way how Frenchmen do we all be praisin Jarmel well fixed. Course the trouble is when England gits the hole from Frazer she only gets as a mannerage boy an hands it over to Uncle Sam. Thats the men with the striped pants an high hat that lives some place to United States. He used to be pretty slim but he sure has taken on weight lately.

The lawyers who are metin in Winnipeg say that instead of pettin bad results failure an daggers to jail for makin trouble, they should be given a spankin. That will make on remember best their bad deeds every time they sit down for a week.

Just to show what outsiders think about the prospects of this ere country and its prospects, all the cops down in New York are puttin on sumaner boys up to Ottawa to get first chanest to buy them there Govt. Bonds. I dont know what the idea is not the enfost way they can invest how speculatins outs as how about 5% of the people down south has turned bank robbers.

The bank manager who lushed the stuff on a couple of clerks and a cent bandit certinly deserves the $5000 rhebate offered by the banker. It sure takes a bold nerve to walk away from two loaded heavy calibre guns rootin in the hands of a desprate bandit.

And then there is the men about hose boll bottomed trousers, comin six fashion out west. Pansonaly I think I will stick to the good old fashioned kind that keeps the breez as well as the rain, etc., on the outside lookin in on everything.

Amazing Hold That Wheat Has On Our Every-Day Life And History Of The World

It may be as a hardy-annual subject for it is in the mind and on the tongue of everyone today, farmer or business man from Halifax to Vancouver. It is before our eyes wherever we go all over the country and it is my opinion it will be in the hands of both copies of daily newspapers from 6 a.m. to set of sun.

Until yet it may be questioned whether many of us have ever paused to consider the really amazing hold the wheat has on our every-day life and on the history of the world.

The prairie is all golden at present and everybody is busy or should be, in a feverish manner and record is now those best be reasoning, my cousin' cousin's boy, who is in the Canadian Commission, the same place where the Australian girl reigns as he is on the other side, sudden ly developing into a big grain exporting country, shipping point, demonstrated that on short Lenten notice, Belgium could increase or restrict grain and at pending plants the organization of boys and girls' corps clubs and of the big fairs and exhibitions for the fullest of orders, for pure bred beasts and seed stock of better type.

The success of this campaign has been striking. In 1913 there were only nine boys marketed well in graded select bacon from in 1927 and there were 1,000 available hogs of the quality of logs in the ear ly days, and the splendid grade of bacon has also greatly increased in the evenness of its marketing. The prize bacon hog, Danish and my Canadian bacon hog, Canadian pork chops were the Wembley ribbon at he London dinner and supper tables of the Empire, were and early 1st prizes for the Canadian bacon hog, and the first prize for the most being the first one in the export carcass to advertising work, were the first to the direct result of improvement in quality.

Depth Of Wheat Seeding

Seeding to a Depth of From Two to Three Inches Most Satisfactory

From the 1922 to the 1924 experiment was conducted at the Brandon Experimental Farm, in testing the effect of sowing wheat at depths of one inch, two inches and three inches, the soil and the seed bed being practically uniform throughout the experiment. The results are given in bushels per acre, as follows:

	1922	1923	1924	Average
1 inch deep	36.3	31.4	27.1	31.6
2 inches deep	36.3	33.1	29.1	32.8
3 inches deep	36.3	33.1	29.1	32.8
4 inches deep	36.3	33.1	29.1	32.8
5 inches deep	36.3	33.1	29.1	32.8

The results show that the best yields were obtained from seeding at a depth of two inches. The difference between seeding at one inch and two inches was not great enough to be significant, but the difference between one inch and three inches was large enough to be significant. The difference between two inches and three inches was not significant. The results show that the best yields were obtained from seeding at a depth of two inches. The difference between seeding at one inch and two inches was not great enough to be significant, but the difference between one inch and three inches was large enough to be significant. The difference between two inches and three inches was not significant.

Grasshopper Control

Both Natural and Artificial Methods Should Be Used

Messrs. R. C. Treherne and L. B. Dawson of the Dominion Entomological Branch, Ottawa, have published in the Scientific Agriculture for August a very interesting article on grasshopper control. The article is illustrated with photographs showing the various stages of development of the insects and the methods of control. The article is as follows:

Grasshoppers are among the most destructive insects that attack the crops of the prairie provinces. They are especially destructive to young crops, and when they appear in large numbers they may cause serious damage. The most effective method of control is the use of poisoned bait. This bait is made by mixing bran with molasses and water, and adding a poison such as arsenic or Paris green. The bait is then scattered in the fields where the grasshoppers are feeding. The grasshoppers eat the bait and die. The bait should be scattered in the early morning or late evening, when the grasshoppers are most active. The bait should be scattered thinly, so that the grasshoppers will not eat too much of it at one time. The bait should be renewed every few days, as it loses its effectiveness after a few days. The bait should be scattered in the fields where the grasshoppers are feeding, and not in the roads or other places where they are not feeding. The bait should be scattered in the fields where the grasshoppers are feeding, and not in the roads or other places where they are not feeding.

Old Girl's Legends

Just at present I am reading a book called "Old Girl's Legends" by [illegible]. The book is full of interesting stories about the old girls of the school. I am enjoying the book very much. I think it is a very good book for girls to read. I am sure that many girls will enjoy reading it.

Doctors to Settle Down

Captain Scott of the former Hagan Lang army, has finished serving his wild oats and has reached the conclusion at the age of 114 years, that, after all, bachelorhood isn't the right thing. He has now become engaged to marry [illegible]. Congratulations to the happy bridegroom-to-be.

Would Help

I'd be not a better off if there'd put that sign on the mail box "To Let" Sign."

"Pass me bills."

No More Homesteads Available Under the Stars and Stripes

Another wad is passing. The old Wild West wont long ago, with its unfenced, free range and its plentiful supply of cheap land that could be secured for the asking, is now one of the memories of the past. The last of the free homesteads in the United States has been disposed of, and the Stars and Stripes no longer flies over land that is open to settlement. The last of the free homesteads in the United States has been disposed of, and the Stars and Stripes no longer flies over land that is open to settlement.

Improvement in Canadian Bacon

Good Prices Are Obtained As a Result Of Better Grades

Canada normally produces more pork than she consumes—great fact with the result is the only market for our surplus and the future of our pork industry depends, therefore, on our ability to produce a commodity that the British market will buy. The best seller of all such products on that market is the good quality bacon sold generally known as "Wiltshire." Something the best for improvement in the type of bacon, about three years ago the Dominion department of agriculture established a bacon hog campaign which includes the raising of litters of pigs according to specified instructions and standards, the fattening of hogs according to approved methods and the marketing of the finished animals in accordance with the grades established by the Canadian Government. Under the campaign, which is carried on through the provincial live stock branches, the number of hogs marketed under the grades established by the Canadian Government has increased from 1,000 in 1923 to 1,000,000 in 1924. The number of hogs marketed under the grades established by the Canadian Government has increased from 1,000 in 1923 to 1,000,000 in 1924.

Sugar Beet Industry

Is Expected to Revolutionize Conditions in Southern Alberta

That the sugar beet industry exists in Southern Alberta would seem to contradict conditions in the British Isles, where the greater part of the production of A. C. Palmer, assistant superintendent of the experimental farm, Lethbridge. He claimed that the results of the first season's sugar beet growing in Canada [illegible] have been greatly improved in the second year's harvesting. The sugar beet industry [illegible] Canadian farmers [illegible] Canadian sugar refineries [illegible] Canadian sugar refineries [illegible] Canadian sugar refineries

THE YELLOWSTONE TRAIL

The Yellowstone trail, from coast to coast

is surely a road of which one can boast,

except for narrow trails on the detour,

Which, for the nerves, there seems no cure.

on wind up the mountain, then you wind some more;

then you wind and wind, and then you get sore.

we just at a curve going up on high

Mr. Feldon's coming down, and you have a big sigh

for he's coming at 40 and has the side to the bank

Thy you didn't drop to—Hades—you're the good Lord to thank!

The recipe on the trail are mostly good

Also worship the name belongs to Lo Hood,

The Betts camp, too, we surely must mention

or here the Kiwanis gave you every attention

There are showers and set tubs and ironing boards too,

but be sure to clean up well before you start "Vamping"

here are kitchen's and dining rooms in these camps as well,

and of [illegible] conveniences. You don't [illegible] to sell.

[illegible] from a garden for tourists plan[illegible] by LaHood,

We cooked some beets, which were extra good.

The hotels are fine on the Yellowtrail, too.

but one must be a millionaire to ever get through.

he dining rooms are great and the halls long and wide.

With doors at each end and along every side

Their palace busses are so big and high

And go so fast that they almost fly

They come up behind you, with a whistle or squeek

Then just sail by like a great big hawk.

And were full of tourists, both coming and going,

Wrapped up to the neck, for the cold wind was blowing.

The Yellowstone Trail is a wonderful sight

And it is interesting, when seen at night;

For you must see the pines and the valleys below,

You must see the canyon and the sights to "be slow"

You must see "Old Faithful" and the Geyser Springs

See it often for a thrill it brings.

See the paint pots and the geysers of mud

And the Dragon's Mouth, and the Grand Canyon's mud

Take this trip in your car, and do not fail,

For you see this and more on the Yellowstone Trail.

TELEPHONE GROUNDS VERY ATTRACTIVE

The announcement of the prize-winners in a competition for the most beautiful telephone office grounds brings to mind the excellent telephone grounds we have at Tofield. While Tofield grounds were not included in the prize winners, passers by during the summer have greatly admired their appearance. Under the management of Mr. Glover and his assistant, the telephone premises have each summer for the past few years, increased in attractiveness, and this year especially, plainly showed the labor and care bestowed upon them. Mr. Glover is to be congratulated upon their appearance and we confidently look forward to seeing one of these years, the Tofield grounds in the prize winning list.

Mr Gibbs, electrical expert of Edmonton was in town on Thursday and called at the Mercury office.

BOUQUETS AND BRICK BATS

TO A VERY large extent the education of the children of this province has been and is being made possible by the effort, sometimes heroic effort, of a large and growing number of young lady teachers. Years ago, and not so many either, when Alberta schools were opening at an almost bewildering rate and teachers were hard to get, the young lady students of the province stepped into the breach and supplied the deficiency. There were teachers in country schools as young as 15 and considering their age and opportunities for previous training, they did excellent work. Salaries were fairly good and with the coming of the war years were made better and better. Salaries have dropped since, but not to pre-war level of course.

The demand for teachers was great, the opportunities to "get through" were good, permits to teach were given to those who were in the least degree entitled to receive them, and the popular and seemingly sole ambition of the then growing girls was to be a school teacher. In short, there was an opportunity for young ladies to procure professional positions, unequalled anywhere else in the world, and in the main they "made good."

Sometimes we pause and wonder whether this small army of young lady teachers, at least the present "generation" of them, fully grasp the responsibilities of their position, not regarding actual teaching, but in the treatment they accord their employment.

It is common knowledge that when a teacher needs a position she writes for quite a number. If her application is accepted by three separate boards, it is necessary to disappoint at least two of them. It has happened at Tofield that after teachers have promised to come, they have, shortly before the term commenced, changed their minds and gone elsewhere, leaving the local board to procure other teachers as best they could.

One of the outstanding features of the last school term at Tofield was the number of teaching days that were lost through one cause or another. Not that the school was entirely closed, but either the school was too cold for teaching in the lower rooms, or one of the teachers were sick, or one or more had gone to the city for the week end and the train was late. In fact, parents having children in three or more grades, felt when they sent them to school in the morning, there was a fair chance of one reporting "no school today."

As a general rule school boards are generous towards teachers. Certainly the Tofield school board has been so. This is fully proven when we re-all some of the board meetings last year. It was only after the most fragrant abuse of privileges that a unanimous motion was passed by the board to ask for the resignation of a teacher. Even when this was done, a few days after, the chairman called at the Mercury office and requested, that for the sake of the teacher in question, this news be withheld. The request was refused, but an hour later when the entire board called at the office, was acceded to. The board did more than this, to be really generous, either before or after the above request, they decided to allow the teacher to stay on.

On Friday of last week, three days after school commenced the primary department and grades three and four had a holiday. It was apparently necessary for the teachers of these grades to be in Edmonton. Perhaps to them it was all important that they should be in the city on this day, but inasmuch as they had signed a contract to teach, and this was a teaching day, it seems to us, that from a ratepayers viewpoint, it was all important that they should be at their posts. No postal employee, railroad employee or an employee of any large company could do the like and retain their position. Is not teaching as important a profession as any of these?

It may be that the previous ease of acquiring certificates and the heavy demand for teachers, coupled with, up to a year or so ago, a lack of competition in the procuring of positions, has inculcated a lack of responsibility regarding the position. Perhaps not. At any rate, there was little excuse for some of the holidays last year and to break school in the first week of the term, for any other reason than sickness, does not seem like making a very good start.

It is only fair to say that the principal is powerless without the teachers' helpful co-operation. The teachers deal direct with the board.

Cream Cheques

The Babcock test in the hands of the Dominion Government tester is putting the local dairyman wise to a few facts about his cows that would otherwise not be found out. They are always cows in an untested herd that show a bold front with the quantity of milk they give, but when it comes to quality they are sadly wanting. They are only star boarders and instead of keeping the dairyman it is found that the dairyman is keeping them.

As a result of the tests made a number of farmers are planning on putting their per cows on the market this fall and invest the money that will bring the cream cheques up a couple of notches as well as lower the feed bill. This is certainly a wise move and one that will not be regretted by the farmers.

CROP REPORTS

The harvesting in the district, although considerably retarded by the rains, is well underway. The wheat is all down and there are only a few fields if charley left to cut. The oats are being knocked down all over the district and by the end of the week most of the tenders will be again able except for the greenfeed.

The most of the grain is of a fair superior quality to that of last year the whole averaging at least two grades better. If we get a good threshing fall, the absence of tough grades will add to the price the farmers will get.

NOTICE

To whom it may concern, including Ducks, Geese, and Hungarian Partridges, collectively and severally. On and after the 15th day of September 1925, if you are caught flying, sitting [illegible] by a human being (commonly called a man), carrying a weapon (commonly called a shot gun) and also holding in his possession a game license for the year 1925, you will be struck, or fired, shot at, without further warning or governing yourselves accordingly.

No-tice-ly—S

A feller told me t-other day that the rabbits was turnin white and that the winter would start pretty [illegible] I don' know who he was, but I [illegible] the con-vict soon as he called for [illegible] got his inf-ormation from the [illegible] what directs the weather. How-ever, I believe that guy was just enough [illegible] me along. Cause he talked just like an old phonograph playin a cracked record with a bum needle.

However, there are at least four new throbbing events in the offing, so there is not as much danger of grain not being threshed as there was last year in the event of an early winter.

There was a piece in the papers the week bout a bunch of people in England that have made a new garden of Eden, as believe in runnin second hoeing and saine raw food. They should be sent out west bout the middle of January an they would sure find out one good reason for wearin clothes.

Build Giant Airplanes To Carry Passengers Across Atlantic Is Dream Of Aircraft Expert

The scheme to build giant aeroplanes capable of crossing the Atlantic, with an estimated passenger list of one hundred and fifty occupants, besides the weight of engines, baggage and crew, is the grand dream of Sir Jose Navarro, whose experience as aircraft expert entitles his project to respectful attention. That it rests within the compass of up to date aerial adventure is shown by the remarkable flight of Ivanhoe and Landis, the British aviators who recently stayed aloft more than forty-five hours and covered a distance of two thousand kilometres, enough to foreshadow the possibility of transversing by plane the big pond in the regular way of traffic. Such an achievement, says the Minneapolis Journal, would be simply an extension of what is being done everyday within Europe and the United States. Passengers are made to depend upon the aeroplane for speedy transportation from one point to another, and the idea of a journey of a thousand miles is no more startling than the old method of going by train. The latter, as a matter of fact, was furnished with sleeping cars long before the aeroplane was perfected, and the probability is that the passenger aeroplane will be equipped with comfortable sleeping quarters as soon as the present experimental stage is passed.

Sir Jose Navarro is not the only man who has visualized the possibility of transatlantic flights. Only a few months ago Commander Richmond Kelsey Hoxsey, of the United States navy, announced that he would attempt the flight in a dirigible balloon. Hoxsey's plan was to have a number of dirigibles stationed at intervals of about two hundred miles apart. Each would have a landing platform on the roof, and the Hoxsey airship would be able to land on any one of them, refuel and then proceed on its journey. Hoxsey's plan was to have the

WORLD HAPPENINGS BRIEFLY TOLD

Canadian export trade showed an advance and import trade a reduction during the first six months ended July.

The first London bus has arrived in Berlin. It is intended as an experiment and, should it prove satisfactory, 200 of them will be put in operation.

Assistance has been received from the C.N.R. engineers' department at Winnipeg that track laying on the Pickford-northward branch will commence early in the fall.

When a policeman at Orange, N.J., ordered their Fiery Cross exalmarshal, Leo Ku Klux Klansmen continued their talkathon conversation in the police darkness.

San Francisco now boasts of a seven-story building for training firemen. It has a special room where the firemen's brain cells and last can protective devices.

T. W. Young, who has been in the Dominion Government's grain inspection department at Winnipeg for the last 21 years, has been appointed grain inspector at Calgary.

The students at the government college at Peking decided to end their strike called in sympathy with the anti-foreign movement. They will return to their studies when the fall session begins.

Three human skeletons believed to be of the Neolithic age have been discovered by archaeologists at Baalbec, France. The skeletons are believed to be from six to eight thousand years old.

Fire has destroyed most of the dormitory buildings of Ryerson College, at Pakoda, Japan. Among the buildings destroyed was the hospital. The loss is estimated at one million yen.

One million dollars annually might be saved by the United States in its bill for printing money if the people would use fewer one dollar bills and more trees. A residence of the trees in blamed on a superstition that they are unlucky. The bureau of efficiency has issued a statement about it.

Bulk Shipped From London to New York

Large Cargoes For Church Weekly Nearly Ten Tons

A large cargo of bulk meat was recently shipped from London for Park Avenue Pat ist Church, New York, weighing 9 tons. Such an unusual shipment is considered special transport arrangements Permission has to be obtained from the authorities to convey the biggest bell through the streets, in owing to its size it contravened traffic regulations The bells were taken from the foundry by lorry to the Thames, where they were transferred to lighters and towed to the ship's side in King George V dock There a big floating crane was run alongside and the bells hoisted into one of the Atlantic's holds, where they were secured on a heavy wooden stag ing Scores of hundreds of rags were then packed tightly round them. The structural rear for these bells weighs another 10 tons.

No Inspection Plant

Impossible to Operate Grain Inspection Plant at Moose Jaw This Season

Consultations which have taken place between the department of trade and commerce and the board of grain commissioners have made it clear that the establishment of a terminal grain in pection service cannot be established at Moose Jaw.

It is understood that it is the intention of the inspection service to be limited to the handling of Canadian Northern and Canadian National rail shipments, and therefore would be of little assistance to the farmers using the elevators at the Canadian Pacific railway points. It is also pointed out that the Moose Jaw elevators have a capacity of only 1,250,000 bushels.

There is a strong prospect of the Moose Jaw inspection being established by next season, but, for the reasons mentioned, it is held to be impossible at present.

Why Imagination

Manhattan is popularly assumed to be the only place in which millionaires do not ask you to dinner on every course. Almost every street is supposed to have its by-way of $20,000 a year people.

Yet among all those 7,000,000 souls there are only 20,000 who have incomes of $10,000 or more, and only 7,000 who have incomes of $5,000 or more. The average salary in less than $1,000 a year.

A weekly Scotsman 75 years old is travelling from mile from Honolulu to Scotland to pick a few sprigs of heather and eat a dish of haggis.

Protection of the Investor

Meeting Held at Winnipeg to Discuss Vital Question

Protection of the investor to the highest degree was discussed at an important conference held in Winnipeg recently

Hon R W Craig, K.C., attorney general of Manitoba, who, with Hon J A. Cross, K.C., attorney general of Saskatchewan, has been active in endeavoring to influence the Federal Government to refuse to give a charter to a company which has been refused a provincial charter, under the Sales of Farms Act, took advantage of the presence of Thomas Mulvey, under secretary of state and representatives of the three prairie provinces and British Columbia being in Winnipeg attending the Canadian Bar Association convention, to call the meeting

A full discussion of the whole question, particularly from the viewpoint of legislation, took place. It is understood, and the officials in charge of the offices of Saskatchewan, Alberta and British Columbia will convey back to their governments the wishes of the assembly.

In view of the fact that Hon Mr Cross and Hon J. E Brownlee, attorney general of Alberta, were unable to be present, no definite decision was reached but action along those suggested at the meeting will be taken by the western provinces Considerable discussion took place in connection with the judgment delivered in the effect that a company conducting business under a Dominion charter was not bound by a provincial law.

Canada's Fine Prospects

Expected That Value of Grain Crop Will Be Considerably Enhanced This Year

In a recent editorial in the Ottawa Journal the value of the increase in this year's Canadian harvest is commented on in part as follows:

It is more or less authoritatively estimated that the five principal grain crops will bring this year a gain of nearly $363,000,000 to the farmers of Canada over last year That is a very significant and stimulating fact It is in the nature of real wealth. As all wealth, it represents labor applied to the creation wealth of the country; and its value is enhanced by the further fact that the silver farm on new wealth is so quickly and so widely distributed It is a gain which is confined throughout the whole country

"The gain in value is as between $650,000,000 last year and $470,726,000 this year When all farm crops are included into the reckoning, It is calculated that the agricultural population will have $325,000,000 more to spend this year than had in 1923 Taking all factors into the count, this will be $190,000,000 more than for any preceding harvest in the history of the Dominion. Such a gratifying result almost speaks for itself and needs no comment. Particular has to be obtained from the authorities to convey the biggest bell through the streets, in owing to its size it contravened traffic regulations The bells were taken from the foundry by lorry to the Thames, where they were transferred to lighters and towed to the ship's side in King George V dock There a big floating crane was run alongside and the bells hoisted into one of the Atlantic's holds, where they were secured on a heavy wooden stag ing Scores of hundreds of rags were then packed tightly round them. The structural rear for these bells weighs another 10 tons.

Charming Party Dress

Every child needs many frocks, and what is often not met is the number one or even several with the charm and fine work in mind. The design is so simple and the dainty printed and gingham fabrics in the shops so fascinating that it is real fun to sew what the youthful hearts may be craving with little effort The front of the printed frock above is cut in one breadth, and the skirt joined to the upper part by several rows of shirring finished at the yoke effect The collar is one piece and fits comfortably to the back The sleeves are long and gathered to a narrow band, and whether little pockets in the front The panties are cut in one piece. The adorable pantie dress is creating a rage this year. Size 2, 4, 6, 8 and 10 years. It requires 2 yds. yards of 27 inch or 2½ yards of 36 inch material Price 20 cents

Japan Wants Modern Ideas

Country Soon Need of Progressing Like Other Nations

The Emperor of Japan has decided that all his sons shall be educated in Oxford. Prince Hirohito the Emperor's second son is now in residence at Oxford University The meaning and significance of this fact can best be appreciated by recalling the tri mendous progress made by the present of the Emperor and his relation to his subjects.

For centuries the Mikado of Japan has been more than any western sovereign has ever dreamed of, the earth to his palace apart from the world, never emerging from its walls. The present Emperor changed all that He is the Crown Prince Hirohito, the present regent, who has preserved rather in modernization of the Shinto cult and its policy is due to his wish to Europe many years ago more than to any other event. The visit to Japan by the Prince of Wales in the spring of 1922 proved another great stimulus

The men who are directing Japan's affairs are seeking to adapt the ancient instinct to the needs of the nation, and they understand that the best sons of the race must be sent There are in England the only throne in Europe which unites a long history with a secure and flourishing present.

Prince Chichibu is to assist the regent in his duties. The decision to send his return from England He is well qualified for the task that has been laid upon him. He is a soldier and a democratic disposition, is a great sportsman and has considerable ability especially with the Japanese masses Vancouver Province

All Made In Canada

Every Item Of Apparel for Man, Woman or Child Now Made in Canada

Purchasers queries have been printed by the Canadian Manufacturers Association headquarters following the announcement of the removal of the Canadian Industries, Limited, to Canadian Na tional railways to prove that every article of apparel purchased by anyone, when taking stock of their wardrobe were in fact manufactured in Canada. Woollen manufacturers, however, when asking about the country

"Not one item necessary for the complete turnout of man, woman or child but is made and sold in Canada," is the declaration made by the general manager of manufacturers in charge of arrangements.

For example, they point to Alexander Pirnie's Galt, Ontario, woollen accessories-ed to a Bond Street or Italian label in order to command headway may not know that cream hats have been manufactured in Canada for more than fifty years and that, according to the oldest member of one of the hat firms, "cream" was not known in this country at least ten years before that And with any other item the same is true of the goods manufactured in Canada by the Canadian Industries, Limited

Cheered For Canada

Empire Press Meeting to Have Fusing Addresses Delivered in London

There was a remarkable scene at a banquet given to Premier Bruce of Australia at Waldorf-Astoria on the occasion of the visit a press delegation, who were on their way to Australia to attend the Imperial press conference, in connection with a speech made by J H Woods, of the Calgary Herald president of the Canadian Press

Mr Woods spoke for Canada in response to the welcoming words of Premier Bruce, following Lord Burnham, president of the Imperial press conference Mr Woods eloquently appealed for interest and attention primarily among the dominions

"I have by me down the gangway rose and cheered Canada and the New Zealanders scrambled to shake hands with Mr Woods proposed appreciation and good wishes for Canada —

Answer To Last Week's Puzzle

Criticises Ontario Liquor Law

U. S. Mission Says It Does Not Satisfy Canadian Needs

Representative Grant M Hudson, of Michigan, chairman of the house committee on the probable liquor needs, in Washington, declared it did not satisfy those who wanted a stronger alcoholic liquor They call it "near disappointing" Mr Hudson made the members of their visitors in connection with the prohibition question. "We are not here to tell you what you should do," he said. "We are here to learn what you are doing and what you intend to do in the future, and to see if we can help you in any way."

Mr Hudson is the principal speaker of the evening, and he declared there was no doubt that prohibition has come to stay and that there is no sentiment in Canada and the United States.

Secret of Success

Fred H. Burgess, new president of the Chicago and Northwestern Railway, gives as the secret of success "Any one used indeed. Just indeed. Not talk, or office politics, or ability to play golf, or good looks, or family connections—just industry The men who get to those places but are worth having are those who work hard and work like hell. Van Norden Mag.

Catch Monster Lake Trout

While trolling at Cold Lake recently the anglers reached a 23 pound lake trout For two hours and one half the men fought the fish in an endeavor to land it Finally the trolling were successful in pulling it in but had to call in the services of an axe to put an end to the struggle of the fish.

Suggest Prince Win Heir

During the stay of the Prince of Wales at the Ranch Club in Johannesburg P.A. an Aberdeen Angus steer was presented by the Aberdeen Angus cattle Society of South Africa for the royal herd He will be exhibited at the Empire Exhibition at Wembley next year and this was for the good reason that Natal had never been beaten

But the South Africans were not going to be beaten in the long run, and they were confident that Natal would win the championship.

Mr Hugh Hudson, of Natal, for the British empire exhibition at Wembley next year and this was for the good reason that Natal had never been beaten

Rebuilding Schools in B.C.

Grade Soldiers Completing Site to Replace Trouse They Burned

Six new Doukhobor schools, erected by the Christian community of Saskatchewan, are being built by Doukhobors in British Columbia, according to Peter Verigin, leader of the sect, who has returned to Canada after a visit to Russia. The schools are to replace the 13 which were burned by members of the sect in protest against compulsory education.

Verigin declared that the Doukhobors are willing to obey the law, but that they cannot send their children to public schools because they are forbidden to teach them their religion. He said that the Doukhobors are willing to pay taxes for the support of the schools, but that they will not send their children to them.

Setting Too Fast For Mapmaking

Get Canada Will Soon Have Good Topographical Map

"There is something in self government that I suppose is to engender, as Professor Arthur Hinks, secretary of the Royal Geographical Society, is presiding at a recent session of the geographical section of the British Association for the Advancement of Science at the convention in Toronto.

He said the South Africans were going to have to wait for a good topographical map of Natal for the reason that Natal had never been mapped.

Professor Hinks stated, and he is beginning to get a good topographical map, but Canada is a big country that began its survey very late and its settlement is marching faster than its map.

Dairy authorities in North America are urging cattle to be plainer rather than the fleshy.

The skin of a horse who is properly cared and tanned may be cut into 100 bag-belts.

West Canadian Governor-General

Vancouver Natives Sons of Canada Favor Canadian for Post

The Vancouver Assembly, Native Sons of Canada, went on record as favoring the appointment of a Canadian to the office of governor general of Canada. Alfred Mc Robert Carson, Sir William Mulock, Hon Rodolphe Lemieux, Sir Arthur Currie, Sir Lomer Gouin, and Rt Hon W S Fielding, were suggested as suitable for the position.

BABEE, SON OF KAZAN
James Oliver Curwood
A LOVE EPIC OF THE FAR NORTH
Copyright, 1917, by Doubleday, Page & Co.
"BABEE, SON OF KAZAN," a Telegraph Picture, With Wolf, the War Dog, In an Adaptation of This Story

SYNOPSIS

Babee, the young wolf dog, wanders far in the wilderness, runs upon a colony of hermits. He tries to make friends with Nahoh, their leader, but the little animals run away from him, and Nahoh's brother, Kazan, attacks him. Babee is attracted by the mendal of the hermits, Wolf, and the two fight. Kazan is defeated and Babee becomes the leader of the pack.

CHAPTER VII—Continued.

For a quarter of an hour Babee watched him, while he kissed Nah oh and caressed him, and when he stopped, there were lovely or thirty tears in the eyes of the little girl. Babee could understand that. He had seen Nah oh cry before, and he knew that tears were a sign of happiness. Then Nah oh got up and ran to the edge of the water, and Babee followed her. He saw her kneel down and bathe her face and hands, and then she came back to him and sat down beside him, and Babee crouched close to her.

Nah oh began to talk to him. She talked a long time, and Babee knew that she was telling him about the hermits and the wolf pack, and how much she loved her father and mother, and how glad she was that Babee had come to her. He knew that she was telling him all these things because he had seen her do the same thing to Wolf, and Wolf had told him about it afterward. He loved to hear her voice, and he looked into her eyes and whined softly, and Nah oh put her arms around him and hugged him tight.

Then she stood up and went toward the cabin, and Babee followed her. He was very hungry, and he knew that Nah oh would feed him. He had not eaten since the day before, when he had killed a rabbit in the edge of the willows.

Nah oh went into the cabin, and Babee followed her. He could see her as she ran up the long bar. It was wonderful to see the little animals going and coming, and Babee sniffed strangling curiosity in the air. Every now and then Nah oh looked back at him and laughed to Kazan."

Babee knew that Nah oh was talking to him, and he had full confidence in her. He knew that she would not hurt him, and that she would feed him. He was a wonderful hair. Her face was very close to his, and he could look into her eyes. He knew that she was telling him that she was glad he had come, and that she loved him, and that she would be his friend and protect him.

Then she went to the cupboard and began to get out the food. Babee watched her with eager eyes. He saw her take out a piece of cold meat and a piece of bread, and he whined softly as she put them on the table. Nah oh saw him looking at her, and she laughed and came to him with the meat and bread in her hands. Babee sat down on his haunches and looked up at her. He saw the white star on his breast and the white tip on his ear, and under her breath she whispered "I'm a monster!"—"The dog pup!" It was the first time Babee had ever heard her speak, and he thought her voice was very sweet.

Nah oh broke the meat and bread in two pieces and gave one piece to Babee. He gulped it down in a single mouthful, and looked up at her for more. She laughed and gave him the other piece, and Babee ate it more slowly, licking his chops when he had finished. Nah oh gave him a piece of bread, and then she went to the cupboard and got out a pan of milk. She poured some of the milk into a tin dish and put it on the floor. Babee drank it to the last drop, and then he looked up at Nah oh and whined for more. She gave him more bread and meat, and then she went to the door and sat down on the step. Babee followed her and lay down at her feet, with his head on his paws, looking up at her.

Nah oh began to talk to him again, and Babee knew that she was telling him about the hermits and the wolf pack, and how much she loved her father and mother, and how glad she was that Babee had come to her. Then she began telling him about Wolf, and Babee listened with his head on his paws. He looked up at her when she spoke of Wolf, and he knew that she was telling him that Wolf was a great chief, and that he was to obey him. He knew that Wolf was the leader of the pack, and that he must obey him in all things.

Nah oh went into the cabin again, and Babee followed her. She began to get out more food, and Babee sniffed the air hungrily. He could smell bacon and beans, and he knew that Nah oh was getting his supper. He

No Fusion Between Farmers and Grits

Winnipeg, Sept. 16th.—Rumours of a Progressive-Liberal election pact in Western Canada definitely were negatived this afternoon by Hon. Robt. Forke, leader of the Progressives in the Federal parliament. He declared before the members of the provincial progressive executive and Manitoba progressive members, that the position of the Progressives by the Liberal party, whether in or out of office, and under whatever guise offered, would postpone for a generation attainment of necessary reforms, the reshaping of national policies, and the infusion of Canadian public life of that moral courage and idealism which alarish parliamentary has well nigh destroyed.

Urging the alleged failure of the progressive movement to fulfil its mission on the idea of a coup parliament, should not be made the occasion for retreat or the excuse for the abandonment, Mr. Forke declared Progressivism was not less vitale to-day than it was in 1921. Triumph of its ideals were ultimately certain, he maintained, if ... [illegible] ... those present to enter the election fight with confidence "unsurpassed by vain regrets for the past or unfounded fears for the future."

Education Pays On The Farm

Statistics show that farmers who have had an education make larger incomes than those who have received little or no schooling.

Agriculture is more necessary now than it was thirty years ago. Farming has changed greatly in this period. Then farmers cut their grain with a cradle or bound it by hand and ... it in a ... They ground their own ... and ... They ... the waste out of the soil in baskets. The tread mill or sweep-power for "boil" to cut and "weed in the fall" and planted their grain "in the groove." The horse and ox were their only means of transportation. The farm homes had no conveniences; homes were lit with candles; the kitchen equipment consisted largely of hard work.

Now the farmers have larger farms. They cut and bind their grain with binders and thresh with engine driven separators. They frequently plow with tractors and many own automobiles. They select varieties of grain that are known to give larger returns than the ordinary varieties. They treat the seed to control diseases and plant at rates per acre and at dates, which experiments have shown to get results. They ... improved types of breeding animals and feed their stock in accordance ... [illegible] ... from the chemistry of ... The equipment and conveniences in farm homes have been greatly improved.

To keep up with the times and to make the most money from the farm one should know how to farm and ... in accordance with the most improved methods. You can learn these methods at the Olds School of Agriculture Extension ... You can ... for ... months at the O.S.A. what it would take years of experience to give you. Talk with any ex-student regarding the ... of the course.

Regular patrons of the Women's Institute when discussed winter have expressed pleasure at the announcement that they are to be continued this year. The next one will be held on Tuesday evening, September 22nd. For the small sum of 35c. you may have a splendid evenings entertainment in congenial company, with a first class lunch added for good measure.

The new threshing outfit for Lodge Carlton was touched on Tuesday.

Born.—To Mr and Mrs F. Ford, Nine Creek, on September 11th, a girl.

Let Your Banker Collect It

If you wish to collect a debt from a party in another section, you can have your banker draw a draft on him at sight or for a given time. This will be presented through his local banker as request for payment from you. When your draft is paid it is turned over to the payer. It is his receipt for an account paid.

MR. PFINCOTT WRITES ON AUTO CAMPS

[To The Editor]

Dear Sir:

You were kind enough to ask me to write for publication a short outline of my recent trip to the United States. As I feel that what I might say would necessarily be of a very varied nature, and a great deal of it of little interest to our agricultural community, as far as agricultural matters are concerned, I prefer to select one subject only, namely: "Tourist Camps."

Along the whole line of travel, and along all main roads not only in the States, but also between Edmonton, Calgary and other Alberta main roads almost every town has its tourist camp. The public are now mainly travelling by auto. The great majority of these are camping. From tens to hundreds of these travel along the main roads daily in the summer season. Along our line of travel through Montana, Wyoming, and Idaho, and presumably everywhere in the U.S.A. almost every small town, even though its population may not be more than 100 people, had an auto camp. The necessity of accommodation for the travelling public has been recognised, particularly from a business standpoint. Roughly speaking, the accommodation provided in the smaller camps, among which we may class those of our smaller towns, such as Ponoka, Innisfail, Olds, High River and others consists of an acre or two of ground, with trees, where possible, a well, a light or lights, (electric) one two, or three kitchens, partly boarded up on sides, and roofed, with an old kitchen range in each, toilets. A good sign is placed along the roads, leading into the town from various directions advising of the existence of such a camp in that town. Then as you enter the town limits other signs lead you to the camp. You are welcome there. Someone generally has supervision, and collects 50c. for 24 hours stay, or fraction thereof. In other larger towns and cities, among which I may mention, Jefferson Island, and Butte Montana, very superior camps are found. Taking the Butte camp as an illustration, there are well kept grounds, a large community hall in the centre, with beautiful hardwood floors for dancing, card tables all around the sides, library, electric piano, a large spacious dining room with a number of tables, a kitchen with 12 electric stoves, a large laundry with running hot and cold water, and six electric washing machines, shower baths, lavatories, water under pressure through the ground, etc., and in one instance a large vegetable garden planted for the use of visitors to help themselves to vegetables for cooking while using the camp. The charge for all this is 50c. per 24 hours per car, regardless of the number in car. You of course realize that such camps are run at a loss and presumably the city or citizens in some way make up the deficit, but the value of from five to a hundred cars camping there each day is recognised "it pays."

As an illustration of this growing public travel and camping, the Calgary camp four years ago provided accommodation for 200 cars for the season. This year the same camp accommodated 700 cars in one month.

Now, Mr. Editor, there is a problem for Tofield, and one which, though the citizens may look upon lightly now, very soon they will realize the absolute necessity of an auto camp. For the first time, this year did I see auto parties camping in Tofield, and I believe there have been quite a number of them. Only a few nights ago I came across two autos camped just west of town, on the bare prairie. I did not get out of my car to welcome them, I was afraid the frame of mind they might be in. And in the near future we will see dozens of cars through the summer season looking for our auto camp, which does not yet exist. Tofielders, particularly the business men should commence to realise that this auto camp is a necessity of the very near future. Travellers ask the garage men as far as fifty miles away where an auto camp can be found and are advised. The town without one becomes boycotted.

Plans cannot too soon be thought of, in our own case a site close to the business section, a gas light which could be utilized when needed, a rough kitchen with an old "cook stove," a well, wood provided, etc. The cost, when equally distributed by some fair method, would be trivial.

Autos are bringing more visitors to Canada than trains ever brought. Strangers and visitors must be afforded accomodation. Tofield can better afford to LEAD than to FOLLOW. Let the foundation of our permanent auto camp be started in the spring. It will be neither difficult or costly.

MANY PEOPLE WILL BE INTERESTED TO KNOW THAT
During the month of July Hudson-Essex agents broke all existing sales records by selling more six cylinder cars than were ever sold before in Los Angeles City and County as well as in all of Southern California.
Hudson-Essex sales in Los Angeles and Hollywood exceeded the combined total sales of Buick, Dodge, Studebaker and Nash, with 28 sales left over. THERE MUST BE A REASON.
The following registration figures for July offer conclusive evidence of how overwhelmingly Hudson-Essex outsold all competition:—

Car	Los Angeles City and Suburbs	Los Angeles County	Southern California
Hudson-Essex	712	1180	1370
Chevrolet	677	816	1276
Dodge	372	497	696
Buick	287	535	696
Studebaker	197	341	466
Overland Whippet	126	205	436
Maxwell	109	220	309
Chrysler			
Paige-Jewett	176	265	320
Nash	151	222	320
Oldsmobile	78	141	186
Franklin	99	154	154
Cleveland	46	94	152
Chandler-Cleveland	45	77	104

One California dealer has already placed his order with the Hudson-Essex factory for the spring for thirty thousand cars.

RETAINS MODEL T CHASSIS

Ford, Ontario, August 31st, 1925.—W. R. Campbell, Vice-President and Treasurer of the Ford Motor Company of Canada Limited, in a statement issued to-day, following the announcement of the improved bodies and chassis refinements, emphasizes the fact that there are no new Ford models.

"Bodies for FFord cars have been materially improved," he states "but the new model "T" chassis remains practically the same. There are several important changes in the chassis but they do not affect the basic design in any way detrimental to the servicing of the half million cars already produced by this company and now in use in Canada and overseas territory. The bodies in four types have been completely re-designed and built lower to contribute to better appearance, driving and riding comfort. All improvements and refinements are more pronounced than at any other time since the adoption of the model "T" chassis but they are entirely in accordance with the company's policy of giving the public the benefit of every improvement found practical. By preserving the model "T" chassis design, the company safeguards the continued good service to fifty per cent of Canada's car owners and eighty per cent of the trucks now in use through out the Dominion."

MADE IN CANADA

Canada Must Hold Fast To Link That Welds Together Component Parts Of Empire

Speaking of some of the old ties of the British Empire is natural and reasonable progress, but few in Canada think on this account that the empire is disintegrating said Sir George Foster, in a public address at Toronto.

"Some people say it would not make any difference if the empire was a republic and headed by a president or a monarchy headed by a king," said George Adieu.

"The British Empire scattered as it is over the surface of the world is composed of races and tribes of all colors and beliefs, is held together by that common sovereignty or crown. It is a symbol of sovereignty; that is really the British Empire what it is and we must hold to that link that binds us. Once it is broke all the other ties would go completely."

Protecting Caribou Herds

Indian Department Will Take Steps to Prevent Extermination

Ever since the buffalo, on many the main source of subsistence of the Indians in the territory was destroyed, it has been necessary for the Indian Department to take steps to protect the game supply in order that the Indians might not suffer from starvation.

Today they are found themselves, in addition to valuable reserves in the north, from that country above Reindeer Lake, which adds one of the great herds still roaming about the northern in mass formation.

[illegible] Indians in the territory [illegible] It is [illegible] the Indian Department [illegible] to protect them [illegible] caribou herds.

Under the new regulations [illegible] hunting of caribou [illegible] This closed season will [illegible] the caribou herds [illegible] to increase to such numbers that the Indians will be assured of a permanent supply of meat.

STONE BROS.

TOFIELD, — ALBERTA.

Personal

Rev. R. Geo. Watt, B.D., and R. V. Allison of the United Church, are in attendance at the first meeting of the Presbytery of Wainwright, under the United Church of Canada, which sents in the town of Wainwright this week.

Mr. and Mrs. Hingston, with true concerning spirit, have together, rebuilt the house that was destroyed by re last winter. They are now again a the telephone line, No. 918.

The United Ladies' Aid will hold hote regular monthly meeting at the home of Mrs. Grey on Friday afternoon, September 25th. Corn will save the church at 2.45.

Light showers around town were wakened on Tuesday morning with he usual boundsides by dark hunters. Jubia a number of sportsmen went out and procured good bags of birds. Jno. Agnew literally opened the ease with a bang, for in addition to a number of duck, he brought home two wild geese as proof of his prowess with the gun.

Liberal prizes are added to the home ages which serve to those who shoot the Women's Institute Whist Drive on Tuesday, September 22nd. Other good things are, new cards, sequential company, and a first-class lunch. The evenings entertainment, orlading lunch, only cost 25c.

Charlie Glover, who has been ill at a very long time, left shortly after the University hospital at Edmonton. His friends sincerely hope for a speedy recovery.

At Fort Wayne, Indiana, recently, a Essex Coach was hooked wheels up, a top of another Coach, Essex, and arried all over town, demonstrating he strength of the Essex suspentructure. Tofield Garage, Dealers.

MONDAY, OCTOBER 12th

N—O—S—E

It sure sounds' bookin the Tofield Mercury that was printed the last week in July to get down to Primer King, cause he didn't tell the rest of the pople olden those that take our local sheet that the lorties would be shooting the last week in October, till las week.

Then there sure is gonna be a darned lot a hot air offyin around the streets when those pedestrians get ter slingin the dope about their own greatness on the retirement of the other guy, and the crowdedness of everybody but himself.

I saw by the newspaper that Sir Rob Thurston is a gonna run the C.N.R. for another 5 years at $50,000.00 a year. It didn't say nothin in the paper about it, but I guess after 5 years work he will buy the railroad with what cash he saves. Of course he says he finds a lotta good work for the C.N.R. but I would also like to say that he aint gon ter be destitute for quite a long spell.

There sure is a lotta lotten talk floatin around the country. The head push of the Terms. Art Moss, he claims he and his gang are agwana more up the flour with King an his bunch of politicians. Course King comes back pretty strong an tells Moss just about all the things that Moss ever did wrong in his life etc. an Moss, he tells King about the same thing. If these guys wanna fight, why don't they team up an challenge Dempsey. We don't wanna hear anything about their private affairs, we wanna know about the tariff, an customs, an the Canadian navy and organ an income taxes an the prune a grain. Them some of the things that concerns us men. Let us listen in!

An on there in Pitch Forks, thats he guy that lands the Progressives fer sure, as the much he knows he a three timed and darned sharp. I guess he is lotin the other guys fight over the bone so he will swipe it when they aint lookin. By golly that'd be a good joke, eh?

Plane Flight From London To Cape Town

British Aviators Made Flight To India Last Year

Alan Cobham, noted British aviator, is going to attempt a London to Cape Town flight in November. His route will be Paris, Rome, Brindisi and Cairo, the remainder thereafter to be governed by local conditions.

Cobham hopes to reach Cape Town early in December and return to London the same month. Last year Cobham, who in thirty-three years old, completed a 12,000 mile flight to India, carried as a passenger Sir Sefton Brancker, the air vice marshal. He proposes to use the same type machine on the London to the Cape flight as he did on the flight to India.

Mothers' Best Friend In Rearing Children

Pain and sudden sickness are apt to come upon us at any time and under any circumstances. Many mothers have no help upon which they can rely except in the case of colds, sore throat and kindred ailments. Dr. Thomas' Eclectric Oil has been a family favorite and many mothers have come to rely upon it

Oats $1.00 Per Bus.

Two farmers meet on country road, one returning home with a load of low grade oats, the other going to town with cans of cream.

First Farmer—How do?
Second Farmer—How do?
First Farmer—What are you doing with the oats?
Second Farmer—Taking them home to wait for better prices. They would not give me enough in town for them.
First Farmer—I get $1.00 a bushel for my oats.
Second Farmer—Where?
First Farmer—At the Tofield Creamery. I feed them to cows and sell the cream. It is good business.

Everybody is busy threshing, vegetables are being stored for the winter. All round there is a good crop of vegetables

September 16th Mr. Barbeau and Mrs. Fiveash reached the three score and ten mark A receptio n was given them at the John Anderson home by their old friends Lunch was served and a pleasant afternoon was spent Mr. Fiveash and her brother, P. B Ander on sang several songs, they had sung together in early days, which was much appreciated by their friend

Sunday the 27th was the 24th anniversary of the marriage of Mr. and Mrs W. E. Parker Some friends to the number of 30 came to their home that evening and gave them a surprise A picture was taken of the crowd which perhaps will appear in the Province of Alberta as a notable gathering of the early settlers

LINDBROOK

Threshing is finished here at last, but it is rather late, as reports state in all

Miss Lillian Rogers is home here from Grande Prairie where she has been busily employed as nurse.

Mr. Wilson is building a new barn. What about a dance to christen it, Carl?

Don't forget to sign the protest against the Hudson Bay Company's Elevator proposal and help to keep Lindbrook as a market for farm Australia It means a few dollars to you cream producers during the winter and as per fact, it might so happen that Australia may develop quite a good market here and there being such a thing as cold storage, there is nothing to prevent them shipping to us such fruit it would be stored and thus affect your summer prices as well The shipowners of the treaty claim that this will only affect the export trade but will it? Do not be misled by this and kick hard and don't forget to vote next month. It seems that the treaty is made to favor the Eastern manufacturers only, with no right for the Western farmer at all. One copy of the protest is at Mr. Leahy's store, Lindbrook. Don't be shirked all of

The 10th next Sunday at Lindbrook school house. Everybody welcome Service at 3 p.m.

Mr. A. Hoots shipped a carload of fat lambs from here last week, and several loss of cattle have been shipped lately.

THE WINNING TICKET IN THE HOBSON MEAT MARKET ALUMINUM CONTEST IN NUMBER 378. HOLDER OF THIS TICKET PLEASE PRESENT TO MR. HOBSON.

CHANGE OF POSTAGE TO FOREIGN COUNTRIES

EFFECTIVE OCTOBER 1st.

The Postmaster wishes to inform the public that letters to Foreign Countries will be 3c for the first oz. and 2c for each additional oz.

Canada, Great Britain, and all other places within the empire remain the same

Here and There

During July thousands of osteopaths and members of allied professions gathered in Toronto from all parts of the United States and Canada to attend the International Congress of Osteopaths. Several of the visitors toured the country in the interests of osteopathy.

Final figures showing the total live lobster catch on the Nova Scotia coasts, for the season ending June 1st., show a total of 8,883,259 lbs. valued at $1,304,141, an increase over the 1924 season of 2,887,400 lbs., in quantity and approximately half a million dollars in value.

During his tour of Western Canada, Premier Mackenzie King visited Field Marshal Earl Haig was received on all sides by cheering and enthusiastic crowds. At towns in northern Ontario and elsewhere he shook hands and exchanged reminiscences with local ex-service men, many of whom he remembered.

Considerable interest has been aroused in London, England, over the arrival there of 1,600 pure bloods for exhibition in the Canadian Pacific pavilion at Wembley. The animals were given by Mr. Grenston Ray of Montreal, and have been sent to England to dispel the belief that Canada's climate is excessively cold.

A delegation of prominent newspaper proprietors and journalists from Great Britain passed through Canada en-route on their way to attend the Third Imperial Press Conference to be held at Melbourne, Australia, during September. Besides the delegates from the British Isles, representatives of Canada and the other Dominions have been invited and will attend the conference.

Two automobile accidents occurred in Montreal over the week-end at railway crossings, in both of which it was proven that the car struck the train. In the first accident the car ran into the first car behind the engine and in the second struck the side of the engine itself Public attention has been directed to these accidents as illustrative of the results of negligent driving.

Early in July a party of one hundred French-Canadians associated with the University of Montreal departed from Windsor station on a three-weeks educational tour of the country under the auspices of the University. Mayor Duquette of Montreal, Manager A. V. J. Piette, rector of the University and Professor E. Montpetit one of his associates accompanied the party. They were seen off at the station by E. W. Beatty, K.C., chairman and president of the Canadian Pacific Railway and other officials.

A similar excursion to the above left Toronto, July 20th, for the benefit of English speaking schoolteachers. This tour, also lasting three weeks and covering all principal points of the Dominion was conducted by Dean Stockie Laird of MacDonald College under the auspices of the Teachers' Federation of Canada.

WOMEN'S INSTITUTE CONFERENCE AT VEGREVILLE

The Women's Institute Conference of the Vegreville Constituency was held in Vegreville on Thursday, September 24th with 60 delegates in attendance

Mrs. J. Goodall, Constituency convenor occupied the chair.

Mrs. Hyrck of Strome, the Provincial W. I. President and Mrs. Gates of Rosy Plain were present and helped naturally in making the conference a success

Reports from Tofield, Ryley and Vegreville showed all Institutes working well and making good progress

Delegates from Holden were unavoidably absent.

Among other things reported—Ryley is raising funds for a community Hall. Tofield is maintaining a W I library and rest room. Vegreville is managing a public library and help ing a relief work and immigration

Mrs Gates gave an interesting talk on the Alberta Pantry in Toronto the year. Mrs. Hyrck explained last years exhibit. "Something to Eat," "Alberta Game." She also gave an address on "The Value of the Women's Institutes," and stressed the point of all women being W I. women for the sake of the work and for the sake of the women and asked all to stand by the W.I because it is the finest of associations and stands for home and country As an expression of appreciation of the work and the untiring efforts of Mrs. J. Goodall the retiring convenor, a beautiful cheque was given her by the meeting.

The following officers were elected Constituency Convenor, Mrs. Odell, Vegreville; Constituency Secretary-Treasurer, Mrs. Carleton, Vegreville Convenors of Standing Committees.

Child Welfare and Public Health, Mrs. F. Goodall, Ryley; Legislation, Mrs. Hulbert, Vegreville; Agriculture, Mrs. Rogers, Ryley; Immigration, Mrs. Taylor, Tofield, Education. — Holden; Canadianization, Mrs. Blackburn, Vegreville; Household Economics, Mrs. Ward, Tofield.

ELECTION QUIET HERE

Election excitement so far as Tofield is concerned is after all. Just now the immediate concern of the people is to get the threshing done before the advent of bad weather. So far the district has been very fortunate. Snow has been reported from the south but so far the weather, while sometimes dull and cloudy, has not been real bad

On Friday of last week, the Progressives met in convention at Vegreville and nominated A. M. Boutillier, a farmer of the Buck Lake district, as their standard bearer in the coming elect. n campaign. He will be opposed by Chas. Gordon, Liberal candidate, for the federal constituency of Vegreville, in which the Tofield district is situated.

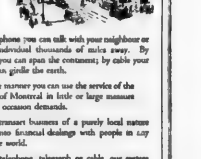
A World-wide System Of Financial Service



By telephone you can talk with your neighbour or with an individual thousands of miles away. By telegraph you can span the continents; by cable your message can girdle the earth.

In like manner you can use the service of the Bank of Montreal in little or large measure as the occasion demands.

You can transact business of a purely local nature or enter into financial dealings with people in any part of the world.

Like the telephone, telegraph or cable, our system of financial service is as extensive as are the needs of our customers.

BANK OF MONTREAL

WHEAT POOL STARTS CAMPAIGN TO SECURE 10,000 NEW MEMBERS

Alberta Grain Growers are advised that the Alberta Wheat Pool has inaugurated a new campaign for increased membership and that this campaign is being conducted on a different basis than others in the past, either in Alberta or the two other prairie provinces.

The Wheat Pool idea had its genesis in this province. Here the original plan was worked out. The legal details in connection with incorpo- [illegible] ...ganization and like ...were first considered in Alberta and then carefully perfected, were the basis for the organization sub-equently for eight intervening years in Saskatchewan and Manitoba.

Much of the success of the pool method on marketing in western Canada, is attributable to the industry that was exercised in Alberta after beginning when those in charge of organization had this work in hand. Alberta paved the way. The wheat pool here has met considerable grass. It has won the confidence of the people of this province. Those who entered it at the beginning are satisfied and themselves who they have said to see how things would turn out have since been so impressed that they have joined the pool for the balance of the term of the contract, which until the crop of 1927 is marketed.

Canvassers to be Paid.

The success of the last two years has encouraged the directors of the wheat pool to authorize a new canvass for members at this time. This campaign is now begun and it will be carried on till the end of the year. In the past, all canvassing had been done voluntarily with no payment for services rendered, but President H. W. Wood and the Board of Directors feel now that it would be unfair to ask anyone of other campaigns, to now workers to undertake further work along this line without some payment to offset the time lost and expense entailed in the task of securing contracts.

The membership campaign is therefore open to anyone who wishes to act in the matter but no semi-salary will be paid to any member of the Board of Directors or to any employee of the association. Delegates and local secretaries are eligible to participate in the canvass and to receive commissions.

$1.50 Per Contract

The commission is $1.50 per contract. If the membership fee is paid when the contract is signed the fee is $4.00—the [illegible]

Ten Thousand Alberta Farmers

with

One Million Acres of Wheat

Are Now Ready To Join The Alberta Wheat Pool

A Commission of $1.50 per Contract will be paid on all Bona Fide Contracts Sent To Head Office.

BETWEEN SEPT. 28th AND DEC. 31st, 1925

The Campaign is open to the Public and a Commission will be paid to all non-active members of the Board of Directors and [illegible] Delegates and Local Secretaries are eligible to Canvass and R[illegible] Commissions.

CONDITIONS OF CAMPAIGN

(1) Where the grower signs the name of the grower, his Post Office address, and Location, etc. If he Grower's name is not clearly written, print it.

(2) A canvassers report, properly filled in must accompany each parcel of contracts. This will show [illegible] should be paid.

(3) Where the membership fee of $2.00 is paid in cash by the signer, the canvasser may remit $1.50 to Head Office and retain the balance as his commission.

(4) Where the grower signs the note for $2.00, the canvasser should see that the signature is properly witnessed. A commission of $1.50 per contract will be mailed to the canvasser's address as shown on the canvasser's report accompanying the contract.

(5) Contract forms, Canvasser's Report forms, and self addressed envelopes, are being sent to all Wheat Pool Delegates, Wheat Pool Local Secretaries, U.F.A. Secretaries, and Secretaries of Municipal Districts or you can write to Head Office for supplies.

YOUR POLITICAL VIEWS

The guns of all politicians are being oiled up for the federal election which is to take place on October 30. In view of the momentous questions to be decided it will be necessary and advisable for the Hay Lake Times to assist our readers in getting acquainted with the problems of the day.

Although our figures fail to speak out what is in our minds, we have adopted a policy of complete abstinence from expressing any political views.

However, we invite all and sundry to write their political views in the form of a letter to the editor of this paper and we will see that it is put before the public.

Having only a limited space for this purpose, we would ask that all contributions be not more than 500 words and duly signed by the writer.

From Cellar To Attic

AND OUTSIDE TOO

No matter what your building requirements are, we stand ready to serve you. From the finishing of a spare room to a new house—from a small lean-to to a large barn, we can and would like to handle your business. Our former assertions regarding cash, quality and prices, still holds good.

W. W. NORTH & CO., LTD

W. B. FORD, Mgr.

PARLIAMENT INCREASED BY 10

The next session of the Federal parliament will see an increase of ten seats on the floor of the house. This is brought about by increases in population in provinces over the increase in that of Quebec, which has always given 65 members.

The other provinces are allotted members according to the population in ratio to that of Quebec.

The act of redistribution by taking away 2 members from Nova Scotia, 14 members now instead of 16 and raising the representation of Manitoba from 15 to 17, of Saskatchewan from 16 to 21, of Alberta from 12 to 16 and of B.C. from 13 to 14 leaves Ontario, Quebec, Prince Edward Island and New Brunswick unaffected.

In the instance of four seats from Alberta the riding of Bonebrave and Victoria are done away with and new seats of Acadia, Athabasca, Camrose, Peace River, Wetaskiwin and Wetaskiwin are created.

HIGHWAY WORK PROCEEDING APACE

The work on the Edmonton—Hay Lake—Camrose Highway is proceeding apace. Only five miles remains to be graded north of St. Joseph's Lake and this is expected to be completed this fall and as soon as it is completed Hay Lakeans will be able to motor to Edmonton without any fear of getting "stuck."

PREMIER TO SPEAK AT EDMONTON

Although the date has not been set, it is expected that the Hon. Mackenzie-King, Premier of Canada, will address an Edmonton audience on October 30th.

Hon. Arthur Meighen, Conservative leader, will speak in Edmonton on October 3rd.

WHEAT POOL

According to a recent announcement Wheat Producers Ltd., or in other words, The Wheat Pool, are putting on an extensive campaign for new members. The addition of new members makes the pool stronger in every way and also decreases the per capita overhead charges and therefore returns the farmer a greater amount for his wheat as the handling charges go out down.

The advantages of belonging to the pool are numerous but the small farmer who cannot afford to hold his grain for high prices is the one who receives the greatest benefit, because he may haul his grain directly from the threshing machine and receive enough of the advance payment to straighten up his accounts, pay his notes, etc.

After the pool weathered the storm of last winter, when the manipulators endeavored to put the pool in a serious plight by causing wheat above its intrinsic value and then forcing it down below its economic worth, there is no future danger of it being routed by a repeated stampeding of the markets. There is no doubt but that someone got their fingers burned badly but that someone was the person nor person who bluffed the fire and not the Alberta Wheat Pool, the intended victim of the conflagration.

Oats $1.00 Per Bus.

Two farmers meet on country road, one returning home with a load of low grade oats, the other going to town with cans of cream.

First Farmer—How do?
Second Farmer—How do?
First Farmer—What are you doing with the oats?
Second Farmer—Taking them home to wait for better prices. They would not give me enough in town for them.
First Farmer—I get $1.00 a bushel for my oats.
Second Farmer—Where?
First Farmer—At the Tofield Creamery. I feed them to cows and sell the cream. It is good business.

Danish Butter Reaches England While Fresh

By Thomas Clement Boyd Canada Needs Experts Too Long

A million butter- and dairy products are no longer to compete on an equal basis in England with the Danish supplies as long as Canadian exporters send back their stocks aged by transit and time in the cold storage warehouses of the St. Andrew Chemical and Soda dairy. Previous efforts of Canadian dairymen to overcome the humiliating situation in the fine Scandinavian butter market of Newland

Danish exporters have the advantage of their Canadian rivals in that they send fresh butter into England while Canadian exporters send back their stocks aged by transit and time in the cold storage warehouses of the St. Andrew Chemical and Soda dairy. Previous efforts of Canadian dairymen to overcome the humiliating situation in the fine Scandinavian butter market of Newland

The advantages of belonging to the pool are numerous but the small farmer who cannot afford to hold his grain for high prices is the one who receives the greatest benefit, because he may haul his grain directly from the threshing machine and receive enough of the advance payment to straighten up his accounts, pay his notes, etc.

After the pool weathered the storm of last winter, when the manipulators endeavored to put the pool in a serious plight by causing wheat above its intrinsic value and then forcing it down below its economic worth, there is no future danger of it being routed by a repeated stampeding of the markets. There is no doubt but that someone got their fingers burned badly but that someone was the person nor person who bluffed the fire and not the Alberta Wheat Pool, the intended victim of the conflagration.

WORLD HAPPENINGS BRIEFLY TOLD

The United States had a few less than 1924 millionaires; it was reported by the Fin- Mart Co. Association at San Antonio, Tex.

The total receipts of the Parliament of the late Viscount Leverhulme at Hampstead England, have been sold to the Anderson Gallery of New York city, for disposal there early in 1926.

More than one million of New York's population, or almost one-half the rest of the whole island for its fall terms. The, are now inundated in 700 build ings with 2000 teachers.

Fire raided the Chinese part of a Edmonton, Alta., by robbers July 13 from a safe was stolen in New York were raided in the prairie province road house on Long Island.

There was a heavy bomb laid for trial in connection with the destruction of the Post Building at Toledo on September 5. It may develop that the Her was a mistaken origin.

The Toronto Rotary Bridge underconstruction at and do N.J., has a Dundee. The death of a laborer by a fall from one structure severely brought the first fatality on the big span in 12 months of May of this year.

Baker in connection at Buffalo, N.Y. was told that in 1922 bulk ris in the United States was $417 mon ions and of this amount 127.10 per cent of the total or 53 per cent in the form of cheese.

A London chemist says that a cure for baldness is found in a mixture of powdered bones and sandstone and ammonia. Still another chemist says that the cure is found in the tar of the coal gas.

Just as long was being adopted as what the rock of a commercial community at Sault Ste. Marie, Ontario, Its Kick is known as it struggle to boost capital punishment.

A typhoon, so rumbled to affect aboard the United States destroyers Ford and Pillsbury, as the vessels lie their respective, swept three sailors overboard off Foochow, China. Two were drowned.

The oldest inhabitant of Inside Edgley" Mrs. Mary Jarrett, has died in Surrey this year. She outlived all her children and her descendants number more than 100. When the Rev. Archibald Liddell in June the old lady no longer

Pure Food to the Yukon will be supplied during the close of navigation on the Yukon River, which is now considered unfavorable to further ice in the river, according to a bulletin issued by the Yukon Territorial Department of Agriculture.

Two local Rotarians indulged a recent fishing excursion Fraser River salmon near Pitt Meadows. It is said that the fish were practically big and are up the old Cariboo Trail Rotarians are to be raised shortly for restocking of Indian streams.

Discovers Cure For Dread Disease

Ontario Veterinary Surgeon Believes He Has Found Cure For Cancer

Dr. F. W. Hallowell, veterinary surgeon of London, Ont., believes, after five years of experiments, he has discovered a cure for cancer. So positive is he of his findings that he says he is willing to submit to a test of them on himself.

The cure is said to be a combination of two serums, one from human blood and the other from the blood of a horse. The serums are prepared by a process of the doctor's own invention.

American Farmers Purchase Land

Approve Thirty Three Farms and Will Move to Saskatchewan

Big Exhibition Helps Trade

Canadian Companies Receive Large Orders Through Publicity At Wembley

The second year of the British Empire Exhibition has proven of greater benefit to Canadian trade than 1924 it has been directly responsible, for instance for the all-postal of $15,000 worth of the 1925 pack of salmon and materially helping in disposing the 1924 and 1925 packs, large orders were placed for Canadian furniture, one Canadian rubber company has opened a branch in London and another reports an order of 25,000 pairs of rubber boots, and a Canadian firm sold $100,000 worth of made-up furs. One of the purchases represented at Wembley has negotiated for the purchase of 2,000 Canadian cows. The most significant feature of the exhibition however is that 126 Canadian firms are personally represented in London their appointed permanent representatives and are prepared to do export business.

Surgeon Performs Delicate Operation

Two Stitches in Heart Saves Life Of A Little Boy

Two stitches in his heart which had been punctured by a pair of scissors in a fall saved the life of Melvin Jones Boy.

In Hoskin II Sellar addition to children. Hospital an exploration for gunshot wounds operation pushed back three ribs to make an opening and found the heart wound. A slight puncture in one ventricle was sutured and the wound closed. The boy's chest was back to normal.

The Wheat Pool

Anything That Benefits the Farmer Helps the Country at Large

Farmers' Co-operative Elevator Co. believe that the mass marketing of farm crops is productive of the best business. It is far from that. Farm products are handled in bulk and much of it shipped in completed. Every farmer seemed to be running his own show in a rather individualistic manner. The result was that the index to was down all the level. The pub lic has got in a belated lesson that when farming loses out all other business is flat. What is needed in Canada is a living wage for the agricultural class. The wheat pool tends in that direction. When the farmer, begin to get too much money in time enough to think about a combine. If the farmers get plenty upon their feet we shall all feel better. Good luck to the wheat pool. Gail Reporter

Heavy Cost Of Elections

General Elections to Cost Country Some $2,000,000

The Dominion general election which is in progress now will cost the country two million dollars. Approximation of the necessary outlay is a statutory provision of the Dominion Election Act.

The carrying out of the act is to for the direction of the chief electoral officer, Hon. Mr. Justice Hodgins. administration of the financial outlay is under the active general. There are about 242 returning officers. Their pay is dependent upon the return of the enumerators, the number of polls etc. Other large items of cost are printing stationery and expenses connected with the registration of voters.

Government Buildings Burned

General Injured in Million Dollar Fire At Tabiz

Fire has destroyed the 19st Build ings, two stories wooden structures, which housed the legislative branches of the Province's Government.

Several public were BURNED The is estimated at $1,000,000. Many valuable documents were also destroyed. The building will be rebuilt at once. It was burned. A big modern building is under construction to replace the one which burned, but as it will not be ready for occupancy for it is said a temporary structure will be erected on a site.

The fire has destroyed once before in 1876. It was rebuilt 34 years ago and

An All-Metal Seaplane

A new seaplane of unusual design has been built at Glasgow for the air ministry. The craft is made entirely of metal even to the floats so that in case of fire it could not quickly reach very high temperature. It has only four of change. It has only one pair of wings and is intended for carrying out long distance reconnaissance

Received Message From King and Queen

Aunt of Earl Jellicoe Recently Celebrated Her 104th Birthday

Earl's aunt Miss Catherine Jane Jellicoe celebrated her one hundred and fourth birthday at her home in Southampton England. She received congratulatory messages from all parts of the British empire a telegram from the King and queen of England being among the first to arrive. The British naval hero's aunt, who resembles him closely in her features, was born in Hornsea, Yorkshire. Her father, a banker, was a naval and agent for coaling stations, being a friend of Admiral Lord Collingwood. Little girls from a neighborhood orphanage, of which Miss Jellicoe is a governor, presented bouquets to Queen and with th m Miss Jellicoe danced her own girlhood with great vigor.

Fewer Labor Troubles

Time Lost in Industrial Disputes Less In August

The time lost caused by industrial disputes was less in August than in any month since January, 1924, according to reports received at the department of labor. Figures show that report under those heads in period for 1925 dollars.

Flying and Sailing Ship

Remarkable Plane Has Been Completed For British Government

An aeroplane which is built a flying and sailing ship has just been completed for the British Government and will soon be handed over to the Royal Air Force for trial.

Special floats and sails of light but metal were used in all, will make the aeroplane safe upon a by case, could form a trim sailing ship beneath. The last experience Supermarine had was with a speed racer designed on the sea.

The plane is expected to produce no danger to so long flight since it has features as sailer and if it possesses engines it should accomplish an hour to fly to the United States.

Experts say that if flying boats a ship capable it would be found to be far more economical than the present type. The chief reason is that the weight of the boats would be much less without gear to disengage it and the fuel carried would be much less. Engineers can land on the water in the aeroplane and if necessary can be towed to port by it.

Agricultural Exports Increase

Exports of Products of the Farm Nearly Doubled in August

The increase in exports of agricultural products during the month of August as compared with the same month last year is almost $5 million dollars in round numbers, and products as a whole for the first two months of the fiscal year are nearly double the value of the exports for the corresponding period last year.

The increase in imports was not quite so great but it amounted to almost $3 million dollars in round numbers and products as a whole for the first two months of the fiscal year are nearly double the value of the imports for the corresponding period last year.

The value of imported goods in August 1925 was $91,874,454 in round numbers, as against $88,000,000 in August 1924. The value of exported goods was $111,000,000 compared with $73,143,431 in August 1924.

The increase in imports was due largely to increased purchases from the United States, which were nearly double those of August 1924. Imports from Great Britain were also larger than in August 1924, but not to the same extent as those from the United States.

The value of exports to the United States was $61,000,000 in August 1925 as compared with $31,000,000 in August 1924. Exports to Great Britain were also larger than in August 1924, but not to the same extent as those to the United States.

Wasting Helium

Canada is the Sole Source of Helium in the British Empire

Canada is the only source of helium in the British Empire and the United States. Helium is the best gas for filling dirigibles for two reasons. It is lighter than hydrogen, which is the only other gas that can be used for the purpose, and it is inflammable. Hydrogen is highly inflammable and has been responsible for the destruction of many dirigibles, including the ill-fated airship R-38 which was being tested by the United States army air service when it broke in two and fell into the Humber river, England, in August 1921, with the loss of forty-four lives.

Helium is found in the natural gas of Alberta, Saskatchewan and Texas. Almost all the helium produced in the world comes from the Canadian fields. The United States government has been conducting experiments with helium for the last ten years, and in addition to that, the United States Bureau of Mines has been operating a helium plant at Fort Worth, Texas, since 1917. The plant has been producing helium at the rate of about 80 million cubic feet a year, and has produced about 1,000,000 cubic feet of helium to date. The helium is extracted from natural gas which contains from 1 to 2 per cent helium. The gas is first compressed to 2,000 pounds to the square inch and then cooled to 300 degrees below zero Fahrenheit. The helium is then drawn off in a liquid form.

Salmon Pack In 1924 the Largest In History

BABY USED TO CRY ALL NIGHT

Pimples on Face and Limbs. Concern Mank.

"Pimples broke out on the side of my baby girl's face and soon on her limbs. They ached something awful and she used to scratch them causing the trouble to spread, and also worsened it. Her clothing aggravated the breaking out as she could not be kept off my shoul all night.

"I read an advertisement for Cuticura Soap and Ointment and sent for a sample. I purchased more and by using one cake of Soap and one box of Ointment she was healed." (Signed) Mrs. Bessie Mayhew, 6630 110th St., West Park, Edm., Alta., Aug. 23, 1924

Use Cuticura for all toilet purposes. Cuticura Soap, Price 25c. Ointment 25 and 50c. Talcum 25c. Sold throughout the world. Canadian Depot: "Cuticura Laboratories, Montreal."

BAREE, SON OF KAZAN

James Oliver Curwood

A LOVE EPIC OF THE FAR NORTH

"BAREE, SON OF KAZAN," a Novel by James Oliver Curwood. Illustrated. Cloth, $2.00. Postpaid. Doubleday, Page & Co.

SYNOPSIS

Neptune the Indian returned to [illegible] with his wife Wabigoon and their son Baree. Wabigoon was killed by a bear and Neptune died of fever. Baree, left alone, was found by Nadine Mascot, a half-breed girl, who took him to her home. Nadine's father, Pierre Mascot, was a trapper and Baree grew up with the family. Pierre's brother, Jean Mascot, was a bad man and he and Baree were enemies from the first. Jean tried to get Nadine for his wife, but she refused him. Baree and Nadine fell in love with each other. Jean tried to get Baree into trouble with the police, but failed. Pierre died and Jean tried to get Nadine, but she escaped him. Baree and Nadine were married by the factor at Fort Resolution. Jean tried to kill Baree, but was killed himself by a bear. Baree and Nadine went to live with Nadine's mother.

CHAPTER X

[illegible]

CHAPTER XI

[illegible]

"After all, was not he a power-ful one."

HER NERVES BETTER NOW

Received Much Benefit by Taking Lydia E. Pinkham's Vegetable Compound

Chatham, Ontario. "I started to get weak after my second child was born, and I felt run down. I was nervous and had no appetite. I would get up in the morning and feel as tired as when I went to bed. I had a girl working for me a while [illegible] before I was able to [illegible] again. I got a bottle of Lydia E. Pinkham's Vegetable Compound and felt better after taking it. I kept on taking it for about a month and felt like a new woman. I don't feel well every day because I can't get a rest as the baby is sick. But when I get my rest I feel fine. I am still using the Vegetable Compound and am going to keep on with it until spring. My nerves are a lot better since taking it. I can stay alone day or night and not be the least frightened. You can use this letter as a testimonial and I will answer letters from women asking about the Vegetable Compound." — Mrs. CHARLES CARSON, 27 Percy St., Chatham, Ontario.

Mrs. Carson is willing to write to any [illegible] suffering from female troubles.

W. N. U. 1586

Canadian Archer Wins In England

Belleville, Ont., Man Makes Good Showing on Sport Almost Unknown Here

Archery is a sport almost unknown in Canada, although it is practised more or less in the United States, but in England it still holds an honored place on the calendar of sport and pastimes. Major Fairley, of Belleville, ont., recently won the gold medal in competition with the best archers in England and Scotland at London in Bath he won the championship of the West of England, receiving a gold medal and a number of challenge cups. In another competition at Bath Major Fairley won the open prize donated by the mayor of the city. The Grand National was shot over at Oakland where the Canadian archer was also victorious, winning a huge challenge cup and a gold medal. Four trials in character were shot back almost one hundred years. Major Fairley's wife also took

Talk Why He Can Now Eat Nearly

"A beer while? I find in the paper about Carter's Little Liver Pills fixed my case right away. I used to eat only a few bites and was sick and very happy I did." So writes Mr. Frank J. Trumbull of Jersey City, N. J., whose picture you see at top. Yes, I'll tell you about Carter's Little Liver Pills for [illegible] years had been my curse. I could not eat anything [illegible] without a dose of nasty gas on stomach, so that I can now eat without getting bilious, and also improved my appetite fully 100%. You can rest assured that from now on I will boost Carter's Little Liver Pills wherever I can."

Recommended and for sale by all drug stores.

NO BETTER MEDICINE FOR LITTLE ONES

Is What Thousands of Mothers Say of Baby-Own Tablets

A mother's fear for the baby, or growing child, is that the number one fear, and hesitated is absolutely right as such a fear is justified. Baby-Own Tablets are the best medicine for the little ones. Mrs. Claude Lemieux, Rimouski, Que., writes: "I have used Baby-Own Tablets for them for the last six months and I must say that I know of no better medicine for children. There is no doubt about the Tablets, a fine home and would not like to be without them in the house."

Baby's Own Tablets are sold by all medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont. Write for booklet, "Baby to Health and Sickness." Will be sent free to any mother who requests it.

Vancouver Forges Ahead

**Building totals for Vancouver during last month approximately $1,000,000 more than double the total for the corresponding month of 1924. A decrease of last month's building figures was the fact that the bulk of the total was made up of commercial concerns, such as dwellings, garages, repairs and alterations.

Bees Drive People From Church

Almost 600 Lbs. Of Honey Taken From Between Walls

The first attendant of the Sal Army was built 51 years ago by an American Methodist Church, who then was the United States consul in Prance

Bees took possession of the old Dutch Church, near Kinzel springs, Pa., again recently, and drove out the congregation, just as in former years. This exasperated the congregation so much they made a determined drive on the unbridled guests. Four boys were engaged to assist the attack. A part of the worship's boarding was removed and after "killing the bees and capturing a few more planks, the boys found that the entire space between the two walls on one side of the church was filled with honey. Not that they drove red that the entire space between the walls at one end of the church was almost filled. Almost five hundred pounds was taken out and divided equally between the boys and the church. Word has gone out that the bees must go

From a boy's essay. "The Sphinx is a woman with a sacred head. She hasn't talk- I for 2,000 years."

Many Auto Accidents In United States

Records Show That Two Are Killed Every Hour in Day

The death rate in the United States due to automobile accidents leads the world, being 14.6 fatalities for every 100,000 population against 5.2 in England and Wales, 4.2 in Scotland, 4.8 in New Zealand and 3.8 in Canada during 1923. Figures for 1924 show that for 158 less cities, the estimate was 20 killed every day, or 19.4 per 100,000 population, running out less than 17,000 deaths in automobile accidents not counting accidents which involve automobile or street cars and automobiles.

The toll of human life caused by motor vehicles in the United States was greater than the total number of men lost in the World War. Statistics have been compiled by the National Safety Council for considerations of the Pan-American Conference which opened at Cleveland on Sept. 28.

Neuralgia Conquered By Its Pain Destroyed

Magnet Results Come When You Use NERVILINE

It Acts Quickly

Mr. W. F. Tierney formerly post-master of Cobalt, Ont., but now of Lake Station, Ind., writes: "Nerviline is the best remedy for neuralgia in the world and for the world would be a blessing if it could only know it. I have used Nerviline for cramps and disorders of the stomach, for neuralgia and for pain in the back and for rubs on horses' legs. Nerviline is the best liniment I have ever used. I have also used it internally for colic and it has never failed me. I can say with a good conscience that Nerviline is the best medicine in the world."

Nerviline is sold by druggists everywhere in large family size bottles, or a trial size can be had for 25 cents. Manufactured by The Catarrhozone Co., Montreal and Kingston.

The Growth Of Radio

Ten Million Sets Predicted For U. S. By Year 1930

Predicting an expenditure of $500,000,000 for radio by the "fans" of the nation during 1925, experts have estimated that by 1930 there will be 10,000,000 receiving sets in operation in the country. Five years ago, approximately $2,000,000 was spent for apparatus, and last year the amount had increased almost 1,000 times that figure. In 1923, the 1,000,000 sets in use on the farms, and nine-tenths of the number had been purchased. At the beginning of the industry, all apparatus was constructed in the home sets, but with the rapid development of parts and accessories the number of "fans" manufacturing their own sets had fallen to 10 per cent. Instruction and equipped with receiving sets, provide a new field for the sale of radio items. Popular Mechanics

Cuticura Talcum is cooling refreshing after shaving

Men who have tried—and many who have only vaguely dreamed by shaving with Cuticura Talcum Toilet Powder, will welcome the new Daily-lathering Cuticura Shaving Stick, which lathers more daily without irritation of the skin. Cuticura Talcum, an exceptional powder in soothing and clearing value and keeping to the most tender skin.

Invents New Motor Fuel

Bromine Used to Discovery Is Found to Sea Water

The new motor fuel recently invented in America, and known as ethyl gasoline, has received a great success, and is now being manufactured in large quantities.

A curious problem has been presented about through its discovery, as large quantities of bromine are required in the preparation, so much so that a world shortage is the result. Bromine comes chiefly from the ocean, and experts in it are not sure whether it is in sea water.

PAUL IN CORINTH

Lesson Acts 18:1-12

Devotional Reading 1 Corinthians 2:1-7

The Text Explained and Illustrated

Paul stopped at Athens. It certainly has been a long time since we left him in 17:15. Prospect brought Paul to Athens. Now he is leaving it. Paul's purpose regarding the preaching of the gospel in Athens is not known. He always preached the gospel wherever he went. He left Athens and came to Corinth, a city in the throne to 15 A.D. Here he remained for a year and a half.

From School Teacher To Great Eminence

A young man who was born 117 years ago in Western Pennsylvania studied diligently and qualified for district school teacher. Further pursuing his studies and being, he managed to save up enough money to put him into a medical college. After the Civil War he practiced medicine in the new oil towns of Pa., and in 1865 he moved to Titusville, Pa., as it was a good place to make money quickly. He was a student of nature, and loved to roam the woods and fields of the medicinal plants growing in the woods.

Later, he moved to Buffalo, N. Y., where he found his favorite remedies, and, in a short time, they were sold by every druggist in the land. Today, the name of this man, Dr. R. V. Pierce, is known throughout the world. His Golden Medical Discovery is the best known blood medicine and tonic. More than fifty million bottles of it have been sold. Dr. Pierce's other remedies, the "Pleasant" Pellets, for biliousness, can obtain a trial pkg. of the tablets by sending 10c to Dr. Pierce's Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

RHEUMATIC PEOPLE CAN NOW FIND RELIEF

By Driving the Poisonous Acid From the Blood

Rheumatism attacks people when the blood is full of poisonous acid. Starting with impurities when setting up in the stomach, the acid is absorbed into the blood, and weather or change lends may cause pains. Then you suffer. Rheumatic acid in the blood and to get relief it must be driven from the system. Nothing is a better relief and cure than Dr. Williams' Pink Pills, as they make new blood and that reason do not rub to give relief, but drive the poisons out of the system. Among the sufferers who have found relief in this way is Mrs. Elizabeth Lamb, Cobalt, Ont., who gives the credit to Dr. Williams' Pink Pills. She says:

"I was troubled with rheumatism for about two years. I had pains in my back and limbs, and was all run down. I was given a course of this medicine by Mrs. Thomas J. Lawlor, Cobalt, Ont., who uses it herself and recommends it to others. I took the pills for about two months and they made me well and strong. I am glad to recommend them to others who are troubled with rheumatism."

You can get these pills through any druggist or by mail at 50 cents a box or six boxes for $2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

DEBT FUNDING COMMISSION HAS LEFT FOR FRANCE

Washington.—The first formula of a tripartite agreement, which must be ratified by the French Government was thrust into the hands by premier Poincaré and Finance Minister Clementel, when the commission of the Finance Council of Nations met tentatively.

The two men after Premier Mussolini called and his associates held down the first French proposal for funding the government's one billion dollar war debt they departed for Paris, taking with them a document. Hitherto only in fill the gap suddenly an hourly continuity of negotiations.

The arrangement proposed by the U.S. whose debt redemption as a final move would have Finance pay an annuity of forty million dollars a year for five years and would enable the French government to maintain considerable of a percentage of that it will meet to pay out the proposed coupons any time at its expiration. Further it was understood that the new agreement shall be in no way affected on the debt settlement and that it shall not an interest charge or approximately one per cent a year.

Mr. Mellon's plan would enable the French to make home the hope that he be invited to Washington to discuss the matter with the commission.

OPPOSE MOVE TO RESCIND GRAIN RATES TO WEST

Ottawa, Ont.—Mayor K.C., counsel for British Columbia, maintained before the board of railway commissioners to-day that the proposal to rescind the grain rates, that under that order the railway companies would guide the Crowsnest Pass rates on the rate for a 450 mile haul to Vancouver was $1.20 per hundred, while the rate for a 1,200 mile haul to Port William, it was $2.00 per hundred, going into the point in this district declared that the rate to Vancouver should be the same as that of 21 cents.

The railway companies, Mr. Mayor declared, should be pleased with the Vancouver rate of 21 cents per hundred, for that was the rate on the long unspendable haul from Saskatoon to Port William. The railway could be done profitably for 21 cents per hundred, he declared. It would also be a benefit to the country, he said, in that it would bring more traffic to the Canadian Pacific railway.

Mr. Mayor's remarks remained declared that the grain trade of the country was being sent out of Montreal to the detriment of the Canadian Pacific railway. When further subject to remarks, he was to be asked that the application be dismissed at once. The board could not see its way clear to dismissing it, at least a decision whatever it was, should not be given until

MANY CHARGES ARE LAID AGAINST FRUIT CONCERNS

Vancouver.—Eight hundred and sixty-three charges involved in an indictment of 16 counts against 42 fruit firms and 11 individuals in British Columbia, Alberta, Saskatchewan and Manitoba, were heard in the grand jury at the assize court here this afternoon by Mr. Justice D. A. McDonald, presiding judge.

The 11, fraud, falsification of books and purposes of deceit, marked just prior and after manipulation, re-trivial of trade, indictments with fraud intent, or conspiracy. In fact, and gen-eral conspiracy in the fruit industry in Canada. All counts are under

Probes Alleged Communist Plot

Hungary Investigates Report That London Office Was Used For Propaganda

Budapest.—The government has ordered the investigation of the alleged communist plot to assassinate Premier Bethlen and establish a dictatorship in Hungary, and for that purpose has appointed a special prosecutor.

More than two persons are involved in the city for alleged connection with the plot.

The police now are searching for Communists suspected of having brought a large sum of money to Budapest from London. It is believed that the money was to be used in the organization of Communist cells throughout Hungary.

Bethlen If the present date of commencement for the trial of the Communist leaders should be passed until the end of October, the trial will be held in Budapest instead of Szegedin, as had been originally decided.

Under the new agreement, Australia gives Canada British preferential rates on certain articles, and intermediate tariff rates on other commodities.

Canada grants to Australia special rates on a number of articles for the first time, and increases the preference Canada free, under the treaty while under the general tariff they are subject to a duty of three cents a pound.

Send Greetings To Press Conference

Canadian Publishers Broadcast Message to Melbourne, Australia

Pittsburg.—Canadian greetings to the Imperial Press Conference, now in session in Melbourne, Australia, were broadcast by Station KDKA here to-day. The message was sent by telephone to the local station from Montreal and was broadcast by the Canadian Government Radio Service.

The message, which was delivered by Sir Henry Drayton, Canadian minister of finance, was as follows:

"The Canadian representatives at the Imperial Press Conference in Melbourne, Australia, have been instructed to send greetings to the Canadian Government Radio Service, Montreal, and to request that it be broadcast from Station KDKA, so that the delegates may hear the greetings of their fellow-workers in Canada."

Plot Against King George Is Denied

Scotland Yard Says Report Is Absolutely Without Foundation

London.—Considering the building, at Buckingham Palace, and the Queen Mary have ordered to Buckingham

It would report that attempt to assassinate the British royal family is considered hard to believe. Leader of Sunday has embarked a peculiar to the Dominion and the whole family of the King, according to the paper said

Buckingham Palace will rest on the Mausoleum, on Sunday.

Rapid Growth Of Wheat

Time Is 113 Days From Seeding To Loadboat Delivery

Saskatoon.—Just 113 days after he had put the seed in the ground, Peter Brown on the farm of Herb Brown, about 15 miles southeast of Saskatoon, threshed 1,000 bushels of fine No. 1 Northern wheat.

Seeding operations May 17 of this year, and load-boat delivery August 7, the grain had been graded at the loadboat 5 cents per bushel.

Brown is now busy threshing, which is 20 bushels to the acre. Mr. Brown has 1,000 bushels to the acre. Mr. Brown says that this is a new record for Canada.

New Postage Stamp Issue

Canadian Stamps of Eight Cents Denomination to Be Available

Ottawa.—A new postage stamp of the 8 cent denomination will be issued by the Canadian Government, it was announced by the postal authorities here to-day. The new stamp will be available for the use of the public before the end of November.

The new stamp will be of the same size as the present 8 cent stamp, but will be printed in the purple shade of the 2 cent stamp.

URGE EXTENSIVE DISSEMINATION OF EMPIRE NEWS

New Canadian Prima Donna

This is Miss Loretta McKeen soprano, chosen out of a hundred Canadian singers to represent the province at the great Empire Exhibition. With Her by Captain Chaw, of the Canadian Pacific liner Melita. Miss McKeen has been in Paris to study her art, under Madame Pauline Viardot Garcia.

Those competitors in which Miss McKeen was successful, was held recently by Montreal. Voices from all over the Dominion were heard by Madame Donalda, who is chairman of

Miss McKeen possesses a soprano voice of great range and purity. In addition, she will entertain, speaks French and English fluently and is conversant with Italian and Spanish. Madame Donalda has expressed the opinion that there is a great career before the singer just brought into the limelight.

Miss McKeen is the daughter of Mr. William McKeen, of Dartmouth, Nova Scotia, where she received her education. She has been a member of music in Montreal, between Canada and Australia and New Zealand by cable and mail.

NOW THISTLE AGAIN

We have again been asked to occupy a note of warning regarding the increasing quantity of noxe thistle that is appearing, when, some weeks ago we published some information and statement regarding noxious weeds, there were several queries "why the sudden interest in weeds?" We sometimes were partly at a loss to explain the sudden interest in the question. We knew or thought we knew that in the ordinary course of events, nature works slowly and gradually and we wondered where all the new thistle suddenly came from. A very plausible explanation was given us the other day. Farmers need no reminding of the "hard winter" and the quantity of hay that was imported in to the country from here there and everywhere. This in the opinion of our former is the reason why new thistle has suddenly made its appearance here. The seeds were brought into the district with the hay and gradually during the past few years have increased, unrecognized by the most of us. This no doubt explains why main street and the land close to the depot is sprinkled with it.

It is of course unfortunate that new thistle has made its appearance here at all. But forewarned is forearmed, and knowing that the weed has planted a foothold here and realising the danger of allowing it to spread, it is the duty of all of us to stamp it out if possible. We have heard some very caustic comments by farmers regarding town authorities allowing new thistle to grow on main street. Without attempting to defend this, we would like to say that we are of the opinion that the dangerous nature of the weed was not fully understood. Also now thistle growing in public places would have been destroyed.

It is an insidious thing and unless one is alert, escapes notice. After writing on new thistle some weeks ago we were somewhat shocked to see a business man pull a sample of new thistle off the Mercury's own property! When you read this it will have been attended to.

LAMP GLARE

We have also been asked to draw attention to the increasing number of motorists who do not or cannot dim their lights. There are others who dim their lights too late. Night driving at the present time is positively dangerous, and it is only a week or so ago since a man was killed at Waterwright while pulling to one side of the road and going over the bank. When a car is approaching with undimmed lights it is impossible to see the road and every motorist should be considerate of a fellow motorist.

We seem to remember that at one time there was a law which forbade glaring lights. Whether the law is still in force and not enforced or whether it was repealed we do not know. At any rate full lights are the rule rather than the exception, to the great danger and annoyance of the motoring public.

It is really too bad this snow and dull weather is here. Threshing delayed means delayed enjoyment of money well earned. Now people are talking of "fine weather till Christmas," here's hoping they are right.

We would like to congratulate Mr. Gordon on his method of advertising his candidature. The manifesto which appears in this week's paper is published at regular rates and we urge our subscribers to read it. It makes no difference whether one is of the same political opinion of the advertiser they will find in the manifesto food or thought. It is a straightforward statement of policy placed before you in a straightforward manner.

A Vote for a Liberal Candidate is a Vote in Favor of Assured Progress Under a Staple Government

Dominion Electoral District of Vegreville

To The Electors:

On Thursday, October 30th, you will be called upon to exercise your sacred privileges as citizens and elect a member to represent the Electoral District of Vegreville in the Commons House of Canada.

This is a new district, with its boundaries arranged under the Redistribution Act passed at the last session of Parliament. It is therefore important that the first member elected here should be one who can give the district adequate attention and who is free from ties not bound by the duties of citizenship or any organization which has [illegible] political action the encouragement of cause and economy. The member for Vegreville should be a man who, while giving general assistance to a deserving national party, yet retains a independence of thought and action in matters in which the West in general, and this district in particular, is concerned. [illegible] Western Canada cannot expect to [illegible] a Cabinet minister, but it can and should [illegible] a representative who will be free to [illegible] and able to [illegible] the interests of the district and the West generally, and who will be free to [illegible] the Government through the regular channels when [illegible] advocated.

In the history of this province [illegible] to be represented by a member of the [illegible] party and to [illegible] to contest this constituency in the interests [illegible] Commons" be aided by the Right Honorable [illegible] Mackenzie King. I am therefore [illegible] present myself as an [illegible] Liberal candidate for the [illegible] Vegreville, and I do so [illegible] on the grounds that, under present conditions, it is impossible for [illegible] of only one other party in the House of Commons, face to face with the Senate [illegible] Government through the [illegible] and the [illegible] Government [illegible] administration, with [illegible] rates relating to [illegible] and [illegible] Grain Act [illegible] Canadian [illegible] and without [illegible] which one [illegible] Throughout [illegible] the [illegible] will be [illegible] as long [illegible] on both sides across the [illegible] to date has been, or is likely [illegible] great people [illegible] and [illegible] Conservative [illegible] is impossible. Conservative policies will be vetoed here. Our [illegible], however, it is fair to say, that the Right Hon. Mr. Meighen, conservative leader, placed [illegible] in the forefront. He also made [illegible] present members of the Canadian Northwest and has equally stated that, if given [illegible] would interfere seriously in the management [illegible] Mr. Meighen has [illegible] reliable [illegible] conservative [illegible] Conservative [illegible] tention, other than that [illegible] a former conservative, a [illegible] tative some attention [illegible] he did [illegible]

The Government of the Day

The record of the McKenzie-King [illegible] been remarkable. It has reduced [illegible] has reduced taxation. It has revised [illegible] tariff in many [illegible] industries and thus stimulated production. It has negotiated [illegible] new trade agreements with Australia, New Zealand, South Africa, West Indies, France, Belgium, Italy, Holland, Portugal and Spain. All these trade agreements [illegible] associated with a policy of reduction [illegible] duction, enabling our farmers and manufacturers to compete with greater advantage in the world [illegible] With this policy has gone an effort to reduce [illegible] portation costs by land and sea. In connection [illegible] our sea-born commerce shorters are asked to bear in mind that it was the Progressive party in the House of Commons which held up the Seamen's [illegible] an honest effort made by the government to reduce the cost of transporting grain and other foodstuffs from our seaports to these of Great Britain.

The National Railways

The Government has fulfilled its promise to give public ownership of railways a fair trial. On taking power in 1921, the government found the National Railways in a badly managed and chaotic condition. Two sets of directors were in office, endeavoring [illegible] to make one part of the National Railways compete against the other with consequent increasing expenses in every direction. Eventually the government secured the services of Sir Henry Thornton, acknowledged to be one of the ablest railway executives in the world. Under his charge the National Railways have been unified, consolidated and reorganized. He has infused into the whole body of officials a spirit of enthusiasm, pride in the system and an eager desire for public service. To-day the Canadian National Railways are the equal of any in the world. Operating deficits have been turned into surpluses and, while the immense debt charges against the National Railways still remain and will remain for years to come, it is only through business management, with no political interference, that these charges will be eventually reduced.

The Tariff Question

A question that the Government has made no attempt to carry out its pre-election promises have been in fact. The Liberals have had "tariff fixity" standing on a platform for forty years and [illegible] Government has steadily. Tariff changes [illegible] very long and earnest consideration [illegible] be made with due attention [illegible] industries which might be adversely affected [illegible] Meighen-King. I am therefore [illegible] But the Government has brought about many radical reductions particularly in the tariff charges on farm [illegible] the present number of such being [illegible] duty [illegible] than 6 to 10 per cent. Other [illegible] are under way, each with the object of [illegible] the lot of the [illegible]

Immigration

[illegible] country needs a larger population [illegible] agricultural and other [illegible] Where the Laurier government left [illegible] migration into Canada was [illegible] the Conservative [illegible] to follow up the good example of [illegible] and make the Great War [illegible] It has not yet arrived. [illegible] Europe which [illegible] Canada [illegible] [illegible] demands that only those who are [illegible] real pioneer life should be considered [illegible] Our proximity to [illegible] to the attention of the great [illegible] of a Minister of [illegible] give his whole time to the [illegible] reduce rates in the near future.

[illegible] Progressive party [illegible] [illegible] matters. One of the [illegible] members, E. J. Garland, [illegible] The Progressive leader, [illegible] to be his no policy save that of [illegible] Progressives wish vigorous action [illegible] to come to Canada. From [illegible] of ideas, the Progressives stand a good chance of helping to evolve any definite policy, it will be seen to be unwise to [illegible] by the formulation of immigration to this country, especially those who by the conditions in their [illegible] and by their individual training show [illegible] possible settlers

The duty of the Government to bring Canadian [illegible] before the world may be exemplified [illegible] Wembley Exhibition, where the Canadian exhibits were regarded as the most attractive [illegible] on the grounds. Eventually the [illegible] of results on this exhibit will be justified as honest effort made by the government to reduce the cost of transporting grain and other foodstuffs from our seaports to these of Great Britain.

The National Railways

The Government has fulfilled its promise to give public ownership of railways a fair trial. On taking power in 1921, the government found the National Railways in a badly managed and chaotic condition. Two sets of directors were in office, endeavoring [illegible] to make one part of the National Railways compete against the other with consequent increasing expenses in every direction. Eventually the government secured the services of Sir Henry Thornton, acknowledged to be one of the ablest railway executives in the world. Under his charge the National Railways have been unified, consolidated and reorganized. He has infused into the whole body of officials a spirit of enthusiasm, pride in the system and an eager desire for public service. To-day the Canadian National Railways are the equal of any in the world. Operating deficits have been turned into surpluses and, while the immense debt charges against the National Railways still remain and will remain for years to come, it is only through business management, with no political interference, that these charges will be eventually reduced.

A VOTE AGAINST A LIBERAL CANDIDATE IS A VOTE FOR THE RETURN OF MEIGHEN

The only policy opposing that of the government is the policy advocated by the Hon. Mr. Meighen. A vote against the Liberal candidate is a vote, directly or indirectly, for the return of Meighen. The Progressives have no coherent and intelligible policy and for that reason, the Ontario Progressives have ceased taking political action. Two of the strongest men of the Progressives, Hon. T. A. Crerar of Marquette, Manitoba and Mr. Henry of Springfield, Manitoba, have withdrawn from politics. These incidents show that the Progressives are realizing that they have no future in politics and will never become a factor in the political life of this country.

Strengthen the Hands of the Government by Supporting the Liberal Candidate on October 30th.

I respectfully solicit your vote and influence and if favored with your confidence will use every endeavor to justify it.

Your obedient servant,
CHARLES GORDON.

PREMIER KING SAYS NO DATE SET FOR ELECTION

Ottawa—Premier Mackenzie King states that there would be no decision in regard to an election for some time to come. The premier made this statement at the conclusion of a cabinet meeting which was attended by but five members of the government Those present, in addition to the premier, were Rt Hon. L. P. Brodeur, minister of railways and canals; Hon. Ernest Lapointe, minister of justice; Hon. James Murdock, minister of labor, and Hon. S. B. Copp, secretary of state.

Mr King said that the meeting had been called for the purpose of disposing of a number of routine matters which had accumulated during the ten days' respite of the cabinet.

"When will the next meeting of the cabinet be held?" he was asked.

"Not for a couple of weeks," he replied.

When asked whether there had been any decision in regard to the call-up of a general election, the premier laughed.

"You may be quite sure of one thing. There won't be any decision in regard to an election for a good time to come," he replied.

Vancouver Welcomes Earl Haig

Great British Leader Pleads For Unity and Fellowship

Vancouver—Unity of effort for the re-establishment of returned soldiers in all parts of the British Empire, was advocated by delegates representing Australia, New Zealand, Rhodesia, South and south Ireland, and Great Britain at a dinner given here by of local reconstruction committees in the honor of Earl Haig's party, who attended the recent meeting in Ottawa of the Empire Service League and who came to the coast with the field marshal.

The speakers included Brig.-Gen. M. F. Mcdonald, Brig.-Gen. James Wylie, of South Africa; Senator James Connell, of Australia, and others.

The great British leader, in plain language and "with medal dodger," with a manner that left no doubt as to his absolute of purpose, exhorted all ex-service men to unite under the one banner in friendship, unity and purpose, a purpose that would make for the British Empire and thus bring in a world peace.

"Be fathers of liberty, justice and good fellowship and peace. hope it will not be before Canada [illegible] the men will be united," declared Earl Haig, in his closing address. "Let us see that we keep through the great building

First Child Welfare Congress

Canada Will Be Represented At Geneva Conference In August

Geneva—The first congress of mankind will be the International Congress on Child Welfare to be held in Geneva from August 24 to 30, plans for which are now almost completed This great undertaking, organized by the Save the Children Fund International Union, will see a remarkable gathering from representatives of more than 40 nations will convene for the purpose of consolidating and making practicable plans for the benefit of the children of the world, who will then be held as the people's Ered no not, to be given first preference in all cases where the welfare of the child is concerned.

The keynote of the discussion and debates will be that which is known as the "Declaration of Geneva," or "The Children's Charter," which Canada has already signed in company with most other nations, and adopted by the League of Nations in September 1924.

Canada has already become interested in the "Children's Charter" through its connection with the International Council of Women. Canada too has worked from coast to coast in the interests of the Save the Children Fund, and the Dominion will be represented at the congress by Frank Yeigh, Canadian representative of the fund

Ass Result of Ambassador

Teheran, Persia.—Reports in well-informed circles here are that the reason of presence of the great persons, China will ask Moscow to recall M. Karakhan, the Russian ambassador in Pekin. M. Patchkoff, chief of the eastern section of the Soviet foreign office, will arrive here shortly to replace his "bosom." M. Patchkoff's presence, diplomats here say, will have a very important a post in which Karakhan would fit admirably.

Harvesters From B.C.

Victoria, B.C.—Officials of the Dominion Colonization department of labor here are preparing now for the special trade harvesters to be sent to Alberta.

Railway officials will confer with representatives of the labor department of all western provinces in Winnipeg, it was announced. It is anticipated that the latter will be about the same as those in effect last year.

Dutch Farmers Coming

Montreal, Que.—Hundreds of sturdy, well-up-trained Dutch farmers will probably come to Canada next spring," said R. L. Dolpe, graduate of the Groningen Agricultural College of the Netherlands. He has just completed a tour of western Canada. He said Hollanders make fine farmers and pioneers.

Wheat Pool Builds Elevators

To Construct Thirty More Elevators At Saskatchewan Points

Regina—Following further instructions from the directors of the Saskatchewan Wheat Pool, the executive of the pool has decided to construct thirty more elevators at points in the province. The pool has been impossible to purchase suitable houses has been authorized by the executive of the Saskatchewan wheat pool.

Contracts have been awarded, it is understood, for the erection of elevators at the following points: Swift Current, Gravelbourg, Maple Creek, Assiniboia, Vidor, Coppersmith, Shamrock, La Fleche, Limerick, Hardy, Marshall, Bienfait, Lancaster, Valley and Gravelbourg.

If it is found impossible to purchase suitable elevators, it is understood that new country elevators will be built at the following points: Strasbourg, Lyra, Gull Lake, Pelly, North Bigger, Kipling, Weyburn, Wilcox, Bengough and Edgeley.

The original elevator building programme adopted some months ago contemplated the construction of thirty elevators. Under this programme, which if not abided in some way, the report said

Italy Has Right Idea

Rome.—Italy is making a good attendance at the sessions of the Rome [illegible] in marked contrast to the many empty seats at meetings of the Canadian senate. Italian senators are paid on f for the sessions they attend.

Start New Air Mail

London—Air mail service is now in operation between London, Denmark, Norway and Sweden

Canada's Motor Car Production

Lower Than In 1923 But Exceeds Other Years

Ottawa—Canada produced a total of 182,586 motor cars during the past year, a decrease of nine per cent. from the maximum attained in 1923, but exceeding the number the production of any other year.

The output in 1923, according to the Dominion bureau of statistics, lasted 90,345 passenger cars, 15,843 trucks, and 16,172 chassis, making in the aggregate at $49,150,618, at factory selling prices. Capital invested reached a high point in the industry at $68,764,886, as contrasted with slightly more than $60,000,000 in 1922

Alberta Legislature

Will Meet August 3 to Hold Short Session

Edmonton—The adjourned session of the Alberta Legislature will meet August 3, the best moment of the session at present, was announced by the government

This was decided definitely at a full meeting of the cabinet and steps are being taken accordingly for calling the house together

Premier Greenfield says the session will necessarily be a short one. With harvest time drawing near, there will be no desire on the part of the country members, at any rate, to prolong it, and quick work is expected

EXPRESS FEAR OF FUEL SHORTAGE NEXT WINTER

Ottawa—"The Canadian coal output will be well advised to get in a sufficient supply of whatever coal he proposes to use next winter without loss of time." This is the advice given by C. A. Magrath, who was final controller during the war, and, as a member of the federal advisory fuel committee, had much to do with the arrangement looking to the proper distribution of Canada's fuel resources in the big United States hard coal strike of 1923.

"Seldom has the fuel outlook seemed as threatening as at the present time," says Mr. Magrath in a statement recently issued. He points out that coal miners are on strike in eastern and western Canada, that there is a possibility of trouble in the British coal field, and that there is every possibility of a labor fight in the Pennsylvania coal region at the end of next month

Heavy Loss From Hail

Approximately 200,000 Acres Damaged

Regina. Between 1,500 and 1,700 farmers will claim damages from the hail storm of last week, according to the estimate of the hail damage in crops in southern Saskatchewan by the provincial department of agriculture. Approximately 200,000 acres were damaged, and the loss on this acreage will average 50 per cent. A large number of farms reported hail losses of 100 per cent., and very few were as low as 40 per cent

Alaskan Village Hit By The Epidemic

Entire Indian Population Affected and Eight Have Died

Juneau Alaska.—Eight natives are dead and the entire population affected by an influenza epidemic, which has swept an Indian fishing village on Admiralty Island, according to reports received by the district reporter Conditions in the region have been improved, but most of the Indians have been sick and unable to fish and will suffer during the coming winter

Alberta Hail Loss

Over Seven Million Dollars Damage Is Reported Already

Edmonton.—Nearly seven million dollars damage by hail has been done to grain crops in Alberta this summer according to information received by the provincial department of agriculture. The department has been investigating the situation and has been getting reports from all the hail insurance companies and the municipal hail insurance board, which go to show that about 2,000 claims for damage by hail have been received to date.

Hon George Hoadley, minister of agriculture, points out that at a fair average of 20 bushels per acre and on the basis of total loss, as usually figured by the insurance companies, with an estimated value of $1.00 per bushel of wheat, there will be a loss of $27 per acre, or $7,000,000 as a total loss to be deducted from the province's grain yield this year

Axious To Extend Knowledge Of Empire

Members of British House of Commons Coming to Canada

London—A number of members of the British House of Commons will shortly proceed to Canada, their object being the advice recently given them as members of the United Kingdom branch of the Empire Parliamentary Association by Premier Baldwin to extend their knowledge of other parts of the world, now that the House of Commons is not in session

The large party, which includes the heads of several prominent members, will attend conference of the links parliamentary Union at Washington and Ottawa

They will leave England September 10 Right Hon Ramsay Macdonald former premier hopes to go to Canada this fall, if other arrangements will allow. According to his present intentions, he will leave on the Megantic, October 2

Harvesters From Overseas

Reported That Over Two Thousand Workers Are Coming From Central Europe

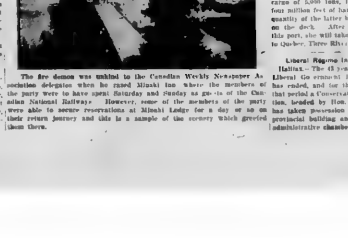
Quebec.—Over 2,000 harvesters from Central Europe, are expected to pass through Quebec on their way to the Canadian west, it was learned by the fifteenth of August. The total for the month will be from 15 to 20 thousand, but most of the Indians have been sick and unable to fish and will suffer during the coming winter

In order to obviate the danger of these immigrants becoming public charges when the harvest is gathered, arrangements have been made with the Canadian Pacific railway to employ them throughout the winter at a salary of $25 a month

Kills By Own Inventor

Redmond, Calif. Gordon Morrell was killed by his invention to check holdups here. He had devised a device to fire guns along in the road answer to gun which would be discharged automatically as a man put up his hands at the command of the robber

THE WHARF AT MINAKI INN



The Rev demon was enlisted in the Canadian Weekly Newspaper Association convention when he raised Minaki Inn where the members of the party were to have spent Saturday and Sunday as guests of the Canadian National Railways. However, some of the members of the party were able to secure reservations at Minaki Lodge for a day or so on their return journey and this is a sample of the scenery which greeted them there.

TO FURTHER THE INTERESTS OF WESTERN CANADA

Emanating The spirit of co-operation has taken the people provinces and the Pacific coast what it has been developed in the conference of western mayors and other civic officials held here, is to be carried into a permanent organization as a result of a decision at the closing session. An executive committee of six members was named composed of Mayor A. E. Taylor and ex Mayor R. H. Gale, of Vancouver, for British Columbia; Mayor Webb, Lethbridge, and Mayor Meek of Edmonton, for Alberta and Mayor Howard McLaren, of Hirnie, and Mayor J. H. Gregory, of North Battleford, for Saskatchewan. This committee will have power to add to its number and it has been instructed to convene the body from time to time as range for further conferences at future days.

After a months discussion, it was decided that the government be asked, on behalf, the permit visits for the shipment of grain westward. An amendment sought to refer the question to the executive committee for action but Mayor Taylor Mayor Hinchcliffe and H. G. McIver, K.C., urged strongly that the conference on the action it now urging that the system be absolished, and the ship pay be given the same privilege of cheaper rates as the new pay accorded to ship to the east

West U.S. In World Court

Could Withdraw If Outlawry of War Not Upheld by Congress

Washington Certain advocates of the world court, who have been working with the majority, have come forward with a compromise plan of I and of States entry, which they will push between now and the time the administration proposals are brought up in the senate at December The compromise has been lunched up in its foundations, with President Coolidge's proposed conference on limitation of armament

It provides for entry under the administration proposed, but with the understanding that United States would withdraw from the court after a specified period if the issue of Europe do not join in a general reduction of military in war

Will Hear Cases In West

New Commissioner of Repatriation Leaves Ottawa About August 1

Ottawa The new commissioner of repatriation, Justice T. Mathers, will leave for the west in the first week about the first of the month

Commissioner Pitts will make his first stop at Winnipeg on or about August 2, where he will hold sittings for applicants who have not yet been heard

His itinerary includes stops for hearings at Regina, about August 6; Saskatoon, August 7; Edmonton, August 10 Calgary, August 12; Kamloops, August 17 Nelson, August 18, and Victoria August 21

The dates are necessarily subject to change, pending the time when the commissioner is required to return to the office at which he starts

A Long Cruise

Canadian Government Vessel From Vancouver Reaches Atlantic Home

St. John, N.B. The Canadian government Merchant Marine steamer Canadian Prospector, Captain Archie Thomson, has arrived in port from Vancouver, via the Panama Canal, on the initial trip in the inter-coastal service The ship brought a full general cargo of 5,000 tons, the bulk about four million feet of board pine, a large quantity of shingles and lath piled high on the deck. After discharging at this port, she will take the remainder of her cargo, Three Rivers and Montreal

Liberal Regime In N.B. Ends

Halifax.—The 43 year-old regime of Liberal the premier in Nova Scotia has ended, and for the first time in that period a Conservative administration, headed by Hon. E. N. Rhodes, has taken possession of the historic provincial building and occupied the administrative chambers.

What You Get When You Own a Radio

From the Journal at Edmonton—to whom thanks are tendered—last Friday, a splendid concert program, on Saturday, Mr. Meighens address, on Sunday, splendid address by Dr. Brown of the McDougal United Church, as well as choral, solo singing and organ music. Following the service an address by the leader of the Canadian labor party. On Monday Premier King's address. This from one station and there are many stations. William Jennings Bryan was a superb orator but he would have died and thousands would not have heard the sound of his voice but for the Radio. Music, Cheer, Laughter, Divine Services, Lectures, any thing that mortal tongue can speak can be sent over the radio. For the spreading of knowledge and entertainment Radio is the greatest achievement since the invention of printing.

And everyone can enjoy it. The Atwater Kent Radio Set is made for service and priced for the common people. From the outside clear through to the centre it is well made of high grade materials. The things that you do not perhaps understand are as well made as the things you do. Honesty of purpose is an integral part of the set. You cant go wrong in buying an Atwater Kent.

PRICES

Set including tubes	$129.50
Dry Batteries, A and B	12.00
Head 'Phones	5.50
LOUD SPEAKER	
Large size	$39.50
Medium	22.00
Small size	10.00

The Tofield Garage

Oats $1.00 Per Bus.

Two farmers meet on country road, one returning home with a load of low grade oats, the other going to town with cans of cream.

First Farmer—How do?
Second Farmer—How do?
First Farmer—What are you doing with the oats?
Second Farmer—Taking them home to wait for better prices. They would not give me enough in town for them.
First Farmer—I got $1.00 a bushel for my oats.
Second Farmer—Where?
First Farmer—At the Tofield Creamery. I feed them to cows and sell the cream. It is good business.

THE TOFIELD CREAMERY

Bread Fresh Daily

BAKED IN TOFIELD

Bread bake; to a lovely brown, made from the best ingredients, can be had fresh daily. Baked in Tofield for Tofield and District People. We suggest that you try a loaf to-day.

It will light your home and doubt washing machine, etc. It will also operate milking machine and in addition, will furnish belt power to run wood saw grinder, churn, etc.

Can be supplied either as a separate complete Electric Lighting plant—Water Supply System—Farm Power Plant, or all combined in one unit.

Masse Electric Co., Edmonton, Alberta

Letters To The Editor

RULES

1. Each letter must be signed by the writer, but we will put initials or nom-de-plume in if requested.

2. Each letter not more than 300 words.

3. No party allowed more than 300 words per week.

4. We reserve the right to refuse to publish any letter having a dangerous tone.

To The Editor:
Hay Lake Times,
Sir Ed

Noting your generous offer to allow the public space in your paper to express their political views I take this opportunity of stating my views as well as acquiring knowledge of any questions that are answered by any political friends of another stamp.

We in Alberta of the farming districts especially, are bound to be loyal voters. The raising on farm machinery and tools of all kinds is an indirect tax on the farmer. The agricultural boys require the city man dom and machinery be taken off, over what the urban dwellers pay on all his machinery. It is plain to see that the farmer would be discriminated against, if the high tariff which the conservative progress was fostered on the country again. Hence I would ask Mr. Meighen, The Hon the leader of the former [illegible] between the progressives and the tories. The platforms of these two parties are almost identical except the progressives are a little more radical in their low tariff ideals. The reduction of the tariff must come by easy stages as the east is high tariff to a great extent and a radical change to a low tariff would throw the country into the hands of a high tariff government at the next election.

We cannot hope for a progressive government as they are not half enough realization in the field to command a majority, even if they were all elected, hence they will have to side with one of the parties at Ottawa. Some will likely take a liberal stand and some a conservative as they did in the last parliament. What we will elect the most will divide it. If only two factions and let the best rule. Thanking you again, Mr. Ed [illegible]

Yours truly,
VOTER.

WINTER CREAM PRICES GOOD

Dairymen will be delighted to hear that present cheese and butter prices are bound to be higher than ever before. All the creamery companies are advising the farmers to keep up the [illegible] at this time of the year. The demand for cream is [illegible] greater than the supply.

Due to the fact that the butter export this year has taken all the surplus in Canada a winter home consumption supply has not been stored in the cold storage.

Alberta will find a ready market in the Pacific coast cities of Canada and the United States and this market will keep local cream prices high.

Now is the time to retain the flow of milk in the cows. It is usually in late fall and winter that cows dry up to a certain extent. A number of farmers are already feeding to keep their test and weight up to the standard with a view to making considerable gain on the winter's butterfat.

LIBERAL CANDIDATE IN HAY LAKE

Mr Chas Gordon, the liberal candidate for the federal riding of Vegreville of which Hay Lake is a part, was in town on Saturday afternoon, accompanied by Mr. J. D. Monaco of Tofield.

He states that he has covered the district fairly well and finds conditions which make him very optimistic as to the outcome of the vote to be taken on October 29th.

Mr Boutilher of Beth Lake has been nominated by the U.F.A. to carry the Progressive banner for the riding of Vegreville.

The nomination is not known, but it is possible that the Tories will not put a man in the field as it is reported that they will assist the farmer candidate.

Increasing Interest Is Taken In Great Britain In Respect To Emigration To Canada

"This country will notice a development in Canada in all ways similar and equal to the development in the United States in the 19th century," a writer in The Times declares, and he adds, "In the long run, provided the present policy is maintained, of encouraging the immigration only of the Nordic races, Canada will produce a finer nation than even in the main land in the United States, where a policy of indiscriminate admission of immigrants was pursued [illegible] correctly."

The same writer points out the encouragement of the "gentleman of leisure," the type of immigrant with character and a moderate capital. He deplores the fact that the young man sent as home seems to be accepted mainly in farming and grazing.

The London Spectator publishes two letters with regard to emigration to Canada. The organizing director of the newly constituted Canadian council of overseas settlement appeals to the Spectator for funds to carry on the work of the organization and declares that the Anglican church is devoting all her means and influence to the training of immigrants [illegible] Dr. Hamilton, who is Mr. Ed [illegible]

Poultry Industry In Alberta

Production Last Year Was Worth Fifteen Dollars

Alberta's rapid expansion as a mixed farming province has been [illegible] by much about a development of [illegible] poultry industry. [illegible] production in order to supply domestic requirements, [illegible] Alberta's production of poultry and eggs was valued last year at $15,000,000 [illegible] Ontario, which is [illegible] to reach a figure that [illegible] have produced over 20,000,000 dozen eggs or value of $7,700,000 in addition some 3 [illegible] pounds of live poultry, worth $2,100,000, were handled by commercial houses, making a total production for the year of $9,100,000.

The most important [illegible] in order for Alberta to maintain its figure never approached in the annals of grain growing. And

Saskatchewan Shorthorn Club

Sale of Shorthorns at Regina Will Be Held Week of Nov 3rd

The Saskatchewan Shorthorn Club [illegible] a sale of shorthorns at Regina in connection with the provincial exhibition grounds during the week of the sheep and swine show [illegible]. This will be held week of November 3rd.

The sale is offered for sale will be about 75 females and six bulls contributed by members of the club. Every effort is being made to get together a creditable lot of young Shorthorn females as can be found in the province. All the present time J. B. Pardieu, secretary, represents that [illegible]

WORLD HAPPENINGS BRIEFLY TOLD

Formation of a commodity company which will establish a new trade At Battle Hive, has been authorized in Dublin.

Civilian Japanese airmen will undertake a flight from Japan to Hawaii the last year according to the Japanese language newspaper Kokumin Shimbun.

Eight former residents interested in starting a tea industry at St. John's, Newfoundland, Canada, after England, are believed to be more than five years old.

Thomas Mooney, convicted dynamiter of the Frisco Preparedness Day parade bombing, was released on parole by Governor Young of California. His conviction resulted when he was fatally hurt during an aviation "outing" near.

The Dublin Ireland dock, bound to defend itself, during the anniversary of Blackrod Day as a truce Lincoln Port. It is hoped that the voyage to Canada, taken from last port will be three and a half days.

A soldier now in better circumstances which, if approved, will allow Japanese women to practice late in the empire of the empire. The measure is backed by the women's suffrage party.

When plans for the erection of a new lighthouse was discussed at a meeting of the Hazlewood post and harbor council, it was stated that there are only 14 lighthouses on lighthouse in England.

The tennis tournament has passed on a law, in effect since August 1, making it unlawful for any lineman municipality to hold a tax against visitors and tourists. Hoteliers probably will be glad to see a repeal of the law. It is said.

The British, possibly for federal an emergency, that telephone communication between Ireland and Britain had not been established until the inception of the packet between Holyhead and 12 hours previously, although it had been

The Canadian High commissioner's office in London has been notified that the payment of the Irish Free State to London in failure of $22,247 as in force on the debt accruing the payment of Canadian income and profits tax for completion of the war.

French experts in forestry during the first six months of 1926 increased the percentage logged in 1924 and in parts from ordinary decrease in the same time. The experts found a 2 per cent increase in the imports 1925 over the year.

Miss Ethel A. Mansfield, an artist and model resident in Bold Knowle has lived at Stratford for 85th year. She married Mr. Mansfield in Egypt on the journey. Tyrconnell as one of the ranks of other marriages which took for their first years. It noted in Bold Edmonds history. She was then Miss Tyrconnell.

Quality

The most urgent requirement in Canada's Agricultural Products

CANADA produces every year large quantities of wheat, oats, barley, butter, cheese, bacon, [illegible] potatoes, [illegible] eggs and other minor products. Her natural market for these products is of course, Great Britain—the one great consuming country of the world with an open market.

Unfortunately, this country, with any surplus of food products seems to want to send its surplus to this same market.

The keenness of the competition on this, our only market, and the [illegible] ministers has, as to progress, thereby [illegible] the Department of Agriculture some time [illegible] within very recent years that the real and only way to grapple with this problem has been discovered, or at least put into effect. This Department now believes that to do the most of the farmers of this country, that the "grading" of our agricultural products is the policy and practice that in assuring us through the struggle and will assure us of our rightful place on the British market.

"Grading" means the classifying of products, whether they be bags, boxes, [illegible] according to quality into [illegible] "FIRSTS", "GOOD", "FAIR" and "POOR" classes.

The exact words are not used in describing the grades, but that is what they mean. The purpose served in grading is threefold:—

(1) Educational. When the producer sees [illegible] product he is informed as to [illegible] that quality it is the "first" to be [illegible] and necessary.

(2) Fair Play. When [illegible] are [illegible] and [illegible] the producer [illegible] and [illegible] to the [illegible] and [illegible] Interest.

(3) Facilitating Trade. The dealer learns to [illegible] and [illegible] to be buying quality more freely, because it is guaranteed by grading. [illegible] and [illegible] the great [illegible] the policy and to the advancement of Canadian agriculture.

Already Great Britain recognizes our [illegible] and is willing to pay more for [illegible] and sees as the best she can buy.

It is for us to improve our other products, particularly our butter and cheese, so [illegible] them also into the [illegible] of the "best on the British market" and come [illegible] with [illegible] and [illegible].

Grading enables us to do this for cheese, wheat, eggs and apples.

Grading is helping us to do it for butter and bacon.

Quality Counts

Grading is the [illegible] classifying for the Canadian product, [illegible] and [illegible] and [illegible] and [illegible] and [illegible] and [illegible] these figures.

Canada's Principal Exports of Farm Products

Wheat (bus.)	178,274,000	196,670,000
Wheat flour (brls.)	3,000,000	3,000,000

Oatmeal and Rolled Oats (cwts.)	1,000,000	1,000,000
Apples (brls.)	1,000,000	1,000,000
Beef (cwts.)	1,000,000	1,000,000
Wheat flour (brls.)	3,000,000	3,000,000
Wheat (bus.)	178,274,000	196,670,000

Wheat—Grading began April 1st, 1919. Canadian wheat that year before had fallen into such disfavour on the British market that New Zealand wheat was quite commonly preferred. Today Canadian wheat commands cents per pound higher than New Zealand.

Butter—Grading began some time earlier than cheese. The reputation of our butter was then ranked at low ebb. Canadian butter today, while not the best on the market, is typically uniform in quality and gaining in reputation.

Hogs—One two years ago the Department of Agriculture began to grade live hogs at the packing houses and stock yards. The 10% premium paid by the packers for "select" hogs is now in operation. Canadian packers, dairymen and commercial growers has done wonders to improve the quality of our hogs and develop the bacon industry.

Best Canadian bacon, which ordinarily was quoted two years ago from 10 to 18 shillings a long hundredweight below Danish, has gradually risen to the extent that on the 1st of last month it was quoted at 1 to 2 shillings above Danish. This improvement in price is, of course, due to the fact that Canadian bacon is now of a much more uniform quality, cleaner and better cured.

Eggs—Canada was the first country to grade and stamp its eggs. These [illegible] and [illegible] to the [illegible] shipments [illegible] to [illegible] and [illegible] to [illegible] and [illegible] to [illegible] and

SYNOPSIS

CHAPTER XII.

CHAPTER XII—Continued

PAINS ACROSS THE BACK

Relieved by Lydia E. Pinkham's Vegetable Compound

ITCHY PIMPLES ALL OVER FACE

Bothered Over A Year. Cuticura Healed.

"I was bothered with pimples for over a year. They were hard and small and would sore and spots appeared all over my face. The pimples lasted causing me to scratch and my face was disfigured. I tried other remedies but without success. I sent for a sample of Cuticura Soap and Ointment and after using it I got relief. I purchased more and in about two months I was completely healed." (Signed) Miss Kathleen Minerva, Northumberland Co., Winsor, N. B., January 2, 1925.

Use Cuticura for every-day toilet purposes. Bathe with Soap, anoint with Ointment, dust with Talcum.

"Beneath," however, you must send 10c to me for his answer," she urged quickly, and she darted into the

Hoping Prince Will Revive British Trade

Manufacturers Believe Trip to South America Will Help Business

With the next return of the Prince of Wales to England British manufacturers and exporters are now looking hopes that the royal visit would be to them from the Prince's enthusiasm to help in South America. They are looking for a boom such as King George's "Make up England" campaign.

Another enthusiastic supporter of international appeal from the Prince, and "Nothing but good ..." such a call would be welcomed by the workers, and equally by the employers.

"Labor as a whole has great respect for the Prince and should be under no misapprehension about his being great friend with the working people."

Mr. Macdonald's Visit

Getting First-rate Knowledge in Toronto Parks

Gasoline Stronger Than Dynamite

Few Realize Danger When They Are Using It

The recent explosions, not to the widely spread, certainly will result in much good. It is a timely fact that gasoline is a highly explosive substance, when mixed with air.

That's how its enormous power is used in internal combustion engines.

Tofield Farmers Supply Co., Tofield

Selection--Quality--Price

SELECTION

By our special connection with large eastern manufacturers of ladies' garments, whereby we are distributors of ladies' wear over a large portion of Alberta, we are able to offer the ladies of Tofield a range and selection that is better and more complete than any shown here before.

QUALITY

The quality is high in every garment. The styles are the latest from eastern centres and their appearance is always select.

PRICE

The prices on these garments are kept down to the minimum consistent with good quality and good taste. There are many garments and many prices but our hgarment is sterling value for the price.

MEN'S WEAR

We were unable to cancel all our spring orders for Men's Wear and have some Men's Overcoats and Fall Suits, this season's goods, that we are offering at attractive prices.

Hingley & Co.

WHOLESALE MILLINERS and LADIES' WEAR SPECIALISTS

Personal

Born.—To Mr. and Mrs. Allen Lewis, on Wednesday, October 14th, a son.

Mrs. Hall of Edmonton and sons Archie and Allen, visited at the Jobb home on Sunday.

W. McCombch was an Edmonton visitor this week.

Mr. F. Nelson, District wireman for the Canadian National Railways was a visitor to Tofield on Monday.

It certainly keeps a news writer busy writing locals about the weather these days. As soon as it is announced that the weather has settled for some time, a rain storm or a snow storm comes along to upset all calculations. The rain on Wednesday night was very unwelcome. It was anything but a light shower, considerable rain fell during the night and it will hold up threshing operations for a few more days.

Mrs. Hall is visiting at the home of Geo. Wood, her brother, and is assist with the household duties during the illness.

The baseball fans around town have been making good use of the different autos around town this past week. The Edmonton Journal has been attempting to the world's series base ball reports.

COMING

Under the auspices of the Women's Institute Langdon, on November 6th and 6th. "The Hoochback of Notre Dame." This is one of the most popular pictures of the age, and the ladies are to be congratulated upon their choice of the picture and their ability to bring such a picture to Tofield. Tickets will be on sale on Saturday, and a complete announcement concerning the picture will appear in next week's Mercury

Shipping WEDNESDAY

The Co-operative shipment of Livestock will take place next WEDNESDAY. Members please 'phone 1104 when you have anything to ship or require any information.

Thornton Ferguson, Local Shipper.

ALBERTA CO-OPERATIVE LIVESTOCK PRODUCERS, LTD.

MORTGAGE SALE OF FARM PROPERTY

Pursuant to the directions of the Registrar and by virtue of Powers of sale provided by "The Land Titles Act," under a certain mortgage which will be produced at the time of sale. There will be offered for sale by public auction at the office of Donald E. Ball, in the Town of Tofield, in the Province of Alberta, on Saturday the thirty first day of October, 1925, at the hour of three o'clock in the afternoon, the following property, namely The north-east quarter of section twenty-six (26), township forty-seven (47) range nineteen (19), west of the fourth meridian, in the Province of Alberta, containing by admeasurement, One hundred and Sixty (160) acres, more or less. Reserving unto His Majesty all mines and minerals. Terms of sale to be ten per cent. cash at the time of the sale and the balance according to the terms and conditions to be known at the time of sale or upon application to the vendor's solicitors.

The above property will be offered for sale subject to a medical reserved bid and free from all encumbrances save taxes for the current year.

The vendor is informed that the above property is situated about seven and a half miles from Tofield, three miles from Ryan station, and two miles from Bardo school. The soil consists of one hundred and six acres of arable land of which forty acres have been cultivated and heavy black loam of good depth, all clay subsoil. Land fenced on all sides with two and three wires. There are good roads in the vicinity.

For further particulars and conditions of sale apply to

Radio Facts

In the winter of 1904—5, the DeForest Crosley had their research engineers in Alberta testing out different hook-ups and circuits, and consequently produced a machine specially suited for Alberta conditions. This is a big feature to consider as a radio that works perfectly in the States or Eastern Canada might not give good results in this country, where conditions are entirely different.

Last year the **DeForest-Crosley** sold over 300,000 sets and this year are producing 6,000 sets per day and still they cannot supply the demand. In Canada they sold 1,000 sets over 2,000 more than any other company.

Two years ago the Crossley Co. and the DeForest Co. were two separate concerns, each each producing a good radio. When they amalgamated they used the best parts of each machine and produced a radio that cannot be beat for the money.

Dr. Lee DeForest was the man that developed the vacumn tube that made radio possible. These facts along with many others is the reason why DeForest Crosley sets are the most popular, dependable, economical and satisfactory sets on the market.

We have a nice assorted stock of these machines. Come in and look them over.

Radio Radio Radio

We have been very fortunate in securing the agency for the

GOLDFINCH FIVE and the CARDINAL FIVE radios. The Cardinal Five is absolutely the greatest value on the market at the low fist price of $67.50 without accessories.

We also have some Westinghouse Radiolas. We can sell a two tube Radiola, less the batteries for the price of $35.00. Come in any time and we will gladly demonstrate the work of these machines.

Increased Traffic Through Suez Canal

Growth of Shipping Compels Continued Enlarging of Waterway

Unlike the Panama Canal, the Suez Canal has no locks. As first constructed, it had a depth of 26 feet. Later, this was increased to 36 feet, and work now in hand, when finished, will have an average depth of not less than 40 feet. Big steamers now pass through the canal drawing a draft of 37 feet, and ships drawing a draft of 42 feet with the Water way be now kept in. Of the economic advantage enjoyed by the canal a good idea of it can be obtained from the fact that the tonnage that now passes through the canal is more than 22 times as great as it was in the first year of its operation. The original estimate was that 500 ships would pass through the canal in the first year. Actually 486 passed through it. Formerly, it was not possible for ships of more than 4,000 tons to pass through the canal. Now ships of 20,000 tons can pass through it.

Voting

Throughout Canada on the first day of the month, Hon. Mr. Bennett will be asked and more for the Conservative Party. While the Premier is not a candidate in any constituency, he will be the leader of the party in the campaign that is now on. It is a campaign that will be fought on the issues of the day, and the Premier will be the chief spokesman for the Government. He will be the target for the attacks of the Opposition leaders, and he will be the one who will have to defend the record of the Government. He will be the one who will have to answer the charges that are made against the Government. He will be the one who will have to explain the policies of the Government. He will be the one who will have to explain the reasons why the Government has done what it has done. He will be the one who will have to explain the reasons why the Government has not done what it has not done. He will be the one who will have to explain the reasons why the Government has done what it has done. He will be the one who will have to explain the reasons why the Government has not done what it has not done.

NOMINATION OF CANDIDATES FOR FEDERAL CONTEST

OTTAWA, official nomination of candidates took place in 27 out of 245 federal constituencies between twelve and two o'clock, on Oct. 14th, and the Dominion general election campaign assumed a more definite form. In these constituencies, the number of candidates for or Member of Parliament is 110 Conservatives, 107 Liberals, 4 Progressives, three of Alberta, and two Labor candidates. Of these 27 constituencies, 11 are in Ontario, 7 in Quebec, 3 in Nova Scotia, 2 in New Brunswick, 2 in Manitoba, 1 in Saskatchewan and 1 in British Columbia.

Talented French Artists Arrive in Canada

Next company of talented French artists which Mr. J. A. Gauvin has brought to Montreal from Paris for a season of French comedy, photographed upon their arrival in Montreal. The company crossed from Europe on the Canadian Pacific steamship Melita and remained in Quebec for a week en route before coming to Montreal to open in the season. They are left to right, front row: Mme. Marcelle Géniat, M. Georges Colin, M. Jean Garat, M. Jean Marchat and M. Paul Menge, a local theatrical man; (back row) M. M. Hervaud, M. Rene Bruyard, M. G. Vitray, M. Rene Montis, Mme. Marcelle Maranne, Mme. Hala Pierlain and M. Adolphe Pourpier.

Two members of the company, Mme. Marguerite Cavaran Lambert and Mme. Jeanne Lieblieg, were absent when the photograph was taken.

CHAPTER XV.

He saw Neewoose put he arms around the man beside a rock

A WOMAN'S SUFFERING

Relieved by Lydia E. Pinkham's Vegetable Compound

Mrs. Vernon, Montreal, Quebec.—"I am one of thousands who have taken Lydia E. Pinkham's Vegetable Compound and I have great faith in it. I am subject to nervousness, and when I get run down I suffer severely from pains and backache and would feel so tired I could not do anything on my home. Since I have been taking the Vegetable Compound and Lydia E. Pinkham's Blood Medicine I feel so different. I recommend it to all my friends and hope it will open other women who are suffering from the troubles I had."—Mrs. Thos. H. Cadieux, 322 Evelyn Street, Verdun, Montreal, Quebec.

Lydia E. Pinkham's Vegetable Compound is a dependable remedy for the ills of women. It is prepared from roots and herbs, contains no harmful drugs and can be taken by the most delicate women, as its worth in restoring the mother to normal health and strength is told again and again in just such letters as Mrs. Cadieux writes.

A recent canvass of women users of the Vegetable Compound shows that 98 out of every 100 women taking the medicine are benefited by it. They write and tell us so. Such evidence entitles us to call it a dependable medicine for women. It is for sale by druggists everywhere.

Transportation Problems

Says Ocean Combine Extracts Large Sum From Settlers

W. T. R. Preston, formerly one of the North Atlantic combine, denounces the steamship combine and extortion of the

Mr. Preston expressed confidence that there would be a population of fifteen million in Canada within twenty years, if the proper steps were taken to encourage immigration.

"We will be away by ourselves, and there is something you can't know before it gets."

Baree was thrown to the ground in the shadow thrown by the open door. He heard the men in the cabin, and he heard Neewoose and Pierrot and Wabigoon. But he could see nothing. He was conscious only of the fact that he was alive, and that he was not bound. He lay perfectly still, and he knew that Neewoose was standing over him. He could hear her breathing, and he could feel the warmth of her body. He knew that she was looking down upon him, and he knew that she was waiting for him to move. He lay perfectly still, and he knew that she was waiting for him to move. He lay perfectly still, and he knew that she was waiting for him to move. He lay perfectly still

IN THE MATTER of the Estate of the late Thomas Seale, late of Tofield in the Province of Alberta, Farmer deceased.
NOTICE is hereby given that all persons having claims against the estate of the said Thomas Seale, who died at Tofield, Alberta, on or about the 29th day of July, A.D., 1925, are required to send by post prepaid or deliver to the undersigned Solicitors for Myrtle Lena Seale and Mr. Thomas Elgin Seale of R.R. 4, Tofield, Alberta, the executors of the said estate, a full statement of their claims and of any securities held by them, duly verified by Statutory Declaration, and that after the last mentioned date the Executors will proceed to distribute the assets of the said estate among the parties entitled thereto, having regard only to the claims of which notice has been so filed or which have been brought to their knowledge.
DATED at Tofield, in the Province of Alberta, this fourteenth day of October, A.D. 1925.
MYRTLE LENA SEALE
THOMAS ELGIN SEALE
Executors of the Estate of Robert Daniel Seale, Deceased

MORTGAGE SALE OF FARM PROPERTY
Pursuant to the directions of the Mortgagee and by virtue of Powers of sale provided by "The Land Titles Act," under a certain mortgage which will be produced at the time of sale There will be offered for sale by public auction at the office of Donald E. Ball, in the Town of Tofield, in the Province of Alberta, on Saturday the thirty-first day of October, 1925, at the hour of three o'clock in the afternoon, the following property, namely: The North Easterly quarter of section twenty-six (26), township forty-nine (49) range nineteen (19), west of the fourth meridian, in the Province of Alberta, containing by admeasurement, One hundred and forty (140) acres, more or less. Reserving unto His Majesty all mines and minerals.
Terms of sale to be ten per cent cash at the time of the sale and the balance according to the terms and conditions to be known at the time of sale or upon application to his vendor's solicitors.
The above property will be offered for sale subject to a small reserved bid and free from all encumbrances, save taxes for the current year.
The vendor is informed that the above property is situated about seven and a half miles from Tofield, three miles from Bardo station, and two miles from Bardo school. The land consists of one hundred and sixty acres of arable land of which thirty acres have been cultivated. Land heavy black loam of good depth with clay subsoil. Land fenced on all sides with two and three wires. There are good roads in the vicinity.
For further particulars and conditions of sale, apply to
EMERY, NEWELL, FORD AND LINDSAY
Barristers, Edmonton, Alberta
Vendor's Solicitors.
Approved: A. T. Rinaldi, Deputy Registrar.

THE SHOW ON NOV. 6—8

The Catholic Women's League, Tofield branch, are putting on a very fine and ambitious entertainment on Wednesday and Thursday next. They have arranged for the showing of the famous production, "The Hunchback of Notre Dame," which is conceded to be by all who have seen it, a screen masterpiece. The story of the play is dramatic, tense and colorful, and by acting and personification is of he very highest order. Do not fail a see this picture. Tickets may be purchased from all members of the Catholic Women's League and can e procured at the Hotel, M. C. Hammond's or the Billiard hall.

U.F.W.A. LOCAL FORMED

An organization meeting for the purpose of forming U.F.W.A. local in Tofield was held at the fire rooms on Saturday afternoon at 3 o'clock.

There was a large attendance of ladies from the country.

Mrs. Baptist introduced Mrs. McNaughton who spoke on the advantages of forming a local in Tofield.

The United Farm Women, said Mrs. McNaughton, will find in their association an opportunity for education, for usefulness and for co-operation, finding their power through organization. In the study of better farm conditions, better rural schools, every member of the U.F.W.A. will find ample room for self expression at the monthly meetings. By holding these meetings in town it will give all a chance to attend.

On motion of Mrs. Johnston Ferguson, seconded by Mrs. Baptist, the organization was formed with the following officers.

President ... Mr. J. Ferguson.
Vice Pres.: Mrs. J. Warner.
Secretary: Mrs. Hingston.
Directors:
Mrs. W. Parker.
Mrs. Beech
Mrs. Gray
Mrs. Baptiste
Mrs. F. O. Ball.

A feature of the afternoon was an address by Miss Cromarty of the Alberta Division Red Cross on the work of the Red Cross in Alberta in view of the Annual Red Cross Drive.

Rev. Leversedge, of St. Mark's Church, Edmonton, will visit Tofield and surrounding districts at the different appointments on Sunday. Rev. Leversedge will be remembered by the resident minister here 25 years ago and many will be pleased to renew his acquaintance. While in town he will be a guest at the Swift house.

C. Lovegrove, the minister in charge of the Anglican work here, visited Jarvis city this week.

The women's auxiliary meeting of the Anglican Women's Auxiliary will be held at the home of Mrs. Hewlett, Thursday, November 5th at 3 p.m.

Inspector Russell visited the school this week in an official capacity.

Mr. ... formerly ... here ... to see us and ... visited the old ... the week end.

W. H. Swift has been elected leader of the Tofield troop of the Boy Scouts. The Boy Scouts of the Edmonton district have given a lengthy write up of the work carried on.

For a Warm Outfit for Driving We Recommend the EXPRESSMAN
Cashmerette, heavy felt lined felt insole, extra weight rubber sole and foxing, solid rubber heel,
Men's sizes 6 to 11, $3.95
Ladies' size, 3 to 7, $3.20
Boys' sizes, 1 to 5, $3.20
Youths' sizes, 9 to 13, $2.95

The Lapland is similar, but with high top and rubber covered vamp. Men's sizes only at $4.65

All other lines, which are familiar to everyone, show considerable price reduction since last year.

INTRODUCING THE "PICK" OF OVERALLS
Made of 8 oz. Cottonade, black and grey stripe. We have selected "Pick" brand as the "pick" of all make for heavy farm work, because: Triple stitching throughout; will not rip; continuous pocket facing, waist band and fly, which prevents ripping while slipping or sliding; cross back suspenders; leather suspender ends at back. Bigger fitting qualities.
The price is no more than other makers quote for Overalls of the same material. The manufacturers guarantee of workmanship goes with each pair.

MEN'S FINE SHOES AT REDUCED PRICES
Many men insist on the high box toe, built on a wide last. This type will never go out of style, because it is unequalled for fit and comfort, wherever a wide shoe is required. We always have in stock a full range of sizes in either gun metal or brown leather with genuine Goodyear welted soles. These have always been rapid sellers at $6.50, but startling reductions on manufacturers quotations on this line enable us to offer them at $5.00
The same size shoe of No. 1 chocolate Willow Calf is now $6.50

BOYS MACKINAW COATS
Boys have been demanding heavier weight coats and we have them now in one weight as men's.
$5.50 and $6.50

BOYS MACKINAW BLOOMER PANTS
Nothing can beat these for warmth or wear.
Brown check mackinaw, sizes 29 to 34 at ... $3.25
For boys who prefer a slightly lighter weight material, but want long service, we recommend.
Brown corduroy, bloomer style ... $2.60 to 3.25
Grey stripe moleskin, bloomer style ... $1.95 to $3.25

BOYS LEATHER LINED OVERCOATS
Heavy coatings, brown heather shade, made just like Dad's. $17.95
Boys' Fleece Lined Combinations, Penman's $1.35
Boys' Fleece Lined Combinations, heavier wgt $1.35
Boys' All Wool Ribbed Combinations ... $2.15

They were the other guys started it, like a couple school kids and they slung a pile a load across the line. Then ... "what up by a few battleships, the ... "on a nations is agreeus find out which ... one gets the ones for him de... cruiser ... If I had anything to do with it, ... would take pleasure in bumpin both ... baby bloke.

The Free ... got the land thrown to ... from the Greeks last week an starts throwing shells into Dunacco, an now they are just waiting to see ... generally rep...et to find out what ... her the start of the Armenian ... unearth a little fun.

Then of on one shots in the federal election, which was supposed to have been decided last week. But so far as I can see no thing has been decided except that the liberals and progressives lost a non bar of seats each and the conservatives gained, although the conservatives have 116 to the liberals 100, they cannot carry out their election prog...ram due to the fact that if they bring in the protection tariff, the progressives will "bump on it" the governs next perch an so on, looks like another election.

It is too bad that the country may have to spend a few more millions dollars on an election to find out what the people defined by years.

If we had had a law like America has, which fines any elector 10 if he fails to vote, we would have had the voice of all Canada and it is very probable that another election would be unnecessary.

The Australian law is alright but I would sure be there to vote a couple times if they paid $10.00 a vote in... of $ills on for not voting.

BY HECK

ELECTION RESULTS

At Noon on Tuesday, November 3rd the figures of the voting in the Vegreville constituency were Boutillier 4773, Gordon, 3364 a majority for Boutillier of 2307. There were two small polls to hear from.

At this time, the liberals had 99 seats; conservatives 119, Progressives 31, labor 11, independent 1.

W.I. NOTES

The regular social meeting will be held on Tuesday, November 10 th at 2:30 o'clock. Please be on time, and we are having a government lecture on "Social Hygene". This lecture is illustrated with lantern slides and the women of the town and district are invited to attend. Lunch will be served and we hope to have the room well filled, as this lecture is reported to be very good.

Our Hallowe'en tea and sale of home ... cooking was very successful last Saturday afternoon, everything being sold except a few odd items, and we were very disappointed in not having a larger ...

The third whist drive was held on Friday evening at the home of Mrs. A. ... A very good crowd and the usual good time. The winners of the first prize were Mrs. ... and Mr. ... the winners of the booby prize, Mrs. John Leonard and Mr. ... A ... will be given ... Friday ... by Mrs. McClurg, Mrs. Baptist and Mrs. Hammond.

PURE DOPE

When everyone begins to feel that everything is the best thing for the money the dealer's troubles are over and the smooth starts to set in. This is happening with our DAY FAN Radio marvels. Last year we were told (with generally) that it was the cheapest and most easily operated radio set on the market. Reports had heard and now there is hardly a day goes by that we do not receive word to the effect that it is by far the best ... tone, range, and clearness of ... operation. Dec. 1st at 2 o'clock p.m. at the municipal hall, Tofield, DAY FAN We have last years customers who say they would not trade their Day Fan for two machines of any other kind. Demonstrations can be arranged.—R. W. PINCOTT

FIGURES AND FACTS

"Figures which are facts are always interesting, and the following may be of interest. ... sold for $1975. Today a mark ... sells for $1410.00, but most interesting fact ... Today's ... the Hudson-Essex daily ... was around 250 cars per day. To ... the daily output is around 1275 cars per day, all being sold as fast as produced, and still the dealers cannot get enough cars for their customers. This is surely the greatest proof that can be looked for to show that these cars are giving always great satisfaction, and that the material used in their construction is as good, if not better than ever, and that they are standing up. —THE TOFIELD GARAGE, DEALERS.

UNITED CHURCH OF TOFIELD
Rev. R. George Watt, B.D., Pastor
Sunday, Nov. 8th, 1925.
11:00 a.m. The United Sunday school at Tofield.
3:00 p.m. Preaching service at Ketchamoot.
7:30 p.m. Evening service at Tofield.
The topic of address will be: "A Christian Citizen."
The spirit of thanksgiving will be uppermost in all of the services on Sunday. Let us teachers and officers offer our thanks to God for a bountiful harvest and dedicate ourselves to the building up of a Christian Canada. All cordially invited.

Rev. T. J. Quinn, ...

NEWS OF OUR NEIGHBORS

LINDBROOK

The congratulations of the district are extended to Mr and Mrs. Nelson on the birth of a son at Tofield. Grandpa Grant is wearing a most beatific smile in consequence.

Mr Leslie Rogers of the Rogers Bros. threshing outfit, jumped up on the separator and nearly cut his nose off on the edge of the blower pipe. Mr Hooper took him to Tofield where it was attended to by Dr. Paul. The wound had to be stitched, but Leslie doesn't need a mask now for next Friday's masquerade dance.

There will be a masquerade dance at the school house here, on Friday evening, November 6th. Everybody in noticing invited and it is expected that there will be some "get ups" worthy of the name here. So now what you can do.

Holy Communion was celebrated at the last Sunday, Rev. Mr. Leversedge of St. Mark's, Edmonton, being the officiating clergy. Quite a fair congregation assembled.

Messrs. Woodcraft and Scott went to Wainwright on business re sheep.

Miss Grace Lepine spent the week end with her folk here.

The spooks left Lindbrook alone last year. It is rumoured that one of the spooks' horns took fright, probably at a real spook and beat it for home. This being the signal for general entourage, hence the rush.

Mrs. Verrier gave a delightful Hallowe'en party to the kiddies of the district. The place was tastefully decorated in true Hallowe'en style, and on to a real witch being present, who had a special mention for the kiddies were really in awe of her. The witch sat in the corner by her fire, with her cauldron ... suspicion on a tripod over same. Whenever had a child ... the request, guess ... in the cradle and mouth ... stewed, ... from the kiddies remarks it must have been a whale of a party.

Mr. Grant has been busy building a "pig-pen-cheers" on Mr. Leahy's store.

Miss Abbott, teacher of the Westlake school gave her pupils a Hallowe'en party last Friday. The school was tastefully decorated in Hallowe'en style, and after a dandy supper games were played by all and everyone votes it to have been a real treat.

Mr. F. Wilde is shipping a car of grain from the siding here.

Lindbrook School Report for October

Grade VIII—James Hooper, Myrtle Farr, Ralph Kortzman, Bert Hagen, Clark Lindgren, Robert Scott.

Grade IV—Randy Scott, Vincent Farr, Adela Gill, Viola Lindgren, Hazel Foss.

Grade III—Mabel Kortzman, Ray ... Merle Farr.

II—Kitty Leahy, Peter Hooper, ... Glenn, Walter Lindgren, Ethel ... E. G. Cade, Teacher.

Pupils are listed ... in order of merit.

WESTLAKE NEWS

A very picturesque Hallowe'en party was put on at the Westlake school on October 31st. The room was artistically decorated by the pupils with, streamers of orange and black, Jack-o-Lantern's were hanging sociably in the windows. Pumpkins, black cats, witches and scarecrows were suspended from the ceiling, while the boards were bright decorated with witches, ... pumpkins and turkeys. A ... lunch, in all of the pupils, parents and Tofield people visited the school in the afternoon. A Hallowe'en cake was presented to the pupils. Apples ... strings, fishing for money in water, cracker contests, apple contests, were heartily enjoyed by all. Everyone left the school at four feeling that Hallowe'en was as much a "child pom'n" day as a "trick" day.

Mrs. and Miss Hooper visited at the ... school on Friday.

Westlake School Report For October

Grade V.—Hazel Westlake; Lees Lester, Leona Coulter, Leon Lepine, Pat West Lake.

Grade III.—May Lepine; Teddy ... Stewart; Leon Lee; Bernard Chevrier; Gus Van Westlake.

Grade II Ivy Herbert; Rolling ... Herbert.

Grade I Jessie ... Herbert.

T. E. Abbott, Teacher.

Mrs. Elgin Beale returned home from Calgary last week.

Mr. Hingley, who has been at Camrose in attendance for a few days.

KETCHAMOOT

After being vetoed, snowed and frozen in for a week, Ketchamoot has come again awakened. First a visit was paid by the stork at the home of Mr. and Mrs. Marsh Mitchell and left a son last Monday, October 26th.

Well done, Mr Prescott, thanks for the free "gas" of two weeks ago. The Ingram family also should have been on the pioneer roll as they have been residents of the Tofield district for the last 25 years.

Mrs L. Carlisle entertained the M. A.S. at her home last Wednesday afternoon. Only a small attendance was present owing to the bad roads and weather.

Mrs W. E. Mitchell and Mrs. G. R. Greene visited at the March Mitchell home on Friday.

As far as we know, Hallowe'en passed off without any mischief being done. The witches (boys) had been thrashing all day, so had looked good to them, and the school children gathered at the Lester home for a Hallowe'en party, where a jolly time was had last, judging by much laughter and appetites.

For once the Ketchamoot people, that is the voters, met together on election day, all votes being for Boutillier. Mr. Wm. Lee was deputy returning officer, Mr. Wm. Lester, poll clerk. Mr. J. H. Ingram, poll clerk.

Mr. Whitbeker of Woodburn district, who has been ill for some time is very low at his home at present. He was taken to the Camrose hospital on Tuesday.

Mr. J. McDevitt and Jason Henderson are hitting hay on the McDevitt farm. They expect to bale about 200 tons.

Misses Ruth Shultis, Viola Lee, Hazel Sears and Lillian Carlisle stayed over in town for the Hallowe'en party at the High School Friday night.

Mrs. Wilson, west of town, had the misfortune to have her hand badly bruised the first of the week.

Friends of the Wilkins family are sorry to hear of the continued illness of little Neal. He was taken to the Camrose hospital last Thursday night for care of Nurse Whitlaw, but was brought back home on Monday as there is nothing serious was found wrong, only a matter of time and care.

Thanksgiving service will be held at the school house next Sunday at 2.30 p.m. On Monday evening the annual thanksgiving supper at the Henry McGuinn home, under the auspices of the Missionary and Society, starting at six o'clock, and lasting until all are served. A dressed turkey, surrounded by vegetables will be given away to anyone guessing its weight correctly. Ice cream, and most delicious supper will be served and a pleasant evening is anticipated. Everybody welcome.

Wear a Poppy on Armistice Day!

BARDO

The yearly meeting of the Lutheran Church was held in Sunday. On account of bad roads fewer than usual were in attendance. Those from Bardo who went were Mr. and Mrs. J. Stauffer and Mrs. Fern Stauffer and children, Mrs. P. B. Anderson, Mr. and Mrs. Ronsse Anderson, Harold Ronsse, Mr. Nels Fugal and Misses Gudrun and Betsy Nass.

On Friday evening the Parker, Nass, young people and Rude girls attended a Hallowe'en party at the Elias Carre home. A very enjoyable time is reported.

A party of young people spent Saturday evening skating on the pond on the John Johnson farm.

The Lutheran young people will have a thanksgiving program at the church on Monday evening, the 9th. Grey's Vi... will serve lunch.

Mr. and Mrs. J. L. Stauffer and Mrs. Fern Stauffer and children motored home on Friday night.

Miss Mathias went to the hospital in Camrose with a little boad on Friday, came home with him on Monday. He is not improving any.

Not all the grain is threshed yet, although many have finished.

Miss Myrtle Rude, who was home for the week end, spent Saturday in Tofield.

Here and There

It is understood a Scottish syndicate has purchased sixteen acres of land adjoining the best residential section of Vancouver, B.C., and will erect one hundred residences there.

Although sixty three years old the Oliver district of British Columbia has already become noted for its production of very fine canteloupes. This year the production is expected to be about 25 to 30 carloads.

The 1,250,000-bushel, [illegible] Terminal grain elevator being built at Prince Rupert, B.C., will be completed by November 1st, when a test shipment of ten carloads of grain will be made through it.

Notification has been received by the Hon. John S. Martin, Minister of Agriculture for Ontario, that his showing of white Wyandottes at the New York State Fair at Syracuse, had captured the trophy for the best display of the twentieth consecutive year.

By a recent Order-in-Council of the Lieutenant-Governor in Council for clothing land, which had previously been set at $6 an acre, were increased to $8. The Order also provides that the premium will be paid for a maximum of twenty acres of land and, as a result of it, a settler may obtain a grant of $160 from the Government as a reward for his work.

Considerable progress has been made during the past few years by R. M. Palmer, of Cowichan Bay, B.C., in the cultivation and propagation of new species of gladioli. In his garden, Mr. Palmer has at present growing about 150 different varieties, bulbs having been secured from all parts of the world, even Central Africa contributing its quota to this wonderful collection.

Having completed their tour of Canada as the guests of E. W. Beatty, chairman and president of the Canadian Pacific Railway, the ten Australian lads Canada early in October for England, to remain there the party of most important and to give their opinion of impressions they have gained of the Dominion.

During the month of August 1,132 vessels, comprising 131 trans-Atlantic, 25 coasting and 906 inland steamers, entered the port of Montreal, these having a total net registered tonnage of 1,230,845, while in the same period 1,141 vessels cleared, these representing 1,232,165 net registered tons. Since the opening of navigation 787 ocean-going vessels, representing 3,468,345 net tons, have entered the port, as compared with only 648, representing 1,250,079 net tons last year; these figures bring up to the midnight of September 5th.

F. F. Norcross, a well-known Chicago lawyer, had an amazing experience recently while staying at the Banff Springs Hotel and playing on the golf course there. His approach to the ninth hole was the second by a bogie ball which issued its embers and stood pawing the ground with evident hostility as the lawyer prepared to play his ball. Mr. Norcross was about to observe the better part of valor when the bull's attention was distracted by the appearance on the scene of a [illegible] an effective substitute for the golfer and both animals disappeared into the neighboring bush.

TOWN COUNCIL MEETING

A regular meeting of the town council was held in the Town Hall on Monday evening November 2nd. A full council was present with Mayor McCauley in the chair.

The rink committee, which had been appointed to have the necessary repairs done to the skating rink, reported to council that the waiting rooms had been partly beaver-boarded, and that the windows in the rink had been covered with muslin.

The By-Laws committee was requested to bring in a by-law for consideration to govern the driving of automobiles in the town.

Routine business such as passing accounts was transacted.

SCHOOL BOARD MEETING

A meeting of the school board was held in the Town Hall on Tuesday last with the chairman, Mr. John Lee presiding.

A letter addressed to the Secretary from the inspector was read, expressing general satisfaction with conditions in the school.

W. T. NOTES

The fourth school district drive before Xmas will be held on Thursday, November 26. Everybody save me

The regular local meeting was held on Tuesday, the twenty-third inst. The first part of the meeting was taken up with business, among other things the final arrangements made for tag day for the benefit of Dr. Woods Home for Orphans and Neglected Children at Olds. The date is Saturday, Nov. 21—Please keep the date in mind and have your change handy for the girls with the white boxes and blankets on. We need every man and woman to wear a tag on that day, and every home ... remove anything from 100 up, but we hope we won't have to count very many dimes! The girls with the most money in her box will receive a prize ... ers are being put in your mail ... Miller, Secretary. A few ... to Mr. ... and ... people from the ... who are ... during ... act with ... to contribute to the cause ... was send any amount to Mr. M. ... Miller, Secretary or Mrs. Pincott ... Remember, this is helping ... children right here in Alberta.

After the business was ... Mr. Kilgour of Edmonton gave a fine lecture on "Social Hygiene." The picture machine was down ... illustrate the lecture refused to work ... which was a great disappointment ... every one, including Miss Kilgour ... Mrs. Hendon, Rt. Mrs. McCarthy ... and Mrs. Wallace Hendon served a delightful lunch, after which the meeting dismissed.

The next meeting will be held ... Dec. 1st, and will be ... annual meeting at which time new ... for the year will be elected ...

PURE DOPE

With a DAY FAN machine you do not fish for statistics, you simply roll them up by number and they are on the air, and are entertaining reasonably good, they come at all hours. Three hundred and sixty five days in the year, Edmonton and Calgary stations never fail to come in strongly over the loud speaker.

When an Edmonton station is operating you do not have to wait till it is through to get other stations, they can be cut out in a couple of seconds without the slightest disturbance.

A five year old child can operate a Day Fan machine

The Day Fan machine has behind it one of the largest American companies, and certain other radio manufacturing companies are going out of business or make such rumours to this effect are groundless and absurd.

PLEASURE DEFERRED

It was the editor's intention to reply in this issue, to the editorial appearing in the last issue of the Vegreville Observer, and dealing with the political affiliations of country weeklies. He has, however, extra work, sub-position of the editor, and the failure of expected expense parcels to arrive, all went to make this week a continuous one.

Our reply to the above mentioned editorial is both a pleasure and duty deferred.

CHANGE TRAIN SERVICE
CANADIAN NATIONAL

The Canadian National Railway announce the following change in train service for the winter season effective November 15th.

Train No. 3 will leave Winnipeg 2.30 p.m. daily except Saturday, arrive Saskatoon 7.20 a.m. and Edmonton 2.25 p.m. daily except Sunday instead of daily service as at present.

Train No. 4 eastbound will leave Edmonton 9.50 a.m. and Saskatoon 2.30 p.m. daily except Sunday, arriving Winnipeg 2.50 p.m. daily except Monday, instead of daily. There is no change in the schedule times of these trains.

There will be no train No. 1 westbound from Winnipeg Saturday, November 15th, and no train No. 2 eastbound from Edmonton or Saskatoon Sunday, November 16th and each Sunday thereafter.

Rev. Hunt attended the Alberta Convention of the United Church of Canada held at Calgary last week. He returned home on Saturday

TOFIELD, ALBERTA.

YOUR SUIT AND OVERCOAT
are, when you are out, on view to all. A little care in buying, and a little attention while being worn, not only makes them last longer, but look better. Clothing men is my business now, has been my business for 30 years and this experience is readily placed at your disposal. Buying your suit or overcoat from me, you pay no more but you get better servel.
W. R. McCondach

There Are Days

During the winter months, when outside work is inconvenient, there are many jobs that can be done inside the house. The wife, you may recall, has often asked for a cupboard, or for that spare room to be finished, or a bench in the basement. A willing worker with simple tools and a little lumber, can make great improvements around the average farm home. We have the lumber, if you are the willing worker. Our usual claim of price, quality and service stands.

PREMIER KING DECIDES TO MEET PARLIAMENT

Says Mining And Agriculture Linked

Deputy Minister of Mines Predicts Bigger Development in Canada

Winnipeg.—Taking a long view and basing regard to the ever increasing mineral development with tributaries in the rear of the Canadian Pacific railway, Mr. Charles Camsell, deputy minister of mines and geology, predicted that the mining industry would be the greatest in the history of the Dominion. Mr. Camsell was in the city for a few days en route to Ottawa from the Great Bear Lake district, where he had been investigating the mineral possibilities of that region.

Mr. Camsell was the principal speaker at the annual meeting of the Canadian Institute of Mining and Metallurgy.

"Canada is fortunate in having a great diversity of industry," said Mr. Camsell. "Mining and agriculture are the two great basic industries which must go hand in hand. Mining has been the pioneer industry in the development of the country, and has made possible the settlement of the agricultural areas. Mining has been the means of bringing the railways to many parts

LOCAL

Messrs Leslie, Allen and Ray Hendon, Joe Purdon and Walter Kendall, who have been working on railroad construction in Saskatchewan returned on Tuesday of last week.

Several young folk from town attended a dance at Lindbrook last night.

Mr. and Mrs. Webb spent the week end in Edmonton.

The brethren of the local staff attended the convention at Camrose and Edmonton.

Owing to the dynamo needing repair, there was no picture show on Saturday. An impromptu dance was held instead.

W. Webb, formerly of Roger Bros., is now working at Hingley's store.

Gas is being installed in the home recently vacated by Al Dunn.

The Misses Hay, Lee and Wood who are attending college and high school in Edmonton spent the week-end at their respective homes.

Mr. and daughter Dorothy [illegible] spent Sunday as the guests of Mr. and Mrs. L. C. Hay and [illegible].

Dated at Tofield, in the Province of Alberta, this 10th day of November, A. D. 1925.

John W. Coulson,
Executor.

LOST—Two horses, one a strawberry roan, branded half circle with [illegible] left shoulder. One bay branded same way. Please notify Mercury Office.

A Real Bargain

A 1918 Ford Touring Car, Engine and Chassis in Good Order. Would Make a Good Bug or Truck for $65.00.

We also have a limited number of the famous De Forest Tridyn Radios. In almost every community in Canada you will find an enthusiastic owner of the Tridyn, which was one of the most successful sets last year, because it introduced the principle, "Three Tubes do the Work of Five." For distance and volume control and this set hard to beat. For value it can't be beat. It is attractive, efficient, and splendidly satisfactory. The new price on this machine is:

$100.00 Complete With all Accessories and Loud Speaker

This set sold last year for $175.00.

We can also supply the DEFOREST 32 which is a three tube set with loud speaker volume for the attractive price of $72.50 including all accessories and loud speaker.

Remember that when buying a DeForest, Crosley Radio that you are not buying an experiment. They are a standard machine, made in Canada.

New Types Of Aeroplanes

British Government Has One That Can Be Converted Into a Yacht

A French engineer M. de Monge, has invented a new type of aeroplane, which can be driven by ordinary motor-boats engines. The plane has no fuselage body. The silvered, tail, and rudder are attached to the front wing by steel rods only, and the pilot and passenger sit in a kind of nacelle in the centre of the wing between the two sets of aeroplanes engine that are used. The plane is of course, built to land on the water type and it is claimed that the wind resistance is so small that it can be driven at 200 miles an hour with a flight of about 1,000 miles.

Holds Record For Speed Vacations

In Marion Hunter who has held all records for speed vacations, has now added to her laurels by a trip around the world in 18 days, 14 hours and 20 minutes. Miss Hunter's record is the more remarkable as she is only 19 years of age.

Head and Chest Colds Relieved In a New Way

A Salve which Relieves Mothersiel Vapors when Applied Over Throat and Chest

Instead of a vapor and, at the same time absorbed through the skin like a liniment, Vicks VapoRub reaches muscle-dulled irritated, congested air passages.

Just rub it on chest and it breathes! Its vapors are breathed in with every breath you take. Let rich Vicks ease tight chest and relieve the suffocating spasms of Croup. Let it check Head Colds and prevent them developing into Bronchial Colds or Pneumonia. Let it relieve Sore Throat and Coughs. Let it relieve Nasal Catarrh. Let it relieve Muscular Aches and Pains. Let it relieve Tired, Aching Feet. Let it relieve Chilblains. Let it relieve Minor Burns and Scalds. Let it relieve Insect Bites. Let it relieve Chapped Hands. Let it relieve Dry Skin. Let it relieve Cracked Nipples. Let it relieve Sore Throat and Coughs. Let it relieve Nasal Catarrh. Let it relieve Muscular Aches and Pains. Let it relieve Tired, Aching Feet. Let it relieve Chilblains. Let it relieve Minor Burns and Scalds. Let it relieve Insect Bites. Let it relieve Chapped Hands. Let it relieve Dry Skin. Let it relieve Cracked Nipples.

NOVEMBER 22

PAUL BEFORE FELIX

Golden Text: Herein I also exercise myself to have a conscience void of offence toward God and toward men. Acts 24:16.

Lesson: Acts 23:1-24:27.

International Bible Lesson for Christian Workers.

The Text Explained and Illustrated

By Professor Paul Prescott Mc Tavish, Lesson 1-9 - See The Historical Background. Luke had charged Paul's accusers to appear against him before Lysias. While they were on their journey Paul was visited by his nephew, who had arrived in the city. This nephew informed the centurion of a plot to kill Paul. Lysias immediately sent Paul under a strong guard to Antipatris, and from there to Caesarea, where Felix was governor. Paul's accusers appeared before Felix and presented their charges. Paul answered them. Felix, who was well acquainted with the Christian religion, kept Paul in custody, but gave him liberty to receive his friends. Some days after Felix and his wife Drusilla sent for Paul and heard him concerning the faith in Christ. While Paul was reasoning of righteousness, temperance, and judgment to come, Felix trembled, and sent him away, but often sent for him and communed with him. Paul remained in prison two years.

Lesson Outline: Paul's Defense Before the Council, 23:1-10. Paul's Defense Before Felix, 24:1-21. Paul Left in Prison, 24:22-27.

DODD'S KIDNEY PILLS 23 THE PROOF

W. N. U. 1008

NO DECISION IS YET REACHED ON WESTERN RATES

Ottawa, December by the board of railway commissioners as to whether the recent order signed by Sir Lomer Gouin, minister of Justice, in connection with the railways to put into effect their horizontal increase of 5 per cent on grain and flour, would be rescinded or not, is still awaited with much anxiety.

Sir Lomer Gouin, Mr. Justice Duff and Commissioner Boyce, who constitute the board, are at present in the west sitting at the head of the table. They were due to arrive in Ottawa on Monday, but owing to the prevailing storms have been delayed and will not be here until November 26.

It is therefore realized that no decision will be given before that date. Some observers think that the commissioners will not be in a hurry to render their decision, as the order which it is to rescind does not come into effect until December 1.

Proposes To Reduce Army

France Will Make Statement After Lausanne Treaty Is Signed

Paris, As soon as the Lausanne Treaties are signed at London the French government proposes to make a serious cut in the reduction of armaments which will leave France as disarmed as Germany is. It probably will be announced between the signing on December 1 and the meeting of the League of Nations disarmament committee at Geneva, December 4.

The French authorities of course do not admit that Premier Paul Boncour, the finance minister, has any intention of reducing the army and navy with a view to the reduction of the general radius of government's taxes in peace and war. In the House of Deputies, Paul Boncour declared that the army and navy bills remain in force and that the budgets for 1924 and 1925 will be based on the present scale of expenditure.

The French delegates at Lausanne have been provided with instructions from the government to the effect that the Straits question must be settled before the Treaty is signed. Premier Poincare has declared that the Straits question is the most important of all the questions to be settled at Lausanne.

Well Known Architect Dies In St. Louis

George Raby Served on Board Which Drew Plans For Old Parliament Buildings at Ottawa

St. Louis, Mo.—George Raby, one of the architects who designed the Canadian Houses of Parliament destroyed by fire at Ottawa during the year died here on 10 of tuberculosis attendant upon advanced age.

The dean of St. Louis architects, as Mr. Raby was known, celebrated his 90th birthday on October 19 last.

Born at Manchester, Eng. the superb builder was educated in the old country and subsequently came to Canada in 1846. He resided in the Dominion for eight years and was called upon to serve on the board of architects which drew the plans for the present Parliament buildings at Ottawa. Mr. Raby later moved to Quebec, City, being the builder of the Quebec Parliament building before coming to St. Louis.

Undesirable Immigrants

Would Tighten Restrictions to Prevent Entry of Many Of Such Aliens

Ottawa, December 5.—Drastic immigration amendments are being prepared by the department of immigration and colonization with the object of preventing the entry into Canada of undesirable immigrants who have been rejected at other ports of entry. The amendments are being prepared by H. H. Lumbers, of Toronto, a lead ing barrister, who has been retained by the federal authorities to advise on immigration matters.

LIVE COMMENT ON SITUATION AT THE CAPITAL

Ottawa, December 5.—The political atmosphere will not rest in undisturbed repose during the next few days, but there will be much discussion on the subject of the Locarno pact and the Ruhr occupation, as the members of parliament return to their constituencies, who will seek to obtain from their representatives information on the subject. Many of the members have been prepared for the situation by the speech of Premier Baldwin at Glasgow, in which he declared that the Locarno pact was not a guarantee of peace, but that it would be a powerful influence in that direction. Mr. Baldwin also declared that the relative strength which the British empire could put into the field would be more than sufficient to meet any possible contingency. Mr. Baldwin's speech was considered by many members of the house as a clear indication that the government would not be prepared to enter into any new commitments, such as the Geneva protocol. The Liberal members of the house are prepared to support the government in any action it may take in connection with the Ruhr occupation, but they are not prepared to support any new commitments. The Liberal members of the house are prepared to support the government in any action it may take in connection with the Ruhr occupation, but they are not prepared to support any new commitments.

Was Elected President

Great Force Against Bolshevism

Women's Institutes of England Combat Red Influence

London. "The women's institutes of England are a great force for good, belonging not the least that England stands for, and are a great force against Bolshevism, declared Mrs. Jean Muldrew, of Ottawa, addressing the triennial annual convention of the women's institutes of Ontario which is here.

Mr. Muldrew (wife) president of Ontario, England, Wales, Ireland and Scotland, also did service in the war, and through their organization in the dominion, she said, she had learned to know and love the women of the old land. She brought greetings from the women of Canada and their sisters in England.

Honor Brave Men

Street in Winnipeg is Named Valour Road in Honor of Three Heroes

Winnipeg, Dec. 5.—Three streets which were honored here by the decision of the "Valour Road," formerly Sutherland avenue, in honor of Major Alexander Ross, who won the Victoria Cross during the South African war, and who was killed in action in France in 1918. Valour road will be extended through the Selkirk avenue, Sutherland avenue, Sutherland avenue, Sutherland

True Economy

Lies in purchasing needed articles of good quality at the lowest price good business will allow. Our stock of Ladies and Gents apparel is uptodate, was bought right and is marked at figures that means true economy.

For Ladies we have a stock of dresses and coats that compares favorably with the city stores and the prices are far below what the city stores are asking. All our ladies wear is smart, uptodate and was purchased from the foremost manufacturers.

For Men we have a splendid range of suits. A new shipment of these was recently unpacked, the quality is first class, and style, colors and materials suitable for fall wear. It is no trouble to show you these.

We have a good line of Men's Overcoats, some leather lined, all of which are dressy, warm, this season's goods and reasonably priced.

7.30 p.m. Evening service in Tofield will be under the auspices of the Tofield Boys, when Mr. Charles F. ... day of Calgary, Secretary of the Boys' Work Board of Alberta, will deliver the address. All invited ... Others will try to provide seats for all.

NECESSITY SALE

CROWNED WITH SUCCESS

Our opening days far exceeded our expectations. People came for miles and the parcel laden people who left our store, bears evidence of the unusual values they received. That our efforts have been crowned with success is a foregone conclusion.

THIS COMING WEEK

Saturday included, we have unearthed some astounding specials that will make your visit to our store a pleasure and a profit. We are doing everything humanly possible to give values that no keen sighted person who has forethought for economy should miss. Many specials will never receive publication.

MEN'S SHIRTS

What man is there who cannot use a few GOOD WORK SHIRTS, and you can rest assured it is a rare occasion when you can get such a value as this. Heavy Winter weight in tan and red cotton flannel, full range of sizes, while they last, extra special!

1.00

MEN'S BOOTS

We only wish we had enough of these boots to suit all. Quantities limited, you will recognize their value the moment you see them. They come in brown and black calf, rubber beels, suitable for fine or general wear, and is a dollar under anyone our other numerous shoe bargains. Extra Special!

3.95

LADIES' SHOES

Fifty pairs only, consisting of Boots, Oxfords and Strap Slippers, black and Brown, low and military heel, many of these lines retailed in the regular way as high as $6.50, but odd lines and broken sizes, compelled us to make a big sacrifice, a big range for the growing school girl. Extra Special!

1.95

LADIES' COATS

Ladies, we cannot impress too strongly the tremendous value in this coat special, and we doubt if its equal can be duplicated in Alberta. Good styles in heavy Pole Cloth, some have fur collars, also fur trimming around bottom, beautifully lined and well tailored. Reg. to $37.50.

Extra Special!

14.95

MEN'S OVERCOATS

Men, why pay more when this sterling indorsement is ready for your choosing. We cannot recall the time when an Overcoat value was so outstanding. Heavy wool pole cloth, fully belted, deep collars, leather lined tops. Do not miss this opportunity, if you need a winter coat.

Extra Special!

23.50

People who use "Red Rose" usually those who like tea of extra good quality

RED ROSE TEA "is good tea"

The ORANGE PEKOE is extra good. *Try it!*

A War Of Extermination

Wrap up warm inside

On a raw winter's day you wouldn't venture out without a good overcoat to keep out the cold. But your *inside* wants keeping warm as well.

Make a practice of drinking BOVRIL regularly during the winter months. It keeps up your vitality and helps you to resist colds, chills and influenza.

Hot BOVRIL Puts Beef into you

Educational Exhibit

Plan On 23 Homesteads in Four Provinces Represented at Imperial Canada

Hon. Duncan A. Gillis, minister of agriculture, has decided to send a complete exhibit of agricultural products to be used as good will "travelling." This wonderful little exhibit is to be sent through the cities of the United States and Canada, and will be on view in the cities of Toronto, Montreal, Winnipeg, Regina, Saskatoon, Edmonton and Calgary. The exhibit will be shown in the Dominion Building, Toronto, during the Canadian National Exhibition, August 30th to September 13th. It will be shown in the Dominion Building, Montreal, during the Sherbrooke Exhibition, September 15th to 20th. It will be shown in the Dominion Building, Winnipeg, during the Provincial Exhibition, September 22nd to October 1st. It will be shown in the Dominion Building, Regina, during the Provincial Exhibition, October 3rd to 8th. It will be shown in the Dominion Building, Saskatoon, during the Provincial Exhibition, October 10th to 15th. It will be shown in the Dominion Building, Edmonton, during the Provincial Exhibition, October 17th to 22nd. It will be shown in the Dominion Building, Calgary, during the Provincial Exhibition, October 24th to 29th.

The exhibit will be in charge of Mr. Joseph Clarke, of the Department of Agriculture, Edmonton, and will consist of grains, grasses, roots, vegetables, fruits, flowers, etc., grown on homesteads in the Province of Alberta. The exhibit will be shown in a special car, which will be fitted up for the purpose. The car will be in charge of a competent attendant, who will look after the exhibit and keep it in order. The car will be shipped from point to point by express, and will be accompanied by Mr. Clarke.

The exhibit will be the finest ever shown in Canada, and will be a credit to the province. It will be shown in the cities of Toronto, Montreal, Winnipeg, Regina, Saskatoon, Edmonton and Calgary. The exhibit will be shown in the Dominion Building, Toronto, during the Canadian National Exhibition, August 30th to September 13th. It will be shown in the Dominion Building, Montreal, during the Sherbrooke Exhibition, September 15th to 20th. It will be shown in the Dominion Building, Winnipeg, during the Provincial Exhibition, September 22nd to October 1st. It will be shown in the Dominion Building, Regina, during the Provincial Exhibition, October 3rd to 8th. It will be shown in the Dominion Building, Saskatoon, during the Provincial Exhibition, October 10th to 15th. It will be shown in the Dominion Building, Edmonton, during the Provincial Exhibition, October 17th to 22nd. It will be shown in the Dominion Building, Calgary, during the Provincial Exhibition, October 24th to 29th.

Agony Of Lumbago Quickly Soothed Away By "Nerviline"

For the sharp piercing pain of Lumbago, Sciatica, Neuralgia, Backache or Rheumatism, use Nerviline. It is a powerful, penetrating pain reliever and sound "Nerviline." This wonderful liniment is a serious stimulant to the deeper nerve centres, thaws at once the congestion and starts the blood from the congested area, and the aching reflexes are relieved. Nerviline is a pain killer that has stood the test of time. Nerviline and Minard's Liniment are the two most powerful pain relievers we know of. Nerviline is 25c at all dealers.

Eliminating Responsibility

The Toronto Telegram tells of a farmer who tried to kill their aged members when they became helpless under a belief implanted regarding the affection being greater in the animal kingdom than in the human. The Telegram says that this belief may be true in some cases, but that in the majority of cases it is a mere excuse for eliminating responsibility.

BABY'S OWN TABLETS ARE OF GREAT VALUE

To All Mothers Having Young Children in the Home

Mrs. Joseph Lavoie, Cap Rouge, Que., says: "I have used Baby's Own Tablets for my baby and I must say they have done her very well indeed. She is now a healthy looking child because they regulate her stomach and bowels. I recommend them to every mother who has a sick baby." Baby's Own Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Plan To Reduce Crime

Offer $2,500 Reward For Best Proposal to Reduce Crime in Canada

Debt Funding Problems

Peace Hopes In Obtain Better Deals From France

Hopes that France may obtain better terms than the United States debt settlement have been dashed to the ground. M. Caillaux has been sent to the Balkan states and Germany to arrange reparations and to obtain cheques on account, depending with the debt funding question upon France.

It must, however, be thought in fact as he does before he can expect negotiations with the United States and that whether he will be successful or not will depend upon the attitude of the financial crisis.

Send Extraction Plant

The Dominion government has sent to the plant at New Westminster, B.C., a complete extraction plant of the latest type for the British Columbia Penitentiary, London daily stocks of Insulin for cases will be pitched in the Fraser Valley to kill the cold counter order.

John Sabbide Maitland's champion whisker has made a hobby from Maritime

Keep Minard's Liniment handy.

AFTER ALL Nothing To Equal Zam-Buk FOR THE SKIN!

British Columbia Paper Mill

New Setting Product On An Extensive Scale

Widening Market

British Columbia paper is now selling on a widening market. It supplies Western Canada and a large part of the Western Pacific coast states.

The last fortnight has seen several new developments in the industry, several orders were recently sent to France when it is expected will become a steady market. A market has now been opened at Antwerp, and orders for Canadian paper are being made freely, paper manufacturers are awaiting for a big demand from the market which had been hitherto restricted due to a high import duty charged.

Millers Warn Feeders Work on Short Rations

Millers of Western Canada are warning feeders against the practice of feeding wheat to cattle and hogs without being properly ground. They point out that a number of cases of the use of wheat for feeding to the stage have been reported, and that unless the grinders are in operation, it would be more thorough, and double than their action.

To Relieve Farm Drudgery

Modern Methods May Soon Be Applied To Make Work Easier In the Home

The Minneapolis Journal remarks that the time is coming when the man who mentioned the residue of a time when the housewife carried water in pails, cooked on stoves and washed clothes on washboards. Then the farmer's wife will be relieved of many of the drudgeries of which she complains. Then the farmer's wife will be relieved of many of the drudgeries of which she complains. Then the farmer's wife will be relieved of many of the drudgeries of which she complains.

Her Heart Palpitated She Had Fainting Spells

Mrs. J. Wilson, Port Lewoga, N.S., writes: "I suffered for a long time with pains around the heart and palpitation of the heart so I thought I would die. I was so nervous I could not sleep. My appetite was poor. I had tried everything, but I could get no relief. At last, I thought I would have been a better word but for Dodd's Kidney Pills."

MILBURN'S HEART AND NERVE PILLS

These Pills are for sale at all drug stores and dealers, put up only by The T. Milburn Co., Limited, Toronto, Ont.

Plans afoot all is but an exhibition which is to be held in order to allow the public a better chance to throw mud at him

Assembly men be more persistent but you don't notice it except on the highway

How He Discovered Best Constipation Relief

Mr. Joseph F. Cha of Brooklyn, N. Y., writes "In the past 20 years I have been constantly troubled with constipation. Every remedy I tried would work O.K. for a while—but soon failed. The only remedy I have been able to use steadily and with results have been Carter's Little Liver Pills. I don't guess when I take them and I know I'm going to feel relieved." Like all druggists.

SUNDAY SCHOOL LESSON

NOVEMBER 29

PAUL BEFORE AGRIPPA

Time for Text: I am not disobedient unto the heavenly vision. Acts 26:19

Lesson Acts 26:1 to 26:32.

Devotional Reading: Psalm 63:1-5

The Text Explained and Illustrated

Paul's Defense Before Agrippa, verses 1-23. King Agrippa was Herod Agrippa II., ruler of small principality in the Northern Palestine, with the title of king, son of Herod Agrippa I., who was James the son of Zebedee, great nephew of Herod Antipas, who beheaded John the Baptist; great grandson of Herod the Great, who slaughtered the innocents in his attempt to kill the infant Jesus. Paul began his defense not only for himself but of the gospel he preached by courteously referring to Agrippa's knowledge of Jewish customs and customs, and then he told of his early life as a Pharisee, his persecution of Christians, his conversion, and his commission to be a witness for Jesus. To the heavenly vision granted him he was obedient, and he had been persecuted for it.

"It is not enough that a man should say, 'Whosoever I am the victim,' or 'Whosoever I was continue out of the victim.' 'Whosoever I am the victim of the [illegible] might appear in the [illegible] of the [illegible] are all very well, but the right result is, 'Whosoever I was the victim of the victim.' THE RED CROSS

EACH FALL, deserving associations make their appeal to the people of the province, hoping that with the receiving of returns from the crop shipments, they might be given a share, wherewith to carry on their good works.

Of the many societies that appeal to the people, that of the Red Cross and Junior Red Cross are of a very meritorious nature. Year by year, as the months roll round, the Alberta Red Cross are quietly and diligently bestowing a great blessing where it is most needed. A mothers' life saved through timely care and attention; a destitute immigrant relieved of needless suffering; a crippled child restored to health and vigor; these are daily tasks for the Alberta Red Cross, and what greater tasks could be accomplished. During the great war the Red Cross fired our immagination and the public "gave until it hurt," but if it is true "that peace hath its victories," it also has its tragedies—tragedies that require the speedy, efficient, and kindly help of the Red Cross. You will likely soon be ccalled upon to help, in your most convenient way, this great society. A society that has no social, racial, religious or age barriers; a society in which a sick or wounded piece of humanity is theirs to heal; a society in which the relieving of suffering is its cause for existence.

ALBERTA THE LAND OF OPPORTUNITY

IN A discussion of rural credits at the U.F.A. meeting on Saturday night, Mr. Ferguson made the claim that in districts where the rainfall was assured, it would be good business for capitalists to loan money to energetic capable young men, first to buy land and then to have it broken. The value of the crop the first year in many cases would be sufficient to pay for the land and the paying back of the loan advanced for the breaking would soon follow. Mr. Ferguson is no barrel orator, but a farmer of experience. What he says is undoubtedly true, and would make Alberta a land of true and wonderful opportunity. The idea does not completely cover the rural credits question, but is a very valuable piece of information, both for students of the question and intending lenders.

WINTER SPORT

THE CURLING club at its general meeting got away to a good start this season. The attendance and application for membership was such as to insure the complete success of the association's activities this winter.

Up to the present, so far as we are aware, nothing much has been said or done regarding senior hockey. Some few weeks ago it was generally accepted that their would be no senior team here this winter, mostly due to the fact that the train service almost prevents visiting teams from coming here. Last winter Edmonton amateur teams could come up and return home the same night, but now they would have to come in the morning and spend all day here—something they are unlikely to do. Eastern teams would have to stay all night and there are few of them. Anyway, as the weather got colder, and ice became a viable substance, memories of past glories with stick and puck arouse and now we learn senior hockey is in the making. The world will go round and spring will come whether Tofield has a hockey team or not, but it will not be just the same if the winter passes without at least a few senior games. When Manager Kendall has a good sheet of ice on the rink, if not before, business will be transacted quickly in senior hockey circles.

Notice to Creditors

All parties having claims of accounts against the Tofield Agricultural Society must file same giving full particulars with D. E. Ball, Tofield, Alta., on or before the Twentieth day of December, Nineteen Hundred and Twenty-five. After that date it is my intention to distribute the assets of the Society, having regard only to the claims of which I have received notice.

(Sgd.) D. E. BALL,
Liquidator of the Tofield Agricultural Society.

COST OF PRODUCING WHEAT

(Experimental Farm Note)

The cost of producing wheat throughout the three prairie provinces in 1925 has been approximately 56c. per bushel. This calculation has been based on the estimated average yield of 17 bushels per acre and upon what are regarded to be the prevailing rates of wages, interest, taxes, machinery, seed, twine, and hail insurance premiums. Wages the world have been larger than 17 bushels per acre or where costs for any reason have been below the average, then the cost of producing wheat would be below 56c. per bus. In fact each individual farmer who have a different cost depending upon how favorable the season had been in his particular locality and upon the efficiency of his farming.

The yield per acre is probably the most important factor affecting the cost per bushel of producing wheat. A few instances will be sufficient to show this. On summerfallow land, when the yield is 25 bushels to the acre, the cost per bushel would be $1.62 a bale, when the yield was 30 bushels to the acre, the cost would only be 50 cents per bus. On plowed stubble land, when the yield is 10 bus. to the acre the cost would be $1.20 per bus., while when the yield was 30 bus. to the acre, the cost would only be 50 per bus. The per centage of land which should be in summerfallow should very depending upon the comparitive yields secured over a period of years on summerfallow and on plowed stubble land. Increased yields may be obtained nothing in some localities, in wheat farming. Even a three year period is quite insufficient to learn definately whether the cost of production is remunerated by returns from the crop shipments, but where sufficient data is secured over a long period of years, which entails your money would be required to secure experimental farms.

The season starts an extremely profitable business and when the season's crop which seems that enormous variation from farms upon the cost per bus. of production would range a good deal. Farming year to year in yield and in cost of during wheat. Yields may vary from is not a one year business, especially production.

Isolation Banished

With the Atwater-Kent Radiset, isolation is banished. No more long lonely winter evenings. Joy of joys, the solder it is the more you enjoy it. There is fun or everyone in the family, from grand-dad to the baby. The Atwater Kent set is of sterling worth and is priced for the common people. In its construction, there is nothing omitted that would improve reception and nothing added just to increase the price. It is one hundred per cent efficient and is made by a well known electrical firm established for many years. We selected it because we liked it and believed it good value at the price and offer it to you with the same thought in mind. We do not make extravagant claims but we are justified in saying "you can't go wrong by getting an Atwater-Kent.

NOTICE TO CREDITORS AND CLAIMANTS

In the Matter of the Estate of Daniel Francis, late of the Post Office of Tofield, in the Province of Alberta, Deceased:

NOTICE is hereby given that all persons having claims against the estate of Daniel Francis, who died at Tofield, in the Province of Alberta, on or about the twenty-sixth day of May, A.D., 1925, are required before the 10th day of January, A.D., 1926 to send to Mr. John W. Cosham, Tofield, Alberta, the Executor of the said Estate, a full statement of their claims and of any securities held by them, duly certified by statutory declaration, and that after the last mentioned date the Executor will proceed to distribute the assets of the said Estate among the parties entitled thereto, having regard only to the claims of which notice has been so filed or which have been brought to his knowledge.

Dated at Tofield, in the Province of Alberta, this 10th day of November, A. D. 1925.

John W Cosham,
Executor.

STONE BROS.

THE TAILOR

Must have business in order to keep going. Everything is O.K. We have a comfortable and well situated shop. We are practical and thoroughly experienced. We have samples of A.1. lines of Men's clothing. We are pleased and the customers are satisfied with the business we are now doing, but we must have a larger volume in order to keep going. Your work and custom is respectfully solicited.

W. R. McCondach

Winter's Stormy Blasts

May howl outside the home, but they mean little to those in the well constructed residence. Storm doors and windows keep out the cold and lowers the fuel expense bill. Those who use storm windows regularly, need no convincing of their value, and we suggest that the non user consult the user. We have a good line of storm doors and windows at fair prices.

W. B. FORD, Mgr.

A "REQUEST" NUMBER

The specials that we advertised last week, sold like hot cakes on a frosty morning, so we are going to give those of our customers who did not partake of this special another opportunity. In fact it is, as the broadcasters say, a request number, as at least one customer who did not get in on this special, wants to. Here are the specials:

Bacon, the best that money can buy, per lb. 35c.
Rolled Butts, per lb. 25c
(By the piece)
Highest Prices Paid for Hides, 5c. to 8c. per lb.

Hobson's Meat Market

BARDO

The dinner and sale at the Lutheran church, was a decided success. The Ladies' Aid cleared $80.00 on their dinner and $140.00 on their sale. The Thimble Club realized $86.50 from their sale. Quite a large number from Ryley were present. a number from Assub Creek, several from King ram.

The Geo. Brown family from Round Hill. Mr. and Mrs. Guy Owens from Kerchanoot. Mrs. McCauley, Mrs. Rogers, Mrs. Webb and Mr and Mrs. Pete Haigens from Tofield were also present at the dinner and sale. The ladies are very grateful to those from abroad as well as home folk for their liberal patronage.

Mr. and Mrs. Jake King and children left for Illinois, U.S.A. on Tuesday morning for a visit with relatives. Mrs. Bender and children accompanied them. After visiting in U.S. Mrs. Bender and family will go to Ontario for a visit.

Mr. and Mrs. Dave Yoder and John Yoder motored to Edmonton on Sat. On Sunday Miss Stutzman preached at the Mennonite church. The text was John 14.14. Bishop Roth has been in Montana and Southern Alberta for several days on church business. Dan Burkholder was elected secretary of the Sunday school during the absence of John King.

Mr. and Mrs. G. B. Owens picked 10 turkeys on Tuesday for John Yoder.

Harold Currie is packing poultry for J. E. Kaufman and W. E. Parker and Lumber Co.

Mrs. Matilda Booth of Morven, Alta., came on Monday for an extended visit with the Jacobson family

Our Christmas Display

We now are unpacking our CHRISTMAS GOODS, among which are a large number of articles suitable for CHRISTMAS PRESENTS. Our Toy display this year will be "Bigger and Better Than Ever," and we cordially invite parents to bring their children in to see the good things that have arrived from Santa Claus Land.

We have recently added quite a number of new lines to our MEN'S WEAR DEPARTMENT. They are new goods, of good quality, reasonably priced. This now makes our stock of Men's Wear complete. We invite the men to come and make known their requirements. As usual our stock of LADIES' WEAR is up-to-date, smart and well selected.

In both Men's Wear and Ladies' Wear there are many things exceptionally well suited for Christmas Gifts.

Men's and Ladies Overcoats, reg. $2.50, now $2.00

Pyrdeski's Cleaning, Dye Work and Dressmaking

Tune In On This

When anyone tell you that our **Three Tube Tryrden Radio** won't handle a loud speaker and give you volume on American stations, they are talking about something of which they know nothing. These machines give plenty of volume on the loud speaker and are very reasonable in price. $180.00 Will Put One of Them in your home, complete with a Brandes Loud Speaker. Then you will be able to enjoy the many concerts, speeches and market reports that are being broadcasted from over 400 stations throughout the ccontinent.

Another interesting fact about the Tryrden is that out of eight machines in Manitoba that got London, England, during the tests last year, four of them were **Tryrden Three Tube Sets.** So don't let anyone tell you that a **Three Tube** set won't give satisfactory results on a loud speaker.

A New Star

(SIX CYLINDER)

Some of the best engineering brains and constructive automotive ability, have been for a number of months working on the production of a NEW STAR CAR. This will be put on the market in Alberta in the spring. Advices from the factory are that in general all round excellence, it is the most mechanically perfect, smartest looking, most easily handled car yet offered to the American people. The price will be kept down to the last dollar, the object being to offer a superb car with a million dollar motor to a million people. Wait for further announcement.

It Pays To Advertise

Mrs. Rogers Passes Away

It was a great shock to the community to hear on Tuesday night of the demise of Mrs. Joseph Rogers, well known and highly respected resident of this community.

Mr. Rogers had been ill only a short time, suffering from pleurisy pneumonia and was thought to be a little better when she took rapidly and expired. The actual cause of death was heart failure, brought about by pneumonia.

Josephine Rogers was born at Kettley, Ontario, on December 19th, 1851 and was so her 70th year. On February 17th, 1877 she was married to Joseph Rogers, the couple took the honeymoon of one journey to the west, residing in the west until 1910, when they came west to Tofield, where they have since resided. Mrs. Rogers by her charming way and kindly spirit won her way into the hearts of the people. Of a quiet and unobtrusive nature, yet she found time to do many kindly acts that will long be remembered by the recipients. Mrs. Rogers was closely allied to the church which she loved and for many years held-end in its behalf.

She leaves to mourn her loss, a loving husband, and three sons, Ernest of Tofield, Walter, of Grassmere, and Percy of Tofield.

The funeral will be held on Friday at two o'clock, from the United Church. Interment will be made at the Tofield cemetery.

B.I. NOTES

The regular social meeting was held on Tuesday with 21 present. Considerable business was done, after which the following officers were elected President, Mrs. Geo. Bisset; 1st Vice President, Mrs. Ward, 2nd Vice-President, Mrs. Baptist; secretary, Miss Kelsal; corresponding secretary, Mrs. Hammond, treasurer, Mrs. Swail. In addition to the officers named, the directors comprise Mrs. Bourne, Mrs. McCauley, Mrs. McClurg and Mrs. Pincott. Librarian are Mrs. Ward, Mrs. Abbot, Mrs. Taylor, Miss D. Baptist and Miss Helen Souther. Mrs. Pincott will still have charge of renting the rooms.

If anyone knows of any poor children in town that we have not heard of by to visit, will they please 'phone any of our officers.

Arrangements were made for our annual banquet, which is to be held on Tuesday evening, January 12th, 1926, at 6.30. Anyone not having paid their dues, may do so before that time, which entitles them to attend the banquet. New members are not to welcome at the latter occasional.

The library is open every Saturday afternoon from 3 to 5 o'clock. The membership fee is one dollar per year, entitling you to two books weekly. Winter is here, why not join and help to pass the evenings with a good book on your companion? We have lots of good ones.

The following is a letter received from Dr. Wood in answer to the request sent him on the opening of the new Bisset Block.

Dear Mrs. Pincott:—Will you kindly convey to the women's institute our thanks for the very fine donation just received and for which I have ordered a reward ($20.20) We are very grateful to you and all the friends who are helping to make our campaign a success. We hope some of you some day will be able to visit the Home and see the children.

Yours sincerely,
GEO. WOOD

PURE SOCK

We believe that at last what we have been telling you about our DAY PAN machine has been proven and that all who have heard them freely admit that it is by far the finest machine they have heard. This machine is tremendously powerful. It can be turned on to be heard the length of two city blocks at the least. It can be used for dances in a large hall, yet can be run down to a record so that it is just whisper. REMEMBER IT DOES NOT SQUEAL IT CANNOT. A child can tune it easily, and it is probably the quickest tuning set in the world. No loud phone is needed. All stations come in on the loud speaker. We make this challenge, without the slightest fear of being beaten, that we will meet and beat ANY SET IN THE WORLD which is sold up to the value of the DAY PAN.

RAYMOND W. PINCOTT

Personal

The tennis club will hold another evening of bridge whist on Monday, December 14th, in the Institute rooms. Usual admission. All are invited. Members of the club will be pleased to have any one that may be unacquainted with the game.

Those visiting the Capital city over the week end from Tofield included Mrs. R. Wood, Harmon Lewis, Mr. McClymont, R. Carlisle, Gastonia Carlisle and Mervin Hall.

Harold Weatherbill who has been home for a visit entrained for Edmonton on Sunday evening.

WORLD HAPPENINGS BRIEFLY TOLD

It is the unanimous decision of the new cabinet of Adelaide, Ireland, to ignore reunion, their refusing to settle them with the United States.

From that the Prince of Wales redistricts his empire tour by going to the British Free State, with a view to allaying the discord between Southern Ireland and Ulster, are being made.

Eleven letters by Benjamin Franklin, including one denouncing his country for bigotry in the slave trade, have brought $3,500 at auction in New York.

Without a wing of smoke from his two favourable funnels, the Swedish motor ship Gripsholm slid into port at New York the first of her kind to cross the Atlantic.

Because he was good to his pals in jail, Charles Hinton does not rest in a pauper's grave, but lies in St. Joseph's cemetery, at Auburn, N.Y., where his prison mates contributed a pot to him.

Five hundred Americans will leave on an all-expenses-paid tour of Europe in New York discriminately, adopted from the million contesting in the immigration entry of the United States into the World Court.

A lump as a stew, Frank Middleton, Toronto, carried home a rock and a half as coal in his lunch box. The coal stew was the property of the Canadian Pacific Railway, of which he was an employee.

Canada's exports to Russia have shown a rapid increase in the last year. In the 12 months ended October, Canadian exports to Russia were $1,000,000, as against $1,000,000 in the previous 12 months.

Administration is to be carried out from the air by Canadian to the Ministry of agriculture. Aeroplanes are to be sent out every morning by the time they are required by the time they arrive at Toronto.

About $10,000 in bonds and cash was found among the effects of David Jones, proprietor of a milk and ice cream in London, who died from heart disease. He had lived on a benefit for several years.

Invitations have been sent to Mr. Mackenzie King, Premier of Canada, Mr. Lapointe, Minister of Justice, and Mr. Lesage, Minister of Public Works, to attend the League of Nations' Union of Great Britain, celebrating the 10th anniversary to participate in the International universities' all-Rugger and walking contests, scheduled for January 10-19 at St. Moritz, Switzerland.

For the first time since the war, the German language was heard in the council of international chambers of commerce at Paris when Frans von Mendelssohn hailed the Locarno spirit every part as a good omen for future peace.

Prices Go To Grande Prairie

Two Days Lumber Sale Stirs Northwest Of Edmonton Gain Trip To Toronto

All the way from Grande Prairie, 500 miles southwest of Edmon on, two boys, aged 14 and 16, who had never been out of the north country and who had never travelled on a train, came here recently and captured the blue ribbon for the championship for the best carload of pigs in the contest for boys and girls pig clubs in Central and Northern Alberta. These boys, as a result, were given a trip all the way to Toronto to attend the Royal Show as guests of the C.P.R and have also won the challenge trophy offered by that railway company. They were trailed by A.M. Jodoin, district agricultural for the Peace River District. The boys in this district have organized a Calf Club, and Mr. Jodoin, who was in charge of the party, was also the organizer of the Grande and Beaverdam as a result of which, five days after the pigs were on a train, came met in special session, the last eleven soldier boys in Dominion territory and the municipality was formed. Increased prices have come to the league as a result of the boys' success. Prices of pedigreed pigs is still necessary.

Canada's Trade Increases

Value of Agricultural Products Helps To Swell Returns

Canada's favourable trade balance of $[illegible] for the month of October, a [illegible] January 1926 to [illegible] 1927, and compares with a for the balance of $[illegible] for the corresponding month of 1925. A [illegible] shown in the [illegible] 1926, when the [illegible] $[illegible] to the corresponding period of the year, while the trade in that period is higher by nearly 200 millions.

When the October exports are compared with those in the same month of last year, the most striking change is shown in the value of agricultural products, which is higher by 33½ million. Value of animal products is reported shows an increase of nearly two millions, while those of livestock shows an increase of well over a million.

Wireless Wireless For Earthquakes

In Nebraska, a Japanese scientist, Mr. Nakamura, is experimenting with wireless waves for the many earthquakes which have been recorded all over the world. Dr. Nakamura claims that the wireless waves set up in Infernal provinces at the centre of the earth which causes earthquakes

Tourists Flock To Pacific Coast

Winter Pilgrimage to Vancouver Promising to Be Money Time Season

Vancouver, B.C.—Tourists from the prairie provinces are beginning their winter pilgrimage into Vancouver, the publicity bureau here reports. Manitoba, Alberta and Saskatchewan automobile license plates are seen, hotels report the registration of many prairie guests, including whole families, and the proverbial long fur coats dot the city landscape.

It is predicted that prairie tourist trade will be heavy this season, and many additional attractions await the visitor. A particularly fine concert programmes, including performances by world famous artists, and a full season of the best road shows, are scheduled for the winter. The completion of a new hotel across Burrard Inlet, which opens up to direct automobile traffic the whole wonderland of scenic mountain road on the north shore, general improvement of avenue, highways and many other local matters of moment to tourist travel visitors.

An early start for Australia is to [illegible] by airplane [illegible] Australia, as a [illegible] New York disarmingly, adopted from [illegible] the Vancouver Exhibition Association, one of the finest displays of beef and dairy cattle ever seen in this province will be on display [illegible] swine, horse and poultry.

Vancouver [illegible] in order for the immediate arrival of her prairie guests. The streets [illegible] very pedestrian have been supplied every [illegible] of information of interest to tourists and [illegible] the [illegible] Vancouver [illegible] visiting every [illegible] [illegible] mailed out to Vancouver [illegible] public. New [illegible] and [illegible] [illegible] are [illegible] [illegible] [illegible]

WEEKLY NEWS DIGESTED

Issued by Publicity Commission, Government of Alberta, Edmonton, December 6th, 1923

Prince's Bull Win Championship

The famous shorthorn bull, "Lieut. of the Prairie", former herd leader for the herd of the Prince of Wales' Ranch near High River, Alberta, was awarded the world's championship at the International Livestock show at Chicago the past week. Other prizes also went to Alberta exhibits in both livestock and grain exhibits, but a complete list of these is not yet available. The Prince's bull becomes indisputable champion of only $90, for $1,500.

Municipalities Doing Well

According to reports presented to the Alberta Association of municipal districts, by the president, the municipalities of Alberta are in a favorable condition. Against an assessed value of $470,000,000, there is a debenture indebtedness of only $60,000, one third of which is one district. All payments on the above are being met promptly when due. Forty per cent of the districts had no money borrowed last year for any purpose, and of those which borrowed, all but 19 paid their heads in full at the end of the year.

Open Season for Beaver

The Alberta Government has declared an open season for beaver extending from December 1st, 1923, to the 30th day of April, 1924, effective only in that part of the province of Alberta lying to the north of township 49.

Sugar Beets Pay Well

At least one farmer in the Irrigated districts is glad he went into the sugar beet raising. This is Wm. Volgardsen, near Taber, who secured 2264 rotters from three and one half acres of land. The sugar factory at Raymond is having a splendid run, and the new sugar is to been dumped in the province plus [illegible]

Premier Brownlee Ill

Premier Brownlee is at present confined to his residence at Edmonton with a severe cold and slight congestion of the lungs. His condition, while serious, is not alarming. Hons. Geo. Hoadley is acting premier.

Strathcona People Celebrate

In honor of the local staff of the Alberta government telephones at Strathcona, who won the Provincial shield for 1923 in the building and grounds contest of the government telephones, a celebration was held by the citizens of the town last Wednesday evening. More than 200 people were present, including those subscribers from all parts of the district. The presentation of the shield was made by R. B. Baxter, general manager of government telephones, and other officials present included Messrs. Baker, Mitchell and Peebles from the Headquarters staff. The judges of the contest this year were A. M. Mitchell, auditor of government telephones, and C. G. Graf, provincial publicity commissioner. More than 30 members of the government telephone staff at Calgary also attended.

SCHOOL DISTRICT ANNUAL MEETINGS

The time will soon be here when rural school districts will be holding the annual meetings. While not always the case, it frequently happens that the attendance is very small—sometimes limited to the trustees themselves. There may be reasons for this, such as lack of advertising, the official posting of notices in a post office, hardly doing justice to the occasion. Many of our rural dwellers, who get their mail on the routes, also buy stamps, money orders, etc., from the mail driver and have little reason to enter the post office and surely do not on rare occasions. Then again it might not be just the bare sense of the importance of the meeting that is lacking, but a sense of the importance of the business that should be attended to at the meeting. Many take school matters, their own school matters, for granted. Somebody always attended to them, somebody always will. This is probably true enough, but nevertheless, for one meeting a year, it would seem that it would be both pleasant and profitable for ratepayers, both ladies and gentlemen, to attend the annual meeting.

—AND TO BUY AND SELL A LITTLE REAL ESTATE—

In a recent issue of the Saturday evening Post appeared an article entitled "Florida Fever." It informs the reader that in the great migration of United States citizens to Florida in 1925, some two and a half millions of people crossed the border. Commenting on the kind of people going and reasons therefore, the writer ends each paragraph with "and to buy and sell a little real estate at a profit." There is a familiar ring to this to Western Canadians. Our cities and a large number of our towns are painfully paying off indebtedness created during the boom days.

In time the people of Florida will learn what Alberta residents have already learned, that prosperous towns and cities are not made merely by the influx of population, but by the development of natural resources. This development essentially takes time and is caused not so much by the get rich quick idea, as the steady work and save idea. Where a province or state has half developed, immigrants are needed, but a steady flow is better than a flood. What really happens, when a million or so people decide to settle in a certain spot, is something like this. They all take in some money, and when they reach their destination, commence to spend it. This is itself creates "good times." After awhile, those most able to control their own finances, commence to accumulate considerable of their fellow citizens money and in a short time, the flow being checked, business shows up and so called hard times are upon them. It is then that the true nature of the country asserts itself. If it really has potential possibilities, in the course of a few years, prosperity will gradually return, if not, there is a steady trickle away from the place, those leaving being both sadder and wiser.

Alberta has already passed the crisis. We now know that every place the train stops at cannot be a Chicago or New York, but we have also learned that for perpetual possibilities there is no better place under the sun than Alberta. Fully recognizing that it is necessary to have qualified men to act as real estate agents to execute our normal real estate exchanges for us, yet it was not and is not the real estate dabbler that has brought to Alberta the measure of prosperity she now enjoys. Rather, it is the man who, with plow, seeder and binder, has wrested from the soil, the fruits thereof; the man, who commencing with one or two cows increased his herd to twenty or thirty and caused Alberta better to be sent to the ends of the earth; the man, who by boring first to discover, and then digging to procure, gave us and neighboring provinces coal for fuel; the producers of natural gas; the country town merchant; in fact anybody and everybody who took up an essential work and stuck to it.

WINTER CARE OF THE PREGNANT SOW

(Experimental Farm Note)

At the Dominion Experimental Station, Lacombe the first provision made in connection with the winter management of pregnant sows is for exercise. To compel exercise the sleeping quarters are located some 200 yards from the feeding troughs which are near the main pasture, thus forcing the sows to walk to and fro twice a day for their food.

The lot over which the sows walk is ploughed deep in the fall to expose fresh earth of which the sows eat some small amounts daily. A shed cheaply constructed from posts, discarded woven wire and straw, or well-banked portable colony houses to be excellent winter quarters. During extremely cold weather following a heavy snow fall there is some danger of the sows taste being disturbed when the pigs plunge through the snow to the feeding troughs. This rarely occurs as the sows usually have a well trampled trail made to the troughs.

From three to five pounds of whole oats or oat chop, fed scattered on the frozen surface or in troughs with one pound of bran or tankage added, per day, makes a good grain allowance. If sows are then in flesh the green ration might include one third turnips until the conditions is improved. If roots, turnips or mangels are available, five to ten pounds per head might be fed each day. Alfalfa or clover hay is also a valuable roughage and will be readily eaten. If oats have been cut quite green, mature sows will eat the green feed with relish and benefit. It is difficult to lay down definite rules to meet all conditions, therefore, the feeder must exercise judgment and feed a ration made up of a variety of foods and feed much or little as the condition of the sows demands in order to keep them from getting over fat or yet becoming too thin. Soft coal can be fed to advantage if kept before the sows at all times. To prevent having pigs diabetic one ounce of potassium iodide in one gallon of water and feed one tablespoonful of the solution per sow per day for 30 days previous to farrowing.

CALENDARS

The Mercury last year accepted the agency of an eastern firm for calendars. We showed to the merchants of Tofield in January, an excellent line at prices for calendars of equal appearance, much below previously shown samples and price lists. We were able, within a very few cents, to compete with the so called half and half plan and the merchant had a larger selection to choose from. This season we will again be around in January. Our samples, which are new and up-to-date, are already on the road to us. We solicit your business soley on the basis of quality and price.

BARBO

Mrs. J. Berlet and little daughter came Tuesday evening from Youngstown, Alta., for a few days with the J. Jacobson family.

Clarence Rude and Gunvald Marhaud spent the week end in the Hagg home near Kingman.

Mr. and Mrs. Ivor Moen and Mr. and Mrs. Howard Plesnik motored to Edmonton on Monday, returning on Wednesday morning.

Mr. and Mrs. W. E. Parker, Hazel and Herbert and Mrs. Mabel Moen were Edmonton guests on Tuesday.

Mr. Moen is doing some carpenter and masonry work for F. E. Hill, this week.

Farmers are hauling off grain so fast as they can get cars.

Little Neil Whillans is so much better and will be brought home Wednesday morning.

LOST—Four yearlings, two with brand on left side, two Ps, one standing and one lazy with bar above; two red and white heifers without brand. Notify P. L. Winder, Kingman, Alta. 52p

SHOWER

A party and shower combined was held in the Ingram school on Thursday evening, December 3rd in honor of a popular young couple, Miss Antonelle Kellner and Mr. Roy Langson, whose marriage takes places in the near future.

The parcels containing the presents were hidden in different places in the school house and Miss Kellner was given slips of paper, which guided her in finding them.

After the display of presents the evening was spent in playing games after which lunch was served. There were over fifty people present and Miss Kellner received many beautiful and useful presents, showing the esteem in which she is held in the community.

FOR SALE—One Dain Hay Baler. In good working order. Price $125.00. Apply M. C. Hammond.

LOST—Black Saddle Pony; gelding, four years old; white stockings; white stripe; small white spot on right shoulder; rounded mane; wgt. about 700; had on rope and halter when last seen. $5.00 reward for information leading to recovery.—A. Hp L. Horton, Vegreville.

Our Christmas Display

We now are unpacking our **CHRISTMAS GOODS**, among which are a large number of articles suitable for **CHRISTMAS PRESENTS.** Our Toy display this year will be "Bigger and Better Than Ever," and we cordially invite parents to bring their children in to see the good things that have arrived from Santa Claus Land.

We have recently added quite a number of new lines to our MEN'S WEAR DEPARTMENT. They are new goods, of good quality, reasonably priced. This now makes our stock of Men's Wear complete. We invite the men to come and make known their requirements. As usual our stock of LADIES' WEAR is up-to-date, smart and well selected.

In both Men's Wear and Ladies' Wear there are many things exceptionally well suited for Christmas Gifts.

Hingley & Co.

WHOLESALE MILLINERS and LADIES' WEAR SPECIALISTS

Tune In On This

When anyone tell you that our **Three Tube Tyrdeo Radio** won't handle a loud speaker and give you volume on American stations, they are talking about something of which they know nothing. These machines give plenty of volume on the loud speaker and are very reasonable in price. **$160.00 Will Put One of Them in your home, complete with a Brandes Loud Speaker.** Then you will be able to enjoy the many concerts, speeches and market reports thah are being broadcasted from over 400 stations throughout the ecentinent.

Another interesting fact about the Tyrdeo is that out of eight machines in Manitoba that got London, England, during the tests last year, four of them were **Tyrdeo Three Tube Sets.**

So don't let anyone tell you that a **Three Tube** set won't give satisfactory results on a loud speaker.

A New Star

(SIX CYLINDER)

Some of the best engineering brains and constructive automotive ability, have been for a number of months working on the production of a NEW STAR CAR. This will be put on the market in Alberta in the spring. Advices from the factory are that in general all round excellence, it is the most mechanically perfect, smartest looking, most easily handled car yet offered to the American people. The price will be kept down to the last dollar, the object being to offer a superb car with a million dollar motor to a million people. Wait for further announcement.

M. C Hammond

Sound Judgement

Has always approved of those with dependents having adequate life insurance. But apart from the actual protection it gives, life insurance is one of the best and at the same time safest method by which a man can save his money. At this season of the year, when crop returns are coming in, it is both wise and timely to look forward to the day when the hand is not so strong on the plow and the step is less sprightly..

JAMES HANNAN NOMINATED AS LIBERAL STANDARD BEARER

Vegreville, Alta., December 11th—The liberal convention of the Vegreville Provincial Constituency, was held on Thursday last in the Dobbins hall, Vegreville with a large attendance of delegates and friends. W. A. Stewart, Mundare, occupied the chair and among others on the platform were, Hon. C. R. Mitchell, D. Connolly of Mundare, Jim Hannan of Tofield and Joseph McCallum of Mundare. After the credentials committee had disposed of its work, nominations were in order and the following names were submitted—Joseph McCallum, Mundare, James Hannan, Tofield; A. T. Stewart, Holden; A. L. Hoet, Vegreville, W. S. Cory, Vegreville. After the first count, Hannan, Cory and Stewart withdrew, leaving the fight between McCallum and Hannan. The final count resulted in a vote of 40 for Hannan and 29 for McCallum. Hannan was thereupon declared the nominee to carry the liberal colors on the ticket. Mr. Hannan addressed the convention and thanked them for the honor he had received. C. R. Mitchell then endorsed the gathering. He urged the necessity of all to do a good canvassing Mr. Hannan also claimed for the liberal party the confidence and support of all liberals and concluded with an appeal to all for support for Mr. Hannan. Short addresses were also delivered and the young liberals of Vegreville wound up the session with a dance.

Mr. Hannan is very well known here. He was born in Barnet County, and attended public school. After leaving public school, he took a business college and entered the mercantile business in a town in the village nine miles inland from Park Hill, Ontario. He conducted this until 1905, when he came west and settled in Tofield, having resided here since, with the exception of nine months spent in Viking. In 1913 he built the Royal Alexandra Hotel which is generally conceded to be the best hotel between Edmonton and Vegreville. His other businesses are farming and banking.

ALBERTA REFINERIES BUSY AT LLOYDMINSTER

On Saturday last a number of oil men and their holders of the Alberta Refineries were guests to a luncheon at the Royal Alexandra Hotel Mr. Anderson, the Mr. Mercer, president and secretary of the company, respectively, were present and addressed the gathering on the possibilities of Alberta Refinery shares as an investment.

Mr. Mercer in addressing the gathering, congratulated the host, Mr. Hannan, on providing such an excellent repast. He was pleased with the opportunity of the luncheon being a pleasant way of getting share holders and oil men together, as they wanted to explain what they were going to do. They want to co-operate with the people who are going to use their oil, and to this end, desire to sell shares to tractor owners and oil users. Refining oil was growing to-day a big business and a cash business. Mr. Anderson spoke at some length, explaining by figures on a blackboard, the possible profits to be derived from the refining and selling of oil and gasoline. The consumption of oil and gasoline was increasing by leaps and bounds and the only way to keep the price of these products down to where they ought to be, is to have a refinery here owned by oil and gas users.

Mr. Trent moved a vote of thanks to the Alberta Refineries for the luncheon and addresses, which was seconded and accorded hearty applause.

DON'T FORGET that we stock a line of radio supplies and that we will offer some special bargains in these starting December 19th and ending December 31st, 1925.

Personal

Mr. Pearce, son and daughter and Miss Moen attended the ladies curling club dance.

Milton O'Brien and Alfred Galland of Ryley attended the dance last Friday.

Miss Bertha Lee, spent the week end in Edmonton, visiting her sister Lillian, at the Alberta College.

Miss Clement and Miss Corbett spent the week end in the capital city.

Gerald Healer returned home on Monday morning from an Edmonton hospital.

Mrs. McCarthey who recently underwent an operation in the Edmonton hospital returned home on Monday

Mr. Lawson of Camrose assisted the local orchestra by playing the drums for the ladies' curling club dance.

The Tofield Team welcomed four new members into the club by the Turn initiation ceremony. Mr. A. B. Everson as emcee; members, Percy Owens, Herbert Martin and Reginald McCarthey.

Mr and Mrs. W. Somers were visitors to Tofield last Friday

Miss Dorothy May spent the week end at home.

Robert Carlisle returned home on Friday from his school near Wetaskiwin, who is again playing for the Holden Co-op. ver.

Mr. and Mrs. Abbott re., left for the United States on Tuesday morning

Mr and Mrs. Carr and family of New Norway visited over the week end at the Abbott home.

Miss Clara Abbott was unable to teach at her school for the last few days owing to sickness.

TOWN COUNCIL MEETING

A regular meeting of the Town Council was held on Monday evening, December 14th, at which there were present, Mayor McCauley, Councillors Hay, Chapman, Swift, McMullen and Brace.

A by-law to govern the driving speed and parking of automobiles was finally approved and passed. The by-law makes it compulsory to park cars in the centre of main street, so they are to be parked either on the sides or ends. It also provides that the speed limit in town shall be nine miles per hour and not more than ten miles per hour at intersections.

Riding of bicycles on the sidewalks and the driving of horses or any vehicle over a sidewalk except at a regular crossing is forbidden.

The secretary was instructed to secure containers for the department of health for the purpose of sending flies or bugs for analysis.

A number of small accounts were paid.

Saturday, February 13th, 1926 was set as the date for the tax sale of lands forfeiting to the town in December 1925.

FUNERAL OF THE LATE MRS. HOGERS

The funeral service of the late Mrs. Josephine Rogers, was held on Friday afternoon, December 11th, 1925, from the United Church.

At 1:30 p.m. a brief service was held for the family at the residence after which the cortege moved to the church where the public service was held. The seating capacity of the building was overtaxed, many of the sympathizing friends being unable to find a place in the church.

Rev. Geo. Watt, pastor of the church, conducted the service, taking as a scripture text, II. Peter, 1:14, "Shortly I must put off this my tabernacle." After touching briefly upon a few of the thoughts implied in the metaphor, Mr. Watt paid a very touching tribute to the life of peaceful godliness, of bright christian service and of wonderfully brave endurance of the one whose sudden passing had plunged the whole community into mourning. The floral offerings were many and beautiful, bearing silent testimony to the love and esteem in which the name of Mrs. Rogers shall ever be held by all who knew her. The sympathy of the whole community is with Mr. Rogers and family.

NEWS OF OUR NEIGHBORS

KETCHAMOOT

Mr. Clifford Lee and pupils are busy on their Christmas concert, which will be held next Wednesday evening, December 23rd at the school house.

The store at the siding opened for business on Monday under the management of Mr. Jos Hanichuk. There are rumors of a barber shop and a pool will be put down soon.

A carload of mixed stock was loaded at the siding on Tuesday, to be shipped to the cattle pool in Edmonton.

Mrs. Sheppard of Edmonton visited a few days with her daughter, Mrs. Chas. Wallace before her departure for Vancouver on Monday, where she will spend the winter.

Mr. Herold Currie packed turkeys for Mrs. Carlisle, last Wednesday.

Mr and Mrs Geo Lawson and family and Mrs. C. A. Ingram enjoyed the "Ten Dads" radio concert from Edmonton at the Sears home last Wednesday night.

The Wm. Lee family has joined the radio fans. Maurice McGinnis assisted in installing a five tube radio.

Leslie Coombes made a trip down to Ponoka and around to see his uncle Mrs. Archie Brown, at Bawlf last week.

Mr. and Mrs. J. H. Ingram spent last Wednesday at the W. A. Mitchell home, they were entertained by the radio.

Mr. L. Robinson spent the week end with her parents, Mr. and Mrs. W. Noble of Lamoken.

Mrs. Gladwin and son, returned to their home in Vancouver last Thursday after spending several months with their daughter, Mrs. Paul McMullen.

Messrs. Shultz, J. H. Ingram, O Barnes and W. A. Mitchell loaded three cars of grain at the siding last week at the siding.

Norm Whillans and Ned Whillans returned home from Edmonton last Wednesday.

BARBO

Bellamy school, Miss C. Bowden, teacher, will have their Christmas programme on Friday evening, December 18th. Grand Forks, Monday evening the Ist. Barbo, Wednesday evening the 23rd. The Shaw school, Miss Myrtle Rude, teacher, will have their programme on Tuesday evening the 22nd. There will be services in the Lutheran church at 11:00 o'clock on Christmas day, a part of the Christmas exercises will be given. Date of programme not decided upon.

Born.—To Mr. and Mrs. J. A. Jacobson, on Sunday, December 13th, a daughter.

Mrs. Grey is caring for Mrs. Jacobson and baby.

Miss Mable Moen, a trained nurse from U.S. is here visiting her father. Fortunately for Mr. Joe Bauffer, she was within riding distance on Saturday when little evelyn was taken ill with convulsions, and very ably rendered first aid, until a doctor arrived. The baby is getting along fine.

Mrs. Joe Bauffer was on the sick list last week.

The Mercral Plesnik and A. Hanichuk families were Tuesday guests in the John Yeder home, also Miss Elsie Jensen.

The Dave Bath family left on Tuesday, for Nebraska, U.S.A., where they have gone for a visit.

Mr. Hershfelder and son John, Clifford Spitzman and George Kauffman, have returned from their hunting trip. They brought back three moose, two bears and other game.

The skating rink will be opened as soon as the weather becomes cold enough. Mr. Kendall and Son are doing all in their power to give satisfaction, and the chances of their doing so will be increased according to the response the ball of tirhe's receive.

KINGMAN

Mr. Orel Croisen returned home from Grande Prairie last week.

Mr. Jim Hannan of Tofield shipped a car load of hogs from this point on Tuesday.

The Kingman school will hold a Christmas concert in the Kingman hall on Tuesday, December 22nd, dialogues, drills, recitations, etc., will be given. Everybody come and have a good time.

Mrs. P. Sedunsky and children are visiting relatives in Leduc for a few days.

Mr. and Mrs. Ray Melvin and family, Mr. and Mrs. P. Erickson and family, Mr. and Mrs. Jack Howard and family, Mr. and Mrs. Carl Fraystead and family, Mr. Lance Croisen, Mr. Eddie Strand, Mr. Ford, and Mr. C. Cameron were the guests of Mr. and Mrs. Ed. Johnson on Sunday.

Mr. and Mrs. Jacob Benson and family were visitors at the home of Mr. and Mrs. S. Erickson on Monday evening.

Mr. Jens Agre of Camrose has been contracting for a few days at the local yard.

Mr. and Mrs. D. P. Thomas, Mr. H. S. Hardy, and Mr. Wm. McIntosh were Edmonton visitors over the week end.

Mr. and Mrs. Lars Larson of Camrose were the guests of Mr. and Mrs. Geo. Webers on Sunday.

ANNS CREEK

After the Indian Summer winter is here again with a nice blanket of snow, but we do not mind that now, it being so near to Christmas.

Mrs. Werling, who has been sick for some time left for an Edmonton hospital on Friday of last week. She was operated on on Monday morning, and the last news we heard was that her condition was critical.

Mrs. R. O. Berg was in Edmonton for a few visitors one week, having electric treatments for her head, she returned home on Sunday morning.

L. A. Moen shipped a rebel of hogs from Ryley on Tuesday.

The I. C. Olson family visited with the J. Blackburn family in Lavoy over the week end.

A. Erickson and O. Kjering took in the Liberal convention in Vegreville last week.

Mrs. O. Berg from Leduc and her brothers and Carrie Eggen were guests at the Anneke home on Sunday last.

Ole Sand has been doing house corrector work at C. Kjering's lately.

Mr. and Mrs. Jacobson and their guest Mrs. Berlet, from Youngstown, were visitors at the E. A. Moen and A. Pasterson homes on Thursday of last week.

We hear that a baby brother arrived at the Jacobson home on Sunday morning. Hearty congratulations.

Christmas is drawing near so we take this opportunity to remind you and staff of the Tofield Mercury the happiest Christmas they ever had.

CURLERS DANCE GREAT SUCCESS

The dance that was arranged by the ladies' curling club last Friday evening was greatly enjoyed by all those who attended. The hall was prettily decorated, and the music by the local orchestra pleased the crowd immensely. Supper was served to the guests by the ladies and the whole affair was one great social triumph.

The Tennis Club held their annual whist evening at the Rexall Rooms on Monday, but though the games were very crowded, there were enough on hand to make the evening quite a pleasant and profitable one for the party. Those at present unable a day bridge whist need not be timid for of course the game to them. This will be no more bridge evenings until after the holidays.

The junior C.G.I.T. girls' social held on Saturday last was a great success.

WORLD HAPPENINGS BRIEFLY TOLD

C. N. R. Earnings

Show More Prosperous Than It Has Ever Been Says Sir Henry Thornton

The Canadian National Railways are now in more prosperous condition than it has ever been, said Sir Henry Thornton, after speaking over the radio in Montreal.

He predicted that the first earnings for this year, given good weather conditions, will be over $40,000,000. The bulk of the increase in earnings was due to lower operating costs, brought about by improved efficiency in management, and the increased demand for the services by the customers.

I am sure I feel that the whole hearted support of the citizens of Canada is behind the Canadian National Railway and behind the men who have provided many able and invaluable assistance in this great undertaking.

Another Innovation For Turkey

Modern Motor Hearse Has Been Introduced in Constantinople

The Westminster Bank of Turkey has ordered steel furniture from the Tottenham Court Road firm of Messrs. Hobbs, Hall & Co., Ltd., of Wood Green, London, N. 22. The order is valued at £2,000.

W. Worton, Publisher

Thursday, December 17th, 1925

THE NEW LOCAL ORCHESTRA

THE NEW local orchestra which made its second public appearance on Friday night last, is from all accounts a winner. One devotee of the terpsichorean art told us the next day that it was the best local orchestra that had appeared in the past sixteen years. We are unable to better that compliment. The subject of a local orchestra for Tofield is or has been an almost perpetual one. Time and time again local bodies have arranged for dances with the idea in mind of making a few dollars for their club or association, only to have to pay out the lion's share to an imported orchestra. Neither was the orchestra overcharging. Travelling to and fro costs money and there is considerable loss of time which is avoided when players are right on the ground. Tofield dancers, too, are prone to be critical, which make the triumph of the new local orchestra all the more noteworthy. Remember the Vancouver eight piece orchestra, and the accordeon music? Dance orchestras like churches are successful only to the degree to which they are supported. The best way to keep them is to use them.

A NEW INDUSTRY FOR ALBERTA

IT IS not the intention of the Mercury to recommend any stock selling scheme—we havn't the technical knowledge even if we had the desire. The buying or selling of stock is a matter of individual consideration and there are a hundred and one things to consider before the purchase is made. Some shares are winners and others are not.

Representatives of the Alberta Refinery were at Tofield on Saturday and entertained to luncheon a number of share owners and tractor owners. The mission was a stock selling one and the luncheon a pleasant way of getting a number of people together.

The significant feature to us is that the opportunity of buying stock in an Edmonton refinery is here at all. The oil business is something that "big interests" are supposed to control and independent refineries are not numerous. The profits are supposed to be substantial, the big fellows see that, and [illegible] investment with the opportunity of big returns it appears to be as good as any, though its ultimate success rests on the favor its product finds with the consumer.

For years this province has been calling for industries, there are already a number and when the Alberta Refineries get going early in the year, another one will have been taken in the industrial life of the province.

CONGRATULATIONS

UP TO the present it has not been the Mercury's privilege to congratulate a Tofield man upon receiving nomination for parliamentary honors, and we do so now with pleasure. In our time at Tofield, candidates have always been residents of outside points and while of course they were none the less useful to Tofield because of that, there is a certain pleasure in having the candidate a resident of the home town. It is not necessary for us to say anything regarding Mr. Hannan. Jim can speak for himself better than we can speak for him, but we take this opportunity of congratulating him upon receiving the nomination.

Get An Atwater-Kent Radio for Christmas

It is a pleasure to own a Radio Set at all times of the year, even in summer time, nearby stations can be heard with pleasure, but the Christmas season is the one season of all the year that the radio is most enjoyed. At this season the programs that can be listened to and enjoyed are legion. Christmas Cantatas, Anthems and Choruses from the greatest and smallest churches in the land may be received. Famous orchestras playing superb music. Bands with stirring melodies. These and all other broadcasting features such as market reports, sport, election results, news of the day, all are an almost continual source of pleasure, entertainment and instruction.

An Atwater-Kent Radio

will bring all this to your home. There is no better Christmas Gift the family can have than a really good radio set. The Dad of a family is making no mistake if he buys an **ATWATER KENT** radio set, or the rest of the family can club together and buy one for Dad. No matter who buys it, or for whom, EVERYONE IN THE FAMILY WILL BE IMMENSELY PLEASED with it. Not only for Xmas day, but every day of the year.

An ATWATER-KENT radio set makes an excellent addition to any home, no matter how humble or elegant.

Of the set itself, we are not making extravagant claims. In results, workmanship, materials and finish it is the equal of any and better than some. All things considered we believe it to be the best radio value on the market to-day. This is the reason we bought it for ourselves first and then offered it to you.

The Tofield Garage

STONE BROS.

Chickens

WE ARE STILL IN THE MARKET TO BUY YOUR CHICKENS. ANY QUANTITY OVER A CRATE.

CHICKENS, WEIGHED, GRADED, AND PAID FOR AT CREAMERY.

HIGHEST MARKET PRICE

THE TOFIELD CREAMERY

Christmas Turkey

The Christmas Turkey is as dear to the hearts of grown-ups as Santa Claus is to little children. For our customers who do not raise birds of their own, we have bought some fine birds. Remembering that different families have different requirements, we have all ready for delivery, birds of different weights. Let us know your requirements as early as possible. Other fowl in stock.

Robson's Meat Market

Chistmas Gifts

Here you will find something for **Mother, Dad, Son or Daughter, "Him" "Her"** or the children. From the **"The Gift Supreme, A Diamond Ring,"** down to a doll for the little tots—they are here for your inspection. Prices too, are reasonable. Be sure and see our selection.

Wong Jewelry Co.

WATCHES — CLOCKS — JEWELRY — DIAMONDS—TOYS—ETC. ETC.

Winter's Stormy Blasts

May howl outside the home, but they mean little to those in the well constructed residence. Storm doors and windows keep out the cold and lowers the fuel expense bill. Those who use storm windows regularly, need no convincing of their value, and we suggest that the non user consult the user. We have a good line of storm doors and windows at fair prices.

W. W. NORTH & CO., LTD

W. B. FORD, Mgr.

Act Now!

The special price of **$38.50 for a High Grade Tailor Made Suit, with two pairs of pants, made from Genuine English Blue Serge,** still holds good. This is the greatest suit value that has ever been offered in Tofield. It is not a sale, there is nothing shopworn or second grade about the offer. You get a high grade suit of clothes, made to your measure, at a price much below that usually asked.

London Office Cares For Canadian Veterans

Edwin Perrodo Employed on Dominion High Commissioner's Staff

Lieutenant Edwin Perrodo, of Medicine Hat, who returned per Empress of Canada, has been appointed to the staff of the High Commissioner's office in London. A statement from that office reads:

"The general public hears very little of the work in the high commissioner's office carried on under the direction of Major C. G. Arthur, the Canadian department of soldiers' civil re-establishment, per the boat today there were 14 persons, besides Major Arthur and his assistant, E. R. Peacock, who left a month or more ago, they did five years ago. Last month two persons changes were sent on their way to Canada, and the month just ended has proportions for one or two more. Each of these persons is dealt with all cases of orthopaedic appliances, artificial limbs, the Ontario Military Hospitals Commission, the Invalided Soldiers' Commission, the Board of Pensions Commissioners, the Soldiers' Aid Commission, the Canadian Pacific Railway, the Canadian Northern Railway, the Grand Trunk Railway, the Canadian Government Railways, the Canadian Pacific Steamships, the Canadian Northern Steamships, the Canadian Government Merchant Marine, the Canadian Pacific Express Company, the Canadian Northern Express Company, the Canadian Government Express Company, the Canadian Pacific Telegraphs, the Canadian Northern Telegraphs, the Canadian Government Telegraphs, the Canadian Pacific Telephones, the Canadian Northern Telephones, the Canadian Government Telephones, the Canadian Pacific Hotels, the Canadian Northern Hotels, the Canadian Government Hotels, the Canadian Pacific Steamships, the Canadian Northern Steamships, the Canadian Government Merchant Marine, the Canadian Pacific Express Company, the Canadian Northern Express Company, the Canadian Government Express Company, the Canadian Pacific Telegraphs, the Canadian Northern Telegraphs, the Canadian Government Telegraphs, the Canadian Pacific Telephones, the Canadian Northern Telephones, the Canadian Government Telephones, the Canadian Pacific Hotels, the Canadian Northern Hotels, the Canadian Government Hotels.

Have Reached Accord On Arms Conference

Division Between England and France Has Been Adjusted

London, September 1.—England and France reached an accord concerning armaments at the Paris conference, it was learned today.

After a secret meeting of the Council of National Defence, M. Paul Doumer, president of the French Senate, and Premier Briand of France, conferred with Premier Lloyd George and Andrew Bonar Law, chancellor of the exchequer, at the British premier's country residence, Chequers Court, near Wendover, Buckinghamshire.

The conference lasted from 3 o'clock in the afternoon until late in the evening. It was attended by Lord Curzon, foreign secretary; Sir Maurice Hankey, secretary of the cabinet; Sir Philip Sassoon, parliamentary secretary to the treasury, and Sir Edward Grigg, private secretary to Premier Lloyd George.

Following the conference, Premier Briand left for Paris, and Premier Lloyd George and Bonar Law motored to London.

LEAGUE IS ASKED TO STOP WAR OF FRENCH IN SYRIA

Ratifies Boundary Pact

Ulster Parliament Approves the Irish Boundary Agreement

Belfast, The Ulster Parliament's approval of the Irish boundary agreement, after which Sir James Craig declared that he confidently believed that the Irish problem was settled, was voiced in the House of Commons today by Premier Lloyd George, who said Ireland was the only question left unsettled.

The premier also announced the end of the London negotiations over Irish problems, declaring political prisoners had been released. The Dublin prime minister Mr. Lloyd George said, he would be pleased to meet Sir James Craig and the Ulster premier to discuss matters of mutual interest.

The Ulster premier replied that he agreed that the cause of prisoners complained of in the matter of release during the period of the discussions should be reviewed by the Irish Government, and that the decision in such case would be reported by the Ulster Government.

To Be More Dignified

United Church of Canada Frowns On Lurid Advertising

Montreal (Special)—A notice, issued by the publication committee of the United Church of Canada, cautioning the ministry against the use of lurid advertising in connection with the publication of the League of Nations addresses, is regarded in some quarters as a step in the right direction.

The notice, which is addressed to the ministry, reads as follows:

"The publication committee has noticed with regret that in some instances in connection with the publication of the League of Nations addresses, the ministry has been advertised in a manner which is not in keeping with the dignity of the church. We would suggest that in future all such advertising be avoided."

Saskatchewan Legislature

Four Bills Are Given The First Reading In The House

Regina, Sept. 1.—Four bills were introduced in the Saskatchewan legislature today as the house met for the first time since the summer recess. The bills were introduced by Premier Martin, Attorney-General Gordon, Provincial Secretary Mackenzie and Minister of Agriculture Motherwell.

The premier's bill provides for the appointment of a commissioner to investigate the affairs of the Saskatchewan Co-operative Elevator Company, Limited, and the Saskatchewan Co-operative Creameries, Limited, and to report to the government. The bill also provides that the commissioner shall have the power to examine witnesses under oath.

The attorney-general's bill provides for the appointment of a commissioner to investigate the affairs of the Saskatchewan Co-operative Elevator Company, Limited, and the Saskatchewan Co-operative Creameries, Limited, and to report to the government. The bill also provides that the commissioner shall have the power to examine witnesses under oath.

The provincial secretary's bill provides for the appointment of a commissioner to investigate the affairs of the Saskatchewan Co-operative Elevator Company, Limited, and the Saskatchewan Co-operative Creameries, Limited, and to report to the government. The bill also provides that the commissioner shall have the power to examine witnesses under oath.

The minister of agriculture's bill provides for the appointment of a commissioner to investigate the affairs of the Saskatchewan Co-operative Elevator Company, Limited, and the Saskatchewan Co-operative Creameries, Limited, and to report to the government. The bill also provides that the commissioner shall have the power to examine witnesses under oath.

Clean Up Sale of Ladies Coats and Dresses

Our Ready-to-Wear Department has for some time been operated at a loss. We have determined to dispose of the ENTIRE STOCK and take our loss, quickly. If drastic price reductions will move these garments off our racks, we should not have a garment left on Christmas Eve.

These garments were not purchased for sale purposes, but are our regular stock, the product of the most prominent Eastern manufacturers and practically all of them have only been in stock during the last few weeks. We are prepared to lose a considerable percentage of our investment to insure quick action. It will pay you to buy next year's garments now.

Sound Judgement

Has always approved of those with dependents having adequate life insurance. But apart from the actual protection it gives, life insurance is one of the best and at the same time safest method by which a man can save his money. At this season of the year, when crop returns are coming in, it is both wise and timely to look forward to the day when the hand is not so strong on the plow and the step is less sprightly.

The Christmas Spirit

THE FOURTH PASSER-BY

This is how a Japanese boy told the story of the Good Samaritan at a Y.M.C.A. conference of boys from 19 countries, held in Switzerland in November.

A MAN walked across a field and fell into a deep well. Soon after, another man, keen-faced and deep in thought, passed nigh. The drowning man cried for help, and the answer came: "You should have known these obstacles and dangers. It is your own fault that ill befalls you. I am sorry." The man passed by. He was Socrates.

Another man, wise looking and thoughtful passed by. Again the drowning man cried for help. The answer came: "You should have known these obstacles and dangers. It is your own fault that ill befalls you. I am sorry." The man passed by. He was Confucius.

A third man passed by, benign and benevolent of countenance. Again the cry from the drowning man came, for he was in dire peril. And again the answer came: "You should have known; it is your own fault. I am sorry." But he did not pass by; he sat down near the well in sympathy. He was Buridha.

A fourth man passed, gentle of appearance and of a heavenly mien. Almost dead by now, the drowning man cried out, and the Stranger, running to him, helped him out of the well. Taking off His own clothes He gave them to the man and put on his wet ones. He was Jesus.

The Children's Newspaper

HOCKEY

The Tofield senior hockey team opened the hockey season at Vegreville last week, when they met up with the team of that town. The score was 1-0.

On Monday night at Tofield, the same two teams met again and again the score was a tie, being 2-2. The Monday night game was amateur hockey with a capital A. There was little co-operation between the players of both teams. There was plenty of skating, some good stickhandling and shooting, but there were numerous times, when a carefully timed pass would have meant victory to the boys team.

The game ceased before full time owing to a dispute over Tofield's second goal. The Vegreville players claiming it was an offside goal, and refusing to play further.

Jack Agnew was the referee.

BIG CROWD AT CHRISTMAS TREE ENTERTAINMENT

A very large crowd was present at the Christmas Tree entertainment held at the Variety Theatre on Tuesday night. The programme was one of the best, if not the best, ever presented to a Tofield Christmas audience and was replete with songs, recitations, dialogues and plays. Everything was put on splendidly and with despatch. Old Santa made his long awaited appearance and distributed candy, etc., among the little ones. Those responsible for the evenings entertainment and all those who took part deserve great credit for their work.

NOTICE

Readers, Correspondents and Advertisers, please notice that there will be no issue of The Mercury for December 31st. Next publishing day will be WEDNESDAY, January 6th.
The Mercury Office will be closed from Christmas Eve to New Year to enable the editor to enjoy a brief rest.

PERSONAL

A U. F. A. meeting will be held at the Town Hall on Saturday, December 26th at 2.30 o'clock. The subject to be discussed will be rural credits. Mr. Elgie Seale will read a paper on this subject, which will be followed by a general discussion. Mr. Meadows will lead the discussion. All members and farmers are urged to attend. A U.F.W.A. meeting will be held on Saturday, December 26th at 2.30 in the rural municipal hall. A spondid programme is intended to all farm women to attend and borrow members of their own organization.

Mr. R. Wilson, H. Wood, and Lorne Harison returned from Edmonton on Sunday evening.

Hildreth Lowis returned from Edmonton on Saturday morning.

Glenn Wood returned after spending a few days in the city, on Tuesday morning.

The community auction sale which was held in Tofield on Saturday last, was well attended. Bidding was brisk and prices were good. Another community sale is announced for early in January.

Miss Lillian Lee and Dorothy Hay are home from college for the Christmas holidays.

Mr. Evenson, Bert Wallis, Bill Fraser, Mrs. and Miss Chesterman and Mrs. Foley attended a dance at Ryley on Friday night.

The shoeing was opened to the general public on Wednesday night. A large crowd was on hand to enjoy the good cheer of Ice Mr. Kendall and Son has laid.

Mr. Hansen journeyed to Edmonton by car last week.

Mr. McLaughlin and family journeyed to Edmonton last week by car.

Mrs. and Annie Swift spent the week end in Edmonton.

Mrs. Burnett, Rita and Lee were visitors to the capital city over the week end.

M. M. Mackinbourg, who has visited Tofield for some number of years as an optical specialist, is leaving for the States where he will spend the rollidays. He is also contemplating taking a trip around the world.

LINDBROOK

A Merrie Xmas to Everybody from the Lindbrook district and may it be the best yet.

Mr. Al Williams is loading a car of grain at the siding here.

Tech country side around here has assumed a real Christmas appearance. The trees being covered with white frost and cold, but in appearance.)

Mr. J. Hooper paid a visit to Edmonton this week, partly business and partly pleasure.

Mr. Bert Winbley went to hospital in Edmonton last week to undergo a slight operation on his ankles. We guess Bert didn't think it slight, however.

Miss Dolly Wenkler is in hospital at Edmonton, we hope that she will be well enough to spend Xmas at home.

Miss A. D. Hooper and Miss E. G. Cole also paid a visit to Edmonton.

Last Friday evening a dance was given by Mr. and Mrs. McLean of Lindbrook. Mr. Roy Fees assisted by other "artistes" supplied the music and all voted it A-1.

Why all these visits to Edmonton? Are they all to interview Santa, those mysterious whisperings, etc.

Mr. and Mrs. W. Glenn motored up to the city and on their way back had to back the snow storm, still they came through smiling.

One worthy resident nearly put himself out of the game for the Xmas festivities, especially the nuts. This near catastrophe consisted of nearly cracking his teeth, but we hear that the "fresh repair gang" will have same in working order in time for Xmas.

Quite a lot of turkeys have met their fate as usual in this district this year, in fact, more than in previous years.

NEWS OF OUR NEIGHBORS

KETCHAMOOT

Real Christmas spirit and weather abounded over the land. We feel we have a great deal to be thankful for during the past year, in fact it has been one of the most prosperous, if not the most prosperous in our time, so we wish our editor and all readers of the Mercury a Merry Christmas and another happy and prosperous New Year.

Mr. and Mrs. Percy Sutton, Chesley Woodman and Agnes Mitchell motored to Edmonton on Monday.

Mr. A. McMullen left on Wednesday morning for Calgary to spend Christmas with his daughter Mrs. Graves and family.

Mr. and Mrs. Frank Shlopps were visitors to the city last Thursday.

Mr. and Mrs. A. McKellan, Mr. and Mrs. C. A. Ingram, Mr. and Mrs. G. E. Owen, Mr. Chester Coombes and children spent Wednesday evening at the Sears home.

Mr. and Mrs. Jacob Beaton and family and Miss Irene Davis of Kingman, were Sunday guests of Mr. and Mrs. G. R. Owen.

The stork left a nice Christmas gift at the Herman Lawson home on Sunday, December 20th, a little daughter. Mrs. Croy is caring for mother and babe, both are doing nicely.

Mr. and Mrs. Dave Mitchell left on Monday evening for Clyde to spend Christmas with Mrs. Mitchell's daughter of that place.

Mrs. Miller and son of North Kelsh are visiting relatives in Calgary.

Miss Mildred Lawson is staying at the home of her brother Herman.

The annual meeting of the M.A.S. was held at the home of Mrs. C. A. Ingram on Wednesday afternoon with a good attendance. The president, Mrs. Chas. Wallbanx, presided. The annual report was read by Mrs. J. McGuarie and adopted. The election of officers took place for the New year They are: president, Mrs. Chas. Wallbanx; vice-president, Mrs. J. Carbide; secretary-treasurer, Mrs. J. McIntitie. Refreshment committee, Mrs. Ge. Lawson, Mrs. C. A. Ingram and Mrs. G. W. Sears. The Board of Managers for the church are: C. A. Ingram and W. A. Mitchell. Next at the home of Mrs. Wm. Lee for the January meeting. All members please remember a delicious lunch was served at the Ingram home.

BARDO

Merry, merry Christmas, everywhere Cheerily it ringeth through the air. Christmas bells, Christmas tunes, Christmas odors on the breeze, A Merry Christmas to everyone.

Sunday evening the Lethbridge young People's Society elected new officers. President, Harold Banning; Vice-President, Geo Moss; secretary-treasurer, Berghild Postberg; programme committee, Godron Moss, Flora Bade and Edwin Stone. A new constitution which has been prepared by a committee previously appointed by the society, was accepted.

On Monday evening a large and appreciative crowd attended the programme at the Grand Forks school. Grasses are too small to accommodate the people who would like to hear the very excellent programmes that are put on by our schools much year.

The Bardo boys are full of "pep," and Mr. C. A. Ingram, Mr. and Mrs. Bounce Anderson had a sleigh.

Which they declared, "They thhought would do."

Quietly the hat was passed around, Till thirty "bucks" in the crown was found.

Lumber was bought and brought from town.

To circle all the pond around.

One hundred and fifty by sixty feet wide.

Filled the hearts of the boys with pride.

A granary from a nearby farm,
A stove within, by which to warm
And now they are ready to skate.

Mr. Ed Nostrad of Camrose is visiting Harold Reding this week.

The Jos Stauffer and John Yoder families attended the Christmas entertainment at Kingman on Tuesday evening.

Mrs. Chas. Wallbanx visited Mrs. F. E. Hills and Mrs. W. Parlow on Saturday.

Myrtle Bade closed her term of school in the school in the Shaw district with a programme on Tuesday evening. Those from here who attended were: The Bade family, Carvie Eggen, Carrie Brehan, Mrs. Alma Pinsent and Martin Hagen.

On Saturday afternoon, beginning at four o'clock there will be an entertainment by and for the Sunday school. There will be a tree and appropriate exercises.

Communication

The editor is in receipt of the following letter, which is much appreciated by him. While not intended for publication, we are sure that our readers, very many of whom know the late J. D. Wheeler, personally, will be interested in reading a touching tribute to his memory.

Chicago, December 10th, 1925

Newspaper Editor,
Tofield, Alberta, Canada.

Dear Sir:

While I do not have the pleasure of your address personally, and do not know you the exact name of your paper, a little clipping from your paper bearing the date of Nov. 27th, headed "Lest We Forget" has been brought to my attention, and as this refers in a very beautiful way to the memory of my youngest brother, Jay Fee Wheeler, I am writing to express my grateful appreciation.

Our friends and acquaintances drop out of life's struggle so suddenly and so silently in many cases that I often find myself quoting those lines from Gray's Elegy:

"One more I missed him from his customed hill,
Along the heath and near his favorite tree;
Another morn" nor yet beside the rill,
Nor up the lawn, nor at the wood was he."

It seems to me that the following lines apply with equal force to the memory of such a character as my brother was.

"Often and often I think of you,
Think of the things you used to do,
Think of the things you used to say,
Think of each happy by-gone day,
Sometimes I sigh, and sometimes I smile,
But I prize each oldest, golden while."

Thanking you again and wishing you the compliments of the season, I am

Very sincerely yours,
W. R. WHEELER.

WORLD HAPPENINGS BRIEFLY TOLD

Wilhelmina Drucker, known as Hollland's first suffragist, is dead, aged seventy-eight.

Sixty-eight thousand dollars worth of Chinese curios were shipped from Quebec to United States points this season.

Kenneth B. Palmer, of Smithville, graduate of Mount Allison University, at which he collects Dr. J. M. Palmer, is principal, is Rhodes Scholar for New Brunswick this year.

The London Daily Mail says that while Raimond de Valera was stopping at a hotel in Sligo, Ireland, detectives entered his room, searched his clothes but still established his identity.

Kidnaping, of paper from New Brunswick to the United States during the last two months amounted to 1,500,000 feet, according to figures published.

Reports from Ontario state that the Standard Oil Company of New York has applied for a crown lease on an extensive area near Cheetham, in Cochrane District, according to build tanks and other establishments.

In future all those guilty of indecent and libelous acts whether in the city of Montreal will be punished with the lash as well as a prison sentence, declared Chief Judge Decarie in the Court of Sessions.

Residents of Berlin Germany, declared to Pittsburg just recently. This was the first attempt to re-broadcast American wireless efficiency by way of Pittsburg, England, on a wave length of 1,600 metres.

It cost the provincial government $156,713 on first street fires in British Columbia this year, according to official figures received by Chief Forester F. C. Cantrell. This is by far the largest amount ever expended by the government on this account.

The Star's Dublin correspondent says the Irish Free State Air Force contemplates a flight to the United States about next April. A couple of with two officers will start from Cranmore Bay, Galway and the destination of the flight will be New York.

Speeding automobiles in Montreal paid $12,811.91 for the pleasure of "shot little birds" between August 1 and December 1. "Blind pig" operators, seeking to escape the fifty of one-thirty conviction and subsequent fine, pleaded guilty to "shooting" birds, which, in addition to the $12,811.25 to provincial revenue in the same period.

World's Jewish Population

Statistics Show Over Fourteen Million Widely in Europe

The Jewish population of the entire world is now placed at 14,163,242, according to statistics compiled in Jewish circles at Geneva.

This constitutes about 1 per cent. of the entire population of the world.

In the rural Jewish population 9,222,176 Jewish Europe.

The Jewish population of the U.S. and States is placed at 3,300,000.

Asia of the world with Jewish population a certain percentage, although small, is congenial to Palestine in the effort to establish a national Jewish home under the English mandate. It is apparent, however, that this will never embrace more than an almost insignificant percentage of the entire race.

At the time of the exhibition in 1918 the Jewish population of Palestine was estimated at 55,000. This has since increased to 125,000. Against this Jewish element the Arabs in Palestine number considerable like 645,000. The Jewish population, however, is rapidly establishing its life in all of the branches of commerce, industry, literature and finance in the little state.

Old Christmas Traditions

Considered Unlucky In England To Leave Work Unfinished

In olden times, and indeed today in many parts of the Old Country, it was and is considered unlucky to leave a job unfinished at Christmas. No matter how little of work a female effort was made to have it done before the festivities commenced. No shoe at work was begun before the end of the year that could not be finished in time.

It was a tradition closely adhered to by Scotch housewives that none of their family should wash on Christmas Day, according to build tanks and other establishments.

In future all those guilty of indecent and libelous acts whether in the city of Montreal will be punished with the lash as well as a prison sentence, declared Chief Judge Decarie in the Court of Sessions.

Residents of Berlin Germany, declared to Pittsburg just recently. This was the first attempt to re-broadcast American wireless efficiency by way of Pittsburg, England, on a wave length of 1,600 metres.

It cost the provincial government $156,713 on first street fires in British Columbia this year, according to official figures received by Chief Forester F. C. Cantrell. This is by far the largest amount ever expended by the government on this account.

Honor Chamberlain and Briand

Statesmen of England and France to Receive Nobel Peace Prizes

Nobel peace prizes are to be awarded to the two men chief credited at the Locarno security pact—Sir Austen Chamberlain, British foreign secretary, and Premier Briand of France, who was foreign minister of his country when the pact was evolved.

Chamberlain and Briand were on the spot all through the Locarno conference, and worked indefatigably in producing the treaties as well as in helping to develop the spirit necessary if the delegates that made the treaties possible. Chamberlain was at Locarno perhaps represent his eventful achievements in his long public career. He was given a most appreciative welcome back to England, and was honored with knighthood.

The Locarno pact, for their work in which the British and French statesmen are to be honored by the Nobel prize committee, is without doubt the outstanding piece of achievement of the present year. It promises much to Europe, and the nations entering into it seem to feel more buoyant and secure as a result of it.—Regina Leader-Post.

Contributes Her Share

From a young and sparsely settled country Canada contributes a fair share to the wealth of the world. She produces 80 per cent. of Ni asbestos, 42 per cent of its nickel, 32 per cent. of its pulpwood, 20 per cent. of its lumber, 20 per cent. of its lead, 20 per cent. of its cured fish, 18 per cent. of its oats, 15 per cent. of its potatoes, 11½ per cent of its wheat, 11 per cent of its barley.—Vancouver Province.

Remove Ugly Signs

A new law goes into effect in Tennessee December 14, when all signs and billboards along state highways must be removed, otherwise the high way department will work them. Tennessee has are about to see what their state looks like from the road.—Detroit Free Press.

Alcohol production from the sap of the Silpa palm in North Borneo has possibilities of supplying the empire with a motor fuel.

W. N. U. 1908

Our Best Wishes

We hope you'll have a real good time,
We hope good cheer has found you,
We hope the things you've wanted soon
Will be piled up around you.
Somehow we wouldn't like the day,
The spirit would seem unching,
If anywhere on earth a child
Should find an empty stocking.

Christmas In Mexico

Quaint Celebrations Mark Holiday and Everybody is Happy

Nowhere in the world is Christmas so quaintly celebrated as in Mexico. Anybody visiting that fascinating country during the middle of December would find the shops packed with tourists and natives buying the various attitudes, flowers, cactus, cactus, and baskets the figure in a gay costume, and bedecked with some small. There are processions in the streets, torches are carried, and everybody is happy. The streets are strewn with sapphires. The honor of the Christ Child is known as the posada or inn of the inn referred to in the Bible. Each night for nine days a number of ceremonials and processions are held, and crowds are all invited, each round, and then with a click are marched to let the people of nearby houses assembled. At last when the most fortunate finds the door open and the Christ Child, the joy breaks, and down on the floor numbers a variety of ceremonials and festivities. Then the round is begun ceremonies for so good things always about the floor.

Peculiar Christmas Custom

Blessing Apple Trees Still Done at Beskers and Devizes

With the passing of Christmastime have old customs have ceased to be observed in many parts of the world and others, peculiar customs at blessing the apple trees of Christmas is still observed in the town of Devizes, Wiltshire, England. The custom dates from the time when the Christmas Day was the first day of November the ancient calendar was 20 days in advance of the present.

Favors Ban On Submarine

Japan Along With Other Nations Would Abandon Them

The suggestion that submarines be abolished finds favor among the high naval officials and the people of Japan. The authorities point out that, while Japan would be willing to abolish submarines on condition that other nations agree to abolish them, the Japanese would prefer that they be made to apply to their navy only. The theory is that if they might become formidable powers within a decade.

In Spain every lunatic asylum is provided with a play-tree bough to bring good luck.

Reduced Ocean Rates To Canada

Lower Fares Offered as Inducement to Secure New Settlers

Details of the new assisted settlement agreement, which will offer to agriculturists and home workers from the United Kingdom transportation to distribution in Canada at a lower rate than has been known for a generation," according to the department of immigration and colonization, are made public. A comparison between the regular rates from ports in the United Kingdom with the rates available to empire settlement passengers shows remarkable reductions.

The new rates payable by the ordinary are possible through a three months' booking of the cost of transportation according to the statement.

The cost to home to:

(i) The Canadian Government.

(ii) The Canadian Pacific lines.

"Canada's share in the cost of continuous under the empire settlement scheme considerably exceeds the cost of the distribution of the immigrant but the larger part to be contributed by the Dominion under the new agreement is to expend on the after-care of the settler during the first year, which cost is shared entirely by Canada without any help from the British exchequer." it is stated.

The department of immigration and colonization has been advised that the new agreement will have the following results:

It will give an impetus to the settlement of vacant lands. While such lands will still be available to locate of land and water facilities in the Old Country, it will be possible to locate settlers on lands where they will not be isolated from neighbors.

It will bring the cost of passage to the nearest railway station to the lowest possible figure. Canada will contribute a hundred dollars each and assisting and the whole expenditure will be spread over a number of years. Canada's contributions to railway facilities will be limited to 50 per cent.

It will enable the empire settlement scheme to be put on a sounder and without heavy overhead debt to be met.

It will do away with the old method of encouraging passage home and concentrating it in the ports of Liverpool and London.

Lloyd George Leads As A "Free Citizen"

Has Accepted Freedom of 52 Cities With 10 Acres Each

Lloyd George, outside of members of the royal family, is easily the most distinguished living citizen of Great Britain; that is, he has had conferred upon him the freedom of the cities of the city," than any other subject in the realm.

If he needs to be better pleased his latter could drink a quart to two of Scotch in the middle street of Thurso and whoop it up to his heart's content and still be immune from arrest. The freedom of Thurso, it is said, confers the right to do as one pleases, so said runs a line of his address, and the police could not say "no" for that is another of the new privileges bestowed on the city's distinguished citizenship.

The Welsh premier does not yet stand intent to catch up with the job of personally accepting all the freedoms of cities conferred upon him while he was in office. He has accepted latterly, but there are more there merely yet to come. The last one was conferred at York, and one of Lloyd George's strongest admirers thinks that he and the Lloyd George household want an hour or two to "get over" the effect because of the difficulty of keeping chin-shape the many caskets and other appurtenances which go with them.

The Welsh "freedoms" are kept at Criccieth, one of his country palaces, and the Scottish "freedoms" at "Land's Home" at Hurst and in London.

Echo of the War

Krupp Factory in Germany is Stripped of Important Machinery

The Krupp factory in the Rhineland has been completely stripped of the machinery which supplied Germany with armaments during the war.

The allied military commission announced that it will resign from the Krupp factory on December 15, when the commission has been on the job since 1919. The announcement of the imminent withdrawal followed immediately upon official announcement that the Krupp factory was busy at armament machinery.

An Englishman's Tribute

A guest at a National League meeting at Cambridge said that Scots men are not stingy, when an Englishman irrelatively burst in with "No one endorse this statement. We have always noticed that when a man takes in Scotland they think nothing of standing back to give him air."—Montreal Star.

The average daily amount of rainfall in England the year round is four hours.

Manitoba's Grain Crop

Estimated to be Worth Nearly $185,000,000 to the Province

On the basis of the bureau of statistics' estimates for the grain crop in Manitoba and trading prices on the Winnipeg Grain Exchange on November 15th, Manitoba's grain crop of 1925 is worth nearly $185,000,000 to the producers. The total is made up of the following items: Wheat, $73,815,000; oats, $51,-000,000; barley, $22,515,000; rye, $1,-470,000; and flax, $3,540,000.

Pirate Took Pride of Place on Smart Frocks

The one-piece dress dominates the evening mode, and embellishments in the form of pirate buttons are much in the limelight in this touch with the nautical. The model at the left is fashioned in practical style and dressed while the model at the right is a dressy affair of rose taffeta and fabric with pirate buttons and a pirate sash. The hat is a close fitting one of black velvet while the shoes are beig and black kid. The model at the right also has a vest effect and is obtained in this model by the use of a contrasting color in satin. The discussion pertains to the silhouette. Price of this model is 15 cents. No. 1214 is in sizes 34, 36, 38, 40, 42 and 44 inches bust measure. It requires 3½ yards of 40 inch or 3 yards of 54 inch material for the medium size.

Illustrated in our new Fashion Book are numerous styles for the miss, the stout and the elderly, and economy will find her desires fulfilled in our patterns. Price of the book is 20 cents.

BAREE, SON OF KAZAN

James Oliver Curwood

A LOVE EPIC OF THE FAR NORTH

Copyright, 1917, by Grosset & Dunlap

"BAREE, SON OF KAZAN," A Vitagraph Picture. With Wolf, the War Dog. In an Adaptation of This Story

SYNOPSIS

Ma-Ka-Ga-Ma, the factor, saved Philippe Duval from the wolves of the north and, by his absence, made them fellow exiles. Baree, Philippe's son, was a cherished companion; the trapper's daughter, Nadine, was left in his charge when her father died. Philippe died desperately, in love himself when Nadine, Baree and Wolf, the war dog, were separated off and a terrible fall and death struggle followed between the factor and the man who had come into the north country to claim Nadine as his bride. Baree, Wolf and Nadine escaped to safety in the Canadian wilderness.

CHAPTER XXI.—Continued

While she saw in the Factor's face changed not at all. Only his eyes, cold as ice, seemed to grow colder and more cruel. He was standing near her in the shadow of the cabin, and she could see his hands clinched at his sides. Never before had she seen him so terrible in his passion. Even Wolf, who had been standing at her knee, had slunk away, and was crouching at the edge of the forest.

"Philippe Duval is dead," the Factor repeated. "He died in the arms of Ma-Ka-Ga-Ma, and Ma-Ka-Ga-Ma buried him. He is dead, and you are mine, Nadine. You are mine, and you shall not leave me. You are mine, and you shall not leave me. You are mine, and you shall not leave me

HOCKEY PICTORIAL BOOK OF CHAMPIONS

The editor has received a copy of the Hockey Pictorial, 1925 edition, which is now on sale at all newsstands, and wears it as ever the mostcommon and most complete publication ever produced in the world for any single sport. It is a marvel in artistry and industry of achievement. It is impossible to speak in terms of it.

The book represents years of effort, which are near the main jiggery, thus forcing the sows to walk to and fro twice a day for their food.

The lot over which the sows walk is ploughed deep in the fall to expose fresh earth of which the sows consume small amounts daily. A shed cheaply constructed from posts, discarded woven wire, and straw, or well-banked portable cabins prove to be excellent winter quarters. During extremely cold weather following a heavy snow fall there is some danger of the sows taking being frost-bitten when the pigs plunge through the snow to the feeding trough. This rarely occurs as the sows usually have a well trampled trail made to the trough.

From three to five pounds of whole oats or oat chop, fed scattered on the frozen surface or in troughs with one pound of wheat bran added, per day, makes a good grain allowance. If sows are then in flesh the grain ration might include one third barley until the condition is reached. If roots, turnips or mangels are available, five to ten pounds per head per day will be fed each. Alfalfa or clover hay is also a valuable roughage and will be readily eaten. If roots have been cut quite green, mixture rows will cut the grass feed with relish and benefit. It is difficult to lay down definite rules to meet all conditions, as the feeder must exercise judgment and feed a ration made up of a variety of feeds and feed much or little as the condition of the sows demands in order to keep them from getting over fat or yet becoming too thin. Soft coal can be fed to advantage if kept before the sows at all times. To prevent hollow pigs dissolve one ounce of potassium iodide in one gallon of water and feed one tablespoonful of the solution per sow per day for 90 days previous to farrowing.

N—O—O—T

Now that Christmas is gittin on close my family sure is awaitin on me hand an foot. The other mornin I had to build the fire and now there re-ind the former minister of education, tar find out if he took some of his answer an nph it inter his own jeans. By golly, its enough tay have to keep our governments if they run honestly, but when they start gittin crooked we are goin lavkes.

It looks ast if the Frenchmen are slowlin around France for another Napoleon to get that country out of its financial difficulties, an when I get over their debts, I think the best thing for them to do would be to appoint Ford, Rockfeller, Morgan and Vanderbilt a committee of four to fix matters up an hop on out stock on harrel.

BY HECK.

WINTER CARE OF THE PERMANENT SOW

(Experimental Farm Note)

At the Dominion Experimental Station, Lacombe the first provision made in connection with the winter management of pregnant sows is for exercise. To compel exercise the sleeping quarters are located some 200 yards from the feeding troughs which are near the main piggery,

When Dreams Come True

Bumper crops and good prices have given western farmers an opportunity to visit scenes of boyhood days. Reindeers who took up farm lands in the Canadian West are taking advantage of the good season to visit their homes for a time in Lapland but keep hidden tightly and furry. Every morning the reindeer south of Regina have a good feed of oats. They are going back after years of toil and hardship finally rewarded with substantial success. Every one of these men carry a picture of London in their hearts. Every morning on a day on board ship across the Atlantic. But most this will see also the big red night like the Piccadilly Circus, the familiar grounds, rub elbows with their countrymen in the streets and dance in the Canadian Pacific liners. Many appear the grazing and hangout of the well known Piccadilly and a corner near Mrs. Pankhurst Square.

Christmas and New Year's in London! What visions these exiled sons of England had of England at the later feast of years! And many be there! But not their homes of years. But time will bring all of course, to their respective places. Many are able to return in their adjacent counties and not a few of their relatives to make their visits. Many with interested. They are better off now for the old-fashioned Christmas and New Year's in the motherland to make this Canada the Northland and

Greeting and Appreciation

At this, the holiday season, and as the year 1925 draws to a close, we wish everybody a Merry Christmas and a Happy and Prosperous New Year.

During the year 1925, The Tofield Garage, through the medium of the press, conveyed more business messages to the public than formerly. We especially desire to thank the public for its generous response to those messages and to assure them that the work we do and the things we sell will always be done and chosen with due regard to merit and quality.

APPLICATION FOR BEER LICENSE

Government Liquor Control Act of Alberta

PUBLIC NOTICE is hereby given that the undersigned intends applying for the Alberta Liquor Control Board for a license to sell beer by the glass, or open bottle, for consumption in conformity with the provisions of the government Liquor Control Act of Alberta, and regulations made thereunder, with respect to the following premises.

Room to be erected on S.E. corner of Albert Gibson's hotel situated on lot nine, Block four, Plan 8053, Hay Lan Townsite.

Dated this 15th day of December, 1925.

ALBERT GIBSON,
Applicant

NOTICE TO CREDITORS

IN THE MATTER of the estate of Alice Vanisha Roberge, and Charles C. Roberge, late of the Post Office of Tofield, in the Province of Alberta, widow and farmer, respectively, deceased.

NOTICE is hereby given that all persons having claims upon the estate of the above named Alice Vanisha Roberge, who died on the 21st day of December, A.D., 1924, and the estate of Charles C. Roberge, who died on the thirtieth day of June, A.D. 1925, are required to file with Rufus B. Wilson and Alexander J. H. McCauley, Tofield, Alberta, the executors of the said estates, by the 15th day of January, A.D., 1926, a full statement duly verified of their claim and of any securities held by them, and that after that date, the executors will distribute the assets of the deceased among the parties entitled thereto having regard only to the claims of which notice has been so filed or which have been brought to their knowledge.

DATED this 16th day of December, A.D., 1925.

BRICE & BUCHANAN,
Solicitors for the Executors, Edmonton, Alberta.

CALENDARS

The Mercury last year accepted the agency of an eastern firm for calendars. We showed to the merchants of Tofield in January, an excellent line at prices for calendars of equal appearance, much below previously shown samples and price lists. We were able, within a very few cents, to compete with the so called half and half plan and the merchant had a larger selection to choose from. This season we will again be around in January. Our samples, which are new and up-to-date, are already on the road to us. We solicit your business soley on the basis of quality and price.

GREETING

THE EDITOR and those assisting in the production of the Mercury cordially wish all readers, correspondents and advertisers, a Very Happy Christmas and a Bright and Prosperous New Year.

CANDLES ON CHRISTMAS TREES

BY THE time this paper is published a number of Christmas Tree Concerts will already have been held. There may, however, be some still to be held, and of course, during the holiday season many joyful gatherings will take place at which the decorated fir tree, emblamatic of Christmas, will be in evidence.

It is to be hoped that the use of lighted candles on the decorated tree will be eliminated. There is no question that the decorative qualities of a tree are greatly increased by illumination, but the danger of disastrous consequences is so great as to make the use of naked flames on a Christmas tree decidedly unwise.

The inflamable nature of the decoration, the instability of the candle supports, the excitement and high spirits of the hour, all go toward making the practice a hazardous one. It is not our intention to recite appalling illustrations. A timely word to those interested in the preparation of Christmas tree entertainments and parties should suffice.

A PHASE OVERLOOKED

READERS OF the daily press cannot help but notice the trend towards a national feeling of optimisim. Among other things, a plan for the desired populating of the dominion with British stock is assuming definite shape, while immigration propaganda is being vigorously pushed in the United States. Governments and transportation companies have got together and have agreed that desirable immigrants be given passage from the British Isles to Edmonton for the sum of thirty dollars; other points pro rata. This rate is considerably less than prewar rates, the rates prevailing in 1907 being about fifty dollars. Providing settlers come gradually and not in a rush and they are really of the desireu type, this arrangement should prove of great benefit to the country and to the settler. Considerable care will have to be exercised, both as to the desirability, adaptability and numbers coming. We recognise the wonderful opportunities this country holds out to the settler with determination, courage and willingness to work, but we are also of the belief that a smooth running nation cannot be created by the expedient of transporting the largest number of immigrants in the shortest possible time. "Time and tide waits for no man," neither are they hurried, and time in the making of a nation is an important element that it is hard to find a substitute for.

The rate of thirty dollars from points in Great Britain to Edmonton is in great contrast to the rate from Edmonton to Great Britain. At present all the emphasis is placed upon getting the settler here. Apparently no consideration has been given to any plan whereby the settler can, after a few years residence get back for a few months to visit relatives and renew acquaintances. Assuming the desire for a holiday among friends back home a purely selfish one on the part of the settler, nevertheless it contains the nucleus of a profit making plan both to transportation companies and to Canada as a nation. A settler returning home to visit among his people for a month or so is one of the best advertisements a country can have. And further, the knowledge that a settler may secure transportation home after, say a period of five years, at the same rate would be a great and added inducement for Britishers to migrate

HAY LAKE SCHOOL WIN PRIZE

Considerable credit is d ouio the pupils of the Hay Lake School district for having won third prize in competition four of the campaign for the destruction of agricultural pests put on by the Provincial Government. The competition was open to any school in the province. A cheque for $10.00 was received last week.

Part of the cheque will be used for the Christmas tree and part for athletic equipment to be bought next spring. Besides the school prize a bout $20.00 was received by the boys as individual prizes.

The Old Year and the New

Canada can look back over 1925 with a considerable degree of satisfaction and upward to the new year with hope and confidence.

The old year witnessed a gradual but steady improvement in conditions throughout the Dominion, an improvement which became more pronounced towards the Western harvest. There has been an all-round betterment in business, with a marked lessening in unemployment, while prices for the primary products of the country have remained firm, thus assuming a role for the year to the producers of their labor.

The export trade of the Dominion has mounted higher and higher, bring into the country new wealth and adding the Canadian dollar to the world's money markets. The increased buying power of the people has been reflected in a speeding up of industry and in increased payrolls in many lines.

The local railway agencies, which issued a weekly report to headquarters during the months of the rush to a record of the number of cars of grain loaded and made an daily basis in the latter half of the year and at the close of 1925 are to be passed to their belongings more than a year ago.

To most new enterprises obtained during the difficult period between months in connection with many companies has been pending, resulted in greater or less extension or to municipal bodies, as well as to those engaged in mercantile, manufacturing and other financial activities in Canada and stronger than in the years.

The feeling is true, that although there must be no expectation of a phenomenal boom, there is every reason to anticipate that the year 1926 will be a most satisfactory one for the Dominion as a whole.

Canada was fortunate, too, that the harvest and the country was free from the usual calamities or epidemics. Industrial peace prevailed except in the coal mining districts, and before the year drew to a close differences even were ended, and it is confidently expected that a permanent and satisfactory settlement of long standing disputes there will be effected.

Canada's prosperity depends not only on the energy and progressiveness of her people, but on a great exporting country, upon the prices received for the products of our soil, which basis the purchasing power of the people. In the direction of reducing the cost of living, and more particularly in the matter of guaranteeing against the Great Powers, the Dominion has continued to maintain peace in the future.

At the year was standing a basis of optimism and speaking of the general outlook of the future, the trends of the great transportation systems, and of the manufacturing and wholesale and retail world. All the natural resources of the country are in a prosperous condition, and the outlook for 1926 is more than bright, promising.

With the exception of the Great War in 1914 immigration to Canada reached its height in 1913. When the war raised the barometer also toward Europe, and with no ending in the prime minister came a period of readjustment where everybody began to economize, to husband their resources, and to get back into line and deal stabilize and reconstruct a complete normal life. Immigration to Canada was also affected by the general unsettled feeling throughout the world, and the basis of having power on the part of all nations. With the coming year, however, it is confidently expected that more people will be attracted to Canada than ever before, because of the better financial and industrial conditions and settled world, and Canada compares favorably with the best countries in the world. Canada's great national asset is man power. A large population is an absolute requirement to the development of our national resources. Development of our vacant lands, the provision of markets for our railways, and the raising of our national debt. The possibilities are that 1926 will witness the beginning of a definite movement of new settlers to Canada, and also a definite movement of immigrants here and permanently settlers. They will come to stay and establish homes for themselves and their children, and will assume with much vim and responsibility the duties of citizenship. The Dominion can look to the next year to record a material growth, but we look forward to 1926 as likely to prove a still greater achievement and better times.

No Bi-Lingualism In Turkey

Return to be Freed For Speaking Any Language But Turkish

It is still just interesting in the East. In Asiatic, is adopted, and Turks speaking any language but Turkish will be fined from one to 20 dollars for each offence. The bill makes it compulsory, to speak only Turkish, but applies only to Turkish citizens.

The object is to prevent Turks of all kinds, and to distinguish them from Greeks, from conducting themselves. Some municipalities issue from the Greeks and that is actually all members of the race. In Smyrna, Western town, bodies of Greeks to the Greek quarter, and since others must be found in the Turkish quarter, they will find it difficult to do so, and since all understand, this to avoid restrictions, and it was, therefore, necessary to pass the bill.

An exodus of Methodists from Canada to the southern republic took place, about last year, also.

Became More Friendly

Relations Between France and Germany Further Helped

Further indication of the improvement in the relations between France and Germany was a request to the League of Nations that that body of conciliation between the two countries be appointed to a "neutral council for international meetings." This body is to consist of conventional representatives from the countries interested, and adequate provision for the settlement of disputes between countries.

Has Won His Promotion

Services of Vice-Admiral Sir Lionel Halsey Have Been Recognized

Vice-Admiral Sir Lionel Halsey, who has just conferred on him a Grand Cross of the Order of St. Michael and St. George, has well won promotion in an order which specially recognizes services rendered overseas. As comptroller and treasurer to the Prince of Wales for the last five years Sir Lionel has accompanied the heir-apparent many thousands of miles, over both sea and land. He cannot be considered as having made those travels, for there are other parts of the war continent of South America as does Argentina and Chile of very great importance to British trade, and especially Brazil, still to be visited. The time for another long tour by the Prince is not just yet, but it can be taken as a certainty that, if all goes well, it will come, and within the next 12 months, or two years.

Famous Waxworks For Sale

Madame Tussaud's Exhibition

The site, buildings and contents of Madame Tussaud's Waxworks Museum in Marylebone Road, London, are for sale, and it is hoped the purchasers will continue the show. Madame Tussaud, who was one of the executors in to this the Kensington underground railway to the Charing Cross.

Millers Warm Weather. Will rise the stomach and bowels of worms, or that the child will be more healthy to their vermin. The powders are sweet to the taste and no child will object to taking them. They are now in their fourth generation, and are unlike in some cases they may cause vomiting. It must not be taken as such that they are harmless, but as an indication of their efficacy when taken.

A WOMAN'S WORK IS NEVER DONE

No Wonder Health Gives Out and Nerves Become Weak and Dependent

It is literally true—especially so—that in the home that her work is never done. Day after day, week after week, month when she rises in the morning she has a long list of duties to perform before at night. The work must be done, and the woman who is lacking health is not to be wonder that she often breaks down under the strain. She becomes irritable at slight exertion, with nervous headaches, dizzy spells, Headaches and many specific troubles that make life a burden. Dodd's Kidney Pills will restore health to the sufferer. Mrs. Wm. Hall, Lake Paul, Sask., writes: "I feel it my duty to tell you what Dodd's Kidney Pills have done for me. I could do little housework. I had a bad back and kidneys, and would lose electricity all the time, even when I would sit down. I got discouraged. I did not sleep well at night, and had no appetite. My head ached as if it would split. It was at this time that I got Dodd's Kidney Pills. So I took the Williams' Pink Pills. I had taken only a couple when I could see a change. I began to eat their health and they have done me a world of good. I have had no more headaches since I was taking them, and I am glad to say that I have no reason to doubt that Dodd's Kidney Pills will make a bad kidney and strength restored and I feel like a new woman. I am glad to say that I have got three pills from your druggist or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Will Hold Joint Conference

Peace Dealing With Farm Produce Plan Marketing in Winnipeg

The latter, Premiers Bracken, Brownlee, the joint central selling organization for the sale of wheat, hog, a joint conference of all the co-operative marketing organizations in the farm products, with a representative of Australia and one or two from the United States. The object of it had been intended to bind the co-operative movement in the world and give all concerned time to avoid restrictions, and it was, therefore, necessary to pass the bill.

Will Help Fight Tuberculosis

Canadian Red Cross Donates $5,000 to Carry on Work

The central council of the Canadian Red Cross Society at Toronto voted $5,000 to the Canadian Tuberculosis Association to continue the demonstrations by Junior Red Cross. It was agreed to meet means of eradicating tuberculosis.

Following a discussion on the finances of the society, it was decided that in view of the heavy demands on the organization, during the expansion of activities for preventing national welfare, a national appeal should be made for funds.

In connection with the report of the Junior Red Cross it was agreed this branch of the organization's activity had formed a most influence into the adolescent.

The report showed a total of 3,941 members with 160,342 members.

No More Asthma. — Dr. J. D. Kellogg's Asthma Remedy sounds the death knell of the trouble. It stops the awful choking and painful paroxysms. It quickly subdues bronchial attacks and gives restored ability to sleep and rest. The whole night through. Mr. Kellogg is claimed for this remedy, but nothing but what can be demonstrated and by a trial. If you suffer from asthma try it and receive control at its great value.

Getting Under the Thames

Huge Tunnel Is Being Bored Under Bed of River

Unknown to many Londoners who pass over the bridges of the Thames on their way to work each morning, a huge tunnel is being bored under the bed of the river. In a few weeks the final drilling will have been done, and a clear way from south to north established. After that, the tunnel will have to be lined, however, and this will not be finished until next year. No fewer than 17,000 tons of cast iron will be used in the lining process. But the operations have been carried on from both sides of the river, and the greatest care and accuracy is exercised to "find up properly." The object of the excavation is to link the Kensington underground railway to the Charing Cross.

Another Famous Painting Found

Ruben's "St. Theresa" Has Been Discovered After 250 Years

A painting of the Crucifixion, said to be a Peter Paul Rubens, has been discovered by Dr. Ludwig Burchard, an art critic and an expert on the paintings of Rubens. The work was exhumed from the family vaults of the Duke of Salerno's estate from Rome, where the beatification of St. Theresa, who was the founder of the Spanish order of Carmelites, was celebrated in 1614.

At the end of the seventeenth century this painting was in the Schloss Seehaag collection in Vienna. For more than 200 years the picture was supposed to be lost, but a clever fine art dealer discovered it in a private collection which he has now named in giving an account of the discovery.

Four For Japan

Four For Saskatchewan

In the geographical section to "The World's Health," a monthly review published in Paris, France, appears a picture of the Saskatchewan Red Cross Mission exhibit, of Red Cross work to other nations, especially during the past year, of interesting considerable efforts of propaganda touring the Red Cross exhibits.

To Change Name

Citizens of North Battleford By Vote Decide to Change Name of City

At the municipal elections, citizens of North Battleford answered the by-law providing for a change in the name of the city by a majority of 208. Ballots numbered 1,246 cast, 1,038 voted on the matter and of these 569 were in favor of the change.

Some time ago a movement was set afoot here to have the name changed as it appeared to be too closely allied to Battleford. The main reason advanced was that a number of troubles rose owing mail being directed to North Battleford and should have gone to said Battleford and vice versa. A committee set to work to find the feelings of the citizens on the matter and the result was the request for the substitution of a name.

No plans have as yet been put forward for the choosing of a name.

Grow Sugar Beets

All sugar beets grown in the Brooks Alta., district during the past year have been dug out of the ground and shipped to the new sugar beet factory at that point. The factory has been located in the past two years in the Brooks district, and the company has given a decided interest and that sugar beets can be raised here at a profit.

Tradé In Silver Foxes

France Imports a Large Quantity For Breeding Purposes

One thousand, one hundred and silver foxes, representing over half a million dollars' worth, passed through Montreal recently. Many of the animals were consigned to France where they are expected to be used for breeding purposes.

To handle this large amount of and more, over 500 crates were necessary and were put in special steel cars.

One car load, containing 110 foxes, was consigned to Bologne, France, and were from Montreal.

Mennonites Disillusioned

Reported To Be Returning To Canada After Better Conditions in Mexico

A story of crop failures and consequent discontent in the settlements of Mennonites in Mexico was told in Dallas, Tex., by a family at the Canadian Pacific railroad's station, Manitoba.

They said that others had left the country before the big crop and that practically all members of the farm in Western were headed eastward to the United States when they might return to the north.

An exodus of Methodists from Canada to the southern republic took place, about last year, also.

MAY PROCEED WITH WORK ON H. B. RAILWAY

Ottawa.—Legislation to be outlined by the government for the coming session of parliament seems certain to include an announcement in regard to the Hudson's Bay Railway.

The exact terms of these new terms are considerable and the interest in and the government will probably demand much for the completion of the road and make provision for a part of the work being done in the coming year. No official announcement, however, will be made until the cause meets.

During the last election campaign the Hudson's Bay route question was a paramount issue in the prairie provinces and Mr. King laid down the principle that if the line were to be completed, no money have expense on the part of the government, but should be undertaken. The response, so far as could be ascertained at the period, was solid in Manitoba, a little uncertain in Alberta but satisfactory strong in Saskatchewan, where the Liberals were elected and two Progressives, while in Alberta, there are returns in this respect to proceed.

The removed probability is that the Hudson's Bay Railway in Saskatchewan will come into the government, it is assumed that the construction will be carried on by the railway building from points. The position is that the line both of the eastern portion, as well as the Provinces are committed to the principle of the road, and the question finished. Any material progress in this direction will be subject to the report of the engineers, which would be a matter of the water terminals, which would be a matter of considerable importance to the country.
